

Page Named New Commander Legion Post

Carl Page was elevated to his post of vice-commander of the H. Estes Post No. 445 last night to the office of commander.

James Wohlgenuth was elected vice-commander and Jim Ginn is adjutant (same as secretary). Salvatore DiCuffa is new Finance Officer, a post which corresponds to treasurer in other organizations.

Charge of wheel chairs and such services will be J. R. Ginn, reelected to a second term as service officer.

Cliff Lust is the historian and Tom Lust is Chaplain. Secretary is D. L. Wright and new Child Welfare chairman is Bob Estes.

Legion members attending the Tuesday evening meeting also discussed plans for additional finishing work of their building at East Dimmitt and Andrews. At present the building is also used for a community center serving several functions.

26 Deaths in Texas

State Highway Department Plans Close Watch On July 4th Traffic

Texas Department of Public Safety forecast today 26 persons will be killed in traffic accidents during the Fourth of July holiday. The prediction is based on the deadly three-day driving period of the year.

Homer Garrison, Jr., Director, issued the grim prediction with an urgent plea to motorists to "prove we have overrated by maintaining unusual care to the added dangers of holiday traffic."

Garrison noted that the prediction of traffic fatalities is one more than the 25 victims counted in a similar three-day Fourth of July holiday last year. The prediction is for this year, he said, because of a definite upward trend in traffic fatalities.

"Therefore, it can be said that streets and highways of Texas are potentially more dangerous during the celebration of Independence Day this year," Garrison said.

The Public Safety Director announced that "Operation Holiday" will be in effect starting at 12:01 a.m. Friday, July 3, until midnight Saturday, July 5. During this period, additional units available will be in operation, and the Highway Patrol force will be expanded by 125 additional patrolmen from the License and Weight and Motor Vehicle Inspection divisions.

"We will do everything in our power to stem the tide of motor vehicle accidents during the next week end," he said, "but the main job belongs to the general public, who must guard against dangerous driving factors such as speed too fast for conditions, drinking and driving, fatigue and just general inattention."

Garrison reminded also: "The holiday list, already nearing the mark at mid-year, is shocking. But in addition we must remember the untold suffering of thousands of persons who are injured in highway wrecks in addition to the tremendous economic loss involved."

Garrison pointed out that traffic fatalities are up about 10 per cent last year, with approximately 1,000 more victims counted to date. This factor was taken into consideration by N. K. Woerner, Manager of the Statistical Services Division, in arriving at the estimate of 26 motor vehicle deaths for the three-day holiday. Woerner reported that in 1954, when 33 persons were killed in traffic.

In addition to the greater traffic hazard, July Fourth celebra-

GOLF COURSE PLANS—This is the first plan presented for a new golf course to be constructed on the Joe Butler place about a mile southwest of Dimmitt if hopes for a Dimmitt Country Club materialize. Some few changes may be made in the plans, but promoters believe this will be essentially the picture of the new facility if and when it is completed. The practice range will

probably be changed to allow more room for adjacent holes. This tentative plan was drawn by Walter Sikes, former pro golfer at Ross Rogers Golf Course in Amarillo and presently pro at the Canyon Country Club course. He has been retained to advise and to help complete the golf course if it becomes a reality.

Public Meeting Set for Tuesday To Explain Country Club Plan

An educational meeting Tuesday evening, July 7, set up by the interim board of directors of the Dimmitt Country Club to explain the purposes and aims of the organization to prospective members.

The meeting will be held beginning at 8 p.m. at the Dimmitt Grade School Cafeteria.

Members of the steering committee of the board will explain the various points of the project before the assembly.

At a meeting Tuesday afternoon in the Community Room of the First State Bank, the board elected to set a fee of \$500 for each family share of stock and membership in the Country Club.

