THIRTY FIFTH YEAR

DIMMITT, CASTRO COUNTY, TEXAS, THURSDAY, DECEMBER 14, 1961

10 PAGES—NUMBER 6

## Messiah Will Be Presented Sunday At Local Church

A presentation of Handel's "Messiah" will be given Sunday, December 17, at 3:30 in the Methodist church. The performance will consist of solos and choruses from the Christmas portion of George F. Handel's famous oratorio, including the "Hallelujah Chorus."

Soloists will be Mrs. Bobby Jones, soprano; Mrs. Truman Touchstone, alto; R. E. Lowe, tenor; and Mac Strother, bass. The chorus parts will be sung by a volunteer civic chorus and members of the High School Choir. Organ accompaniment will be played by Mrs. Keith Howard. The chorus is directed by Roy E. Lowe.

## Bible History Topic Of Film at School

A public showing of the film, "How We Got Our Bible," will be held Monday night, December 18th at 7:30 p.m. at the High School Auditorium. It is a color movie with sound based on historical and factual incidents which formed the background for the Bible. It is sponsored by the Bedford Street Church of Christ and lasts one and a half hours. The general public is invited.

## CofC Banquet Set January 15

The annual banquet of the Castro County Chamber of Commerce will be held Monday night, January 15 at 7:30 p.m.

Guest speaker will be Dr. James Jauncey, minister of the First Christian Church in El Paso. Dr. Jauncey comes originally from Australia where he was the oldest of fifteen children raised in a state of poverty and privation, he later became technical advisor to the Australian government during World War II, after which he became head of the Department of Science and Mathematics at Kings College in South Australia. After coming to the United States in '48, he taught at graduate schools on the West Coast until he became engaged in a scientific project at White Sands Missile Range, New Mexico, which he left in 1958 to take up his present position. He became a naturalized citizen in 1954. The topic of his talk will be, "Our American Freedom: Its Peril and Promise." Tickets will be on sale January 1st, and price will be \$300 each. Note: The Chamber of Commerce Newsletter made a mistake when it stated the banquet will be December 15th. It is definitely January 15th.

## 'Operation Christmas Greeting' Has Goal of Adding Hospital Equipment

"Join Operation Christmas Greeting and send a more permanent greeting than a tinsel card" Mrs. B. H. Lee, spokesman for the Tiara Blanca Medical Auxiliary Society, urged this week.

Each year the Auxiliary has sponsored a drive to buy needed equipment for the Castro County Hospital. Instead of sending Christmas cards, a large number of people have deposited money they would have spent on cards in the First State Bank of Dimmitt or the Farmers State Bank of Hart. The names of each of these contributors are printed each year in the Castro County News underneath a Christmas greeting worded to all the people of Castro County. Deadline for making contributions is

Tuesday noon, December 19th.

With the money received from "Operation Christmas Greeting" in past years a nursery incubator, diathermy machine and operating light have been purchased. This year the hospital hopes Santa might bring one of these items: (1.) Dermotome—a delicate instrument used in doing skin grafts. The burn grafts done this year were done with borrowed equipment from other towns. (2.) Centrifuge—a laboratory machine that tabulates red blood cell counts.

The drive was stated a little late this year, but according to the Auxiliary, the First State Bank has already received offers for deposits to this fund. "This eagerness indicated that the people of this county are interested in their hospital and wish to keep a worthy project going. We appreciate your support in this endeavor," Mrs. Lee said. Other members of the auxiliary committee are: Mrs. Charles Vandiver, and Mrs. Harold Bischoff.

## Fred Axe Starts Third SCS Term

Fred Axe, longtime resident and farmer in the northwest part of the county, was re-elected to the Board of Supervisors of the Running Water Soil Conservation District election held at the Easter Community Building on December 5th.

Axe will begin his third term on the Board of Supervisors. A term of office on the board is for a five-year period.

Two weeks before his election, Axe was named "Outstanding Supervisor of the District and a resume of his past accomplishments was submitted to Dallas for further recognition.

In commenting on his re-election, Axe said, "Although the main burden of the job of promoting soil and water conservation falls to the SCS board, it is everyone's job. Nearly everything we have traces back to the land. It is my hope that, during the next few years, more and more people will become interested in this vital job. And this applies to non-farmers as well as farmers. Those who have land under their control or ownership, need to take another look at the conservation of our natural resources, and those of us who control no land need to lend our help by offering our assistance and encouragement to those who do."

