

Teachers Can't Unpack Here, Educator Charges in Report

By LINDA DAVIS

After a year's study of Dimmitt schools, Dr. Morris Wallace of Texas Tech Tuesday night charged that the school's greatest weakness is its teacher turnover and reputation as a suitcase school "where teachers have to keep their bags packed."

THE PUBLIC report meeting in the high school auditorium, well publicized in advance, drew only a sparse crowd of less than 75, mostly teachers and school board members.

Dr. Wallace listed the nine major shortcomings as teacher turnover, lack of material relationships, curriculum imbalance, overcrowded buildings, need of a year-round in-service program for personnel, weaknesses in basal reading and social studies, lack of counselors, and inadequate school space. He listed the alleged weaknesses in what he "believed to be the order of priority due to need and emergency." The Texas Tech education specialist said Dimmitt's school system excelled in several areas, but he concentrated his verbal report on its weaknesses.

HE SAID the major finding of the entire study showed "Dimmitt should look immediately at specific ways to improve staff competency and stability."

"We found 33 and one-third percent of the entire faculty new to Dimmitt," Dr. Wallace said.

Unless the faculty is stabilized and competent people are retained, a break-up of programs will result, he continued.

"The impact falls on the students through to the community," Dr. Wallace said. He compared the situation to a farmer who changes renters every year.

He said that Dimmitt's average of new personnel (33 and one-third percent) is three times the general average in state teacher turnover.

"Better schools stop at seven percent," he said.

DR. WALLACE considered this point his "most serious finding of study." He recommended serious and immediate attention to means of stabilizing the faculty.

"Continuation of turnover develops a reputation of a place where teachers keep their handbags packed," Wallace said.

In the second major criticism, Dr. Wallace said Dimmitt "needed development of courses of study which would carefully define content at grade level."

He said curriculum should show direct relationships from grade to grade, from 1 through 12.

He defined this as "scope, sequence and articulation" between grades. Students should be able to relate knowledge from year to year and not have strange, filed-away knowledge of what they had previously been taught, he said.

Material should bear relation to what precedes and what follows so that it makes sense to the student, Dr. Wallace explained.

He listed curriculum imbalance as the third most pertinent shortcoming. He said the school system should "get as much concern for all levels as for its pet."

"If you let it get out of hand, and some are deprived of activity, the system begins to take on things that do not make it desirable," Dr. Wallace warned. He said he hoped to one day be able to walk into a school and "see as much library space per pupil as activity space per pupil."

He added that time and support should be given to academics as well as to activities.

"Take the fine arts programs — speech, drama, music — in every community there exists talent and in each area. In Dimmitt the school program doesn't provide for the development of this talent." He said Dimmitt is especially weak in choral music.

The school should develop a program whereby it can, to the best of its ability, provide for student talent whatever it may be, Dr. Wallace said.

He noted that his findings reported extremely rapid growth in the Dimmitt school system, with an annual increase of five to seven percent. At this rate, the system would need six new classrooms and six new teachers each September. The school population has doubled here since 1958.

The school will have to expand program-wise, teacher-wise and building-wise, he said.

Committee findings reported a critical need for a continued year-round in-service program for school personnel, Dr. Wallace said. The real pay-off comes in subsequent years when the school system must come to grips with working out the improvements.

Next, Dr. Wallace listed two

(Continued on Page 14)

OPENING THE BID on the new Castro County Recreation Center Monday afternoon are (from left), Ed Biggs, project engineer; Gerald Harden, secretary-treasurer of the Castro County Recreation Association, Inc.; Dr. James E. Wohlgenuth, association president; and Leon Howard

Contract Is Awarded For New Rec Center

After submitting the only bid Monday, H. A. Padgett Construction Co. of Lubbock won the contract to build the new \$267,000 Castro County Recreation Center. Construction is expected to start within two weeks.

PADGETT'S bid of \$212,000 on the golf course-swimming pool-house complex was \$45,000 over the county recreation association's building project, and led to a 3½-hour huddle in which \$40,000 worth of trees and extras were cut from the specifications before the contract was awarded.

Padgett already is the prime contractor on another mammoth project here, the million-dollar migrant labor housing complex in East Dimmitt.

DR. JAMES E. Wohlgenuth, president of the 303-member coun-

ty recreation association, said two other bids were expected Monday but didn't materialize.

Padgett's bid of \$212,000 brought worried frowns to the faces of association directors, whose construction budget is \$167,000. The remaining \$100,000 of the budget is for purchasing the 156-acre site in West Dimmitt from O. K. Howe.

But after a 3½-hour huddle between Padgett, project engineer Ed Biggs, golf course architect Leon Howard, Donald Jennings of Farmers Home Administration, and directors of the association, Dr. Wohlgenuth announced that the bid had been negotiated "to a figure within our budget."

"**WE DIDN'T** sacrifice any quality whatsoever," Dr. Wohlgenuth said, "and we didn't take out anything that can't be added back later."

"We removed the trees for the time being (more than 350 of them), took out a picnic shelter and three golf shelters, decided to incorporate the wading pool into one end of the swimming pool with a dividing wall instead of having a separate wading pool, changed the quality of the putting greens from maximum to minimum quality, and changed some of the drain specifications," he explained.

No Decision Yet On REA Closing

The Texas Railroad Commission's hearing officer heard 1½ hours of testimony last week on the Railway Express Agency's application to close out its service to Dimmitt.

ON HAND in Austin to protest the closing were City Manager E. B. Noble and Chamber of Commerce President Don Newman. A Houston attorney for the Railway Express Agency presented the case for the rail-truck freight company.

The hearing officer gave no indication of when the commission would rule, Newman said.

The REA attorney said the main reason for the company wanting to stop service to Dimmitt is because it's losing money here.

"**OF COURSE** we sympathize with them," Newman said. "It's hard to ask a company to keep losing money. But we need the freight service from the south badly, and we feel there is still some hope of keeping it."

Name Is Revealed For New Cemetery

West Lawn Memorial Park, Inc. is the name chosen for the new cemetery on the Clovis highway, according to Charles Connally, manager for the cemetery.

FOUR PERSONS submitted this name, so the \$50 cash prize will be divided equally among them, Connally said.

The winners are Mrs. Fred Wall, J. B. Moore, Mrs. H. T. Maxwell and Tommy Stafford.

Newman to Attend Conference
Don Newman, Plains Memorial Hospital administrator, will attend a three-day national conference at UCLA next week on health problems and needs of migrant workers.

Lady Suffers Severe Burns In Hart Blast

Mrs. G. L. Elkins of Hart was severely burned Monday night as a result of a butane explosion in her kitchen. She suffered second and third degree burns on more than half of her body, with the most severe burns on her feet and legs.

Parson Ambulance of Olton rushed her to Methodist Hospital in Lubbock where she is presently in intensive care.

The explosion badly damaged the kitchen in the Elkins home, blowing out one door and damaging the cabinets.

Funeral Services Held Monday For Mrs. Birdwell

Funeral services for Mrs. Cordye Mae Birdwell, 66, were held at 3 p.m. Monday in the First Methodist Church with Rev. H. Weldon McCormick officiating.

Burial was in Castro Memorial Gardens under Dennis Funeral direction.

BORN MAY 12, 1901 in Loving, Texas, Mrs. Birdwell came to Castro County in 1925 with her husband and son, Norville. The family lived for a time in the Flag Community where Mrs. Birdwell was secretary for the Herring Land Co. The family moved to Dimmitt in 1945.

Mrs. Birdwell had been bookkeeper at Higginbotham-Bartlett Co. for about 16 years prior to her death. She was active in the Rebekah Lodge and a member of the First Methodist Church.

She died at 7:30 p.m. Saturday in Plains Memorial Hospital.

SURVIVORS include her son, W. L. Birdwell; three sisters, Leah Hamar of Barwise, Marie Birdwell and W. L. Hawkins, both of Dimmitt; and three grandchildren.

Hospital Gets \$39,000 Grant

Directors of Plains Memorial Hospital received word Monday that a \$39,000 grant has been approved by the US Dept. of Health, Education and Welfare to help underwrite the cost of hospitalization and physicians' services to migrant farm workers.

HOSPITAL ADMINISTRATOR Don Newman said the grant will help offset losses which the hospital is now absorbing on migrant worker welfare care, and may release more general-fund money to help pay for the new 20-bed hospital wing and extra services.

The new grant brought to \$76,000 a year the total the hospital is now receiving in federal aid funds through the Public Health Service and HEW Dept.

THE CLUBHOUSE plans, which already had had the fri's cut out, remained the same, Dr. Wohlgenuth said.

CONSTRUCTION is to begin within two weeks, but it may be almost two months before the recreation center area begins to take shape. Dr. Wohlgenuth said, because dirt moving alone is expected to take 40 days or more.

"According to our preliminary estimates, the lake will probably be the equivalent of an area the size of two football fields 12 feet deep after the dirt moving is completed," Dr. Wohlgenuth said.

The Night the Sky Fell

THESE 'BASEBALLS' didn't bounce, as the dents in Mrs. Weldon Davis' new car testify. The Davis farm, seven miles northeast of Hart, was hard hit by last Thursday night's violent hailstorm. Mrs. Davis collected these nine hailstones from her front yard after the storm. At home alone when the hail started, she said she worried at first about the crops, but that before it was over she was praying that her home would be spared.

COMBINES TEAM UP TO 'BRING IN THE SHEAVES'

Aerial view of wheat harvest in southwest corner of county

Wheat Quality Is Tops Despite Light Harvest

In spite of greenbugs, late freezes, hail and high winds, Castro County farmers will harvest some good quality wheat — but not much.

MANAGERS of the local elevators generally described the harvest as good quality and low yielding up to now, with the better part of the harvest still ahead.

J. R. Brown at Bruegel & Sons Elevator Co. said, "We feel good about the quality of the wheat; most of it should grade number one." He said he feels the wheat harvested so far has been only the lowest yielding and worst damaged, and that the best wheat is still to come. Average yield so far is about 15 bushels per acre, but Monday and Tuesday some 30 and 40-bushel per acre wheat had come in, he said.

"**IT'S SICK.**" That's how Dwayne Brown of Farmers Grain Co. in Hart described the harvest so far. Brown said producers had

brought in some fine quality wheat, but the average yields varied widely from 10 to 60 bushels per acre — with the harvest estimated as 26 percent complete.

Wister Clevinger at Hart Grain Co. said that farmers were just now beginning to cut the better wheat. He expected most of the wheat to be of "pretty good" quality.

Jack Gregory of Castro County Grain Co. expected good quality, low yielding grain with an average of 25 bushels per acre. He said the wheat brought in so far was average number one hard winter wheat. Averages ran from 10½ to 52 bushels per acre.

GREGORY said some of the wheat was damaged by frost but was good quality wheat.

Community Grain Co. reported averages from 8 to 40 bushels per acre. Doug's Adams said, "We've had some shriveled

wheat, but the majority is good heavy test weight."

According to Aaron Isaac Growers had been "pretty good quality, better than expected, with yields cut 50 percent and possibly more." He said it was too early to tell about average yields since very little grain had been delivered.

All Aboard For Expo 67

Lubbock journalist Jasper P. Sanders takes News readers on a six-week tour of Montreal's fabulous "Expo 67," beginning in this issue.

SANDERS, his wife Mary Jo, and their children, David, Nancy, Sharon and Betty Bob, are in Montreal now after driving from Lubbock, with stops in Arkansas, Detroit and Niagara Falls.

While enjoying the Canadian world fair as a tourist, Sanders is also observing it from a professional reporter's viewpoint. In six colorful articles, he'll report back to News readers on a West Texan's impressions of the international extravaganza.

CANADA is staging the fabulous "Expo 67" world's fair to call attention to its 100th anniversary year as a nation. In his first article today, Sanders traces the too-little-known history of our neighboring nation.

You'll find his stage-setting article on Page 8.

Hail Hits Again

The worst hailstorm in years battered the eastern part of Castro County last Thursday night, concentrating on an area north of Hart where baseball-size stones rained havoc with cars, gardens, fruit trees and unharvested wheat.

Accompanied by two-inch rain, the hail fell at first in pea-size storms, building up an inch-thick blanket of ice on lawns.

THEN CAME the golf balls, tennis balls and baseballs.

The Nannie farms area northeast of Hart seemed to be the hardest hit, with fields flooded, trees stripped and already-damaged crops pounded into the ground.

LUCKILY, grain sorghum crops in the area were in six to 10-inch stands and are expected to bounce back from the pounding and still produce well. But many harvested wheat crops were decimated.

Another farmer in the area reportedly waited out the storm in his pickup and saw the windshield shatter into his lap.

A lady who took her children to the storm cellar said the noise was so overpowering that she "would have screamed just to relieve the pressure on my ears if the children hadn't been with me."

FRIDAY NIGHT, ugly clouds boiled up again as a cold front swung back and forth over the area, but the Friday night storm released only a moderate amount of rainfall and did no apparent damage.

Howard Cook, US Weather Bureau observer for Dimmitt, reported 1.36 inches of total rainfall during the week in five separate storms. For city residents, it was the wettest week so far this year, with Thursday night's rain dumping an inch of the moisture.

home was being ruined." She said her husband and a hired hand were caught in a pickup "and they couldn't yell loudly enough to hear each other" because of the noise the giant hailstones made as they pounded the cab.