B. M. Nelson, manager of the Castro County Chamber of Commerce and one of the promoters of the Country Club, said this week that "this membership fee sounds high, but it will cost that much if we have everything we want. That figure was arrived at after reports from the golf course committee, the swimming pool committee, the

club house committee and the fishing pond committee were made. We will need about \$100,000 to carry out the project. The \$500 would entitle the member to a lifetime membership and open up many more areas of outdoor entertainment and activities. We feel sure any member would receive his money's worth in a very short time."

The Country Club idea has been worked on by local men for the past several months with concrete plans taking shape only last week. Many small towns in the surrounding area have country clubs of the general type which is being planned for Dimmitt and no great difficulty is expected to be encountered here in the formation of such an organization.

Attending the formation meeting Tuesday were Ward Golden,

Earl Brock, L. Willis, Joe Cowen, Charley Hays, Ray Bearden, Bill Harman, Bob McLean, Jo Butler, Johnny McCleskey, B. M. Nelson, Swain Burkett and M. E. Cleavinger.

A proposed and tentative plan for a golf course was presented the group which was prepared by Walter Sikes, golf pro at Canyon Country Club.

All of the aspirations of the group depends on their ability to sell the memberships. A plan for membership financing which includes down payment and monthly payments will be arranged.

Everyone, whether they plan to be a member of the Country Club or not is invited to the meeting Tuesday evening.

Last Rites for Mrs. Adah Bailey Held in Hobbs

Funeral services for Mrs. Adah Bailey, 92, of 520 South Dal Paso, Hobbs, New Mexico, were conducted at 9 a.m. Saturday, June 27, in Griffin Memorial Chapel in Hobbs. Rev. Roy Watson of Deming, New Mexico, officiated.

Mrs. Bailey resided in Dimmitt from 1929 to 1944 and is the mother of Mrs. G. B. Duncan of Dimmitt.

She was born May 23, 1867 in Auburn, Mo. She died at 6 a.m. Friday, June 26, in the home of a daughter, Mrs. B. D. Clark of Hobbs.

Survivors are three sons, J. R. Bailey of Pinole, California (who died at noon Tuesday), W. H. Bailey, Clovis, New Mexico, and E. L. Bailey, Tacoma, Washington; four daughters Mrs. Duncan, Mrs. V. A. Nolshee, Nocona, Texas, Mrs. Clark, and Mrs. J. W. Wall, St. Vrain, New Mexico. Twenty-one grandchildren, forty-nine great grandchildren and five great great grandchildren.

The body was sent from Hobbs to Grady, New Mexico. Burial was in Grady Cemetery under direction of Griffin Funeral Home of Hobbs, New Mexico.

Mrs. G. B. Duncan's Brother Died Tuesday

Mr. J. R. Bailey, of Pinole, California, brother of Mrs. G. B. Duncan, of Dimmitt, died at noon Tuesday in the Richmond, California Veteran's Hospital following a long illness. He was 70 years old and is survived by his wife of the home and one son of Jefferson City, Texas.

Jim Cleavinger Wins Legion Boat

Jim Cleavinger of Dimmitt won the motor boat and trailer given away at 5 p.m. Wednesday by the Dimmitt American Legion. More than 260 tickets were sold on the rig, which means the local Legion is in a position to clear up most

Three Fines Are Result Following Three-car Mishap

A strange, three-car collision at 9 p.m. Sunday resulted in tickets being given to all three drivers.

The accident occurred when a 1949 Dodge pickup, driven by Robert Molina, Mexican labor foreman from Mertzon, Texas, made a left turn off of southwest second onto Bedford Street and was struck by a 1957 Chevrolet sedan driven by John Alton Ginn of Floydada, who is employed by Dimmitt Gin and Elevator Company. Ginn crashed into the left front of Molina's pickup and careened off and struck the parked car of Mrs. Ruby Stone. In making the turn Molina did not leave enough between himself and Mrs. Stone's car for Ginn to go between.

Ginn was given a ticket for failure to control speed of his automobile within safe operating limits. Skid marks measured 105 feet and it was estimated he was doing between 45 and 50 miles an hour.

Molina was given a ticket for failure to grant right of way. While he came to a full stop at the intersection, investigating officers said he did not grant right of way to Ginn.

