"My Grace is Sufficient For Thee" 2 Cor. 12:9

His grace is great enough to meet the great things—

The crashing waves that overwhelm the soul.

The roaring winds that leave us stunned and breathless,

The sudden storms beyond life's control.

His grace is great enough to meet the small things—

The little pin-prick troubles that annoy,

The insect worries, buzzing and persistent,

The squeaking wheels that grate upon our joy.

## HEALTH OFFICER TELLS HOW NOT TO LIVE TO HEALTHY OLD AGE

Austin, Texas—Some folks are old at sixty; others are mentally and physically alert at eighty. The number of years one has lived may not be a true index to one's length of a true life. Actually, the length of a person's life span is influenced by the condition of his arteries. Premature hardening of the arteries, often due to avoidable infections, improper diet, and possibly worry and strain is to a certain extent, preventable, said Dr. George W. Cox, State Health Officer.

Many of the problems connected with the hygiene of old age are due to lowered mental power. Therefore, a cheerful and optimistic attitude toward the aged, especially during sickness, is essential to their well being. Old people regard their condition as far less serious when they can be fully dressed and out of bed. When they can be up, the excretory organs function more satisfactorily, too. However, when an elderly person complains of being overtired, or otherwise not physically fit, a day of rest in bed is advisable. By providing light and easily digested food and applying warmth to the body of an aged patient, he is often tided over a mild or threatened illness.

Special attention should be paid also to proper clothing, diet, and exercise of the elderly. With reasonable attention to certain well-defined and easily followed principles of hygiene, it is possible to grow old gracefully. Furthermore it is also possible, in many instances, to retain one's faculties to such an extent as to make old age a pleasure rather than a burden.

**HART NEWS**

The extremely cold weather of last week seems to have frozen our typewriter so that part of our news will be old to some.

Other than water works and a few radiators, we have not heard of any damage from the cold.

Mr. and Mrs. Edd Dutton of Amarillo spent the week end with the Bill Wood family.

The Frank Hallmark boys were able to return to school after an

absence of two weeks because of illness. Sondra Sanders, Jon Pyeatt, Roy Pyeatt, Judy Sanders, Robert Lewis Hawkins and Willis A. Hawkins, Sr. have also been ill.

Mr. and Mrs. Howard Bridges and Mr. and Mrs. M. M. Hastings attended the Fat Stock show the last week-end.

Mrs. Percy Hart is in Oklahoma City visiting in the home of her son. Mr. and Mrs. Tooter Horton.

Mrs. J. J. Newsom was called to California last Monday because of

the death of her nephew. She will visit at Bradley, California while there.

Mr. and Mrs. H. E. Loman left on Tuesday for a two weeks vacation with relatives in California.

Mrs. A. L. Hawkins and Mrs. W. F. Griffin spent Sunday in the home of their children, Mr. and Mrs. W. A. Hawkins.

Mr. and Mrs. S. A. Harris and daughter, recently of Norfolk, Va., are making an extended visit in the home her parents, Mr. and Mrs. W. A. Hawkins. They are looking for a location in Texas.

Mrs. Frank Sanders has return-

ed to her home after spending some time in the Plains Memorial Hospital at Dimmitt.

Mr. and Mrs. Howard Bridges and John were called to Weatherford on Friday to attend the funeral of Mr. Bridges father who died suddenly on Thursday.

Monroe Phillips attended the funeral of his Uncle at Shawnee, Oklahoma on Monday.

Mrs. Billy Swindle was called to Silvertown on Sunday because of the death of her grandfather.

Cecil Ray Jones and Mr. and Mrs. Bill Wood entertained with a surprise birthday party for their father, Ray B. Jones in his home in Plainview on the night of February 6th.

A large group of friends from Hart enjoyed playing "42". Mr. Jones received several useful gifts.

Members of the High School enjoyed a Valentine Party at the school house on Friday night. High School room mothers were hostesses.

A large number of friends of Mr. and Mrs. T. R. Cox gathered in the Cox home on Tuesday night to give them a homecoming. Admiring the new house, playing 42 and eating occupied the time of the guests.

Mrs. Ray Riley and Mrs. Jack Hinson of Springlake were special guests of Hart P. T. A. on Tuesday night, February 10. Mrs. Hinson spoke to the group on Founder's Day and Foundations for Youth. She especially stressed the religious foundation and the part father's need to play in the life of the child. Father and Son Night was observed by having each boy introduce his own father.

Mrs. Roy Pyeatt observed P. T. A. founder's day by lighting candles for National, State and Local Units.

Misses Jeanne Sharp, Patsy Smithgamm and Louise Swopes entertained with a stork shower in the home of Mrs. John McLain honoring Mrs. Herschel Jackson on Wednesday afternoon, February 18.

**EVERSMAN**

Put This in Your Pipe AND SMOKE IT

There's Only ONE TRULY AUTOMATIC LAND LEVELER

You Get These BIG ADVANTAGES with EVERSMAN

The ONLY machine with grader blade suspended on movable sub-frame balanced with springs connected to wheels through and eccentric axle that gives automatic action.

Not just another scraper. It's a 3-way machine used not only for the initial job of dirt moving and leveling but for maintaining contours and preparing seed beds year after year.

Gets land in "table-top" condition, making better drainage possible, irrigating and cultivating easier, and mechanical harvesting faster. A must in permanent seeding, saving seed cost, giving more years of bigger yields from each seeding.

Comes in 4 sizes to fit wheel tractors up to large crawlers.

Only one leveler, the EVERSMAN, has the eccentric (crank) axle - when wheels go on a high place the blade AUTOMATICALLY lowers to gather a load - when wheels go into a low place the blade raises to release enough dirt to fill.

Front clod buster and rear smoother blade firms the surface as the machine moves along, producing a finely pulverized seed bed while AUTOMATICALLY LEVELING.

Also excellent DIRT MOVER with patented wheel lift which raises and lowers the whole machine and gathers or releases a big load of dirt wherever you wish.

One inexperienced man driving your present tractor handles this ALL PURPOSE machine. Inexpensive to buy. Ask your dealer for details.

Get your DIRT MOVING done this FALL with your EVERSMAN and have the same machine for finish leveling and seed bed preparation in the SPRING.

### Active Family Dwelling

This home has been designed for an active family with varied interests. A large activities room, the den and the living-dining area provide the solution to the problem. The den is very useful as a guest room with a wash room so handy off the entrance hall. Note, too how easily a third bedroom could be added. The exterior is simply designed with a low-pitched roof and wide overhanging eaves nestling the structure down to the ground. It comprises 1400 square feet, exclusive of garage.

Dwelling shown above is a photograph of a scale model of a "cut-out" home which can be obtained from House Beautiful Magazine for \$2.00. The model is easily assembled, and gives the prospective home builder an actual model of the home he plans to build, complete with "cut-out" furniture.

By studying the scale model, the prospective builder is enabled to determine what changes he deems necessary before the house is actually built, thereby saving needless expense.

Blueprints and specifications of the dwelling shown above can be obtained for \$5 per set by writing House Beautiful Magazine, 572 Madison Avenue, New York City 22, New York.
