FEEDING TIME—Mrs. Frank Sifton of Hart feeds her three sons, Lon, Don and Jon. The Triplets, blind since birth, have been sharing the national spotlight with other news events lately and last Sunday were the subject for a feature story appearing in a Lubbock news-

paper. A fund raising campaign is being carried on in behalf of the little boys and it now stands at \$3,952. The Dimmitt Lions Club in Dimmitt and American Legion in Hart has been accepting donations for the year, two months old triplets.

Hart Residents to Petition For City Incorporation

Work Starts On Nazareth School Addition And Gym

Contract for the construction of a new gymnasium and classroom addition to the Nazareth School has been let and work was started this week on the two projects.

Harris and Sons Lumber Company of Hart was awarded contract for the gym, which will be constructed at a cost of \$60,500. Jamison Construction Company of Plainview was low bidder on the six-room addition which will be built at a cost of \$58,000.

The new gym will have a seating capacity of 500 and will house a regulation playing court, four dressing rooms, concession room, vestibule and ticket office. The 80 by 120 foot concrete, tile structure, and the addition as well, is slated for completion February 1. Voters of the newly-created Nazareth Independent School District voted bonds for the new school improvements June 18 after an earlier election for the same purpose had been narrowly defeated. Crowded conditions in the growing school necessitated additional space and facilities.

Local Labor Office Moves Off Square

The Texas Producers Coop labor office on the north side of the square began the process of moving Wednesday afternoon to their new location a half block south of the courthouse in the old Mutt Webb building.

Crowded conditions forced the labor office to move to a location with more space and better facilities.

The wooden building being vacated by the labor office has been leased by "Slim" Fulfer, local auctioneer and real estate dealer. Fulfer said Wednesday he would announce his plans next week.

Bobcats To Face Sudan Here Oct. 7; Suffer Second Loss To Abernathy

Coach Leo Fields' Dimmitt Bobcats came out of their losing battle with the Abernathy Antelopes Friday night without any serious injuries and immediately set to work in preparation for their next game with the strong Sudan Hornets.

The Bobcats aren't taking things light even though they have an open date this Friday night and don't play the Hornets until October 7. Their determination and spirit, according to reports from the local camp, are greater than ever following the 34-14 defeat to Abernathy. Quarterback Don Mobley, who has been hobbling with a leg injury in the past two games, is expected to be in good condition after a good rest and the open date couldn't come at a better time for the shifty and tricky T quarterback. Substitute Quarterback Keith Lowe played in each of the first four games of the season, however, and is improving and will be a threat to Mobley's position throughout the season.

Work horses Alton Bates, Alton Whitworth and Zay Gilbreath seem to be mainstays in the backfield and should see action in all remaining games barring injuries. These players as well as Jimmy Manning, Joe Mitchell, Carrol Herring and Jimmy Cole showed up particularly well in the Abernathy game.

New plays and different tactics will likely show up in the Sudan game to be played here. This is a non-conference tilt and is billed as an area headliner. A capacity

Residents of Hart, interested in incorporating their town, took a big step forward during a called meeting Monday night by approving measures calling for the circulation of a petition and drafting of a survey, two important measures preparatory to holding an election for the purpose of incorporating.

Some 35 townspeople gathered at the Hart American Legion Hall to set the wheels in motion toward what they hope will ultimately result in the incorporating of Hart and establishing a city government. The primary purpose of this move, according to Hart Businessman Bill Gilmore, is to "induce a bank to come in here."

Hart townspeople have discussed the possibility of incorporating before but not until Monday night was any definite action taken.

Last week a group of Hart residents appeared before county commissioners to request additional police protection for their town. It was first thought the meeting Monday night was called because of this request. However, Gilmore dispelled this report by emphasizing that the real reason is to "offer inducement for the establishing of a bank here." He added, "We pay our proportionate share of county taxes and are entitled to our proportionate share of police protection."

The incorporation of another nearby town (Springlake) which has a smaller population than Hart has spurred efforts of townspeople toward achieving their goal. Springlake incorporated and set up an aldermanic form of city government earlier this year.

Other reasons why those persons supporting the measure want to incorporate are to induce new businesses to locate at Hart and to bring FIA and GI housing into the area. They believe these two factors have long been barriers to a more rapidly growing town.

Coach Paul Boswell will counter with quarterback Eddie Savage and halfbacks Melvin Aven and James Holloway. He will likely stick with such line mainstays as John Lacy, James Webb, Monte Phillips, Ronald Clark and Johnny Hindman. The coach hopes to do some re-shuffling before the end of the week in an effort to come up with a winning combination.

The Longhorns have dropped two conference games and the game coming up with Anton is also a conference tilt. It will be played on the Hart field. Plains flashed too much speed for the Hart eleven in running up such a big score. The Hart crew reportedly is gaining valuable training and experience, however, and may be hard to stop before the close of the season.

Plains flashed too much speed for the Hart eleven in running up such a big score. The Hart crew reportedly is gaining valuable training and experience, however, and may be hard to stop before the close of the season.

Postal Receipts Up 12 Percent

Gross receipts at the Dimmitt Post Office during the third quarter of 1955 or for the months of July, August and September, registered a 12 percent gain over the same quarter in 1954. Postmaster Tom Bice disclosed this week.

Total receipts for the past quarter are listed at \$5,470.06 compared to \$4,798.35 for the corresponding period of 1954. Bice attributes the gain to population increase.

If boxes are received this month as expected, employees will move into the new post office building behind Hays. Implementation of November 1. The 25 by 75 foot concrete block and tile structure will house a total of 660 boxes. Most box numbers will be changed when the new building is occupied. All numbers except one to 60 and 361 to 449 plus those that have been assigned since the completion of the new building will be changed.

The federal government has a five year option on the new building with a five year optional extension. The building is owned by Laura Cooley of Fort Worth.

Lieutenant Damron In Far East Search

Lt. (jg) John D. Damron of the Flag community, who is currently stationed aboard the USS Montrose and has been in the Far East since April of 1954, is due to arrive at San Diego, Calif. December 1.

Lt. Damron's ship returned to Japan recently with 17 other Naval ships after abandoning a search for two Marine Corps pilots whose jet plane went down June 26 off the coast of the Chiba peninsula. The search was ranked as one of the most extensive air-sea rescue attempts in military history. The search unit drew the praise of the Far East Naval Forces commander for its "long and untiring effort."

Pilot Escapes Jet Plane Crash Near Castro-Parmer Line

An unidentified U. S. Air Force pilot stationed at Clovis Air Base escaped with minor injuries Friday night after bailing out of his F-86 Thunderjet near the Castro-Parmer county line. The plane crashed four miles southwest of Tammie Anne Gin just inside Parmer county and exploded and burst into flames as it hit the ground. Wreckage was scattered over a 20-acre area, according to Deputy Sheriff "Pie" Montgomery who investigated.

Montgomery said the plane developed engine trouble and the pilot escaped by using his automatic ejector. The would-be victim landed about one and one-half miles from the spot of the crash indicating that he narrowly escaped a fiery death. A Clovis Air Base helicopter picked the pilot up soon after the crash and he was taken to the base hospital for treatment of bruises and scratches. He was later released in good condition, however.

The pilot, Montgomery said, radioed Clovis just before bailing out. The local fire department was alerted but was unable to reach the scene due to irrigation ditches and filled lake beds. Sheriff Jack Cartwright and Montgomery guarded the wreckage until Parmer officials arrived to conduct an investigation.

Another plane crash between Hereford and Dawn two nights earlier resulted in the death of a crop duster. The crash occurred about dark.

Bad Weather Endangers Harvest

Cloudy, Damp Weather Brings County Cotton Harvest To Halt; Yields Cut

Continued rainy weather in Castro county has brought the county cotton harvest to a virtual standstill, according to reports this week from ginners and the local labor office. Mexican workers are standing by but will not begin to pull cotton until weather conditions become favorable.

Reports have also been confirmed that some cotton bolls in the county that have not opened are rotting and total expected yield for the county has been cut about ten percent. If wet weather continues cotton farmers stand to lose heavily as bales will be graded down and some cotton will be lost entirely.

As of Wednesday, 110 bales of cotton had been ginned by the county's 13 gins. This is less than half the number that had been ginned for the same period last year and points up the crucial period farmers are now faced with as the first frost draws near.

The market for cotton is off this week, according to ginners, and all cotton now is going into loan. The price this week is 32.32 cents per pound. Most cotton going into loan is middling 15-16.

Cotton is not the only crop suffering from cloudy and rainy weather. Farmers in northwest Castro county report that current conditions prevent potato digging at a time when potatoes are selling at \$3 a hundred pounds or over double the price in September.

September Well Permits Total 20

Twenty applications to drill irrigation wells in Castro county were accepted and approved by the Castro County Hi Plains Water committee during the month of September. This is over double the number for August when only nine applications were okayed.

A prospective well applicant is given 120 days after date of application in which to drill his well. If the well is not drilled during this period then an extension of 90 days is allowed by the county committee providing the applicant makes a written request before the original expiration date and gives good cause for requesting an extension.

An applicant is required to make a \$25 deposit at the outset. However, this deposit is returned after well data is filled out and returned to the local Farm Bureau office.

Members of the county water committee include Sid Sheffy, H. F. Benson, Ivor Bagwell, T. R. Davis and Steve Brockman.

Mr. and Mrs. D. R. Malone of Denton were here last week-end for a visit in the home of their son, Jack Malone, and family.

Hart Church Calls Rev. S. A. Sifford

Rev. S. A. Sifford of Hermleigh in Scurry county has assumed the duties of pastor of the Hart Methodist Church, succeeding Rev. R. H. Coston who has been transferred to Estelline.