Mrs. Stone, who was out of her automobile at the time, received a ticket for illegal parking. Her car was facing east and was on the north side of Bedford street, which is a fairly common practice in Dimmitt. Bedford Street is Highway 86, which runs east and west through town.

Total property damage in the mishap was estimated at about \$400 to the three vehicles.

COUNTY 4-H BAKE WINNER—Miss Virginia Huseman (left), 15-year old daughter of Mr. and Mrs. Emil Huseman of Nazareth, was named the county winner in the 4-H Bake Show at the Dimmitt High School Auditorium Tuesday afternoon. Presenting her with a ribbon is Mrs. Sybil Stringer, county home demonstration agent. Miss Huseman will enter a regional bake show later on in Amarillo. —Staff Photo

Dimmitt To Close July 4

Most Dimmitt stores and businesses will be closed Saturday, July 4th, in commemoration of American independence from England.

This is the birthday of American independence and the greatest holiday of all those observed in the United States. On this day in the year 1776, the Declaration of Independence, as prepared by a committee of five with Thomas Jefferson as chairman, and amended by the Congress, was adopted.

Wheat Marketing Referendum Set For July 23rd

Castro County farmers will be called upon again to approve or disapprove wheat marketing quotas in a referendum to be held July 23. The referendum will be staged in all the wheat growing states at this time.

At least two-thirds of the producers voting in the referendum on July 23 must approve quotas for the 1960 crop if they are to be in effect.

Growers who will have more than 15 acres of wheat for harvest as grain in 1960 in any one of the 39 commercial wheatstates come under the regulation of quotas and will be eligible to vote in the referendum. Any producers who signed applications under the feed wheat provisions permitting them to grow wheat for use as feed on the farm for 1959 will not be eligible to vote in the referendum on farmers voting favored quotas for the 1960 crop.

Marketing quotas have been approved by farmers for the last six wheat crops. In last year's referendum on quotas for the 1959 wheat crop, 84.1 percent of the (193,583-yes; 36,717-no). In the previous vote on the 1958 quotas, the vote was 86.2 percent favorable (202,668-yes; 32,371-no). For 1957 quotas, the vote was 87.4 percent favorable (245,081-yes; 35,385-no).

Voting places for Castro County are: Community A, Harman-Toles Elevator, Arney; Community B, Community Grain Company; Community C, ASC office, Dimmitt; Community A and C, Nazareth; Ginn and Grain Company; Community C and D, Flagg Grain Company; and Community E, A. A. Lindsey Grain Company, Hart.

LANDMARK GOES—Since the 1920's, ever since the railroad came to Dimmitt, the old Fort Worth and Denver water tower near the north city limits, has been a familiar sight. But with the advent of diesel power and the limited use of steam locomotives, the railroad elected to remove it and it was old to the highest bidder, Mr. Clyde Damp of Amarillo. Mr. Damp also bought tanks at Plainview and Edgin for salvage. The sale included tower, pump, tank and housing. —Staff Photo

Pilot Killed In Spray Plane Accident Sunday

A crop spray plane crashed at 3:02 p.m. Sunday on the Louis Sharp place 18 miles east and 6 miles south of Dimmitt, instantly killing its pilot, Tom Bush Craft, 26.

Mr. Craft, a resident of the Halfway Community, was working for Air Way Sprayers, which he owned and operated in partnership with M. E. Bidson of Halfway.

Witnesses said Craft arrived on the scene ahead of his accompanying crew and circled the field several times preparatory to landing. Craft's plane was heavily loaded with fuel and spray and the day was hot and still, a condition that causes a plane to lose much of its lifting power. He made a turn an estimated 30 feet above the ground before landing and the plane stalled and slipped into the ground, catching one wing and cart-wheeling. Apparently Mr. Craft was killed almost instantly.

