## LISTEN TO LUKE

We were informed this week of an endeavor by a local group which we think is worthwhile, so here's our plug:

Ever since the establishment of vocational agriculture department in the local school system, a pick-up truck has been needed. Up to now patrons have been most kind in loaning one to the boys of the class for various needs, but boys feel that their generosity might be waning, because of the constant necessity of borrowing.

Mothers of the boys met Tuesday and elected Mrs. E. J. Hanson as chairman of a committee to raise money to buy a pick-up. To this end they are sponsoring a pancake supper on Wednesday, November 18, from 5 to 9 p. m. at the band hall. They are offering all the pancakes you can eat for 50c.

The mothers used their pencils and some arithmetic and figured this way: If everyone in town will cooperate, the truck can be bought with the proceeds of this project.

And it is not a donation, either, as will get you all can eat for only 50c.

If this project goes over, the boys, nor their mothers, will be coming around and asking for support on similar projects for the same cause. It can all be done amicably — unless you try to make a hog of yourself, in one easy operation.

It is comforting to see the action of the Texas Sheep and Goat Raisers' Association in their 38th annual convention in San Antonio regarding the political vote-fishing talk by some of our politicians who mishandle the actions of secretary of Agriculture Ezra T. Benson.

We hope Senator Lyndon Johnson, and others, will take note of the farmers and ranchmen of Texas do not want any more of this kind of socialism. Neither do they want Lyndon Johnson. He has made much to do about treatment of the Texas farmers and ranchers at the hands of the secretary. Now, Mr. Johnson, you will have to get in touch with Harry again and see if you can't find a better vote-getting method.

This column has maintained that Benson has been abiding by the wishes of the people and upholding the banner of the present administration by trying to tighten the purse strings of the federal purse. He has so stated in regard to the cattle industry, the Soil Conservation District, and other agricultural projects. He has also stated that would welcome any feasible workable plan by any group individual whereby the production could be bettered and yet up to a semblance of free-enterprise system even in agriculture.

Rayburn and others who carried water for presidents the past twenty years can't believe of anyone who is unwilling to sell out to political party. A kind of politician can well afford to criticize any thing that would hinder their plans for a socialist state.

The ranchers of this part of the state are harder hit than most of any other part of the country. They have undergone the worst in the history of this section of the country — and it is on — but there will be a light at the end of the tunnel. Our own money into a socialist state. What we need is rain. The farmers and ranchers went to Washington recently and paid the cost of their trip. The banker it would have made feel a lot better.

We had a report from local of that pranksters here did a minimum of damage this Halloween and we should all appreciate the fact that the little boys, they are every day, behaved like civilized children on

## Pancake Supper To Aid 'Pick-Up Fund' For F. F. A. Nov. 18

Mothers of members of the Sanderson F. F. A. Chapter have arranged for a pancake supper to be served at the band hall on the night of Wednesday, November 18, from 5 to 9 o'clock.

Proceeds of the supper will go toward the purchase of a new pickup for the local chapter.

Pillsbury flour, Schillings coffee, Carnation milk and Mrs. Tuckers' shortening and Kimbrell-Del Tex will donate the ingredients for the supper items and some of the firms will send representatives out to prepare the pancakes and serve the people.

The mothers stated that all the pancakes you would be able to eat would be served for 50c per person.

It was stated that the pick-up was needed by the boys because of the fact that at present they must borrow a truck to haul their feed and hay and must also borrow a vehicle to take their lambs to be weighed, and many other purposes which are in line with the work of the boys in their vocational agriculture class.

The public is urged to support the efforts of the boys, and their mothers, by attending the pancake supper.

## P-TA CARNIVAL NETS \$594.65

The annual Halloween carnival sponsored by the Sanderson Parent-Teacher Association on Saturday evening provided an evening of fun and frolic for all members of the families of local citizens and netted \$594.65 for the sponsoring organization.

The festivities opened with a parade at 5 o'clock. Booths were erected on the south side of the high school building and there was a country store, fish pond, doll rack, fortune telling, parcel post booth and booths where sandwiches, cold drinks and candy were offered for sale. Also a Mexican supper, chili and sandwiches were served in the band hall. The chamber of horrors in the building and boxing matches in the gym drew their share of attention and interest as did the donkey cart rides and pony rides on the school grounds.

