Two of the most painful complications of the common cold are an earache and sinus trouble. And they are frequent complications of a cold.

Earaches don't always follow a cold, of course, and may start up without any "cold" signs, just the sudden aching of the ear. Most people have at one time or other experienced a sudden earache that just hurts awfully bad and then by the time you get to the doctor there is no ache left at all; that type of earache is often caused by a tiny blister, blob, which forms in the ear, flares up for a brief period and then subsides without any aftereffects.

More serious and more prolonged is the inflammation of the middle ear which is called otitis media, which may follow a cold.

This earache starts up a little slower, usually with a feeling of fullness in the ear which you can relieve by swallowing or yawning. If you have a cold at the time you probably hear bubbling and cracking noises in your ear when you blow your nose.

But then the inflammation usually flares up with yawning no longer relieving the pressure and you may get a severe headache along with a ringing, roaring or hissing in your ear or ears. When the middle ear becomes completely filled with liquid, your hearing is not good and your own voice sounds unusually loud to you.

That is every indication that you have a complication from your cold or else a well-developed earache. It may last a few days or more than a week and you need to stay in the house, eat a light diet and drink plenty of water. If you have a fever, you should stay in bed.

But you should not put a thing in your ear without your doctor's advice. Aspirin may help relieve the pain or quiet the disturbing noises or it may be that stronger drugs, such as codeine or morphine, may be necessary; they should be taken only upon a doctor's advice, of course.

Ear drops, hot water bag, or electric pad may offer relief, as your doctor prescribes, but used promiscuously they may make matters worse. The sulfa drugs and penicillin are often prescribed for such an earache but it is still necessary in many cases for

your doctor to puncture the tympanic membrane, sometime more than once.

Earaches and sinus infections can lead to very serious complications themselves and deserve the most professional medical attention; they should never be "treated" by haphazard, guessing home remedies.

There are many varied treatments for sinusitis, that distressingly painful inflammation of the air cavities which join the nose. These cavities (sinuses) are lined with mucous membrane, a continuation of the same wet tissue that lines the nose, and frequently fill with infected material from the nose during or after a cold. The sinuses lie above, behind and below the eyes.

The treatment that is ideal for one sinus patient will often prove inadvisable for another. Irrigations, packings, mists of penicillin or streptomycin and surgical treatment are all entitled to a place in the medical relief of sinusitis, depending upon your doctor's preference for your particular case. There is no one method that has been accepted as the preferred treatment of all cases.

Your doctor will explain the different methods to you and what results can be expected from each. When sinusitis sufferers get together, they almost always are interested in treatment that has been successful for someone else; such is the pain and suffering in many cases of sinusitis, that the patient is willing to "try" anything. With sinuses forming a direct communication with the brain, the wrong treatment can certainly do more harm than good. Individual treatments must vary as greatly as individual nasal structures do and you must have confidence in your physician and his choice of method of relieving the congestion known as sinusitis.

### Ray Bearden To Attend Tractor Dealers Meet

Ray Bearden, local Ford Tractor dealer, and personnel from the dealership will attend a special meeting January 30th at Oklahoma City sponsored by Modern Tractor & Supply Company, Oklahoma City, Oklahoma, and Dearborn Motors Corporation, Birmingham, Michigan.

The meeting will consist of special skits, slides, and motion pictures presenting the latest plans and policies for sales and service. A new motion picture, made especially for this program, shows tractor manufacturing and testing operations at Detroit and Birmingham, Michigan.

Dealers will be given latest information on the availability outlook for farm equipment during 1952 and an action program for improving service to their farm customers.

For any Standard Farm Tractor

With the new and modern EVERSMAN DITCHER you can start a ditch by yourself, even in sod ground, and dig new ditches or clean old ones with a minimum of time and effort. The EVERSMAN DITCHER is easily transported on its own rubber tires, is sturdily built and will save you many hours of hard work. The exclusive floating-hitch adjustment permits either narrow or wide ditches. Depth is regulated by either a mechanical screw control or with any standard wheel tractor hydraulic cylinder. Available with 15" or 16" wheels.

