# The YOAKUM COUNTY REVIEW

PLAINS, YOAKUM COUNTY, TEXAS, THURSDAY, NOVEMBER 1, 1956

NUMBER 44

OUR COMMENT

Monday is the day that as an individual, are most important person in the United States. Your DOES count, and you exercise your vote right no one, but you will be to blame if you not satisfied with the ing.

PAGE 26

**QUEEN ROYALTY** — Willie Mae Addison, third from left, was crowned queen of the School Halloween Carnival last Saturday night. The other contestants for the honor, left to right: Sheila Smith, sophomore class; Darlene Snodgrass, Junior class; Willie Mae, Senior and Judy Palmer, freshman class. The carnival was held in the county barns and is an annual raising affair for the Plains students. —Review Photo

## Joint Use Pact By City, Roman Viewed Monday

Major business transacted by the city council in a called meeting Monday night was naming of a committee to work out details for a joint-use agreement between the city and Roman Telephone Co. for use of power poles.

Alderman named City Engineer Cecil Hawk, Attorney Don Hancock and representatives of the bonding company to attempt to work out a plan for pole use. Roman has a franchise that permits use of the city's alleys as does Lea County Electric Co-op. If the city power lines are installed without such an agreement it is likely that most of them will have to be placed in streets instead of alleys.

One plan introduced would provide that the city install the 35 foot power pole required and that Roman would pay the cost of 10 feet of the pole. Roman only requires a 25-foot pole.

It is expected that a report will be made sometime this weekend as to whether or not it is feasible for such an arrangement.

In other business Aldermen voted to pay \$950 of a final estimate (\$1,345) to J. H. Jost for work done installing foundations for the new water storage tank. The \$395 was withheld until the work is completed. Work still to be done includes installing a foundation to support the stand pipe from the ground to the bowl of the tank.

City Attorney Don Hancock who also practices law from an office in Denver City gave the council 15 days notice that he would leave the position here and would seek the position of city attorney in Denver City. He said that traveling to Plains was costing more than he could afford for the amount of reimbursement in the arrangement.

Mr. Hancock's home is in Hobbs and he plans to live there until his residence has been established sufficiently to get a license to practice law in New Mexico.

One of the last duties handed Mr. Hancock was that he secured right of way on the Brownfield highway from the city's main line gas substation to the city. Purpose of the line would be to provide fuel for the engines of the city's new power plant and would also loop the northwest part of town.

## Road Contract Let On Construction To County Line

A contract for the construction of grading, structures, base and surfacing on Farm-to-Market Road 301 and 1780 in Cochran, Hockley and Yoakum County was awarded in Austin this week, S. C. McCarty, District Highway Engineer at Lubbock has announced.

The firm of Bryan and Hoffman Plainview, Texas submitted the low bid of \$163,316.30 on the project which runs from present end of FM Road 1780, east 3 miles; from FM Road 301 south to Yoakum County Line; from Cochran County Line, south to FM Road 2196, a distance of 16 miles. Resident Engineer Carl R. Hart of Brownfield will be in charge of the project for the Highway Department, and it is estimated that the work will take 160 days to complete.

### BONDDS APPROVED

Attorney General John Ben Shepperd's office last week announced the approval of the \$350,000 unlimited tax bond issue for the Plains Independent School District. The bonds were voted at an election of the school district July 7 this year.

### IS SAFEST

The rural route fleet of the Louisiana-Texas postal region won driver safety recognition in the 25th Annual National Fleet Safety Contest of the National Safety Council. Plains Route Carrier T. C. Oxford, as a carrier in that region contributed to this record.

### IS SENATOR

Miss Alma Joyce Short of Post, a cousin to Virgil Short and a student of North Texas State College in Denton, has been named to the student senate at that school.

**HONOR STUDENTS** — Standing around Roy Stockstill, junior high school principal are six of his students who made all "A" grades for the first six weeks of school. The honor students, left to right, are: Kathy Bilbrey, Jean Stewart, Mary Johnson, Leta Stewart, Marsha White, and Dana Bryson. —Review Photo

## Constitutional Amendments Are Before Voters

Yoakum County voters, an estimated 1,700 strong go to the polls Tuesday to make known their choice for state and national officers, and to approve, or disapprove, eight state constitutional amendments.

High mark in the balloting will be for the office of president. The same candidates of 1952 meet again in what has been a campaign of attacks and counter-attacks. In 1952 this county gave Democratic candidate Adlai Stevenson 875 votes to 873 for Republican President Dwight Eisenhower—a two vote margin. Leading Democrats in the county predict a wide margin in favor of the Democratic ticket this year.

Texas is having its share of political side-swapping and maneuvering this year. After a heated battle earlier in the year when U. S. Senator Lyndon Johnson and U. S. House Speaker Sam Rayburn won control of the state democratic machinery from Gov Allan Shivers Democrats have been shifting allegiances and support.

Most notable of these shifts is that of former governor and U. S. Senator W. Lee O'Daniel, unsuccessful gubernatorial candidate in the first primary, who attempted to get on the general election ballot as an independent candidate. That maneuver was not allowed because he participated in the Democratic election. Now O'Daniel is waging a write-up campaign and in the last week has asked that voters cast a ballot for Republican President Eisenhower and write in his name for governor. This shift is of political importance because of O'Daniel's repeated insistence in early campaigning that he was a Democrat and had never voted any other ticket.

Successful Democratic gubernatorial candidate Price Daniel faces, not only O'Daniel, but Republican candidate William R. Bryant. It is conceded though, that Daniel will win in a shoo-in, as nomination in the primary is tantamount to election.