The Mexican supper netted \$144.05 for the organization.

At eight o'clock a stage show consisting of local talent, directed by Mrs. J. R. Hodgkins, furnished two hours of entertainment for those attending. C. G. Riggins was master of ceremonies for the show.

Mrs. J. F. Tronson and her committee have expressed their appreciation for the splendid cooperation of the public in putting on the carnival and for their attendance; also to the local merchants for their generous contributions and help in many ways which made the carnival a financial success. Not only was an evening of fun and festivity provided but a minimum amount of Halloween pranks was noted later in the night. The popular "trick or treat" crowds were not out to do damage, but seemed more interested in the treats, rather than tricks.

## MRS. J. D. NICHOLS MOVED TO UVALDE

Mrs. J. D. Nichols was moved last week from the Nix Hospital where she had orthopedic surgery six weeks ago. She is visiting in the home of her daughter, Mrs. Seth Davenport, in Uvalde and it is hoped that she may be brought home after her check-up in San Antonio on November 20.

Mr. Nichols has returned to Sanderson and reports that Mrs. Nichols is able to sit up some and also walk some on her crutches and is showing good improvement.

Halloween night, rather than going about destroying property as was the case in some West Texas towns.

## Rotary Governor Pays Official Visit To Local Civic Club

The Sanderson Rotary Club met in club assembly Tuesday evening at 7:30 at the Turner Hotel with L. E. Fite of San Antonio, conducting the meeting. Mr. Fite is district governor of District 184 of Rotary International.

The meeting followed a chicken dinner which was served to fifteen officers and members of the local club and reports from chairmen of various committees on the four-lane objectives of the club were submitted.

Governor Fite was loud in his praise for the splendid reports and commended the executive committee members for their planned work for the year. Many worthwhile projects of the club were discussed and possibilities for new endeavors were suggested. The program set out for the year's work for the local club included closer coordination of efforts to bring about the completion of the international park project which has received much momentum in recent months. Then the prospects of a retention dam across the Rio Grande at some point just south of Dryden is a matter which will demand a great deal of work for the club in cooperation with other organizations interested in this project.

Another proposed aim for the local club is sponsoring a move to have street markers placed at all intersections so that house numbers may be given for all residences and business houses.

"The Rotarians of Sanderson have set their sights high," commented Governor Fite, "but there is no end to their accomplishments if they will determine to work these projects to an end."

Wednesday the club met in regular session at the Turner Hotel with Club President L. H. Gilbreath, in charge. Governor Fite was presented as speaker for the day to the entire membership. He encouraged the group in all the club's activities and stressed the importance of ever keeping the principles of Rotary before us. "Remember the motto: 'Service above self,' and your worth in the community will speak for itself," the speaker admonished.

While in Sanderson, Mr. and Mrs. Fite were house guests of Mr. and Mrs. Herbert Smith at their ranch west of Sanderson.

## McCAMEY RIPS SANDERSON 61-0 THERE LAST FRIDAY

The Sanderson Eagles met more than their match in McCamey last Friday night and ran up against more trys for touchdowns than had made against them in many years. The mighty Class A McCamey team, in their bid for higher honors than the Wink Wildcats, topped the Wink score over the Eagles and beat them down to little birds in a 61-0 score. It was a non-conference game.

The McCamey team scored 12 points in the first quarter; 29 in the second; 13 in the third and 7 in the fourth.

Fans who witnessed the game stated that the high score was not because of lack of fight put up by the Eagles, but rather an overpowering of the lighter and less-experienced players by a stronger and deeper team.

The Eagles will play the Lakeview B team here Saturday night in another non-conference game.

Lakeview early in the season was defeated 6-0 by the Midland B team, making the two teams close competition on paper and a good game is in store for grid fans here Saturday night.

## MOST OF COUNTY TAXES NOW PAID

During the month of October, a large number of Terrell County tax payers took advantage of the 3 per cent discount offered to those paying their taxes early, and a total of \$78,530.47 was collected, according to Mrs. Ed Leatherwood, office deputy for ex-sheriff J. S. Nance.

Of the total assessed valuation of \$125,518.83, the unpaid balance is \$46,988.36, representing nearly two-fifths of the total.