The new Hart minister was pastor of the Hermleigh church for nine years. Previous to his tenure at Hermleigh, he pastored at Avoca, Dunn, Tuscola and Spur. He has been a pastor in the North-west Texas Conference for 29 years. Rev. and Mrs. Sifford have a daughter, Mrs. Lula Mae Riddlehuber of Abilene, and a son, Rev. Edward Sifford, pastor of the First O.K. Methodist Church. His son paid him a surprise visit shortly after he arrived at Hart to assume his new duties.

Variety Store Grand Opening Sale Begins

The Ben Franklin Variety Store, now the largest variety store in Dimmitt, was to observe its grand opening today (Thursday) with a sale that will continue through Saturday, October 15, according to the owners, E. D. Plummer and W. E. Edwards.

The store, located just off the west side of the square, will carry a complete line of top quality merchandise. Some merchandise has not arrived but will be here before the sale ends. Prizes will be given away on the final day of the sale. Patrons and visitors may register at anytime during the nine-day event, however.

The store floor has been laid with tile and all of the interior has been re-painted. There are over 600 feet of counter space in the building and store craft fixtures have been installed throughout to provide self-service for customers. The interior is well lighted, also.

Mrs. Edwards will serve as assistant manager for the store. She has been in the variety store business for three years at Lubbock. Plummer comes here from Lovington, N. M. and Edwards from Lubbock. Both men are experienced in the variety store business, having some 23 years in the field.

The store is home owned and a member of a national chain of 2,500 such stores.

V. L. Stevens, superintendent of Ben Franklin Stores and a resident of Amarillo, will be on hand for the gala opening day observance.

Final Rites Held For Roy White

Final rites for Roy White of Lazbuddie, who died in the hospital here Tuesday at 2:10 a.m., were conducted Wednesday at 2:30 p.m. in the Lazbuddie Church of Christ. Minister Denton Thompson officiated and was assisted by Minister R. A. Hartsell of the Bovina Church of Christ. Interment was in Lazbuddie Cemetery under the direction of Dennis Funeral Home of Dimmitt.

Well known throughout Parmer and Castro counties, Mr. White is a native of Fulton, Mississippi. He farmed most of his life, coming to Lazbuddie in 1929 from Maud, Okla.

Mr. White leaves his wife, an adopted daughter and son, Mrs. Estelle White and Clarence Weems; and three brothers from Muleshoe, Maud and Lazbuddie.

Mr. and Mrs. J. D. Comstock of Shattuck, Okla., and Mrs. Roland Wheat and son, Jim, of Higgins, have been visiting in the home of their daughter and sister, Mrs. Franklin Latimer, and family.

Mrs. Emma Easter and Mrs. Stacy London of Hereford visited Mrs. Etta Brashear Sunday evening.

None of the 2-AA six-member group have played a conference game. However, in over-all standings, Olton and Dimmitt are tied for first place, each having won two and lost two. Littlefield and Lockney are tied for third as each have won a game while losing three. In the last two spots are Muleshoe and Tulla with identical records of four losses and no wins.

The Bobcats have now defeated Silverton and Trukeky while losing to Hale Center and Abernathy. Olton has spilled Morton and Post while losing to Abernathy and Dumas.

The purple and white gridders don't start conference play until October 21 when they meet the Lockrey Longhorns at Lockney. They are resting up this weekend as October 7 is an open date. However, on October 14 the Sudan Hornets of Coach Francis Smith will furnish the opposition. The Hornets have one of their best teams in several years, losing only one game this season to Surdown 13-12. The game will be one of the best played on the local field this season if pre-game predictions and ratings mean anything.

Commercial and residential construction costs for the City of Dimmitt dropped sharply during the month of September in comparison to the record-smashing month of August when a new all-time high figure of \$249,245 was reached. The September total was \$46,940.

Still, the total for last month was well above that for July when permits were issued by City Manager E. B. Noble and his assistant, Miss Esther McLain, for \$39,750.

The city is now pushing close to the million dollar mark for the current year and should exceed that figure by the end of December. The total for the first nine months of 1955 is listed at \$912,640. This amount represents the highest total for any single year in the city's history, and three months are still left to go.

Optimists say that Dimmitt's growth has been near phenomenal and the peak or highest building level is yet to come as new businesses continue to move in and old businesses continue to expand.

A recap of last month's construction picture shows the two highest building permits were issued for homes costing \$10,000 each. Kenneth Forson is owner and contractor for a \$10,000 home going up in the Woodson Addition with dimensions of 28x62, and Gene Kenmore is owner of the other \$10,000 residence being built by Dimmitt Lumber Company also in the Woodson Addition. Dimensions for the latter are 52x30.

Edward Calhoun is building in the Myrtle Wright Addition at a cost of \$8,700. L. H. Langford is contractor for the 32 by 44 foot structure. Remodeling the front of his home, Edgar Ramey is spending \$4,000 for a job under the supervision of Contractor Homer Speed.

An office building for Brown Supply of Lubbock has been completed near the north city limits at a cost of \$3,500. The concrete block structure is 30 feet wide and 50 feet long. Also on the commercial side of the ledger is a permit issued to Jim Urloste for the construction of a small cafe. The 12x60 foot structure is located on lot three of block 22.

Underway in Western Heights Addition is a \$3,000 house being constructed by Wilson Lumber Company for A. E. Grantham. Dimensions are 28x32 feet. R. L. Hayden is listed as owner of a small rent house located on lot three of block 96 at a cost of \$2,500.

Another small home located on lot nine of block 24 is listed in the name of Leroy Brown. James Stewart is contractor for the \$2,000 job.

Completing the construction picture for September are permits issued for the erection of three small houses. Dimmitt Lumber is building in the Miller Addition for W. F. King at a cost of \$850 and G. V. Lopez is building two small houses at a cost of \$550 and \$840. The houses are located on lot 12 of block 23 and lot ten of block 23.

A total of 12 permits were issued for the month just past.

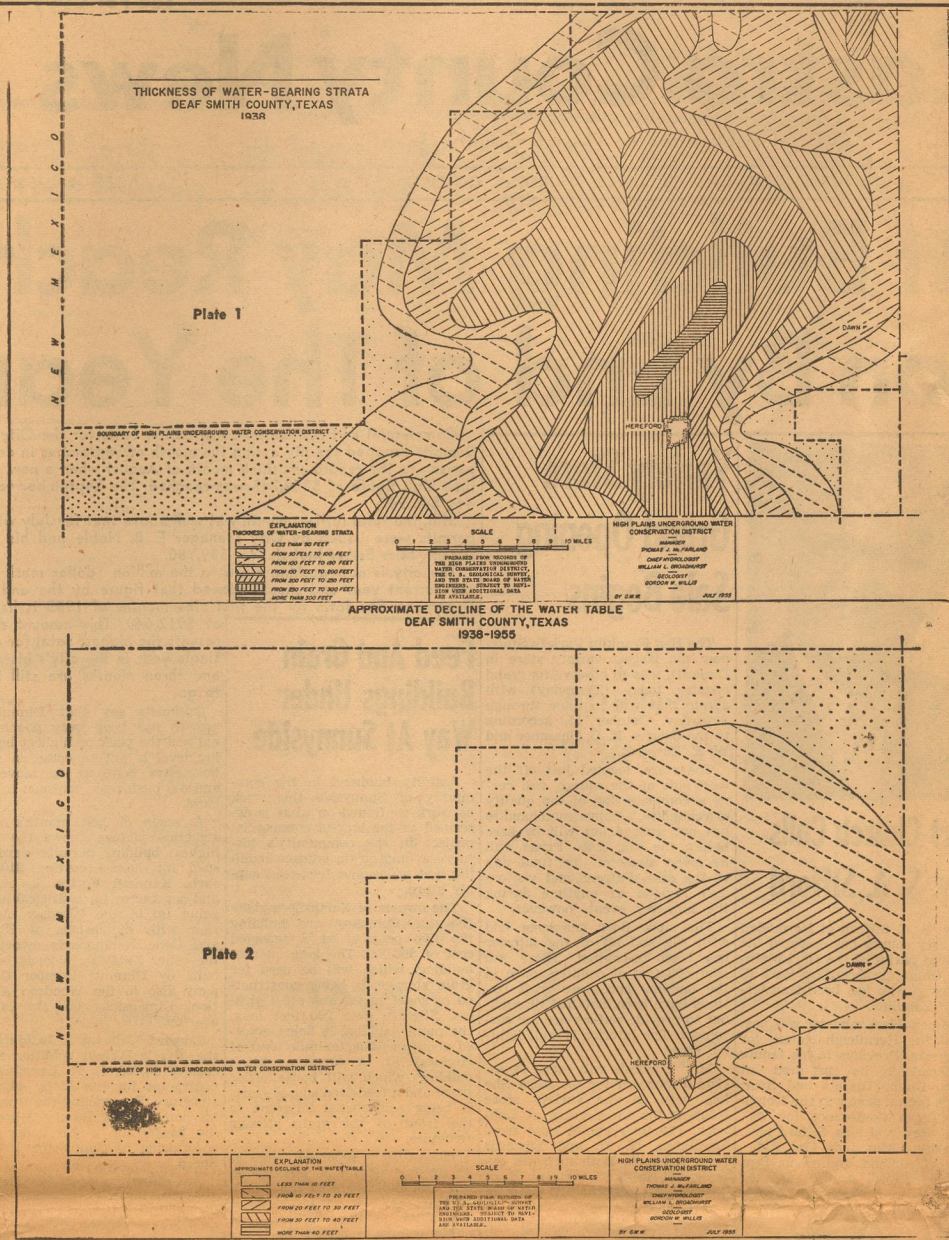

Well Known Local Resident Moves

Rev. and Mrs. D. W. Brashear, residents here the past five years, left today (Thursday) for Diamond, Mo. where they will make their new home and Rev. Brashear will assume the pastorate of the Methodist Church there.