Built by The Eversman Manufacturing Company, makers of Eversman Automatic Land Levelers and Dirt Movers. Come in today for free demonstration.

By Ted Kesting

For many, many years Dr. William J. Long has studied the pheasant in New England, so he knows well their behavior patterns.

"After this long association I must sadly record" he writes, "that a cock pheasant is so far from being a lovable bird that there are only two places where he looks good to me—in autumn plumage over my gun sights, and nicely browned on my dining table".

In the wild state pheasant feed twice daily, spending the day hours loafing or dusting or otherwise enjoying life in their own way. Their feeding place is wherever they find food—grain or grasshoppers or ripe grapes or skunk cabbage seeds — it

varies with the season. Their loafing place may be a briar thicket, a bog, a waste of weels or scratchy raspberry vines—the meanest kind of cover, which is one reason I prefer our native game.

Most interesting to you who would learn how to hunt pheasants is the fact that in going from one feeding or loafing ground to another, they follow regular runways when they feel at ease, or regular flyways if compelled to use their wings.

The moral or lesson of this runway habit as Long read it is that when a pheasant takes to his legs he knows where he is going and will stop when he gets there. He may run the better part of a mile if not hard pressed; but

wherever he decides to rest in a hide-out, he'll stay until you all but step on him.

Here are some more of his conclusions to which, naturally sportsmen of other localities may object. Though for a short distance a cock pheasant runs so fast that he outdistances a man or a slow dog, a long run tires him and he must rest. By a long run I mean 50 or 60 yards, if he is hard pushed, or half a mile if you let him rest occasionally by checking the dog. In either case he will make his next getaway on wings.

A long flight also tires him, and if approached before his wings are rested he will almost certainly take to his legs.

There is no need for sportsmen to complain of this running habit if your dog is properly trained and handled. Far from spoiling a dog, pheasant hunting may make him the most desired of all canines—an all-around upland dog.

## Jowell Night Ends With Happy Results

ABILENE—Everyone on the Reservation was quite happy with the results of Jowell Night at McMurry College, Tuesday.

The Indian Cagers, coached by Mel Jowell, broke into the win column by defeating Howard Payne College 64-63 in a real thriller from start to finish. It broke an eleven-game losing streak for the Indians, marked their first conference win, and put them in second place in the Texas Conference.

Carl Jowell, McMurry's high point man and leading scorer for the Texas Conference with 322 points, increased his TC lead and broke a record by making 31 points. Highest individual game score prior to Tuesday night was 29, made by team-mate Jack Henderson, against East Texas Baptist.

Then, actually to start the deal off, Jim Jowell, ace center for the Indian Papooses, scored 28 points against the Howard Payne frosh team before the varsity game started.

The Jowells, Mel, Carl and Jim, are all brothers from Dimmitt and the sons of Mr. and Mrs. M. B. Jowell. Mel, in his third season with the Indians, graduated from McMurry. Carl is a junior and Jim a freshman.

Tuesday night, with both the varsity and the Papooses playing at McMurry, was the first time that home-town folks had had an opportunity to see all three in action during one night.

## WASHINGTON NEWSLETTER

By Congressman Walter Rogers

**THE PRESIDENT'S BUDGET:** Most of you have read the news reports concerning the size of the proposed budget for the fiscal year ending June 30, 1953, which shows an estimate in excess of \$5 billion dollars. This proposed budget is an excellent example of what this country can expect if the defense program is stepped up and the demands of the people on Washington for every conceivable kind of grant continued. The government is no different from the individuals of which it is composed, and that means every citizen of the United States. There are lots of things that many of us would like very much to have, but the reason we can't have them is because we just cannot afford them. The same is true of the government, and it is my frank opinion that this proposed budget is something that the American taxpayers just cannot afford. It is true that a substantial trimming of this budget is going to result in many people, organizations, and communities having to give up something that they would otherwise get through federal grants if the budget was not cut. The hard cold facts are that the demands upon the public treasury have increased to the extent that compliance with them will mean