Craft was a jet pilot with the US Air Force until 18 months ago when he was discharged and he entered the crop dusting business. He was the son of Mrs. L. F. Gleen of Olton. Castro County Sheriff Jack Cartwright, said Craft's wife is in critical condition at West Texas Hospital in Lubbock. Final arrangements were by Lemmons Funeral Home of Plainview.

Rain and Hail Hits County Tuesday

County Tuesday afternoon. Despite ominous looking clouds over Dimmitt, only a trace of one-fourth of an inch was reported in town. However, 1.40 inch of rain and no hail fell north-west of Dimmitt. Hart received about two inches and high winds; and about an inch was reported at Sunnyside with no hail.

Chamber of Commerce to Meet

Directors of the Castro County Chamber of Commerce will meet at Roney's Steak House Friday, July 3 for monthly meeting. Time is set for 7:00 a.m.

Pickup Overturns Monday Morning

A pickup truck driven by Richard Catoe overturned about one fourth of a mile north of the Dimmitt City limits at 1:30 Monday morning, causing considerable damage to the vehicle but no injury to Catoe. Catoe was driving the truck for Johnny Goodwin, who delivers the Amarillo Daily News to towns in this area. Neither Catoe nor investigating officers could give a reason for the accident. Catoe returned to Dimmitt and used Goodwin's station wagon for the 250-mile delivery route.

Senator Andy Rogers (right) of Childress is administered the oath of office by Lt. Governor Ramsay following his election as President Pro Tempore of the State Senate on June 17, 1959.

NEED A FROG?—Youngsters all over Dimmitt were out chasing small frogs after an early morning rain Tuesday morning. One of these was Gordon Ray Cook, five-year old son of Mr. and Mrs. Howard Cook of Dimmitt. Gordon Ray didn't have any particular use for the one-fourth of a quart of frogs he had collected, but if anyone needed the thirty-five or forty critters he had them. Anyone would have to admit that having a bunch of frogs is better than having none at all and they're handy to have around in case anyone happens to need a mess of frogs. Thousands of the little creatures were bounding all over Dimmitt Tuesday. —Staff Photo

Based on Most Beneficial Use

Conference Recommends Control of Water By Five-Man Commission for Conservation

(Ed. Note—The following article is published here as part of this newspaper's effort toward keeping the people of this area informed about water legislation and impending water control and conservation measures. Periodically there is a resurgence of talk about centralized water control and since this would greatly affect farmers of this area, it would be to their benefit to keep abreast of what is happening and what could happen. This article is a thought-provoking one and its implications are of utmost importance.)

By ALLAN H. WHITE, Staff Member High Plains Under-ground Water Conservation District. Perhaps the most significant paper presented at the Texas University Water Laws Conference held in May at Austin was one that outlined a "Model Water Use Act."

The National Conference of Commissioners on Uniform State Laws has drafted the model water use act, and it has been distributed to state legislatures throughout the nation.

The model water use act is "designed for widespread study and consideration by state governments in order to protect, conserve, fairly allocate for use, and where necessary reserve water resources in the interest of the health and welfare of the people."

The act would first recognize that all water resources of the state, both surface water or ground water, are property of the state and should be developed on a beneficial-use basis.

The act provides for a five-man Water Resources Commission to be appointed by the Governor of the state. This five-man Commission would make determinations as to the most beneficial uses for the water of that state. It would control the development and use of the water resources, including underground water, to "effectuate protection of the water resources of the state."

All water used in the state would be under control of the Commission with the exception of domestic supplies. No water could be used by an individual before first having been granted a permit by the commission for such water. Even riparian uses of stream water would be subject to permit requirements.