The Brashears are moving in order to be near Mrs. Brashear's mother who lives in Joplin, Mo. Rev. Brashear, popular speaker and humorist throughout the High Plains, has made many friends here and he and his wife will be missed by all of their acquaintances. Rev. Brashear came here as pastor of the Dimmitt Methodist circuit and served as pastor for the Bethel and Big Square churches until these churches merged with the local church. He has been active in civic affairs here and is a former manager of the Castro County Chamber of Commerce, a position he held for 17 months.

DEPICTING THE CHARACTER and dress of the people who were active in WMU work in Texas during the past 75 years, these members of the local Baptist WMU are shown in full dress and regalia as they bring another year's work to a close and conclude study of their mission book, "Candle by Night." Each member represents the particular period in the study book that she taught. Standing from left to right are Mesdames Jim Hays, W. E. Kirkpatrick, Glen Youts, Edwin Ramey, R. B. Strother, A. J. Kemp, Jr., George Ray, Charlie Hays and O. T. Vardell. Seated at left is Mrs. C. G. Maples, Jr., and seated at right is Mrs. Lee Norman. Mrs. Buster Tidwell, not pictured, was also in the program.

Deaf Smith Co. Water Data Told

The portion of Deaf Smith county within the boundary of the High Plains Underground Water Conservation District covers about 632,000 acres of land. (The total area of the county is 964,480 acres.) The underground reservoir in the Ogallala formation beneath the area within the district contains approximately 13,700,000 acre-feet of ground water in storage available for pumping.

The map in plate 1 shows the thickness of the water-bearing strata between the water table and the redbeds in 1938 before an appreciable amount of water had been pumped from the reservoir. The map in plate 2 shows the decline of the water table from the spring of 1938 to January 1955.

The volume of water remaining in the underground reservoir was determined by subtracting the volume of material unwatered since 1938 from the total volume of saturated material in 1938 and multiplying the remainder by the coefficient of storage of 15 percent.

These data show that 15,000,000 acre-feet of water was in storage available for pumping in 1938, and that 1,300,000 acre-feet of water has been removed from storage since 1938. In other words, 8.7 percent of the volume of the available water has been removed from storage since 1938. Approximately 900,000 acre-feet or about 70 percent of the volume of water removed from storage was pumped during the 5-year period from January 1950 to January 1955.

The approximate quantity of underground water in storage available for pumping, beneath an individual farm may be determined by multiplying the number of acres in the farm by the thickness of the water-bearing strata underlying the farm and then multiplying by the storage coefficient of 15 percent. Suppose the farm consists of 320 acres and has 200 feet of water-bearing strata underlying it, then 320 acres x 200 feet x 0.15 equals 9,600 acre-feet of water available for pumping. An acre-foot of water is the quantity required to cover one acre to a depth of one foot, and it is also equal to 43,560 cubic feet or 325,829 gallons.

She knows exactly where and what and how to buy to make her food money go further. She also knows where (here) and what (at least 10% of the family income) and how (every week) to SAVE to make the family's dearest dreams come true on schedule. Smart buying plus wise saving make a winning combination!

Thelma Shepard, Barney Whigham Are Married In State Capital Ceremony

Miss Thelma Georgia Shepard, daughter of Mr. and Mrs. Percy Shepard of Dimmitt, and Barney Ray Whigham, son of Mr. and Mrs. Clyde L. Whigham of Winters, were married September 17 in a semi-formal double-ring ceremony at the Congress Avenue Baptist Church in Austin.

Dr. D. H. Bonner, pastor, was officiating minister. Baskets of palm and candelabra formed a background for the service. Mrs. Pete West was organist and Vernon Davis, soloist, sang "Always," "Because," and "Wedding Prayer."

Mr. Percy Shepard gave his daughter in marriage. She wore a ballerina-length gown of white chartilly lace and tulle over satin with a matching lace bolero designed with long sleeves. Her veil of illusion was attached to a

matching lace hat edged with pleated tulle and sprinkled with seed pearls. She carried a white orchid surrounded by stephanotis atop a white Bible, presented to her by the Congress Avenue Baptist Church YWA. Her jewelry was a single strand of pearls, a gift from the bridegroom.

Mrs. Clarence Williams of Dimmitt, sister of the bride, was matron-of-honor. She wore a hunter green crystalette ballerina-length dress with a bouffant skirt gathered onto a fitted torso. Her matching jacket covered the pleated bodice and she carried a bouquet of talsman roses.

Bridesmaids were Miss Kaye Williams of Dimmitt, niece of the bride, and Miss Suzy Davidson, Austin. Their gowns were identical

to that of the honor attendant. Lynton Smith of Tyler was best man and ushers were Terry Schriber and Jack Fritsch, both of Austin. Junior groomsmen and candlelighters were Larry Robinson, Bronte, and Jimmy Gideon, San Angelo, nephews of the bridegroom.

The reception was held in the church educational building. A white satin cloth covered the table, which was draped in white net caught with clusters of talsman rosebuds. Appointments were in silver. The brides bouquet rested on a footed silver compote surrounded by bouquets of the other attendants.

Assisting with the house party were Mesdames Arthur Dunn, Jimmy Davis, John B. Davidson, Ellie Taylor; Misses LaNelle Williams, Betty Mae Krause, Rena Don McDonell, Silsbee Christiari, Donna Davidson, all of Austin, and Mrs. Merritt Lamb of Lockhart.

For her daughter's wedding, Mrs. Shepard wore a charcoal gray rayon dress with mauve accessories and a pink carnation corsage.

Miss Shepard is a graduate of Dimmitt High School and Texas Tech College where she was a member of Phi Upsilon Omicron. For the past six years she has been employed for the State Commission for the blind in Austin.

Mr. Whigham is a graduate of Wingate High School, San Angelo College and Sul Ross College at Alpine. He is now placement counselor for the State Commission for the blind in Dallas.

Following their wedding trip, the couple will be at home in Dallas.

FAIRBANKS-MORSE
DEEP WELL WORKING HEAD

Delivers up to 1600 g.p.h. — pumps efficiently at all depths to 600 feet.

- Costs less to operate — low maintenance
- Balanced work load gives less wear on drive
- Develops rated capacities at minimum pressures
- Smoother power flow eliminates light flicker
- Available also with windmill or engine hookups
- Pump and motor have V-belt drives

Let us help you choose the right pump!

Fairbanks-Morse line of deep well heads offers pumps for well casing diameters ranging from 2" to 6". Installing a pump larger than you need is as inefficient and expensive as putting in one that is too small. We'll be glad to come to your home or farm, make an on-the-job check of your needs, and recommend the right pump. This service is free! Or, drop in at our store and ask for booklet on Fairbanks-Morse deep well water systems.

CITATION BY PUBLICATION THE STATE OF TEXAS
 TO: Thomas Patton and if ever married Mrs. Thomas Patton; J. C. Cope and if ever married Mrs. J. C. Cope; B. B. Cope and if ever married Mrs. B. B. Cope; B. C. Cope and if ever married Mrs. B. C. Cope; J. S. Beach and if ever married Mrs. J. S. Beach; Inez Cope and if ever married her husband; and if any or all of the above named parties are deceased, their heirs, their unknown heirs and legal representatives of each and all of them; their unknown spouses and any and all persons owning or claiming any interest in the property herein after described, all of whom are DEFENDANTS: of whom are:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Castro County, Texas, in the Court-house thereof in Dimmitt, Texas at or before 10:00 o'clock A.M. on the first Monday after the expiration of 42 days from the date of issuance of this citation, same being the 21st day of November, 1955, then and there to answer in writing Plaintiff's petition filed in said court on the 6th day of October, 1955, in this cause numbered 2245 on the docket of said court and styled, Joe H. Bruce vs. Thomas Patton, et al, a brief statement of the nature of said suit being as follows:

Suit in statutory form of trespass to try title, and for costs by Joe H. Bruce, Plaintiff, against those persons who are first named in this citation and to whom it is directed, as Defendants, and the unknown spouses and heirs and legal representatives of the said named persons and each of them, the names and residences of whom are alleged to be unknown to the Plaintiff, the Plaintiff suing for title and possession of the following described real estate lying and being situated in Castro County, Texas, to-wit:

Lot No. Ten (10) in Block No. Ninety-seven (97) and Lot No. Twelve (12) in Block No. Ninety-seven (97), Original Town of Dimmitt, Texas.

Plaintiff alleges that he is entitled to the title and the possession of said property, claiming under the five, the ten and the twenty-five year Statutes of Limitations, and Plaintiff further prays that the cloud cast on the title to the property above described by Defendants be removed and said title vested in the Plaintiff, all as is more fully shown by Plaintiff's Petition on file in this suit.

The Officer executing this process shall promptly serve the same according to law and make due return as the law directs, and if this process be not served within ninety days from the date of issuance, it shall be returned unserved.

ISSUED AND GIVEN UNDER MY HAND AND SEAL OF SAID COURT at office in Dimmitt, Texas, this 6th day of October, 1955.

Mrs. Neva Hastings
 Clerk of the District Court,
 Castro County, Texas.
 (SEAL)

Wesleyan Class To Have Rummage Sale

The old Cash Way grocery building on the east side of the square will be the scene of a rummage sale to be conducted by the Wesleyan Class of the Dimmitt Methodist Church.

Interested persons are asked to bring clothes or anything they wish to sell to the location Friday. The sale will be held Saturday, October 8.