that the program of one country continually granting aid to another must lead to the inevitable result of weakening both countries. The donor country will be weakened because of the continual drain on its resources. The donee country will be weakened by its dependence upon the anticipated aid, and will gradually lose its desire to become self-sustaining. In other words, such a program will jeopardize the moral fiber of the human being. The same rule can be well applied to the communities of this country who continue to seek aid from the federal government and advocate programs that cannot be self-sustaining in the respective communities. Complete dependence of one individual

on another, or of one country on another, substantially impairs, if not destroys, the freedom of both. As I have said before, I shall continue my efforts for substantially reduced expenditures and against higher taxes. If you are not in accord in this respect, I would appreciate hearing from you.

**THE PROPOSED NEW IMMIGRATION LAW:** You may expect to hear a lot about how the proposed new immigration revision will put a stop to the infiltration into this country of many aliens. Such a purpose is noble and has my full support, but do not blind yourself to the fact that many injustices can be done the citizens of this country under the guise of a noble purpose. The im-

migration laws should have been changed a long time ago to put a stop to illegal entry of many aliens. This proposed law will solve that problem to a certain extent, but it still has some bugs in it. For instance, there was quite a battle in the committee to change one of the provisions of the law that could have presumed farmers and ranchers in our section of the country into the penitentiary. This provision was changed in committee whereby the particular offense referred to was reduced from a felony to a misdemeanor, but the bad part of the provision was not changed. If the law passes as it is now written, you farmers and ranchers that use Mexican labor can ex-

pect the sanctity of your homes and farms to be invaded by federal agents armed with administrative—not judicial—warrants issued by some bureaucrats, rather than a judge. If these bureaucrats find some alien on your place about whom you know nothing, the burden of proving your innocence will be on you rather than upon the government. You should give it lots of thought, its administration could be dangerous.

