LISTEN TO LUKE

Now that the election is over, everybody can buckle down for another two years.

Whether the election went to you or not it expressed the wishes of a majority of the voters of Texas and Governor Shivers will be Texas governor for another term.

There was a great deal of controversy in other states regarding the outcome of this run-off primary. Personally, I am willing to see the man Texans want, rather than to be ruled by the dictates of the man who is elected to head the Typographical Union, of which I am a member, who lives in Indianapolis, but that man, and he is a good one, is elected by members of our union to head the great organization but not to dictate political policies for the members.

What is more important to me is the fact that Texas wants a "conservative" Democratic head, rather than a "liberal".

There has been no official designation as such, but clean-up time is here again.

The weeds have grown up — God only knows how, with so little rain — but the town sure needs another clean-up.

After the other drive recently, there was a noticeable shortage of trees and the town made a much better appearance to visitors. Since the bridge is re-opened and traffic is flowing our way again, we have to try to impress the visitors with a clean, neat town.

Do your part by cleaning your own premises and maybe your neighbor will do likewise.

Carlton White, one of the old-time railroaders in this city, has started the remodeling of the local theatre which he manages. Evidently Carlton thinks that he will be a railroad employee in the town of Sanderson for some time to come.

We like to see that kind of confidence. We like to know that some of the railroad men have faith in the future of the town.

We had our attention called to the fact that two Shivers' ads in last week's paper did not carry the line "paid political advertisement" at the bottom. We regret that this fact was overlooked, but we are sorry, too, that a reader thought that possibly political advertising or any other type of advertising in The Times was not paid.

It so happens that all political advertising of any nature whatsoever is paid and we try to get the money for all other types of advertising, too.

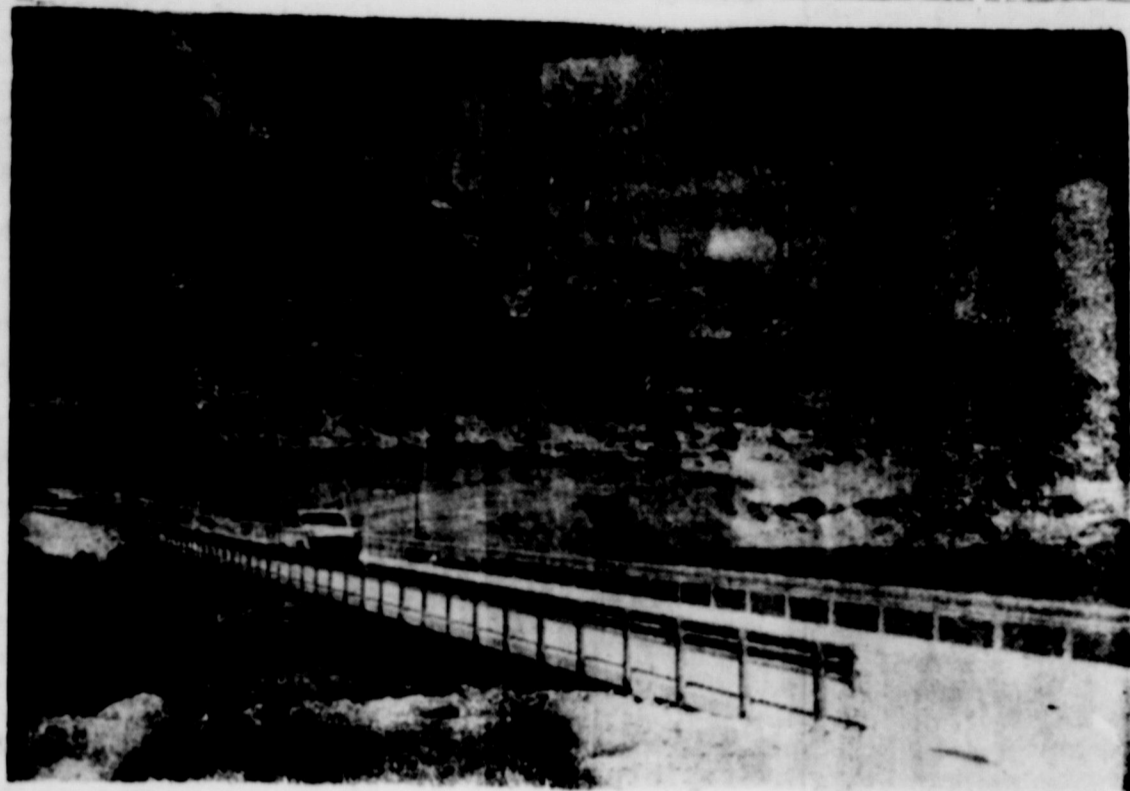

School is under way with this week's writings and local motorists are asked to carefully observe all possible safety precautions in approaching the school grounds during school hours and at the noon period when there is a general rush to get home for lunch.