During November, a discount of two per cent is offered to taxpayers on all state, school and county taxes. There is no discount on the poll tax and it may be paid at any time between now and January 31, but is shown on the statement as a reminder to local and area citizens.

## Mrs. S. L. Stumberg Named Vice President TS&GRA Auxiliary

In the first general session of the 38th annual convention of the Texas Sheep and Goat Raisers Association in San Antonio this week, Mrs. S. L. Stumberg, wife of a prominent Terrell and Brewster County rancher, was named first vice president of the auxiliary to the TS&GRA.

Elected as officers for the ensuing year of the auxiliary were: Mrs. John Alexander, Cherokee, president; Mrs. Oscar Nuenhoefer, Kerrville, secretary; and Mrs. Gus Wittig, Junction, second vice president.

Attending the convention from Sanderson besides the Stumbergs were John T. Williams and Mr. and Mrs. Allister Dishman.

## MRS. RODNEY CATHEY'S CONDITION IMPROVED

In a letter received Wednesday by Rev. Claude Bridges from Rodney Cathey of Winters, Mr. Cathey stated that his wife, while improved, was still seriously ill and that her ailment had been diagnosed as something akin to polio, but was not polio. She regained consciousness Sunday and has been comparatively free of pain since that time, but has paralysis on her left side and in her back.

She was considered critically ill all of last week, but was moved from the polio isolation ward of the Hendricks Hospital in Abilene, where she has been hospitalized for almost two weeks. Mr. Cathey returned to Winters where he is teaching Monday, but makes daily trips to Abilene. Their two children are with Mr. Cathey's mother in Abilene.

Mr. Cathey stated that only time would tell the damage done by the disease.

## Motorists Urged To Obey Auto Inspection Law Immediately

Automobile inspection stations in this area are going to be jammed unless motorists begin having their vehicles inspected within the next few weeks.

This warning was issued today in Austin by G. C. Morris, executive director of the Highway Safety Council. He said a cross-section survey of inspection stations, including those in this area, indicated only four cars of every hundred had been inspected.

The inspection period, under the law, began September 15 and will end April 15.

There are more than 3,000,000 vehicles to be inspected, and during the first 30 days of the seven-month period, only a fraction of that number, roughly 125,000, had been checked, Morris said. The proportion of cars inspected in this area is about the same as statewide, he said.

"There is almost certain to be a last-minute rush unless there is a speed-up in inspections," he said, urging motorists in this section to avoid the rush by having their cars examined now.

Morris said there was also the safety precaution to be considered. "Most cars have not been inspected in more than a year and may have developed some mechanical defect," he said.

"You may be gambling with your life if you are operating a mechanically unsound vehicle. Accident figures show that one traffic death in every ten in Texas is caused by faulty mechanism."

The new law, Morris said, calls for the inspection of brakes, horns, lighting equipment, rear view mirror and windshield wipers.

He urged motorists, however, to request that steering parts be also included in this inspection.

Safety experts agree that automobiles should be inspected at least once a year as insurance against mechanical defects. Morris said that if motorists wait until near the spring deadline to have their cars examined, it will mean that many cars will not have been inspected for 18 months, three times longer than practical.

## Visitors Urged To See Farm-Ranch Exhibit At Ft. Worth Show

FORT WORTH — The most complete exhibition of farm and ranch equipment ever staged in the Southwest will be held in Fort Worth on November 19-22.

Southwest ranchers and farmers and their families will find every conceivable type of equipment or appliance used on the ranch or farm on display when the second annual Texas Farm and Ranch show opens its doors at 10 a. m. on Thursday, November 19.

The show is being staged in the exhibit buildings at the rear of the Will Rogers Memorial Coliseum on Fort Worth's west side.

In addition to the many commercial exhibits, show visitors also will find varied displays of an educational nature.

A big grass exhibit is being arranged under the joint sponsorship of the Fort Worth Farm and Ranch Club and the Texas Research Foundation for the express purpose of assisting ranchers in the reseeding program.

The exhibit which shows all of Texas fish and wildlife will be set up by the Texas Game and Fish Commission.

