County nixes library district idea

STATE CHAMPION SPEAKER—Norma Trigo, Dimmitt High School senior, is the state champion in informative speaking after three days of stiff competition at the State UIL Literary Meet in Austin. She outscored seven other finalists with her seven-minute talk on "Who is Paul Volcker and What Are His Policies?"

Dimmitt girl wins state speaking title

Dimmitt High School senior Norma Trigo, daughter of Mr. and Mrs. Alejandro Trigo, is the state champion in informative speaking.

Her title came after three days of tough competition at the State UIL Literary Meet in Austin last week.

Trigo spoke four times during the competition. Before each talk, each student competing drew three subjects from which to select a topic. They were then given 30 minutes to prepare their speeches.

Trigo spoke on "What are the challenges that face Nigeria?" "How stable is the Juan Carlos democracy?" and "Discuss the new proposals being discussed for the American education system."

FFA youths win top area awards

Three local FFA youths won major awards at the Area I Future Farmers of America convention Saturday and Sunday in Amarillo.

Kennen Howell of the Dimmitt FFA was named the area's Star Greenhand.

Selection for the top freshman award is based on supervised project programs, leadership and other activities.

Greg Odom, also of Dimmitt, was selected as the Star Chapter Farmer of Area I.

Area I includes the entire Texas Panhandle, plus the Plains area south to Lubbock.

Rodney Kleman of the Nazareth FFA was one of three recipients of a \$6,000 scholarship at the convention.

Those receiving approval for their Lone Star Farmer degrees at the convention were Shane Smithson and Jerri Ka Clark, both of Dimmitt, and Kent Hoelting, Dale Hoelting, Lester Backus, Terry Brockman, Pierce Brock-

The Castro County Commissioners' Court Monday nixed the Dimmitt Board of Aldermen's suggestion to create a taxing district for funding Rhoads Memorial Library.

City Alderman Wayne Collins asked the county board members to consider a new taxing district or to make other suggestions for library funding alternatives.

"It doesn't seem necessary to have a taxing district for a free public library, since the county commissioners already have authority to tax county residents and fund the library," County Attorney Jimmy Davis said, adding that the county has authority to handle all library costs and to call a bond issue, if necessary.

Creating a library taxing district, similar to the hospital district, would cause unnecessary spending, Davis said.

Last month, the Dimmitt aldermen gave a six-month notice of intent to cancel the city's contract with the county

for 50-50 funding of the public library. Last week, the aldermen mentioned the possibility of setting up a library district.

"The whole thing has been blown out of proportion," Alderman David Hays said. He added that the aldermen may have mishandled the situation, but that he thought the news media was also to blame for misunderstandings.

Hays pointed out that a taxing district would be a more permanent way of funding and that the future of the library would be more secure. "We have to keep the library going," Commissioner Al Maurer commented, but he said that a taxing district would be an additional tax.

Commissioner Ed Bennett expressed concern that federal Revenue Sharing funds to cities and counties will run out in the near future.

Present library funding is working "as long as the Revenue Sharing funds keep coming in," Hays said.

The aldermen said they want to maintain a good

relationship between the city and the county governments.

Library Board Chairman Susan Hanners said that the library spending had been "frugal" and she apparently thought the county and city had been getting their money's worth.

"They've done real well with what they have," Commissioner Edd Wilson said.

The commissioners leave most of the responsibility for the library to the library board, Bennett said.

Alderman Fred Annen said that many city residents have expressed concern that they are presently having to double-fund the library by paying both city and county taxes for the library.

Maurer said that the city had double access to the library, though.

"Taxpayers are still going to have to pay," Bennett said, adding, "There's no reason to have another taxing district since the county already has the authority."

In other business, the county governing board:

—Nominated new members to serve on the Child Welfare Board. They are Joyce Rice (Pct. 1), Pat Bagley (Pct. 2), Billie Kirby (Pct. 3) and Helen Steffens (Pct. 4). Other members of the board include Joan Clevenger (Pct. 1), Linda Maxwell (Pct. 2), Mary Behrends (Pct. 3), and Chairman Angela Acker (Pct. 4).

—Approved Tommy Stewart as the new County Juvenile Probation Officer, effective May 22. He will serve both Castro and Swisher Counties, under Supervisor Jack Driscoll. He will be in this county on Mondays and Fridays.

—Changed the Board of Equalization's date to meet as July 13, from 2 to 5 p.m., instead of June 16.

—Changed the next Castro County Commissioners' regular meeting to 10 a.m. Tuesday, May 26, since Monday, May 25, will be Memorial Day and the courthouse will be closed.

DHS Singers earn 'excellent' mark

The Dimmitt High School Singers earned an "excellent" II rating for their performance Friday at the Tri-State Music Festival in Enid, Okla.

The choir sang the madrigal, "Springtime Mantleth Every Bough," by Thomas Morley and the modern piece, "Blow, Blow, Thou Winter Wind," by John Rutter.

Soloists Jacquie Washington, Ginny Guy and Deanna Mullin earned "superior" I ratings, and soloists Rena Moore, Tammy Stanford and Janis Hutcheson were given "excellent" II ratings.

"We didn't have all of our choir members, yet we did an excellent job," Choral Director of Doug Henry said, adding that of the 18 members who sang the four and five-part

music Friday, only three were males.

"One of our pieces was an All-State number from last year's list. It was a very difficult piece," he added.

The choir, its director and two sponsors traveled by charter bus for the first time.

Students viewed other high school choirs and show choirs in performance and attended the Tri-State Musician's Dance. Those who wanted to went bowling and swimming.

The students spent several hours at the Omniplex/Kirkpatrick Center and Planetarium in Oklahoma City. The science and technology museum is the Southwest's largest.

"The choir was very well behaved on the trip and displayed exceptional responsibility," Henry said.

DHS choirs will present concert today

The Dimmitt High School Singers will give their spring concert during a 10:10 a.m. assembly in the high school auditorium today (Thursday). The Show Choir and several soloists will also perform.

DHS Singers will perform nine or ten pieces, including the UIL and Tri-State contest pieces. Six soloists and three duets are presently scheduled during the performance.

The Show Choir will perform "Listen to the Music," "Can You Read My Mind," "When Will I Be Loved," and "Can't Stop the Music."

This will be the first time for the high school choirs to have a concert for their fellow students.

The public is invited to attend the concert.

Former scholar-athlete drowns on river outing

A canoe-and-kayak outing ended in tragedy last Thursday when Jodie Minnick II, 22, drowned in the Pecos River in Southwest Texas.

The former Dimmitt High School scholar and athlete was on a four-day river cruise with friends when the fatal mishap occurred near Comstock, in Val Verde County.

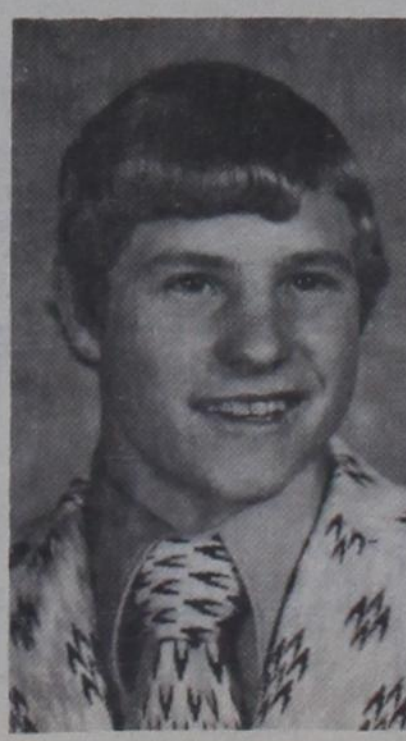

According to reports, the boaters were putting in to shore on the second day of their trip, with several persons "walking" a canoe toward the river bank when one became separated from the canoe and was carried downstream. Minnick went after him.

The two apparently had reached a safe pool downstream when Minnick suddenly disappeared, witnesses said.

After a frantic search, the party called for help. Divers, pilots and rescue teams from as far away as Midland and

Dallas joined in the search, which was coordinated by the Dept. of Public Safety, Park Service and Val Verde County Sheriff's Office.

Nazareth High School has announced its honor graduates for 1980-81.

Band concert to be Tuesday

All of the Dimmitt Bands will perform for the public Tuesday evening beginning at 7:30 in the high school auditorium.

Dimmitt High School's Bobcat Band of 150 members will perform four concert pieces. They are "Tango for Band," "Concert Variations," "Night Train" and "Panorama USA." Ralph Smith will direct his band.

The Junior High Band, also under Smith's direction, will perform "Three Gates of Gold," "Trumpet Jets" featuring a double trio of cornets, "Morning After" and musical highlights from "The Music Man."

The Fifth Grade and Sixth Grade Bands also will perform, under the direction of Phil Jackson.

The fifth graders will present "In the Sanctuary," "The Crusaders" and "The Streets of Laredo."

The sixth graders will present "Chapel Chimes," "Minka, Minka" and "Turkish March."