LEGAL NOTICE

NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the City Clerk, Dimmitt, Texas, until 7:30 P.M., October 17th, 1955, for constructing Waterworks Improvements consisting of a 200,000 Gallon Elevated Storage Tank, Water Well and approximately 21,000 linear feet of 6", 8" and 10" Water distribution lines and appurtenances, and for constructing approximately 16,500 linear feet of 6", 8" and 10" VC Pipe Sewer System extensions and appurtenances.

A Cashier's or Certified Check, payable without recourse to the order of E. B. Wright, Mayor, or an acceptable Bidder's Bond in an amount of not less than five percent (5%) of the largest possible total bid must accompany each bid, as guaranty that, if awarded the contract, the Bidder will promptly execute bond and enter into contract on the forms provided as outlined in the specifications and contract documents.

Checks must be issued by a Texas Bank satisfactory to the City, and Bidder's Bond must be issued by a reliable Surety Company doing business within the State of Texas.

The City reserves the right to reject any bid and/or all bids, and to waive all formalities; except that no bid received after the closing hour above mentioned will be considered.

The attention of bidders is called to the special provisions concerning minimum wage rates and hours of employment included in the specifications to insure compliance with House Bill No. 115 of the Forty-fourth Legislature of the State of Texas.

Plans, specifications and contract documents are on file and may be inspected at the office of the City Secretary at DIMMITT, Texas; and are available upon deposit of Twenty-five Dollars (\$25.00) at the office of Hatfield Engineering Co., Consulting Engineers, Amarillo, Texas. Deposit will be refunded to each actual bidder submitting a bona-fide bid, immediately upon return of the plans and specifications in good condition. Refund will not be made on plans and specifications which are not returned within five (5) days after date for receiving bids.

E. B. WRIGHT, MAYOR
 CITY OF DIMMITT, TEXAS

Fourteen Red Mig's for every F-86 were shot down during the Korean conflict. It costs approximately \$75,000 to train an aviation cadet to become a U. S. Air Force pilot.

Gresham-Layman Nuptials Read In Double Ring Ceremony At Levelland

Wedding vows were solemnized recently for Miss Arleta Gresham and William Layman at the home of the bride's brother, Mr. and Mrs. Erlan Gresham. The Rev. Eddie Hundley, pastor of the Evangel Assembly of God Church in Lubbock officiated at the double ring ceremony.

Parents of the bridal couple are Mrs. Irene Gresham, Rt. 1, Levelland, and Mr. and Mrs. D. L. Layman of Dimmitt.

As the couple repeated the wedding vows they were standing in front of a large picture window on either side.

"Indian Love Call," played by Miss Sue Fielding, provided the background music for the ceremony. Miss Fielding also accompanied Mrs. W. C. Ford, Jr., as she sang, "I Love You Truly," and "Because."

The bride, given in marriage by her brother, Erlan Gresham, wore a ballerina length white organdy dress over baby blue taffeta. The dress featured an embroidered bodice with organdy bolero. She carried white carnations on a white Bible with blue ribbons.

Miss Shirley Gresham, sister of the bride, was maid of honor and Mary Lynn Gresham, niece

of the bride, was flower girl. Best man was Bobby Baggett.

The maid of honor wore blue taffeta with a carnation corsage and the flower girl wore blue nylon and carried a small bouquet of roses.

Some 30 guests were present for the wedding reception following the ceremony. Mr. and Mrs. Erlan Gresham were hosts for the hospitality. Wedding cake, ornate with light blue and silvered confections, and lime float were served to guests. Presiding at the guest book was the bridegroom's sister, Clara Mae Layman.

Mrs. Gresham chose for her daughter's wedding a dress of navy blue shantung with navy accessories and a white corsage and the bridegroom's mother wore a navy suit with white accessories and a white corsage.

The bride was wearing a two piece ensemble of cotton satin with beige accessories as the dress over baby blue taffeta. The couple departed for a honeymoon trip to Ruidoso, N. M.

Mrs. Layman attended Levelland High School and is employed by Potts Insurance Co. The bridegroom also attended Levelland High School and is employed by Cicero-Smith Lumber Co.

From the
Castro County Grain Company
By Edd C. McLeroy

VOLUNTEER WHEAT

If you had a good stand of volunteer wheat that has come up since the rains would you leave it? This question is being asked a lot the last few days and many farmers are probably being faced with this situation. Probably a lot of farmers report good results by leaving volunteer wheat if their land is in shape to water and care for later on.

HELP AND CARE SAVE PIGS AT FARROWING TIME

It takes time and effort to watch sows carefully before and at farrowing time. Remember you have about \$5 invested in every pig at time of birth and the more pigs you sow now means more profit next spring. Take each pig as it comes and clean away mucous, especially around nose and mouth. Put it into a box warmed by a heat lamp or other means. During the first few hours many pigs are mashed by the sow.

Clip needle teeth and paint gums with iodine-glycerine mixture. If ears are notched, paint notches with iodine.

After the litter is born and the sow settled, put pigs with sow to nurse. Be sure pigs are kept warm, dry and clean. It's helpful to hang a heat lamp over the pen. Remember the nature of the sow will have a lot to do with how much you can handle the pigs.

CASTRATE BOAR PIGS EARLY

At the Purina research farm pigs castrated the 5th day suffer less shock and wounds heal more quickly than when done later. Use Purina wound protector after castration and for all cuts and open sores.

STEER FATENA WITH STILBESTERAL FOR FEED LOT CATTLE

Experiment stations, colleges and commercial feed re-

search farms are finding that ter milligrams of stilbesteral added to the daily ration of each steer in the feed lot will give approximately 11 percent more gain on 19 percent less feed. These are outstanding results and figures that every commercial cattle feeder should consider when putting cattle on feed this fall.

Only 1/3 Oz.

Per Ton

Mixing one-third ounce of stilbesteral into a ton of cattle feed presents a problem to most feed companies. This kind of mixing is routine for Purina micro-mixing and only Purina chows are micro-mixed.

Next time you are in town ask us to tell you more about steer fatena with stilbesteral.

ANGUS CATTLE

For the past three years we have watched and admired the fine herd of registered cattle belonging to Mr. and Mrs. Bose Abrams, who live five miles east of Nazareth.

Mr. and Mrs. Abrams were in Monday to pick up a supply of omalene for several weaning calves and stated they were thinking of selling their herd of 34 head of cows, calves and bulls. The breeding in the cow herd is of the black cap and black bird breeding and the bull is of sunbeam breeding. These good animals should stay in Castro county, so if any of you readers are interested in Angus cattle drive out and visit the Abrams. They indicated they would sell all or any part of the herd.

Special Services At Local Assembly

Rev. J. A. Bradley, pastor of the local Assembly of God Church, announces special services at the Dimmitt Assembly each Sunday during October. These services are being held in cooperation with National Enlargement Month in the Assembly of God Sunday Schools.

The services will be under the direction of Mr. J. R. Mitchell, Sunday School superintendent. Visiting ministers will speak during the month and an interesting program is planned for each Sunday.

Church officials hope to break all attendance records. Sunday School begins at 9:45 a.m.

The local church recently completed a teacher's training course at which time 49 certificates were issued.

Hart PTA To Meet Monday At 8 P.M.

Mrs. Ralph Perry of Plainview who has toured Europe and the Holy Lands, will bring a program of pictures and information pertaining to her travels when the Hart Parent Teachers Association meets in the school gym Monday night, Oct. 10.

Also on the Monday night program, which begins at 8 o'clock, is Mrs. Will Gilmore, Hart faculty member. Members of Mrs. Gilmore's third class will take part in this phase of the program.

Members and friends are urged to be present for this meeting which was postponed from Friday night due to a conflict in schedule.

Childrens And Infants Shop Opens In Dimmitt

A new store, which will specialize in the handling of infants and children's wear, has opened for business in north Dimmitt on the west side of Highway 51.

Known as the Ina Jan Shop, the new store will handle a complete line of dresses and apparel for children as well as clothes for infants through their sub-teens. The owners have operated a similar business the past two years in Lubbock.

Hart WMU Meets With Mrs. Hacker

Mrs. Dale West reviewed the last chapter of "Back Side of No Where" at a recent meeting of the Hart Baptist WMU in the home of Mrs. Earl Hacker.

A business meeting was conducted by the president, Mrs. West, and gifts were exchanged from "secret sisters."

Hostesses served punch and cookies to Mesdames Jimmy Davis, Milton Sharp, Jim Height, Paul Roberson, James Clay, Warren, Harvey Davis, Roy Futrell, Clay Anderson, L. L. Loeman and Roy Pyeatt.

WMS Schedule Change Is Effective Oct. 10

A change in schedule for members of the various Baptist WMS Circles will mean that meetings will be held in the future at 2 p.m. each Monday instead of 9:30 a.m.

The change will take effect Monday, October 10 when Mrs. Lester Dowell will be in charge of the program, "Come Women, Wide Proclaim." The church nursery will be open.

New WMS officers for the new

8th Graders Spill Tulia 60-0; 7th Graders Lose 14-0

The Dimmitt eighth grade football team chalked up its second victory of the season Thursday night at the expense of the Tulia eighth graders. The locals clobbered Tulia in a one-sided contest, 60-0, scoring in every period of the game.

The local seventh grade eleven didn't fare so well, however, coming out on the short end of a 14-0 score. Both games were played in Bobcat Stadium.

Avenging the loss of their juniors, the Dimmitt eighth grade squad went on a scoring spree. Jerry Hyatt went wild by scoring four of the local's nine touchdowns. Hyatt also made two of the extra points. Ed Collins and Jimmy Curtis scored twice each and Hal Ratcliff went across the goal for one touchdown. Curtis accounted for two extra points and Marion Oakley made two.