## Armistice Holiday To Be Observed Here

Mrs. Jettie Peavy, secretary of the Sanderson Retail Merchants Association, announced Wednesday that a poll taken among local members indicated the desire of the majority to close on Wednesday, November 11.

The schools of the county will also close on that date.

The bank and post office will also observe the national holiday.

## FIREMEN PLAN TURKEY SHOOT FOR NOVEMBER 15

Sunday, November 15, has been set as the date for the annual turkey shoot by the Sanderson Volunteer Firemen. The shoot will be staged at the usual place 2 blocks to the left of the old highway maintenance barn east of town.

The firemen are planning to diversify the program slightly this year by staging target shooting and pistol shooting at the same time as other marksmen are trying their skill at the live turkey head. The target shooters may match one against another, or as many as desire to shoot in competition with a price of \$10 being charged for each turkey and the high scorer gets the bird. Other events will be 3 shots for \$2 as has been customary.

The firemen have placed orders for 40 birds weighing between 8 and 12 pounds and have asked that they be as uniform as possible.

The firemen will also have hot coffee available with a "kitty" nearby to receive contributions for the refreshments.

As is always customary, shooters will be expected to furnish their own gun and ammunition. No scopes will be permitted on the range unless matched target shooters agree.

The firemen are holding the shoot this year prior to deer season so that any novices who wish are welcome to come out and become accustomed to the feel of their rifle, and checks the sight alignment at 3 shots for \$2.

## E. J. Hanson Named Honorary Director Of Texas Safety Council

At a recent meeting of the nominating committee of the Texas Safety Council, the name of E. J. Hanson was recommended for Honorary Director. Hanson this week received notification of his appointment and an identification card for the fiscal year of 1953.

In a letter received from Pierce Brooks, president of the council, he stated: "The Council and Citizenship of Texas appreciate the sincere effort of the business men and women of Texas, who are directing their efforts toward conserving the lives of our citizens, and we take this means of honoring those of you who are participating in this fine work."

## Large Group Attends 'Travel U. S. 90' Meet

Sanderson had the largest representation at the monthly meeting of the Travel U. S. 90 Association meeting in Ciudad Acuna Sunday. There were eighteen delegates from Sanderson headed by Jimmie Martin, local director.

The group was guests of the Acuna Lions Club for a buffet luncheon served in their club house prior to the association meeting. Later in the afternoon, the delegates were guests of the Acuna Lions at the last bullfight of the season. Those attending were high in their praise for the cordiality and welcome extended them during the meeting.

The next meeting of the association will be in Marathon on Sunday, January 10.

## MRS. JOE KERR SR., HOME FROM HOSPITAL

Mrs. Joe Kerr, Sr., was brought home from a Fort Stockton hospital Sunday. Her nurse, Mrs. Dendy, who has been with her in a Fort Stockton hospital for six months, is here with her. Miss Betty Joe Kerr of Midland accompanied her mother home and spent the week end here with her family.

Mr. and Mrs. J. D. Amerson and daughter have moved to one of the Pate cabins and he is employed by Reed Horton as a painter.

Wednesday Club Has Bridge-Luncheon In Herbert Brown Home

Mrs. Herbert Brown... hostess this week for the Wednesday Bridge Club which met in her home at 1 o'clock for luncheon. Bouquets of white chrysanthemums decorated the party rooms. At the conclusion of the bridge games which followed the luncheon, high score prize was presented to Mrs. Joe Kerr, Jr., second high to Mrs. Mary Lou Kellar, and low to Mrs. John T. Williams. Other guests included Mesdames Tol Murrah, W. W. Sudduth, Clyde Griffith, Bustin Canon, Edward Kerr, Mary Lou Kellar, R. S. Wilkinson, Web Townsend and F. M. Wood.

ingenuity, for the reduction in collars and cents.

What Governor Cherry is doing for state government in Arkansas can be done for federal government by the present administration. It is the sensible, sound policy to follow in any financial matters. Senator Byrd says, "We all know there are thousands of ways to reduce government spending that can be accomplished by executive order without impairing benefits as measured by real value. I regard a \$275,000,000,000 debt as a menace that not only will harass those of us of this generation but many generations of Americans to follow us."