The complete program will last about 75 minutes, according to Smith.

Perry Brockman is the valedictorian, with a four-year grade average of 95.06. He is the son of Mr. and Mrs. Cyril Brockman.

Dale Hoelting is the salutatorian, with a grade average of 94.01. He is the son of Mr. and Mrs. Cecil Hoelting.

Rodney Kleman is ranked third in the class with a grade average of 93.75. Randy Huseman is the fourth-ranked graduate with a grade average of 90.

The valedictorian has also distinguished himself in athletics as a member of the state championship boys' doubles tennis team his junior year.

He competed at the district level in UIL ready writing, number sense and parliamentary procedure. He served this year as treasurer of the senior class and as treasurer of the school's FFA chapter.

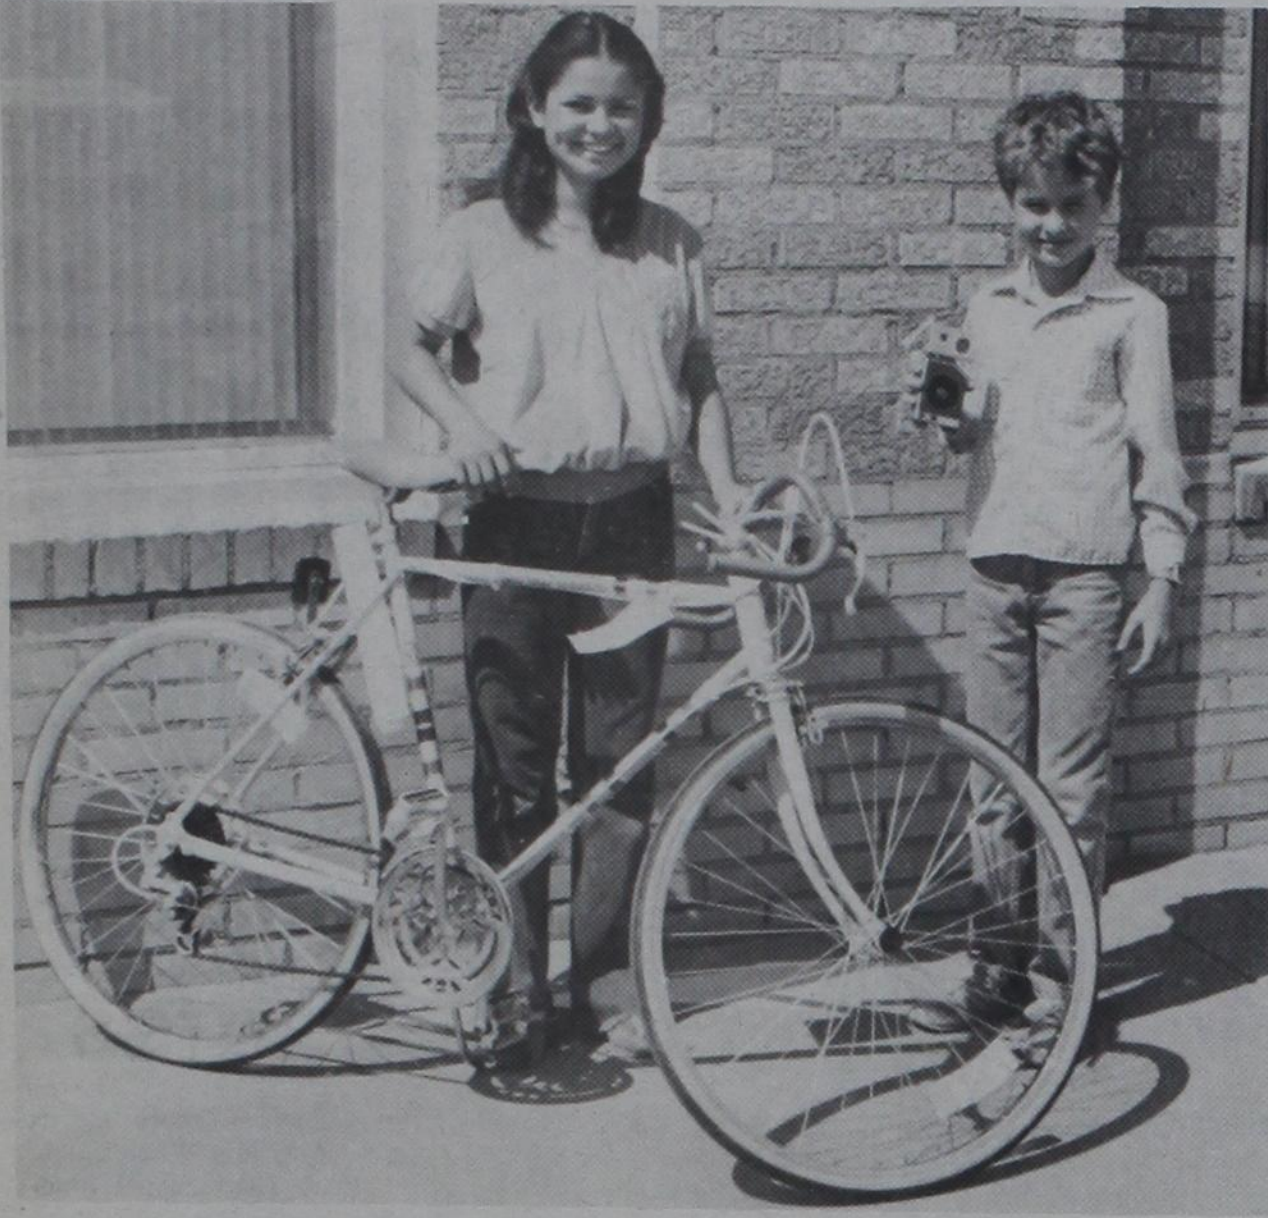

Brockman has been named to Who's Who Among American High School Athletes. He was a delegate to American Legion Boys State and the Texas Farm Bureau Citizenship Seminar. He is a member of the Catholic Youth Organization.

The salutatorian also earned state honors in UIL literary events, FFA competition and athletics. He has been named to Who's Who Among American High School Students and America's Outstanding Names and Faces.

Letters to editor add spice to everyday events

The chance to express one's views to the world through letters to the editor remains one of the greatest satisfactions that can be enjoyed for the price of a postage stamp. Postmaster Bill Sava contends.

Consider — even if you don't feel strongly about pigeons, one way or the other — how the writer of the following letter, addressed to the editor of the Chattanooga Free-Press, as reported in Reader's Digest, must have felt:

"Dear Sir, "Congratulations to the mayor on his stand against the poisoning of the pigeons in the city. I hope the pigeons fly over the mayor in formation and shower him with their blessings."

Emma Williams

The practice of writing letters to the editor of newspapers goes back to the early days of American journalism and has since been expanded to include both print and broadcast media. Nearly all encourage and welcome the views of their readers, viewers and listeners, and offer free space or time in the public forum.

Columnists thrive on mail. Some, like Ann Landers, exist on it. The Chicago Sun-Times, her home base newspaper, reports that she averages about 1,000 letters a day.

One exchange between Ann and her readers was recently reported in the Wolf Magazine of Letters:

"Dear Ann: "I know you don't give financial advice, but how about a word or two: Has the gold market seen its high? What about silver? How about copper? Just drop a hint, please."

Three Blind Mice "Dear Mice," replied Ann. "The only sure way to double your money is to fold it over and put it back in your pocket."

As a fact of journalistic life, editors cannot come even close to printing all the letters they receive.

But, brevity helps. In 1973, when Britain's supply of oil was down to about 65 days, a reader wrote The London Times: "Sir, Can't an Arab princess be found for the Prince of Wales?"

Often letters to the news media provide tips worth following up, or bring serious problems to light. Sometimes

they may even get an editor to change views. Somewhere along the line, they even are credited with promoting readership.

Before World War II, a resident of Pittsburgh wrote a letter to the New York Times offering a reward of one million dollars for Adolf Hitler "dead or alive." That letter became the basis for news stories in papers around the world.

Sava said the US Postal Service has some suggestions for would-be letters-to-the-editor writers. They come from "All About Letters," a booklet published by the Postal Service in cooperation with the National Council of Teachers of English. The booklet advises:

BE PREPARED — Read letters already published, particularly those that grab your attention. Ask yourself why, and be guided accordingly.

BE BRIEF — Get to your point quickly, and say what you think, preferably in the first few lines.

BE RELEVANT — Stick to your point.

USE MODERATION — Don't gush, rage, or whine.

EMPHASIZE FACTS — They'll make your opinions more credible.

Are you buying or sewing a new outfit for every invitation you accept — or at least does it seem like you should?

Here's a better way: the 1981 "Super Successful" Wardrobe Plan — from Ann Vanderpoorten, a clothing specialist, who admits she sympathizes with the "new-outfit syndrome." At least her plan is more economical and less work, she says.

Ms. Vanderpoorten is on the home economics staff of the Texas Agricultural Extension Service, the Texas A&M University System.

