City invites Hart, Nazareth, Contel president to meeting

Contel of Texas President William Hegmann and citizens from Hart and Nazareth have been invited to the next meeting of the Dimmitt City Board of Aldermen to further discuss Contel's service in Dimmitt and the county.

The meeting is slated for 6:30 p.m. Monday at City Hall.

Over a dozen Dimmitt residents voiced displeasure with Contel's service at the last meeting Sept. 23, "and we would like to ask those people to come back, and we would ask that anyone who is displeased with their phone service attend the meeting," said City Manager Paul Catoe. "We have invited the mayors of Hart and Nazareth to attend, and we invite anyone who would like to come to attend the meeting.'

At the last meeting, several townspeople voiced displeasure over a number of service areas. On hand were Contel officials from Dimmitt and Dumas, and a city official said Hegmann was invited "so he would know first hand just what our complaints are, and to get our problems solved."

At the last meeting, Mayor Wayne Collins threatened Contel officials with revocation of the city's franchise, and Contel officials promised to strive to solve as many of the problems as possible before next Mon-

The VFW post was chartered Oct. 3, 1960, with 54 charter members. Reese Kesler is believed to have been the first post commander. The Auxiliary was chartered Dec. 14, 1960, with 29 charter members. Flo Kesler is believed to have been the first Auxiliary president.

Current local VFW officers include Morris Gowdy, commander; Jerry Frazier, senior vice commander; Ralph Lambright, chaplain; and Harold Broadstreet, quartermaster.

This year's Auxiliary officers are Florene Leinen, president; Jeannie Frazier, senior vice president; and Mildred Huseman, secretary-treasurer. Leinen is also the president of District 13, which includes 15

VFW is made up of veterans who served overseas during wartime. The original post home was built in 1961, with members doing most of the construction work. It was expanded in 1968 and again in 1977, with members and contractors sharing the work.

The Austin Co., which was building the corn refining plant here, set the forms and poured the concrete for the 1977 addition in return for being furnished dinner at the post home by Auxiliary members every night after work for the remainder of the mill construction project.

The constitution and bylaws state the VFW's purpose "shall be fraternal, patriotic, historical and educational; to preserve and strengthen comradeship among its members; to assist worthy comrades; to perpetuate the memory and history of our dead, and to assist their widows and orphans; to maintain true allegiance to the Government of the United States, and fidelity to its Constitution and laws; to foster true patriotism; to maintain and extend the institutions of American freedom, and to preserve and defend the United States from all her enemies, whomsoever.'

The local home features activities for members six nights a week, holds memorial services on Memorial Day and Veteran's Day and assists with medical needs in the community and around the state.

Last year, the VFW Auxiliaries of Texas gave \$120,967 to cancer research, heart research and the burn center at Galveston.

"I think I've seen Dimmitt spelled 26 different ways, and all of them are WRONG! It's good to get to a place where they know how to spell it, and it's all over town."

Graham Dimmitt, a decendant of the Dimmitt family for whom the city was named, couldn't get over seeing his name - spelled correctly smattered all over the town.

"Look, I've got a car wash, water towers, all of these other Dimmitt businesses," Dimmitt joked. "Really, I do feel some pride to see all of this."

Dimmitt lives in a suburb of Brisbane, South Australia, where he's been cinematographer for 25 years. He was doing some work in Hollywood and visited Dimmitt last Saturday and Sunday before heading back to California, and said the misspelling of the name is a problem for him.

"The misspelling is very annoying for me," Dimmitt said. "I make a lot of plane reservations, and they never spell it William and another whose right. The computer just spits name we're not sure of. The one it out and we have to sit there who we don't have the real and figure out how they've name of, stole a bolt of cloth for

Dimmitt was doing a little genealogical digging during his brief visit, but explained there were several roadblocks. After visiting with members of the Castro County Historical Commission, Graham discovered there could be a "missing" generation between his greatgreat-grandfather who was shipped to Australia in the 1800's and the Rev. W. C. Dimmitt for whom Dimmitt was named.

'DID YOU REALLY COOK ON THIS?' . . . Graham Dimmitt looks over an old stove at the museum Saturday.

"A lot of the family records were destroyed when the Germans bombed Somerset House in London during World War II, and that has been a setback in our research. But my grandfather's brother was high commissioner of London and has

done a lot of research. "There were two brothers, spelled it. It's very frustrating. their father's tailoring got business and was sent to And it's spelled right assumed his brother's name, William, and lived with a Scandinavian lady, who had three or four children.