Dr. Melchior Palyi, internationally known economist, explained the "menace." He emphasizes that increasing the national debt weakens the dollar in international exchanges and weakens the strength of our nation in international affairs. He cites, also, current examples of European nations whose internal stability has been perhaps critically injured by money policies creating constant inflation. The French franc has been constantly watered down in purchasing power by loose government policies, and the stability of France as a nation has been woefully shattered.

The new administration in Washington did some substantial budget cutting, and Congress went even a little farther. Both were following the clearest mandate of the electorate for a balanced budget, reduced expenditures and reduced taxes. But neither went far enough. They have not achieved a full step toward sound government until they bring government spending within its income. The American public must now renew its demand that this be done.

SOMETHING TO DEMAND

Must the national debt limit be raised? Every man, woman and child in the nation has a very real stake in the answer to this question. The legal limit now is \$275,000,000,000. It is expected to be reached early in 1954. Then the national debt will be imposing a \$7,000 mortgage on the present and future income of every American family. There is a way out of the financial mess our government's in without plunging ourselves further in debt. It can be stated simply: cut federal spending to equal federal income.

Senator Harry F. Byrd of Virginia, one of the nation's acknowledged authorities on the federal budget, puts it this way: "It may be that the administration would be forced to operate on a very prudent and conservative budget in order to avoid an increase in the debt limit, but the President has the authority, if he chooses to use it, to place every agency of the government on expenditure rations and limit the expenditures in such manner as he deems best."

Good Example

Governor Francis Cherry of Arkansas, when he took office last January, insisted that the legislature give him the power to cut state expenditures below the legislative appropriations if tax income should fall below the budget allotments. Sixty days later the income from taxes did fall below the rate necessary to support the appropriations.

The Governor had a choice to make. He had a substantial treasury balance. He could take the politically "easy road" and dip into this treasury balance to make up the difference between income and outgo. But that, he knew, wouldn't be sound governmental practice. It would be like borrowing money for spending. He chose, instead, to cut expenditures. His instruction to his Director of Finance and Administration wasn't the loose political generality - "cut to the bone." His instructions were specific: "Cut expenditures to within the tax revenue available to every department."

The Director of Finance and his Budget Director sat down with each department head, one by one, and cut the expenditure allotments to an overall figure equal to a conservative estimate of anticipated revenue. Each three months this will be done. And as a result Arkansas citizens get higher quality, more efficient, less costly government service, for Governor Cherry has challenged the departmental heads to "make up, in management efficiency and

Because those suede shoes lead a busy life, running from till night, keep a bottle of dressing on hand to give that ever ready to step out!

Company will talk about your shoes—and it will be good talk. You serve tasty snacks like squares of toast spread with mayonnaise, to which a little onion has been added, and served with a whole cooked pepper, crackers spread with a mixture of 2 cups grated American cheese, 2 teaspoons mustard-with-radish, and salt and pepper. Serve around a pretty dish of roses, carrot curls, celery and olives, embedded on bed ice.

Fashion experts advise about the use of the simple, basic dark and rightly so, since there are so many ways to dress it up. About a little rounded collar of velvet or gay plaid? You make it yourself out of a piece of material—and if you're in a solid color, place a tiny pin at one corner.

Buying percale sheets, those 180 or 200 threads to the inch are the best investment since their high resistance to stain and laundering offsets the higher price asked. In the priced muslin group, sheets of a count of 140 threads to the inch are a good buy.

**HARRIS-JONES  
WEDDING TUESDAY**

Miss Mildred Jones and James R. Harris were united in marriage Tuesday morning at 10 o'clock at the Church of Christ parsonage with Lewis A. Wright, minister of the Sanderson Church of Christ directing the exchange of marriage vows using the single-ring ceremony.

The couple was attended by Miss Doris Ann Jones, sister of the bride, and Walter Kessler, who was best man.

The bride, daughter of Mr. and Mrs. J. M. Jones, of Sanderson, is an operator for the Southwestern Bell Telephone Co. She attended school in Teague, Texas, before coming to Sanderson with her parents two years ago.

Mr. Harris' parents are Mr. and Mrs. James L. Harris of Peru, Ind. He is a T&NO operator.

The young couple will make their home in the Clark apartments.

Others present for the wedding were Miss Sandra Schwalbe, Miss Dorothy Hill, Miss Ruthie Smith and the bride's father, J. M. Jones.