The Republicans in the state also have nominated Leo N. Duran to face Will Wilson for the attorney general's post; and Samuel F. Singleton to oppose John White in the agriculture commissioner's race.

There are no opponents for local Democratic nominees.

Highlight of the election year has been the nomination of Stevenson in the August Democratic convention. Stevenson's main campaign issues have been attacks on the present administration's farm policy, foreign policies and testing of the hydrogen bomb.

Eruptions in the Middle East and in Communist satellites has added fuel to Democratic attacks. Democratic National Chairman Paul Butler, in a Wednesday night debate with GOP Chairman Leonard Hall, dared the GOP campaigners to continue using the "peace" issue in view of the out-

## Shell Oil Wildcat to Explore Lower Permian

Shell Oil Company No. 18-C George Baumgart is to be a 9,000 foot wildcat to explore the lower Permian in South Yoakum County, one mile northeast of Denver City.

It is surrounded by producers in the Wasson (San Andres) field, from pay above 5,000 feet. The location is 1,650 feet from north and 2,310 feet from west lines of section 886, block D, John H. Gibson survey.

Ross Brunner and Bill Roden of Midland announced location for an 11,000-foot wildcat operation in Southeast Yoakum County.

It is No. 1 McDonald, 660 feet from north and east lines of section 686, block D, John H. Gibson survey.

Two miles north of the eastern portion of the Brahaney field of Central Yoakum County, Larjo Oil & Gas Company No. 1 Dorton, was preparing to acidize with 1,000 gallons and test the San Andres.

Possible pay section is behind perforations from 5,270 to 5,300 feet.

Previous perforations at 5,340 to 5,360 feet were squeezed off after the project had been acidized with 2,500 gallons and tested on swab.

Recovery was 20 barrels of sulphur water per hour for six hours.

Location is 660 feet from south and east lines of section 310, block D, John H. Gibson survey, four miles north of Plains.

Shell Oil Company No. 1 Goochins, Northwest Yoakum County wildcat, has been plugged and abandoned in the Devonian after developing water in the zone.

Drillstem test from 12,344 to 12,535 feet, open 80 minutes recovered 150 feet of mud and 630 feet of slightly gas-cut salt water.

Location was 670 feet from south and 1,980 feet from west lines of section 217, block D, John H. Gibson survey, 25 miles northwest of Denver City.

**REHASH GAME** — These Plains Cowboys gathered Sunday at one of the local cafes to replay some of the crucial points in the O'Donnell-Plains game Friday night. A 51-0 win over the Eagles didn't make the group unhappy. From left to right, they are: Ross Stotts, Gerald Kennedy, in front Jackie Bass and Harold Smith (seated on car fender). —Review Photo

## Cowboys Wallop O'Donnell 51-0; Face Seagraves On Local Gridiron

The Cowboys shot the joint up in O'Donnell, Friday night tasting sweet victory on the comeback trail after an unkind defeat at the hands of Frenship two weeks ago. The Plains troop scored in every quarter amassing 51 points and not allowing Coach Joe Palmer's Eagles a single marker.

Very near the opening whistle Quarterback Harold Smith marched across the goal line from four yards out to set the stage for an exciting game as Plains fans have seen. In the first quarter the ball was past the O'Donnell 40-yard line only once and that was on an Eagle punt.

Approximately 1,000 Plains fans (including students) were on hand to see Coach Ed Robertson field a team to trounce the "Black and Gold" of O'Donnell. . . a team he had had a hand in molding two years ago, before coming here.

In the next three weeks the Cowboys will face Seagraves, Ropesville and Sundown,—in that order to finish out the season.

Other touchdowns in O'Donnell were made:

By Jackie Bass on a 2-yard run and a six-yard run in the first quarter. No extra points were tallied.

By Kenneth Bount carrying from the 4-yard line and Jackie Bass running 25 yards. Vennum Fitzgerald ran the extra point try on Bass' TD and scored.

By Kenneth Blount on a 3-yard line drive in the third.

By Jimmy Williams running 20 yards after receiving a 30 yard pass from Harold Smith and Jackie Bass on a pitchout from the 10-yard stripe. Jim Roy Rob-

**HAROLD SMITH** . . . a 30-yard pass

**JIMMY WILLIAMS** . . . for the score

ertson kicked both extra points in the fourth stanza.

Plains made 14 first downs and O'Donnell 16. There were five penalties meted out in the contest. The Eagles were assessed 15 yards in the first quarter for illegal use of the hand. Plains got 15 yards in the second for unnecessary roughness and in the third each team got a five yard setback. A personal foul was ruled against Plains in the fourth for 15 yards.

