WOULD HAVE BEEN PROUD OF OUR SENIORS

Benjamin Franklin was a man of many interests ... a. seeker-of-truth in many fields. During his lifetime he pussued knowledge relentlessly.

For all of the honors he won, "Poor Richard" remained a man of much simplicity. He knew, and was known by. the rulers and leaders of many nations; yet his greatest delight was to know and talk with eager young people who, like himself, always sought the truth.

Our feelings are much the same as Mr. Franklin's ... so it is with great pleasure that we extend our best wishes