**'Making of Wills'  
Outlined at Ranch  
H-D Club By Attorney**

The Ranch Home Demonstration Club met at 10:30 Thursday morning in the home of Mrs. Lee Grigsby with Mrs. I. E. Rusk as co-hostess.

Mrs. James Caroline presided during the business meeting when the resignation of Mrs. C. T. Wrinkle, who has moved to El Paso, was accepted. Mrs. A. F. Thrift of Fort Stockton who attended the recent meeting of the Texas Home Demonstration Clubs in Fort Worth, gave a very interesting resume of the events of the meeting. Mrs. Lewis A. Wright gave a report on the recent encampment and council meeting at Iraan.

Mrs. C. H. Berry, a member of the Gaines County H-D Club at Seminole, told of the work done by her club and provided new ideas for work in the local club.

The group voted to have their Christmas party on Friday, December 11. Members were requested to provide cakes and sandwiches for sale at the Fort Stockton Stock Show, the proceeds to go to the Pecos County Council.

Following a sing-song, the group adjourned for lunch. Salads, tea, coffee and cookies were added by the hostesses to the school girl lunches brought by the members.

In the afternoon Jack Hayre,

**For a real bargain -  
get a real truck!**

**SURE**, you can save a few dollars now on a truck price-tagged slightly less than a GMC. But if you want a bargain that will still be a bargain after years of hard truck-work, ask these questions before you buy:

Does the truck give you a GMC's 105 H.P.? That's up to 19% more power than comparable sixes. It hustles a GMC's top loads up tough pulls—without engine strain.

Does it have a GMC's 8.0 to 1 super-high-compression? That gives you quicker getaways—more drive—better mileage. All on regular gas.

Does it offer a GMC's engine-sparing Truck Hydra-Matic? With it, you say good-bye to gear shift wrestling. No more clutch repairs. Maintenance costs shrink.

Does it have the extra protection of a GMC's self-energizing brakes? The extra comfort of a GMC's "Six-Footer" cab? The handling ease of a GMC's ball-bearing steering action?

If all the answers are "yes," you have a real bargain—a GMC. And there are 19 handsome 1/2- to 1-ton models to choose from. How can you lose?

**JOHN AND BART PATE  
IN BOARDING SCHOOL**

John and Bart Pate have been enrolled in the Institut Dr. Schmidt School, Chateau de la Rine, in Lausanne, Switzerland, according to a letter received this week from their mother, Mrs. J. W. Pate. Forty boys between ages of nine and eighteen are in the boys' boarding school, including one boy from Amarillo who has been enrolled for five years.

Dr. and Mrs. Pate are in Lausanne temporarily, residing in an apartment house overlooking Lake Geneva, but, with their son, Mark, will return to Genoa, Italy, to make a tour of Italy. A list of heavy winter clothing purchased for the boys sounded almost fantastic to Terrell County residents.

**General Interest  
Opinions Listed  
By Attny.-General**

Austin — Attorney General John Ben Shepperd has released a list of all opinions of his office for the month of October. The office received 199 requests for advice and closed 208 opinion files during the month.

The office has won 97 per cent of all cases tried or appealed since January 1. A total of 1068 cases have been won out of 1101 tried. During the month of October 112 cases were tried and 3 were lost.

Opinions of general interest included the following:

A Texas insurance company must pay its policy holders payments due on policies issued under a State law which has since been amended.

A state agency may pay the cost of curbs and gutters on city streets adjacent to a state institution.

Expenditures from the revolving fund of the University of Texas Post-Graduate School of Medicine must be paid back into the fund from tuition and other fees collected.

Trucks licensed to transport oil field equipment may deliver lime and sand used in construction and maintenance of an oil refinery.

The Texas Highway Department may construct an office building on its land for the motor vehicle registration and other personnel.

The public may use the bed and banks of rivers bordered by Mexican land grant for fishing, and adjacent owners may not prevent the public from reaching the rivers by fencing the highway right-of-way.

Salaries may be paid from certain appropriation items of the Insurance Commission, Liquor Control Board and Governor's office.

The word "pharmacy" must be displayed at the front of a store in which a registered pharmacist is employed.