### Nazareth Jr. 4-H Club Meeting Was Held January 16

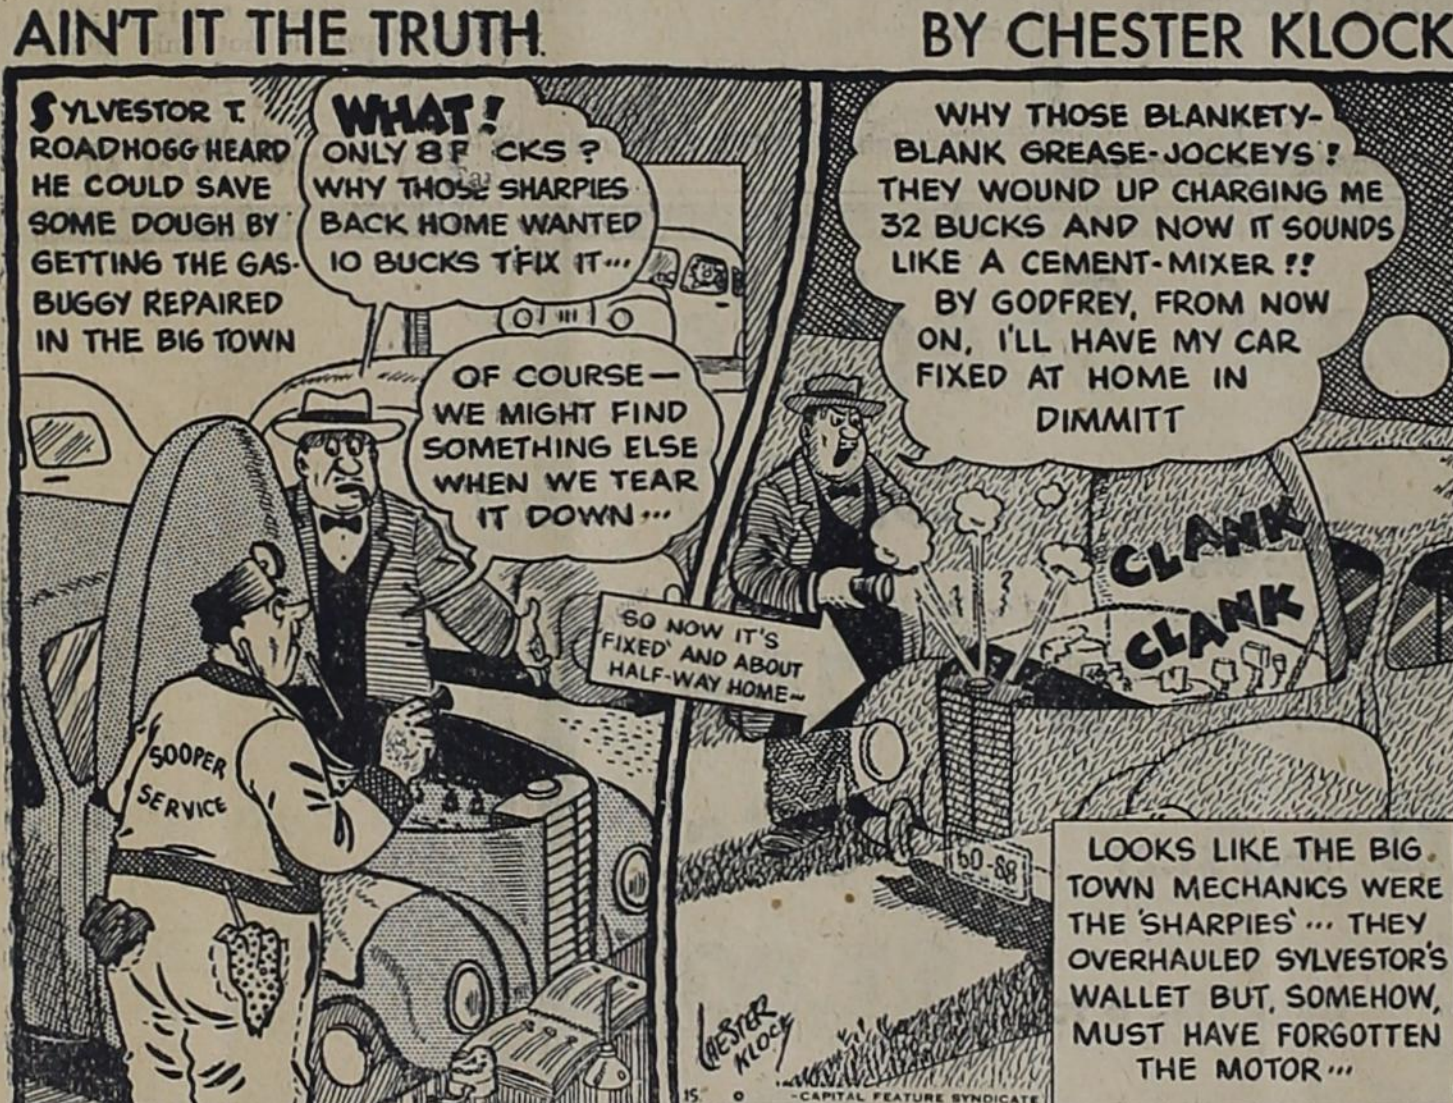

The last regular meeting of the Junior 4-H Club was held in the

Nazareth Gym at 10 o'clock, January 16. The meeting was opened by Agnes Kleman, president of the Girls Junior 4-H Club. The 4-H motto and pledge was recited by all. The meeting was turned over to the County Agent, Mr. McLeroy introduced the president of the Soil Conservation Service, Mr. B. West. The County Agent distributed the 1952 4-H calendars. A brief explanation on the 7th Annual Essay Contest on Soil Conservation followed. The meeting was turned over to Mr. West for a soil demonstration. Pictures of the group watching the demonstration were taken by the County Agents. The meeting came to a close at 10:30.