## \$10 Million Feed Grain Crop Is Expected Here

With the grain sorghum harvest almost complete, it is apparent that the county yield may be worth \$10,000,000 according to a statement this week by Charlie Hill, ASC secretary.

With the grain sorghum crop under an acreage allotment program this year, it is possible for the first time to obtain some fairly accurate statistics about the county's major crop.

The total county feed grain base acreage is 221,036 acres on 1,048 farms. However, 47 farmers chose not to participate in the program, cutting the actual participating farms to 1,001, or 96 percent of the total possible. The total feed grain base for these participating farms was 216,480 which is 98 percent of the maximum.

Only a few acres of grain sorghum remains to be combined in the county. Most of the grain still in the fields was hustled out during the balmy weather last week. However a few farmers Wednesday were nervously watching weather reports and anxiously checking their fields, ready to resume cutting at the first opportunity.

Participating farms diverted a total of 67,908 acres under provisions of the program, which amounted to 31 percent of the base acreage. The result was a total of 140,412 acres planted to grain sorghum on participating farms. The average amount paid per diverted acre was \$41.75 and the average amount of payment per farm was \$2,832.28. Total diverted acreage payments amounted to 2,835,112.69. There were 3,353 certificates issued.

"We in the Castro County ASCS office appreciate your cooperation and consideration shown by you throughout the year. We could not have accomplished the job before us without your help, and for that we are greatly thankful," Hill said.

## County Nears \$40,000 Traffic Toll for Year

The Highway Patrol investigated 10 accidents on rural highways in Castro County during the month of November according to Sergeant Roger Sosebee, Highway Patrol Supervisor for this area.

These wrecks accounted for three persons injured and an estimated property damage of \$3,320.00.

The rural traffic accident summary for Castro County from January through November of 1961 shows a total of 68 crashes. A result of these crashes there was one person killed and 39 persons injured. The estimated property damage amounted to \$38,851.00.

The veteran patrol supervisor announced that a stepped-up traffic law enforcement program is being launched in an all-out effort to stem the tide of traffic deaths during the remainder of the year.

"We find ourselves confronted with the alarming fact that statistics indicate some 238 persons will be killed in traffic crashes in Texas this December," the Sergeant stated.

The patrol supervisor reported that as of Friday, December 1, a total of 2014 traffic deaths had been reported to the department as compared with 1984 during the same period in 1960. "This represents an increase of 30 deaths or two per cent," he said, "and presents all of us with a stern challenge to hold the line during the month of December. This will not be an easy job, because the toll of 218 deaths during December, 1960 was low for that month of the year and we will have to beat that in order to halt the trend toward a higher death toll for 1961."

"But we feel confident that with an accelerated enforcement program and most important, the active support and cooperation of the driving public—the statistics can be made to lie. And that is exactly what we propose to do."

"We feel that the traffic death tragedy cannot be over-emphasized. When it is considered that during last year alone, there were 2,254 violent deaths on the streets and highways of our state caused by colliding motor vehicles, it can readily be seen that concerted action on the part of everyone concerned is in order," The Sergeant added.

## County Voters Approve Cotton Market Quotas

A total of 278 persons, slightly less than last year cast votes in the December 12 cotton marketing quota referendum and the measure was approved 224 to 60.

A for vote meant the farmer favored marketing controls for the 1962 crop and price support at no less than 65 percent of parity and a no vote meant no marketing controls and price support at 50 percent of parity. The referendum had no effect on allotments.

Voting was as follows:

Easter	32	11
Flagg	22	4
Hart	41	6
Sunnyside	34	1
Arney	8	5
Nazareth	21	6
Dimmitt	60	1
Total	224	60

## James A. Joy Announces for District Judge

James A. Joy is a candidate for Judge of the 6th Judicial District of Texas.

It will be Joy's first bid for a full term in the post he now occupies by appointment. The 6th Judicial District is composed of Hale, Swisher and Castro Counties. Judge Joy, a native of Foard County, received his law degree at St. Mary's University at San Antonio and did a year's graduate work in law at the New York University. He practiced law at San Antonio during that time taught law at St. Mary's University's night school.

He graduated from the Crowell High School, Tyler Commercial College and attended Texas A. & M. three years before going into the study of law.