To start your own 1981 "Super Successful Wardrobe Plan," first try on all your favorite clothes. With each one, ask yourself these questions:

Why do I like this?

How often do I wear it?

What does it say about me?

Answers to these questions will be the guidelines for your wardrobe plan.

To reinforce the guidelines, next examine the clothes you haven't worn much. What do you dislike about them? Are they unattractive on you? Perhaps they don't express your personality or fit your lifestyle. These are important factors.

Each item in your wardrobe should reflect your own special look.

You should be able to mix and match some items for maximum wardrobe flexibility.

In planning your wardrobe, have one or two very special items for parties or other functions — and just to make you feel super.

In considering wardrobe additions, decide how long you will need to wear certain items. Suits and coats usually manage to remain in the wardrobe the longest time. Of course, that's because we usually spend more for them. Knowing this, you might want to buy or make a coat one year and a suit the next year — to "even out" the cost.

A wardrobe plan helps you do all this.

Part of the wardrobe plan involves trying on new fashions and new colors — each season — to decide which you like and can wear to best advantage. Even if you plan to sew them at home, you can determine appropriate fashions and colors by trying on ready-to-wear items.

Keep your closet orderly so you can see exactly what you have.

Discard items you haven't worn in two or three years, or turn them into 1981 "makeovers" that do express your personality and fit your lifestyle.

As you go through your current wardrobe and throughout the year as you plan changes and additions, try to get the best that fashion has to offer.

Remember, always plan to look your best every day in your own individual way.

Finally, Ms. Vanderpoorten's plan offers a guarantee: If, by December, your 1981 "Super Successful" Wardrobe Plan has worked, you'll have no trouble designing one for the rest of your "life styles."

IN August, 1974 a man in Eastport, England harvested a five pound tomato he had grown. When asked the secret of his creation, the man said that every day he put earphones around the tomato and played stereo music to it.

agri-facts

Though not as much an indicator of health as in people, temperature (soil temperature at planting time) does definitely influence how healthy the corn harvest will be. Corn germination, nutrient absorption and growth are all affected by the temperature of the soil. Seed germinates better in warmer soils; therefore, early-planted corn is usually planted in a shallow depth where the soil is warmer. Among the factors farmers must consider to determine soil temperature are: soil moisture and vegetation cover (wet or covered ground warms slower and stays cooler); soil color (dark absorbs heat faster) and texture (light, sandy soil heats faster than heavy soils); and, air temperature. All these elements combine to warm or cool the soil - affecting root growth and direction, time of germination and even absorption of fertilizers and herbicides... just one more thing for farmers to be experts on - while feeding and clothing the world.

Save energy on your lawn

Energy-conscious homeowners can take steps to reduce the energy demands of lawn care without lowering lawn standards.

"While lawns offer many aesthetic and recreational benefits, these may be offset by energy requirements of lawn care," says Dr. Richard Duble, turfgrass specialist with the Texas Agricultural Extension Service, Texas A&M University System.

"Mowing, watering, fertilizing, controlling pests and disposing of leaf clippings are all energy-consuming requirements of lawn care. During spring and summer months, watering the lawn and collecting and disposing of grass clippings place a heavy burden on cities for these services. Grass clippings account for more than 30 percent of total trash collections in some cities during spring and early summer,"

notes Duble.

He offers several lawn maintenance practices to help homeowners reduce these energy demands. Reducing fertilizer applications to maintenance levels - two to three pounds of actual nitrogen per 1,000 square feet of lawn per year - will go a long way toward reducing energy demands. (That's 20 pounds of a fertilizer containing 10 percent nitrogen.) Applying only maintenance levels of nitrogen to lawns can reduce mowing requirements, water use, insect and disease problems, and grass clippings.

"Excessive fertilization is the single most important factor contributing to high energy demands for lawn care," contends Duble.

Other lawn care practices to reduce energy demands include returning or composting grass clippings. Using a

mulching mower can be beneficial if grass clippings are not composted, says the specialist.

Also, adopting proper watering practices to reduce water use can save energy.

Reducing pesticide use to only essential applications to prevent loss of turf is another energy-saving practice.

Duble advises new homeowners to select and plant adapted, low-maintenance turf-grasses to reduce energy demands. Centipedegrass is ideally suited to East Texas while buffalograss is adapted to much of West and North Texas. Both of these grasses have low maintenance requirements, yet provide a satisfactory turf cover for lawns.

In some situations ground covers such as Asiatic jasmine, English ivy or Liriope can reduce maintenance requirements effectively

without sacrificing the benefits of a plant cover. In heavily shaded areas and on steep slopes, use these ground covers in place of grasses.

"It is possible to enjoy the luxury of an attractive lawn and landscape," contends Duble, "without excessive energy requirements. In fact, the net energy balance for a lawn can be in favor of energy conservation."

DISD board hears convention reports

The Dimmitt School Board Monday heard comments from those who attended the National School Board Convention in Dallas last month and dealt with many end-of-the-year necessities.

Voting Delegate Deanne Clark and Trustee Don Gregory reported that the seminars they attended stressed the importance of evaluation and goal setting.

The convention was "very interesting," Gregory said, adding, "We don't have any problems here" in comparison with problems in other school districts throughout the nation.

Others who attended the national meeting were Business Manager Gene King, Supt. Robert Ryan and Board President Charles Wales. The trustees' spouses attended separate sessions conducted especially for them.

In other business, the school board:

—Decided to sponsor a tennis clinic for June 8-13. The board will hire Joe King to teach the classes, to be held on the tennis courts located at the high school.

King's salary will amount to about 75 percent of the tennis fees collected by the school district.

—Set the annual Faculty Awards Banquet for 8 a.m. May 29.

—Awarded contracts for the 1981-82 school year for milk to Plains Products and for bread products to Mrs. Baird's Bakery.

—Tabled a decision on gasoline bids until the bids include a fluctuating clause. The bids previously submitted included an escalation clause but did not allow for any decrease in prices. Bids for butane are presently circulating.

—Approved the Board of Equalization meeting time and date - 2 to 5 p.m. July

13, in the Appraisal District office. Those serving on the Board of Equalization are Jim Elder, Ed Mc Leroy, James Bradford and alternate Joe Cowen.

—Adopted an ordinance to change the tax assessment rate from 65 to 100 percent of the appraised value, as dictated by the state.

—Adopted a resolution to continue taxing automobiles.

—Heard a report that work on the high school gymnasium floor has begun.

—Discussed the numerous crusades and campaigns for organizations that use children to collect donations. Board members resolved to limit school-related campaigns whenever possible.

Miss Brockman named to WTSU foundation

Cyrilla Brockman, daughter of Mr. and Mrs. Cyril Brockman of Nazareth has been selected as a new member of the WTSU Student Foundation, a student leadership organization.

A total of 62 members including 37 new members, has been chosen for the 1981-82 academic year.

To be eligible for membership in the WTSU Student Foundation, a student must have maintained a 2.0 grade point average on a 4.0 scale, have been enrolled at WTSU for at least one semester, exhibit leadership abilities and have been active in other campus organizations and activities.

New members are selected on the basis of application and an interview.

The group annually hosts the "Campaign for WTSU," a phone-a-thon to encourage scholarship funds from alumni and friends of the university, which raised \$38,000 in

pledges last fall, and the Buff Boat, a senior weekend for college-bound high school seniors from a five-state region.

Students, families visit over weekend

By Mrs. Owen Andrews
Here to visit the Ted Caro family for a few days was his mother, Mrs. Pauline Caro of Van.

Mr. and Mrs. Fred Arnold of Arkadelphia, Ark., visited their daughter, Mrs. Norman Harder and family, during the weekend.

Mr. and Mrs. Frank Robbins and Scott spent the weekend in Lubbock with their son, Steve, and his wife Kristi and their baby daughter, Lauren.

T. J. Robbins of Olney, son

of the Jerry Robbinses, came home with his maternal grandparents, the Mike Bradfords of Hereford, last weekend and will also spend part of the week with his other grandparents, the Frank Robbinses.

Patty Robbins of Dallas will be home sometime this week to spend a couple of weeks with her parents, Mr. and Mrs. Frank Robbins. She attends college in Dallas and is working toward a degree in nutrition.

Cay Zetsche will be home for the summer early this week. She leaves next weekend for a summer at Estes Park, Colo., where she will work with the "Y of the Rockies" hosting for a vacation park. The job lasts most of the summer. She is the daughter of the George Zetsches and the granddaughter of Mr. and Mrs. Owen Andrews.

Mr. and Mrs. Earl Harkins visited both their parents, the

F. B. Harkinses and the Felt Pattersons, in Plainview Sunday. The Russell Harkinses also went with them.

Here for the Mother's Day weekend with Rev. and Mrs. Gene Tone and Tim were the Tone daughters. They included Mrs. Wid Powell, with her husband and children, Chris and Holly, Cherie Tone and Melody Tone, all of Odessa. Mrs. Tone went to Odessa the first of the week to visit her parents, Mr. and Mrs. W. C. Alford. Her father is in poor health. Melody Tone is to come home with Mrs. Tone to visit a couple of weeks before returning to Odessa for summer school.