It will be a precaution that is well worth observing.

Cpl. Bobby Joe Hill Takes Tennis Racquet on Korean Army Tour

Cpl. Bobby Joe Hill, a supply clerk in B Company, 21st Infantry Regiment, who recently arrived in Korea, took along with him a much-prized tennis racquet.

Before entering the army and while a pupil in the Sanderson schools, Hill was seven times the state B tennis champion and in 1949-50 he won the Texas State Amateur Championship. He began his tennis career when he was only eight years of age. Hill took his racquet to Korea in order to continue to play while in the service. He hopes to also be able to teach others the finer points of the game. Hill is the oldest son of Mr. and Mrs. Joe Hill of Sanderson.

Stumberg Named As Australian Visitor By U. S. Department of Agriculture

S. L. Stumberg, Terrell County ranchman, member of the Wool Bureau, vice-president of the National Wool Growers' Assn., and ex-president of the Texas Sheep and Goat Raisers' Assn., was named last week as official visitor to Australia to study the sheep and wool industry in that country and see their operational procedures.

Stumberg stated that the Australian government sent invitations to the State Department who in turn handed the information to the Department of Agriculture who went to the national organizations

to select the representatives.

The expenses of the six-week trip are being borne by the Australian government.

Stumberg stated that there would be three men from the ranch industry, two men from co-operatives and one representative from the State Department making the trip.

Stumberg stated that he had been host on several occasions to ranchmen from the "down under" country and had met several men connected with the sheep and wool industry in his work with the Wool Bureau and would be renewing acquaintances while on the trip, as well as meeting many new friends.

The group will go by plane from the West Coast on September 15.

Stumberg stated that the group had been told that Spring would be in full bloom by the time they got to the South Seas continent and to prepare their traveling wardrobe accordingly, rather than consider the fact that we are approaching the autumn and winter seasons in this country.

He added that the State Department was making all the plans for the trip, from passports and visas to plane tickets, as well as the itinerary for the Australian tour.

Safety Emphasized By Local Officers

Motorists are warned that safety precautions are in order for the next nine months, especially on local streets, to take every child through this school year without a traffic mishap.

Caution signs will be placed at intersections surrounding the school during school hours to warn motorists of the dangers that lurk from carelessness and child-like actions of darting from behind cars in their rush to leave the school grounds and in going to and from the band house.

All drivers are again asked to please use the streets east and west of the streets adjacent to the schools during the noon period to avoid congestion at that time.

Teachers will again be asked to park their cars on the side of the street opposite the schools to eliminate some of the hazard of children running out from behind parked cars.

Many of the children will be riding motor-scooters and bicycles and the proper precautions for those vehicles have been handed down by local officers, parents and school officials; but child-like carelessness should put the motorists on guard to have complete control of his vehicle where children are in such great numbers.

BEVERLY THORN RECEIVES DEGREE AT SUL ROSS

In the commencement exercises at Sul Ross last Thursday evening, Miss Beverly Gene Thorn received her Bachelor of Science Degree in Range Animal Husbandry. After graduating from the Sanderson High School, she attended San Angelo College and Texas Western College before enrolling at Sul Ross.

Miss Thorn is the daughter of Mr. and Mrs. Gene Thorn.

Philip Cherry of Snyder, formerly band director here, received his M. A. Degree from Sul Ross College also.

New Housing Law For 'Average Man'

Washington — "Consideration for the average man" is the distinguishing feature of the Housing Act of 1954, says Norman P. Mason, Commissioner of the Federal Housing Administration.

In a statement to Washington Report, the weekly newspaper published by the Chamber of Commerce of the United States, Mr. Mason said "the average man" accounts for the fact that the building industry is the third largest in the country. He's the man, furthermore, for whom the act is primarily intended.

"The extent to which each of the provisions can be expected to help bring good housing within the reach of the average citizen has been the measure by which it has been judged worthy of incorporation within the act."