Another farmer in the area reportedly waited out the storm in his pickup and saw the windshield shatter into his lap.

A lady who took her children to the storm cellar said the noise was so overpowering that she "would have screamed just to relieve the pressure on my ears if the children hadn't been with me."

County Has Four Accidents in May

The Texas Highway Patrol investigated four accidents on rural highways in Castro County during May, according to Sgt. W. E. Wells, Highway Patrol supervisor of this area.

THESE four crashes resulted in four persons injured, and an estimated property damage of \$6,175.

The rural accident summary for five months of 1967 shows a total of 28 accidents resulting in four persons killed, 30 injured, and an estimated property damage of \$30,065, Sgt. Wells reported.

BROKEN INTO A DOZEN PIECES in a wierd side-effect of last Thursday night's hailstorm, this plastic garden hose was scattered in sections all over the yard of the Theron Morrison farm home five miles north of Hart. Blair Morrison holds up

three severed sections of the hose. Morrison said the hose became brittle when an inch of small hail built up on the lawn grass, then baseball-sized hail hit with such force that it shattered the hose.

BLAIR MORRISON, son of Mr. and Mrs. Theron Morrison, shows the tennis ball-size hail that fell on their farm five miles east of Hart last Thursday night. The tremendous hailstones knocked limbs off their trees, battered one of their cars, stripped a peach tree and left huge divots in the

lawn and ground. However, Morrison said his crops weren't badly hurt by the storm — he already had 90 percent of his wheat cut, had replanted his cotton to soybeans during the week, and his grain sorghum will make a comeback without much loss.

Northedge News

Rain, Damaging Hail Reported

By Mrs. Robert McDaniel
Rain reported in this community varied from 1.5 to 2.8 inches. Some damaging hail was reported in the southeastern edge.

★
MR. AND MRS. Vernon Mattice, Cindy and Bobby from Amarillo spent Sunday with Mrs. Mattice's mother, Mrs. John Crum, Rev. and Mrs. C. S. Stanton, Electra visited the Robert McDaniel family en route to Clovis, N.M., Saturday.

Miss Taylor Is Given Degree

Martha Nell Taylor, daughter of Mr. and Mrs. Bruce Taylor, was one of 50 students to receive bachelor of science degrees in nursing June 14 from the University of Texas Nursing School at Galveston.

Degree recipients represent 32 Texas cities, three other states and the Philippine Islands.

Omaha Visitors
Mr. and Mrs. H. O. Spraberry and children, Sylvia, Susan and James, of Omaha are visiting his parents, Mr. and Mrs. Hub Spraberry here.

Parker Leaves For Maryland Meeting

Ronnie Parker, minister of the Fourth and Bedford Church of Christ, left Saturday for Annapolis, Md., with 24 members of the Lakewood Church of Christ in Baytown to conduct a personal work campaign in the Church of Christ there.

The Maryland work is sponsored jointly by the Baytown congregation and the Fourth and Bedford congregation.

PARKER WILL be in charge of the door-to-door personal work campaign to be held in conjunction with a revival meeting June 25 through July 1. Louis M. White, minister for the Baytown church, will do the preaching.

Organized in 1949, the Annapolis congregation consists of 40 members including 15 midshipmen from the U. S. Naval Academy.

Parker will return to Dimmitt July 3 or 4.

Visiting Parents

Mrs. John Cranford and daughter, Elizabeth of Virginia Beach, Va. are visiting her parents, Mr. and Mrs. Jim Ramsey.

The date for the Deanna Morgan-Charles Harris wedding published in last week's issue of the News should be August 1 instead of August 23.

Bible Thoughts

"AS THOU WILT"

By Ronnie Parker

The spirit of Christ can be seen from the prayer Jesus prayed in the garden of Gethsemane. While contemplating his own crucifixion, the Son of God said, "My Father, if it is possible, let this cup pass away from me; nevertheless, not as I will, but as thou wilt" (Matt. 26:39). Indeed, this is the spirit of Christ and Paul teaches us that if we "have not the spirit of Christ we are none of his" (Rom. 8:9).

If we are truly moved in life by the altogether unselfish spirit of the Master, then we can truly say, "It is not that I liveth, but Christ liveth in me." Christ becomes the center of our life and thus rules the whole life, filling us with His light, and strength, and peace, and joy, so that it is Christ living in us. In our life then, the will of God is assured of being done as in the life of the Lord upon the earth.

How wonderful was the life of Christ as he submitted unreservedly to the Father's will! How wonderful our lives can be when we surrender all to God through Jesus and pray, "Thy will be done."

Dimmitt Delegate To Girls State Gets City Office

Allan Webb, Dimmitt's delegate to Bluebonnet Girls State, now in progress in Austin, has been appointed city fire marshal of "City F."

SHE IS the daughter of Mr. and Mrs. Allan Webb, and is sponsored at Girls State by the Dimmitt Lions Club.

Girls State was organized as a national Americanism activity in 1937 by the American Legion Auxiliary. Non-partisan and non-political, Girls State provides citizenship training for girls of high school age, gives them an opportunity to live together as a self-governing group and informs them of the duties, privileges, rights, and responsibilities which they will assume when they become adults.

They learn the problems of government by performing the same duties as real office holders in the everyday world. Citizens are selected at local levels principally on a basis of character and leadership from students who have just completed their junior year.

ASSOCIATE Justice Meade Griffin of the Texas Supreme Court administered the oath of office to the various elected state officials of Blue bonnet Girls State Monday, in the rotunda of the State Capitol.

Climaxing the session, which ends June 23, will be the selection of two outstanding citizens of 1967 who will be sent to Girls Nation in Washington, D.C., by the American Legion Auxiliary where the two young representatives will continue their study in responsibilities of the Republic.

For Top Results Learn When, How To Use Solutions

Nitrogen solutions, as sources of plant nutrients, are being used in larger amounts each year in Texas.

Solutions, explains C. D. Welch, Extension soil chemist at Texas A&M University, can be quickly applied with a minimum of labor because they are moved by pumps or by gravity.

NITROGEN solutions, adds Welch, are grouped into high, low and non-pressure categories. The high and low pressure solutions contain free ammonia and should be applied below the soil surface to reduce ammonia losses into the atmosphere.

Non-pressure solutions contain no free ammonia but are usually mixtures of urea and ammonium nitrate, says the chemist. They are not subject to vaporization losses as are pressurized solutions. However, these materials will undergo chemical changes when applied to the soil, forming ammonia compounds that may result in losses when applied to the surface. Soil temperature and moisture conditions at the time of application largely determine these losses.

MINIMUM ammonia losses can be expected when non-pressure solutions are applied to soils of low temperature and high moisture.

DOING A... MAN SIZED JOB
Heat... sweat... fatigue... blisters... aches... Dad says its all a part of "carrying my share of the load." He also says that, "it's important that I help make provisions for the present and near future." But he says "that it is even more important because I am preparing for the days ahead when I am a full grown man." Sometimes I think that my Dad has the wisdom of Solomon, that's this king that I learned about at church... and that's another thing that Dad says is important... "that I go to church regularly, so that I can learn about God, and prepare my spiritual life for the future, too." You know... Dad must think it's important... He goes to church, too.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Nazareth Senior In NSF Seminar

Richard Brockman, Nazareth High School senior, is taking part in a seminar course at the University of Kansas on a National Science Foundation scholarship.

BROCKMAN, son of Mr. and Mrs. Ernie Brockman, left Saturday for Lawrence, Kan., to take part in the six-week intensified course in sciences and math.

The National Science Foundation sponsors such seminars at leading universities, and provides scholarships to top students in selected fields.

Long range goals of the NSF programs are to encourage more promising young Americans to consider careers in science, and to insure the expansion of US technology in the future.

Wesson Earns Corporal Rank

Marine Corporal Mac Wesson, was promoted to his present rank on of 611 W. Bedford, Dimmitt, was promoted to his present rank while serving with the SeVeth Engineer Battalion, First Marine Division based in Vietnam.

HIS PROMOTION was based on time in service and rank, military appearance, and his knowledge of selected military subjects.

His battalion supports the division through road and building construction, and the laying of land mines. Engineers are also trained in the use of explosives and demolitions.

Bruton Trains In San Diego

Seaman Recruit Charles L. Bruton, 20, son of Mrs. Jack Bruton of 103 NW Ninth St., Dimmitt, is undergoing nine weeks of basic training at the Naval Training Center in San Diego.

HE IS receiving instructions in Naval customs, courtesies and organization, ordnance and gunnery, seamanship, damage control, first aid, swimming and survival, ship-board drills and sentry duty.

His Navy classification tests will determine whether he will be assigned to a school, shore station or ship after his graduation.

Gerber Completes Army Course

Army Private Dennis R. Gerber, 21, son of Mr. and Mrs. Anthony J. Gerber of Nazareth, completed a radio course at Ft. Huachuca, Ariz., June 16.

DURING the 10-week course, he received instruction in basic radio and electrical theory and was taught the international Morse code.

Vibrating Nickel Used For Energy

Silent sound — vibrations at frequencies higher than those which can be heard by the human ear — is a form of energy performing a variety of tasks in modern industry. Called ultrasonic energy, it is being studied seriously for applications in the home.

Ultrasonic energy is most commonly generated by applying suitable electric current to specially fabricated nickel or nickel-alloy parts in a device called a transducer. Because of nickel's unique ability to expand and contract with changes in magnetic field, the nickel parts can be made to vibrate up to 50,000 times a second.

Industrial uses of ultrasonic energy include presses to push metal fixtures into solid plastic; machines to test materials; assembly line controls; and special tools such as diamond cutters. It is also used in dental tools, for foamers to remove unwanted air from bottled beverages, and for burglar and fire alarm equipment.

Sheffy's Chatter

Students Back on Campuses

By MYRTLE SHEFFY
Mrs. Louise Kemp and Mrs. Kathleen Hill took Ginger Kemp back to Baylor for the summer session. They went on to Temple for physical check-ups.

Keitha and Suzie Davis and Cam Cooper of Seabrooke were Sunday guests of mother, Aural. Keitha left for Fort Worth Monday where she will take the state board exam with all the junior year medical students then on to Galveston. Suzie and Cam went back to Tech with Jackie McLercy, who is taking a refresher course in home ec.

Ina Davis Richardson of Andrews was also a guest of the Davises.

★ **JUST HEARD** that a group of our young adults are going to WTSU at Canyon each morning for the summer classes. They are A. D. Schreck Jr., his sister, Sandra McClenny, Robbie Lindsey, Mike Stewart and Gayle Ratcliff.

Mr. and Mrs. J. W. Blackwell are in Colorado on vacation. They will be in Denver and visit friends and their children up there.

Mrs. Joe Benson and her parents, Mr. and Mrs. A. C. Jones of Hereford, spent a few days at Ruidoso recently.

★ **MR. AND MRS. Earl Chaney** were hosts at an ice cream and cake party Tuesday evening. "42" was the game played by the Elmo Bells, the Bud Birdwells, Sid Sheffys, Bill and Ruth Snider, Burl and Bish Bradford and the hosts.

The Chaney and daughter, Sue, went to Colorado to take little grandson home. He is the son of Mike. Then they went on to Northeast Texas for a trip and visit with relatives.

★ **Mr. and Mrs. Francis Jackson** and Mr. and Mrs. Kenneth Jackson attended the funeral service of Francis' brother and his wife, Mr. and Mrs. Alfred D. Jackson, who were killed in a car wreck Monday near Lubbock. They were farmers there and have a son who lives near New Deal.

Mr. and Mrs. Butch Strickland and Beth, also Lynn Buchanan are home from a trip to Hot Springs, Ark. Their great aunt, Birdie Howell, came home with them for a visit.

★ **MR. AND MRS. Sid Stewart** and three sons have moved here from Clarendon. Mr. Stewart will be working with Dennis Florist and Funeral Home. They will live at 411 Bedford until they build a new home. They attend the Baptist Church. Steve is a junior in college at Clarendon, one son is in the Navy, and son, Mike, is a freshman student at WTSU. Dimmitt welcomes the Stewarts.

Mrs. James (Maxie) Horton was a singer on the Eastern Star program. I am sorry the name was not there.

Mr. and Mrs. John Shannon and three sons have moved back to Pep where they will both be in the school system. The Shannons did manage the Greens Barbecue Place.

★ **FOLKS GOING** from here to the Amarillo Antique Show in the Jack Miller home and yard Saturday were Polly Bell, Katy Ross, Myrtle Sheffy, Winnie Cunningham, Josie Bradford and Cecil Carlisle. Part of the proceeds went to Mary Lou's church. We saw Pauline Gilbreath and friends there also. Mrs. Miller was in the hospital for some tests. We wish her a speedy recovery.

The Scotts of Hereford were down Sunday to visit daughter, Jo Eddy and Ray Joe Riley.

Hattie Fuller said she is leaving Monday for a three week trip, stopping in Lubbock to visit a daughter, Mrs. Ray Cox, on to Sherman, McKinney and Bonham to visit sons, and to Ecton and Baily to see relatives.