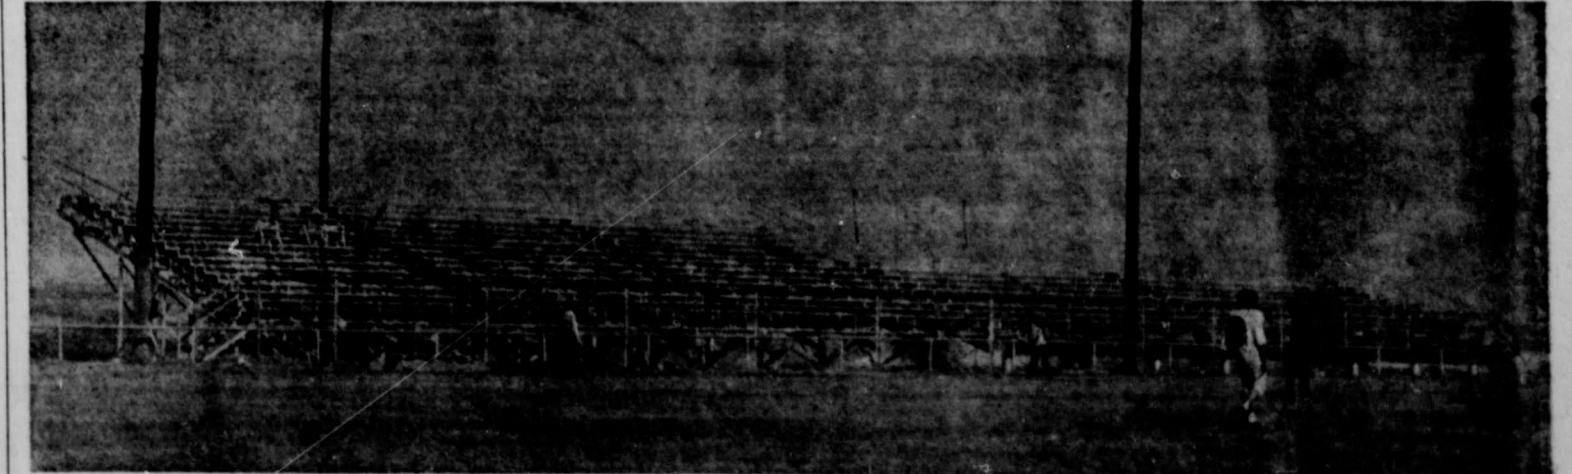

The Plains eleven used almost all the players on the bench and promising material was seen from some of the previously untried players.

Friday night (Nov. 2) the Cowboys host Seagraves on the local gridiron in a game that could be

a crucial one. Last week Seagraves led District 5-A's mighty Sundown, to a one-touchdown victory. The following week Ropesville, a 12-13 loser to Frenship last week, will be here and journey to Sundown to meet that team. Sundown played O'Donnell for the final game Plains will week before last and won 39-6.

## Plains Fire Truck Passes State Test

Following a few minor adjustments the new city fire truck has passed the Texas Fire Insurance Commission's Class A test, delivering 128 gallons per minute more water than required for the test. The test was held last Thursday in Lubbock.

**NEW STANDS READY** — The new football stands will be in use Friday night when Plains meets Seagraves on the local Gridiron. The new seats will handle about 300 patrons. The new stands are to the right and are the shorter ones. Plans are to replace the press box on the southside of the field for temporary use until a larger, more modern one can be built over the new section. The old press box would then be left on the south side for the use of visiting scouts and out of town reporters. —Review Photo

you one thing though. They have it much easier as carriers with that calm look, Harold Smith, per the hand-off chores.

—scratchpad—

are many other excellent in the team, although in the face of the game I probably not aware of some of here is the roster:

Roy Robertson, Gean Jim Warren, Harry Tony Baker, Jackie Bass

THELMA

'WOULDN'T IT BE DREAMY HAVING RING CROSBY FOR A FATHER-IN-LAW?'

TO BE MARRIED — Miss Patsy Faye Anderson is to marry Anthony Leo (Tony) Lusk June 2, 1957 in the Plains First Christian Church. The announcement was made this week by the bride's parents, Mr. and Mrs. W. H. Anderson.

Californians Wed In Home Ceremony

Mrs. Vera Haywood Murray and Burton C. Van, both of San Luis Obispo, Calif., were married recently in a ceremony in the home of Mr. and Mrs. Edgar Patton in Big Spring.

Mrs. Patton is a sister of the bride.

The Rev. P. D. O'Brian, read the double ring ceremony.

Duane Patton, nephew of the bride, was best man. Shirley Henderson of Midland, and Joyce Patton, neices of the bride were bridesmaids.

The couple will make their home in San Luis Obispo.

Patsy Anderson Engagement Told

Mr. and Mrs. W. H. Anderson this week announced the engagement and forthcoming marriage of their daughter, Patsy Faye, to Anthony Leo (Tony) Lusk. The wedding will take place at the First Christian Church, June 2, 1957 at 2 p. m.

There will be a wedding reception at the Legion Hall after the ceremony.

Parents of the prospective groom are M. and Mrs. Odus Lusk also of Plains.

Miss Anderson is a junior and Mr. Lusk a senior of Plains High School.

Iota Pi Hosts To New Members

At the last regular meeting of the Iota Pi Chapter, members put on their "company manners" for new members. Mrs. Virgil Short gave a talk on "Scope of ESA."

Mrs. Joe Verden Brown gave an enlightening talk on "Heart, The No. 1 Killer of Americans." Mrs. Ed Robertson introduced the speakers.

The meeting was in the home of Mrs. Morris Lowe and Mrs. Jackie Myers was hostess. Twenty members and pledges were present.

Shop in Plains and Save!

Reuben (Andy) Anderson was a guest in the home of Mrs. Vice Hinkle last Sunday. His home is near San Antonio and is now living in Hobbs. Mr. Anderson, who returned to the United States in August was stationed on the same base in England as Mrs. Hinkle's son, Don, for a year.

Mr. and Mrs. Jess Whittington of Lakeview were guests last Wednesday of Mr. and Mrs. Roger Curry.

Mr and Mrs. A. B. Carpenter and Mr and Mrs. Bill Powell attended the football game Friday night in O'Donnell.

There was a stork shower at the home of Mrs. A. B. Carpenter Wednesday for Mrs. Junior Rushing.

Growth of Area Is Led by County

Yoakum County's economy, according to the latest survey available, is rated as the second best in West Texas, and first in many ways, it was revealed here this week by Preston Smith, senator-elect of the 28th Senatorial District.

Smith, who was in Denver City to speak before the Lions' Club, based his statement on the survey just completed by the Texas Employment Commission.