Mr. Mason predicted the Housing Act of 1954 will permit the nation's home building and lending industry to establish new records both in the construction of homes and in the rehabilitation of existing homes. The 1954 act returns to one general pattern for insuring loans on single-family homes and one for multi-houses and co-operatives.

Mr. Mason said the act contained these typical examples of the concern for the average man that was uppermost in the mind of the law's sponsors: smaller down payments, extension of the maximum mortgage terms to 30 years in all cases, and an increase in the amounts of mortgages which may be incurred; more liberal mortgage insurance for existing homes; provisions for "open-end" mortgages. These permit the outstanding balance of a mortgage to be increased by amounts borrowed for repairs, improvements or additions to the property; changes in the program for modernization and repair to reduce the frauds perpetrated by glib salesmen. The changes place more responsibility for making a good loan on the lending institution by making it a co-insurer.

Mr. Mason is a former director of the National Chamber and former chairman of the Chamber's Construction and Civil Development Department committee.

Renovation of Theatre Started Last Week

Carlton White, manager of the Princess Theatre announced this week that the renovation of the interior of the theatre is under way and extensive efforts are being made to modernize the show place as well as assure the comfort of movie patrons.

G. H. Eager of Dallas is staying in Sanderson and doing complete rebuilding work of the seats of the theatre. The seats will be re-spaced so that more room will be available between the rows, adding to the comfort of patrons.

A new wide screen will be installed to meet the trend of panoramic pictures and will offer decided advantage to the entertainment possibilities here, White said.

The seats that are in the theatre now were installed in 1940 and, according to White, are badly worn and were in bad need of repairs. He said that he appreciated the fact that the local movie-goers had taken as good care of the seats as they had and would appreciate the same consideration following the present re-building work.

Mgr. White concluded with his appreciation for the patronage of local people in the past and stated that his efforts would always be spent in assuring the public of the best in movie entertainment and comfort.

METHODISTS TO HAVE DINNER SUNDAY NOON

The members and friends of the Methodist Church are reminded of the dinner to be served on the courthouse lawn Sunday after the morning service. Everyone is requested to bring their dinner and drinks will be provided. The school teachers and their families will be honored.

Serving will begin at 12:30.

Mrs. Tom Parisher and Tommy Kay are residing in the Jack Laughlin garage apartment.

BALLOTING LIGHT IN TERRELL COUNTY

Balloting was very light in Terrell County Saturday in the run-off primary when the Democrats of the county went along with the rest of the state in selecting Allan Shivers as Governor over Ralph Yarborough.

Voters of the county who voted in Sanderson cast 191 votes for Shivers and 148 votes for Yarborough. In Dryden there were 59 votes for Shivers and 15 for Yarborough.

In the Supreme Court run-off, Brewster garnered 208 votes in Sanderson and 35 in Dryden to follow the state in electing this man over Scott who got 103 votes in Sanderson and 30 in Dryden.

Lloyd W. Davidson, who was unopposed in the run-off because of the withdrawal of Allan Haley in the race for an appellate court place, got 317 votes in Sanderson and 70 votes in Dryden.

The above counts are unofficial tabulations, subject to canvassing by the County Democratic Executive Committee.

Although absentee voting indicated a heavy vote in the county for the run-off, voters failed to show up at the polls.

Five Committeemen Named To ASC Board

After the county election board had counted ballots for the ten committeemen on the list of candidates for the five places on the local Agriculture Conservation & Stabilization Committee, Tol Murrain was certified as chairman of the committee with Clarence Jessup and Roy Deaton serving with him as regular members. Lee Dudley is the first alternate and Reginald Monroe, the second alternate.

Monday, August 30, was the deadline for the casting of ballots. The following Terrell County ranchers were nominated by the election board: Lee Dudley, Tol Murrain, A. A. Shelton, Roy Deaton, Reginald Monroe, Noel James, Sid Smith, Felix Harrison and Clarence Jessup. The five men receiving the most votes make up the ASC committee for 1955 and took office Wednesday, September 1, according to a report made by F. M. Wood, ASC supervisor.

Ray Brotherton is chairman of the election board with Bernie Kerr and Hugh Rose as the other two members.

Rotary Governor Pays Official Visit to Club

Leander Wagner, District 184 Rotary International Governor, arrived in Sanderson Tuesday evening for an official visit to the local club.

Governor Wagner conducted an assembly with the officers and directors of the club Tuesday evening at the Turner Hotel, then met with the club in regular luncheon at noon on Wednesday. Matters pertaining to the club operations were discussed at the assembly and Mr. Wagner spoke on Rotary principles at the noonday luncheon.