The "William" that was sent to Australia was ostracized from the family, and many of his records were destroyed by the family as well as the records that were lost in Somerset House, but Graham said he remembers seeing some of his family's history when he was "about 12 years old" and is still trying to find the real name of the Dimmitt that was

sent to Australia.

"The family became very respectable," Graham said. "Robert William Dimmitt pioneered the trade union in Victoria and James Dimmitt headed up a Socialist movement. He was a member of the Australian parliament and was high commissioner of Western Australia."

Graham was under the impression the Rev. W. C. Dimmitt was born in England, or elsewhere in Europe, but geneological records show he was born in Kentucky.

"Well, there very well could be a 'missing' generation, and I'm really going from what I remember as a child, but that's one reason why I came here, to try to find out some information about my ancestors."

Graham, brought a 16 millimeter camera and shot footage of Dimmitt, lunched with members of the Historical Commission, and took in most of last weekend's West Texas State-Texas A&I football game (the first American football game he'd seen).

C'mon, fellows. I'm getting tired of male pop singers sounding like wimps.

Listen to the songs on your radio. (You don't even have to understand the words - enunciation isn't given much quarter anymore, either.) You'd think the entire popmusic industry had been taken over by a conspiracy of wimps.

No matter what vocal range you may have, you don't have to sound like a wimp to be a singer. Just listen to the male singers with high ranges who DON'T sound like wimps -John Denver, Jimmy Rogers, Pavarotti . . .

Even Wayne Newton, before his voice changed - you knew you were listening to a male's voice, not a female's. It has to do with diaphragm control and delivery.

Is wimpishness what the teenagers want today in their pop music? Or is it simply all

that's available? Maybe they get enough macho from the A-Team and Miami Vice that they don't need manliness in

their music.

However . . . Considering the rock-music lyrics that a House subcommittee had to sit through last week, maybe wimpishness is the least of our worries in the songs our teens are hearing nowadays.

We've been getting complaints from some of our distant subscribers in Texas, New Mexico, Oklahoma, Kansas and other states that they aren't receiving their Castro County News for a week or 10 days, or at all.

We've checked the mailing labels on all of them, and we know that their papers are being properly addressed and are leaving our post office on the dispatch truck at 4:30 every Wednesday afternoon.

The papers, bundled according to regional and local ZIP Code numbers, all go through the distribution center in Amarillo, and from there to

> Guy and Oleta Walser have returned from a delightful Caravan Tour of Europe. They had an overnight flight to Rome, a welcoming wine party and a dinner party at the Tre Scalini. After dinner they enjoyed a scenic drive among the monuments of Rome, including the Colosseum, the Tivalee Gardens, and the famous Fountain of Trevi. They drove on the Via Appia to see the Catacombs and visited Vatican City, St. Peter's Basilica, the Sistine Chapel and St. Peter's Square.

Next to Venice where they took a trip by gondola for the colorful Venetian Night Serenata. On to Cortina and across the Austrian Frontier and over the famed Brenna Pass (where Hitler and Mussolini held their historic conference) into the Tyrelean resort of Innsbruck. There they saw the palace with the golden roof and in the twon square they watched Polka dancing and a Zither player.

Out of Austria and into Liechtenstein and on to Lucerne and Zurich, Switzerland. They enjoyed a special fondue dinner party and entertainment by Swiss yodelers and musicians. While in Switzerland they found 100 names of Walser in the telephone book - some were doctors, other were lawyers and authors. Guy's ancestors were from Switzerland. They loved the beautiful window boxes and hanging baskets filled with begonnias in Austria and Switzerland. And of course they were thrilled going through the Alps.

Next to Schaffhausen where they stopped to see the Rhine River tumbling down the 70-foot falls. Then they crossed the German border and stopped at Triberg, the Cuckoo clock capital of the world. They visited Baden-Baden, Heidelberg, and took a cruise down the most picturesque stretch of the Rhine River, passing vineyards, medieval castles and the legendary Loreli Rock, then on to Cologne where they visited the Gothic cathedral. They traveled through the Dutch countryside to Amsterdam where they took a cruise on Amsterdam's fascinating waterways.

