It seems that north of us 20 or so miles there exists a small farm community between Dawn and Friona called Hereford. Now Herewasteland named after Deaf (Era stus) Smith, a scout commander in General Houston's army during Texas' fight for independence.

Having come a long way in the past half-century, Deaf Smith County now contains several farms—enough farms, in fact, that the Texas Agricultural Extension Service saw fit to place a county agent there.

Now that agriculture has taken root in Deaf Smith County, it THIRTIETH YEAR was decided to held a farm tour to show each other what fabulous things have been taking place

We quote from Monday's Ama rillo Daily News: "Farmers will study soybean planting, hybrid sorghum production and modern irrigation practices in the annual farm tour through Deaf Smith MARVIN SIMMS (left) attaches County, starting Thursday at 1:30 p.m. from the courthouse."

Then the story goes on to list off the bat the tour goes to a farm in Castro County and stays here through several more!

whole of Deaf Smith County can tour right down the main street of Dimmitt for all we care. We have seen some nice farms in our downright tourable. We readily admit that the best farms are naturally in Castro County and that good taste and judgement-but it would have been nice if they would have at least mentioned their proposed visit here.

No doubt about it. Dimmitt needs to add another thousand or so to its seating capacity on each side of the football field. It was extremely crowded Fri-

day night and the overflow from the bleachers caused fans to stand or three deep shoulder to der lining of the fences down member.

ide of the field. situation will get no better. ct it will become increasing brse every year. Other schools his area have much larger ng capacities and it is time for Dimmitt to follow their exam-

We are not worried about people having to stand during a football game. What worries us it that the Bobcats may start losing fans because they have no place to sit. This is particularly true of the women who naturally don't like to lean up against a fence to watch

a football game. The Bobcats need every fan they can get. Not particularly to instill enthusiasm, but to furnish dollars with which to operate. It costs quite a bit of money to operate a year and much of it must come bore the brunt of Dimmitt's back- position. From the sidelines this school's athletic program for a from the fans.

Only about half the two bleachers are available to paid admis- two of these came after brilliant ployed to trick the opposing team sions since the remainder goes to the band and cheering section of

COAST-TO-COAST ECONOMY RUN PROVES IT-

#### **CHEVY COSTS** LESS TO DRIVE!

Test run from Los Angeles to New York by the three leading low-priced cars showed Chevrolet costs less to operate, with up to 17% greater fuel economy!

When fuel and operating costs for cars are officially checked from Los Angeles to New York, that's an economy comparison! And what happened?

In certified NATA\* findings, Chevy delivered up to 17% greater fuel economy, and lower total cost for the trip-proof that Chevrolet costs least to operate of the three leading lowpriced cars that were tested! But that's not surprising. You expect Chevrolet engines to wring extra miles out of a gallon of gas-just as you expect finer craftsmanship in the way a Chevy is built. Better see your Chevrolet dealer soon!