According to the survey, Yoakum County has shown the greatest increase in population since 1950 of any in the 11-county area, with the exception of Lubbock County. Estimates for July, 1956, place the population at 7,075 persons, a net gain of 2,736 or 63.1 per cent, since the 1950 census. A net gain of 351 persons is estimated to have occurred during the past year.

The county's employment closely parallels its expanding economy, the survey reveals. Total employment increased from 1,501 workers in April of 1950, to an estimated 2,665 for July 1956. The net gain of 1,164 workers represents an overall increase of 73.6 per cent. Non farm employ-

ment has shown a marked increase and accounts for the major part of overall gains. The current level represents a net gain of 1,067, or 89.1 percent, as compared to April 1950. This again is the highest percentage of gain, with the exception of Lubbock County.

The county's economy has shown rapid development during recent years. A steady uptrend has prevailed for the past six years with no indications of weakening in the near future, the report set forth.

Continued exploration and production in oil and gas have brought many allied industries to the area, and activities are still on the increase in both exploration and expansion of known reserves.

Chemical manufacturing has shown an increase during the past year. Salt, acids and caustic soda are produced from mineral lakes by Frontier Chemical Co., with further expansion planned for the coming year.

Agriculturally, the county is in the best shape since 1949, the survey shows. This is largely due to increased irrigation and im-

proved crop prospects. More land has been put into cultivation. In 1950, some 70,000 acres were under cultivation. Today, there are over 150,000 acres in cultivation. The current estimate of some 300 farms represents a gain of 12 during the past year.

Irrigated cotton acreage has increased by 5,000 during the past two years. Of the 34,000 acres planted this year, around 14,000 are irrigated. The county now has an estimated 190 irrigated wells, 20 of which were drilled during the past year. Some 78,000 acres are planted in grain sorghum.

Oil and gas developments have greatly stimulated growth in the county's nonfarm employment. Increased irrigation has also brought nonfarm employment gains. To meet the growing needs of an expanding economy, many allied industries have opened. General gains have occurred in trades and services. Residential construction has been on the upturn with work on a new housing project in Denver City soon to get underway. A million dollar high school is currently under construction, also in Denver City,

and work will start soon. The enlargement of the school in Plains.

Construction of a new plant is well underway in the northeast part of the county. While exact amount of investment is unknown, it is several million dollars. The plant is in the planning stage which will amount to a million.

The county's agricultural outlook is good—the best since irrigation is steadily increasing and more land will be cultivated. There is no participation in the State program.

EX-RESIDENT

Word has been received of the death of Ed & Vern. Mr. Smith was known in Yoakum County once owned and operated in the southwestern part of the county.

Billy Joe Campbell and Ham attended the football in O'Donnell Friday.

### Doc Says He's No Expert But He Believes Ike Is

Whether night a bunch of us sitting around in the drug after the football game, coffee and talking. You know it is after a game in a town, especially after the team loses. Nearly every crowd had a theory as we didn't win the game. I couldn't help remembering before we consolidated schools we didn't even enough boys to make up a team. And these same experts who were saying Locke or Bud Wilkinson have done, up until a few weeks ago they didn't know a football watermelon. That's the way it is in a town (and in big ones, too, stand). I guess there's no farm done, although someone's pretty rough on the as we have a right, in this country, to be self-appointed in any line we want to. It seems to me that most choose either football or this presidential election up next Tuesday. During a few weeks I have heard stories and theories from different political experts nearly get confused someone have to stop and think fellow who is talking doesn't know any more than I do, and that helps straightened out. I guess I have had my made up all along. To make about it, I like Ike. man you can always look and respect—the kind of man you'd be proud to point out to any person, from any country on the face of the globe, and say: "That's our President!"

About Adlai, now, I'm not so sure. Of course, if he was elected, he would be my President, too, and I would hope he'd do a lot better than most people around here seem to think he would. This is something I don't think we need to worry about, because from all I can hear and read, Ike is going to win it again.

It seems to me that if Adlai ever had a chance around here, he threw it away when he came out with that H-bomb business. Now, the folks in our town don't know much about H-bombs, except that they don't want any personal dealings with them. Our scientific knowledge of H-bombs is about on a par with our football knowledge, I reckon. But we do know one thing: We don't want some misguided, inexperienced fellow fooling around with our national defense. When it comes to trusting what Bulganin says or what Eisenhower says, I'll take Ike. So will the rest of the country, if I don't miss my guess.

Just before we broke up the other night Doc Brown came into the drug store, and somebody asked him: "Hey, Doc, how's Ike doing?" (Doc's a big Eisenhower man.) Doc said: "Well, it's a busy campaign for the medical profession. Last week Ike went and got his heart examined; and I understand that this week Adlai is going to get his head examined."

Yours truly,  
*Tex*

paid for by Texas Democrats for Eisenhower, Weldon Hart, Director.

### ACROSS THE CATTLE GUARD

By LEO W. WHITE  
County Agent

Since the beef cattle breeders began a systematic herd improvement program, the breeders of other livestock have taken up the same idea. Now there is a testing program for hogs with headquarters at College Station.

They have feeding pens and a butchering laboratory and they are trying to help the swine breeders to select for strains of hogs that possess superior qualities. Any breeder in Texas who wants some testing work done can send weaner pigs to the testing laboratory at College Station. They will feed them out and slaughter them and make a complete report on each animal.

There is a set of requirements that each animal must meet in order to be classified in the higher bracket.

One pig that was on test this year, a Spotted Poland China bred by Marvin Bridges of Buffalo, Texas, was only 125 days old when he weighed 200 pounds. At 180 days of age the pig weighed 310 pounds. His average daily gain was 2.1 pounds.