He was a pilot in the U.S. Air Force, 1941 through 1945, and was tax counsel for the Forest Oil Corp. at San Antonio for three years.

Joy and his family, Mrs. Joy and their three children, moved to Abernathy in 1959 from San Antonio. He practiced law and was City Attorney and City Judge at Abernathy until his appointment as Hale County Judge on March 1 of this year. He was appointed as District Judge on August 3rd of this year. The family has resided in Plainview since August.

Joy stated that the fair and impartial administration of the laws in our courts is one of the most integral parts of a free nation. He states that along with the loss of freedom by so many people and nations of the world, has also gone the right to fair and impartial trials by juries composed of men and women of equal rank and station in life. He states that he will continue to conduct the 6th Judicial District as a forum where all citizens will have an opportunity to have their cases heard fairly and impartially.

ATTEND GRAND LODGE  
Mr. and Mrs. Edwin Ramey and J. B. Nolan of Summerfield spent the week in Waco attending Grand Lodge.

OKLAHOMA GUESTS  
Herbert Hilburn Jr. and Herbert Hilburn Sr. of Oklahoma City visited last week end in the home of Mr. and Mrs. Edwin Ramey.

PLAINVIEW GUEST  
Mrs. Beuna Roberts of Plainview visited Mrs. Pearl Mapes this week end.

## Wildcat Test In NW Castro

A new wildcat oil drilling rig has been set up near the Arney community in Northeast Castro County. Dubbed No. 1 Leo V. Witkowski, the hole will be drilled to 9,000 feet and is the first attempt in that area in quite some time, if ever. Driller is the firm of Ashmun and Hilliard. Specifically, the test is two miles west of Arney.

## Two Plead Guilty To Cafe Burglary

Two Latin youths, both 15 and permanent Dimmitt residents were probated back to their families who agreed to make restitution after the boys pled guilty to a burglary charge this week.

The sentence came in Judge Wilson's County Court and resulted from the youth's breaking into the Steak House Cafe Saturday night and taking \$74. The youths had been seen at the cafe at closing time and Sheriff Jack Cartwright picked them up. They denied the theft until threatened with a lie detector test. After that they told the story of how they had watched to see where the money was placed and later broke into a weak back door which has since been repaired.

## Bobcats Lose Two of Three

The Dimmitt Bobcats had plenty of trouble with their opponents in their last three games, winning only one.

In the Plainview tournament the Bobcats started out alright, winning a game with the Tom S. Lubbock High School B. team, 75 to 45 with Mike Calvert scoring 19 and Jim Ratcliff 14. In their second game the Bobcats were soundly drubbed by Tulla, 57 to 77. High point for Dimmitt again was Calvert with 25, followed by Ratcliff with 15. In a regular game, the Bobcats lost a squeaker to Sudan, 42-44 at Sudan Tuesday evening. High Point was Ratcliff with 20, followed by Calvert with 8.

The Bobbies are in a tournament at Tulla this weekend, playing Friday evening at 10 o'clock.

The Bobcats are in a tournament at Floyd this weekend, according to their published schedule.

## LUBBOCK VISITORS

Mr. and Mrs. J. P. Tate and Miss Margaret Tate of Lubbock spent the week-end with Mrs. Pearl Mapes.