Mr. and Mrs. Earl Reno of Midland spent the weekend with their Mobley family members here.

Grady Manley, who died Monday night of last week, had lived with his wife, Benavie, and the two younger children, Troy and Linda, in this community for several

years. They farmed and lived on the old Bolinger place, and were active in church and community activities.

E. H. Little of Texline was surprised by a group of their Robbins kin with a party Sunday in honor of his birthday. Going from here were Weldon and Betty Stephan and Chad, Frank and Ruth Robbins and Scot, Lyla Mason, Pat and Susan Robbins and children, Randy and Paige. Jill and Danny Morrison and daughter, Hailey, of Dumas, also were in the group. They all attended church at First Baptist in Texline, where the Littles are active.

New grandparents in our community are Mr. and Mrs. Charles Springer. Their son-in-law and daughter, Chris and Kristi Cabbiness, are the parents of a baby girl, Carri La Shelle, who weighed a little over five pounds. She was born April 28 in the Hereford hospital. Paternal grandparents are Mr. and

Mrs. Charles Cabbiness. Chris and Kristi and the new little one live at Canyon. Great grandmothers are Mrs.

Grace Tinnin and Mrs. Annie Springer of Dimmitt.

SeedTec sunflowers make the most of a little water.

Here in the High Plains of Texas, a little water has to go a long way. But now, you can make the most of a little water by planting SeedTec sunflowers, the drought-tolerant crop that thrives in hot, dry weather.

world demand for sunflower oil is high. So sunflowers offer excellent profit potential.

Cut nutritious silage from SeedTec sunflowers.

SeedTec sunflowers make great silage, any way you cut it. In fact, sunflower silage contains more protein and fat than corn or sorghum silage. Yet sunflower silage costs less to produce.

Cut your irrigation costs and conserve water.

By planting SeedTec sunflowers now, you can cut irrigation costs and conserve one of your most valuable resources—water. With only one or two waterings, your SeedTec sunflowers can have the moisture they need for excellent performance. Compare that to the expense of irrigating corn or sorghum, and you'll see why SeedTec sunflowers are the logical alternative to high pumping costs and dwindling water supplies.

To make the most of a little water this year, call your SeedTec dealer today.

Cut your total production costs.

On irrigated land, sunflowers cost less to produce than corn, cotton or sorghum. And while sunflower production costs are low, the

GSPA reports

CCC agrees to hold part of dumped corn

Commodity Credit Corporation will not sell 23 to 25 million bushels of the government owned corn that is now stored in the Texas High Plains. This volume has been designated for use in disaster programs only.

Grain Sorghum Producers Association (GSPA) received this news May 5 after months of negotiations between the two groups. Sorghum area congressmen and Texas Corn Growers Association have also expressed concern as to the effects upon High Plains grain prices, if CCC were to sell the entire 52 million bushels that were shipped into the heart of the grain sorghum area. This corn was shipped from the

northern corn belt with the government paying all costs of transportation in relocating the grain.

GSPA Executive Director Elbert Harp met with the top USDA officials May 2 in Washington, D.C. He reported that he was assured at that time that USDA would do everything possible to keep its sales from affecting the market. GSPA contends that exporting the grain is the best way to protect the High Plains grain market.

USDA argues that it would be too expensive for it to pay freight into the export markets. GSPA officials believe this disregards the fact that the CCC paid the freight while shipping it into West Texas. No decision has been announced on what the disposition policy will be for the balance of the corn that CCC

has stored in West Texas. Harp commended the USDA action, which seals the 25 million bushels for disaster

use only. He added, "We are continuing our work with them as they develop a favorable policy on the balance."

Childhood Cancer
Children with cancer have a greater chance of living a longer life today than ever before. The American Cancer Society reports that more than 75 percent of the young cancer patients in the U.S. are being effectively treated, compared with less than 25 percent in 1971.

Insects of interest
Army cutworm moths are now common here

By ALLEN KNUTSON
Extension Entomologist
Many people would enjoy escaping our hot summer months for the cool Rocky Mountain air. An insect called the army cutworm does just that.

squeeze through very small cracks. Army cutworm moths do not harm clothing or other goods, and pose no threat to gardens or crops now. They will soon be off on summer vacation.

The adult stage of the army cutworm is a moth or miller. These moths are now very common around lights at night. They often become a nuisance as they enter the home and fly about lights. The inch-long moth is dark brown to black with two gray spots on each forewing. It rests with the wings folded across the back, and often hides during the day in and around the home near lights. Large numbers often appear in May.

OF the more than 1100 operas, symphonies, sonatas, serenades, and concertos written by Austrian composer Wolfgang Mozart, only seventy were published during his lifetime. He died in 1791 at the age of thirty-five.

Shortly after emergence, the army cutworm moths fly to the Rocky Mountains, probably to escape the hot summer. There, they feed on flowers and shrubs, returning to the Plains in the fall. Eggs are then laid in fields. Emerging larvae feed on grasses, wheat and alfalfa during the winter. Army cutworms may become pests in the spring if large numbers are present in these crops. Larvae transform to adult moths, which emerge in May.

Moths can be kept from homes by keeping doors, garage doors and screens tightly closed, and reducing lights. However, moths often enter through vents and can

Nothing beats the smoked flavored taste of something from the grill... and no grill can beat the fun, convenience and economy of a versatile gas grill.

Gas Grilling is versatile
You can sizzle a steak, grill a burger, smoke a ham, barbecue a bird, roast an ear of corn, bake a potato. You can cook many different foods a variety of ways, many at the same time on a versatile gas grill.

Gas Grilling is delicious
You get that great outdoor smoked flavor without the charcoal mess. No lighter fluid is needed and a gas grill requires very little clean-up. There's no wait either because gas grills reach cooking temperature... fast.

Gas Grilling is economical
You can cook a full family meal for just pennies. Gas grilling costs less than a third of what it would cost on an electric grill and less than a tenth of the cost for charcoaling. A national survey proved it.

Gas Grilling is cooler
It keeps the heat out of the kitchen so your air conditioning won't have to work so hard. That's important during the summer... plus a gas grill is the perfect meal-maker for any season of the year.

And, Gas Grilling is now 20% off!
Buy now and you'll save 20%. The purchase price has been reduced 20% but only until August 1, 1981... and you have eight styles and sizes to choose from, with all the features to make grilling fun, convenient and economical.

George Howell

George Howell

George W. Howell, 45, well-known youth worker and sports booster, died at 1:20 p.m. Friday in Lubbock's Methodist Hospital following a series of heart attacks.

Funeral services were held Sunday at the Idalou Church of Christ with Dale Wells, minister of the Fourth and Bedford Church of Christ in Dimmitt, officiating.

Burial was in Idalou Cemetery, under the direction of Carter-Adams Funeral Home of Ralls.

Mr. Howell was born in Idalou Aug. 29, 1935, and married Marie Ward Feb. 7, 1957, in Idalou. He served in the US Air Force from 1957 to 1960.

He moved to Dimmitt in 1967 from Idalou. He was the manager of the Higginbotham-Bartlett Co. here.

He was a long-time Little League and Minor League umpire and coach, a former Dimmitt Cubmaster, and former president of the Dimmitt Athletic Booster Club. He was a deacon of the Fourth and Bedford Street Church of Christ, where he taught Bible class.

Survivors include his wife, Marie; two sons, Gregory M. of Idalou and Jeffery of the home; a daughter, Mary-Anne, also of the home; his mother, Leonora Howell of Idalou; a brother, L. E. Jr. of Seminole; and two sisters, Inez Terry of Lubbock and Velma Rhodes of Idalou.

Jodie Minnick II

Funeral services for Robert Jodie Minnick II, 22, were held Sunday at 3 p.m. in the First United Methodist Church of Dimmitt with Rev. Howard Quiett, pastor, officiating, assisted by Jerry Schaeffer of Dimmitt.

Mr. Minnick drowned last Thursday during an outing on the Pecos River in Val Verde County.

Burial was in Castro Memorial Gardens, under the direction of Parsons Funeral Home of Dimmitt.

Born Feb. 10, 1959, in Midland, Mr. Minnick moved to Dimmitt with his family in October 1969. He was the salutatorian of Dimmitt High School's 1977 graduating class, and was an All-South Plains linebacker and captain of the football team his senior year.

He married Susan Denise Warnock July 15, 1978, in Eldorado.

He attended Angelo State University, earning a degree in physics earlier this year. He and his wife and their son, JoDan, lived in Dimmitt several months before moving to Midland last December.

Mr. Minnick did graduate work at Texas Tech in geophysics, and was continuing his postgraduate studies at the University of Texas-Permian Basin in Midland while working as an independent geophysicist in the oil industry.

He was the youngest member of the Texas Society of Geophysicists and the Physics Society of Angelo State University. He was listed in Who's Who Among American College and University Students, and was a member of the First United Methodist Church of Dimmitt.

