

The SANDERSON TIMES

VOLUME XLVI SANDERSON, TEXAS, FRIDAY, FEBRUARY 5, 1954 NUMBER 51

LISTEN TO LUKE

There has been a lot of talk locally and nationally in recent days concerning the "bracero" problem along the border between the United States and Mexico. In this part of the country we have had many years immigration men were working to prohibit as much alien traffic across the river as was possible, but in some cases more acute. The "wetbacks" are charging the bridges in an effort to get across the river to the ripe fields of America, crops, food and dollars. Mexican police and soldiers have been sent to assist on their side of the river in efforts to disperse those who are trying to force their way across.

Along this part of the border, it is not nearly so much trouble as that, but after getting across, there are many miles of open country to cross and was available only at mills and flour trails have been established for "mojado" movements into and out of this country.

This problem, plus the problem of "wets" who are traveling on freight trains and being hauled in cars, is enough to keep immigration officers busy, to say nothing of the fact that they are expected to round up the itinerants who stop at ranches for food all along the border.

The officials are clamping down on transient and stable "wets" but have also facilitated the hiring and contracting of legitimate workers for use on ranches.

Braceros may now be contracted on a single Pass instead of in the interior of Mexico and it is our understanding that a \$2 fee — only charged for the contracting of the men.

In other words the immigration department is trying to make it easier on the ranchmen of this area in securing labor legally and the same time will be trying to discourage the hiring of "wets" on ranches.

Analizing the many problems confronting the ranchmen personally concerning labor, we are glad to be in sympathy with them, but this does not subtract sympathy we have for the Mexicans who are trying to keep the influx of Mexicans into the country illegally.

This poses a serious problem, if measures are not taken to control the immigration of aliens from our neighbor to the south as well as from other foreign countries.

also poses a problem to the

First X-Ray Survey Be March 24, 25

Plans were made for the annual chest X-ray survey at a meeting of the Terrell County Tuberculosis and Health Association in the court house Tuesday afternoon.

James Caroline, president, presided at the meeting. Phillip field representative of the Tuberculosis Association, present and gave information concerning the survey. Mrs. M. W. was named general chairperson of the survey which will be held on March 24 and 25. Detailed plans were announced later.

The tuberculin patch test will be given in the schools prior to the survey and the showing of several tuberculosis is also planned.

was received this week Andreas Falcon who was admitted to the State Sanatorium for tuberculosis, has made complete recovery and will be home soon. He is the son of Mrs. Rosa Falcon and employed as a truck driver for Pierson Butane Co.

The case was revealed in the chest X-ray survey and the local Tuberculosis and Health Association instrumental in getting him admitted into the sanatorium.

Girl Cagers Top; Boys Tied for Second In District Cage Play

The Sanderson High School girls now hold top-notch rating in district standing. The girls maintained their lead in the game with Fort Davis last Friday night by the defeat of that team 36-25. The Fort Davis girls' team is in second place.

The boys are in a 5-way tie for second place, being topped only by the Fort Davis boys' team. The boys lowered their chances at little honors last Friday night at the hands of Fort Davis by a 58-49 score.

Yolanda Esqueda was top scorer for the girls in this game with 15 points, followed by Maria Silvas with 13 points. Charles Stegall was high scorer for the boys with 18 points, followed by Galar Cos with 14 points.

Last Thursday night the "B" boys won over Marathon here by a score of 45-27 with Enrique Valdez winning high score honors. In the girls' game, Maria Silvas scored 10 points and Ruby Bell, 8, in a win for Sanderson by 30-9. The "A" boys won their game 47-31 with Stegall making 14 of the total points for the locals.

The next home game series will be on February 12 against Fort Davis.

New '54 Car Tags Go On Sale Monday

New motor vehicle license plates went on sale here Monday, February 1. The plates for 1954 are black with orange numerals and the numbers commence with CA 3100.

The new plates may be purchased any time before March 31 but must be on vehicles that are in operation by April 1.

Car owners must present certificate of title and their 1953 car license receipt to obtain a new license. The law applies to pickups, trucks, trailer houses, motorcycles, motor scooters, as well as passenger cars.

NEW DIRECTORIES TO BE ISSUED ON MARCH 1

Announcement was made this week that the Southwestern Bell Telephone Co. is planning to issue new telephone directories about March 1.

The Times has been awarded the contract for printing the directories again this year and all copy for listings and advertising, as well as convenient information for phone users will come from Jack Martin of the Acme Directory Advertising Service in San Angelo and from the telephone company.

Any subscriber who desires to alter, add to, or delete any listing in the directory should take the matter up with the advertising company or with the telephone company as the publisher will have no authority to change any of the copy submitted by the directory service company.

Preliminary count indicates a slight decrease in the number of advertisers since the last directory was issued.

FIREMEN CALLED TO BLAZE WEDNESDAY AFTERNOON

A blaze in the wiring and motor of an automatic washing machine was the reason for firemen to be called to the home of Mr. and Mrs. Jack Hayre Wednesday immediately after lunch.

The blaze did not get beyond the confines of the machine and did no further damage to the house.

Mr. and Mrs. Max Wilson and children have moved from the Ferguson rent house to the John Whistler home vacated by Mr. and Mrs. Paul McKevey.