Next to Brussels, Belgium and on through the rolling French countryside to Paris, France. They enjoyed sightseeing in Paris - the Tuileries Gardens, the Louvre, the Conciergerie (where Marie Antoniette was imprisoned), the Cathedral of Notre Dame, and of course the famous Eiffel Tower. They boarded the Hovercraft for the short trip across the English Channel to Dover and its famous white cliffs and then took a drive through the countryside to London. They enjoyed a theate party at the Palladium Theatre and the performance of "Singing in the Rain." They went on a sightseeing tour of London driving along the Thames River and by the Houses of Parliament, Trafalgar Square, Hyde Park Corner and on to Buckingham Palace in time to see the changing of the guards.

A Child and His Pet

This boy loves his pet turtle. He feeds it, takes care of it, and loves it. He wants to be with it all the time. We're glad to see him growing up caring for and loving all kinds of pets. But does he love God and care for Him? The Bible tells us in Proverbs 22:6 to "Train up a child in the way he should go and when he is old he will not depart from it." Love for God should be instilled in every young heart and it should be done while the child is young.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and pa truth which alone wili set him free to live as a child of God.

14—CARDS OF THANKS

CARD OF THANKS In all times and through all things, friendship is a steadfast reminder

that love endures. How very grateful we are for each expression of love shown to us as we have walked "through the valley of the shadow." We want to say "Thank you" to Dr. Lee and his staff, Dr. Murphy and the staff at Plains Memorial Hospital for tenderly ministering to our loved one and to us, to Mike Foskey and the staff for bestowing on us the compassion that enabled us to walk with dignity, to Bro. Ken, Bro. John and Richard Young who patiently guided our minds and hearts through the maze of sorrow, to the ladies of the church who prepared and served us dinner, to Shirley Peggram, the Community Choir, the ladies who cared for our little ones in the nursery, the ushers and any others who helped in any way to make the memorial service so sweet. A special thanks to the Police Department for the escort and honor guard. Thank you for all the flowers, memorials, cards, prayers, visits, phone calls and every kindness. Your concern reaffirms our belief that rich is the man who has a friend to walk beside him. Thank you for being

VA changes income reporting

Approximately 1.5 million Veterans Administration pensioners and recipients of parent's Dependency and Indemnity Compensation will receive notices with their September checks informing them of changes in VA's income reporting procedures.

VA Administrator Harry N. Walters said the notice explains the new Eligibility Verification Report which replaces the old Annual Income Questionnaire.

Walters pointed out the new system does not relieve pension recipients of their responsibility for reporting income changes when they occur.

In implementing recommendations made by a task force last year, VA will now cycle income reports throughout the year and will decentralize processing to regional offices throughout the country. The agency will also replace punch cards with full page forms since more than income information is requested.

The first eligibility verification reports will be mailed on Oct. 1, 1985, to those receiving protected pension and Dependency and Indemnity Compensation benefits and to Improved Pension recipients who have a foreign mailing ad-

Beginning Dec. 1, 1985, and running through Sept. 1, 1986, the income report forms will be mailed to the remaining pensioners nationwide at a rate of approximately 70,000 each month.

Waco VA Regional Office Director Stephen Lemons indicated that approximately 109,000 will be released in Texas during the twelve-month period beginning Oct. 1985.

Completion of the questionnaire is required by law and failure to return it by the date shown on the form may result in interruption of benefits.

Help in completing the new forms is available from the VA Regional Office in Waco or from any of the major veterans' service organizations. Assistance is also available by calling the VA toll-free number listed in local telephone directories or by calling 1-800-792-3271.

Coed survives triple rollover

Highway patrolmen said the use of a safety belt was the reason Debra Sava, 19, of Dimmitt, survived a triple rollover in her station wagon east of Hereford early Saturday.

The accident occurred at 1 a.m. Saturday on US Highway 60, seven miles east of Hereford.

Sava, a sophomore at West Texas State University, had attended Dimmitt High School's Homecoming game Friday night and was en route back to Canyon to take part in the next day's Parents' Day activities at WTSU.

She was driving alone, and apparently dozed off, officers said. Her 1977 Chevrolet wagon veered into the median ditch of the four-lane divided highway and overturned three

The station wagon was demolished, but Sava reportedly got out of the wrecked vehicle on her own after unbuckling her safety belt.

After receiving aid from passersby, she was taken to Deaf Smith General Hospital in Hereford, where X-rays and tests showed she had received no serious injuries or broken bones. She was released to return home with her parents, Mr. and Mrs. Bill Sava.