rites. Mr. and Mrs. Manuel Luera served as witnesses. Word has been received that Fritz Gerber and Eugene Kern, recently inducted into the army, will receive their basic training at Fort Knox, Ky. Jerome Birkenfeld was inducted into the Marine corps and will be trained at the Marine recruit training base in San Diego, Calif.

In a mid-year election of class officers, the fifth and sixth grades chose Rosalie Schacher as president, Edwin Huseman vice-president, Rorald Hoelting secretary, and Clarice Schulte treasurer. The monitors elected by the group were Mary Lou Lange, Faye Annen, Denis Hoelting, and Fred Ball. After the election of officers a committee, under the leadership of Linda Hindman, presented a very interesting program.

The third and fourth grades chose the following officers to serve for the remainder of the year: Dianna Hoelting, president; Eugene Gerber, vice-president; and Charlotte Schumacher, secretary.

### School for Vocational Nurses Now Open in Plainview

The Plainview Hospital and Clinic Foundation announced the establishment of a school for licensed Vocational Nurses today. The school is a joint project between the Foundation and the

Division of Vocational Education of the Plainview Public School. The course of study will be for a period of one year and will be on the following subjects: Nutrition, Nursing Arts, Surgical Nursing, Medical Nursing, Communicable Diseases and other subjects of nursing. The first three months of the program will be spent in class room study, and the last nine months in practical application of theory in the hospital. Miss Clarice Green, Director of Nurses, in announcing the formation of the school, said that applicants between the ages of 16 and 40 would be accepted provided that they meet the health requirements and have at least a tenth grade education. Students being accepted for the course of study, Miss Green stated, will be required to furnish uniforms and certain textbooks. For the first 3 months, there will be stipend paid by the Foundation of \$25.00 a month; the next 3 months, \$35.00; the 7th, 8th, and 9th months, \$45.00; the 10th, 11th and 12th months at \$65.00 at which time, they will graduate and be eligible for licensing by the State Board of Licensed Vocational Nurses.

All preliminary approval for the establishment of the school has been given by the Texas Education Agency, Mr. H. W. Avinger, Superintendent of Plainview Schools, stated today. Applicants will be accepted between now and the first of March. Those interested should contact Miss Green,

Director of Nursing Service at the Plainview Hospital and Clinic Foundation, or Miss LaVerne Adams, Instructor.

Mr. and Mrs. George Carpenter have returned home from Vernon where they had been to take her mother, Mrs. Motley, home. Mrs. Motley had been here for some time visiting in the Carpenter home.

**BIRTHDAY DINNER**  
Mrs. Edd Wilson entertained with a birthday dinner honoring her daughter, Mitzi, in her home Sunday. Present to enjoy the occasion were Rae Hardy, Katy Coke, Sunnye Brown and Yvonne Bearden.

Mr. and Mrs. Howard Scoggin and son visited relatives at Lamesa last week end.

## Nazareth News

Jack Acker, son of Mr. and Mrs. Jacob Acker, was awarded a trophy at a special meeting of the Nazareth 4-H clubs, on January 24. He received the award in recognition of his having shown the grand champion calf at the fat stock show at Dimmitt last fall. Mr. Sam Merritt, of Plainview, representing the Purina-Ralston feed company, presented the award, and pointed out that the feeding record Jack kept was partially responsible for his winning the award. Mr. Merritt also showed a movie to the assembly,

picturing the development of pigs which were fed properly.

Joe B. King, circulation manager of the Southwestern Crop & Stock magazine, spoke briefly encouraging the 4-Hers to sell subscriptions to the magazine, in order to help the county club to win a movie camera or projector.