★ **OUR SYMPATHY** to the Birdwell family on the death of our long-time friend Cordye Birdwell. We all lived at Flagg when the ranch was first divided in 1926. Chubby (Ray) and Mecca Aldridge and children of Lubbock were over to see his mother, Mary and Bill Bocher and his brother, Jim and family. Sunday Mr. and Mrs. Billy Tom Grant of Littlefield were also guests of the Bill Bochers.

Mr. and Mrs. N. W. Mitchell have moved here from Eden or will. They need a house. Mr. Mitchell is plant manager at Western Ammonia.

Mr. and Mrs. John Stanford and children of Denver are visiting parents, the Floyd Stanfords and brother Gordon for a few days. They will go to Austin and Fort Worth this week. Mrs. Floyd Stanford will go with them.

★ **CAMILLE KEMP** of Fort Worth is visiting a few weeks with her grandmother, Nettie Graham — and she tells me that Bobby Myrick is making a ranch hand for the Ed Hughs out in Arizona.

Mrs. Ethel Dameswood has gone to Virginia for a visit with her folks for the summer.

Larry Wood of Midland and Georgene Blanton of Lubbock visited in her parents' home over the weekend.

Mr. and Mrs. Edwin Kimbell, Mr. and Mrs. George Blanton of

Dimmitt, attended the 50th wedding anniversary celebration of Mr. and Mrs. Boyd Kimbell at Portales, N. M., last Sunday.

★ **We'don and Mary McCormick** and son, Chris, left Tuesday for a vacation trip to North Arkansas and South Missouri. They plan to stop for coffee at the Whitesides in Fayetteville.

Mr. and Mrs. Jack Tucker have gone to San Antonio for a visit with their daughter, Shirley and Rex Easterwood. Little Cynthia has been here for a visit. They took her home. Rex is in law school there.

★ **MR. AND MRS. C. A. Hance** are the grandparents of a new little girl, Shari Denae, born June 1. She is the daughter of Sandra and David Honea of Hereford. They have another daughter, Lisa.

Mr. and Mrs. Jack Patton, Rodney James, Kim, Vera and little Carlie left Monday for Six Flags and Fort Worth. They are going on to a resort near Houston for some boating, fishing and horseback riding.

Dee and Nona Umberson of Alamogordo, N.M., were here last weekend to visit his mother, Mrs. E. S. Umberson. The daughters, Deanna and Dana are taking music at Portales.

Bob and Pat Brock and boys came by to see their parents, the Earl Brocks and R. E. Wilsons on their way to Arizona where Bob will serve his internship at Phoenix General Hospital. Shea will stay with his grandparents while his parents are gone.

★ **M. L. and Polly Simpson** and the family visited her parents, Mr. and Mrs. Smitherman at Floydada. They moved there recently from Hart.

★ **BUTCH STRICKLAND Jr.** was honored with a sixteenth birthday party Saturday evening. The kids played volley ball, and a hayride in his pickup. I believe they call it "dragging the Main."

They had a hamburger cookout and the big cake. His guests were sister Beth, Darlene Dodd, Tommie Hutcheson, Mary Lee Stone, Darla Kay, Kathy Godfrey, Jackie and Debbie Roberts of Hart, David Land, George Nelson, Lee Buchanan, Donnie Erwin, Reger Henderson, Larry Gamble, Mr. and Mrs. Bob Kay and Delise.

Rev. and Mrs. Weldon McCormick had as their guests recently Capt. and Mrs. Robert Povart and daughters, who have been orna and were going home to Ft. Dyess Air Force Base in Abilene, also District Supt. W. A. Appling of Plainview, who visited the McCormicks and attended church Sunday evening.

★ **MR. AND MRS. Hugo Beyers** helped to move their daughter and family, Donna and Wayne Meachem to Denver, Colo., last week. They went on up to Nevada where they have a grain farm.

Bob and Dricilla Storrs have also moved to Denver where Bob will preach and direct choir for the summer.

Mary and Olen Rice are in Nevada, Mo., visiting their son, Lonnie, Tina and children, also the Bruce Hunters.

Clyde Bradford of Houston is here for a visit with his uncle George Bradford, an aunt Johnnye Davis and the families.

Faye Holland, her son, Soapy and Velma, and Nora Mae Newscm attended the Brumley family reunion at Snyder this weekend. The Brumleys are on mother Waldrups side of the family.

Joe Sheffy spent a few days with Charles Sammann in the Big Square Community.

★ **DERRELL AND Jim Farmer** were here from Boise City, Okla., to visit here parents, Mr. and Mrs. Harley Dodd and grandparents, Mr. and Mrs. A. A. Dodd. Elcise Summers was hostess at Fathers Day dinner for the A. A. Dodds then they went to her dad's Jack Summers for pick-up for supper.

Minister and Mrs. Bedford W. Smith returned Saturday from El Porvenir Christian Camp in New Mexico where they both taught class Junior High Week. Campers attending from Dimmitt were Earl McIntosh, Ann Welch, Bobby McIntosh, Sam McIntosh, Jaci Johnson and Elmer McIntosh.

★ **MRS. PHIL Mote** (Sharon) and son Robert of Decatur are here for a visit with her parents Mr. and Mrs. H. B. Thomas. The Motes own two drive-in cafes there.

Mr. and Mrs. Joe Carver, son Bill and Evelyn, Mrs. Pat Jungman and three children, Mr. and Mrs. H. B. Thomas and Judy McLercy spent a couple of days at Buffalo Lake fishing, cooking out,

swimming, skiing. They had fun. Mrs. Carver said some Lubbock people were here and caught 12 catfish, big ones out of Oscar Wileys Lake. That must be "some" fishing ho'e.

Beth Jones and Marilyn Carver are starting a combination nursery and kindergarten. They plan to call it the "Lollipop," catering to the three and four-year-olds. They will tell you all about it at another publishing.

Suzan Hanby of Hereford is the house guest of her sister Mrs. Troy Schuder and family.

★ **THE EDGAR** and Edwin Ramey families, Mrs. Etta Brashears, Bub and Emily Ramey of Amarillo were all guests of Dessie

Mae and O. E. Beene of Friona Sunday.

Dr. and Mrs. Carroll Gregory and three daughters, Marilyn, Cynthia, and Emily of San Mateo are here for a visit with his parents, Mr. and Mrs. Jack Gregory, brothers Don and Bill. Carroll says that he and Ann Sheffy Webster get the Castro County News and always read and compare friends news.

Other guests in the Gregory home this week were Mr. and Mrs. Hez Wrights, (Jack's sister) Mr. and Mrs. Larry Marshall, a niece all of Lamesa, John Gregory and Mr. and Mrs. Matt Gregory of Petersburg (uncles) and Miss Oneta Marshall, a school teacher of Jack's.

MEDICAL MANAGEMENT OF THE OVERWEIGHT PATIENT

Dr. C. Youngblood
763-7733 519 Pile
Clovis, New Mexico

TIME LAPSE of two weeks shows construction progress on the million-dollar migrant labor housing complex in East Dimmitt, through the door of the manager's building in the center of the project. In background, two-story apartment buildings are going up. Despite slowing rains, workmen are making steady progress on the huge complex.

Schultes Finish Training June 9

Army Pvt. Clyde H. Schulte, 19, son of Mr. and Mrs. Ray Schulte of Nazareth, and Pvt. Lester H. Schulte, 20, son of Mr. and Mrs. Clarence Schulte, both completed nine weeks of advanced infantry training June 9 at Ft. Polk, La.

THEIR LAST week of training was spent in guerrilla warfare exercises.

During their guerrilla training, they lived under simulated Vietnam conditions for five days fighting off night attacks and conducting raids on "enemy" villages. They were taught methods of removing booby traps, setting ambushes, and avoiding enemy ambushes.

Other specialized training included small unit tactics, map reading, land mine warfare, communications and firing the M-14 rifle, M-60 machine gun and 2.5-inch rocket launcher.

Mrs. Blackwell Enrolls in DBC

Mrs. Joanie Blackwell, daughter of Mr. and Mrs. W. B. Hammonds, has enrolled at Draughon's Business College in Lubbock where she is studying to become a secretary.

MRS. BLACKWELL is a 1965 graduate of Dimmitt High School and attended Texas Tech before entering Draughon's. She and her husband, Jerry, a Tech student, reside at 3002 Fourth Street in Lubbock.

Hart Marine Aids In Viet Assault

Marine Corporal Cleofus Rodriguez, son of Mr. and Mrs. Francisco Rodriguez of Hart, participated in Operation "Union" in an area 40 miles south of Da Nang, Vietnam, with the First Force Reconnaissance Battalion of the First Marine Division.

The multi-battalion operation accounted for 865 enemy killed and more than 173 enemy prisoners.

Castro Lodge AF & AM 879, Regular meeting 3rd Monday, Practice every Thursday, Bruce Woodell, Worshipful Master, Ira E. Brown, Secretary. Visitors Welcome.

Learn to Detect Soybean Ailments

Concentration of soybean production and continuous cropping could present a problem in the future control and prevention of soybean diseases.

OBSERVATION of several soybean diseases in Texas has not currently represented a serious limiting production factor. But now is the time for present and potential producers to prepare for the prevention of these diseases, Dr. C. Wendell Horne, Texas A&M University Extension plant pathologist, points out.

Most soybean diseases are soil or seed-borne, and potential damage can be avoided by preventing the introduction and population build-up of an organism in a given area, Horne says.

Several varieties of soybeans (Lee, Hill, Bragg, Hampton, and Semmes) are resistant to a number of soybean diseases, but there are several other diseases the soybean producer should recognize.

DOWNY MILDEW can overwin-

ter in the soil, seed, or soybean residue. The disease produces indefinite yellowish areas on the upper leaf surface and grayish downy tufts of mold growth on the lower surface. Crop rotation and the use of disease free seed are the best methods of control.

Bacterial blight is a seed-borne organism and is carried from one season to the next in crop residue. The first symptom of bacterial blight is the appearance of angular water soaked spots which turn yellow, then brown. A heavily infested plant will drop its lower leaves. The best control method is burying surface trash during land preparation.

BROWN STEM ROT is a soil-borne fungus. Positive identification can be made by splitting the lower stem and looking for a dirty brown interior. A producer should follow a three-year rotation program if brown stem rot is a problem.

Southern blight fungus is capable of persisting on any type of organic matter found in different soils. White mold with resting bodies appears at the plant base and girdles the stem. The surface trash should be buried deeply and the inoculum potential of the soil can be lowered by rotation.

Cotton root rot fungus is soil-borne and affects some 2,000 species of plants. A plant afflicted with cotton root rot is easily pulled from the soil and has buff colored strands on the roots. Many of the plants die suddenly during the summer. The best precaution is to avoid known infested areas. Deep plowing and burial of high quantities of organic matter will reduce the incidence of disease in future years.

SOYBEAN producers should consider several points in combating these diseases:

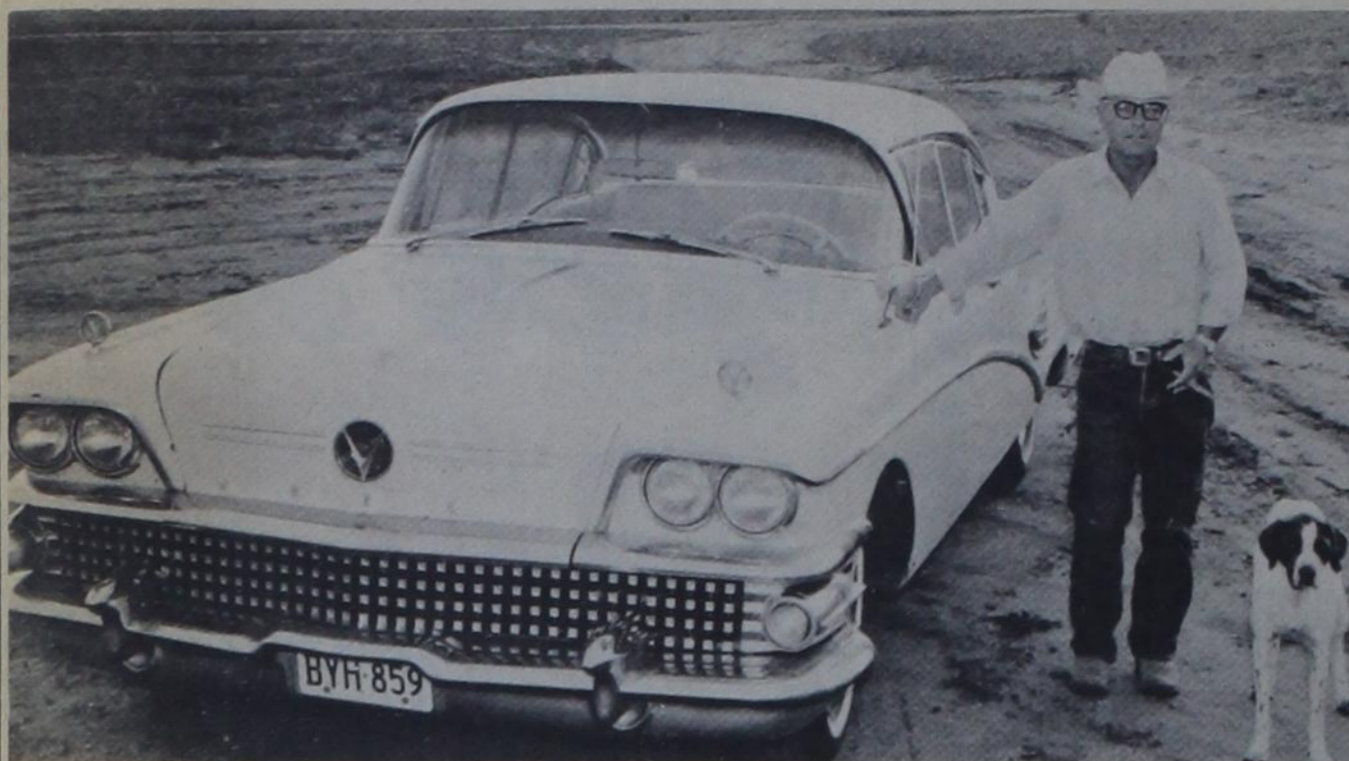

1. Plant seed harvested from disease-free fields that have matured uniformly. Using home-grown seed produced in disease-free fields is preferable to buying seed of unknown origin.

