LISTEN TO LUKE

Little League teams of Sanderson are ending the season here this evening when the Dodgers play the Yankees for the deciding game.

The scheduled season of games ended in a three-way tie and the effort was decided by a two-game effort which would be the fastest of settling the question. There is no doubt but that all three of the teams are of the best calibre. Boys on all teams have shown excellent sportsmanship and have lately been improved in their ball skill.

Yesterday the Yankees took the lead in a 2-0 shutout which was the result from the start.

These games have been made possible by the splendid cooperation of the businessmen of Sanderson who have contributed generously to the purchase of equipment. The Lions Club field was available with the lights that needed in the latter part of the season as the days grow shorter.

Men have devoted many hours and expense in this endeavor. The boys have spent a pleasant and profitable summer in playing and they are most cooperative in helping to care for the equipment. All of these factors have made the work of this column as commissioner more pleasant and effort in that work satisfied by the happy faces of young players. I'm glad we got together.

This column would be weak if we gave in to all of the pessimism that is hurled our way from some of the stands we choose to take.

We must remember over and over again that liberty cannot be bestowed, endowed or granted. We do a lot of bragging that we of America enjoy liberty and liberty left us by our fathers. Every generation is free — if it is free — because it is the right of freedom and because it is determined to exercise that freedom with vigilance.

There are those who cry aloud in their claims are challenged. Their views crossed and their heads held up to the white light of public review. They are not the folk who laid the foundation for liberty and freedom.

There are professors who denounce the right of denouncing and whom he pleases, and who seeks to hide behind the cloak of academic freedom. A water who climbs into his pulpit to exhortate society for economic practices and government institutions, and then claims protection of his cloth, is more

ANNUAL PICNIC ENJOYED BY PRESBYTERIANS

A bountiful picnic supper was had and informal conversation and lighthearted diversion for the evening.

RECTION

In a story in a recent issue of the Times about the death of Dr. Rose of Del Rio, the names of four survivors were unintentionally omitted: Roger Rose of Del Rio, a nephew; two nieces, H. G. Woodward of Dryden, Mrs. Paul Sauer of San Antonio, and one sister, Mrs. John Gray of San Antonio.

Miss Tillie Tarrillon and her mother, L. H. Tarrillon, both of San Antonio are guests in the home of their sister, Mrs. James Kerr, and Mr. Kerr. They came Sunday with Mr. and Mrs. Jimmie Kerr who had stopped in Sanderson en route home from a vacation trip to Port Aransas and Floresville.

Park Officials Plan Big Week End For U. S. 90 Delegates

Lon Garrison, superintendent of the Big Bend National Park, and other officials of the park are planning a big week end for delegates from the "Border Scenic Route" branch of the Travel U. S. 90 Association who will spend the week end in the park and attend a meeting of delegates Sunday morning immediately following a luncheon at 10:30.

Supt. and Mrs. Garrison have extended an invitation to all the delegates and their families to a barbecue supper Saturday at their home. Following the barbecue, Peter Koch, famous photographer of national parks and nature, will show some movies for entertainment of the guests.

Cabins and the brunch Sunday morning are a courtesy of the National Parks Concessions, Inc.

Following the adjournment of the directors' meeting, information on sights of interest in the park will be available and visitors are urged to plan a tour of some portion of the park so that they may be well-informed of the many scenic beauty spots so that they may pass on some of the information to tourists of this area.

Local citizens and members of the association who are not able to spend the night in the park, are urged to plan to be at the meeting Sunday morning and visit in the park Sunday afternoon.

Dining facilities are available at the park headquarters.

Civil Service Exams To Be Given For Game Managers' Post

The Tenth U. S. Civil Service Region announced this week a civil service examination for U. S. Game Management Agent at \$4,205 a year for filling positions in the United States Fish and Wildlife Service. Positions to be filled are in the states of Arizona, Colorado, Kansas, New Mexico, Oklahoma, Texas, Utah and Wyoming.

Incumbents of these positions are responsible for the enforcement of Federal regulations for the protection and conservation of wildlife and for the apprehension of persons who violate the regulations. They also make surveys of wildlife populations and perform related work in the field of game management.

Applicants for the position will take a written examination designed to test general aptitude for the position. They must also have had 4 years of appropriate experience with a Federal, State or privately operated wildlife refuge or practical game management or wildlife research experience, including two years of experience in law enforcement work involving game laws.

Applications must be filed with the Office of the Regional Director, Tenth U. S. Civil Service Region, Building 41, Denver Federal Center, Denver, Colorado, not later than October 12, 1953.