Bids To Be Given On 7.765 Miles Of U. S. Highway 90

Notice was given this week by the Texas Highway Department of the receiving of bids for construction of 7.765 miles of grades, structures, flexible base and asphalt pavement of 7.765 miles of U. S. Highway 90 from 56 miles west of Mofeta to .50 miles east of Dryden.

This construction job is one that was mentioned in The Times last week in the story concerning probable construction jobs on highways in the county this month.

Work will begin on the job this spring.

Terrell County residents, as well as many tourists who regularly travel the border scenic route of US 90, have long looked forward to the completion of improved highway between Sanderson and about 10 miles east of Dryden. This 7 3/4 miles of construction is the final stretch of this portion of the highway and is expected to increase travel over the all-weather road which offers many advantageous reasons for travel by visitors to this portion of Texas.

Legion To Sponsor 'Louisiana Hayride' Stars In Show Here

Stars you have heard of in the Louisiana Hayride programs will be here in person Monday night, February 8, for a big show open to the public.

The night's entertainment is being sponsored by the local post of the American Legion in order that proceeds may be used on helping to pay of the building indebtedness, according to E. J. Hanson, post commander.

These stars have performed over station KWKH at Shreveport, La., and promise a worthwhile program of entertainment which will be given at the high school auditorium.

Doors open for the program at 8:00 p. m. and the program starts at 8:30.

The Hayride stars will be here for one night only, Mr. Hanson said. Admission prices will be \$1.50 for adults and 75c for children. The program of music and song will furnish entertainment for the entire family, Hanson added.

A. B. CARTER, DDS, PLANS MOVE HERE

A. B. Carter, DDS, will arrive in Sanderson next week to look over possibilities for office space and housing facilities in preparation to moving here, Dr. John E. Carter, his son, announced this week.

The elder Dr. Carter and wife visited their son and family here last fall and have decided to make their home here if arrangements can be made for a house and office space.

The date for opening his offices for practice are indefinite.

Real Estate Sale Completed Feb. 1

C. W. Burdett disclosed this week the completion of a transaction which transferred the housing units on the north side of the highway to Roy Haley of Sanderson.

Mr. Haley has erected a large neon sign "Cactus Courts" and will continue operating the units as efficiency apartments and tourist courts.

LOCAL MASONS URGED TO ATTEND STATED MEETING

Tuesday night, February 9, is the regular stated meeting night of the Sanderson Lodge No. 988, AF&AM. The time of the meeting is at 7:30 and all local Masons are urged to attend.

TO TALK AT ROTARY MEETING

GLENN E. SCOTT

Recent developments in the field of telephone science will be demonstrated to members of Rotary International's Sanderson club on February 10 by Glenn E. Scott of the Southwestern Bell Telephone Co.

The program was obtained by Bill Yeatts, District Manager of the telephone company here.

Scott will demonstrate and explain the transistor, revolutionary development in miniaturizing communications.

He will show how the "world's weakest battery" — a silver quarter wrapped with a piece of wet blotting paper — provides enough power to activate a transistor oscillator.

He will demonstrate the "wire wrapping gun", a new device that substitutes for soldered connections, of which there are millions in the telephone system. The new method does a better job, quicker and cheaper.

Scott will predict "things to come" in telephone communications in the light of recent developments by telephone scientists.

Mrs. Boyd Holmes Dies In Del Rio

Funeral services were held in Del Rio Tuesday afternoon for Mrs. Boyd Holmes, 48, who died in that city Monday following a lingering illness.

The Holmes formerly resided in Terrell County where Mr. Holmes was engaged in ranching. They moved to Del Rio two years ago and he is a filling station operator.

Besides her husband, she is survived by her father, Fred Anderson, of Fort Worth, and a brother, Fred Anderson, Jr., also of Fort Worth and a grandson, Joe Frank Anderson.

Attending the funeral services from Sanderson were Mr. Holmes' son, Giles Holmes and family, his daughter, Mrs. E. C. Earwood and family; his son and daughter, John David and Jetti Ray Holmes.

Rain Gauge Shows .29 In January

The rain gauge at the Kerr Mercantile Company indicated .29 inches of moisture fell in Sanderson during the month of January this year.

This rainfall was mostly in the form of mists which fell during several nights last week and also was boosted slightly by very dense fogs which prevailed for several nights.

The .29-inches of rain during January will have to be increased in average per month during the year to come up to the 4.74-inches of moisture recorded here last year.

MRS. W. H. KIRBY TO HAVE SURGERY

Mr. and Mrs. R. A. Gatlin went to Del Rio Friday to visit with his sister, Mrs. W. H. Kirby, of Austin, who is transacting business there.

Mrs. Kirby, a former Terrell County resident, is to soon undergo major surgery in Austin for the relief of a gall-bladder ailment, according to reports.

BOY SCOUT TROOP SPONSORS PLAN REORGANIZATION

Extensive plans are under way by members of the Sanderson Rotary Club for the complete reorganization of the local Scouting program, John E. Carter, chairman of the committee, stated this week.

New plans call for immediate formation of a Court of Honor which will function properly, adding dignity to the recognition of a Scout's accomplishments; the immediate formation of a board of review and council to work in advisory and educational capacity in merit awards for the Scouts; and also the long-range plans for educational talks and demonstrations for Scouts in their regular meetings which will lend interest to the movement as well as furnish aid in work toward achievement awards; camporees, summer camp and a planned program for overnight camping intermittently.