This particular pig was a little too short and fat to meet all the requirements. After he was dressed, the carcass was measured and it lacked one inch meeting the required inches. The thickness of the fat back was also .2 of an inch over the required 1.6. The other thing wrong with this pig was the amount of feed that he ate. It required 379 pounds of feed for him to put on 100 pounds of gain.

The efficient use of feed is the most important factor in swine improvement. Those who are

working with the improvement program have set a requirement of not more than 350 pounds of feed to put on 100 pounds of gain. Some pigs at the testing station are already meeting this requirement. The change from a 40 pound weaner pig to a 200 pound slaughter animal with only 560 pounds of feed. Twenty years ago the average farmer fed 1000 pounds of feed to each pig. If he got by with 800 pounds he felt very lucky. The improvement has come from improved strains and improved feeds.

The desirable pig for the packer is one that has a high percent of lean meat and very little lard. The breeders are now trying to combine rapid growth and feed efficiency with lean carcasses and they are making good progress. Some of the swine breeders in Texas have animals that will meet all of the present requirements.

Hog producers in Yoakum County will do well if they keep informed on the progress of the swine improvement program and buy breeding stock from tested herds. In order for any community to produce good quality hogs, the breeders need to buy some outstanding herd sires that will keep their herds up to date in every respect.

The Yoakum County Livestock Association will need to make some changes in the regulations of the Fat Stock Show if the hogs improvement plan continues to progress. They now require a boy or girl to own their animal for at least 90 days before the show. When the pigs are bred up to a point that they will weigh 200 pounds at 125 days of age, the feeding period will be cut down to about 70 days.

The breed associations are also doing some research and in the North where Yorkshires are popular, they have some strains of that breed that have put on 100 pounds of gain with only 280

### Mrs. Virgil Short Honored At Shower

Mrs. Virgil Short was honored with a layette shower at a morning coffee Wednesday, Oct. 17 in the home of Mrs. P. W. St. Roman. There were about 18 persons attending from Brownfield and Plains. Mrs. St. Roman was hostess for the affair.

### Petroleum Meeting Expected to Draw Many Nov. 14-15

A Petroleum Conference on Electrical and Radioactivity Logging, expected to draw hundreds of participants from six southwestern states, will be held in Abilene at McMurry College Nov. 14 and 15.

Sponsoring the two-day meeting of oilmen are the Abilene Geological Society, the West Central Texas Section of the American Institute of Petroleum Engineers, Dr. Andrew Rockover-Cecil, dean of McMurry's school of business administration, said that 12,000 letters of invitation to the conference have gone out to petroleum industry personnel in Colorado, Louisiana, Oklahoma, New Mexico, Arkansas and Texas.

"We are expecting a large turnout for the petroleum conference," Dr. Rockover-Cecil said. "We have secured eight top-level men of the oil industry as speakers."

Registration fee for the conference is \$10 per person. The dinner meeting is optional, at \$2.50 per plate. Anyone desiring a registration blank or information brochure on the conference is requested to contact Dr. Rockover-Cecil or the Registrar's Office, McMurry College, Abilene, Texas.

### Mrs. Duff Honored In Saturday Shower

There was a "Pink and Blue" shower last Saturday morning in the home of Mrs. Roger Curry for Mrs. Rod Duff. Hostesses were Mrs. Johnnie L. Fitzgerald, Mrs. Don Powell, Mrs. T. J. Miller and Mrs. Curry. About 18 attended the shower.

### State Line Club To Have Food At N. M. Voting Site

The State Line Home Demonstration Club met Thursday at 2:30 in the home of Mrs. Chris Guetersloh.

Mrs. Preston Murphey and Mrs. Bruce White of the Stanford Valley HD Club and Mrs. T. A. Elmore of the Turner Club met with the group and discussed ways and means of the club to raise funds.

It was decided that the club would sell coffee, donuts, sandwiches, cakes and pies at the voting place in Gladolia, N. Mex., December 6th.

The club established hostesses for the forthcoming meetings by alphabetical order. The next meeting will be in the home of Mrs. Hayden Box in Plains at 2:30, November 8. Visitors and prospective members are invited to attend.

Coffee and cakes were served to: Mesdames Murphey, White and Elmore and Mesdames Frank Spencer, Amo Newsom, Grady Smith, Joe Kennedy, Shelby Webber, Bonnie Griffith, Tom Box, Loran Gayle and the hostess, Mrs. Guetersloh.

**HARD WORKERS AGAINST O'DONNELL** — These three boys, members of the Cowboy squad really got a chance to show Plains fans that they are ready for competition. Left to Right, the trio is Walt Coffman, Jim Roy Robertson and Cordell Huddleston. Jim Roy kicked two extra points for Plains against O'Donnell and Walt looked real good in the blocking and tackling department. Cordell, weighing only 120 pounds showed real promise as a quarterback as he called a number of yardage gaining plays in the same game. —Review Photo

**In District Court;  
Six Cases Acted on  
Three More Filed**

Six cases were scheduled for  
district court at Plains the past  
week, two of which were contin-  
ued, one transferred, one settled  
out of court and one judgement  
returned.

In the case of Ray Dennis vs.  
Travelers Insurance Company, in-  
surer, and Jay Trucking Co., em-  
ployer, a judgement was returned  
awarding him \$1,000 in his suit  
for compensation.

The case of Marvin Mason vs.  
Cleo Mason was dismissed on  
motion of the plaintiff, while the  
suit of Willie Oakes vs. T.E.I.A.  
was ordered transferred to Gaines  
County. The suit of J. C. Harrell  
vs. T.E.I.A., was settled, but no  
report of the amount of settle-  
ment was available.