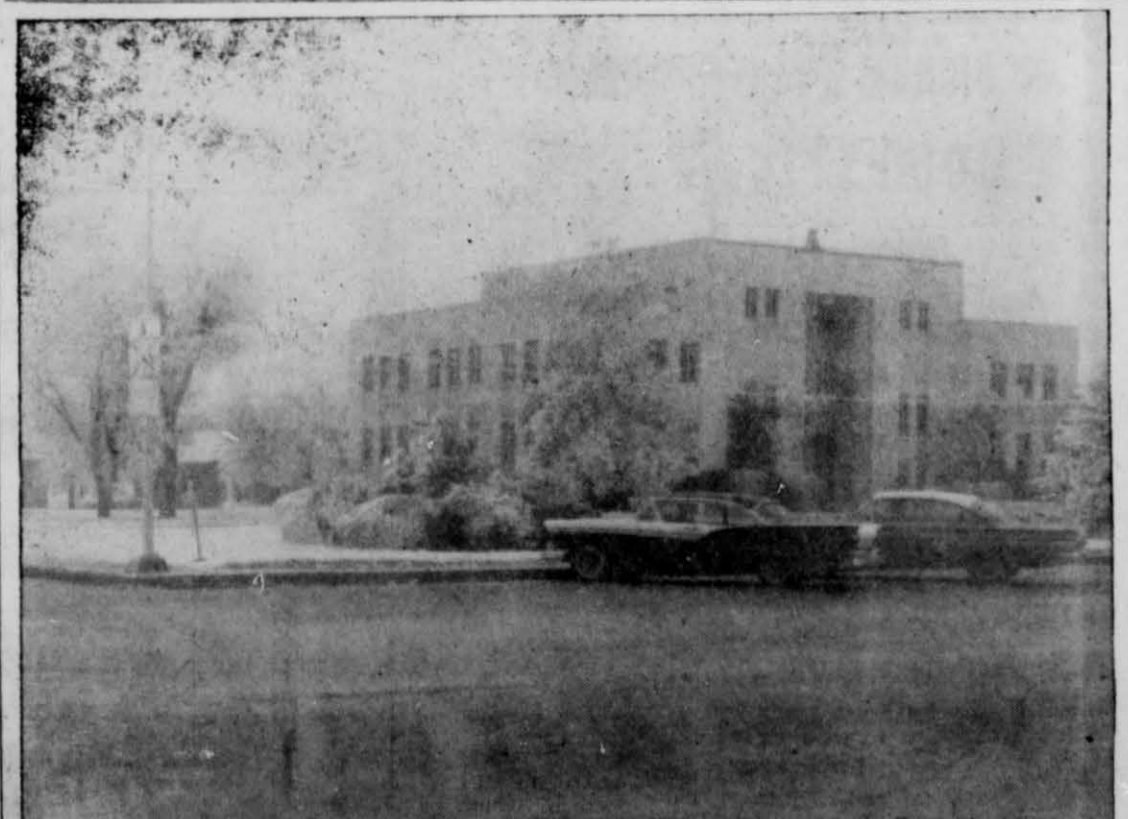

## Public Notices

Postmaster Ernest Davis has announced that the window in the post office will be open from 11:00 a.m. until 1:00 p.m. on the next two Sundays December 17 and December 24 to issue parcel post only.

There will be a Grain Sorghum meeting at Flagg Community Building Wednesday December 18 at 7:30 p. m.

## CORRECTION

Mrs. Howard Hershey's piano students will begin their recitals at 6:45 instead of 6:15 as was stated in the News last week.

THE HIGH PLAINS often offers its residents weather shaped settings of unparalleled beauty, and not the least was the glistening winter beauty of the first of the week. It wasn't an ice storm Monday that caused the frost-coated branches, but a super-cooled fog that froze in crystalline fashion to everything it touched. The resulting coating of thick, white frost was enough to bring out the latent urges in any shutterbug with the price of a bit of film. The upper two photos are by the news staff and the courthouse scene by Loy Stone.

about dimmitt and castro county by bascom neison

With our fingers crossed, we are sitting the page forms for this issue of the News on our own press which has been laid up for several weeks with a broken jerk-pop on the underside of the grunt-clanger. Not of people asked us how things are going while we were working at the Buford Davenport of the Abernathy Review, sent along the following clipping as, we suppose, a sympathetic gesture. It is an anonymous newspaper story, quoted from the Joy of Words, a new anthology published by Doubleday: "Our paper is two days late this week." Writes a Nebraska editor, "We started to run the press yesterday night, as usual, one of our ropes gave way, allowing forward glider fluke to fall and ask as it struck the flunker flop-flop."

This, of course, as anyone who has seen anything about a press will readily understand, left the gang-bang with only the flip-flap to support it, which also dropped and the off the wooper-chock. This caused the flaking from between the ratchet and the flipper-snatcher, which also caused trouble.

The report that the delay was caused by the over-indulgence in indulgents by ourselves is a tissue of falsehoods. The peeled appearance of our right eye is caused by our going into the hatchway of press in our anxiety to start and pulling the coupling pin at the slap-bang was broken, which caused the digus to rise up and ask us in the optic.

We expect a brand-new glider on this afternoon's train."

At least that's a great improvement on "fixing the thingamajig" got in the way of the whatamacallit and broke the dingbat.