DFD ready for rescue

After over 6,000 man-hours of work, the Dimmitt Fire Dept. is better equipped than ever before with a new tanker and a rescue truck.

Most of the work on the two trucks was done by the volunteer firemen, who spent only about \$5,000. Fire Marshal Steve Jameson estimates the two projects would have cost \$25,000 to \$30,000, "and those would have been with the trucks 'naked' with no equipment in them.'

While the department has had a tanker in the past, the new, 5,000 gallon tanker doubled the capacity of the previous tanker. The new tanker was obtained in an even swap with the Spearman Fire Dept., which didn't need a tanker that large, while the old 2,500 gallon tanker sometimes ran a little short for the Dimmitt department's needs.

The new rescue truck, actually a converted 1978 Chevrolet one-ton truck given to the department by Contel, allows the department to combine its rescue equipment in one truck instead of having to scatter the equipment through several vehicles, and allowed the department to obtain additional rescue material.

"The conversion took at least 1,000 man-hours over about nine months," said Fire Chief Randy Griffitt. "We worked on it nights, weekends — any time we had a chance."

"The only thing we actually bought was the 'topper,' " said fireman Acie Boyd. "That was one of the hold-ups, trying to find the topper we wanted, and we never did find exactly what we wanted, but the one we have is good. Everything else was custom built. We did it ourselves because we knew how we wanted it, and that's how we built it."

The truck, in six outside compartments and storage space on the inside, carries the "jaws of life" rescue tool, a 110-ton air bag system, cribbing blocks, first aid equipment and oxygen, a KED board, a completely independent 110 volt generator and a selfcontained air cascade system for replenishing the department's air packs.

The truck also carries over 550 feet of rope with a minimum tensile strength of 5,000 pounds, a complete pulley system, a Stokes basket system, and a hot stick for emergency electrical cutoff.

The truck is also equipped with four, 500-watt quartz

emergency floodlights that can run off the truck's power system or be powered by the independent generator, and a large portable light.

"We feel that with the trucks and the training we have, we can do virtually any kind of rescue - auto, residential, industrial or farm accidents," Griffitt said.

Over 5,000 man hours of work went into the tanker truck, including extending the frame of the trailer some six feet for the addition of storage compartments, a new manifold system, a generator, quartz lights and a fixed monitor for the tanker's deluge gun, which is rated at 650 gallons per minute.

"Because of the lack of abundant water supplies in the county, we have equipped the truck so it can be replenished from any hydrant or irrigation well, or even a lake," Griffitt said.

The tanker sees especially heavy use during the late fall and winter months, when the department is called on to extinguish cotton bur piles that have accidentally been set ablaze, and has also been used for field and range fires as well as at some of the county's feedlots.

STEPHANIE RYAN (left) and Mark Smothermon were crowned Dimmitt High School Queen and King at last Wednesday's ceremonies at Bobcat Stadium. Friday, Lori Potts (right) was crowned 1985 DHS Homecoming Queen at the pep rally.

May to compete in AQHA show

Karla May of Dimmitt, Quarter Horse owner/trainer, will compete in the American Quarter Horse Associations World Championship Show, the premier Quarter Horse event Nov. 16-23.

The event will be held in Oklahoma City.

May will be among 2,025 participants from the US and Canada taking part in the invitational show where a record \$445,000 will be awarded during the week of competition.

She will compete with her registered American Quarter Horse, Quincy Degree, a twoyear-old Sorrel Gelding in the amateur two-year Gelding Halter class.

Participants in the show must have qualified by earning a predetermined number of points in AQHA-approved show held between August and July of the preceding year.

Also will rebuild and refinish furniture.

Tribe spoils Bobcat Homecoming, 39-18

"Excuses are like armpits. Everyone has a couple of them, and they all stink.'

That's what Dimmitt coach Clifford Smith told the Dimmitt Booster Club a few weeks ago, and he offered no excuses Friday night after the Bobcats dropped their first game of the season, 39-13 to the Morton Indians at Homecoming at Bobcat Stadium.

The Bobcats did a better job swatting swarms of pesky mosquitoes than stopping Morton in the first half, allowing the Tribe 171 yards and two touchdowns while gaining just 58.

In the second half, just as they have all year long, the Bobcats dominated, getting 14 of their 15 first downs, and 203 yards of offense. But the Indians scored an armpit full of touchdowns in the second half to run their record to 4-0.