In the case of R. L. King, in-  
dividual and as guardian of Will-  
iam King vs. L. H. Walker, for  
damages, it was continued by  
agreement. Also continued was the  
compensation suit of Elvis Wau-  
son vs. Dealers National Insur-  
ance Company.

Filed in district court have been  
one suit for damages and two for  
collection of debts.

Gene Maxwell, doing business  
as M & M Dirt Contractors, has  
filed to collect an alleged debt  
of \$336 from the Pecos Sand and  
Gravel Company. The plaintiff  
asserts that on the request of the  
defendant he furnished him with  
goods and services worth \$336,  
and that the defendant has refused  
to pay for same. He is asking  
for a judgement against the de-  
fendant in that amount, plus at-

torney fees of \$125, cost of court,  
etc.

In the suit of Louis Brooks vs.  
A. P. Eaton, the plaintiff asserts  
that he is a resident of Sweet-  
water and the defendant a resi-  
dent of Yoakum County. It fur-  
ther says that on Sept. 6, 1955,  
the defendant executed a promiss-  
ory note payable at Sweetwater  
in the amount of \$2000; that the  
defendant paid nothing upon the  
principal or any interest and that  
on Sept. 26, 1956, the plaintiff  
made demand that the defendant  
pay said note. It is alleged that  
the defendant refuses to pay,  
therefore the plaintiff is asking  
damages in total of \$2319.16,  
which includes principal, interest  
and attorney fees.

W. F. Upton has also filed suit  
against Shell Oil Company for  
damages of some \$11,000 he al-  
leged due him for damages to  
land owned by him in Yoakum  
County. He alleges that the de-  
fendant has been lease of oil, gas  
and other minerals in and under  
land owned by him, and that in  
November of 1952, the defendant  
began drilling of four oil wells;  
that after the tank battery was  
of no further use, the defendant  
broke the walls of the tank, al-  
lowing the contents to flood the  
land. The plaintiff asserts that  
since that time, no crops have  
grown on the land, and that no  
crops will grow on said surface  
for at least the next seven years.

The plaintiff also sets forth  
that during 1952-52, when the  
wells were being drilled, the de-  
fendant drove over many and  
varied routes over the fields spill-  
ing oil and other deleterious sub-  
stances on large portions of the  
land, and that since then the  
areas have been unproductive. The  
plaintiff also complains that the  
defendant placed caliche on and  
around a large area around each  
well, consuming some 3 acres or  
more at each site, which he as-  
serts is an excessive amount of  
land.

During the 1956 crop year, the  
plaintiff asserts that the defend-  
ant has been reworking two or  
more of the wells and has used  
the land in excess of any amount  
reasonably required for such op-  
erations, damaging growing crops,  
and that through negligent op-  
erations, allowed large quantities  
of oil to flow onto and over the  
plaintiff's land, in some areas  
penetrating to a depth of 6 inches.

The plaintiff asserts that im-  
mediately after trespasses and  
negligent operation of defendant,  
negotiations for settlement of  
damages were entered into, and  
the plaintiff, in reliance of de-  
fendant to make reasonable and  
fair settlement, did not pursue  
legal rights of filing suit in court.  
Such negotiations continued un-  
til June 24, 1954, at which time  
defendant stated they would dis-  
allow the claim, such claim being  
for only a part of the surface  
damage as alleged in the current  
suit.

# Highlights and Sidelights FROM Your State CAPITOL

N. Tex.—Eight decisions on policy soon will be up to the voters. In ad-party candidates, eight amendments to the state constitution will appear on the election ballot.

With a procedural slip-up, a bill considered at a special session on Nov. 13.

The amendment will be printed on the ballot twice—once before and once after the election. Voters must mark out their choice and other clear.

The amendments and bills are:

1. Authorizes the legislature to provide persons fined or imprisoned for crimes they did not commit. Would make a person liable for damages if innocent. CON: Would open the door to numerous claims.

2. Gives county commissioners to vary allocations of tax without special elections. Greater flexibility would be given to county commissioners. CON: Would give them too much authority.

3. Gives other colleges to the program financed by the state. Would authorize investment in corporate stocks as well as government bonds. CON: Would provide an income tax on college building money.

4. Risk in wider investments is the possible return. CON: Would increase the retirement system. PRO: Would attract more persons to the state. CON: Would increase taxpayer obligation by \$4,500,000, take a cut out of teachers' salaries. CON: Would authorize another \$100,000,000.

5. Bond issue for veterans land buying. PRO: Program has been put in order, and additional money is needed to enable more veterans to participate. CON: Program does not merit public confidence; only about one per cent of Texas veterans have benefited.

6. Provides a different oath of office for elective and appointive officials. PRO: Would clarify present inconsistencies. CON: Clutters constitution with minor details.

7. Requires competent medical or psychiatric testimony before commitment of a person to a mental institution and allows waiver of jury trial, except in criminal cases. PRO: A mentally ill person should not be "convicted" as a criminal. CON: Jury trial is a safeguard against "railroading" of persons into mental institutions.

8. Permits judge to deny bail to persons convicted of two previous felonies. PRO: Would curb habitual criminals. CON: Right of Bail is one of our fundamental civil rights.

9. Authorizes the Legislature to give aid with federal assistance to citizens permanently and totally disabled by a mental or physical handicap. PRO: State has a moral obligation to these needy persons. CON: Tie-in with federal program would lead to more federal encroachment.

**BALLOT SCRATCHING**—While candidates and campaign crews are busy "scratching" for votes, voters are busy learning how to "scratch" ballots.

Ballot scratching is legal. You don't have to vote the straight Democratic ticket or the straight Republican ticket.