After hearing so many farmers stating out their crops during this weather we wonder if Dimmitt might not be a good place for a Roland or a Tum factory.

The farm program critic took in hand this week and wrote Wall Street Journal lamenting the program was a national disgrace. Speaking particularly of dairy industry, he opined that rolls should be yanked off of so prices could be free to the bottom. Then, he said producers would have to get their to do something about the problem. In his opinion it would then stabilize at a fair level and the industry would be in the free market again.

This is the general thinking of all farm program critics live chiefly in metropolitan areas the size of Amarillo and over. Of course there are farms everywhere, but their numbers seem to increase the further are from the farm scene.

Unrealistic as the farm program sometimes seems, we could do nothing but disluster resulting in any change in the legislation his time. That does not mean the farm program is basically bad. We mean that something better must be offered at the free market place before anything is changed. To drop the farm program would cause a depression we've never seen before. If we ever comes along who can farmers into either one or a marketing organizations then farm program will be the way out. But with organized bidding for goods produced by organized farmers, there is no chance for the producer in a market. As a farmer, how can you like to borrow operating capital not knowing whether you would be five cents or thirty cents a pound when it was needed?

Wes Izard, the eloquent conservative spokesman of the Plainview area, said in his Amarillo News column "From A to Z" Wednesday that "If man had stayed in his cave, he wouldn't have had another one now to put into." This is probably the succinct summation of the primitive cause that we have heard. Since most of our troubles today had their beginnings man left his cave, we can't see this logic and assume that we need only return to the cave our troubles will evaporate. To think of it, that has been an overservative approach all along a stretch a point or two. Cave weren't bothered with a farm program, foreign aid, social legislation, federal aid to education, press, intellectuals, and all the so-called evils perpetrated by passage of time and problems.

Madonia Baptist Church Solicits Funds  
Members of the Madonia Baptist Church, established by the colored people of this town, are asking for contributions to a building fund which have set up at the First State Bank, according to Rev. Mitchell and his board of trustees. Lenders is requesting that contributions be made to him or to his board members whose names are Claude Chavers, Roy Mas, Willie Brady, and Cage

### Walter Rogers' WASHINGTON NEWSLETTER

The big question facing this country as well as the rest of the free world during the next few years will be world trade. Much has been said and written in recent months to the effect that the Reciprocal Trade Bill will be one of the primary and most controversial issues in the coming Session of Congress. This is a true statement. At the present time, there is a violent revolution going in the entire trade picture.

Man Moving Toward Decision to Order an Extension Telephone

Extension telephones prevent mad dashes, bumped shins, missed telephone calls, and, in addition, they provide privacy so desirable at times. Extension telephones give you much satisfaction at surprisingly little cost. Stop in or call our business office today for information on this convenient service.

way street. Whether goods are traded for services, in kind, vice versa, or a medium of exchange is employed, it takes at least two to make a trade - be these individual or nations. In former years it was generally accepted custom for each nation, large or small, to stand on its own in dealing with others. This created a situation in many instances where one country could be played against another, especially in the European area. Hence, there came a need to counter these practices. This was especially true in the European and Scandinavian countries, because of the devastation created by World War II. The need to firm up the economic reconstruction of Europe, created for the purpose of offsetting the development of Russia, could well prove to be a thorn in our side in trade circles. Six of the European countries formed themselves into the OEEC, commonly called the common Market. This was done in order to create a protective barrier looking toward favorable inner tariffs as between the six countries, protected by an outer tariff with relation to other countries. Such an arrangement was designed to prevent outer interference in the economic affairs of the six countries, by playing one against another. England was not a party to this community but leaned toward association with another group of countries including the Scandinavian countries, known as "The Outer Seven". However, as developments occurred in the economic field it became apparent that England should make some firm association with the European Common Market. Negotiations are presently under way for the inclusion of the United Kingdom in the Common Market community. Although this may pose a rather difficult problem insofar as our own operations are concerned, these people are as friendly allies. Hence, an area of agreement can be found, as is indicated by the Organization for Economic and Cultural Development, which includes Canada and the United States in an

Atlantic community. Whatever difficulties may be encountered, between us and our friendly allies, these will be offset by the ability of the European Common Market to counter the attempts of the USSR to upset world markets.