2. Rotate soybeans with unrelated crops such as corn, small grains, and sorghum.

3. Turn soybean residue under deeply as soon after harvest as possible.

4. Plant soybeans in fields that are well drained and avoid areas where cotton root rot is known to be a problem.

"Soybean diseases are more easily prevented than controlled."

FRANK COLEMAN was the winner of the 1958 Buick given away by Piggly-Wiggly Supermarket Saturday evening as the climax of a special promotion event. Coleman, who lives 3 1/2 miles east of Dimmitt,

was presented the keys to the car Saturday at 6:30 by store manager Elgin Black. No purchases or presence at the drawing were required in the Win-a-Car promotion.

TV-10 Tigers Plan Rematch

The TV-10 Tigers will return to Dimmitt July 2 for a replay of the softball "mud game" that was played here May 28.

THE TIGERS, a top-rated regional softball team, have lost only one game all year.

The July 2 bout will be played to benefit the Little League, and the same contingent of Little League backers and fathers here will play the Tigers — except this time, the locals have vowed to hand the Tigers their second loss.

Site of the game will be the Little League park in East Dimmitt, with play-ball time set at 3 p.m.

State Capitol Highlights

Mideast Oil Situation May Affect State Taxes

By VERN SANFORD
Texas Press Association

The Railroad Commission authorized the Texas oil industry to produce an additional 2,268,000 barrels of oil during the last two weeks of June in view of curtailed supplies from the unsettled Middle East.

The commission increased the June allowable from 33.8 percent to 35.9 percent, retroactive to June 1. This figure will permit maximum oil production of 3,112,191 barrels daily, compared with the current 2,992,236 barrels. The commission postponed setting an allowable for July, but another moderate increase is almost certain.

STATE OFFICIAL, conscious of the Legislature's special tax session looming next year, see a possible revenue windfall (which could reduce the new tax need) from the crisis-caused oil production jump.

With an increase from 10 to 13 days a month in production, there is no telling at this point how much the ultimate increase will be. Before the emergency situation, the oil production tax income for the coming year had been estimated at nearly \$140,000,000.

THESE FACTORS figure in the magnitude of future allowable increases.

—Kuwait, Saudi Arabia, Iraq and Algeria have banned oil shipments to U.S. and Britain. Libya's production has been halted by a strike.

—Arabs want to nationalize their oil fields or call in Spain and France to develop their petroleum industry, replacing the U.S. and Britain.

—Suez Canal may remain blocked for several months. Thus any oil shipments would have to round the Cape of Good Hope. Trip would be longer and more expensive.

The Interstate Oil Compact adopted a resolution calling for a 12.2 percent limit on the ratio of imported oil to domestic stocks east of the Rocky Mountains. Experts say the present situation demonstrates a need for better government attitude toward domestic production and industry development.

DRIVERS POINTS

Auto drivers may have forgotten, but they will be reminded of "points" starting Aug. 1.

That's when the new insurance plan adopted last July by the State Board of Insurance begins to show on insurance rates. Drivers will pay 15 percent more for insurance if they have one point charged against them, 35 percent for two points, 60 percent for three points and 90 percent for four points.

Points are assessed for accidents or traffic law violations which came after Aug. 1, 1966, when the plan was adopted. Penalties will apply when auto insurance policies are bought or renewed after Aug. 1, this year.

A driver who is assessed points can "work them off." Only points assessed after Aug. 1 will count. But after three years of being charged more, the points drop off the driver's record, for rate purposes.

The board believes this will lower the basic rates, thus will reward no-point drivers.

14-YEAR-OLDS CAN DRIVE

Fourteen-year-olds who complete driver education before Aug. 28 still can get a license that will be good until its regular expiration date.

Homer Garrison Jr., director of the Texas Department of Public Safety, issued the interpretation following numerous calls about new licensing law amendments.

The new law which goes into effect in late August would raise the minimum age for licensing

drivers with behind-the-wheel instruction to 16, except in unusual cases. Garrison said, however, he did not interpret the new law as denying "the privilege of driving" to 14-year-olds who already have qualified under existing regulations.

COURTS SPEAK
The US Supreme Court has agreed to hear arguments Oct. 2 on whether the one-man, one-vote standard it applied to congressional and legislative districts also fits county commissioners' precincts in Midland.

State Supreme Court found no error in lower court opinions dismissing the case of a woman who sued Galveston County for \$20,000 after finding glass in scrambled eggs served her at the county's Memorial Hospital.

A certificate-holding student pilot does not meet standard insurance policy definitions of a duly licensed aircraft operator whose passengers remain insured while in flight, the State Supreme Court concluded in a Gillespie County case.

WATER PROJECTS APPROVED
Texas Water Development Board found San Antonio River Authority eligible to seek \$96,000 in state aid to build a low water dam on Cibolo Creek and provide water supply to Karnes City and Kenedy. SARA also will seek a federal grant of \$915,000.

At the same time, the board extended for 120 days a \$2,700,000 loan commitment to the Upper Leon River Municipal Water District for facilities to take water from the Procter Dam reservoir to Comanche, De Leon, Dublin and Gorman, pending outcome of bid for a federal grant.

MANPOWER
Texas Employment Commission reports that during April the civilian labor force in Texas continued to expand with an increase of 37,000, boosting the total to 4,204,300 at mid-month.

Non-farm employment reached 3,784,400, a record for April; and agricultural employment rose 16,800, to 307,400.

There were 110,000 unemployed in mid-April, 4,600 less than were unemployed in mid-March. This put unemployment at 2.6 percent of the total labor force.

SHORT SHORTS
Agriculture Commissioner John White reports that crops are making good progress in the eastern third of the state and conditions have improved in northwestern Texas, while South Texas and parts of West Texas that failed to receive rainfall continue short of planting and growing moisture.

GOP State Chairman Peter O'Donnell Jr. has announced that Hilary Sandoval Jr. of El Paso, newly appointed first assistant Republican state chairman, will head the recently created Latin Advisory Committee to the Republican Party of Texas.

Texas is one of seven states to participate in a new program sponsored by the

Western Lists Seven Promotions In Dimmitt Plant

Roy E. Campbell, president of Elcor Chemical Corporation, has announced seven promotions affecting its Western Ammonia Corporation plant in Dimmitt.

N. W. MITCHELL replaces Walter A. Myrick as plant manager of the Dimmitt plant. Mitchell was previously plant superintendent of another Elcor subsidiary-National Fuels Corporation plant at Ringwood, Okla. He joined Elcor in January, 1963 when the National Fuel's Corporation plants were purchased from Warren Petroleum Corp.

D. H. Cummins also transfers to the Western Ammonia plant from Ringwood as plant engineer. A graduate of Oklahoma State University with a BS degree in mechanical engineering, Cummins joined Elcor in 1965.

Dr. W. F. Bennett has been promoted to director of agronomy and other marketing services. Dr. Bennett, who transferred from the Midland office, will continue as vice-president of agronomy and agricultural services of the Western Ammonia Corporation and National Sulphur Company subsidiaries.

GLENN WATTS replaces Ken Fulfer as regional sales manager and Dawson Malone becomes assistant regional sales manager of the Western office in Dimmitt. Watts joined WAC in 1963 as sales representative at the Hereford branch. He was promoted to branch sales manager at that ranch and later to assistant regional sales manager in Dimmitt. Malone, a graduate of Baylor University, joined Elcor's marketing group in Midland earlier this year and until this promotion has served as manager of marketing research.

UGLY CLOUDS threatened a large part of Castro County late Friday evening, after a rain and hail storm had already battered the area Thursday night. These dark, rolling clouds dropped .70 of an inch

on Dimmitt, then moved on to the northeast as tornado-conscious residents held their breath. A twister was reported seen in the storm system later, but no damage resulted.

Frio

Heaviest Rains In Nine Months

By **MRS. OWEN ANDREWS**
Rain and spotted hail fell in the community Thursday night and rain again Friday night. Amounts varied from 2 to 3 inches at the following locations: the Floyd Coles, the Robert Dobbins, Joe Andrews, Jim Brooks, Carlton Dobbins, Harvey Manleys, and E. F. Voglers and in the area of the county line on Farm Road 1035.

This is the most rain in this area since last September. Pasture grass has not even greened up this spring.

★
MR. AND MRS. Henry Andrews Miss Alma Andrews, Mr. and Mrs. and Mr. and Mrs. Ray Rogers of Loco, Okla., spent the weekend at Conchas Lake at the Andrews lakeside cabin. The Rogers were visiting their relatives in the area for several days.

Virginia Newberry went with a group of Woodmen of the World Lodge young people from Hale Center to Fort Worth to Sig Flags, leaving on Tuesday and spending the remainder of the week.

Mrs. Sam Ogan and Debbie left Thursday afternoon to spend a few days visiting Mrs. Ogan's relatives in the Stephenville area. They expected to have a family gathering during the weekend at Glenrose.

★
MR. AND MRS. Domingo Medrano and children returned home Monday after spending the weekend visiting relatives at Eagle Pass. Medranos parents and others from Mexico met them there and a brother came home with them for a few days visit.

Visiting their relatives here, were Mr. and Mrs. Raymond Mobley and family. They had also been to Wichita, Kan., to visit Mrs. Mobleys' sister and others. While here they visited his mother, Mrs. H. M. Mobley and in the Floyd Cole, Don Mobley and D. C. Miller homes and other members of the family attended the gatherings in each home. A sister, Mrs. Earl Reno and Mr. Reno of Midland came during the weekend to be with the family. Mrs. Reno is the former Dorothy Mobley.

★
ATTENDING the funeral on Sunday for a cousin, Mrs. John Luna at Fort Sumner, N.M., were H. D. Robbins, Mr. and Mrs. Frank Robbins, Mr. and Mrs. Weldon Stephan, Mr. and Mrs. E. H. Little, Mrs. Luna, 78, was a pioneer school teacher in that area, having lived there during the "horse and buggy" days and being a pioneer teacher during that time.

Mr. and Mrs. Benita Martinez, Marcella, Willie, Arthur and Norma, returned home Thursday after a two and a half week visit with relatives in their hometown, Monterrey, Mexico.

Mrs. Z. P. Pilgreen came Thursday to spend the remainder of the week visiting her granddaughter, Mrs. Joe Andrews and family.

Commencement for Bible School scheduled for Friday evening was rained out. A total of 150 was enrolled in the 8-day school with an average attendance of about 130.

★
OLIN PARRIS, accompanied by his mother, Mrs. H. A. Parris, Lubbock, and other relatives flew to Pierre, S.D., Wednesday to attend funeral services held on Thursday for Joe Poindexter. The service was in First Methodist Church there. Mr. Poindexter, 71, was a brother to Mrs. Parris. He was also survived by his wife, a daughter, Miss Sandra Poindexter, Kansas City; two sons, T. J., Rhee Heights, S.D., and Harry, Miller, S.D. Poindexter is a former Hereford resident, and also lived at Tahoka, New Home

and Stanton on the South Plains. He died on Tuesday after a long illness.

Mr. and Mrs. Clark Andrews, Rocky, Kirk, Lynette, Mrs. E. B. Berryman, Mike and Gary White

went to Albuquerque Saturday to spend the weekend with Mrs. Berrymans' sister and husband, Mr. and Mrs. Audry Franks. Mr. Franks has been a patient in the Veterans Hospital there several weeks. They live in Amarillo.

Mr. and Mrs. Leen Harkins and children, Dennis, 16, Vicki, 14, and Jerry, 12, moved from near Plainview to a farm which they have purchased. The Earl Harkins helped them move on Friday, to the place which is located 1 1/2 miles east and one-half mile south of the Wright place on the Hereford-Dimmitt highway.

533 in County Have Soil Tested

Texas agricultural producers in 1966 submitted more soil samples for analysis and used more fertilizer than ever before.

BUT THE 29,980 samples tested by the Agricultural Extension Service Laboratories and the Stephen F. Austin and Wharton County Junior College Laboratories in 1966 are far short of the 100,000 tests needed annually

to adequately guide fertilization programs, say C. D. Welch and Carl Gray, Extension soil chemists.

Castro County ranked seventh in the state in number of soil samples submitted last year with 533.

