PLAINS, YOAKUM COUNTY, TEXAS, THURSDAY, NOVEMBER 15, 1956

NUMBER 46

Library Bond Election Carries By 235-96 Vote

Libraries at both Plains and Denver City will be constructed as a result of a more than two to one vote in favor of the proposition in Tuesday's special election.

Unofficial tally of the vote saw 235 voting for the issuance of the \$90,000 in bonds, and 96 against. The proposal carried in six of the 10 voting precincts, three of them giving it a decisive majority.

Largest turnout of voters was at Precinct 7 (the Denver City elementary school building) where 106 ballots were cast in its favor and only eight against. A total of only 377 ballots were cast in the entire county.

The library proposition was voted down in Precincts 1, 2, and 3, all at Plains, and at Precinct 8, at the Allred community build-vote at Precinct 4 in Plains.

The vote on the issuance of the library bonds was as follows:

Precinct 1: 21 for, 25 against; Precinct 2: 5 for, 14 against; Precinct 3: 10 for, 17 against; Precinct 4: 10 for, 9 against; Precinct 5: 8 for, 2 against; Precinct 6: 6 for, 2 against; Precinct 7: 106 for, 8 against; Precinct 8: 1 for, 2 against; Precinct 9: 39 for, 7 against; Precinct 10: 26 for, 8 against. Absentee ballots cast were 3 for, 2 against.

Oddly enough, a number of persons who voted for the library, cast ballots against the levy of taxes in payment of the bonds. The total was 224 for, 102 against.

The county went along with the rest in the state to approve an amendment to the state constitution to provide state aid to permanently disabled citizens. Unofficial total was 324 for, 52 against.

As a result of the light vote, all boxes reported early.

CATHOLIC CHURCH BUYS BUILDING FOR SOCIAL HALL

Purchase of the classroom section of the old Allred school by St. Williams' Catholic Church here was revealed this week.

The church bought the structure, to be moved from its site in the Allred community, from H. C. Cotton. The gymnasium section of the school had previously been purchased by the county from the Sligo Independent School district for use as a community building for Allred.

A spokesman of the church said the building would be moved to a site owned by the church just south of the rectory. Remodeling will be done to make it suitable for classrooms and a social hall.

Council Enters Pole Agreement With Phone Agency

City Council meeting last week approved the already announced joint use agreement with Romain Telephone Co. for the construction and use of power poles for both the city's electrical system and the telephone system.

Terms of the agreement are that the city and Romain will both erect poles and rent them to the other party for 70 cents per year. It is believed the city will install most all the poles inside the city and Romain will probably install the poles outside the city.

The agreement is said to be economically beneficial to both parties in that the phone company would not have to build a system of poles inside the city and much of the cost of these poles would be eased for the city.

The agreement is to be in effect for a term of 25 years.

In other business: Aldermen paid a total of \$1,698.19 in bills.

Council heard from Seth Lewis of Lewis Construction Co., of Tahoka, contractor of the city's electrical distribution system. He has already begun installing poles inside the city, the first such installation being in the alley next to the city hall.

The council authorized City Engineer Cecil Hawk and Lewis to work out an agreement for a contract to pull existing telephone poles and transfer telephone wires to the city's poles. It is believed that cost of this work will be about \$5 per pole.

Plains Cowboys Face Sundown In Season's Final

The Plains Cowboys face the Sundown Roughnecks in the season's last football game Friday night on the Sundown gridiron. Game time is 8:00 for the district contest, which will be the toughest tilt of the year for the Cowboys.

The Sundown team, always a powerhouse, is ranked as one of the state's top I-A ball clubs. The Roughnecks have speed, power and the will to win. Last week, the Sundown eleven dusted previously undefeated Freship, 40-0.

Eight Cowboys will be seeing their last high school grid action against Sundown. They are Dallas Powell, James Overton, Harold Smith, Kenneth Blount, Gerald Kennedy, Jean James, Tony Baker, and Douglas Payne.

In last week's contest, the Plains boys won their seventh game of the year by tipping Ropesville, 28-20. The score was knotted at 7-7 at halftime, but a 14-point spurge by the locals in the third stanza pulled them through.

Jackie Bass scored first for Plains, on a 60 yard dash in the initial quarter, with Dwayne Roland kicking his first of four extra points. John Valentine, the South Plains highest scorer, counted for the losers in the second period, and kicked the point for the half-time deadlock.

In the third canto, Gean James scored from 16 yards out, and quarterback Harold Smith sneaked over from one foot, together with Rolands' extra points put the Cowboys out in front to stay. Ropesville score in that period came on a 14 yard gallop by Lowe.

Kenneth Blount smashed for seven yards and a TD in the final quarter, and Valentine counted again for Ropesville and added the point, but the Cowboys had this one wrapped up.