In 1958, I addressed the Texas State Stations Association in its statewide meeting at Amarillo and pointed out some of the situations that might be expected as soon as the Common Market got into operation. This address was made prior to the actual commencement of the Common Market activities. At that time I pointed out the need for some kind of unity in the economic battle that could be expected to be mounted by the Soviet Union. The Soviet Union had not at that time entered into measurable competition in world markets in the consumer goods area. This was due to the fact that Russian needs were absorbing its entire production and more. At that time, Russia had neither the quantity nor quality of end products with which to compete in the world markets. However, it was anticipated and must now be anticipated that the USSR is making and will continue to make greater progress in both quantity and quality.

A splendid example of what can be expected from the USSR in the general world economic picture can be clearly seen by referring to the recent Soviet oil offensive. This is especially important to Texas and to this community but leaned toward association with another group of countries including the Scandinavian countries, known as "The Outer Seven". However, as developments occurred in the economic field it became apparent that England should make some firm association with the European Common Market. Negotiations are presently under way for the inclusion of the United Kingdom in the Common Market community. Although this may pose a rather difficult problem insofar as our own operations are concerned, these people are as friendly allies. Hence, an area of agreement can be found, as is indicated by the Organization for Economic and Cultural Development, which includes Canada and the United States in an

toward him. And then an inexplicable thing happened. My father seized a baseball bat and ran the man out of the place!

Now I knew my father could do no wrong-but the man was my friend. And so I could not understand. It was not until several years later that I learned the reason: the man had been drinking and in his hand, was an open knife and, consequently, my father had feared I might be harmed.

**Students of Mrs. Jones To Give Recital Dec. 19**

**I GIVE YOU TEXAS**  
By Boyce House

Have you ever searched your memory for the very earliest events which you can recall? Some of the events in my life are so early that actually I can not recall them, but, from having heard them related vividly, I feel that I remember them.

Such as the time that, carrying my pink parasol, I marched down the church aisle, the parasol still raised, to the very first row.

And the custom I had, regardless of what the congregation might be singing, of rendering, "When the Roll is Called Up Yonder" - good and loud, too.

Also, when my sister Vivian was a baby, I would watch her gurgle with delight as my mother pretended to nibble her tiny toes. One day, the baby's cries brought Mother into the room and she asked, "What's sister crying for?" My reply was, "I nibbed her toes, like you did."

All these events however are only hearsay.

The easiest way to begin is at the beginning so-

I was born in Piggott, Arkansas, the oldest of three children, the others being my sisters, Vivian and Marion. My father was N. E. House my mother's maiden name was Margaret O'Brien. My father was the editor and publisher of the Democrat, and he set, by hand, most of the type which made up each week's issue.

Piggott was the county seat of Clay County in the extreme north-eastern corner of the State, with Missouri to the north and also on the east. We moved away before I was old enough to remember but during my early boyhood, we revisited Piggott several times. I recall meeting Dr. Thornton who, as it was expressed, "urshed me in to the world."

When I can first remember, we (Father, Mother, Vivian and I) were living in Doe Run, Mo. I understand that this was in the leading mining region and was a rather turbulent town. My father ran a cafe, in fact which I can recall.

There is also the recollection of a clicking mechanism into which a man would thrust a newly-purchased coin for the purpose of slipping off the end. In a spirit of scientific investigation, I thrust a finger and, with a start, withdrew the bleeding digit. My father ran over, pale of face, but the wound was a mere nick.

There was a customer who was always giving me a coin or a trinket. One day, he came in and I ran

Competition is a demanding taskmaster—but it can also be the greatest rewarding factor in merchandising or servicing. It is a taskmaster when competition defeats, when it sets the rut that engulfs the businessman. Competition is rewarding when the merchant forces it to become his tool, when he knows he has a thriving, growing business that will never want for customers. Business goes where it is invited—and competitive prices, outstanding courteous service with a good selection, and promotional advertising will do the most inviting.

Do yourself, your customer, and your community a favor by using the pages of the Castro County News to sell your goods and services. It is not only good business but it will help you gear your operation to today's quickly changing trends and increasing competition.

Success stories of large businesses almost always hinge around concentrated advertising and other sound business practices. Start a campaign now—you'll be amazed at how quickly you will feel the difference. Just telephone 647-3488 and a salesman will call on you at your convenience.