Full information and necessary applications forms may be obtained from the Commission's local secretary, located at the Sanderson Post Office.

EAGLE STARTERS NAMED FOR GRID SEASON OPENING

Coach Fred Hickman and Assistant Coach Carlton Smith, mentors of the Sanderson Eagle football team, have announced the probable starting lineup for the high school games during the approaching season.

Eagle stalwarts will be Frank Vasquez, right end, 185; Galaro Cobos, right tackle, 220; Matias Gutierrez, right guard, 160; Adolfo Flores, center, 150; Kenneth Stutes, left guard, 150; Dickie Escamilla, left tackle, 165; Ruben Ochoa, left end, 150; Higinio Pena, quarterback, 140; David Mitchell, left half, 160; Raul Flores, right half, 137; Tommy Mansfield, full back, 165.

Charles Stegall will be withheld from starting positions because of pulled muscles in his side and Odell Caruthers will be used as a defensive player in the early games of the season and will be switched to a starter later on, according to Hickman. He explained that this was necessary because Caruthers was unable to have a full session of workout each day because of ranch work and that it would be necessary to delay his starting full games for this reason.

The offensive team will operate from a split-T formation with option and modification plays and the starters will be utilized mainly as defensive players, also. Coach Hickman stated that he was planning on keeping his best possible team on the field at all times, but would be using substitutes throughout both offensive and defensive sessions of play.

The starting lineup comes out with an average of about 160 pounds and the mentors stated they were well satisfied with the enthusiasm, efforts and ability of all the boys.

Reservists of the team will be Darrell Cox at half back; Carroll Eggleston, half, Gary Harrell, half, Rosendo Casillar, end, Juan Ramirez, center, Armando Ochoa, guard, Joe Borrego, end, Ruben Hernandez, tackle, Humberto Pena, guard, Pablo Flores, guard, Stanley Sullivan, tackle, Claudio Villegas, end, Onofre Lopez, back, with Rosendo Silvas and Roman Zepeda as managers.

Jimmie LaCross will scout out-of-town games for the Eagles.

Returned POW From Del Rio Talks Of Three Years' Hell

Cpl. Ellis Preece, 20-year-old son of Mrs. Ethel Crawford of Del Rio, and Tom Preece of Leakey, passed through Sanderson Wednesday en route home after 37 months in a Communist prison camp.

The lad, emaciated and having lost 35 pounds in his imprisonment, looks like a high school student, and says the treatment he received at the hands of the Communists was good compared to what was meted out to others under his observation. Their diet consisted mostly of soy beans and sorghum, he said, and that was the staple food for all meals. The menu could be altered by taking sorghum and soy beans if they wished, he added.

The returned prisoner was not bitter in his attitude but he said the American people should know by now that Communism is in this country and should be weeded out. The indoctrination of Communism was forced on the prisoners at all times, he said. Literature was given them and then they were forced to write comments on what they had read.

Preece said he will remain in the service if he can pass the physical tests. He will report to Fort Sam Houston after a brief visit with his family.

DOVE HUNTERS SAY BIRDS SCARCE IN TERRELL COUNTY

Nimrods who have been out in the field in search of mourning doves since September 1 report a grave shortage of the flying targets in this immediate area at the present time, but like all true sportsmen, keep figuring that the next trip out will be more lucrative from a game standpoint.

Few of the birds wintered in this area, compared to previous years and varmints seriously hampered the hatching-off of offspring that would have been mature for this season.

The rains that have benefited this county in the past several weeks have put water out in the far-reaches of pastures to supply an ample amount of waterings for the birds and prevented them from coming into tanks and troughs, the usual hunting place for shooters.

Lions Are Hosts To Local Newcomers At Barbecue Supper

The Sanderson Lions Club was host last week to a barbecue supper served in the basement of the Masonic Hall. The affair was originally planned as an outdoor meeting, but inclement weather forced the group inside.

Carter, prospective Lions, wives and children of local Lions, and Tom Kirkham, Lions International special representative.

About 124 guests and members were present for the occasion.

Tough Schedule Ahead For Eagle Football Season

Probably one of the toughest schedules for any Class "B" high school grid team in the state lies ahead of the Sanderson Eagle footballers. It is in one of the most widely-scattered districts in the state.

Sanderson will be hosts to four of the games this season with five scheduled for out of town and one open date remains unfilled.