He is survived by his wife, Susan; a son, JoDan, 2; his parents, Mr. and Mrs. Jodie Minnick Sr. of Dimmitt; a sister, Shellie Minnick of Dimmitt; and his grandmother, Mrs. Dixie Belk of Eldorado.

Pallbearers were Donny Carpenter, Layne Myatt, David Schaeffer, Joe Franklin, Dennis Dunnam, R. B. Alexander and Eddie Alexander.

An educational fund for JoDan Minnick has been started at the First State Bank of Dimmitt. Those wishing to donate may make a deposit at the First State Bank, or may contact the First United Methodist Church or Schaeffer & Co. accounting firm.

Catarino Garza

Funeral services for Catarino C. Garza, 57, of Earth were held at 10:30 a.m. Monday at United Kingdom Hall in Earth with Robert Garza of Plainview officiating.

Mr. Garza was the father of Margarito Garza of Dimmitt. He died at 10:30 a.m. Friday at the Veterans' Administration Hospital in Amarillo after a lengthy illness.

Burial was in Earth Cemetery, under the direction of Hammons Funeral Home of Littlefield.

Mr. Garza was a truck driver. He had lived in Earth for 30 years.

Survivors include his wife, Adela; three daughters, Angie Munoz of Plainview, Deloras Padilla and Olga Garcia, both of Levelland; four sons, Margarito of Dimmitt, Joe of Lubbock, Manuel and Ray, both of Levelland; a sister, Oliva Trevino of Port Lavaca; four brothers; and 12 grandchildren.

Pallbearers were Ray, Margarito, Joe and Manuel Garza, Augustine Munoz and Lorenzo Padilla.

Rhynes speaks to Kiwanians

Sheriff Lonny Rhynes spoke to the Dimmitt Kiwanis Club Monday on the importance of marking one's belongings with serial numbers, driver's license numbers or some form of identification number in an inconspicuous place.

Rhynes said it is difficult to recover stolen property, but when the property is marked for identification, at least officers have something to look for.

Rhynes also explained the procedure of keeping jail records and the standards which a jail must maintain.

Hart High School's National Honor Society gained 10 new members in its annual induction ceremony last week.

Clay Barnes, Lucia Berumen, Dora Bonsal, Phillip Hawkins, Ester Hernandez, Teresa Mapp, Abel Reyna, Derek Rich, Suzahn Rowland and Joan Steiert are now members of the National Honor Society.

Carolyn Rowland was named Teacher of the Year for 1980-81 at the ceremony and was presented a corsage by the society.

Key Club's 'Slave Day' is success

The Dimmitt High School Key Club's annual "Slave Day" was held May 5. Key Clubbers worked at a variety of jobs from clerking to changing tires.

club members expressed their appreciation for the support of the local businesses.

Key Club held its regular meeting last Wednesday night at 8:30. Plans were made for the annual banquet which will be held Thursday night. City Policeman Dwayne Haney presented a program on vandalism. He showed a film entitled "Violence and Vandalism."

The meeting will be held in the Masonic Hall in Dimmitt. All members are urged to attend.

President's daughter has a sister-in-law here now

Does President Reagan have relatives in West Texas? Well, almost. His daughter's new sister-in-law works at the South Plains Health Provider, Inc., in Dimmitt and lives in Hereford.

Nurse Practitioner Maureen Jones is the sister of Dennis Revell, who married Maureen Reagan three weeks ago.

Ms. Jones and her four-year-old daughter "Peanut" Catherine Marie, drove to California to attend the wedding at the Beverly Wilshire in Beverly Hills.

The wedding was a small one, attended by 75 people. The bride and groom had one attendant each and two flower girls, Catherine Marie and her cousin.

"Peanut" was a real ham, her mother said, adding, "She knew everybody." She even danced at the huge reception.

The newlyweds drank from wine goblets designed by Ms. Jones's sister, a graphic designer. The design was etched onto the goblets and was copied from the design on their family heirloom sterling silver.

Ms. Jones met many well-known people. She was most impressed with Jane Wyman, the bride's mother.

"She is one peach of a lady," she commented. Catherine Marie might forget much about the wedding as she gets older, if not for the audio and video taping of it. Ms. Jones said that she will have other pictures of the wedding later.

"We had a family reunion out of it," Ms. Jones said. "It was great."

This was the first time that her whole family had been together in eight years. They included her brother and his family from Canada; her sister from Washington, D.C.;

Nazareth FFA gives awards

The Nazareth FFA had 85 persons present for its recent awards banquet.

Kevin Acker was given the Star Greenhand Award and George Hochstein received the Star Chapter Farmer award. Dale Hoelting was named Star Lone Star Farmer, and Lester Backus was chosen Outstanding Member.

The Buyers Club, represented by Eugene Hochstein, Kent Birkenfeld and Hubert Backus, was named Honorary Chapter Farmer.

New officers were installed at the banquet also.

More about Minnick ...

[Continued from Page 1]

The young man's body was recovered at approximately 4:30 p.m. Friday, submerged near the spot where his companions had seen him go under.

Minnick had made two previous trips down stretches of the Pecos River, as well as other rivers, and was an experienced boater and swimmer.

The son of Mr. and Mrs. Jodie Minnick Sr. of Dimmitt, he was Dimmitt High School's salutatorian in 1977, and was an All-South Plains football player. After graduating from Angelo State University, he lived in Dimmitt with his wife and son until last December, when the young family moved to Midland. Minnick was working as an independent geophysicist there.

Funeral services were held Sunday in the First United Methodist Church here.

An education fund for Minnick's 2-year-old son, JoDan, has been started at the First State Bank.

Interact Club donates \$700 to local funds

Jay Reeve, new Interact Club president, told Dimmitt Rotarians Friday that Interact had donated \$600 to the "Jaws of Life" fund and \$100 to the George Howell Medical Fund.

Past Interact President Jeff Isaacs told the Rotary Club of Interact's progress during the past year and its members' hopes for the future.

IT LOOKS GREAT, BUT WILL IT FLY?—Area farmers watch and discuss the merits of furrow diking, as Bart Kaderly and an employee make some last-minute adjustments before demon-

strating the procedure. Furrow diking was one of many water conservation methods discussed and demonstrated at Friday's Field Day.

14—CARD OF THANKS

TO ALL PARENTS [By Edgar A. Guest]

I'll lend you for a little time a child of Mine," He said, "For you to love the while he lives and mourn for when he's dead, It may be six or seven years, or twenty-two or three, But will you, till I call him back, take care of him for Me? He'll bring his charms to gladden you, and shall his stay be brief You'll have his lovely memories as solace for your grief.

"I cannot promise he will stay, since all from earth return, But there are lessons taught down there I want this child to learn. I've looked the wide world over in my search for teachers true And from the throngs that crowd life's lanes I have selected you. Now will you give him all your love, nor think the labor vain, Nor hate Me when I come to call to take him back again?"

I fancied that I heard them say: Dear Lord, Thy will be done."

For all the joy Thy child shall bring, the risk of grief we'll run.

We'll shelter him with tenderness, we'll love him while we may

And for the happiness we've known forever grateful stay;

But shall the angels call for him much sooner than we've planned.

We'll brave the bitter grief that comes and try to understand."

Our town has been so wonderfully thoughtful through this time of need. We can't begin to express our love and thanks to everyone who helped raise our son and then gave us the strength to relinquish his soul to God.

Our love and thanks

Free clinics planned to fight measles threat

A measles outbreak in South Texas has caused health experts to re-examine immunization strategy against the virus and to recommend that parents immunize their children at six months of age with a booster at 15 months.

The South Plains Health Provider, Inc. in Dimmitt plans to provide free clinics for immunization of local children. The clinics will be at 402 NW Third St., or at the Agricultural Housing Project.

Those wishing to get the vaccinations before the clinics are set up may call the SPHP at 647-3291 for an appointment.

Many children in Castro County travel back and forth with their parents to South Texas. Those families are especially urged to immunize their 6 to 15 month-old babies "until this thing is over with," Nurse Practitioner

Maureen Jones said.

Children generally are not vaccinated against the disease until they are 15 months old because health officials have felt the live virus vaccine would not produce a strong enough immunity at an earlier age.

However, the measles outbreak has caused infant deaths, and the epidemic could become a national problem because it involves farm-

workers whose travel takes them into all parts of the U.S.

"Center for Disease Control officials, state and local health departments . . . are taking all appropriate actions. Intensive efforts are being made to provide all necessary immunizations," stated a letter from the National Migrant Referral Project, Inc., in Austin.

SPHP will give the immunization to each child for measles, mumps and rubella.

DISD board announces resignations, hirings

In an executive meeting Monday, the Dimmitt School Board accepted the resignations of three teachers, employed two and reassigned two.

The resignations were accepted from Rita Gilbreath, fourth grade teacher; Belinda White, junior high girls' coach; and Clifford Smith, high school assistant coach.