Coaches W. E. Reisdorph and Thomas Harrison emptied the bench in running up the big score and served notice to future opponents. They praised the play of the lads as good offensively and defensively and "exceptionally good line work."

Line play was led by Jack Ragland, Hubert Faulkner, Carl Lee Kemp, Oakley, Hal Ratcliff, Clint Smithson and Ramirez.

Remaining games for the seventh and eighth graders are as follows: Oct. 11at Hereford; Oct. 18—Olton, here; Oct. 25—Hereford, here; and Nov. 1—at Olton. A game will also be scheduled for November 8. All tilts start at 6:30 p.m.

Rance 4-H Club Is Formed Recently

Girls of the Rance community met in the home of Mrs. Troy Ray recently and organized a 4-H Club under the supervision of Mrs. Sybil Stringer, Castro County HDA.

Diana Clearman was elected president of the new club and Fayrene Evans, vice-president. Others named were: Patsy Campbell, secretary; Nelda Botkins, game leader; Nanetta Clearman, song leader; and Mrs. Troy Ray and Mrs. L. R. Woolbright, adult leaders.

Sixteen members were present for the club's initial meeting, held October 3 in the home of Mrs. Woolbright. Following the serving of refreshments, the club president called the meeting to order and the club minutes were read by the secretary. The group were then led in singing by the song leader.

Members approved a motion to name the new club the Rance 4-H Girls.

Mrs. Ray gave a demonstration on baking brownies at the close of the meeting.

Special guests were Mrs. Ray Carlock, Linda, Dianne and Sylvia. The next scheduled meeting is Oct. 17 in the home of Miss Patsy Campbell.

Local Lions Hear Operetta Numbers

John Butler, Dimmitt School faculty member, entertained local Lion Club members at their Tuesday luncheon meeting by singing three selections from Gilbert and Sullivan operettas. Butler sang these same selections in operettas staged at West Texas State College where he received his degree.

Accompanied at the piano by Miss Judith Cleavinger, Dimmitt High student, Butler received a rousing ovation from his attentive listeners. He and Miss Cleavinger were highly commended at the start of the program in an introduction given by Superintendent of Schools R. S. Vestal.

Club members will be put on the spot at their next meeting when each one will be queried on matters pertaining to Lionism. Fines

Book Club To Meet Here October 12

Mrs. James Bradford will review the book, "Bottoms Up," when the Dimmitt Book Club meets in the county court room here Thursday, October 12, at 4 p.m.

The book, written by Cornelia Otis Skinner, is composed of several articles written over a period of years. It is described as a book filled with "gaiety, hilarity, and variety though very little propriety."

Members are especially urged to be present for the review and the business meeting preceding the review. Visitors are also welcome.

will be in order whenever answers are incorrect or lacking.

Kemeth Russell of Amarillo was a guest at the Tuesday meeting.

'56 Dodge Goes on Show Here Friday

The new 1956 Dodge will go on display at the new Latimer Motors location in north Dimmitt Friday at 8 a.m. The new car may be seen at any time during the day up until 6 p.m.

In announcing the showing of the 1956 model, Latimer reveals that several outstanding features have been added by Dodge for the first time in the new model. Some of these include jet fin rear fenders, magic touch push button automatic transmission and a maximum of 230 horsepower.

The new Dodge comes in three series—Coronet, Royal and Custom Royal. The new models also come in several interior and exterior color combinations.

Latimer, who has been Dodge dealer here for nine years, invites the public to "come in and inspect the new Dodge for 1956."

year were installed Monday at the church by Mrs. George Ray.

Bobcats Suffer

Second Defeat

Last Friday night Abernathy combined a passing and running attack to romp over the Bobcats 34-14.

The Bobcats now have an even slate since they have won two and lost two. The Antelopes took a 14-0 lead in the 1st quarter. Dimmitt rallied in the closing seconds of the half to score with Alton Bates driving from the 5-yard line. Bates also ran the extra point.

Abernathy again scored twice in the third quarter.

Zay Gilbreath scored in the last quarter to make the score 34-14. Mobby passed to Gary Cleaver for the extra point.

Dimmitt has an open date this week and will play Sudan here next week.

Senior Of The Week

If you hear people yelling "Alley Beth" in the halls, it is just Mary Beth Alley they're calling. She was born on May 15, 1938, in the home of Mr. and Mrs. Beal Alley. Mary is active in the Senior Class, F. H. A., and the Pep Squad. She is very talented in basketball which earned her the position of Co-Captain with the Dimmitt Bobbies. Mary played forward on the Dimmitt State-Championship team last year.

Some of her favorites are:

Room 5B News

October 3, 1955
Room 5B received two new pupils today which we appreciate very much. One is a boy whose name is Lucas Sanchez and a girl whose name is Jamie Guardiola. We are very glad to have these students. Lucas is from Corpus Christi, and Jamie is from Staples. Our class hopes very much that they will be as happy in Dimmitt as they ever were in any school.

The Bluebonnet Citizenship met Friday at 3 p.m. The meeting was called to order by the president, Roy Allen Battles. Connie Goodwin, the secretary, is absent with the mumps so Sharon Odom, assistant secretary, read the minutes. Joy Talley was selected as best citizen of the week. A program of poems, jokes, and geography questions was given.

FRIO NEWS

Mr. and Mrs. Olin Parris attended the funeral of C. H. Nelson at Post Wednesday. Mr. Nelson, of Fort Worth, a friend of the Parrises, was killed Monday in Fort Worth. The Parrises returned by Lubbock and spent Wednesday night with Olin's folks, the H. A. Parrises.

Mrs. Clifford Gordon and children of Amarillo visited Monday and Tuesday nights with her sister and family, the Henry Andrews.

Mr. and Mrs. Olin Parris were Sunday dinner guests of the Floyd Coles.

Mr. and Mrs. James Dobbs took dinner Sunday in the J. H. Dobbs home.

Walker Parris and Sammie McLallen were Sunday dinner guests of the B. H. Baldwins.

John Buchanan of Fort Worth visited from Monday until Thursday with his sister and family, the J. E. Warricks.

Mr. and Mrs. Ower Andrews and family took dinner Sunday in the T. L. Sparkman, Sr. home.

Rev. and Mrs. B. H. Baldwin and Robert were in Brownfield Saturday on business.

Mr. and Mrs. Howard Lowry and Betty of Amarillo, Mrs. Wallace White and children, Mr. and Mrs. E. B. Berryman, Mrs. White of Peabody, Kansas, and Al Roper were Sunday dinner guests of the Clark Andrews. Wallace White visited with them in the afternoon.

Mr. and Mrs. Earnest Harder and boys of Hereford and Mr. and Mrs. Herb Schmidt and boys visited with the Leonard Schmidts Sunday afternoon.

Mrs. Clark Andrews and Rocky and Mrs. E. B. Berryman were in Canyon Tuesday for Mrs. Andrews to see her dentist.

Mrs. E. B. Berryman visited Thursday with the Clark Andrews.

Mr. and Mrs. James Dobbs were in Amarillo Sunday afternoon to visit with Danny McLallen, at the Northwest Texas Hospital.

Several members of the C. B. Class of the Frio Church attended a steak fry Friday night at the Frio Building. Those attending were: Mr. and Mrs. Floyd Cole and family, Mr. and Mrs. E. H. Little and girls, Mr. and Mrs. Clark Andrews, Mr. and Mrs. Herb Schmidt and boys, Rev. and Mrs. B. H. Baldwin, and Mr. and Mrs. Frank Robbins and family.

Mr. and Mrs. Leonard Buttrill and family were in Albuquerque for the weekend to attend the fair.

Mrs. H. M. Mobley was in Throckmorton over the weekend visiting with her mother, Mrs. Lelia Taylor. Mrs. Taylor returned home with Mrs. Mobley Monday for Mrs. Taylor to see her doctor in Amarillo Tuesday.

Mr. and Mrs. E. H. Little and girls, Mr. and Mrs. Gary Mason and daughter, Jane Cole, and Carol Robbins took dinner Sunday in the Weldon Stephens home.

Geneva Davis of Portales took supper Friday night in the J. H. Dobbs home.

Bonnie and Barbara Sparkman and Mrs. Henry Dobbs were on the sick list last week. All were feeling much better on Monday.

Darold and Olagene Baldwin of W. T. S. C. were home over the weekend visiting with their parents, the B. H. Baldwins.

Mr. and Mrs. H. F. Benson have returned from a two weeks' tour

of the New England states. They accompanied his brother, Rev. and Mrs. William Benson, of Fort Worth. They report some of the highlights of the trip were seeing the Washington Monument, the White House and N. Y. State Capitol and the Statue of Liberty. They visited and shopped in the famous Macey of New York and went over into Canada. Niagra Falls was worth the entire trip, they report, if they had seen nothing more. They visited with a sister, Mrs. Ben Malone and family, at Shepardsville, Indiana, on the return trip. Their daughter, Genele, visited Doris Turner, in Hereford while her parents were away.

Several members of the Mother's Needle Club, their husbands, and visitors enjoyed a watermelon supper at the C. N. McClure home Thursday night. Those attending were Messrs. and Mesdames H. F. Benson, W. T. Gunstenson, M. J. Noel, H. E. Lindley, Luther Ellis, J. L. Brooks, Earl Cole, A. T. Jones, Gilbert Master of Sudan, Owen Andrews, W. H. Autrey, Mrs. H. L. Frazier of Sudan, and the McClures.

Mr. and Mrs. Clyde Brock and family of Corpus Christi, Mr. and Mrs. Earl Brock of Dimmitt, and Mr. and Mrs. Arthur Brock and Richard of Hereford, visited in the Leonard Schmidt home Wednesday evening.