Carter stated that he was also contacting men who could devote time periodically to working with the Scouts in the various phases of their training and plan to mold the entire program under the immediate supervision of the sponsoring organization, rather than place all of the load of the entire program on the Scoutmaster.

Carter an ex-Boy Scout and Scout worker, stated that he felt there was an immediate need here for a greater spirit of teamwork on the part of the sponsoring organization and parents with the boys of the Scout troop now and in the future. He added that he felt that the Scout troop would benefit greatly by such efforts in increasing the enrollment of the troop and holding the boys' interest for advancement to higher ranks in Scouting over a longer period of years.

The Boy Scout program here has been financed by the citizens of the community and sponsored by the Rotary Club for many years and extensive thought and study by members of the club, in cooperation with area Scout officials, has brought the need of more detailed planning to the attention of those interested in the Scout work.

Car Recovered Here After Being Reported Stolen in Comstock

James Robinson, Negro, was apprehended by local officers about 12 miles east of Sanderson about 11 o'clock Sunday night, according to Lee Billings, Terrell County Sheriff.

The sheriff's department received a call that a 1952 Mercury had been reported stolen from Alfred Irvin of Comstock at about 7 p. m. A roadblock was set up just east of Sanderson but, after waiting a reasonable length of time, the officers drove on to find the Negro in the car which had used up the supply of gasoline and was parked beside the highway.

Sheriff Steinmetz and Deputy Henry Ellledge and Constable Tom Turk of Del Rio came to Sanderson Monday to return the suspect and the car.

TWO DIVORCES GRANTED IN DISTRICT COURT

District Judge Roger Thurmond was in Sanderson Monday of this week to hold court.

Two divorce cases were disposed of when Florence Gonzales Chalambaga won her decree divorcing her from Fidencio Chalambaga, and Glenn E. Rosenquist divorced Mrs. Ina Mae Rosenquist.

These two cases were the first in the new term of court.

Mrs. Bell Sutherland, court reporter, accompanied Judge Thurmond to Sanderson.

Jack Savage, Trinity University freshman, visited here last week during the between-semester holidays with his parents, Mr. and Mrs. W. H. Savage.

Sanderson To Join State's Communities In Observance of Public School's Week And Centennial Celebration of System

A century of phenomenal progress will be celebrated by the Texas Public Schools during 1954, their centennial birthday year. In Sanderson heavy stress will be placed on Public Schools Week, opening Monday, March 1, and the visitation to the local schools by parents and school patrons.

The 100th birthday of the public school system falls on January 31, but the observance is scheduled to last all year because there is so much to celebrate.

Today's Texas public schools are a far cry from their humble beginning back in 1854 when the per capita payment was 62 cents and the permanent school fund was started with an initial endowment of \$2,000,000. The per capita payment has now grown to \$68 and the permanent school fund to \$249,016,781.

In the same state where youngsters used to be considered lucky if they were given three or four months of schooling a year, a minimum foundation program now guarantees every child a minimum of nine months of school each year.

It was on January 23, 1854, that a group of Texans converged on Austin for a mass meeting. "We will not only be the Empire State in point of territory," they solemnly resolved, "but in the number and excellence of our schools of learning."

It was a bold boast from a young state—one which had been admitted to the Union less than nine years before. But just eight days later, the Common School Law was enacted. It established the free public school system of Texas.

Six periods of peak interest in school have been selected by the State Board of Education for the statewide observance of the centennial, but local groups will decide for themselves if these are of the greatest interest locally, and will probably settle on the observance of the Texas Public Schools Week, the first week in March, as the primary major observance.

Different communities will observe different dates, significant to the public schools in different ways during the centennial year. But they will all be trying to accomplish the same purpose: to acquaint the public with school problems and to urge the public to help in working out solutions that will give 1,600,000 youngsters in our schools a better education.

More details of the observance will be worked out by school officials concerning the observance of Texas Public Schools Week and announcements will be made later concerning the plans.

All school patrons and parents of students are urged to keep the dates in mind.

695 POLL TAXES PAID FOR 1954

This year will find the voting strength of Terrell County approaching normalcy with 695 poll taxes issued by Miss Sue Burchett, deputy tax collector.

There were 30 alien registrations and seven exemptions issued.

Saturday marked the last day for the payment of 1954 poll taxes. The first election scheduled is for the trustees for the common school district and for Terrell County in April. The July primaries will follow and the general election will be in November.

The tax collector's office remained open Saturday afternoon after an unusual number of poll taxes were paid Saturday morning, but only a few persons were on hand in the afternoon to meet the deadline.

SANDERSON BAND ATTENDS CLINIC IN DEL RIO

The Sanderson High School Band goes to Del Rio Saturday, February 6, to take part in that school's annual festival-clinic activities.

Each band entered in the festival will appear on the stage 30 minutes to play for clinicians chosen from outstanding college bandmasters in this area. Each band will receive suggestive criticism for improvement in the presentation of their music. The improvements will be made in preparation for participation in the regional contests.

Activities of the afternoon will be highlighted by a mammoth parade through downtown Del Rio with all the bands participating. The climax of the festival will be the performance of the all-star band Saturday night when they present a special concert program. The all-star band will be made up of outstanding musicians from all the bands present.

Phillip Cherry is director of the Sanderson High School Band.