Dwayne Bishop will be the new assistant band director, succeeding Phil Jackson. Bishop was the assistant band director in Dimmitt seven years ago. He has since been director at San Saba and at

Rockport, but he has chosen to move back to West Texas and out of the larger schools, according to Supt. Robert Ryan.

Wayne Fowler will be the new eighth grade science teacher. He is presently employed at Boys' Ranch in a federal program.

The school board approved moving John Thomas from high school assistant coach and math teacher to high school counselor. George Rator, who is currently the junior high math teacher and coach, will move to high school to replace Thomas as assistant coach and math teacher there.

Historical marker to be placed

Castro County will soon have a historical marker dedication service commemorating the J. W. Carter family and the 7-Up Ranch.

The Carters were the first permanent settlers of the county, settling on Running Water Draw in 1884.

This will be the first post-type historical marker for Castro County. It will be located on FM 1055, better known as "the 25 Mile Avenue," near the Carter's original home site.

When the Carters came here, there were no roads at all — everyone just "struck out" across the prairie in the direction they wanted to go.

The dedication, tentatively scheduled for June, will involve several dignitaries in addition to county and city officials.

The only historical marker the county now has was erected in 1936, and it commemorates the organization of the county and Henri Castro, for whom the county was named.

Jr. Babe Ruth teams will be picked Friday

All 13 to 15-year-old boys interested in Junior Babe Ruth Baseball who have not filled out applications need to do so by Friday.

Applications may be picked up or turned in at Dimmitt Printing & Office Supply.

Teams will be selected Friday night and players will be notified Saturday.

Women to receive Wayland degrees

The graduating class of 1981 at Wayland Baptist College includes Cynthia Lynne Wakefield Watt of Dimmitt and Rachelle Pohlmeier Wilcox of Nazareth.

Mrs. Watt will be awarded a bachelor of arts degree in mathematics education and Mrs. Wilcox will receive a bachelor of science degree in physical education during Wayland's 71st spring commencement Saturday in Haral Memorial Auditorium, Plainview.

Degrees for both December and May graduates will officially be conferred during Saturday's ceremonies. Candidates for August graduation will receive their diplomas upon completion of their course of study.

Wayland Baptist College is a four-year, coeducational, multi-purpose institution of arts and sciences presently in its 73rd year of operation. Dedicated to providing a quality education with a Christian orientation, the college will take on a new appearance beginning June 1 when it officially becomes Wayland Baptist University.

PMHA awards slated today

Plains Memorial Hospital Auxiliary will hold its annual awards brunch at Rhoads Memorial Library today (Thursday) at 10 a.m. Members are urged to attend.

Pvt. Maxwell finishes basic

Pvt. Brian D. Maxwell, son of Dale Maxwell and Becky Maxwell of Dimmitt, recently completed One Station Unit Training (OSUT) at the US Army Infantry School at Fort Benning, Ga.

OSUT is a 12-week period which combines basic combat training and advanced individual training.

The training included weapons qualifications, squad tactics, patrolling, landmine warfare, field communications and combat operations. This qualifies the soldier as a light-weapons infantryman and as an indirect fire crewman.

Soldiers were taught to perform any of the duties in a rifle or mortar squad.

Pvt. Maxwell's wife, Carla, is the daughter of Mr. and Mrs. A. R. Powers of Dimmitt.

Julie Willard

Miss Willard is Stratford salutatorian

Julie Ann Willard, daughter of Mr. and Mrs. Jess Willard, former Dimmitt residents, has been chosen salutatorian of her graduating class at Stratford High School.

She was an officer in the SHS Band four years and was all-regional three years. She was a member of the Pep Club, in which she was secretary one year, FHA, the Student Council and the school's UIL spelling team. She performed in her school's one-act play and competed in UIL headline writing.

Speaker's Day to benefit Girlstown and Boys Ranch

The House Journal in 1895 first made mention of Speaker's Day, a day set aside during each legislative session to honor the man who wields the gavel each day in the Texas House of Representatives.

Since that day — April 27, 1895 — when the House suspended business to present Speaker T. S. Smith of Hillsboro with a gold watch, the honoring of the Speaker of the House has become tradition.

On Monday, May 18, Speaker's Day will again be observed, but there have been many changes over the years and a few new wrinkles added since Bill Clayton of Springlake became speaker in 1975.

The idea of giving gifts to the speaker escalated over the years from a "few mementos of their regard and good wishes" given in 1899, to later years, when a former representative observed, "They started backing trucks up to the capitol and unloading gifts early in the morning."

The gift-giving practice — which had already been curtailed for the most part — came to a stop when Clayton took office. He said there would be no gifts accepted, and furthermore he would

bear the expenses for the parties and receptions which had become associated with the event.

A new method of honoring the man sprang up after Clayton could not convince some employees, friends and colleagues that he did not want to be honored by gift-giving.

"Many people wanted to honor the office and I had two very deserving charities in my district, so I invited them to make contributions to Boys Ranch near Amarillo and Girlstown at Whiteface. In this way, some deserving youngsters got a chance to become better citizens, my friends got to contribute in my name, and I kept my pledge of not seeking personal gain from the office."

In 1975, \$6,000 was contributed to the two children's homes. In 1977, the total was \$11,000, and in 1979, more than \$30,000 went to the charities.

Clayton, in his fourth and final term as speaker, has this session for the first time personally solicited friends and colleagues for contributions.

"In the past three terms it became evident that people like to be a part. They like to participate and in this way

they get the pleasure of giving to something worthwhile — the young people of Texas. I have asked for nothing for myself, except for the chance to help these charities," he said.

In 1969, the first "Speaker's Ball" was held. Since that time there has been a get-together on each occasion.

The Alpha Epsilon Tau chapter of Beta Sigma Phi sorority held its annual Founder's Day dinner celebration in the home of Betty Touchstone last Wednesday and installed a new slate of officers.

Officers for the coming year are Martha Jo Hyman, president; Jean Petty, vice-president; Jill McLean, secretary; Kay Keller, treasurer; and Sue Summers, parliamentarian.

Patricia Braafladt, Vicki Buckley, Jean Petty, Cheryl Pybus, Diane Sanders, Barbara Steffey, June Sutton, Carlee Warren and Jean DuLaney received gifts and recognition for having perfect attendance.

Girl of the Year honors were bestowed on Jean DuLaney by last year's recipient.

Social Security in Castro County

By JANICE ULMER

Some of the results of America's advancing science, technology and economics are longer life, greater freedom from infirmity and illness, a higher level of living, and more free time from the tasks of making a living or maintaining a home.

As a consequence, there is greater opportunity for more people to retire early and have a longer life after retirement from work careers. Older persons and retirees now represent 12 percent of the population and this proportion is expected to rise for several more years.

The average retiree lives on about one-half his prior income. Many live with relatives. They no longer have the routine of the work week to organize their life. There is a new way of life. It is important to recognize these changes in life style and to prepare for them.

Planning for retirement is just as important as planning a career. In fact, one is planning a retirement career of sorts. A person should plan his retirement several years in advance so that the transition will be smooth with no unpleasant "surprises" down the road.

There are many sources to be used in planning a retirement career. One of these may be found at your employers. Most companies have counselors to assist employees; many even have pre-retirement packets that are quite helpful. Most of these stress pensions, health care, and social security.

In planning retirement, a worker can feel secure in one aspect of retirement; the timely payment of his social security retirement check. Unlike private pensions, social security is both tax-free and inflation-proof.

In fact, due to the cost of living increase in the last year, a 11.2% increase in social security checks will be in the July 3 check for most beneficiaries.

Self-employed workers and others who are eligible for individual retirement accounts usually will have an accountant or banker assist them in planning retirement. These workers need to project their financial needs for retirement into the future. They will also need to review their plans timely as inflation and the cost of living rises.

Another source of assistance for planning retirement is your life insurance agent. Many workers have several sources of retirement income. This is the objective all workers should strive to attain. Social security is a base for retirement; it does not replace a worker's earnings nor was it ever intended to do so. Normally, it replaces from 30% to 55% of pre-retirement income.

Of course, the basic source of information for retirees is the local social security office. We have many pamphlets in addition to the usual counseling and other information we furnish. Our services are also free of charge.

Remember, it is never too soon to plan your retirement.

You also have many sources of information and assistance. The more sources you have, the more enjoyment your career in retirement will be.

If you have social security or medicare questions you may call our toll-free number for more information. The number is 1-800-392-1603. Tele-service will save you time, energy and money!

Storm warning: pay attention!

By TERESA NUTT
County Extension Agent

Recent Texas storms — and their damage in terms of human lives and property destruction — remind us that storm warnings are a key to preventing much of the possible disaster.

But we have to use the key to make it work: we must pay attention.

Tornado-related deaths have dropped by 42 percent since the National Weather Service Tornado Warning System was created in 1953, but, unfortunately, many people still do not heed the warnings. **'WATCH, WARNING'**

Here are some: **TORNADO WATCH** means there is the threat of a tornado developing in a particular area.

Once a funnel cloud is sighted, a tornado warning is sounded.