**THE CASTRO COUNTY NEWS**

### About Your HEALTH

Now that school days are routine and winter is starting to push fall aside, there will probably be the usual increase in communicable diseases common to children. Thousands of unnecessary cases of communicable diseases—a n death could be prevented every year in Texas, if all parents would only realize the danger of the common cold.

Colds, especially a child's cold, should never be neglected. But how many times have you heard a parent mention that Junior or Susie have "the sniffles" but they "seemed" well enough to go to school.

And what's more they will continue to go to school as long as they're able to walk, and only when they become seriously ill does the careless parent call the family physician.

But by that time a good many children in Junior or Susie's classroom have become exposed, thus setting up a chain of sickness and time lost from school.

And with the threat of the various types of flu hanging over the State, the common sense protection of keeping a child home when he or she is not feeling up to par makes more sense than ever.

A child who is sent to school feeling tired, perhaps because of inadequate meals, is handicapped. He not only lacks the aptitude for learning, but he is running the chance of falling prey to disease germs.

A youngster who is allowed to go to school suffering from a cold or the flu, runs the risk of serious complications. These troubles may develop into pneumonia, or if his resistance is low, signs of tuberculosis may appear.

However, when a slight illness is promptly and properly cared for, the child is usually well in a day or so.

The teacher can also be alert to notice if a child isn't feeling well. Of course, she is not expected to diagnose disease, nor is her province to give health exam-

Letters To Santa,

Dear Santa, Since this is my first year in D.H.S. I have tried to be good even though I really started this year off wrong with Janice and Zandra. For Christmas I would like for you to bring Dricilla about four inches. For Janice and Zandra will bring some unburned marshmallow fudge. Since I promised it in September and I never made it maybe you had better double the recipe. Now for the teachers. Please bring a lot of patience to Miss Williams and Mrs. Shackelford. Miss Williams has to put up with Patty, Jane, Mikeal, and Richard. You know that I am a perfect angel. Mrs. Shackelford has a lot of patience but before I get out of typing she will need some more. For Coach Cullpepper, will you bring a fountain pen with our lots of ink full of twentys for our insects that are due. Please bring some insects too, if you can find any now. In Homemaking the Freshman girls and Mrs. Hottel would like to have a few more place settings, a pressure cooker, a waffle iron, and an electric skillet. If you can't bring anything else please bring Mr. Lowe some Male Tenors. Kathryn, Sharon, Wanda, and I don't enjoy singing tenor when we are all sopranos. If Mr. Lowe believes in you he'll ask for this too because he's tired of hearing a girl tenor section. Please don't forget them. They can start mid-term. I'll leave some cookies and cocoa for you. Merry Christmas and Happy New Year, Kathy Huckabay

Dear Santa Clause, We the desperate bachelors of the 7th period Study-Hall, feel that we have been a bunch of good little hairy-legged boys. Please grant the following wish-

es: Ronnie McAfee-An over-sized Har- Arnold Acker - Anew Bikini Richard Popchoke - A new three-way-stretch Billy Kelly - New set of muscles Glen Hobratchk - A new horse named Rag. George Froehner - Do It Yourself Frankenstein Kit ROSY A Texas Tech Diploma Monty Dollar - A Coon's tail

Dear Santy Clause, This is a little letter from Jerry Morris. I don't want much for Christmas. I want a \$1000 horse trailer; a \$2500 roping horse, a \$150 roping saddle, and 3 or 4 calves. And last but not least a one way ticket to Siberia for Miss Duvall, and Mrs. Shackelford. And if you don't give me all I ask for I will high-life your reindeers and set your beard on fire!! From Your Pal, Jerry Morris

Dear Sana, We've actually been fairly sweet girls and we never really meant to cause any trouble. This year we'd like you to help us stay out of trouble, so would you please send us a swimming pool of our very own. We don't mind sharing one, if you are running a little short of swimming pools this year. We both want dolls this year, Santa, but I'm sure you know who they are. Then you can use our last year's list for the rest except you can cut out the baking kit, because our mothers won't let us in the kitchen since last year. Please send everyone a big load of happiness and help make their holidays gay. Oh ya, and send "Smith" a little something extra in the way of patience and sense of humor because we've caused him to use up an awful lot this year. Merry Christmas to you Santa Thank you, Beth and Donna