The Frio Home Makers Club met Tuesday with Mrs. Jack Jones. Mrs. W. A. Springer gave a demonstration on the simplified way of ironing a shirt. A discussion of work saving tips was the roll call answer. The next meeting place was changed to the home of Mrs. Ower Andrews and is to be on Oct. 11. Members are to bring examples of gifts that can be made at home or bring ideas about them, for roll call. Those present for the meeting were Mesdames Floyd Cole, Frank Robbins, B. M. Sudduth, W. A. Springer, Owen Andrews, J. H. Dobbs, E. F. Venter and the hostess.

Nazareth News

Wednesday morning, ten excited seniors assembled at school eagerly anticipating the annual Senior Field Day. This year their destination was the South Plains Fair and the "Holiday on Ice" show at Lubbock. Accompanying the group was Very Rev. Father Morsch, faculty representative, and the sponsors who were Mr. and Mrs. Florence Ball and Mrs. Ed Drerup. After a delicious chicken dinner, the seniors visited the fair grounds, where the midway was the chief attraction

for a greater part of the afternoon. The spectacular "Holiday on Ice" show brought the day to an end.

Forty Hours Devotion was held in Holy Family Parish on Sept. 25, 26, 27. The Mass of Exposition was held at 8:30 a.m. Sunday morning, and Masses for the remaining days were at 6:30 and 8:00. Evening services were held at eight each evening. For the opening and closing exercises and the procession, all the altar boys and the flower girls were present. Father Shindler delivered the sermons for the evening services. Visiting clergy for the occasion were: Right Rev. Monsignor Stein-

lage, Right Rev. Monsignor Bosen, Very Rev. Monsignor Bottoms, Very Rev. Monsignor Leroy Mathieson, and the following fathers: Rev. Bartholomew Paytas S. A., Rev. Nathaniel Madden S. A., Rev. Cletus McCrorey S. A., Rev. Matthew Schafle, Rev. Andrew Marthaler, Rev. J. Arnold Carlson, Rev. Francis Smyer, Rev. Frederick Hyland, Rev. Vincent Daugintis and Rev. M. A. O'Sullivan. Very Rev. Peter Morsch, pastor of the Holy Family Parish, was host.

Kevin James Gerber, son of Mr. and Mrs. Albert Gerber was christened on Sunday, Sept. 25. Mr. and Mrs. James C. Bell Jr. were

sponsors. Thursday, Sept. 29, the Children of Mary sponsored a dance in the community hall. Music was furnished by Ned Gibbs.

Area Hunters Are Urged To Exercise Caution And "Spare That Insulator"

Now that dove hunting season is here, we hope you will not shoot at birds resting on electric line insulators! Every year in hunting season, we replace electric line insulators which have been shot with rifles or shotguns. The most unfortunate part of this practice is that many times insulators cracked with rifle or shotgun shells continue to operate until days or weeks later when the rain comes along and then the power line is shorted out.

As an example of the damage that shooting insulators by thoughtless hunters can do, Saturday afternoon at 3:35 p.m., September 19, our lineman was called and informed that a circuit was out southwest of Summerfield. In fact, we got calls from almost everyone in that area who had telephones, which included among others, the O. T. Patterson family, Mary Schlab, R. Southward, Mrs. Flippin, Loyce Carmichael, the Cressons and the Eulers. With all of this trouble reported, the men also found that the Black area was out of service.

The men closed the breaker and it stayed on about twenty minutes, which led them to believe that lightning had caused the trouble. After the second failure, the linemen were dispatched to patrol the entire line and on Sunday morning, after fourteen hours of searching, they found that

someone had shot insulators south of Mrs. Flippin's place. In fact the shot insulators were all along the line. This is one example of what careless shooting can do to service in the rural areas. We only hope that all you people who were out of service Saturday night and Sunday will start out after the insulator shooters, as they are the only ones that can help you avoid such outages.

During this same Saturday night, we were called to the Bovina area and four miles north of Bovina, where we eventually found four shot insulators.

Between the J. T. Guinn place northwest of Friona, and the E. M. Jack farm, the hunters really hit the jackpot in that we found nine insulators that had been destroyed by hunters, either through carelessness or maliciousness.

Please! Mr. Hunter, if you are going to be out with a gun, use a little common courtesy and do not shoot at anything on a power line as you will probably cause a number of your neighbors to be out of service for an indefinite length of time. In addition, remember that it often costs as much as \$200 to find one insulator that has been shot.

The poet said "Woodman, spare that tree." We say "Hunter spare that insulator!" Please!

1954 Farm Fires Cost \$157 Million

Fires cost the American farmer \$157,000,000 in 1954. This was an increase of 13 percent over 1953. This is income taken from the pockets of the farmer that can be prevented by practicing caution at all times when handling fixtures and materials that most often lead to fires.

FLAMMABLE MATERIALS: Be sure that gasoline, kerosene, and other flammable liquids are stored at least 50 feet from other buildings preferably underground. Warning signs should be posted. In handling weed and grass killers, caution should be used as most of them are very flammable, especially those containing sodium. In the electrical circuits or the farm watch for frayed insulation loose or sagging wires and fixtures, and repair when found. Be sure 15 ampere fuses are used on all lighting circuits, and above all don't use substitutes for fuses, and turn off electricity before making any repairs.

Post "No Smoking" signs around barns and other service buildings, do not become a careless smoker. Matches should be kept where small children cannot get them. Remember, don't give fire a place to start.

Applications For Notary Public Due

A total of 90,932 Notary Public Commissions have been mailed to county clerks of the 254 counties in Texas. This is the earliest Notary Public Commissions have ever been issued.

Persons in the county interested in getting commissions should contact Mrs. Neva Hastings at the County Clerk's office here. Commissions now being issued do not expire until June 1, 1957.

Of the 90,932, only 7,591 were new or applicants seeking commissions for the first time.

CARD OF THANKS

To those gins and the Chamber of Commerce of Castro county and to the merchants and businessmen of Dimmitt who made possible the premiums for the first bale of cotton, I wish to take this means of saying, "Thanks."
Ray Joe Riley

Eighty percent of the flood and storm waters in Texas rush unused into the Gulf of Mexico, the Texas Water Conservation Association estimates.

Retirement Based On All Wages—SS

Retirement benefits under the Social Security Act, and survivors payments where the worker is deceased, are based on the total earnings posted to the worker's account. This account is set up under the number on the individual worker's social security card.

No earnings, whether from wages or from self-employment, can be posted to a worker's account unless his correct social security number is given. Wages or self-employment income reported without a number, or under an incorrect number, can never be posted unless the correct number is obtained.

John R. Sanderson, manager of the Amarillo Social Security Office, urges that employers examine each new employee's social security card when he goes to work, copying the employee's name and number exactly as they are shown on his card. Getting this information correctly before the tax return is made will save the employer's time in answering correspondence and personal contacts to try to get the informa-

15,000 Enrollment Seen By Tech

LUBBOCK, Oct. 6.—Rapidly-growing Texas Tech must prepare for a student body of more than 15,000 by 1970, President E. N. Jones reports.

A \$20 to \$25 million building program will be necessary to provide space and facilities for them, Dr. Jones said.

The estimates are based on studies of high education's growth by national authorities. Tech's growth has been 5 to 7 percent ahead of the national rate. Tech enrollment for the 1955-56 academic year reached a new all-time high of 7,149, more than 14 percent above last fall.

Tech must have 80 percent more space if it is to take care of its students in 1970, Dr. Jones declared. Many of the present buildings can be enlarged but several new structures will be required, he said.

The 2,008-acre campus currently has 49 permanent buildings. The 50th, a student infirmary, is under construction, and the 51st, a gymnasium, is on architects' drawing boards.

Dr. Jones said one of Tech's big problems will be to avoid becoming an educational dinosaur, with a body of students—too large and cumbersome for its head—the faculty.

Average rainfall in Texas produces 362,000,000 acre-feet of water, says the Texas Water Conservation Association. Of this quantity only 1 1/2 per cent soaks into the ground to replenish the spring flow in streams.

Texas ranks third among the 48 states in use of water by industry.

It got its lightning from the Thunderbird!

The '56 Ford borrowed the Thunderbird's beauty and its Y-8 "GO" to boot!

The beautiful new styling of the '56 Ford makes it a dead ringer for the fabulous Thunderbird. And in power, too, Ford is mighty like the Thunderbird.

Ford's new Thunderbird Y-8 engine, successor to the V-8, is 202-h.p.* strong. Basically, it is the same as the engine that won nationwide fame in the Ford Thunderbird.

Another exciting advance in Ford for '56 is Lifeguard Design... including a new deep-center steering wheel, new double-grip door latches, new optional seat belts and safety padding for instrument panel and sun visors.

Let yourself go—for a thrilling test drive in the Thunderbird-inspired '56 Ford.

Nazareth Knights Slate Anniversary Events October 9

The Nazareth Knights of Columbus Council No. 2654, a subordinate council of the Texas State Council, will celebrate the anniversary of their patron with a communion breakfast Sunday, October 9, and a social that evening for all members and their wives.

The Sunday observances will be followed by a dance on the night of October 12. The Knights are also sponsoring this dance, which is open to the public.

October 12 America honors its noble discoverer, Christopher Columbus. To some 900,000 Catholic men, however, this day has an even greater significance, for it is the anniversary of the patron of the Knights of Columbus.