The Commission would have as its objective the most beneficial use of all underground and surface water resources of the state. The Commission's opinion in this instance might deviate considerably from the viewpoint of those taking a contrary outlook. To the industrialist who might see on the Commission, industrial use of water would perhaps be the most beneficial; whereas, to the agriculturalist serving on the Commission, the use of water for irrigation might seem more beneficial; and to one serving who leans toward rapid municipal growth, the preservation of water resources of the state for future municipal use would perhaps be the most beneficial. It appears that if a water use act such as the one here described were employed in Texas, it might have a drastic curbing effect on the growth of our state. The Commission would be the official state voice in all dealings

GET READY FOR BIGGER CROPS IN 1959 with DOW 82 AMMONIA. This year farm operators see conclusive proof that use of anhydrous ammonia produces substantially bigger crops. In areas where weather prevents timely application of nitrogen, yields are down. Where nitrogen was used, farmers who had check plots report highest returns on their investment in nitrogen fertilizer. Get ready for next year's big crop. After milo harvest, apply Dow 82 ammonia. Milo stalks and roots provide the ideal organic material to help the fertilizer work best for you. Dow's 82% Nitrogen speeds decomposition of the ground, ready for use. Spring plantings get a healthier, quicker start, develop vigorous root systems that help prevent blowing soil.

with the federal government on matters pertaining to state water resources. Also it would negotiate and formulate all interstate water compacts.

Each permit granted by the Commission would be limited in duration. The duration of the permit would be determined by the Commission. It can readily be seen that by limiting the time that permits will be valid, the Commission would definitely insure the growth of the water resources of the state and at the same time expect to retain private ownership of these resources.

Let's look at the problem realistically. Either we're going to take care of this underground water upon which we are most dependent, or someone else will do it for us. We cannot have our cake and eat it too.

Jumbo 4-H Club Forms Boys Club

The Jumbo 4-H Club met May 18 at the community center. The purpose of the meeting was to organize a boys club. Mrs. Stringer and Mr. Hottel were there to show pictures of other 4-H organizations. Adult leaders were elected: They were Mr. and Mrs. Bill Simpson. Other officers elected were: President, Mona Dell Hunter; Vice President, Jim Axz; Secretary, Betty Simpson; Treasurer, Jerry Anderson; Reporter, Nancy Axz; Recreation Leader, Linda Cox and Patty Simpson; Song Leader, Lew Roy and Caroline O'Brien. The club was named Lucky Jumbo 4-H. Recreation was held after the meeting was adjourned.

Davenport in Alaska Mrs. H. O. Davenport, daughter of Mr. and Mrs. J. T. Stehr, has recently joined her husband who is in the Air Force at Anchorage, Alaska. Since arriving there, Mrs. Davenport has started working as a nurse's aide at Providence Hospital. She reports that she and her husband enjoy the fishing trips up there very much. She started their drive out of town about 20 miles to their fishing spot and along the way they sometimes use some along the roadside and leavers paddling around in the lake and streams.

Mrs. Edgar Dennis Shower Honoree Mrs. Edgar Dennis, the former Betty Bailey, was honored with a tea in the Community Room of the bank Friday, June 26, Mrs. C. A. Hance greeted guests at the door and presented them to Mrs. Morgan Dennis, the bridegroom's mother, the bride, and her mother, Mrs. S. W. Bailey, Sr., of Seagraves. Guests were registered and served. The serving table was covered in a white tullework imported cloth, graced with an arrangement of daisies. Punch was served from a crystal punch bowl together with assorted cookies. After the guests were served some interesting games were played and Mrs. Dennis was presented with many lovely gifts. The remainder of the time was spent in opening and viewing the gifts. Out of town guests were Mrs. Noel Holleman, Miss Nancy Bailey, sisters of the bride and her mother, Mrs. S. W. Bailey, Sr., all of Seagraves, and Miss Cammie Hales of Littlefield, a friend of the bride's. There were 53 guests and hostesses present for the occasion.

Co-ops help keep more money in our town! Operatives are the lance wheel that strengthens a free economy... Dividend checks were mailed this week to stockholders retiring 1949 stock, in the amount of \$29,646.00. An overall 5% dividend in the amount of \$42,966.20 was paid on all outstanding stock. Leave for California Mrs. Elmer Youts and her mother, Mrs. Bell Harwell of Alton, Oklahoma left this morning by train for Pomona, California where they will attend a family reunion of the O'Neal family relatives of Mrs. Harwell, during the week end of the fourth and fifth of July. Mrs. Youts will return after a weeks stay. Her mother will extend her visit for a few weeks.