The Nazareth Swifts and Swifties met the Happy Cowboys and Cowgirls in the Nazareth gym for two exciting games, on January 24. Although they were defeated by a score of 31-27, the Swifts played a very good game, in which Vincent Gerber chalked up 14 points, to be high scorer.

The Swifties also lost their game, to the strong Cowgirl

team, by a score of 41-31. Irene Brockman was high scorer, with 15 points. The next highest score was May Acker's 9 points.

Randall David Schumacher, son of Mr. and Mrs. Andrew Schumacher, was baptized January 20 in Holy Family Church. Sponsors in Baptism were Dennis Heiman and Estelle Hoelting.

Victor Perales Jr., son of Mr. and Mrs. Victor Perales, was baptized January 13 by the Very Rev. Father Morsch. Sponsors were Mr. and Mrs. Carlos Guerra.

In a nuptial ceremony read in Holy Family church on January 22, Aurora Herrera became the bride of Hilario Costillo, with Father Morsch officiating at the

**"Uncle Tom's Cabin" Coming to Carlile**

An announcement of importance to moviegoers of both the older and younger generations came today from H. H. Carlile, manager of the Carlile Theatre, who said that he has made arrangements for a return showing of the old, original classic, "Uncle Tom's Cabin", which will open a 2 day engagement in Dimmitt on Feb. 5 and 6.

"Uncle Tom's Cabin" filmed in authentic settings in 1927, was one of the last great silent films produced before the advent of sound. The showing which have been revived currently are enhanced by the addition of a sound track which includes a dialogue commentator and the music of inspiring spirituals and southern melodies, including "The Lord's Prayer" sung in all its beauty, by a full choir of Negro voices and soloists.

Outstanding sequences in the

film include those which will live forever with patrons of the theatre—that of Eliza crossing the river of ice, the death of little Eva, and the transformation scene.

Faithfully based on the immortal story by Harriet Beecher Stowe, surpassed in printing only by the Bible, "Uncle Tom's Cabin" remains a milestone as one of the greatest human interest motion pictures ever filmed.

In the decade between 1850 and 1860 when the burning issue of slavery was reaching its explosion point, the little, soft-spoken woman with a pen of fire did more for the cause of the Union than the stinging words of numberless abolitionist orators.

On July 1, 1896, she died—a power beyond had silenced the lady, but the might of her written word lived on.

Her novel soon became a play, which thespians today are still doing on stage and stock in every territory of the land, a fact accounting for the reason that the power and punch portrayed in the great film classic of silent days should live forever.

Manager Carlile pointed out that no credits are given the cast who played the roles of the 1927 film version, though those among the older generations returning to see it will undoubtedly recognize or recall some of the faces and characters.

Those of the new generations, he said, who have never had an opportunity to witness the picture, can have a first hand experience of motion picture entertainment as it was a quarter of a century ago.

Mr. and Mrs. Bob McLean and Mr. and Mrs. W. H. Fuller attended the Fat Stock Show at Fort Worth this week.

Mesdames Ted Sheffy and Bill Graham made a business trip to Lubbock Monday.

**Flying Queens to Play Ft. Worth Team Saturday**

Playing their second home game of the season, the Claude Hutcherson Flying Queens of Wayland College will meet the Ft. Worth Motorettes Saturday night at 8:00 in Nunn gymnasium in Plainview.

In their previous meeting of the year Wayland downed the Motorettes in Ft. Worth by the tune of 38-31, in their fourth game of the season. The Queens now boast the season record of 18 wins and only six losses, two of these being at the hands of Hanes Hosiery, defending National Champions.

Wanda Edwards is easily the outstanding player for the Motorettes, who have been champions of TAAAF for the last three years and the Ft. Worth representative in the National Tournament last year. Edwards tallied 11 points against the Queens in their last game and Hank Garland believes that Wayland's chances for victory depends on whether or not the Queens hold Edwards' scoring down.