Barbara Sharon is the name given to the four-pound daughter born in a Uvalde hospital Wednesday, January 27, to Mr. and Mrs. Jimmie LaCross. Mrs. LaCross and the baby have been moved to the home of her parents, Mr. and Mrs. Lowell Tubbs, of Utopia. Mr. LaCross spent the week end there with his family.

Mrs. R. H. Ingram received word Wednesday of the birth of the second child, a son, to her son, Roy C. Faulkner, and wife of El Paso. The baby's birth weight was seven pounds and five ounces. Mr. and Mrs. Ingram and her father, A. V. Skinner, who had been visiting here, went to El Paso Thursday to visit with the new arrival and his parents.

A daughter, their first child, was born by Caesarian section Wednesday night in a Fort Stockton hospital to Mr. and Mrs. L. F. Parker, Jr.

Mr. and Mrs. Ed Wagner are the maternal grandparents.

April 15 Deadline Before Arrests Begin On Inspection Law

Captain Glen Warner, commanding officer of District 7, of the Texas Highway Patrol, with headquarters at Pecos, has announced that highway patrolmen would issue tickets to persons who operate an auto on the streets and highways after April 15 without a current inspection sticker.

The patrol captain said that the men in his command have all received orders to that effect as the result of a directive issued at Austin by Homer Garrison, Jr., director of the Texas Department of Public Safety.

Capt. Warner also pointed out that local and county police officers are empowered to enforce the inspection law.

According to the patrol commander, only about 20 per cent of the cars in the 16-county area have been inspected to date. This means, he said, that car owners who have not yet had their vehicles checked will run the risk of being caught in a last-minute rush at the inspection stations if they delay longer in complying with the law.

Mr. and Mrs. V. E. Musick of San Angelo returned to their home Monday after spending the week end here with her sister, Mrs. M. W. Duncan and Mr. Duncan. Mrs. T. A. Briggs, who had visited here for several weeks in the Duncan home, accompanied the Musicks to San Angelo.

Texas Press Association

Austin, Texas — What will happen at a special session of the Texas Legislature, to convene about March 15, depends upon action — or inaction — by the U. S. Supreme Court on this state's gas gathering tax.

There are three possibilities:
1. That the high court will not hand down its decision before or during the session. In that event, a new tax bill must be passed if the teachers are going to receive their pay increase.

2. That the court will declare the tax invalid. Under those circumstances, the Legislature could rewrite the bill so as to remove the court's objections.

3. That the court will approve the tax. If this is the ruling, Texas will have sufficient funds on hand and in sight to grant the teachers their salary hike.

In announcing that he would call the legislators to Austin for a 30-day meeting around mid-March, Governor Shivers said that if the gas gathering tax is ruled out by the court, "it probably will result in increasing some existing taxes."

House Speaker Reuben Senterfitt disagreed with the governor on several points. Primarily, Senterfitt reasoned that the Legislature should not be called until the Supreme Court's ruling on the gas tax is made.

Money to pay the teachers should come from the gas gathering tax, the speaker argued, and it will be extremely difficult to pass any other kind of a tax bill during a 30-day session.

If the teacher pay problem is resolved before the special session's 30 days are ended, other subjects may be submitted to the Legislature for its consideration, Shivers said.

Among these subjects he included: laws to clamp down on Communists; building programs for medical college branches and rehabilitation of Texas School for

ranchman who is taking a risk in employing these immigrants. It poses a serious problem, also, to the officers who are trying to do their job to stop immigration.

This business about the ground hog knowing all about the weather for the next six weeks is as much a mystery to this column as the amount of cream in a cardboard carton of milk.

Tuesday was the day for the chuck to venture out. If there was one around here who survived the drouth, then we will give him credit for also having enough intelligence to know how to predict the weather.

The sun did shine for a brief period Tuesday afternoon late and if said chuck did come out he could have seen his shadow, if he was looking eastward.

Which all boils down to the fact that the sun was shining Tuesday and you can take your own guess as to the weather for the next six weeks. Personally we think that anything, including a groundhog, who has lived in this country long enough to survive a drouth, knows better than to predict the weather.

And as long as we have to have our milk put up in cartons like Post Toasties and Shredded Wheat I may as well crawl back into my place of hibernation until a change in the weather and possibly a change in packaging milk.

Looks like our dear friends in Washington are going to kill the most needed amendment that has been proposed in many years. It is a sad situation when a politician will place party influence ahead of the welfare of the country. The Bricker Amendment is designed to preserve the Constitution. This column doesn't have all the ramifications of the proposed amendment, but from what we have seen and read of it there can be no doubt in our way of thinking that it would have prevented some of the one-man treaties and pledges that have proved costly in the past. It also seems that it could be the means of preventing other commitments which might cost us the Constitution itself.

Kip Gatlin, Texas Tech sophomore, left Sunday for Lubbock after spending several days here with his parents, Mr. and Mrs. R. A. Gatlin, between semesters. Miss Carol Crouch, of Higgins, accompanied him home for the visit.

Mrs. John Burchett was brought home Sunday night from Alpine where she has been visiting in the home of her sister while she recuperated from major surgery.

Life Expectancy Increase Noted By Dr. Geo. W. Cox

"Texans are living longer than ever before," declares Dr. George W. Cox, state health officer. A baby born in 1937 had a life expectancy of 59 years. This has increased during the past 17 years until now a baby born in Texas today can reasonably expect to live to the age of 69 or very near the Biblical prophecy of three score years and ten.