Sheriff's Office Has Quiet Week

County sheriff's office officials reported a rather quiet week, with the routine drinking and speeding represented in tickets given.

Jack Henderson, 48, of Denver City, was arrested early Sunday morning on charge of being drunk and after a plea of guilty was fined \$19.50 in justice of peace court. Apprehended for being drunk were Helaros Rios, 27, fined \$34.50; Manuel Gomez, fined \$19.50 and Raymon Paillos, all of Seagraves, fined \$34.50.

Johnny Waters of Odessa was apprehended for speeding on Highway 214 and paid a fine of \$15.00.

Wildcat North of Here Plugged as Failure

W. R. Weaver No. 1 Lucille B. Granger was plugged as a wildcat failure at 5,463 feet in Central Yoakum County.

Location was 1,980 feet from east lines of section 334, block D, John H. Gibson survey, three miles north of Plains.

The Texas Company No. 1 Brownfield, Southeast Yoakum County wildcat, was making hole on last report below 10,639 feet in lime and shale.

Location is 660 feet from south and west lines of section 620, block D, J. H. Gibson survey.

Atlantic Refining Company brought in a well this week which looks like a discovery in the Wolfcamp formation 12 miles south of Denver City in the northwestern edge of the Seminole field.

It is the T. S. Riley D No. 8, drilled to a depth of 11,572 feet and plugged back to 9,152 feet. Potential test is currently being run. Other wells in the field are from the San Andres.

Stanolind Oil & Gas Company was installing pumping equipment in order to complete No. 1 Wimberly, prospective Strawn lime discovery in the ODC (Devonian) field of Northwest Gaines County.

The project yielded 202 barrels of oil and 22 barrels of water on a 20-hour swabbing test through perforations from 11,008 to 11,032 feet, after 3,500 gallons of acid.

Location is 660 feet from south and east lines of section 276, block G, WT survey, 3-4 mile north of Devonian production and 12 miles southeast of Denver City.

Stanolind No. 1-A Taylor, southeast offset to the ODC (Devonian) field opener in Northwest Gaines County, indicated production on Devonian drillstem test from 11,805 to 12,007 feet.

Open five hours, the test recovered 1,365 feet of oil, 1,800-

foot water blanket and 210 feet of oil-cut mud.

• Coring continued below 12,007 feet.

Drillsite is 660 feet from south and west lines of section 272, block G, WT survey, 12 miles southeast of Denver City.

Stanolind No. 1-H Oil Development Company is a new project in the Seagraves (Strawn) pool of North Gaines County. It is 660 feet from south and west lines of section 207, block G, WTRR survey. Projected destination is 12,200 feet.

Trice Production Company No. 1-C J. O. Jones has been staked as a 9,400-foot wildcat in Northeast Gaines County, eight miles southeast of Loop.

Location is 1,980 feet from north and east lines of section 14, block H, D&W survey.

Commissioners Borrow \$63,000 To Operate County

Commissioners Court, meeting in regular session Monday morning signed a note for \$63,000 to carry the county's accounts until the first of the year. The county funds are now operating at \$39,000 in the hole. However, when the new year is started funds will be on hand to pay off the note and operate with a balance.

Commissioners also paid the hospital bills as presented by the hospital board.

It was announced that Commissioner Vance Brown would trade in a 1952 Dodge truck for a new Ford Station wagon for use in his precinct and to be used on county business where trips outside the county are necessary.

L. P. Bennett, County Pioneer, Dies Friday

One of Yoakum County's oldest pioneers, and widely known rancher and philanthropist, L. P. Bennett, was claimed by death Friday night in West Texas Hospital in Lubbock, where he had been since October 29. Death was attributed to a heart attack.

Final rites were held Monday afternoon, Nov. 12, at 2 p.m. at the Broadway Church of Christ in Lubbock, with Don Morris, president of Abilene Christian College officiating, assisted by Delton Haun, minister of the Denver City Church of Christ.

Interment was in Tech Memorial Park, Lubbock, under direction of Sanders Funeral Home. Pallbearers were B. Sherrod and J. C. Rigney of Lubbock; A. C. Scott and Hollis Manly, Abilene; Harold Watson of Denver City and G. W. Cleveland, Jr., of Plains. Friends of the family were honorary pallbearers.

Mr. Bennett, who was 82, is survived by four sons, Gene of Denver City; Hugh and Ralph of Colorado Springs, Colo.; and J. Frank of Whiteface; four daughters, Mrs. W. H. Kirby, Cotton Center; Mrs. Virgil Hamby, Midland; Mrs. Fay Wallace, Reagen Wells, and Mrs. Hurly Chenault, Fort Worth. Also surviving are 17 grandchildren and 15 great-grandchildren. He was preceded in death by his wife in 1949 after they had observed their golden wedding anniversary December 23, 1948.