Leading 12-0 at halftime after a 10-yard run by tailback Anthony Hawkins late in the first quarter and a one yard dive by fullback Joe Honesto in the last minute of the second quarter, the Indians moved 53 yards in the first 1:19 of the third quarter, scoring what would be the eventual winning touchdown.

The drive was keyed by two passes from quarterback Jimmy Moore to split end Jerry Joyce for 22 and 15 yards, with Honesto diving in from the one for the touchdown. After the M-K. Hawkins 40 fumble return Indians had missed their extra

points on both first half touchdowns, they completed a two-point conversion, Moore throwing to Keith Hawkins for two points and a 20-0 lead.

Dimmitt responded with one of its best looking plays of the year. One second down at the Morton 48, quarterback Woody Glass swept around left end for seven yards, then pitched out to tailback Cruz Arce, who scampered to the 18.

COLLISION COURSE-Dimmitt's Todd Durham (44) prepares to lay the wood to Morton speedster Keith Hawkins and knock him out of bounds just a foot shy of the goal line with 44 seconds left in the first half of Friday

night's Bobcat-Indian game here. Morton scored on the next play to gain a 12-0 halftime lead in the DHS Homecoming game. The visiting Indians went on to hand Dimmitt its

first loss of the season, 39-18. next play, then fired a 10-yard completion to wingback Jerry

On third down, Warren McDonald, subbing for Arce at tailback, fumbled at the eight, ending the drive.

Gonzales on second down.

Late in the quarter, the teams traded fumbles, with Arce recovering a Moore fumble at the Morton 36 after pressuring the quarterback as he dropped back to pass.

On first down, fullback Mark Smothermon broke four tackles and put the Bobcats on

the board, 20-6, with 1:09 left in the third quarter. Glass overthrew Ben Benton in the end zone on the two-point conversion try.

The Indians were bottled up deep in their own end when punter Gary McLendon unleashed a 57-yard punt, moving the Bobcats back to their

own 19. Glass, trying to move the Bobcats down the field, had his pass picked off on first down. A 15-yard penalty on the Dimmitt bench moved the Indians

to the Bobcat 15, and Moore hit McLendon with a scoring strike on first down to move the Indians ahead 33-6 after Kenneth Johnson hit the PAT

Three Morton penalties, including two 15-yard personal foul calls, aided Dimmitt on a 65-yard drive.

The Bobcats started off on the wrong foot, with an illegal procedure call moving them back to the 30, and were facing third-and-13 when Glass was intercepted, but the personal foul gave Dimmitt a first down at the 47.

Glass then lost four yards. but Morton was called for offside on second down. Arce raced 18 yards and another personal foul on the Indians moved the ball to the Morton 19. Smothermon bulled for 19 yards, then Morton was flagged for a facemask penalty, moving the ball inside the two, but it took three more tries before Arce bolted over on fourth down from the one.

Milton Carrasco recovered a bouncing onside kick by Mark West at the Morton 48, setting up the Bobcats last scoring drive of the night with 5:16 to

Arce picked up 24 yards on two plays, then Smothermon gained 11 more. Glass, on first down, was tackled for no gain, then raced for eight yards. Arce, on first and goal at the two, scored the final touchdown for the Bobcats.

Morton came out looking for another touchdown, picking on Benton at cornerback. Benton knocked one long pass away, then intercepted at the Dim-

mitt 38 with 1:09 to play. Morton scored one of the most weird touchdowns ever seen on the next play, as Glass threw to Arce along the right sideline. Arce seemed to be breaking a tackle at the 40 when Keith Hawkins stripped the ball and raced for a touchdown. Eddie Jordan blocked the PAT kick attempt.

'Cats open district Friday

Dimmitt opens its 1985 district season, while the Hart Longhorns and Nazareth Swifts play in their final predistrict games Friday night.

All three county teams are at home, and are all at 3-1 on the season.

Tulia at Dimmitt

It's going to be a Powell-ful Tulia offense that comes to Bobcat Stadium at 7:30 Friday to face the Dimmitt Bobcats.

That Powell-ful as in Steven Powell, who raced for over 200 yards in each of the first two Hornet games. Tulia started the season 2-0 with big wins over Lockney and Frenship, but lost to Post, 28-0, two weeks ago, then fell to Idalou, 17-6, last week to even their season slate at 2-2.