Many things have contributed to this extension of life, such as early diagnosis, new methods of treatment and medicine, immunization, and the intensive public health program conducted by the Texas State Department of Health and local health agencies. The program has stressed education and demonstration.

Dr. Cox points out that the greatest strides in disease prevention has come about in diseases of infancy and childhood. Since 1937 infant mortality has been reduced 54 per cent diarrhea, enteritis and dysentery 668 per cent, whooping cough 88 per cent, diphtheria 92 per cent, and other childhood diseases. During the past 17 years, tuberculosis deaths have dropped 76 per cent, malaria 99, syphilis 74, appendicitis 98, pneumonia 72, and typhoid fever 98 per cent. Smallpox has all but disappeared.

Dr. Cox warns against any feeling of complacency or reduction in efforts to prevent disease. Those listed above could, if not guarded against, again become a definite menace to health. Some diseases have increased, especially among those over forty years of age. Two of these are heart and cancer whose toll continues to mount. More emphasis must be placed on them as well as the so-called degenerative disease because as our population ages they are becoming more common.

Cadillac On Display By Alpine Dealer

"With its presentation of the 1954 models, Cadillac motor car division enters a year significant in the history of the V-8 engine," Henry Bailey, Terrell County Cadillac dealer stated this week.

1954 is the 40th anniversary of Cadillac's introduction of the water-cooled V-8 engine type now accepted by most American fine car manufacturers. In 1949 Cadillac brought the V-8 to a new stage of development with the introduction of its present high compression, high efficiency engine design.

Bailey extended a cordial invitation to all Terrell County residents to visit his showroom in Alpine and view the many fine features of the new Cadillac.

Contractor's Notice of Texas Highway Department Construction

Sealed proposals for constructing 7.765 miles of Gr., Strs., Flex. Bs. & Asp. Pvt. from 0.56 mi. West of Mofeta to 0.50 mi. East of Dryden on Highway No. US 90, covered by C-22-2-10, in Terrell County, will be received at the Highway Department, Austin, until 9:00 A. M., Feb. 17, 1954, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

1954 CADILLAC SERIES 62 SEDAN—A styling highlight of the 1954 Cadillac Series 62 six passenger sedan is the integral windshield visor formed by the roof's forward overhang. Dramatic new styling and new chassis and suspension engineering make the 1954 Cadillac a major automotive advance establishing important future trends, according to Don E. Ahrens, General Manager of Cadillac Motor Car Division. Panoramic windshield, new front and rear end designs, new low length of body lines and increased interior roominess are outstanding. With improved steering, braking, handling and riding qualities, the new Cadillac delivers even greater smoothness and responsiveness from its high compression V-8 engine.

Thursday Club Entertained In Mrs. Hahn's Home

Mrs. A. J. Hahn, Jr., was hostess last week when she entertained the Thursday Bridge Club in her home.

Mrs. J. R. Armstrong was winner of the high score prize, Mrs. Hugh Rose, second high; Mrs. W. E. Stavley, low. Siam prizes were held by Mrs. Anderson and Mrs. H. E. Fletcher.

Pecan pie topped with whipped cream, tea, and coffee were served to sixteen guests including Mmes. J. O. Little, Jr., W. E. Stavley, Jack Riggs, I. B. Rusk, M. W. Duncan, H. E. Fletcher, J. R. Anderson, Mary Lou Keller, C. H. Stavley, Willie Banner, M. F. Bader, M. H. Goode, Jr., John Reininger, H. E. Ezelle, A. H. Zuberbuehler and Hugh Rose.

RETURNS FROM VISIT

Mrs. Ernest Jessup and her two grandchildren are visiting in Barksdale with her son and daughter-in-law, Mr. and Mrs. Lowell Jessup. Mrs. Jessup brought her grandchildren home with her when she recently returned from a visit with her son-in-law and daughter, Mr. and Mrs. A. G. Thornberg, Jr., in Long Beach, Calif. Mr. Thornberg, who is in the Naval Reserve, has been called into active service and the family is moving to Detroit, Mich.

Jack Talbot, San Angelo College sophomore, spent several days here last week with his parents, Mr. and Mrs. F. H. Talbot. He was accompanied by Eugene Hibbard of San Angelo, also a SAC sophomore.

Mrs. Joda Thompson and two children have moved to the Stumberg rent house vacated by Dr. and Mrs. J. E. Carter.

Birthday Party Sunday Honors Christine Ochoa

Sunday was Christine Ochoa's third birthday and her mother, Mrs. Pablo Ochoa, Jr., entertained with a birthday party in her honor at her home.

After the little guests had enjoyed a period of games, cookies, candy, and chocolate were served with the birthday cake.

Guests were Oscar Lopez, Rosa Elia Silvas, Marta and Manuel Ochoa, Arabella and Mirta Lopez, Rosa and Ida Casillas, Sarita Ochoa, Irma and Lucila Galvan, Dora Elia Valdez, Bobby Garza, Mario Flores, Melva and Lavan Flores, Veronica and Ricardo Trevino, Ramoria Marquez, Anabela and Oscar Escamilla, George Munoz, Ida Flores, Rudy Flores, Maria and Fay Clelia Lira.

Mothers present were Mesdames F. Lopez, S. Silvas, W. Ochoa, G. Valdez, R. Garza, M. Flores, J. Trevino, J. Marquez, M. Escamilla, M. Gutierrez, M. F. Diaz, N. Lira and Pablo Ochoa, Sr.