Gilbreaths attend A&M exes' reunion

By MYRTLE SHEFFY

Sam and Virginia Gilbreath flew to Arlington, where friends picked them up so all could go to A&M's 50-year celebration. Sam and all the 50-year exes met together. Their grandsons, Gary Gilbreath is there in school; he is the son of Zay and Charlotte. Many parties and special dances were given. Seems Sam's bunch can't dance any more.

J. H. and Earlene Myatt went to Abernathy last weekend to see his mother, Sally Myatt. Sunday afternoon, Steve and Darla, Layne and Sue Rita came to the Myatts for coffee and cake. Monday evening several people came in to celebrate Darla's birthday.

Sara Hill tells me they had a special observance for Mother's Day at the First Baptist Church. M. L. Simpson took pictures of this year's babies and their mothers.

Charles and Esta Vandiver went to Houston to see their son Loren, who was 22 years old Sunday. They had dinner out to celebrate.

Chet and Helen Braafladt had the family in for Sunday dinner — Joan Thrasher and children; Chuck and Patricia Braafladt and children; Helen's mother, Esther Galloup; Charles and Jill McLean, Summer and Cassie. The baby, Cassie, was christened at Sunday morning's service at the Presbyterian Church. Chuck sang a solo, and Pat's dad, Lester Pryor of Amarillo, was there too.

The elementary school track meet was held at the football stadium, and the sixth grades had a picnic at city park with much food, tennis and other games.

I received flowers and corsages from my seven children — Ted, Bob, Rex, Don, Dorothy, Ruth and Tommy. 'Tiz very nice to have a big family, when they get past the runny-nose stage.

So many things going on the school activities and trips.

family get-togethers for Mothers Day.

Buford and Dorothy Newton came up from Odessa to see their families. Carl Dean and Terrie Carson and Danny and Donna Newton. George and Barbara Hudson were hosts to their son, Bobby, from Dalhart, and daughter, Alona, and Clint Birdwell of Lubbock.

Danny and Donna Newton and their friends, Tom and Darlene Fry of Bowie, spent a day in Palo Duro Canyon, enjoying a picnic lunch and walking. A beautiful sight there in the springtime, Donna tells me.

Buford and Dorothy Newton and several others went to Lubbock to the Reese AFB Open house. I heard Joe and Pam Josselet went to the show, as did Dr. W. J. Hill and sons Scott and Barry. All the Hills visited Sara's parents, the C. H. Coxes, Mother's Day.

Butch and Linda Merritt spent the weekend in Fort Worth visiting friends Dick and Mary Lou Wilke, who hosted a big Hawaiian luau picnic, with flowers, leis and much food. Many folks were in for that party.

Pete and Darla Stewart and son Brian spent Sunday at Darla's parents home in Morton.

Jim and Robertha Bagwell went to the Williams family reunion at Harmony, near Petersburg, last weekend. All of the six brothers and one sister were among the 58 people present. They all stayed for three days, and enjoyed big spreads of food, talk and laughter. The Williams brothers are Erx of Petersburg, Leo of Pow (on Buchanan Lake), Elmer of Plainview, Buck of Abilene, Paul of Wichita Falls, and Woodrow and wife Kathryn of Farmington. Robertha's niece Wanda Marie Lloyd from Arkansas came the farthest. All went to church Sunday at Carr Chapel, near the old family place. The get-together was in the Harmony Community Center. The Bagwells' children and grands and greats came in for Sunday Mother's Day.

Reeford and Betty Burrous of Dumas came down for the weekend and spent Mother's Day with their daughters, Rex and Shanee Lust, Sherri and Jerry Matthews, and Sharla and Danny Vaughan. And all the babies were there to greet the grandparents.

Robert Horton and his wife, Marilynn, were the stars in the play, "Same Time Next Year" that was presented at The Country Squire Dinner Theater the past week. Going from here Thursday evening by van, with Andy Schumacher as the pilot and Oleda as co-pilot were George and Irene Blanton, Pat and Bea Hardy, Vivian Shiflett, Faun Welker, Helen Richardson, Elizabeth Huckabay, Susie Reeves, Nell Kitchens Newton, and myself. Other Dimmitt people there were Mamie Birdwell, Jo Gregory, Polly Bell and Annie Lee Dobbins of Hereford.

Lawrence and Vernice Green and Mrs. Annie Klawitter had a good trip to Rosebud visiting friends and relatives. Mrs. Klawitter attended a school reunion at the Barkley School. Enroute home they stopped off in Austin to visit their son Larry.

Melvin and Marlene Hall visited recently in Valliant, Okla., with a niece and family, Mr. and Mrs. Joe Menefee and daughter, Tiffany. Marlene works at Dimmitt Super Market.

Twelve members of Dora Johnson's family attended church with her Sunday morning, then all went to C. J. and Omega Johnson's for a picnic dinner in their backyard. There were four generations present — Dora, her son C.J., his son Keith, and his children Cherene and Kelton. Others present were Omega Johnson, Linda Johnson, Imogene McKinney, Raylene Terrell of Bridge City, Laquita Thacker of Lawton, Okla., Jimmie, Myrle and Becky Johnson of Lubbock, and Shorty Trimble of Dimmitt.

Nettie Graham is home from Fort Worth where she spent the winter with her daughter and son-in-law Jean and A. J. Kemp and the family. Nettie was a Sunday dinner guest at Ted and Dorothy Sheffy's house. Also, Kevin and Virginia Malone came down from Hereford.

Lloyd and Louise Lust of Littlefield were Sunday visitors of his mother, Grace Lust.

His sister, Mildred Bradford, came by to say hello.

Mr. and Mrs. Robert McKinley of Drumheller, Alberta, Canada, have been here for a visit with her sister Ruth and Richard Wooten. The Wootens took them to Clovis one day and showed them the Panhandle's interesting spots of interest.

Thelda Lang of new Braunfels and Marilyn Durbin of Dalhart have been here for several days visiting their dad Mac McRee. They and Mrs. A. T. Kirby, her sons Troy and Billie Kirby and Vaden and Allene Kirby and Merle Carrell will go this week to Olustee, Okla., to attend a big school reunion at Pleasant Hill. Several of the country schools go together for this. Cora West will be with the group at Olustee too.

Janis Thibeault and daughters Emily and Erica were here from Chicago and Dr. Keith from Los Angeles attended the wedding of sister Susie Davis Ellis recently. The sisters stayed a few days for a visit with mom Aural Davis.

Susie Reeves went to Bledsoe to visit a sister Maxine Adams and family. She came home with her and they and sister LaVerne Fowler from Smyer all went to Amarillo to see mother Mrs. Alice Neeley.

Bobbie Damron went to Austin last week to visit her two daughters Mary Damron and Jeanne and Jay Carpen-

ter. Mary is a dance instructor at the Fred Astaire School. She was in a program while Bobbie was there. This was called "On Stage with Ballroom Dancing," with country and western types.

Gene and Connie Ivey, her brother Coy and Nora Dunn joined their Dunn family at the big country fiddling and singing at the Littlefield Center, or where ever everyone goes to hear music and for games. The Dunn brothers play many kinds of musical instruments. Connie is the piano player.

Maxine Tidwell was hostess to the Thursday Bridge Club. They played the game in that pretty sun room with all the plants and flowers. Guests were Carole Dyer, Sue Merritt, Anita Morris, Gladiola Shipley, Dorothy Elder, Jeanie Miller, Virginia Gilbreath, Edna Riley, Betty Parish, Murma Miller, who won high score, and Ann Carpenter, who was second high.

The Friday bridge group, (Wilda Hawkins calls us the talkative club), met at the Senior Citizens Center for dinner and games. Josie Bradford, the hostess, served a good cake as the dessert. Guests were Bobbie Damron, who won high score, Dorothy Elder, Betty Renfro, Betty Cartwright, second high, Myrtle Sheffy, Gladiola Shipley and Retta Cluck.

Andy and Helen Behrends were hosts Sunday to their family, Bill and Jo and boys, David and Jane and girls, and

Mary and Garnett Reeve and family from Lubbock.

Rachel Graham and children and grands and greats had the Mother's Day dinner in the home of her daughter Dorothy and Ted Sheffy. There were Billy and Katy Graham, Perry and Kim and baby from McLean, Kathy and Mark Henslee, Mary and Kent Gabel, and all the others.

A dinner was given at the Hereford Country Club for senior girls graduating from Dimmitt High School, honoring Jackie Anthony and Cindy Sageser. The tables were decorated with fresh flowers and each girl received an etched memory goblet.

Guests were Sue Phillips, Peggy Webb, Charlotte Sageser, Cindy and Jackie, Pam Anthony, Dawn McRee, Becky Andrews, Carla Carpenter, Sharla Street, Kim Watts, Deannea Merritt, Judith Smith, Susan Collins, Beth West, Jaquita Hughes, Jan Robb, and Brenda Parker.

Joe and Dugan Butler spent a few days at Conchas Lake fishing. Joe says they caught a few. Kenneth and Ruth Jackson also caught enough fish for supper from the same lake.