This mighty organization had its humble beginning in New Haven, Conn. in 1882 when a parish priest, Father Michael J. McGivney, and a handful of young men founded a fraternal society of Catholic men whose objectives were to provide a system of fraternal insurance to care for the widows and orphans of members, to provide fellowship among the members, to aid the cause of religion, and to perform charitable, educational, and patriotic works for the benefit of their fellowman and for their nation. The founders of this Order chose as their patron Christopher Columbus, the Catholic discoverer of America, a man in whom were characterized their ideals of service to church, country, and fellow man. This handful of members increased slowly at first, but within fifteen years the Order had been thoroughly established throughout New England. Eight years later it had spread from Canada to California, from Florida to Washington.

To day the order is an organized, functioning society in every state of the United States, in the ten provinces of Canada, in Alaska, the Canal Zone, Puerto Rica, Mexico, Cuba, and the Philippine Islands, and its principles of Charity, Unity, Brotherly Love, and Patriotism have been adopted by some 900,000 men—representing every walk of life—all affiliated with the Supreme Council in New Haven, Conn. through 61 State Councils and over 3,300 subordinate councils. The order now has over half a billion dollars (\$500,000,000) of life insurance in force, and so far has paid out over \$100,000,000 in benefits to widows and dependents of its insured members.

The Knights of Columbus is rec-

THIS PICTURE of a Castro county farm is listed in the News files as mystery farm 37. Each week the News publishes an aerial photo of a county farm. The picture is taken from an unusual angle so as to confuse the reader attempting to make proper identification. If you

can identify this farm call or come by the News office before Monday noon. A mounted enlargement of the original will be given the owner upon correct identification. Blanton Butane, Inc., is sponsor of this series.

Dimmitt Student Joins Texas Tech Fraternity

LUBBOCK, Oct. 6—Nine members were initiated into Upsilon Nu chapter of Sigma Chi, national men's fraternity, at Texas Tech this week.

Initiated in ceremonies held in the Flame Room of the Pioneer Natural Gas Company were: Bobby Anderson, Dimmitt; James Black, Levelland; Forrest Criswell, Ackerly; James Ortiz, Oak

Park, Ill.; Warren Shropshire, McAllen; Leon Taylor, Lubbock, and Don Woolf, Fort Worth.

Mr. and Mrs. Oler Rice have gone to Hot Springs, N. M. for a few days vacation.

WALTER ROGERS

Washington Newsletter

TO THE PEOPLE OF
THE 18TH DISTRICT:

Farm Program

As most people familiar with farm problems realize, the dilemma presently faced by the farmer is not a new experience. The tragedy lies in the fact that the basic problem has caused trouble in this country since the 17th century. The great difficulty has always found its source in the fact that the farmer's products have been forced to compete on the world market while the products which he needs to operate his farm were purchased by him from a protected, domestic market. In other words, he has been placed in a position of having to "sell low and buy high." This is the exact reverse of the age old success theory to "buy low and sell high."

There has always been a great deal of talk about getting this situation straightened out. But, like Mark Twain's remark about the weather, everyone talked about it but no one did anything. That is, until the present farm programs were brought into play during the depression years of the 1930's. It was through these programs that the income of the American farmer was brought up to where it approached a fair share of the national income. However, the continual sniping at these programs has finally resulted in a situation where the farmer again finds himself sliding backwards, in so far as his income is concerned. History has shown us that every time the farm income was allowed to drop and continued on a downward trend, it resulted in an over-all economic depression. The present decline in the present farm income must be stopped. If we have another depression in this country, it will be a man-made depression, because we have the know-how to avoid it. To allow it to happen would be inexcusable.

To those who continually preach against the farm program, and who seem to get great pleasure out of calling them farm subsidies, let me say this. The farmers build countries. They do not bankrupt them. Any statement to the effect that the farm programs of this nation are bankrupting the nation, just do not coincide with the facts. The truth is that the losses in some portions of the farm program, which were being tested on a trial and error method, do not amount to a thimbleful when compared with the vast subsidies that have gone to industry in this country for years before the farmer was thought of, nor to the vast sums of money that have been sent overseas as gifts and grants to many who had sought to destroy our government and our nation.

The advance of civilization has always required changes in laws and in programs under which people have lived. New problems are created by new discoveries and new advances in many fields. But it must be remembered that none of these problems, especially the farm problems, can be settled by destroying the American farmer, or whatever segment of our population might be affected by a particular problem.

Of course, there are many solutions offered to these problems, and they should all be carefully weighed because some suggestion in each of them might be an essential ingredient in the final successful recipe.

As of September 27, the public debt of this nation was \$277,425,541,342.05. I am of the opinion that this debt is too high. I felt that it was too high when it was approximately 275 billions of dollars. I have consistently voted against increasing the authorization to go further into debt, because I have felt that there was not enough difference between the national income and the national debt. Under the free enterprise

3% PAID on Savings

We welcome your account

—Large or Small

Each account insured up to \$10,000.00

Amarillo Savings & Loan Association

system of government, there will always be a public debt because we operate on a debtor creditor relationship in all of our activities and especially in the fields of government operation. And, as long as we have an expanding economy, we can expect a public debt to be related to the national income. However, I have always felt that the national debt should be far enough below the national

income to avoid any chaotic conditions should the national income unexpectedly drop.

It was recently pointed out by one of the high officials of this country that Russia did not have any public debt. One of the metropolitan newspapers immediately replied in an editorial that the reason Russia did not have a debt was because everything in that country was owned by the state.

Should there be a public debt it could be wiped out by an order of the ruling committee. It also pointed out that this same committee by the same type of order could also confiscate all savings

accounts of individuals should any exist. In other words, in Russia, everyone owes the government and the government owes no one. As big as our national debt is, I prefer our system.

Great Features back up Chevrolet Performance: Body by Fisher—Ball-Race Steering—Outrigger Rear Springs—Anti-Dive Braking—12-Volt Electrical System—Nine Engine-Drive Choices.

Every checkered flag signals a
Chevrolet victory in official 1955 stock car competition—not only against its own field but against many American and foreign high-priced cars, too!

Let's translate these Chevrolet victories out than just to talk about them. So come in and let's take a ride.

You've got to have faster acceleration to win on the tracks. And that means safer passing on the highways. You've got to have better springing and suspension. Again, safer and happier motoring for you. You've got to have big brakes that act fast and smooth... and easy, accurate steering. More things that make your driving safer.

But it's more fun to try these things out than just to talk about them. So come in and let's take a ride.

BETTY BOOTHE GUESSES MYSTERY FARM 29

Correctly guessing mystery farm number 29 which appeared in the August 11 issue of the News was Mrs. Betty Boothe. Mrs. Boothe recognized the farm as that of Mr. and Mrs. Dewey Wright, located one and one-half miles northeast of Dimmitt. She will receive a year's subscription to the News.

The Wrights have lived on their 320-acre farm about 18 years. They purchased the farm, part of the Recker Estate, from the estate owners and Jack Gregory in 1942. A new, modern six-room home was constructed on the farm by the Wrights in 1949 after the old Recker home was destroyed by fire.

The farm was first settled and put under plow in about 1908 when the Reckers bought the farm from Mr. McLain, founder of the First State Bank here. The place was farmed as a dry land farm until this year. A new

irrigation well was drilled in July of this year.

Wright carries out a diversified farming program, growing wheat and maize and cotton next year. Of the 304 acres in cultivation, 180 is in maize and 113 is wheat. Wright plans to apply for a cotton allotment next year. Wright includes summer fallowing in his farming and conservation practices.

Mr. Wright married the former Miss Ola Mae Brashear in 1927. They have three children: D. L. Wright, 24, at home; Donald, Jr., who married the former Katy Coke and is now stationed in England with the Army; and Dorothy Mae Wright, a senior in the high school here.

The Wrights belong to the Farm Bureau, Methodist Church and are trustees of the local Methodist Church.

IT'S THE LAW in Texas

What Is A Tort?

A "tort" is a legal wrong or injury committed upon the person or property of another. Examples are assault, battery, false imprisonment, libel, slander, malicious prosecution, alienation of affections, and negligence causing personal injuries or property damage.

The remedy provided by law to persons against whom a tort is committed is an action for mney damages. Liability arises from a breach of duty primarily fixed by the law. In some cases, the person wronged may have the additional remedy of injunction or of specific restitution of property. The injured party must act in a timely manner, since the statutes impose limitations on the time within which he may begin suit.

A breach of contract is not a tort. Neither is a tort necessarily a crime, although in some instances the same act may be both a tort and a crime. For example, if one man slashes another with a knife, he may be prosecuted criminally. He may also be sued in a civil action for the injuries caused by the assault and battery.

The law of torts is not static. It grows with the growth of society. In some instances it takes an act of the Legislature to keep pace with the changing attitudes of society. In other situations, new torts are developed by the courts.

For example, the invasion of a person's right of privacy has come in many states to be recognized as a remedial wrong—that is, a wrong for which the law provides a remedy by way of money damages. Texas has not yet adopted this view.

Torts are sometimes classed as follows:

1. INTENTIONAL WRONGS, such as trespass to land, assault and battery, false imprisonment,

Longhorn Tips

Edited by Senior Class of Hart High School

Senior News

The Seniors have two engaged girls in their class now. They are Jewel Varner and Virginia Davis. Here's hoping that they don't get married before school is out.

Question Of The Week

What does the Weather Bureau mean to you?

Rowean S.—Sort of like a hole in a doughnut!

Rue S.—It helps some time, although it's very seldom right!

Peggy B.—A lot more when it comes to combining maize!

Sandy J.—Nothing in particular—and then a lot!

Donna S.—It always gives me the jitters!

Mary B.—I just hope they don't name a hurricane "Mary."

Robbie Jo R.—In case of tornadoes—man oh man!

Edna Jean D.—It has things in it that makes me want to run.

Glenda H.—It's o.k. I guess, but it's never right!