"Powell is probably faster than anyone Morton had last week," said Dimmitt coach Clifford Smith. "He may not have the moves, but he's faster. Their offense is going to be POWell, POWell, and throw the ball, and they have been

throwing it well.' Junior quarterback Todd Lacey started most of the way for the hornets in last season's 4-4-1 campaign, and has a bevy of good receivers to throw to this year.

from the Wing-T, but they operate from the shotgun, too," Smith said. "If they get behind they throw a lot, and Lacey throws the ball very well, a lot like River Road's Jeremy Johnson did against us

last year. He has some good receivers, too, including backs Merwyn Parker, Chris Padilla, splitend Lance Grantham and tight end Todd Barbour.

"Parker is also a dangerous punt returner, and we'll have to work on our special teams play this week. We thought we had our special teams play in good shape, but we'll have to do some more work.

"We're working on our offense, trying to get them to be more intense and aggressive. They'll need to be this week, because Tulia has a good defense. Brian Hill at end, and linebackers Richard Bice and Danny Pope are tough people.

"We've also got to cut down on turnovers. We hadn't turned the ball over that much this year and then had seven of them last week.

Whiteface at Nazareth

Last year, the Swifts and the Antelopes squared off twice two barnburners, with the Swifts taking the regular season matchup, 14-12, then advancing on penetrations, 5-3, after a 20-20 tie in the District 2-A playoffs.

Whiteface is 0-4 this year, "but they'll play us tough," said NHS coach Rex Minshew. "I'm sure they remember last "Most of the time they'll run year, and probably feel they should have beat us in the playoff. They'll be ready for

> While the Antelopes haven't had a lot of success this year, they do return six offensive and seven defensive starters

from last year's 8-2-1 club. The returnees are led by quarterback-safety Mike Marek, running backs Jeff Waltrip and Johnny Franco, and a line headed by senior

guard Keith Ouesterhaus. "They're not very big, but they've got a lot of quickness, and that could give them an advantage. They run a lot of option plays out of the broken wishbone.

"We could have a lot of problems with their defense. They run their defense kind of like a "flex," and that could give our offensive line some problems. But they don't have a lot of kids, just 17 or 18, and we're going to be a lot bigger than them, so that could give them some problems."

Happy at Hart "Boy are these folks BIG," said HHS coach Mark Stroebel of the Happy Cowboys.

Some teams have a "human refrigerator." The Cowboys have two - tackles Derick Collins (310) and Chris Cogburn

"Cogburn's a good football player, and he'll go both ways. Kelly McDonald plays guard on offense and the other tackle on defense. He's 'just' 210, and a good football player. They have five people 200 or over, and they'll wear us down, I'm

"They may just be 1-2, but they played Valley a super ballgame, and we all know Valley is good. They run a variety of sets on offense, including a one-back formation, the power I and some other things. Gaylen Johnson is a good running back, and he'll give us fits.

"They play a '27' defense, with those two big linemen right in the middle, and I'm sure it will give us some fits.

"We should be in good shape with our injuries this week. Johnny Washington banged up his knee a little last week, but he'll be alright, and everyone else ought to be close to 100 percent.'

Naz upsets Patriots

By BARBIE STEFFENS

Powerback Billy Steffens hauled in a Chris Schmucker pass with 5:29 left in the game Friday to power the Nazareth Swifts to a 7-0 win over the Patriots at Valley.

The Swifts were honored this week as the "Team of the Week" by the Amarillo Globe-News and 14KPUR in Amarillo.

The Patriots were ranked tenth in the state and were sixpoint favorites going into the game, according to the Harris Rating Service, but were stopped by their own mistakes, including five turnovers, while Steffens averaged 49 yards on five punts to keep the Patriots bottled up in their own end.

"I was very impressed with our defense," said NHS coach Rex Minshew. "The kids really did a good job. Billy did a good job with the punting, and Chris

had two key pass interceptions that stopped them.

"We should have scored more, though, We had three penetrations inside the 20 and couldn't punch it in.'

Valley had been averaging well over 200 yards a game on offense, but had just 198 against the Swifts. The Swifts were a bit more sluggish, with a tough Patriot defense limiting the Swifts to just 44 net yards rushing, while Schmucker and Todd Hill connected for 88 yards through

"We just turned the ball over one time, and we just had one penalty," Minshew said. "We're pleased with that, and we're super happy about the win. Valley is a tough outfit, and we're glad to come away from there with a win."