TECHNICALLY speaking, an apple tree is in its prime years of fruit productivity when it is about fifty years old. The state of Washington is the national leader in apple production, followed by New York.

Straight as an Arrow

In Archery you score only when you hit the target. To score well, you must have straight arrows.

When you attend church, it makes it easier to stay on the straight path. The church wants to help you in all ways of life, but can only do so, if you stay within its circle. Attend church and know the joy of a good life.

"For God is not the author of confusion, but of peace, as in all churches of the saints."

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth alone will set him free to live as a child of God.

Pastor completes 41 years' service

Pastor Edward D. Freeman was presented a certificate of Honorable Retirement by the Palo Duro Union Presbytery in its meeting at Fain Memorial Presbyterian Church in Wichita Falls Friday evening in a service in which Rev. Freeman's 41 years of service to the church was recounted. Cassie Helen McLean, daughter of Charles and Jill McLean, received the sacrament of infant baptism at the morning church worship service on Mother's Day. Her grandmother, Helen Braafladt played the organ. Her uncle, Chuck Braafladt, sang a solo. Her grandfather, Chester Braafladt, assisted in the service.

This Sunday is the Sunday preceding the opening of the General Assemblies of the Presbyterian Church U.S. and the United Presbyterian Church in the United States, which will both meet in Houston May 19-27 and will have some joint sessions.

It is also Economic Justice Sunday. At the morning church worship service at 11 a.m. Rev. Freeman will speak on "The Priests of the First Presbyterian Church," based

on the scripture passages of Exodus 19:1-13; John 14:1-12; and 1 Peter 2:4-10.

There will be a fellowship covered dish dinner at the City Hall following the morning service.

Presbyterians who are willing to teach in the union Vacation Church School June 15-21 are asked to attend a VCS Workshop Sunday from 2:30 to 4:30 p.m. at the First United Methodist Church.

Dimmitt Presbyterians have been invited by the First Presbyterian Church of Canyon to participate in a potluck supper Sunday at 6:30 p.m. and a program commencing at 7:15 p.m. at which Alfred M. Travis, executive director of United Presbyterian Children's Homes at Waxahachie, will speak.

Parker earns award at ACU

Nita Parker, daughter of Mr. and Mrs. Ronnie Parker of Dimmitt, has received the V. W. Kelley Award for 1980-81 at Abilene Christian University.

The V. W. Kelley Award is named in honor of a former ACU Alumni Association president. Each year the scholarship goes to a senior student for special service he or she has given to the school. The award was presented to Parker during the annual Senior Luncheon May 2.

Parker is a 1977 graduate of Dimmitt High School. She is president of GATA, a women's social club; reporter for Phi Alpha Theta, a history honor society; and is a member of the Big Purple Band; Sigma Tau Delta, an English club; and the Texas Student Education Society.

Parker received her bachelor of education degree in history education May 3 during ACU's 75th annual spring commencement exercises. During the ceremonies 683 students received associate, bachelor or master degrees.

Hays Has It:

INTERNATIONAL AGRICULTURAL EQUIPMENT

Give your seed the best possible start

International® Early Riser Planter Row Units

Staggered double disk openers. Staggered design forms a sharper cutting edge to slice through heavy stalks, tough soils.

Depth gauge wheels. Exclusive IH equalizing gauge wheels provide uniform seed depth and keep moist soil close to the furrow.

IH patented furrow firming point. The point firms loose soil, ensuring moisture concentration around seeds and contributes to uniform seed depth.

Twin inverted covering disks. Covering disks place moist soil from both sides of the furrow on top of seeds. Working depth is controlled automatically.

Extra wide press wheel. The center ribbed press wheel gently compacts soil over the seed and eliminates moisture-robbing air pockets.

IH Early Riser row units combine all these features to give you an ideal seed environment for faster germination and emergence. Available on all 800 Series Cyclo® Air and plate type planters.

Nazareth team places second in FM contest

Nazareth High School's FFA team took second place in the Plainview District's Farm Mechanics Contest last Thursday at Texas Tech's Agricultural Engineering Building in Lubbock.

The contest was sponsored by Swisher Electric Cooperative in Tulia and other REC's in the area.

Four different skills were judged on a point system: electrical wiring, welding, small gas engines, and tool identification.

Dale Hoelting, one of the four team members from Nazareth, earned a trophy for high individual in the district in small gas engine skill. Other team members, led by instructor David Bownds, were Randy Huseman, Rodney Kleman and Perry Brockman.

Motley County High School was the first place team in the Plainview District.

'JAWS' FUND GETS \$600 MORE—Cindy Hollums and Bryan Gregory of the Dimmitt High School Interact Club present a big \$600 check to Assistant Fire Chief Tommy Cleavinger [left] and Fire Chief Randy Griffitt to go into the Dimmitt Volunteer Fire Dept.'s "Jaws of Life Fund." The donation increased the fund

to \$5,400, about half the amount needed to buy the portable, hydraulic tool system designed to free victims from wrecked vehicles and buildings. The Interact Club is a students' service organization sponsored by the Rotary Club.

United Lions to hold 'garage sale' at park

Dimmitt's United Lions Club will hold a giant garage sale all day Saturday at the Dimmitt City Park.

Deputy district governor John Brooks explained, "We have pledged to contribute at least \$500 toward rebuilding the dormitory that was lost in a fire at Girlstown last month."

"Plus, we are working toward meeting the goal for the Girlstown Christmas Coat and Shoe fund, and many other area projects. And, there are many areas in Dimmitt, especially for new eye glasses," Brooks added.

Anyone who would like to contribute items to the garage sale may take them to the Rhoads Memorial Library after 1 p.m. Thursday, or contact any Dimmitt United Lions club member. "We'd love to go by and pick them up," Brooks said.

The giant garage sale is

slated to kick off at 9 a.m. Saturday, and will go until late Saturday.

State trooper gives program to Bethel 4-H

Highway Patrolman Rick Bentley presented a program on the dangers of drug and alcohol use to the Bethel 4-H Club last Wednesday.

A new slate of officers was elected which included Beth Benton, president; Becky Benton, vice-president; Kyla Boozer, secretary-treasurer; Trampas Moke, reporter; Steven Bagley, council delegate; Ben Benton, assistant council delegate; and Kevin Bruton, recreation director.

Don and Carolyn Moke and George and Pat Bagley are the adult sponsors.

The meeting was attended by 22 members, two visitors and nine adults.

Band chaperone lauds students

Dear Editor:

To all the "senior citizen" sponsors who were able to go on the band trip, I want to thank you for the good time I had. I didn't realize that when you reached that "over-the-hill" age you could have that much fun.

Being the organized person I am, I didn't think I would be around anyone more organized than myself. But, Ralph Smith not only had the trip organized, it was so organized that we knew where to eat, what to eat and what to do with our forks when we ate. I have never been with a group of kids that I love and respect more. Anything we asked, they did without complaining, and they always had a kind word to say.

This is a year I will never forget and I thank each child, parent and the Smiths for a very educational trip.

Please understand, even though I had a good time, I'm still considering suing the bus company for the embarrassment I endured while on this trip (I refer of course to the bathroom incident).

15—LEGAL NOTICES

PUBLIC NOTICE

On April 16, 1981, Bailey County Electric, Cooperative Association filed with the Public Utility Commission of Texas an application for tariff changes as follows:

In the Collection Policy the disconnect date for non-payment is changed to read twenty-two (22) days from the date the bill is issued, and to give seven (7) days' notice prior to stated date of disconnection. In this same policy, we have requested that the mileage charge for collection trips be removed. This revision is applicable to all classes of service.

In our Outdoor Lighting Service Tariff we have requested the addition of the wording, "This monthly minimum shall not include any billing adjustment charges." This revision is applicable only to the Outdoor Lighting Service Tariff.

Applicant serves in all or portions of Bailey, Castro, Cochran, Lamb and Parmer counties. Protests to or motions to intervene may be filed with the Public Utility Commission of Texas. On April 27, 1981, the Public Utility Commission of Texas ordered the Cooperative to suspend these changes for 120 days, and further ordered that the substance of the Cooperative's application be published as required by P U R A, Section 43 (a). 15-32-4tc

THE tower at the top of New York City's Empire State Building was originally intended to be a mooring place for dirigibles, though it was never actually used for this purpose.

Lapins earns scholarship

Laura Lapins, sophomore from Dimmitt, has been named the recipient of a \$500 Carmage Walls Journalism Scholarship at Baylor University.

Dr. Loyal Gould, chairman of the Baylor Journalism Dept., announced the year's 35 recipients of Walls Scholarships at the university's annual Journalism Banquet recently.

Lapins, a journalism/political science major, is a video display terminal operator this year for the university's student newspaper, the Lariat. She has been named to the advertising sales staff for next fall.

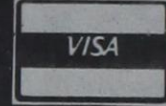

A 1979 graduate of Dimmitt High School, Lapins served an internship last summer with the Castro County News.

She is the daughter of Mr. and Mrs. Doug Lapins.