Mary T.—We always talk about the weather but never do anything about it.

Nelda M.—It's o.k. when a big storm is coming.

Ruby F.—It helps us to know when a storm is coming—I hope!

Brenda S.—Hot, man, hot!

Barbara J.—Cooing in the rain!

Phyllis B.—What do you think, Kay Nell?

Kay Nell—Wouldn't you like know!

Nick Z.—It means that you can't go out.

Glen W.—When it rains on Saturday night I get stuck in Dimmitt!

and conversion of personal property. In all of these cases the act must be intentionally done.

2. NEGLIGENCE, such as careless operation of a motor vehicle causing injury to another.

3. STRICT LIABILITY, such as the keeping of dangerous animals, or the doing of a potentially dangerous thing, which is not a matter of common sense, such as blasting.

The law of torts, built up over a period of many years by the process of court decisions and legislative enactment, form a silent but strong protection necessary in an orderly society.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.)

Ambition—To be a M. D.

F. H. A. News

The F. H. A. Club has set the date for their Freshman Initiation. It is to be Thursday, Oct. 13th. The F. H. A. is also having Hoho Day Saturday the 8th. We are looking forward to a very successful day.

The Navy's newest aircraft carrier, USS Forrestal, is named after the nation's first Secretary of Defense and former Secretary of the Navy, James Vincent Forrestal.

In general, water resources fall into two classifications, underground water which usually is produced from wells and surface water, found in lakes and streams.

Municipal and industrial demands for water will increase 145 percent by 1975, the Hoover Commission estimates. This increase alone would consume the entire flow of 11 rivers equal to the Colorado.

Douglas Dennis Wins Top Honors At Baylor

Douglas Dennis, son of Mr. and Mrs. Morgan Dennis of Dimmitt,

is listed among 38 of Baylor University's summer session students who earned a straight A record on their courses to win places of honor on the Dean's list.

The group represents less than two percent of the summer session student body—a percentage indicative of the superiority of their achievement. Dennis is a pre-med student in his senior year.

JACKIE GLEASON HONORED: For his "generous services in behalf of polio victims," Jackie Gleason, above right, was presented with an acknowledgment award of the national Sister Elizabeth Kenny Foundation, Minneapolis, Minnesota, by Marvin L. Kline, executive director. In a TV appeal for public contributions to the 1955 annual Kenny fund, Gleason points to the Kenny Treatment for polio victims as their best chance for return to normal living. Kline, in thanking Gleason for his help, declared that Kenny facilities across the country continue to provide treatment to victims of polio and to rehabilitate persons crippled by the disease in the past.

Kenny Therapist Role Important In Treatment of Polio Patients

Minneapolis, Minn.—The training of highly-specialized Kenny Therapists to carry out the physical treatment of all phases of polio continues as one of the major activities of the Sister Elizabeth Kenny Foundation. Kenny Therapists are registered nurses or physical therapists, male or female, who have received additional post-graduate training under scholarships provided by the Kenny Foundation. The course is of 18 months' duration, with nurses required to take an additional 12 months of physical therapy training at the Mayo Clinic, Rochester, Minnesota. The acutely-ill polio patient, shortly after admission to a Kenny center, is placed under care of a Kenny Therapist who works with him daily, under medical supervision, up to the time of discharge, administering the technique as taught by the late Sister Kenny. Treatment administered by the Kenny Therapist is aimed at re-educating muscles and teaching patients to use in the most-effective manner possible their re-

maining muscle strength. The Kenny Therapist instructs the nurse in correct body position for the patient and range of motion for the affected areas. For some types of cases, exercises for strengthening the uninvolved parts are started at this time also. Kenny polio patients receive constant attention from a group of pediatricians who are responsible for the over-all direction of the treatment program. Quite commonly, special medical problems arise, requiring the transplanting of a muscle by the orthopedist, the provision of a special airway by an Ear, Nose and Throat specialist or, as has happened, the delivery of a baby by an obstetrician while the mother is confined to an iron lung. Perhaps a patient may need the aid of a psychiatrist or a urologist. The Kenny Therapist is aware that she must have her patient's confidence to achieve maximum results from the knowledge and skill which she possesses. Patients are treated as individuals and given constant encouragement but are not permitted to build up hopes beyond a practical and reasonable goal. There is no charge for the Kenny treatment. Admission to Kenny hospitals or treatment centers is through referral by a doctor.

BETHEL NEWS

Bethel W.S.C.S. met Tuesday afternoon in the home of Mrs. Wes Anthony. Those enjoying the afternoon and our study of the Indians of the U. S. were Mesdames Vern Lust, Ira Brown, Harry Rothwell, J. C. Williams, Earl Lust and the hostess, Mrs. Anthony. The circle will meet Tuesday afternoon Oct. 18th at 2:30 with Mrs. Andy Behrends. Our meeting days have been changed to the first and the third Tuesday afternoon of each month. Mr. and Mrs. Bobby Warren and Gary Keith and Mr. and Mrs. R. M. Warren were in Levelland Tuesday afternoon and visited their sister and daughter, Mrs. Leldon Rawls and children. Mr. and Mrs. Doyle Underwood were in Lubbock Friday.

A relative reunion was held at the J. C. Williams home over the weekend. Those enjoying the occasion were Mrs. Williams' sisters, a brother, nieces and nephews. Sisters were Mrs. E. C. Fullingim of Tucumcari, N. M., Mrs. J. W. Wiggins, Fort Worth, Miss Winnie McLain, Dallas. Her brother, J. T. McLain, and Mrs. McLain, Floydada. Nieces and nephews were Mrs. W. L. Hogue, Albuquerque, N. M., Mr. and Mrs. E. C. Fullingim, Stanley, N. M., Mr. and Mrs. Tom Fullingim, Tucumcari, Mr. and Mrs. Jesse Fullingim, Amarillo, Mrs. Susie Riggs and Miss Helen Killingsworth, Plainview, Mr. and Mrs. Hollis McLain and girls, Floydada, Mr. and Mrs. John Brown and girls, Lubbock. Friends were Mr. and Mrs. J. A. Killer of Las Vegas, N. M. and Mr. and Mrs. Ben Fowler and Lou Ann.

Lowell Neumayer spent the week end with his sister Mrs. Milton Bagwell and family. Mr. and Mrs. W. N. Anderson of Nonconca spent Sunday with his sister Mr. and Mrs. Ira Brown. Mr. and Mrs. James Bradford and boys spent Sunday with her

parents Mr. and Mrs. Earl Lust. Mrs. Fate Shannon entertained a group of children Monday afternoon in honor of her son Kew Bob's birthday. Mr. and Mrs. Doyle Underwood and girls were business visitors in Hereford Monday afternoon. Mr. and Mrs. Kay Roberts were business visitors in Amarillo Tuesday. Mrs. Roberts had a medical check-up for her eye. Nancy Neumayer spent Tuesday night with Nelda Bagwell. Mr. and Mrs. Conrad Dillehenty of Granite, Okla., spent Sunday with her sister, Mrs. George Bagwell and family. Wesley Smith of Colorado Springs and Zella Vee Smith of Texas Tech spent the week-end

with their parents, Mr. and Mrs. Leland Smith. Mr. and Mrs. George Bagwell spent Thursday and Friday at Granite, Okla., visiting her mother Mrs. McClung and other relatives. Mr. and Mrs. Doyle Underwood attended the funeral of his uncle at Tohoka Wednesday. Bobby Warren returned home Saturday night with his cattle after spending a week in Lubbock at the Fair. Mr. and Mrs. Earl Lust left Wednesday morning to spend a few weeks with their daughter Earline, Mr. and Mrs. Melvin Settle and daughter Mary of Nashville. Mrs. W. A. Jinks of Amarillo

is spending a few days with her sister and husband, Mr. and Mrs. Kay Roberts. Judy Patterson, Janie Bookout, Carol Ann Newell, Lawana Lookingbill and Jimmie Bradley of Hereford visited Linda Hance and other friends here Sunday afternoon. Fires are unknown in the forests of the Amazon region because the wood is hard, living, wet and green and therefore does not burn easily. In Paraguay there is a firefly called the railway beetle which flashes a red light at the ends of its body and a green light along the sides.

Mr. and Mrs. Jack Hodges and Seralyn have moved to Saint Jo. Sue of Lamesa and Mrs. W. L. McCormick of Dallas recently visited in the home of their sister, Mrs. Raymond Hance and family. Mr. and Mrs. C. E. Green and

Mrs. H. L. Axe Identifies Mystery Farm No. 35

Mystery Farm 35, which appeared in the September 22 issue of the News, has been correctly identified by Mrs. H. L. Axe of the Jumbo community. Mrs. Axe identified the farm as that of Leo Forrest. The farm, located nine miles northwest of Dimmitt, is operated by Mr. and Mrs. Joe M. Scott as they are renting it from Forrest.

The year the farm was settled is not known. However, Forrest purchased the 335-acre place from the Hunter Brothers last year. A new well was drilled on the farm in recent years and the Scotts have cleared many old buildings from the farm and started a landscaping program.

As Scott has been on the farm only a year, allotments have prevented him from under-

taking a diversified program. All of the farm is in grain sorghums. He has already employed such practices as deep breaking and chiseling and is a cooperator with the Running Water Soil Conservation District.

Scott uses both anhydrous ammonia and barnyard manure for best results. He has done a great deal of land leveling and filling in of ditches preparatory to a full time farming program. Most of the farm is virgin soil as the former owners were stock farmers. Scott hopes to convert the land into a highly productive area.

Scott was married to Miss Lois Nesbett in 1929. They have one son, Bennie George, who is 14 and in the eighth grade. The Scotts are members of the Church of Christ.