BREAKING A TACKLE—Dimmitt wide receiver Jerry Gonzales (11) wrenches away from a Morton defender to gain extra vardage after taking an out-pass from quarterback Woody Glass in the first quarter of the DHS Homecoming game here Friday night. Gonzales eluded two tacklers and picked his way to a seven-yard gain before finally being brought to the turf. Morton won the battle between the two undefeated teams, 39-18.

'Horns grab win over Kangaroos

The Hart Longhorns amassed 402 offensive yards en route to dumping the Kress Kangaroos 22-12 in a Homecoming

victory last Friday at Hart. Johnny Washington picked up 178 yards on 31 carries before injuring a knee late in the game, while Chris Rodriguez picked up 111 yards on 21 carries.

Washington was named the 2A Player of the Week by the Amarillo Daily News for his effort last week.

"The real leaders were the offensive linemen," said Hart coach Mark Stroebel. "This was the best job of blocking by the line since I have been here. We stayed with our blocks until the whistle and had very few

mental breakdowns. Our line deserves a lot of credit.'

A bit of razzle-dazzle set up the first Longhorn touchdown, when Washington took a handoff and picked up five yards before pitching the ball back to quarterback Brett Ritter, who then ran 24 more yards to the Kress 18. On the next play, Ritter found end Paul Ramirez in the end zone with 5:09 left in the first quarter. Arthur Guzman added the PAT.

"Kress scored on the strangest call I've ever seen,' Stroebel said. The referee blew an inadvertent whistle as tailback Scotty Bennett was running with the ball. Everyone stopped with the whistle, and the referee awarded the Kangaroos a touchdown with 7:46 left in the first half. The PAT was missed.

Kress struck in the early seconds of the second half as quarterback Anthony Alvarado went around his own left end and scampered 75 yards for the touchdown. The PAT again failed, and the 'Horns trailed, 12-7.

Hart came right back, though, going from their own 33 to the Kress 33. On fourth and two, Washington broke through the right side of his line and raced for the score. Guzman's PAT made it 14-12.

The Kangaroos couldn't make a yard the rest of the way if they had hidden the ball in their pouches, as the 'Horns limited them to minus five yards. Hart, meanwhile, took off on a 15-play, 81-yard drive. with fullback Chris Rodriguez going over from the one.

Rodriguez then scored the twopoint PAT for the 22-12 final.

started raining off and on until we checked it in early in the

fourth quarter.

"You're going to have to explain some of this to me, mate," Dimmitt said as we saw the Kimbrough Stadium lights between Umbarger and Can-

"Do you see much Australian football?" I asked. "Oh, yeah, I love it."

"Well, what you are about to see is nothing like it. Uh, have you ever seen a rugby game? Good. It's a little like rugby, but not much."

I told him about things like first downs, forward passes, and how you have a kickoff after a touchdown instead of a bounce at midfield after a goal (can you imagine bouncing an American football?). I told him how people score, and some of the other intricacies - at least the ones I could think of.

"Why are they wearing those funny pads under their uniforms?" Graham asked. "Why do they just tackle the man carrying the ball? How come they have some of the men up by the football, and the rest scattered about the field? The ball looks terribly small."

Believe it or not, thanks to WT's performance Saturday night, Graham has an appreciation of America's version. WT didn't pull its usual fourth quarter el foldo, and that may have done wonders for advancing the game overseas.

New bank president likes to be involved

After finishing the week's work recently in his new job as president of the First State Bank of Dimmitt, Ray Bain went back to Deming, N.M., to spend the weekend with his family.

On Friday night he and his wife, Barbara, attended the high school football game, not knowing that the Athletic Booster Club had a surprise in store for them at halftime.

Ware bowl, presented in appreciation of their work with the booster club during their four years in Deming.

"When we went out there (in 1981), they didn't have a booster club and there were a lot of thing the schools and kids needed, so we organized the club to help raise funds and promote enthusiasm," Bain said. He served as president and Mrs. Bain as secretary of the club.

"We like to work with kids. and have done so for a number of years," he explained.

The Bains have three

children of their own. Their daughter, Nancy Seybert, is a teacher in Perryton. Their oldest son, mark, is a senior at Texas Tech, and their youngest son, Mike, is a Tech freshman.