Mr. and Mrs. Clarence Chandler have moved from Mrs. Roy Harrell's apartment to Mrs. Mary J. Wolfe's home.

Mr. and Mrs. Don Anderson have moved to Miss Myrtle Harrell's home.

Bridge - Luncheon In Sudduth Home For Wednesday Club

Mrs. W. W. Sudduth was hostess this week when the Wednesday Bridge Club met in her home for luncheon served at 1 o'clock.

In the bridge games which followed, Mrs. Jack Riggs was winner of high score prize, Mrs. Herbert Brown was second high and Mrs. Tol Murrath was low.

The Sudduth home was decorated in almond blossoms, violets and gladiolus.

Other guests included Mmes. J. T. Williams, Clyde Griffith, Burtin Canon, Web Townsend and S. L. Stumberg.

Mr. and Mrs. B. J. Altimore have moved to Bill Goodwin's rent house. Harry Sharp is occupying W. G. Downie's rent house.

Ellis McDougal, Joe Wolff, D. E. Elrod left Saturday on a fishing trip to Guaymas, Mexico. Mr. McDougal's sister, Mrs. T. L. Leader, of Elgin, will operate his business while he is away. Her sister, Mrs. C. Boultinghouse, with her husband and daughter, Judy, of San Antonio and her daughter, Mrs. Martha Athas and son, Douglas, of Austin, accompanied her to Sanderson, returning to their homes Sunday.

Mrs. J. W. Carruthers Hostess Tuesday To Lunch Club Meet

The Ranch Home Demonstration Club met Tuesday morning at the ranch home of Mrs. J. W. Carruthers, Sr.

Members answered roll call with verbs. The budget was discussed and the group voted to serve cakes in the future during the period instead of in the afternoon. Mrs. E. F. Pierson gave reading on the worst fog in the history of London.

At noon, Mrs. C. H. Berry, assisted by Mrs. Carruthers, served a meal of fruit salad, vegetable soup, potato chips, tea and coffee.

The school girl lunches that have been brought by the members were baked by Mrs. Dudley Harmon and Mrs. Pierson were also baked.

Miss Vera Thormann, demonstration agent, discussed the buying of ready-made garments, passing the judging, washing and ironing of the new synthetic materials.

Mrs. N. M. Mitchell was elected delegate to the Pecos County Council of Home Demonstration Agents.

Members present included Mmes. Garner, E. B. Holland, J. W. D. James, Caroline, Carl Cochran, W. F. Frazor, M. W. Dunlap, E. F. Pierson, Lee Grigsby, A. Wright, Miss Eva Carruthers and Miss Vera Thormann.

Baptist W. M. S. Has Business Meeting

The members of the Baptist W. M. S. met Monday afternoon in the church for a business session with J. L. Blackwelder, president, presiding.

The group sang the hymn, "Send Light," and Mrs. H. G. Cates gave the opening prayer. Mrs. Blackwelder brought the devotionary, discussing "How Communists Pose Minds."

Monthly reports were given by the officers.

Announcement was made that there will not be a meeting of the W. M. S. Monday since the group will be making preparations for dinner to be served to honor the graduates of the high school.

Those present were Mesdames O. Belcher, O. D. Gray, H. G. Cates, Maude Sullivan, W. D. Marshall, Roy Bogusch, B. M. Spence, B. E. Carr, A. D. Brown, T. Moore, S. D. Thompson, Lloyd Harmon, and J. L. Blackwelder.

Birthday Party Honors John Cates And David Rusk

Mrs. H. G. Cates and Mrs. I. B. Rusk entertained with a party in the Masonic Hall Saturday afternoon to honor their sons, John and David, on their seventh birthdays.

Crepes, paper streamers and balloons in colors of yellow and blue decorated the hall. Games furnished diversion for the party and favors were bags of assorted favors and funny books.

Twin tables, which were lace-covered, held the individual birthday cakes decorated in cowboy scenes in pink, green, yellow and blue. Ice cream was served with the cakes.

Mrs. O. D. Gray assisted the hostesses in entertaining the children. The guests included Billy Ivy, Sherlyn Earwood, Wallie Welch, Susan Couch, Roy Deaton, Jr., Elvaine Farley, Tommy Turner, Janet Billings, Kenneth Anderson, Mary Ann Spears, Suzanne Downie, Steve Harkins, Jody Kay and Diane Tronson, Yvonne Forth, Buddy Joe Hahn, Dee and Tommy Gray, Buddy Moore, Barbara Cates and the honorees, John Cates and David Rusk.