All you have to do to scratch a ballot is to cross out or draw a line through the name of the candidate you do not want to

vote for, and leave unmarked the names of the candidates for whom you do want to vote. Just be sure you vote for only one candidate for each office. It's as simple as that.

Machine voting is even simpler. All you do is pull the lever by the name of the candidate you want to vote for, in whatever columns you choose. The machines are so designed that you can only vote for one candidate for any office.

If you want to vote for a candidate whose name does not appear on the printed ballot, you can write his name in—in the write-in column which is provided for that purpose. Such a column appears both on the paper ballot and the machine ballots. On the paper ballots you should scratch out the names of all other candidates for that same office.

Election laws say that your write-in ballot will be counted even though your spelling may not be exactly correct—and even the last name of the candidate is sufficient.

**NAACP BAN GRANTED**—Pending further court tests, the NAACP is out of business in Texas. After a tedious five-week hearing, Tyler Dist. Judge Otis T. Dunagan granted a temporary injunction sought by the state against the NAACP.

**STATE LOSES LAND CASE**—Private owners won out in an argument with the state over what constitutes "submerged land."

Texas Supreme Court ruled that "ordinary high tide" rather than "highest tide" is the determining factor. As a result, private owners retain 472 acres in Copano Bay, Aransas County. Texas had sought to claim the area, which is near oil and gas fields, as tidelands.

**SHORT SNORTS**—Texas' eligible voting strength will be at an all-time high Nov. 6. Comptroller's estimate is 2,410,188, compared to previous record of 2,338,261 in 1952. . . . More than 90 per cent of Texas counties now are eligible for emergency drought relief. . . . A low bid of \$977,659 was received by the Texas Turnpike Authority for erection of four buildings along the Dallas-Fort Worth Toll Road. Structures will include two restaurant-service stations, a maintenance building and an operations building. . . . With school enrollments going up, number of prospective teachers is going down, reports the University of Texas Teacher Placement Bureau. This year, 1,143 candidates for teaching positions registered, compared to 1,172 last year. . . . Texas November oil production has been set by the Railroad Commission at 3,314,390 barrels a day on a 15-day producing pattern. This will be a 72,986 barrel-a-day increase over October. . . . Texas Department of Health is urging intensive mosquito control campaigns to halt increased outbreak of encephalitis (sleeping sickness.) More than 300 cases have been reported in the state this year. . . . Asst. Atty. Gen. William King has been named to succeed Bradley Bourland as state securities commissioner. Bourland resigned, effective Nov. 1, to practice law in Austin. He also is a former assistant attorney general. . . . Texas December draft quota is for 877 men. It is the largest quota this year, according to State Selective Service Headquarters. . . . Traffic fatalities in Texas this year already have passed the total for this time a year ago. Third-quarter total for 1956 was 1,872; last year it was 1,804, says the Department of Public Safety.

## SOIL CONSERVATION DISTRICT NEWS

**OUR SOIL ★ OUR STRENGTH**

How much is manure worth to farmland? The answer to that question depends on many things. Russel McSwain, who farms east of Denver City in Yoakum County, proved that it was worth about \$9 per acre on dry land this year.

This spring Russel cleaned out a caged layer hen house and spread the manure on about four acres of farmland near his house. The entire field was planted to maize and cultivated the same. When the entire field was cut this fall, the fertilized land made 1,700 pounds per acre and the other made 1,200 pounds per acre, or an increase of 500 pounds per acre. At current prices that figure almost \$9 per acre. Next year the manure should increase production that much or more and there will be some increase in production on the third and fourth years.

Not everyone has manure available to put on the land, but the same benefits can be derived by planting fertilized soil improving crops such as cowpeas, soybeans, winterpeas, guar, clover, vetch, or sesbania. These crops, when handled properly in a crop rotation will add the same elements to the soil that manure will.

Another method of increasing production and improving the soil is to spread cotton burs on the land. The recommended rate of application is one to five tons of burs per acre. It is hoped that cost sharing through the county ASC program will soon be available on this practice.

## LEGAL NOTICE

Notice is hereby given that an election will be held in Yoakum County on November 13th, 1956, submitting the following proposition to the resident qualified property taxpayers voters of said county who own taxable property in said county and who have duly rendered the same for taxation for their action thereupon.

**PROPOSITION:**

"SHALL the Commissioners' Court of Yoakum County, Texas, be authorized to issue the bonds of said County in the principal sum of Ninety Thousand and No/100 Dollars (\$90,000.00), to mature serially within any given number of years not to exceed ten (10) years from date thereof, to bear interest at a rate not to exceed Three Per Centum (3%) per annum, and to levy a tax sufficient to pay the interest on said bonds and create a sinking fund sufficient to pay the principal thereof at maturity for the purpose of purchasing, constructing, equipping and improving buildings and other permanent improvements to be used for County Library purposes, pursuant to authority conferred by the Constitution and laws of the State of Texas, particularly Chapters 1 and 2, Title 22, Revised Civil Statutes of 1925, and Senate Bill 253, Chapter 1925, passed at the regular session, 54th Legislature, 1955." One Library located at Plains, Texas, and one located at Denver City, Texas.

J. W. O. Alldrede,  
County Clerk.

Published in the Yoakum County Review, October 25 and November 1, 1956.

**EISENHOWER**  
IS A BETTER DEMOCRAT THAN STEVENSON!

**TEXAS DEMOCRATS FOR EISENHOWER**  
W. R. BOB SMITH, CHAIRMAN

You are a free Texan . . . You can vote any way you like. Regardless of what you may have heard, it is perfectly legal to split your ticket if you want to, just as it is legal to vote the Democratic ticket straight, or the Republican ticket straight. The purpose of the ballot is to determine what the people want. And if you want to vote for Eisenhower and Nixon — then cast the rest of your ballot for the Democratic nominees — that is your privilege. Don't let anyone tell you otherwise! **BY LAW YOUR VOTE MUST BE COUNTED.**

(Pol. Adv.—Paid for by Texas Democrats for Eisenhower, Weldon Hart, Director.)