Before moving to Deming, the Bains lived 11 years in Perryton, where they also were involved in community, youth and church activities. Mr. and Mrs. Bain were both active in getting the million-dollar Per-It was an engraved Nombe ryton YMCA building built; he coached in the Y sports program and served a year as president of the Chamber of Commerce; and she was active in youth events and the Chamber of Commerce. Both also held offices in the First United Methodist Church. In 1980, the Bains were named Perryton's Citizens of the

> Bain was named president of the First State Bank of Dimmitt in August. Bill Lloyd of Lubbock, the bank's owner, continues as chairman of the board.

Bain expects his schedule to

remain hectic until December. Mrs. Bain is an elementary school teacher in Deming, and plans to finish the semester there while he surveys the home market here.

Bain, a 28-year banking veteran, was raised in Plainview and graduated from Plainview High School in 1956. He and his wife, the former Barbara Lewis of Hale Center, met while both were in high school.

He studied finance at West Texas State University, then returned to Plainview, where he worked first for the Hale County Bank, then the First National Bank.

In 1970 they moved to Perryton, where he served as vicepresident and cashier of the First National Bank.

In August 1981 he was nam-

NISD sets 1985-86 budget

The Nazareth Independent School Board of Trustees met in regular session Sept. 18 and adopted the 1985-86 budget with total expenditures set at \$885,974.

Total income from all sources was estimated at \$964,453. The maintenance rate was set at .974¢ and the interest/sinking rate was set at .121¢ for the coming year.

The board adopted state cirriculum guidelines for students in the regular curriculum to graduate with 21 credits and no foreign language requirements. 22 credits and two years of foreign language will be required for students in advanced curriculums.

In other business the board authorized the superintendent and school secretary to sign athletic checks as recommended by school auditors. They also met with a committee of teachers concerning a health insurance program, paid outstanding bills and discussed custodian applications and delinquent tax rolls.

They also reported on lack of available and convenient restrooms during football games and approved the use of the lunchroom for a Halloween Carnival to be sponsored by the band parents on Oct. 27.

GS meet **Tuesday**

An organizational meeting for Daisy, Brownie and Girl Scout troops will be held Tuesday from 5 p.m. to 6:30 p.m. in the courthouse basement in Dimmitt.

All parents interested in helping with a troop and all girls interested in joining the Girl Scouts from kindergarten through high school are urged to attend.

Parents are asked to accompany their children.

Social Security in Castro County

By TERRY J. CLEMENTS

Do you hire someone to clean your house? Or watch your children until you get off work? Or care for your lawn?

If so, and you pay the person \$50 or more in cash in a threemonth calendar quarter, you must deduct social security taxes and report the wages. If you don't report, you may be subject to a penalty; and the individual can lose valuable social security protection.

Social security is much more than a retirement program that provides monthly checks as early as 62 and medicare at 65. It also pays monthly benefits to a worker and dependents if she or he becomes severely disabled before 65. Certain dependents can also get payments if the worker dies.

These benefits can be paid only if the worker has credit for a certain amount of work under social security. Also, some recent work credits are required for disability benefits.

The amount of monthly benefits is closely related to the amount of reported earn-

If you and other employers do not report some or all of your employee's earnings, the person may have a short-term gain in more take-home pay.

Later on, however, benefits may not be payable to the worker and dependents; or the amount may be greatly reduced, therefore, he or she will lose in the long run.

If you employ someone in or around your home, call your Internal Revenue Service office for reporting forms and instructions. IRS Form 942 (Employer's Quarterly Tax Return for Household Employees) is due a month after a quarter ends. For example, if you pay someone \$50 or more in the three months ending June 30, your report is due by July 31.

County horses, rabbits show at Lubbock fair

Members of the Castro County Horse and Rabbit Clubs competed in the Panhandle South Plains Fair shows in Lubbock last week.

In the horse show, Doo Bee A Bar, shown by Kimberly Spring and Charles Spring, of Dimmitt, captured second place in the Youth Mares division and won first in the 1982 mares competition.

Doo Bee A Ten placed third in the 1981 mares and before division. The horse was shown by Charles Spring.

Ima Tuff Shiny, shown by Delle Moore took first place honors in the 1985 mare division. She also won the 1985 mare division Sunday in the Lubbock Saddle Club show.

Quincy's Degree, shown by David May of Dimmitt, won second place in the 1983 Gelding category.

The Hoppin T Rabbittry, owned by Alene Thomas of Dimmitt, captured Best of Breed, Best Red and Best White in the Rex rabbit category.

Best Red in the Satin category was won by the Triple A Rabbittry owned by Scott Acker of Dimmitt.