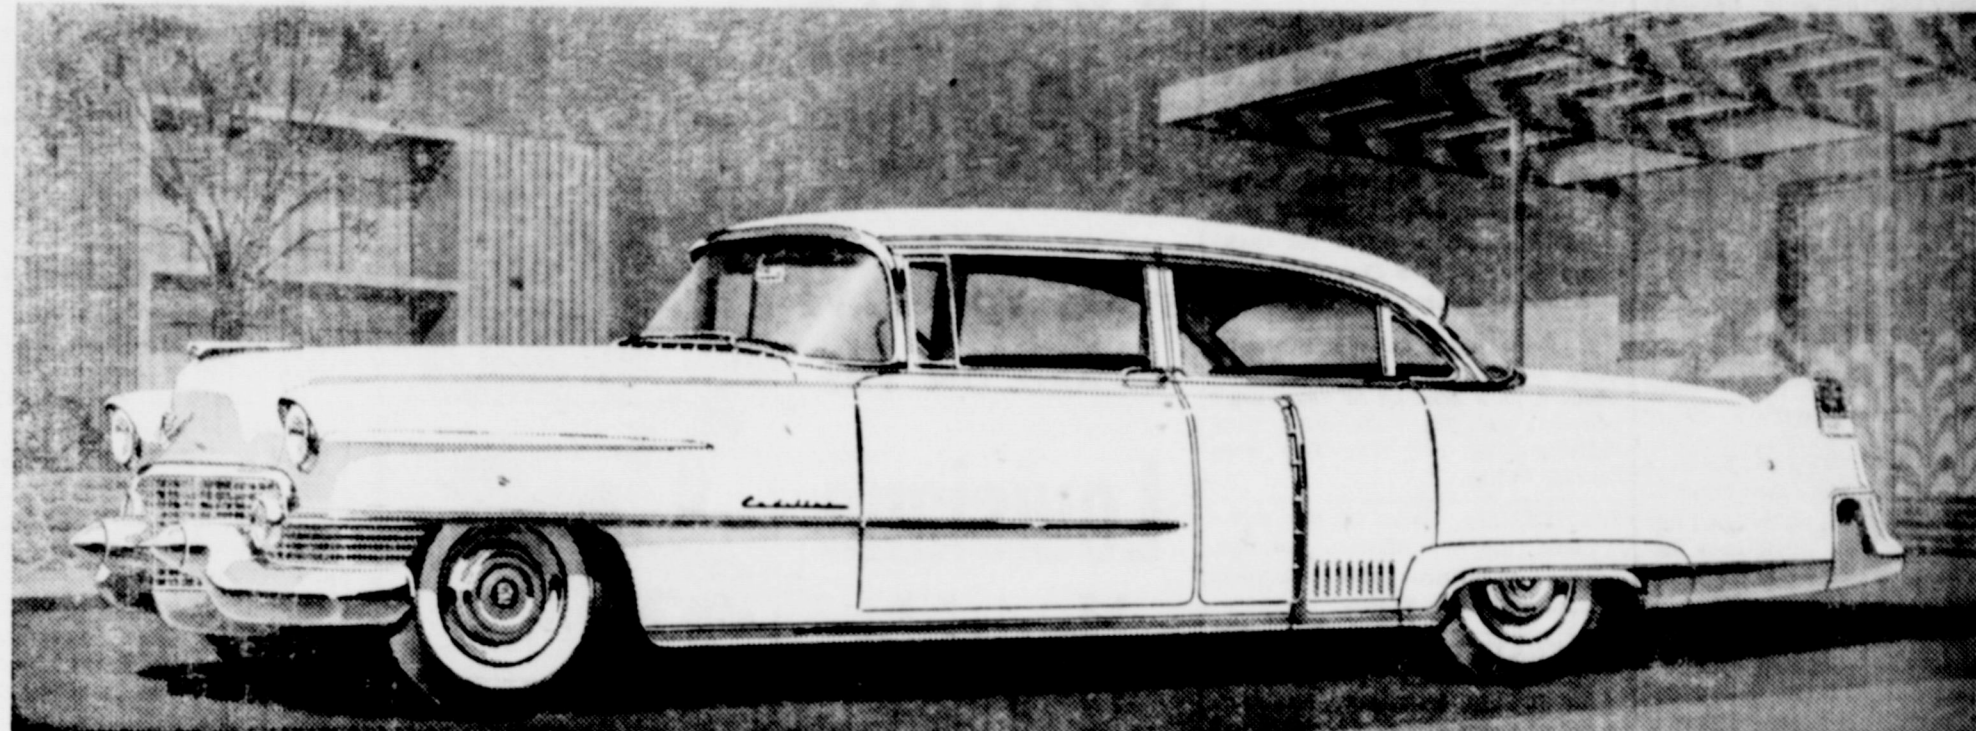

Mrs. E. F. Pierson Hostess Thursday To Bonhomie Club

The Bonhomie Club met Thursday afternoon in the home of Mrs. E. F. Pierson. Following the usual period devoted to fancywork and conversation, the hostess served refreshments of coconut pie, Swedish rolls, coffee and tea.