Born near Conway, Ark., Mr. Bennett migrated to Knox County as a young lad of 13, and secured a job on a ranch. He was married to Miss Ruth Smith and in 1916 the family moved to Terry County, near Gomez. Two years later, he and his father-in-law bought 11 sections of land in Yoakum County and the Bennett family moved there. Bennett later added to this holding, making 12,720 acres in the ranch.

The family moved to Lubbock about 1924, then to Abilene in 1928, moving back to the ranch in 1942, and to Abilene in 1948. During the years away from the ranch, Bennett divided his time between the ranch and the town homes, where his wife remained in order to send their children to school.

In 1935, the drought and depression were proving too much for

FHA Chapter Hears Report On Trip To Convention

Willie Mae Addison gave a report on her trip to the national FHA convention, in Chicago, at a meeting of the FHA members, Nov. 5, 1956.

She left Dallas at 6 a.m., July 1, and got to Chicago at 10 a.m. the next day. During her stay at the Conrad Hilton Hotel she had many different experiences. She got back in Plains, July 7.

The FHA members had to have a stamped Christmas card to get into the meeting. The cards will be sent to the state hospital in Wichita Falls.

The girls elected their FHA sweetheart. The one elected was Jim Barron, a member of the FHA. The FHA chapter is not selling Christmas cards this year. It was decided to sell Christmas corsages and earrings and if anyone wants a corsage contact an FHA member. The prices range from 50c to \$1.

Enters Hospital

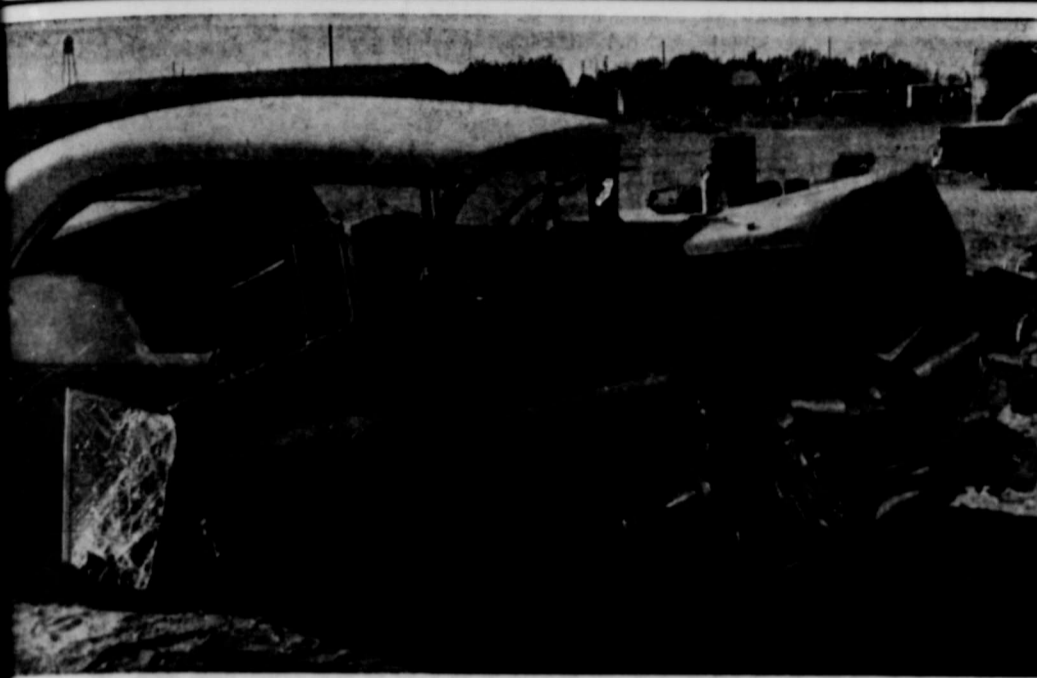

Fr. Thomas O'Reilly, pastor of St. William's Catholic church here, left Sunday for Huntington, W. Va., to enter the hospital for medical treatment and possible surgery. He is expected to return here by December 1st.

NEW STUDENT COUNCIL — Members of the newly organized student council at the Plains High School were elected the past week by fellow students. Seated are, left to right: Brenda Suddarth, sophomore; Linda Jones, freshman and Darlene Snodgrass, junior. Standing are Mr. Campbell, council sponsor; Richard Meil, junior; Douglas Payne, senior; Harold Smith, senior; Jimmy Warren, sophomore and Mark Barron, freshman. —Review Photo

1956 CHEVROLET was being driven by J. H. Jost, well known Plains carpenter and contractor, time of his death Saturday morning. According to official reports, Jost is believed to have suffered a heart attack just before the car collided with a truck on 13th Street in Plains. The car continued down the street for a block, gathering speed, before it crashed into the corner of the Glen Chapman residence.