The season gets under way on September 18 with Alpine coming to Sanderson. Sept. 25, Sanderson plays in Marfa; Oct. 2, will find the Eagles in Brackettville; Oct. 9, Grandfalls there, Oct. 16, Wink in Sanderson, Oct. 23, open date, Oct. 30, McCamey there, Nov. 6, Lakeview, San Angelo B team here, November 13, Van Horn here and Nov. 20, Sanderson plays in Rankin.

MURDER IN KOREA

During the years that I've been aggressively combatting the infiltration of Communism in America, a person occasionally has asked: 'What keeps you going in your crusade against Communism?'

The answer: Our people as a whole don't fully understand the true nature or recognize the real danger of Communism. Until they do, all we love is threatened.

Phillip Deane, an English newspaperman in Korea, didn't learn the full truth about Communism until he was wounded and captured by the North Korean Reds.

"Why did you let those five men

drop out?" asked the "Tiger". "Because, sir, they were dying."

"Why did you not obey my orders and have them carried?"

"Because, sir, that meant condemning the carriers to death from exhaustion."

"You knew I had ordered no one should drop out?"

"Yes, sir."

"In wartime the penalty for disobedience is death. You disobeyed orders. I will kill you. That is what would happen in the American army also, is it not?"

"In the American army, sir, there would be a trial."

The "Tiger" turned to the assembled Korean soldiers: "I have authority to kill him. He has disobeyed orders. What must I do?"

"Kill him," screamed the soldiers, "kill them all!"

"You see, said the "Tiger" to Lt. Thornton, "You have had your trial, People's Justice. Now I will kill you."

"In Texas," said Thornton with a tone of contempt in his voice, "we call that lynching, not justice."

"Tell him," said the "Tiger" to the Red soldiers, pointing to Thornton, "he must turn about."

Lt. Cordus H. Thornton was on parade. His shoulders squared, head up, chin in, arms firmly at his sides, he about-faced as one does during drill.

The "Tiger" took a handkerchief and bound Lt. Thornton's eyes. Then with his pistol he shot him in the back of the neck. A tall, blond sergeant jumped and caught his officer's body before it touched the ground.

Tenderly, as if carrying a child, the sergeant took the lieutenant's body to the ditch.

This incident was a part of the education of Phillip Deane, newspaperman. But it was only one episode in the account of his 33 horrible months a captive of the Communists.

Reading Deane's book I was reminded of a statement made by Matthew Cvetic, the

courageous American who spent nine years in the inner circle of Communism as a counter-spy for the FBI. The Communists are mass murderers," Cvetic said. "They've killed 25,000,000 people in cold blood in China; and if they gain control in America they have already made plans to kill a still larger number of our citizens, men and women and children." Cvetic knows, he was one of them, in disguise, for nine years.

And yet many people are hamstringing the efforts being made in this country to expose and stamp out this evil, godless, savage conspiracy which has infiltrated all phases of our national life, and which would destroy religion, constitutional government, and private ownership of property. In self-defense, we should outlaw Communism and all its front apparatuses.

**TOP ENTERTAINMENT
STARS SUPPORTING
KENNY FUND DRIVE**

Minneapolis, Minn.—The nation's top ranking personalities of the entertainment world are giving their active support to the 1953 polio fund appeal of the Sister Elizabeth Kenny Foundation, now under way, according to Marvin L. Kline, the foundation's national executive director.

The long, star-studded list from stage, screen, radio and television includes Henry Fonda, Edward G. Robinson, Groucho Marx, Rosalind Russell, Jimmy Durante, Rosemary Clooney, Frankie Carle, Guy Lombardo, Spike Jones, Gene Autry, Hopalong Cassidy, John Cameron Swayze, Eddie Cantor, Jack Benny, Kate Smith and many others.

Clifton Webb's portrayal of Sousa is excellent and gives a clear insight of the man everyone remembers as the greatest band leader and composer of march music in American history. Sousa's eccentricities, his discipline as well as his great heart are exemplified by Webb's fine performance which makes real and vivid the frustrations and accomplishments of the great March King.

Two young players, Debra Paget and Robert Wagner, who have shown great promise in their previous pictures emerge as fulfilled stars in this excitingly different musical. They play their romantic love scenes with warmth and enchantment.

The story, which recounts the colorful life of Sousa and the steady influence of his wife,

who convinced him that he should forget his desire to write ballads and stick to the march tempo, and the romance between Miss Paget, a burlesque beauty who aspires to sing with the band, and Wagner, the "Sousaphone" player, is highlighted throughout by Sousa's famous marches.