Frances Wyona Myrick Becomes Bride Of Rondal Dee Clark At Hart Church

The double ring ceremony was read by Rev. Dimez Leonard, pastor of the Hart Baptist Church. Given in marriage by her father, the bride was attired in a Queen Victoria styled dress with a lace bodice and high stand-up collar and fitted sleeves pointed over the hands. The skirt was made with tulle ruffles over bridal taffeta; a fingertip veil of tulle fell from a crown of tear-drop and seed pearls and lace. Her bouquet consisted of a white orchid encircled with white roses.

ARNEY NEWS

Mr. and Mrs. Joe B. McKee and children, Pamela, Joe B. Jr., and Jay Brent of Amarillo, were supper guests Thursday evening in the home of her sister and family, Mr. and Mrs. Dozier Thornton.

Mr. and Mrs. Bob Hale and daughter, Linda of Lynnwood, California are here for a few days visiting with relatives. They spent the week end in the home of Mr. and Mrs. B. D. Fortner. Mr. and Mrs. O. L. Fortner from Lamon, Colorado are here visiting the Fortners and other relatives, also.

Elsaine Gardner of Dimmitt and Melvin Stegall of Plainview, spent Sunday with the W. E. McFarlands.

Mrs. Herschel Harrison and baby daughter, Terri Jo came home from Swisher County Hospital last Monday evening. Mr. and Mrs. C. G. Harrison were here helping out in the home until Thursday when they returned to

their home in Silverton. Mrs. Mantford Counterman came out Thursday evening to help with the care of the baby and the Harrison home.

Mrs. Kenneth Bibb spent Friday and Saturday in Castro County Hospital in Dimmitt last week. She had minor surgery on Friday. Thursday, Jane Witkowski was the overnight guest of Lorane Brockman of Nazareth.

Mrs. Clifford Roberts and children, Bruce, David and Pamela of Amarillo spent Friday visiting with her sister and family, Mrs. Kenneth Shelton. Mrs. Shelton returned to Amarillo with her sister to spend the week end and to take her young son, Gene for an eye examination Monday morning.

Gerald Brockman of Nazareth, spent Sunday night with his friend, Gerald Witkowski.

Mrs. C. H. Cox continues to improve and has been allowed up in a wheel chair. She is expected to leave the hospital the first of this week to return to her home in the Arney community.

Mrs. Toty Williams and daughter, Patsy and her sister, Mrs. Maggie Webb of Austin and Diane Pogerson of Silverton visited Wednesday morning in the home of their cousin, Mrs. Odie Hudson.

Brother of Mrs. DeLorier Dies in Tennessee

Freeman Tarwater, brother of Mrs. Elbert DeLorier, of Sevierville, Tennessee passed away Tuesday, June 30.

Gary Simms to Receive Top A & M Scholarship Award

Gary Marvin Simms, a 1959 graduate of Dimmitt High School, is among eighty-four top high school graduates who have been named winners of four-year Opportunity Award Scholarships at Texas A and M College, it was announced this week by Dr. J. E. Page, dean of the College and chairman of the Faculty Committee on Scholarships.

Simms is the son of Mrs. Grace Simms of Dimmitt. Winners of the Opportunity Awards were chosen by the Faculty Committee on Scholarships of the College following statewide competitive examinations given to more than 600 candidates on April 25 and May 2.

Opportunity Awards are valued at from \$800 to \$1,200, recipients receiving \$200 to \$300 a year for four years plus part-time employment provided by the College. Winners are chosen after consideration of each candidate's scholastic record, character, evidence of leadership in high school and financial circumstances.

The plan was started at Texas A and M College 13 years ago and is supported by former students, clubs, business corporations, foundations and individuals.

Since its beginning, in 1946, the plan has helped more than 1,200 capable high school graduates to enroll in college. Ninety percent have either graduated or are still going to school on Opportunity Awards.