H. Jost Rites Sunday

Final rites for J. H. Jost, 78, well known builder and contractor, were held Sunday afternoon at 4 o'clock at the First Baptist Church here, with Rev. C. H. Coffman officiating. Burial was made in the Plains Cemetery.

Serving as Pallbearers were George Rose and Harold Watson of Denver City; Johnnie R. Robertson, G. W. Cleveland, Henry Williams and John Anderson.

Honorary pallbearers were Walter McClellan, Sherm Tingle, Amos Smith, Emery Longbreak, Jack Burt and Judge Beane.

Mr. Jost is survived by his wife, one niece, Mrs. S. L. Laxson, Carlbad, N. M., and two nephews, Arthur DeChamp, Los Angeles, Calif., and William DeChamp, West Lynn, Mass.

The prominent local resident died about 8 o'clock Saturday morning while enroute in his car to the site of the Plains water tower where his crew was engaged in repair work.

He was traveling east when his car collided with a north-bound truck at an intersection. The car continued eastward for 428 feet before it struck the home of Glen Chapman.

According to a doctor's report, Jost was believed to have suffered a fatal heart attack prior to the collision with the truck. However, local officials are still puzzling over the circumstances in an effort to determine whether Jost was dead at the time of the crash or died later from the effects of his injuries.

Driver of the truck was Charles Bob Snell, 20, of Rankin, who was enroute to Mulshoe for a load of

Checks In Mail For Stock Sales At State Fair

Checks totalling \$210,140.22 are in the mail to Texas boys and girls who participated in junior livestock and poultry auction sales during the 1956 State Fair of Texas.
The total was the largest in the history of the junior auctions at the fair, topping the previous high of \$176,975 in 1955.
The junior show at this year's fair was the largest ever presented in Texas, said Ray W. Wilson, the fair's livestock manager.
A total of 1,146 4-H Club boys and girls and Future Farmers took part, he reported. They came from 196 of 254 counties in the state.
In the junior livestock auction sale, 510 steers were sold for \$174,087.29, 248 lambs for \$8,260.00, and 412 pigs for \$18,334.74 for a total of \$200,682.69.
The turkey auction brought a total of \$5,358.23 for 435 turkeys, and the broiler sale brought \$4,099.50 for 1,680 broilers.
Guests in the home of Mr. and Mrs. Joe Cheek Sunday were all of their children, Mr. and Mrs. J. H. Snodgrass and family of Tokio, Mr. and Mrs. Arvel Snodgrass and family of Morton, Bob Cheek of Corpus Christi and Mr. and Mrs. Hank Goehry and family. Other guests were Mr. and Mrs. O. D. Smith.

Two Join Staff at Yoakum Co. Hospital

Two new members to the Yoakum County Hospital staff were announced this week by Jack Flint, manager.
Fred Miller began duties as assistant laboratory and X-ray technician. Miller and his family moved here from Lovington, N. M. He received two years of training in lab and X-ray work at the Veterans Hospital there.
Joining the staff of registered nurses was Mrs. Agnes Slater, who will be on duty from 11 p.m. to 7 a.m.
Mrs. Era Ernest of Odessa was a weekend guest of Mr. and Mrs. M. W. Luna. Other guests were Mr. and Mrs. Ben Hurst of Wellington, who will be here a few days.
Mrs. Marion McGinty returned home Sunday after spending a few days in Midland with her sisters, Mrs. Emma Sams and daughter Amelia Sams, Mrs. Jack Props of Seymour and Mrs. Mamie Garner of Rankin.
Mr. and Mrs. Marion McGinty were in Tahoka Monday to attend the funeral of Mrs. Isaac Draper.
Mrs. Joe B. Wilson underwent major surgery Friday in the hospital at Denver City.
Mr. and Mrs. Raymond Palmer and family were in Plainview on Sunday visiting their son, Joe Bob. They report that he will be home by Thanksgiving.
Mr. and Mrs. Pete Robinson of Seagoville are visiting Mr. and Mrs. Earl Robinson and family and other relatives and friends this week.
Mac McRae received orders to report to the draft officials in Brownfield Monday for induction into the armed services.
Mr. and Mrs. Caryl Light of Liberal, Kansas, were guests in the home of Mr. and Mrs. C. F. McCargo Friday.
Mr. and Mrs. C. F. McCargo spent the past week-end in Odessa visiting their son and family, Mr. and Mrs. Bob McCargo. Saturday night they all attended the Holiday on Ice Show.
Mr. and Mrs. Hugh Snodgrass were guests in the home of their daughter and family, Mr. and Mrs. Amos Smith, Sunday.
LaVon Smith, Marceleta Green, Ann Green and Mr. and Mrs. Dene James were in Carlsbad, New Mexico Sunday going through the caverns.

What puts the Mark of Tomorrow in the new kind of FORD?

Here's what puts the Mark of Tomorrow in the new kind of Ford!