### Election

(Continued from Page 1)

breaks in those sections of the world.

He also proposed that U. S. prestige has dropped very low in that traditional allies England and France acted to avert war in the Middle East without consulting with the policy makers of the United States.

President Eisenhower speaking to the nation Wednesday averred that the explosive conditions of the Middle East, Poland and Hungary were not political issues. The GOP campaigners still gain

support in Texas from Gov. Allan Shivers who has been making a swing through the state speaking on behalf of the President.

Candidates listed on the ballot For President and Vice President: Democats Adlai Stevenson and Esteg Kefauver, Republicans Dwight Eisenhower and Richard Nixon, Constitution Party, T. Coleman Andrews and Thomas A. Werdel.

For Congressman at Large: Democrat Martin Dies, and Constitution Party, Fred T. Spangler. For Governor: Democrat Pice Daniel, Republican William R. Bryant.

For Lt. Governor: Democrat

Ben Ramsey. For Attorney General: Democrat Will Wilson, Republican Leo N. Duran. For Associate Justice Supreme Court, Place 1: Democrat Meade F. Griffin.

For Associate Justice Supreme Court, Place 2: Democrat Robert W. Calvert, Constitution Party, John R. Anthony. For Associate Justice Supreme Court, Place 3: Democrat James R. Norvel.

For Judge of court of Criminal Appeals: Democrat W. A. Morrison. For Railroad Commissioner: Democrat William J. Murray Jr., Constitution Party, Joseph M. Rummel.

For Comptroller of Public Accounts: Democrats Robert S. Calvert, Constitution Party, E. G. Brown. For Commissioner of General Land Office: Democrat Earl Rudder.

For State Treasurer: Democrat Jesse James, Constitution Party.

Bard A. Logan. For State Commissioner of Agriculture: Democrat John C. White, Republican Samuel F. Singleton.

For Associate Justice, Court of Civil Appeals, Eighth Supreme Judicial District: Democrat Joseph McGill. For Congressman, 19th Congressional District: Democrat George Mahon.

For Member State Board of Education, 19th District: Democrat E. H. Boulter. For District Attorney, 106th Judicial District: Democrat Mitchell Williams.

For State Senator, 28th Senatorial District: Democrat Preston Smith. For State Representative, 98th District: Democrat R. L. Bowers Jr.

For County Sheriff, Tax Assessor-Collector: Democrat Robert Chambliss. For County Attorney: Democrat Vernon Townes. For Commissioner, Precinct 1:

not be forgotten, Joe Bob Palmer, a pollo vietim. -scratchpad-

This column wouldn't be complete unless I predicted the outcome of the last three games. So all you bettors get out your money and hunt up some takers because this is the straight dope: Plains over Seagraves by 12 points, Plains to tromp Ropesville by three touchdowns and a 7-6 win over that mighty terror of District 5-A Sundown. -scratchpad-

Here's this week's birthday and anniversary congratulation: Stark Wagley, Nov. 1; Mrs. H. O. Mouston, Nov. 2; Mr. and Mrs. Pollard Wise and Bobby Taylor, Nov. 3; Joe Wagley, Foye Flood, Mrs. Pollard Wise and Ty Earl Powell, Nov. 4; Margaret Fitzgerald, Nov. 5 and Wayne Stanley Lore, Nov. 6

Mr. and Mrs. Johnnie L. Fitzgerald and family were guests Sunday of her family, Mr. and Mrs. H. D. Starnes in Brownfield.

Velma Wilson was home over the past weekend from Canyon where she is attending school.

Mr. and Mrs. Amos Smith and family attended the football game in O'Donnell last Friday night.

Mr. and Mrs. Kenneth Hale and family were in Lamesa Sunday visiting the A. J. Hale family. Jerry Lee Brantley was home from WTSC over the weekend. Mr. and Mrs. John Shaw attended the Fred Warring show in Lubbock Sunday.

### Oil News

(continued from page 1)

Company and Robert B. Holt of Midland No. 1 David S. Googins, West Yoakum County wildcat has been abandoned on total depth of 5,510 feet.

It was five miles north of Plains, and 660 feet from north and west lines of section 275, block D, John H. Gibson survey.

Headwaters Oil Company No. 1 E. H. Jones has been completed as second well in the recently

opened George Allen (dressed) field of Northwestern County.

The confirmation well, located east of the field, was drilled for a daily gravity oil, through permeability of 4,933 to 4,966 feet, 2,000 gallons of acid.

Location is 660 feet from north and west lines of section 59, block AX, 19 miles northwest of

Support the Year-'Round Party

● BY VOTING DEMOCRATIC on November 6 — from Adlai Stevenson for President, down to the Constable in your precinct — you and I will be voting for the party of the people of Texas — the party that works for TEXAS.

ADLAI STEVENSON has the qualities of leadership that will make him a great President. Moreover, his aid and counsel comes from the party that truly represents all of the people.

TEXAS will have a strong and effective voice in our Federal Government — through our elected Democratic officials — ONLY if teamed with a sympathetic and cooperative Democratic Administration.

TEXAS' PRESTIGE in Congress is unsurpassed by any other state. On November 6 we will elect a strong slate of Democratic Congressmen — along with Democratic state, district, county and precinct officers.

Doesn't it make good sense also to elect a Democratic President and Vice President?

Vote Nov. 6 and VOTE
