## Retires From **Teaching Career**

n the Dimmitt school system since 1948, and who has missed only one day during her 26 year teaching career will retire at the end of this school term.

As an expression of their respect and pleasure in their assoiation with Mrs. Loyd, teachers from the third and fourth grades with whom she is presently teaching and teachers with whom she has taught in the past honored her with a tea in the home of Mrs. Joe Cowen last Wednesday afternoon. They presented her with a hylon robe and a money corsage.

Mrs. Loyd plans to continue livng here and do substitute work

Dimmitt schools. Few other persons can claim he distinctions Mrs. Loyd can, In 1937 her husband, F. A. Loyd, was killed executing the duties of his office as sheriff of Lamb County. Mrs. Loyd, needing a means of ivelihood with 8 small children provide for, filled the unexpired erm of two years and never missed a day in office.

With her help and encouragenent, each of her children were provided the opportunity of going o college and she completed both bachelor's and master's degree at Texas Tech with honors, Three daughters and three sons completed degrees at Texas Tech. One son, Owen Loyd, was principal of Dimmitt High School for a number of years until his death in 1953

Her other children are Mrs. and Mrs. Silva Adams.

Educator ... (Continued from Page 1) grades. We are way short there are more than 25 mi children in the United States

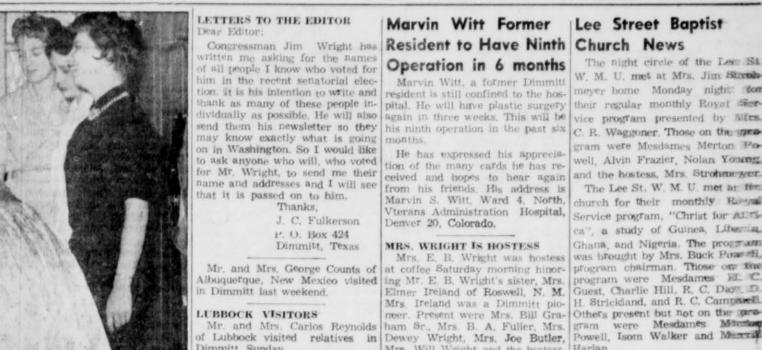

low the first grade level who w all be in school in the next years. This is two-thirds of the 1958, 1,393 Texas teachers left f other states and better salarie The ratio of students to teach keeps steadily rising yet we in an age of technology consta lemanding higher education standards of students and teachers alike. It is a serious problem and has caused deep concern among all Texas educators." Dr. Wallace emphasized that Texas teachers are not paid near mough for their responsibilities. nor do they receive the attention now more about the mechanic

who services our car, or about our lawyer, or about our doctor tha we do about the teacher of our children. Unless we straighten u our sense of values and begin to pend a realistic amount for the important schooling of our childre we cannot expect to have really quality schools. And without quality schools we cannot hope to Be Sure with reach the great heights of which

the human mind is capable, "As an example of the estee n which we hold our schools, I me point up a few facts," he said "\$23 billion was spent for Chris mas gifts last year, yet all educa tion - from kindergarten through cost only \$16.7 billion. Last ye. women spent \$20 billion on c metics, the nation's bowling alle took in \$18 billion - all more tha ne total spent on education." There is nothing more impo n this country today, yet we co me to skimp and save, looking

r a cut-rate way of doing things, hen schools articized when scientific feat."

zed for letting Russia get ahead in the space rice, Edward R. Murrow, the famous rews commentator, said 'Americans appareducation'. This is probably co rect, and if it is we should chan our attitude right now. Our school are more important to us than anything whether we realize it or not and we had better start doing