It's the sculptured look. You'll see it the moment you let your eyes wander over this fine car. In a '57 Ford you belong . . . anywhere. It's the long, lean lines. There's a greyhound grace to the new Ford. No useless "fat," no showy "padding." Ford is as trim as a jet fighter. It's the hardtop styling. Fairlane sedans have the hardtop look of Victrolas! Superthin center pillars are smartly concealed to give hardtop beauty when doors are closed.

It's the freedom of choice. Colors? Fabrics? Accessories? Far more! Ford gives you a choice of two new, bigger sizes . . . longer, lower, roomier! It's the ride that stays gentle. With a new frame that rides sweeter and lower, new springs, new suspension all around, even the roughest roads can't ruffle the poise of the new Ford.

It's the Thunderbird power. Ford celebrates its Silver Anniversary of V-8 leadership with the biggest selection of V-8's in Ford history.* In addition to all this Thunderbird GO, there's a new and more powerful Mileage Maker Six.

Just looking at this Fairlane Club Sedan is a special kind of fun!

It's the record-breaking performance. On the Salt Flats at Bonneville, Utah, a '57 Ford traveled 50,000 miles in less than 20 days . . . an average speed of 108.16 mph, including all pit stops! Another Ford averaged over 107 mph. Altogether, 458 national and international performance records were smashed as Ford rewrote the record book.

It's the big dollar value that lasts and lasts. Styled for tomorrow, a new Ford keeps its value longer. And wonder of wonders, all this extra strength, extra beauty, extra length is yours at low Ford prices!

*Included is a special 270-hp Thunderbird 312 Super V-8 engine available at extra cost. Also, an extra-high-performance Thunderbird 312 Super V-8 delivering up to 285 hp.

Wise man say:
"Don't wait for TOMORROW when you can get it today!"
'57 FORD
See it . . . drive it . . . now!

Mr. and Mrs. Gene Lowe and family of Baileyboro were guests of Mr. and Mrs. Jack Lowe Sunday.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Recently W. E. Mouldenhauer, soil scientist, and Judd Morrow, grass specialist for the Agricultural Research Service, were in the Yoakum Soil Conservation District for the purpose of collecting grass seed. The seed they collected were from a native grass which is found occasionally in the sandy areas here. Sand bluestem is the name of this grass. Many people can recall seeing a great deal of this grass growing in the county a few years past. Sand bluestem is a tall growing grass which is very palatable to livestock, especially in the spring and early summer. This grass is found in large amounts with little bluestem in the famous Flint Hills of Kansas and Osage country of Oklahoma.

The seed were collected on Garland Swann's place northwest of Plains. The main reason Mouldenhauer and Morrow were so interested in this particular grass is its ability to cross pollinate. This characteristic produces many different varieties of the same grass. Some of the varieties noted in the grass collected from Garland's place were very fine stemmed and much more leafy than the ordinary sand bluestem. There

were some varieties which showed much more drouth resistance than the common variety.

The seed collected here will be planted in the experimental grass nursery in Big Spring, Tex. There it will be watched and the more promising types of the grass will be selected to be used for seed production. It is hoped some improved varieties will be available sometime in the future for reseeding certain types of native rangeland. There are several thousand acres of rangeland in Yoakum County which was originally covered with this and other types of tall grass. Now after many years of heavy stocking, burning, and drouth, all that remains is shinnery and inferior grasses. Shinnery now dominates the area and much of the rainfall is used by the brush rather than to support the growth of grass. These ranges will now carry only a fraction of the number of cattle which they would have carried if they were still in excellent condition. There is no quick, easy, or inexpensive remedy for this situation. About all that can be done to improve the conditions is to practice deferred grazing and proper use to allow any grass which may be present to regain its vigor and produce seed.

Sometimes old fields which have been planted to high producing grasses can be used to implement these practices. They can be used to pasture the livestock during the summer months while the native range is being deferred. Some ranges have deteriorated to the place where it will probably

SOIL SCIENTIST, MAPPING IN AREA, SAYS MUCH INTEREST BY FARMERS

Bill Dittmore, Soil Scientist for the Soil Conservation Service, who has been mapping soils in the Yoakum Soil Conservation District with the new Standard surveys, reports that the farmers he has talked to have shown a great deal of interest in the soils on their farms.

While on Bill Powell's farm southwest of town he was able to give him definite information as to the subsol, which would be brought to the surface if part of the farm was deep plowed.

The Soil Conservation Service changed from the Farm Planning soil survey to the National Cooperative Standard Survey since it is more complete and can be of additional use to the farmers in planning their operations and also to the other interested agencies.

The old type survey checked the depth of the soil to 20 inches and no more. The new survey checks the soil to a depth of 6 feet. This information can be very important in planning irrigation practices since we now have information concerning how rapidly each portion of the soil will take and store water. The permeability or ability of the soil to take water is important in irrigation efficiency since it helps determine the setting and most economical length of time between irrigations. Some of the factors which affect permeability of a soil are: Structure, special features such as roots and insect activity, and presence of lime.