Teacher Attends Piano Workshop

Mrs. Keith Howard, local piano teacher, returned recently from a piano workshop at Midwestern University in Wichita Falls. The workshop was directed by Faye Tempelton Frish.

MRS. HOWARD learned new methods of instruction whereby at the end of a year of lessons, pupils will be good sight readers in all keys, will have learned all key signatures and tonic, sub-dominant chords in all scales and developed good basic finger position. The modern teacher emphasizes rapid mastery rather than laborious study. This is accomplished by teaching music theory, once reserved for college level, in the first year of instruction.

Expo 67 Fitting Climax To Canada's 100th Year

(First in a Series) By JASPER C. SANDERS This year across the length and breadth of Canada there is a galaxy of celebration commemorating the first 100 years of Canadian history.

CLIMXING them all is Expo 67 in bilingual Montreal, with 70 nations participating in the biggest and probably the best world's fair ever held. To see why they are celebrating, it might be helpful to take a glimpse at some of the high spots of Canadian history.

The first people came across the narrow channel of water from Asia thousands of years ago. They had reddish brown skin, high cheekbones, and straight black hair. They were eventually known as Indians. LIEF THE Lucky, a bold VIKING, discovered Greenland about the year 1000. John Cabot, a Portuguese sailor in the service of England, reached the Atlantic shore of Canada in 1497.

More than 100 years later the first settlement was established by the French. Samuel de Champlain, who founded the city of Quebec in 1608, was known as the "Father of Canada." In 1763, New France, as this vast territory was known, was conquered by the British.

In 1867 four colonies banded together into a kind of union with a federal government. New provinces were formed and admitted one by one into the Canadian Federation. Since then, through two world wars and the Korean war, Canada has kept on growing richer and stronger. THE SECOND largest country in the world geographically, Canada has a population of only 20 million people, 75 percent of them living in a narrow strip stretching east and west across the continent near the US border. By way of contrast, China, world's third largest country, has an estimated 700 million people.

Canada has the most varied geography of any country and is blessed with an abundance of natural resources. There has always been some conflict between the French Canadians and those of English and other origins. The province of Quebec is predominately French. A great deal of French culture and custom is still very evident in Canada today.

CANADA has come a long way in her first 100 years. The government has been surprisingly successful most of the time. For many years, the Canadian dollar was worth more than the US dollar. Now ours is worth slightly more. The subsistence agriculture of early Canada has been transform-

ed by modern methods. Much of the vast wheat crop of Saskatchewan and other farm products are now exported. FORESTRY has always been important in Canada's economy. Today she is the world's largest producer of wood pulp for newsprint. The sheet you are reading may have once been part of a Canadian tree. Majestic giants of the forests that once required hours or even days to fell with axes and crosscut saws can now be handled in less than a minute by a metal monster called "Tree Harvester." Canada has a large, varied mining industry. Her known mineral resources include about every variety, some rich or extensive enough to be of world wide importance. Coal, copper, gold, uranium and oil are leaders. MODERN steel mills and other plants have been developed, even in the frozen north. American dollars and know-how have helped in our neighbor's development. Even the Royal Canadian Mounted police now use Jeeps, power boats, and helicopters more than horses. They still however, "always get their man!" (Next week First look at Expo 67, in the swinging metropolis of Montreal. Seventy nations develop the theme, "Man and His World," in unique, exciting ways.)

THE STATE OF TEXAS

TO: BEDFORD TOWN AND LAND COMPANY, a joint stock company, and BEDFORD TOWN AND LAND COMPANY, a partnership; and if either said BEDFORD TOWN AND LAND COMPANY as a joint stock company or BEDFORD TOWN AND LAND COMPANY, a partnership be dissolved, to the last Board of Directors of BEDFORD TOWN AND LAND COMPANY, a partnership; BLAIR AND HUGHES COMPANY, a corporation, and if such corporation be dissolved, the last Board of Directors of said corporation;

Tom D.) BEACH and his wife, MOLLY BEACH; JOHN PLANK and his wife, PRICE (being the same person as "Pricy") PLANK; LISH CARTER and his wife, JANIE CARTER; BELL BRATTON and her husband, DUFF BRATTON; GLADYS RAMSEY HOWARD and her husband, JOE HOWARD; and if any of said persons named in this paragraph be deceased, to the heirs and legal representatives of such of them as may be deceased;

All persons, firms or corporations claiming any interest in the lands hereinafter described adversely to Plaintiff, Defendants, GREETING: YOU are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A.M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday, the 17th day of July, 1967, at or before ten o'clock A.M. before the Honorable District Court of Castro County, Texas, at the Courthouse of said County in Dimmitt, Texas.

Said Plaintiff's Petition was filed in said court on the 2nd day of June, A.D. 1967, in this cause, numbered 3085 on the docket of said court, and styled, DIMMITT WHEAT GROWERS, INC., Plaintiff, vs. BEDFORD TOWN AND LAND COMPANY, ET AL, Defendants.

The names of the parties to the cause are as follows: DIMMITT WHEAT GROWERS, INC., Plaintiff, and BEDFORD TOWN AND LAND COMPANY, a joint stock company; BEDFORD TOWN AND LAND COMPANY, a partnership, and if either said BEDFORD TOWN AND LAND COMPANY, a joint stock company, or BEDFORD TOWN AND LAND COMPANY, a partnership, be dissolved, the last Board of Directors of BEDFORD TOWN AND LAND COMPANY, a joint stock company or to the surviving partners of BEDFORD TOWN AND LAND COM-

PANY, a partnership; BLAIR AND HUGHES COMPANY, a corporation, and if such corporation be dissolved, the last Board of Directors of said corporation; G. M. ETTER, A. R. ANDREWS, E. S. JONES, R. R. DULIN, P. L. BELSHER, H. G. BEDFORD, WM. H. BEAN, W. C. DIMMITT, E. F. HALSELL, J. B. STINSON, J. W. HINTON, RUFUS BEDFORD, ROY BARBER, MRS. MANILLA RAMSEY PITTS, J. H. THOMPSON, BUNK THETFORD, CARL THETFORD, W. E. ROBERTSON, LEE LAMBERT, C. J. IVY, C. J. IVEY, C. H. IVEY, G. L. GREEN, ZELIDA A. BEACH, T. M. BELSHER, EARL WOOD VAUGHN and H. L. MORRISON, and if any of said specifically named persons in this paragraph be married, to the spouses of such of them as might be married; and if any of said specifically named persons in this paragraph, together with their spouses be deceased, to the heirs and legal representatives of such of the persons specifically named in this paragraph and their spouses as might be deceased;

A brief statement of the nature of this suit is as follows: The plaintiff sues for the title to and possession of the following described real estate situated in Castro County, Texas, to-wit:

All of Lots Number Four (4), Five (5), Six (6), Seven (7), Eight (8), and Twelve (12) in Block Seven (7); Lots Num-

ber Two (2), Five (5), Seven (7), Eight (8), Ten (10), and Eleven (11) in Block Eight (8); Lots Number One (1), Two (2), Three (3), Four (4), Five (5), Six (6), Seven (7), and Twelve (12) in Block Nine (9); Lots Number Three (3), Five (5) and Twelve (12) in Block Ten (10); Lot Three (3) in Block Eleven (11); Lot Two (2) in Block Twelve (12); Lots Number Three (3) and Five (5) in Block Eighteen (18); Lots Number One (1), Two (2), Three (3) and Ten (10) in Block Nineteen (19); and Lots Number Five (5) and Eight (8) in Block Twenty (20); and

All those portions of Lots Number Ten (10), Eleven (11) and Twelve (12), in Block Eleven (11), of the Original Town of Dimmitt, Castro County, Texas, not heretofore taken for railroad purposes described by metes and bounds as follows: BEGINNING at a point in the North line of Lot 12, Block 11, and in the East line of the railroad right of way, 41.7 feet East of the northwest corner of said Lot 12;

THENCE East along the North line of Lot 12, 108.3 inches to the Northeast corner thereof; THENCE South along the East line of Lots 12, 11 and 10, consecutively, to the Southeast corner of said Lot 10, Block 11; THENCE West along the South line of Lot 10, Block 11, 28.5 feet to a point in the East line of the right of way of the Fort Worth & Denver South Plains Railway;

THENCE Northwestward along the East line of said railroad right of way to the place of beginning; and the excepted portion of said lots being deeded to said railroad company by deed dated July 5, 1927, recorded in Volume 36, page 375, of the Deed Records of Castro County, Texas; and

All those portions of Lots Number Eleven (11) and Twelve (12), in Block Eighteen (18) of the Original Town of Dimmitt, Castro County, Texas, not heretofore deeded to the Fort Worth & Denver South Plains Railway Company for right of way purposes, described as follows, to-wit:

BEGINNING at a point at the intersection of the East right of way line of the Fort Worth & Denver South Plains Railway Company right of way and the North line of Lot 12, Block 18, of the Original Town of Dimmitt, Castro County, Texas;

THENCE East 133.7 feet along the North line of said Lot 12, Block 18, to the Northeast corner thereof;

THENCE South 100 feet along the East line of Lots 12 and Lot 11 of said Block 18, consecutively to the Southeast corner of said Lot 11;

THENCE West 80.5 feet a point in the South line of said Lot 11, Block 18 at its intersection with the East right of way line of said railway right of way;

THENCE Northwestward across Lots 11 and 12 to the PLACE OF BEGINNING; the excepted portions of said lots being deeded to said railway company by deed dated July 16, 1927, recorded in Volume 36, page 371, of the Deed Records of Castro County, Texas; and All that portion of Lot Ten (10), Block Eighteen (18), not heretofore taken by condemnation for right of way purposes for the Fort Worth & Denver South Plains Railway Company right of way, described as follows, to-wit: BEGINNING at a point in the East line of said railway right of way and the North line of said Lot 10, Block 18 aforesaid; THENCE East along the North line of said Lot 10, Block 18 aforesaid, 85.5 feet the Northeast corner of said Lot 10; THENCE South 50 feet; the Southeast corner of said Lot 10;

THENCE West along the South line of Lot 10, 53.9 feet to a point in the East line of the railway right of way;

THENCE Northwestward to the PLACE OF BEGINNING; the portion of said lot which was taken for railroad right of way being described by metes and bounds in Cause No. 73, in the County Court of Castro County, Texas, styled, Fort Worth & Denver South Plains Railway Company vs. W. E. Robertson, et al; certified copy of which judgment appears in Volume 21, page 222 of the Deed Records of Castro County, Texas; and All that portion of Lot One (1), Block Seventeen (17), not heretofore condemned and taken for railroad right of way for the Fort Worth & Denver South Plains Railway Company which portion not taken being described by metes and bounds as follows:

BEGINNING at a point in the North line of Lot 1, Block 17, which point is also in the East line of said railroad company right of way;

THENCE East along the North line of said Lot 1, 91 feet to the Northeast corner of Lot 1, Block 17 aforesaid;

THENCE South along the East line of Lot 1, 50 feet;

THENCE West along the South line of said Lot 1, Block 17, 64.4 feet a point in the East right of way line of said railroad company right of way;

THENCE Northwestward to the PLACE OF BEGINNING; the portion of said tract taken for right of way being set out in

Cause No. 75, in the County Court of Castro County, Texas, styled, Fort Worth & Denver South Plains Railway Company vs. J. K. Scott, et al; certified copy of which judgment appears in Volume 21, page 220 of the Deed Records of Castro County, Texas; and all that portion of Lot Three (3), Block Seventeen (17), not heretofore condemned and taken for right of way purposes for the Fort Worth & Denver South Plains Railway Company, and being described by metes and bounds as follows: BEGINNING at a point in the North line of said Lot 3, Block 17 aforesaid; said point being also in the East right of way line of said railroad right of way;

THENCE East along the North line of said Lot 3, 37.8 feet to the northeast corner thereof; THENCE South along the East line of said Lot 3, Block 17, aforesaid, 50 feet the Southeast corner of said Lot 3;

THENCE West along the South line of Lot 3, Block 17, 11.2 feet a point in the East line of said railroad right of way.

THENCE Northwestward across said lot to the PLACE OF BEGINNING. That portion of said lot which is taken for right of way being set out in a certain Judgment had in Cause No. 71, in the County Court of Castro County, Texas, styled Fort Worth & Denver South Plains Railway Company vs. W. M. McGee, et al, certified copy of which Judgment is recorded in Volume 21, page 224, of the Deed Records of Castro County, Texas.

All of the aforesaid lots and parts of lots being located in the Original Town of Dimmitt, Castro County, Texas, according to plat of such Original Town which appears of record in Volume 3, page 240, of the Deed Records of Castro County, Texas.

Plaintiff sues in trespass to try title and additionally claims title to the above described property under the Five Year Statute of Limitations and adverse possession; the Ten Year Statute of Limitations and adverse possession; and the Twenty-five Year Statute of Limitations and adverse possession. Plaintiff prays for title to and possession of the real estate above described and that any cloud cast on Plaintiff's title by any of the Defendants be removed; as is more fully set out in Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved. The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and seal of said Court at

office in Dimmitt, Texas, this 2 day of June, A.D. 1967.

Newlyweds Visit Kin

By MRS. GUS McLain

Mr. and Mrs. Richard Thiel, newlyweds from St. John, Ind., are here visiting kinfolk. They were married June 10.