The Queens employed an effective zone defense against the Motorettes in the last game, but Garland plans to use a recently developed all over the court press, to bolster his recently sagging defense, in the Saturday night game.

Probable starters for the game will be: Ruth and Ruby Cannon, twins from Cotton Center, Pat Tate, all-American forward of Dimmitt, Pansy Pinkston, junior transfer student from Forrester, Mauriene Smithson, Dimmitt all-time all-state guard and Marie Wales, all-American junior from New Deal. Other girls due to see considerable action are: Iva Joyce Worthan, New Deal freshman, Orpha Dee Burgess, freshman from Hale Center and Myrtle Brown, returning letterman from Anton.

Ruth Cannon, hook-shot artist, and Pat Tate, employer of an astounding set-shot will, in all probability, continue to carry the brunt of the scoring attack for Wayland. Pansy Pinkston and Mauriene Smithson are due to lead the Queen defense while Marie Wales will bolster both offense and defense with her all-around type of play.

Claude Hutcherson, Queen's sponsor, will fly the Motorettes from Meacham Field in Fort Worth to Plainview for the expected game between the two teams.

**5-A NEWS**

The Bluebonnet Citizens Club met the last period Friday afternoon. Perry Hoyler, president and Sandra Leeth, secretary, were in charge of the business meeting. Annette Watkins was named best school citizen of the week and led in the pledge of allegiance to the flag, Wanda Newton, as program chairman, presented an interesting program.

Those in room 5-A on the mid-term A honor roll are: Sandra Leeth, Linda Harce and Virginia Brown. Those on the A and P honor roll are: Albert O'ero, Houston Frye, Mary Bell McAfee, Cecil Stehr, Patricia Ann McLeod, Neil Honea, Betty Lou Hargrove and Myles Saddler.

Donna Lee Mahoney, Reporter Chubby Aldridge who has been in Arabia and Iraan with an oil company is in New York enroute home to visit his parents, Mr. and Mrs. Bill Booher.

Mrs. Frank Cone underwent a major operation in a Littlefield hospital Monday. Her condition is reported as satisfactory.

Mrs. Alta Gladman visited her aunt in Plainview last week end.

### Church of Christ Plans Complete For Radio Program

Abilene, Tex. Feb. 1, 1952—A coast-to-coast radio program supported by members of the Church of Christ will be broadcast weekly over the national network of the American Broadcasting Company beginning Sunday, February 10, officers of Abilene's Highland Street Church of Christ, announced today. The program will be called "The Herald of Truth". Church Leaders declare that this will be the first time members of the church in the United States have used radio on a nation-wide scale.

Members of 125 Texas congregations have been invited to participate in a service in the Fair Park Auditorium here Sunday, February 3, 3:00 p. m. when the first program will be transcribed for broadcast the following Sunday.

Signing of the contract with ABC for weekly 30-minute programs was the result of efforts started by James W. Nichols of Abilene, a 24-year old evangelist.

When he graduated from Abilene Christian College in 1947, Nichols went to Cedar Rapids, Iowa, to do graduate work in speech in the University of Iowa and to do evangelistic work. Four months later he began preaching over a Cedar Rapids station. After three and one-half years he contacted James D. Willeford, another Abilene Christian graduate, who was preaching over a Madison, Wisconsin, station. They joined forces and by September, 1950, were being heard over six stations.

In October 1950, elders of the Highland Street Church here assumed responsibility of overseeing and directing expansion of the program for national network broadcast.

With three months of traveling and writing of many thousands of letters, young Nichols let a movement that resulted in subscrip-

tion of \$250,000 from congregations in 39 states that made possible signing of the ABC contract. Nichols and Willeford will be principal speakers on the program. Phil Kendrick Jr. of Abilene will be the announcer. The A Capella chorus heard is under direction of Leonard Burford and Bill Davis of the A.C.C. music department.