Other information that the new survey gives is the kind of parent material the soil was made from, the stage of development of the soil, the color of each of the zones or horizons throughout the profile and the texture of all the horizons.

This is not a test to determine need for fertilizer since this requires a chemical analysis of the soil.

To Ag Meeting

W. M. Overton, Leo White, M. W. Luna and Tom Warren were in Seminole Tuesday morning attending an agricultural workers' meeting. This was a four-county meeting including Yoakum, Terry, Dawson and Gaines. The soil bank program was discussed.

Ready To Serve Your Ginning Needs . . .

D. C. NEWSOM GIN CO.

NOW OPEN FOR BUSINESS

on W. Broadway in DENVER CITY

As to better serve the majority of our customers, we have closed our Brownfield store in favor of our store now open for business in Denver City. Considering that 80% of our past year's business has been

with customers who are within a twenty-mile radius of Denver City, we felt we had an obligation to those customers to make ourselves more readily available to them. We offer the following services.

Sprinkler Systems

"SHUR RANE"

We have the know-how to plan and design a Sprinkler System correct in every detail for your specific individual needs. We use only quality products and material, and place special emphasis on correct design.

IRRIGATION PUMPS PEERLESS SALES and SERVICE

Complete PEERLESS Sales and Service, with emphasis on filling your particular needs properly. Highly-trained personnel to serve you.

DOMESTIC PUMPS JACUZZI DEEPRIME SALES and SERVICE

Featuring guaranteed Service Work on Jacuzzi and other jet pumps. A call will bring an expert service man to your trouble.

Oilfield Rental Pumps and SERVICE

Peerless Tubines and Hi-Lifts

Complete field service for oilfield drilling water supply. We can furnish all necessary equipment and installation.

Industrial Horizontal, Vertical Process Pumps, and Deepwell Turbines PEERLESS

We have a Graduate Engineer available for consultation. We invite you to talk over your Industrial Pump problems and needs with us.

We Combine Quality Products.. Superior Design.. Expert, Conscientious Workmanship . . . to Serve You BETTER

Your Complete Satisfaction Is Our First Consideration!

Well Developing and Testing

We use the best equipment available And . . . we put a competent man on the job who stays on duty until the job is complete. Proper know-how in well developing can mean a big difference in the amount of water your well will produce. An actual well test is made to determine the capacity of your well in gallons per minute.

**ACROSS THE
Catile Guard**

By LEO W. WHITE
County Agent

Yoakum County farmers seem to be well satisfied with the turnout of the crops this year. Never before have they been able to harvest a crop of cotton and feed under conditions that were more favorable than this year.

Cotton grades have been exceptionally good all during the harvest season and field yields have been far above average.

The cotton farmers did a good job of controlling insects during the fruiting season and when the cotton plant reached the stage where it needed more water there was a long dry spell and all the squares and small bolls were shed to allow the older fruit to mature. A large per cent of the open cotton was harvested before there was any rainfall to damage the sample. The farmers received a higher per cent of white samples this year than they usually get. Only 38 per cent of the 1955 crop was graded white.

The grain sorghum was not nearly as profitable a crop to grow as cotton but the yields on that crop were much better than is usually expected considering the amount of moisture that came during the growing season. I know of two farmers who made yields of 5,000 pounds of grain to the acre. Perhaps there are others that have made that much or more.

Paul Cobb planted one of the DeKalb hybrids on his irrigated farm southwest of Plains. His yield was 5,000 pounds per acre and I believe that he said the land was fertilized before planting. Henry May had about three strains of hybrid grain sorghum on his irrigated farm east of Denver City. His best yield is about 5,000 pounds per acre and that was the Texas Hybrid 650.

The thing to remember about hybrids is that there are several different hybrids that have been developed and they are identified by the developer and a number. All the hybrids that have been developed by the Texas experiment stations have been identified by the word Texas in front of the number. The number signifies the time required for maturity. The first two digits in the number is usually the number of days from planting to the bloom stage. Texas 590, Texas 601 and Texas 610 are the hybrids that mature early and are recommended for dry land farms. The slower maturing hybrid like Texas 650 and Texas 660 are higher yielders on irrigated land because they have more time to draw on the soil for the needed plant food which goes into the heavy grain.

I understand that seed dealers are taking orders now for hybrid grain sorghum seed. There will be enough seed for every farmer to have some hybrid seed but there may not be enough to fill out the orders. Most dealers will fill orders on a first come first serve basis.

**Mrs. Anne Green
Reveals Wedding
Plans of Daughter**

Mrs. Ann Green this week announced the forthcoming marriage of her daughter, Marceleta to LaVon Smith, son of Mr. and Mrs. Amos Smith. The wedding is to take place Dec. 2 in the home of Mr. and Mrs. Tate Jones near Floydada.