The Philip Huseman home was the gathering place for a family supper last Thursday.

Mr. and Mrs. Raymond Annen and Calude, Mr. and Mrs. Tom Annen, Mr. and Mrs. Frank Bauman, Harry Kleman, Mr. and Mrs. Joe Drerup and Stanley, Mrs. Gus McLain and family, Mr. and Mrs. Jack Aldridge of Canyon, Mr. and Mrs. Lyndall Warren and family of Hart, Mr. and Mrs. Robert Ringo, Dana and Russell of Amarillo, Mrs. Gene Hubbard, Malia and Trina of Amarillo enjoyed the evening.

SANDRA HUSEMAN, bride-elect of Glenn Smith of Kress, was honored with a shower June 12 in the home of Mrs. Alfred Schacher. Hostesses were Mrs. Frances Schacher, Viola Schacher, Florene Brockman, Loretta Durbin and Mary Ann Durbin. Cake and punch were served to 35. Many useful gifts were received.

Mr. and Mrs. Fred Paschel of Prairie View, Ark., visited the Dave Ackers last week.

Mrs. Art De Cardenas (Grace Drerup) of Dallas was honored at a baby shower Friday evening at the home of Mrs. Dan Schmucker.

Hostesses were Mrs. Jim Ball, Mrs. Joe Drerup and Mrs. Dan Schmucker. These attending were Mrs. Ed Drerup, Mrs. Loretta Guggemos, Mrs. Frank Hoelting, Mrs. Raymond Annen, Mrs. Leonard Wilhelm, Nancy and Carol Drerup and Joy Wilhe'm. Several others sent gifts. Refreshments of punch, cake, ice cream and strawberries were served.

Sandra Huseman and Glenn Smith of Kress were married Saturday at 10 a.m. in Lubbock. Those from Nazareth attending the ceremony were Mr. Leonard Wilhelm and Joy, Mrs. Francis Wilhelm, Mrs. Alfred Schacher and Viola, Mrs. Ernie Brockman, Richard and La Donna, Mr. and Mrs. Dave Acker and family, Mr. and Mrs. John Wenzack and family and Mrs. Vincent Huseman and Yvonne.

CLAUDE ANNEN, Mrs. Raymond Annen, Mrs. Tom Annen, Mrs. Gus McLain, Mrs. Lerry Spencer and Mrs. Gene Hubbard attended the baptism ceremony of Linda Anne, 18-year-old daughter of Don Annen, in Hereford. Father Kirby of St. Hyacinth's, Amarillo, performed the services. Her sponsors were Mr. and Mrs. Dale Litsch of Amarillo.

Mr. and Mrs. John Smith and Shawn of Amarillo spent the weekend with Mrs. Rose Hindman. Mr. and Mrs. Tom Annen, Mr. and Mrs. Raymond Annen and Claude, Mrs. Gus McLain and family and Mr. and Mrs. Lerry Spencer, Amarillo and Mr. and Mrs. V. B. Hubbard of Canyon were all guests of the Gene Hubbards in Amarillo for Father's Day dinner.

MRS. CARR BARNETT of Midland visited her father Harry Kleman Saturday and Sunday.

Mr. and Mrs. Alphonse Huseman and family spent Father's Day in Umbarger with her folks, the Al Evers. It was also Mrs. Huseman's birthday.

Mr. and Mrs. Alfred Schacher visited the Raymond Annens Sunday evening.

Daniel Fehr is in Plains Memorial Hospital.

MR. AND MRS. Carl Birkenfeld are proud parents of a baby girl Patsy Marie arrived Friday, June 16 and weighed 7 pounds, 10 ounces. She has a brother, Philip.

Stephanne Birkenfeld is home after spending a few days in Lamar, Colo., with the Ronnie Birkenfelds.

Mr. and Mrs. Clyde Hoelting and family visited in Amarillo Sunday with Grandma Gerber and Mr. and Mrs. Florence Heiman.

Mr. and Mrs. Gene Schacher and family spent Sunday night with the Chris Birkenfelds.

Mr. and Mrs. Bo Cowell and family spent the weekend with the George Schachers. They live in Amarillo.

Mr. and Mrs. Carol Birkenfeld hosted supper Sunday evening to Mr. and Mrs. Felix Fettsch and family of Hereford, Mr. and Mrs. Chris Birkenfeld, Jerry Lange, Charles Birkenfeld and Teresa Cranford.

LEONARD MEYERS of New Mexico and his sister and her son are visiting the Gerber families.

Greg Schulte, 10-year-old son of the Elmer Schultes, received a severe cut on his leg Sunday while playing at the Marvin Jones' home.

Mr. and Mrs. Bill Hill and family hosted Father's Day supper for Mr. and Mrs. John Stork, Mr. and Mrs. Albert Gerber and family, Mr. and Mrs. Leroy Pohlmeier and family, Mrs. Florene Leinen, Mr. and Mrs. Virgil Pohlmeier and family of Tulia, Mr. and Mrs. Jim Bell and family of Lubbock and Mr. and Mrs. Denis Heiman and family. A barbecue cook-out and yard party were enjoyed.

Mrs. Ed Dickey lost the tip of her left index finger Thursday in an accident while helping Ed repair the sickle on the combine.

Miss Rose Mary Dupnik of Hereford visited the Vincent Guggemos last week.

MR. AND MRS. Ab Hoelting, Mrs. Agnes Brockman and Mrs.

Geneva Miller of Plainview spent the weekend at Raton, N.M., and went to the races.

Nazareth's Irrigation League team beat Hereford there Sunday, 6-5, and is still undefeated.

Mr. and Mrs. Ed Ramaekers and family had barbecue dinner on Father's Day for the Florene Albrachts, Francis Wilhelms, Ralph Albrachts and Vince Ramaekers.

Mrs. Francis Wilhelm and son Douglas are down at Texas A&M this week for orientation for summer school for Douglas for the second summer classes.

RICHARD BROCKMAN, son of Mr. and Mrs. Ernie Brockman left Saturday evening for Lawrence, Kan., where he will attend a six-week course in science at the University of Kansas. He received a grant for scoring highest in the county in the test he took.

The Benedictine Sisters of Fort Smith, Ark., have a new Mother Superior, Sister Columbia, elected Saturday. Mother Jane Francis Brockman has served over 20 years in this office.

Fourteen women attended the classes on "Papier Mache," given by Mrs. King the past two weeks in the school. Pins, plaques, waste paper baskets and handbags of all sorts and jewelry boxes were finished. The school furnished the materials and Mrs. King gave her time.

Good Anchorage Needed to Make Barn Windproof

Be prepared for hurricane or tornadoic winds by securely anchoring farm buildings. Good anchorage is essential in preventing damage from high winds, according to W. S. Allen, Extension agricultural engineer at Texas A&M University.

BUILDERS should realize that lifting forces several times greater than the weight of the materials can occur on structures. That's why it's so important to tie all components together and anchor buildings to the ground, he emphasizes.

When winds reach velocities of 75 to 100 mph, tremendous pressures are exerted on buildings. A horizontal force is developed against the windward side wall. In addition, a suction force is exerted as the air flows up, over and past the building. This is an out-

ward force, says Allen, and explains why buildings sometimes seem to explode or blow up rather than blow down.

A MAJOR type of construction especially susceptible to horizontal wind forces is the concrete masonry wall, he points out. The masonry blocks, and especially the mortar joints, have little or no strength in tension. The wind tends to bend these walls, placing one surface of the wall in tension and causing early failure to occur.

Allen says much of the damage done to farm buildings can be prevented by personal attention to such things as keeping doors and windows closed, removing from the vicinity weak trees and keeping structures in a good state of repair.

Construction recommendations for anchoring buildings correctly and building wind-resistant walls are available.

Bill Attempts to Bar Egypt Cotton Imports

Legislation to bar the importation of Egyptian extra long staple cotton into the United States, and permitting US farmers to supply this market now enjoyed by Egypt, was introduced in the House last Thursday by Congressman Poage (D-Tex), chairman of the committee on agriculture.

George Mahon of Texas joined 23 other House members in co-sponsoring Poage's bill.

"THERE IS no use in denying our farmers the right to produce this cotton, and giving this market to those who trample our flag," Price said.

He continued, "I have never understood the reason for importing extra long staple cotton when

our own farmers are capable of supplying our need. In 1963 we produced 161,000 bales here in the United States. This year we will produce only about 71,000 bales. I think the American people would like to see some of this market returned to our own producers — especially in the light of recent events."

The legislation would close an Egyptian market in the United States amounting to around \$12 million to \$15 million annually.

THE US NOW permits the importation of 83,000 bales of extra long staple cotton each year, while restraining the domestic production of such cotton through acreage allotments. The new bill would permit an increase in production by American farmers to fill the market for some 69,000 bales previously supplied by Egypt. This would virtually double US production, which now amounts to around 70,000 bales a year.

Although Poage's bill does not mention Egypt, it is plainly aimed to stop the importations of Egyptian cotton. It would close US markets to "raw, semi-processed, or processed extra long staple cotton which is the product of a country which has severed diplomatic relations with the United States during the one-year period ending on the date of the enactment of this legislation."

It reduces the quota by the amount of cotton received from any such country during the 1964-65 quota year. In that year Egypt shipped 69,431 bales of extra long staple cotton into the United States.

FURTHER, the legislation instructs the Secretary of Agriculture to "give domestic producers the opportunity to produce an amount of such extra long staple cotton equal to any reduction in supply which may result from" this enactment.

The present allotment for production of extra long staple cotton in the United States is 70,500 acres. This cotton is produced principally in Western Texas, New Mexico, Arizona and California.

Price said there is no danger of short supply in the United States by cutting off Egyptian imports, as there now are stocks of approximately 200,000 bales in this country. The extra long staple cotton has a staple length of 1-1/2 inch or better. It sells in the United States for around 50 cents a pound, whereas most other cotton of shorter staple brings to farmers not more than half this amount per pound.

THURSDAY'S HAILSTORM DECIMATED THIS WHEAT CROP . . . On Paul Brooks farm near Hart

MODERN AGRICULTURE

ASCS Notes

June 30 Is Filing Deadline For New Allotment on Wheat

By CHARLEY HILL
County Office Manager

June 30 is the final date to file an application for a new farm wheat allotment. To be eligible, a producer cannot own or operate a farm with a wheat allotment and must derive 50 percent of his income from the farm on which the application is made.

ABANDONED ACREAGE
Producers who wish to receive planted acreage credit for abandoned cotton acreage which is to be replanted to another crop must file a written request for such credit and receive approval of the county committee before the acreage is replanted, Hill said.

TO BE eligible for payments and history credit, producers must have planted and farmed the cotton in a workmanlike manner with the expectation of producing

a normal crop. Acreage which the county committee determines was abandoned without cause or was planted in an unworkmanlike manner solely for price support payments or history purposes will not be counted as planted acreage.

WHEAT DESTROYED BY NATURAL CAUSES to the extent that no grain or forage crop remains may be reclassified if requested in writing by the farm operator. Check with the ASCS office on the feed grain substitution provision and diverted acreage uses that may be allowed on the wheat acreage for which reclassification is requested. Wheat acreage harvested in any manner or grazed after May 1, 1967, will not be eligible for reclassification.

REMEMBER — July 31 is maturity date for cotton loans, also final date for repayment of loans.

County Farmers Get \$716,440 In Operating Loans From FHA

Loans made by the Farmers Home Administration is having a strong economic impact in Castro County.

THIS WAS pointed out by Donald R. Jennings, local count supervisor or when a recent review of the Farmers Home Administration supervised credit program revealed that \$130,400 was loaned for the purchase of fertilizer and other chemicals in Castro County for the current crop year.

Jennings cited the "chemical loans" figure as just one example of the improved farm management practices that are financed by Farmers Home Administration that affects most business firms in every rural community.

He estimated that 95 percent of

the total amount of \$716,440 in farm operating money loaned this fiscal year by the agency has been spent by borrowers doing business with local merchants.

THIS IMPACT on the local economy is in addition to the added income that will result at harvest time when improved farm management practices will increase total income, he said.

The Farmers Home Administration policy is to strengthen the family farm as well as strengthen the local rural communities, Jennings explained. He said this policy is being implemented in this area by furnishing credit for improved farming practices and making loans to establish young farmers in the farming business.

Beef Consumption Continues Upward

Grandmother may talk about the "good old days," but when it comes to eating beef, chances are she is consuming almost twice as much per year as she did 20 years ago.

Gwendolyn Clyatt, Extension consumer marketing specialist at Texas A&M University, reports that production and consumption of beef could set new records in 1967, according to government and meat industry estimates.

FORECASTS are for an output of about twice as much as was being produced by the cattle and beef industry 20 years ago.

With that much beef available, Americans can consume an average of 103.6 pounds per person. Per capita consumption of beef tallied around 60 pounds 20 years ago. Thus, in only two decades, modern production and processing efficiencies have made available some 40 pounds more beef per person.

MRS. CLYATT adds that beef accounts for well over half the record-breaking 33.3 billion pounds of all meat — beef, pork, veal and lamb — being produced this year.