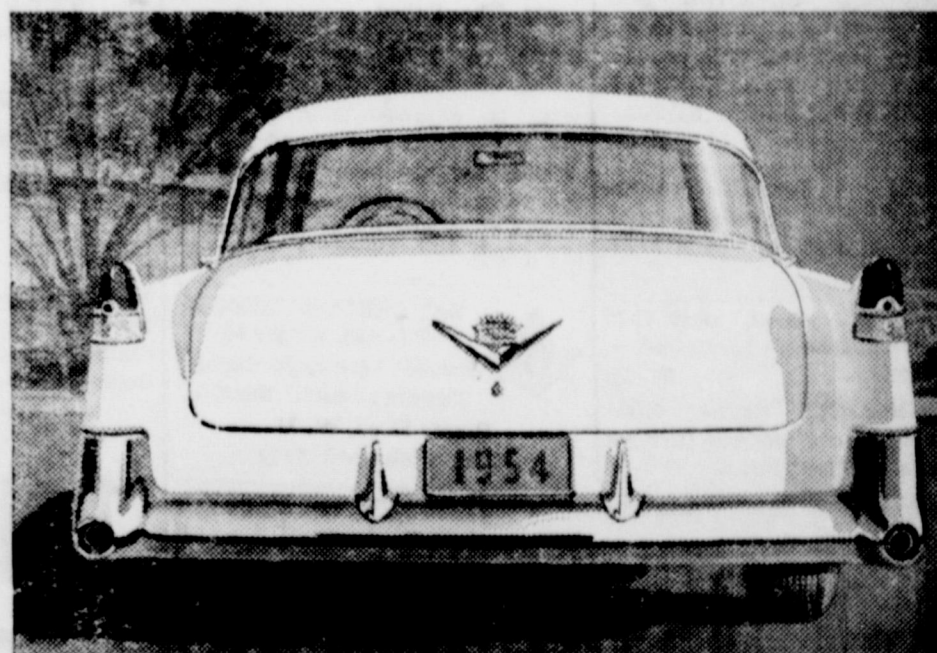

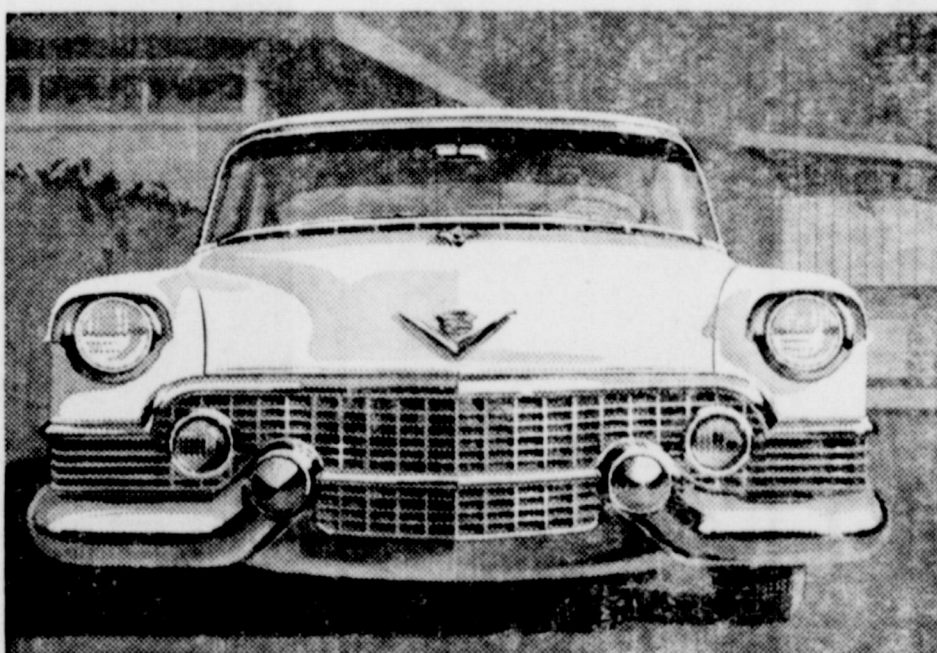

Those present were Mmes. B. E. Carr, W. F. Frazor, Claude Hill, James Caroline, Chester Boyd, L. A. Wright and A. B. Gates.

Presenting the
1954 CADILLAC
Styled to be Copied for Years to Come...

...and as Thrilling to Drive as to See!

The new "Standard of the World" is now on display in our showroom. It is not just a new model, but a wholly restyled and re-engineered Cadillac—new from its more massive grille to its more distinctive rear deck.

It is lower and longer in silhouette... more modern and graceful in its body lines... and with greater majesty and dignity in every detail. Beyond question, it is destined to influence the design of motor cars for years to come.

Matching this greater exterior beauty are Cadillac's luxurious new interiors—more generously proportioned and more beautifully

appointed than ever before... and executed in a dazzling array of gorgeous new fabrics and leathers.

And, what is even more remarkable, this wonderful new Cadillac is as thrilling to drive as it is to see!

A great new 230-horsepower engine has added new power and responsiveness. A vastly improved Hydra-Matic Drive provides even greater smoothness and flexibility. Advanced Cadillac Power Steering, now standard equipment on every model, brings with it a whole new concept of steering and handling ease. And new Cadillac Power

Braking* has introduced wonderful new motoring safety and convenience.

This greater Cadillac beauty—and this finer Cadillac performance—are available for 1954 in three brilliant new series of motor cars... the remarkable Series 62, the distinguished Fleetwood Series 60 Special and the magnificent Fleetwood Series 75. And, of course, there is also the supremely beautiful Cadillac Eldorado.

These inspiring creations are in our showroom now—awaiting your critical inspection. We cordially invite you to see and drive them at your earliest opportunity.

*Optional at extra cost.

We Wrap Wires...and Save You Money

IF THERE'S A WAY TO SAVE YOUR DOLLARS by doing things faster, easier and less expensively in the telephone business, we'll find it. Take the matter of making wired connections—something we must do a billion times a year. The ingenious "gun" shown above was developed to wrap wires on telephone equipment with one quick zip—so tightly that solder isn't needed. This method saves untold time—one of the many economies that are practiced every day to hold down the price of your telephone service. SOUTHWESTERN BELL... A TEAM OF 27,600 TEXAS TELEPHONE PEOPLE... AT YOUR SERVICE.