Miss Green is employed at the Plains Beauty Bar and is a graduate of Floydada High School. Mr. Smith is a graduate of Plain High School, where he played football on the Cowboy squad. He now is employed by the Texas Highway Department.

The ceremony will be a double-ring informal affair and the Rev. T. B. Armstrong of Floydada will officiate. Katie Hollums of Abilene is to be bridesmaid and Duain McDonnell will be best man. The couple plans to make their home in Plains.

Mr. Odus Lusk and son, David, and Mrs. Oddie Bookout spent the weekend in Vincent visiting with Mr. Lusk.

Mr. Earl Robinson is in Weatherford this week on business.

Mr. and Mrs. Wilford Ham spent Tuesday night in Canyon with their son and family, Mr. and Mrs. Don Ham. They then went on to Farmington, New Mexico on business.

Mr. and Mrs. Bobby Briant of Lubbock were week-end visitors of Mrs. Briant's sister and family, Mr. and Mrs. D. C. Newsom, Jr.

**W.S.C.S. Meets at
Cleveland Home**

The Womens Society of Christian Service met in the home of Mrs. Glenn Cleveland Nov. 7 at 7:30 p.m. Mrs. Pete Smith gave the devotional and Rev. R. H. Meixner gave the study on the book of Romans: "The Message of the Church."

Mrs. H. F. Barns, president, conducted the business meeting. The hostess served a refreshment plate to the following members: Mmes. Pete Smith, Jesse Hale, Kenneth Hale, H. F. Barns, James Warren, Leo White, R. H. Meixner and Rev. R. H. Meixner.

The W.S.C.S. ladies are selling Christmas cards in order to help buy a new piano for the Methodist Church. Anyone wishing to see the samples of cards may call Mrs. Kenneth Hale or the Methodist Parsonage.

The following young people attended the Methodist Youth Fellowship in Levelland Monday night: Jim Warren, Harmon Meixner, Butch Hawkins, Karen Randolph, Marsha White, Oneta Jo Meixner and Sue Bookout. They were accompanied by their pastor. All had a very enjoyable time.

**1 DEAD, 2 HURT IN
TRUCK WRECK ON
DEAD MAN'S CURVE**

Three were injured, one of them fatally, when the pickup truck in which they were riding turned end-over-end on "Dead Man's Curve" southwest of here Saturday night.

Succumbing Tuesday was H. M. Shirley, 66, of Seagraves. A Hobbs physician said Shirley suffered a broken neck in the smashup which occurred on State Highway 32.

Also injured were Olen Kirby Oliver, 51, of Lamesa, who was driving and his brother, Grady L. Oliver, 58, of Seagraves. The driver suffered a broken collar bone and three broken ribs. His brother was "shaken up" in the accident. All three were hospitalized at the Lea General Hospital in Hobbs.

State Police Sgt. Nolan Utz said the vehicle must have had "too much speed" going around the curve as it knocked down eight luminous reflector signs as it left the pavement.

Plains Trio Goes To Baptist Meet

The Rev. and Mrs. C. J. Coffman and Mrs. L. O. Free attended the 71st annual session of the Baptist General Convention of Texas November 6-8 in Corpus Christi.

There were approximately 10,000 persons attending. The convention adopted the largest budget in its history. It is for \$10 million and will have to be met by 3,700 churches in Texas.

Dr. E. Hermand Westmoreland of Houston was named the new president of the convention.

Legion Projects Bring In Money

The American Legion made about \$88.00 over the past weekend from two projects. The organization made \$37 from the sale of Buddy Poppies, and \$31.53 from the pancake supper and bingo party held in the Legion Hall last Saturday night. Glen Morehouse sold poppies in Denver City last Saturday for the Legion. About 40 persons attended the bingo party. Mrs. James Warren won the grand prize of a blanket.

Bennett

(Continued from Page 1)