Have Cook-Out
Dimmitt Troop 10 of the Camp Fire Girls held a cook out June 13 in Mrs. Bruce Taylor's back yard. The girls cooked hot dogs and played games. Nine members and one guest were present.

Young Farmers To Meet Tonight

Dimmitt's Young Farmers will meet at 9 o'clock tonight (Thursday) in the DHS vo-ag building to make final plans for the club's grain sorghum contest.

EACH YEAR members of the group raise test blocks of grain sorghum in competition for highest yield, and they keep precise records on these blocks for future reference.

Glenn Odom, president, noted that this meeting concerns one of the club's most important projects, and urged all members to be present.

INCREASE ACTION OF ATRAZINE BY BLENDING WITH MAIZOIL

MAIZOIL is a new, specially blended oil from Red Barn Chemicals. It increases the weed killing action of Atrazine post-emerge applications.

There's no question about the need for weed control in maize or corn. The only real question is "How"? With MAIZOIL, you can wait until your crop is up to a stand — then spray. An Atrazine oil-water emulsion containing one to two gallons of MAIZOIL and the recommended amount of Atrazine in twenty gallons of total mixture per acre gives fast, effective, weed and grass control.

Rainfall following Atrazine-MAIZOIL post-emerge applications is not as essential as with regular Atrazine-water applications, although soil moisture is essential. Succulent, vigorous growth of weeds is important for good results. MAIZOIL provides better foliar absorption of Atrazine, with less chance of residue. Planting time can be reduced by eliminating the time-consuming pre-emerge application. Broadcast applications by ground equipment or aerial application after maize is 2 to 6 inches tall (depending on soil type) and before grasses are more than 1 1/2 inches in height, gives effective control of weeds and grasses in maize or corn.

SEE YOUR RED BARN DEALER FOR DETAILS FOR USE OF MAIZOIL

Presenting **The VERSATILE Eversman 329**

Utilizing Important NEW IMPROVEMENTS in the Famous Eversman CRANK AXLE

Longer, Heavier Stronger—Built To Sell at a LOWER COST

The main wheels of the EVERSMAN 329 have been moved further ahead . . . and combined with NEW SPRING tension on the blade give faster, more accurate leveling and dirt moving action through greatly increased cutting and filling performance. Here is a big machine for dirt moving and leveling—longer, heavier, stronger—yet built to sell at a LOWER COST. For 3 plow tractors.

OUTSTANDING FEATURES—Length 32'4". Width 12". Blade capacity 1 1/2 cubic yards. Blade vertical travel 13". Weight 2910 pounds. Front V smoother blade for eld busting and use on heavy dry soil. Front Dolly Assembly for use in loose, moist and treacherous soil conditions. Screw adjustment on front dolly provides simple, fast regulation for load in cutting blade. Rear Smoother Blade adjustable to all soil conditions.

There are Eversman models to fit all standard farm tractors.

GOOD NEWS FROM RED BARN FOR GRAIN SORGHUM GROWERS

LITHATE 2 4-D

... BAD NEWS FOR BROADLEAF WEEDS

Lithate 2, 4-D kills many broadleaf weeds, including some varieties tolerant to other forms of 2, 4-D. For example: the tall and resistant nature of giant pigweed, or ragweed, requires a spray application over the top at later stages of grain sorghum growth. Red Barn recommends Lithate for control of this, and other tough weeds, from the time grain sorghum is 4 inches tall until the seed head is within 5 inches of the tip of the boot. Over the top application may be made by air or ground equipment.

Lithate 2, 4-D is fully non-volatile. After proper application, Lithate treated fields cannot give off injurious volatile fumes to damage surrounding crops.

Lithate 2, 4-D is also recommended for use in corn, rice, pasture, small grain, and other places.

See the Red Barn dealer in your area

MRS. GLEN SMITH
nee Sandra Huseman

Vows Read June 15 In Lubbock Church

Miss Sandra Huseman and Glen Smith exchanged wedding vows Saturday in St. Elizabeth's Catholic Church in Lubbock, with Rev. Father Elmer Albracht officiating.

THE BRIDE is the daughter of Mr. and Mrs. Emil Huseman of Nazareth. Smith is the son of Mr. and Mrs. W. H. Smith of Kress.

The bride wore a formal length gown of white peau de soie with an empire waist and scoop neckline. The bodice and wrist length sleeves were of lace. She carried three long stemmed white carnations.

Mrs. Leo Durbin served her

sister as matron of honor, and Viola Schacher, cousin of the bride, was bridesmaid. They wore street length dresses of blue crepe fashioned similar to the bridal gown.

KENNETH SMITH of Amarillo, cousin of the groom, was best man, and Leo Durbin, brother-in-law of the bride, was groomsmen.

Richard Brockman and Richard Schacher, cousins of the bride, and Joe Walker, brother of the groom, were ushers.

Following a wedding trip to Dallas, the couple will reside near Plainview.

H-D Notes

'Wool' Contest Blanks on Hand

By IRENE KEATING
Entry blanks for the 1967 "Make It Yourself With Wool" contest are available in the office. Any girls or adults who are interested come get one or call and I'll mail you one.

SUMMER IS in full swing and our thoughts turn to vacations. While you are on vacation, remember to take care of yourself and not get all your sunshine one day; also don't overdo exercise the first day or you'll get sore muscles.

Vacation time can be pleasant, even with several children. They can play quiet games and entertain themselves on the trip. You can pick up some game books in the office. Several suggestions are "I See I See," picking the letters of the alphabet out of road signs, guessing the colors of the cars that will be met next, etc. You can use your imagination and create new games.

CHILDREN love in-between meal snacks, particularly now that they're home from school and playing all day. But their treats don't need to be empty calories, that is, sweets that contain calories but lack essential nutrients.

Orange juice popsicles are a welcome treat on a sticky day — a treat that may even lure adults to the freezer. To make, dilute a six-ounce can of frozen orange concentrate, following directions on the can. Pour into an ice cube tray that releases cubes with little or no melting. Freeze with the refrigerator or freezer control set to "fast freeze." When the cubes are partly frozen, place a sucker stick or wooden skewer into each cube. Reset control to "normal" when freezing is finished.

When suckers are frozen solid, remove the cubes from the tray and place in a plastic bag. Seal with wrap-around type sealer to tie top of bag in a knot. Then quickly put it in the freezer.

SHIRTS wear out not so much from steady wear as from heavy starching, over-bleaching, set stains, and being allowed to whip on a clothes line. One method of removing bad soil from collars and cuffs is to dampen the area, then rub it with a solution of one tablespoon of sal soda per cup of water.

The right accessories for the hour and occasion can complement your total look. Daytime and party handbags and shoes are usually made of durable fabric or leather. For church, teas, and city shopping, accessories are simple, smart, and city looking. Select finer leathers, suedes, or patent for handbags and shoes. Use simple gold jewelry or pearls, but no glitter jewelry.

Test your iron on a scrap or seam when pressing crepe or any spongy fabric.

HOME CANNED vegetables should be brought to a rolling boil for 10 minutes when cooked. This will destroy botulism bacteria, which may be present in home-canned foods.

Planned storage can help cut down on the clutter and disorder of children's toys. Large toys, puzzles, books and records fit well on open shelves. Baskets and cartons are fine for miniature animals, wooden blocks, or marbles. Shoe boxes with a picture pasted on the side illustrating the contents can be used.

Approximately one of every four meals today is eaten outside the home. An estimated 50 million persons eat out every day in commercial restaurants and cafeterias, hospitals, schools, various types of institutions, military installations, factories, retirement hotels, and homes for the aged.

Mrs. Armstrong Is Shower Honoree

Mrs. Richard Armstrong, formerly Johnnie Presley, was honored with a wedding shower last Thursday in the fellowship hall of the Assembly of God Church.

Refreshments were served from a table covered with a white linen cloth. The centerpiece was yellow and white floral arrangement. Crystal and silver appointments were used.

OUT-OF-TOWN guests included the groom's mother, Mrs. Virginia Armstrong of Amarillo, Allene Lilley of Hart, Mcnelle Lilley and Sharon Sadler of Sunnyside.

Hostesses were Mrs. Sam Lane, Sammie Lane, Ginger Gibbs, Gay Sadler, Mrs. Robert McDaniel, Mrs. O. L. Follis, Edna Follis, Linda Harman and Carolyn Dunn.

Mr. and Mrs. Jerry Smoot

Shugart-Smoot Vows Are Recited

Christine Shugart and Jerry Smoot exchanged wedding vows in a double ring ceremony June 8 at the Northside Baptist Church of Dimmitt. Rev. Tom Reynolds officiated.

PARENTS OF the couple are Mr. and Mrs. Floyd Shugart of Dimmitt and Mr. and Mrs. Joan Smoot of Olton.

Bonnie Shugart of Hereford attended her sister as maid of honor, and Gern Whitten of Hart was his nephew's best man.

Candlelighters were Joan Shugart and Ronda Rudd, both of Dimmitt. Danny Baltes, Keith Gross and Rocky Fairrah served as ushers.

Traditional wedding music was presented by Janice Mooney, organist. Melba Reynolds sang "Whither Thou Goest," "Always" and "The Wedding Prayer."

THE BRIDE, given in marriage by her father, wore a formal gown of Chantilly lace over bridal satin. The gown featured a train, petal point sleeves and a scoop neckline. Her fingertip veil

of French illusion fell from a tiara encrusted with seed pearls. She carried a bouquet of yellow roses and white baby mums.

The bride presented yellow roses from her bouquet to her mother before the ceremony and to the groom's mother following the ceremony.

THE MAID of honor wore a gown of yellow lace over cotton satin and carried a nosegay of white baby mums.

The candlelighters wore yellow cotton voile dresses and white baby mum corsages.

The church altar was decorated with candelabra flanked by bouquets of white mums, yellow glads and yellow roses.

After the ceremony a reception was held at the community room of the First State Bank. Refreshments were served from tables covered with white lace over yellow undercloths.

AFTER A wedding trip to Red River, N.M., the couple will reside in Edmonson, where Smoot is engaged in farming.

The bride attended Dimmitt High School and McBride's School of Hair Design in Plainview.

Nursing Graduate Is Grateful For Auxiliary's Aid

Estela Rubalcaba of Hart, the first student to use a Plains Memorial Hospital Auxiliary scholarship, has graduated from St. Anthony's Nursing School.

SHE EXPRESSED her gratitude to the auxiliary in a letter to Mrs. C. G. Miller, chairman of the Memorial and Scholarship committee:

"Your organization was responsible for helping me through nursing school. I would like to take the pleasure of telling you that on June 2, 1967 I graduated from St. Anthony's School of Nursing. On July 12 and 13 I will take the State Board Examinations at Dallas.

"I wish to take this opportunity to thank the Hospital Auxiliary for their funds and support that they have given me. It is through organizations such as yours that many students in America are able to achieve their goals for a higher education, and the Hospital Auxiliary of Castro County is in part responsible for helping me achieve my goals."

Open House Will Honor W. F. Kings

Kathy and Sammy King will honor their parents, Mr. and Mrs. W. F. King with open house on their silver anniversary Sunday in their home, 807 W. Elter.

THE OPEN HOUSE will be from 2 to 4:30 p.m. All friends of the Kings are invited.

VBS Closes At Christian Church
The Daily Vacation Bible School of the First Christian Church closed with a final program at 6 p.m. June 11. The school, under the direction of Mrs. Bedford W. Smith, met daily June 5-9.

Five teachers assisted Mrs. Smith and all the faculty and students registered perfect attendance.

Socially Yours

Miss Wilson Weds Larry Lee

Miss Linda Kay Wilson became the bride of Larry Lee in ceremonies June 10 in the First Presbyterian Church of San Angelo. Harold Odum officiated the double-ring ceremony.

PARENTS OF the couple are Mr. and Mrs. Cecil E. Wilson of San Angelo and Mr. and Mrs. Lorenza Lee of Hart.

Holly Wilson attended her sister as maid of honor. Bridesmaids were Rosemary Lee of Hart and Karen Murphy of San Angelo. Shirley Wilson of San Angelo was flower girl.

Lorenza Lee served as his son's best man and Jim Slaughter of Ballinger was groomsmen.

Ushers were Warren Borders of Levelland, Wayne Carlton of Bronte and Jim Williams and Ricky Wilson, both of San Angelo.

THE BRIDE, given in marriage by her father, wore a gown of white silk organza over white peau de soie with e'bow length sleeves appliqued with rebroided lace. The same motif was carried out on the bodice of the gown. Both the chapel length train and veil were of bridal tulle. The bride carried a bouquet of white and yellow tulips.

The maid of honor wore a gown of olive silk organza over yellow peau de soie. The bridesmaids' gowns were yellow silk organza over yellow peau de soie. All the gowns featured bell sleeves appliqued with yellow daisies.

The attendants' headpieces were large bows corresponding to the colors of their dresses.

AFTER THE ceremony, a reception was held in the church parlor.

After a wedding trip to New Orleans, the couple will reside at 150 S. Main St. in Euless.

The bride is a 1965 graduate of San Angelo Central High School and attended Angelo State College.

The bridegroom is a 1962 graduate of Hart High School and earned an accounting degree from Angelo State College. He is employed by Peat, Marwick and Mitchell of Dallas.