Dear Santa, We are seniors so you know we have been good this year. We have done nearly everything we were told to do and a few things we were not told to do. We only want one thing for Christmas this year. Earnestine wants a doll, about 6' 2", brown hair, green eyes, and weighing 185 lbs. I want so many things so I will just let you pick something out for me. Oh, yes, Santa, please bring our favorite English IV teacher a new set of nerves and patience because his old ones are nearly gone. Don't forget all of the less fortunate kids and we wish everyone a very Merry Christmas. Love, Earnie and Reba

Dear Santa, We've been real good girls so I think you ought to grant our sincere wish. You see my little car, "Impala" has been sick for a long time and just the other day it almost died. It is very close to death now and it sure needs your help. Could you please get my little "Impala" well. Sincerely, Patty C., Jane C., Pat JM., Linda S., Ramona H., Kay H.

Dear Santa, I have been a good girl this year. Please bring me a new nickname. The old one is rather worn out. Please bring "Smith" some oboe and baritone players. He says he needs them desperately. Be good to Miss Williams so she won't cry about her English I classes. Love, "Ricket" Linda Davis

What Do You Want For Christmas??

Here are a few of the Christmas wishes around DHS: Kent Gabel - One red-head wrapped in cellophane. Glenn Boozer - Just a blonde Jerry Morris - More of the same. Harley W. - Five hours of flying time. Mary G. - A date with Coach Wilson for Miss Duvall. Georgene - A horse Jimmy - A shotgun Gary M. - A wrist watch Susan Y. - A brain

Christmas Alphabet

A - is for angels who sing from on high. B - is for boxes we like to untie C - is for the Christ-child born on that day. D - is for dollies for which little girls pray E - is for the eagerness of each Jill and Joe F - is for fireplace that gives a warm glow G-is for giving each year more and more, H - is for holly which hangs on the door I - is for ice cream cookies, and candy J - is for joy when we think, "Oh how dandy". K. is for kings, three wise ones you know L - is for love, that we so love to show M - is for manager, the little Babes, bed N - is for nativity where the wise men were led O - is for opening the gifts we receive P - is for peace we'll soon have, I believe Q - is for quietness to thank God so dear, R - is for reindeer that bring Santa here. S - is for snowflakes that make Christmas white, T - is for the tree, so shiny and bright U - is for uniting with those whom we love. V - is for vision, the star from above W - is for wreaths that we hang all about X - is for Xmas when we leave Christ out Y - is for youth who are happy this day Z - is for zeal that they show as they play

Orchids and Onions

ORCHIDS To those who put candy wrappers in the trash basket. To those who wore their overshoes to school Monday To those who honestly try to make passing grades. To Mrs. Shackelford for being so understanding with her Senior girls in shorthand. To boys who like a girls' hairstyle whether short or long. To those who have been good enough for Santa to come to see them. ONIONS To those who let them stay where they fall.

To those who complained because of wet and cold feet. To those who do not even try for a good grade. To teachers who do not even try to understand their pupils. To those who gripe because some girl got her hair cut a little shorter To those who are getting nothing for Christmas because they haven't been anything but bad.

Go those who brought Christmas ornaments for the school tree. To those who have already begun to make New Year's resolutions. To those who wish others a "Merry Christmas and a Happier New Year!" ONIONS To those who do not share their belongings with others. To those who plan to stay just as bad next year. To those who do not have consideration for others.

Mrs. U. S. Savings Bonds of 1962

Blonde, blue-eyed Mrs. Emily Terrall, of St. Helens, Oregon, is the new "Mrs. United States Savings Bonds of 1962." As a Treasury volunteer Goodwill Ambassador, she will tour the nation during the coming year in the promotion of Savings Bonds. The 37-year-old housewife won the title from among 51 state contestants for the "Mrs. America" title in competition just closed at Fort Lauderdale, Fla., where she appeared as "Mrs. Oregon." The Terrall family is no stranger to Savings Bonds. Husband of the new "Mrs. Savings Bonds" is an industrial engineer, and buys bonds regularly on the Payroll Savings Plan. Mrs. Terrall, an alumna of the University of Washington, has been active in the PTA-sponsored school stamp program. And needless to say, their three sons—aged 7, 9 and 12—are all avid stamp buyers. Mrs. Terrall is the fifth winner of the "Mrs. Savings Bonds" title. She succeeds Mrs. Vivian Ackerman, of Tucson, Arizona. SP-361-C-2 col.