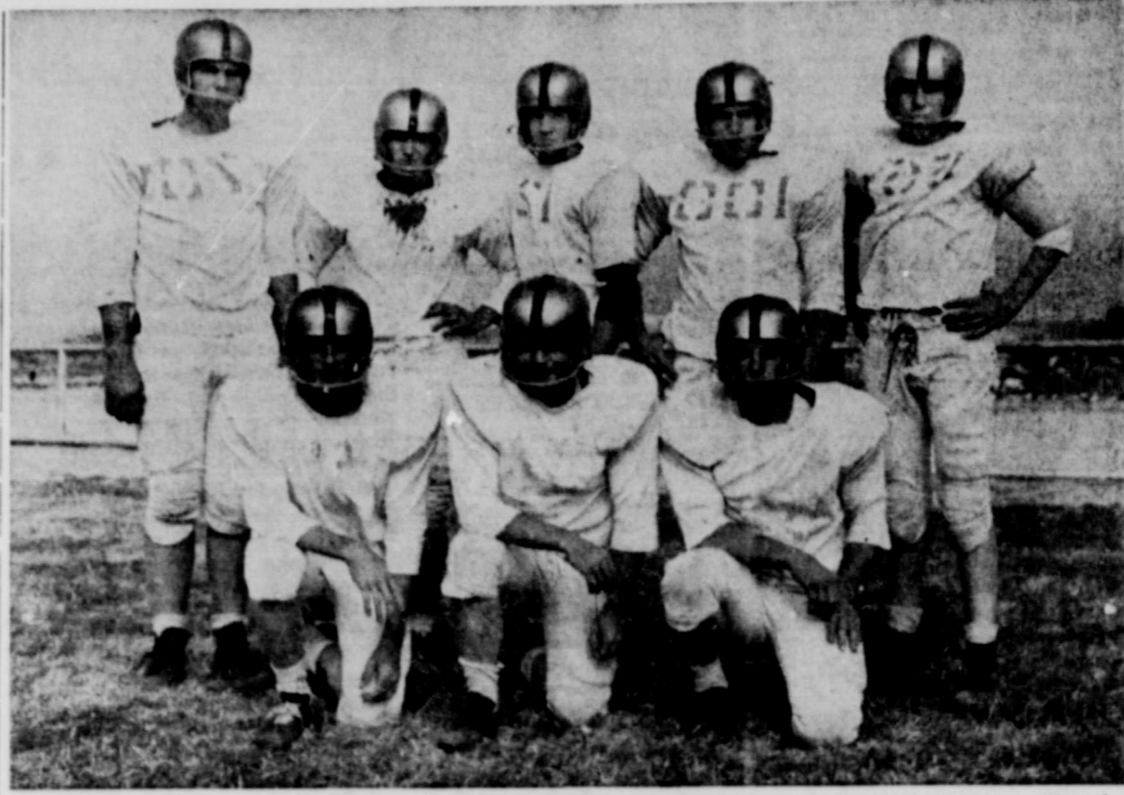

Bennett. His ranch was ordered put up for foreclosure sale. But other events had been shaping themselves. An oil well was being drilled on the ranch. The drillers had decided to stop, but Bennett offered them an increased interest to drill another 500 feet.

On the very day that the ranch was to be foreclosed, the drillers—down another 250 feet—struck oil at the edge of what was to be the big Bennett oil field, first major oil field in this area. The famous Wasson pool nearby was brought in later.

After his wife's death, Bennett sold his home in Lubbock and lived with his children. Prior to entering the hospital last month, he had been living on the old home ranch with his son, Gene.

Bennett liberally shared the wealth which resulted from that first strike of oil. He was a benefactor of Abilene Christian College, to which he gave two and one-half sections of land in 1929. He later gave oil royalties to the college and the income amounted to several hundred thousands of dollars to the institution.

Bennett Gymnasium at ACC was built with funds obtained from the oil land. College officials today figure the remaining wealth from Bennett's gifts at \$1 million.

IN FINAL GAME FOR COWBOYS—Eight members of the Plains Cowboys will don the gold and black for the last time Friday night, as they meet the Sundown Roughnecks at Sundown. All seniors, they have played standout ball for the Cowboys. Front row, left to right, are Douglas Payne, Tony Baker and Geane James. In the back row are Gerald Kennedy, Kenneth Blount, Harold Smith, James Overton and Dallas Powell.

Mrs. J. P. Robertson had as guests Thursday J. P. Posey and daughter Addie Lou Williams of Lubbock

High School Press Association Is Aim

Students and teachers of 143 South Plains schools will meet in Lubbock at Texas Tech to discuss the possibility of forming a West Texas High School Press Assn., according to an announcement of Wallace E. Garets, Tech journalism head.

Each school sending representatives has been asked to limit its group to 10. Garets emphasized, however, that any school in Texas or neighboring states was welcome to attend.

Mideast Tour
(Continued from page 1)

Zion, Jordan River, the Sea of Galilee, and saw many human interest pictures of the natives of these countries.

On the return to the USA there was a visit to Istanbul, Turkey where McKnight said that he had breakfast one morning in Iceland, and had breakfast the next morning at his farm at Hale Center. At the conclusion of the tour Coach Robertson was selected by the student body to go to the stage and model native Arab garments.

The program was well received by students and faculty and McKnight has consented to appear on the Lions Club program Thursday. Each evening at the Hillside Church of Christ at 7 o'clock he is telling the Bible story while showing on the screen pictures of the places where Bible history was made.

Last evening concluded the story of the Old Testament and tonight he will begin the story of the New Testament with the lectures on the birth and life of Christ. The public is cordially invited to this series of lectures