Fresh Vegetables Are Best Bargain For Wise Shopper

Produce counters burge with fresh vegetables this summer and offer a paradise for the smart shopper with nutrition in mind.

THIS IS the time of year to include raw or cooked vegetables in the menu, says Gwendolyn Clyatt, Extension consumer marketing specialist at Texas A&M.

For this is the season when the colorful items are at their peak of goodness and lowest in price.

Mrs. Clyatt suggests tips on selection and preparation:

Choose dark green and deep orange colored vegetables for vitamin A. Tomatoes, green peppers and members of the cabbage family substitute well for vitamin C. Iron, calcium and other minerals.

WEIGHT watchers find vegetables life savers, since most are low in calories but high in flavor, bulk and texture. Mrs. Clyatt warns of calorie-filled seasonings such as sauces, butter or gravy.

Cook vegetable quickly and just to the "bitey" stage, says Mrs. Clyatt. Use scant water, a covered utensil and save the cooking liquid. Don't pre-soak, and stir as little as possible. Serve promptly.

Rather than plain salt as seasoning, Mrs. Clyatt suggests onion, garlic or celery from the shaker-top containers. For a buttery but different flavor, use melted butter heated to a golden brown. Add to the butter, lemon juice and a bit of grated rind, horseradish, chives or mustard. Pour over hot vegetables.

But remember, Mrs. Clyatt points out, no matter how carefully the vegetables are selected or prepared, the fresher the vegetable when eaten the better the flavor.

Women's Choice: Part-Time Jobs

The "part-time" job is becoming increasingly popular among America's women, says Mrs. Wanda Meyer, Extension home management specialist at Texas A&M University.

THERE ARE more than 26 million working women in the country, but only two out of five of these work full time the year 'round.

There are probably a number of attractions to "part-time" work, Mrs. Meyer explained. Women with school-age children often find they have free time, but they also want to be at home when the children return from school. Part-time hours can meet both requirements.

EDUCATION is taking longer and costing more. About one in five part-time women workers are students, perhaps earning money to assist with their student expenses.

One of the most important influences, according to Mrs. Meyer, is the growing need for part-timers. Expanding service industries, with their varying labor demands and flexible hours, have proved to be a powerful magnet in attracting women back to work.

One thing is clear, Mrs. Meyer said. Most women work part-time, or part of the year, because they want to. A Labor Department survey found that only about one in six women part-timers said she would actually prefer to work full-time.

Guests in Byrnes and Willis Homes
Guests in the homes of C. O. Byrnes and G. L. Willis, Jr., last weekend were Pam and Bud Byrnes of Center, Alori Levi and daughters, Joey and Susie, of Denver, Colo., and Janet and David Byrnes of San Antonio.

STATE REPRESENTATIVE BILL CLAYTON ADDRESSES JAYCEES
... With progress report on 60th Legislature

Clayton Explains to Jaycees How He Defeated Betting Bill

State Representative Bill Clayton of Springlake revealed to the Dimmitt Jaycees last Thursday how he "beat the horses" during the recent session of the 60th Legislature.

Clayton was the legislator mainly responsible for closing the gate on the controversial parimutuel wagering bill, which would have legalized horse-race betting in Texas.

He — as an outspoken opponent of the horse-betting bill — was able to kill the proposal and still remain the only legislator on record to vote against it.

He turned the trick as chairman of the Counties Committee. The "race horse bill," as Clayton called it, was one of 234 bills sent to this committee for pre-floor study by the Speaker of the House.

In a question-answer session during his report on the 60th Legislature, Clayton described how

"THIS WAS a hot issue with a lot of politics involved," he said. "The majority of men on my committee favored the bill, but I was opposed to it. A poll of the house showed it would be a neck-and-neck race if it came up for a vote on the floor."

"On our hearing of the bill, we were in session seven hours — one of the longest committee hearings of the legislature. I think we learned about all there is to know about horse racing — both pro and con.

"I didn't set up a subcommittee to study this bill, as I usually do, I kept it in the committee of the

Bethel News Smith Hospitalized in Lubbock

By MRS. J. T. STEHR
647-4221
The Smith children report that Leland Smith is improved and they hope he will be able to come back to Dimmitt from the hospital at Lubbock, where he has spent several days. He will be in Plains Memorial Hospital when he returns to Dimmitt.

MRS. RAIFSNIDER of Mineral Wells has visited a week in the home of her daughter, Mrs. P. C. Lively.
Mrs. J. T. Stehr visited in the home of Miss Roberta Campbell, Hereford, Wednesday night. Miss Campbell cares for her bedfast mother in her home.
Mr. and Mrs. J. T. Stehr helped grandson Glen Schueler celebrate his seventh birthday Friday night in the Rhea Community in Parmer County. Other guests were Mr. and Mrs. Carl Schlenker and Connie and Carlene, Mr. and Mrs. Walter Schueler, Wayne, Vicki and Gary.

THE BRAVES of the Dimmitt Little League have been swapping second and third place with the Dodgers, and are showing that they'll be a power to contend with in the race this summer. In foreground, kneeling, are coach Bob Adams, score-keeper Lonnie Strickland and coach Ben Coleman. Team members, from left, are Robert Lopez, Gary Annen, Dudley Wooten, Tommy Ramirez, Danny Johnson, David Martinez, David Brockett, Terry Young, Norman Hays, Richard Davis, Billy Carver, Bobby Bossett, Walter Ward and Albert Ewing. Not pictured: Cliff Parker.

SHARON AND Denise Stone of Easter and Judy, David and Mark Lust of Lazbuddie visited with their grandparents, the Vern Lusts this week.

Deanna Morgan, who is attending Hardin-Simmons University, spent the weekend with her parents, Mr. and Mrs. A. T. Morgan.

Mr. and Mrs. Marvin Tisdale and Nancy attended a Little League ball game at Hereford Friday night. Their grandson, Charley Ross, is a player. The game was only partly played, due to rain.

Mr. and Mrs. Roland Ward of San Antonio and daughter, Mrs. Jim Howell, and her children are going to visit their son and brother, Capt. Eddie Ward and family at Glasgow, Mont.

Mrs. Houston Lust, Joe, Sue, Ann and Flo went to Amarillo on business and also visited her sister, Mrs. Bill Avent and family.

JUDITH SMITH, daughter of the Wesley Smiths, is a patient in Plains Memorial Hospital. Her grandmother, Mrs. Gray, is helping care for her at the hospital.

Mrs. Martin Hobrathsch and Mr. and Mrs. Herbert Schue'er visited in the J. T. Stehr home Sunday.

Mr. and Mrs. James Welch attended the funeral of Mrs. Forrest Green at Lazbuddie Wednesday. Mrs. Green was an old-timer in the Lazbuddie area.

Mr. and Mrs. Vern Lust attended a district meeting at Plainview Methodist Church recently.

Mr. and Mrs. Milton Bagwell and children and Mr. and Mrs. Marion Falwell and daughter of Midland visited their parents, the Ivor Bagwells Sunday.

TO A QUESTION about the one-year budget for state government this year, Clayton answered, "We felt that by providing appropriations on a one-year basis we could save money. State agencies on a two-year basis will pad their budget requests because they don't know how much more expensive their operation will be in two years' time. They can better see one year ahead, and act accordingly."

Visiting in the home of Mr. and Mrs. Mcss Howell Father's Day were Mr. and Mrs. Jack Howell and sons, Mr. and Mrs. Jim Howell and children, Mr. and Mrs. Lyndon Smith and son, and Mr. and Mrs. Charles Howell and children.

HE EXPLAINED that he carried out his legislative quinnella because many state representatives would be put on the auction block in the next election, whether they voted for or against the bill. Their votes — either in committee or on the floor — would have been used against them, he said.

Mr. and Mrs. Ralph Yerby spent Father's Day with his father, B. B. Yerby in Plainview.

"We had a lot of good members from districts that were split on this issue," Clayton said. "If they voted for it, they'd have the churches against them. If they voted against it, there'd be a lot of money put up against

MR. AND MRS. LARRY TIMMONS of Carlsbad spent Friday night with his brother, the Delbert Timmons, and returned their daughter, Misty Kay, home Saturday. While visiting in the Timmons home, Mr. and Mrs. Cecil Galloway of Lubbock came to see Misty Kay, their granddaughter. Saturday they all went to see Mr. and Mrs. Ronald Miller and new baby girl at Littlefield. Mrs. Miller and Mrs. Larry Timmons are the daughters of the Galloways.

Clayton said he feels taxes will be kept down by increased tourism, which will increase state gasoline tax income, and by the oil situation in the Middle East, which will require the production of more Texas oil and put more oil-tax money in the state's coffers.

MR. AND MRS. ADOLPH DUKATNIK of Whitharral returned the children of the Delbert Timmons. The Dukatniks report their crop was hailed out last Thursday night. Mrs. Delbert Timmons has word her brother Terry Cox will be home from Korea next weekend.

Clayton termed the 60th Legislature as the "hardest working" in state history.

MR. AND MRS. DONALD GILREATH and daughters spent Father's Day with her parents, Mr. and Mrs. I. D. Onstead of Littlefield.

"More and more today, you hear about state governments defaulting on their responsibilities and duties, creating more federal encroachment. The 60th Legislature tried to meet its responsibilities and solve the massive problems that faced it."

MR. AND MRS. MIKE LANGFORD and Mikala Ann and Jeff spent Friday night with Mrs. G. W. Crain of Lazbuddie.

HE SAID the main cause of these "massive problems" is Texas' rapid transition from a rural to an urban state.

MR. AND MRS. FRED PALLET and daughter and husband, Mr. and Mrs. Blake Adams of Hereford.

"Most Texans now live in metropolitan areas," he said. "The transition from a rural to a metropolitan state is sometimes hard, and creates problems we didn't even know would exist 20 years ago. These problems were the main factors behind our new laws on air and water pollution and the revisions of our tax laws and criminal codes."

MR. AND MRS. GEORGE SIDES and children and Mr. and Mrs. Monte Boozer and children visited a while Sunday afternoon with the George Bagwells.

Clayton said he will be able to continue with Bethel news, so call me.

DHS Announces '67 Honor Roll

Sixteen Dimmitt High School students made the "A" honor roll for the 1966-67 school year and 30 others earned places on the "B" honor roll, Supt. Paul Hilburn announced this week.

THE YEAR-END honor roll is based on averages compiled by the honor students during the entire school year, Hilburn explained. The number of honor roll students represents approximately 10 percent of the student body.

Honor students for the 1966-67 school year were:

Seniors "A"
Linda Harman, Garland Jarvis and Paralyn Render.

Seniors "B"
Kay Bradley, Joan Buchanan, Sandra Coffman, Carolyn Dunn, Beelee Goodwin, Antonio Pina and Joe Bob Sanders.

Juniors "A"
Elaine Davis, David Harris, Vikki Otte, Robbie Sheffy, Mary Lee Stone, Debra Summers and Allan Webb.

Juniors "B"

Cheerleaders Plan Rummage Sale

Dimmitt High School's cheerleaders will hold a rummage sale Saturday beginning at 10 a.m. on the courthouse square.

THE GIRLS are raising money for six girls' expenses to cheerleading school to be held at Texas Tech in July.

Contributors to the sale can call 647-4278 or 647-5453 for their items to be picked up.

Twelfth St. Paving Will Be Completed

Construction is expected to be completed in the next three weeks on 3 1/2 blocks of paving on Twelfth Street, from the alley between Cleveland and Maple south to the city limits, according to City Manager E. B. Noble.

The 40-ft. wide paving will cost approximately \$10,000 and will include curbs and gutters, Noble said. The city pays 10 percent of the cost and homeowners pay 90 percent.

Project contractor is Squire Construction Co. of Hereford. McCormies and Associates of Amarillo are engineers.

Hospital Board Okays Tax Hike

An expected nine-cent tax hike has been ordered by Plains Memorial Hospital directors to pay off bonds for the new wing of the hospital, which will be built next spring.

THE ACTION raised the property tax rate of the county-wide hospital district to 39 cents per \$100 assessed valuation.

Before county voters okayed the bond issue for the new 20-bed hospital wing in January, the board said it expected a nine to 11-cent tax hike to pay off the bonds.

HART NEWS

School Remodeling Planned

By MRS. H. E. LOMAN

The Hart School board has voted to proceed with remodeling plans of the school. The nurse's office will be located in the north building when remodeling is completed, according to Supt. W. A. Gardenhire.

This past year the nurse's office was located next to the grade school principal's office and the north building housed the Title I reading room and special education classes.

The action on teacher's salaries was postponed until the next meeting, July 10.

Gardenhire presented each board member with a copy of the Texas Education Agency bulletin 615, dealing with accreditation for individual study.

At the decision of the board members, a proposed study on the county re-evaluation program was tabled, Gardenhire reported.

The board authorized Charlie Howell to plaster three houses in the rent house project located west of the school.

Goode Graves had charge of the games for the evening.

THE JUNIOR High MYF of the First Methodist Church met Wednesday night of last week at the church for a bicycle tour and hamburger fry.

Mrs. Wamon Foster led the 14 boys and girls on tour, and Mrs. Bill Bell, sponsor, followed the group.

Goode Graves had charge of the games for the evening.

The hamburgers were prepared by Mrs. Goode Graves and Mrs. Fred Brown.