The visiting governor was entertained Tuesday night in the home of Mr. and Mrs. Herbert Smith.

Club President Earl Pierson was complimented by the visitor for the splendid program of work outlined for the year and for the fine manner in which the report to International was prepared.

The Rotary Annex had planned a luncheon for Wednesday noon honoring Mrs. Wagner, but found that she was unable to accompany her husband here because of the arrival of a new grandson. The ladies had their luncheon as planned but without the honor guest. The luncheon was served in Fellowship Hall in the Methodist Church by the ladies of the church.

LABOR DAY SCHEDULED AS BUSINESS HOLIDAY

Labor Day, which falls on Monday, September 6, will be observed as a holiday in Sanderson, according to an announcement made this week by Mrs. C. P. Peavy, secretary of the local Retail Merchants Association.

All of the stores will be closed, with the exception of service stations and cafes. The Sanderson State Bank and the postoffice will also observe the national holiday.

The schools will not be closed for the holiday.

MARSHALL MILLER DIES IN SAN ANTONIO

Funeral services will be held Friday morning at 10 o'clock in San Antonio for Marshall Miller, 35, and burial will be made in that city. Mr. Miller is a son-in-law of Mr. and Mrs. W. R. Stumberg of Sanderson who were at his bedside when death came after a long illness.

Mr. Miller, president of a chain of grocery stores in San Antonio, was a native of Illinois. He had resided in San Antonio for 21 years and was a graduate of T.M.I. and of the University of Texas.

Survivors include his widow, Mrs. Elsie Stumberg Miller, a son and a daughter, his parents, Mr. and Mrs. C. W. Miller of San Antonio.

BAND BOOSTERS TO HAVE BIRTHDAY CALENDARS

At a called meeting of the Band Boosters by Mrs. Herbert Brown, president, Wednesday evening, the group planned to have the birthday calendars for their money-making project again this year. Listings of birthdays, anniversaries, and meeting dates will be on the calendars and solicitations will be made by the band members.

568 PUPILS REGISTER FOR 1954-55 TERM

Leander Wagner

Regular class sessions were held in the schools of Terrell County on Wednesday, opening the 1954-55 school term. A meeting with the teachers was held Tuesday to complete plans for the new school year and preparations were completed for the opening of school. Registration of students from the eighth grade up was on Friday and Saturday of last week and Monday of this week.

The enrollment on Wednesday was about 25 short of last year's enrollment. There are 425 pupils in the elementary grades and 138 in the high school. There are ten pupils in the Dryden elementary school.

The county's total of 568 will probably be increased in a few weeks with the return of several families who have been doing migrant work during the summer months.

The enrollment by grades includes: 1st, 72; 2nd, 52; 3rd, 44; 4th, 52; 5th, 53; 6th, 55; 7th, 53; 8th, 39; 9th, 40; 10th, 38; 11th, 36 and 12th, 24.

EAGLES WORKING FOR SEASON GRID GAMES

The Sanderson Eagles have been working out for a week under the direction of Coach Carlton Smith, assisted by Robert Carle, who was pinch-hitting for a week as assistant coach, due to the absence of W. H. Riley, assistant coach, who was completing his summer's work. Two workouts daily have put the Eagles in fair shape, according to Smith, who is teaching offensive T-formation plays with some spread modifications to the team.

No tentative line-ups have been announced as yet by Smith, but last Friday night, local grid fans who watched an inter-squad scrimmage, saw Ruben Ochoa playing in the tail-back spot, Eggleston, Beckett and Harrell at halfback places, with Pena working under the T. The ends were Ramirez and Villegas, with linemen Escamilla, Stutes, Hernandez, Ochoa and Flores.

A complete list of the aspirants is as follows:

Backs: Higinio Pena, Darrell Cox, Kenneth Shurley, Ruben Ochoa, Gary Harrell, Carroll Eggleston, Philip Eggleston, Roberto Salazar, Wally Lopez, Bobby Beckett, Press Escamilla.

Linemen: Kenneth Stutes, Ruben Hernandez, Dickie Escamilla, Matias Gutierrez, Adolfo Flores, Armando Ochoa, Claudio Villegas, Juan Ramirez, W. D. O'Bryant, St. Carr, Humberto Pena, Roland McDonald, Luis Cobos, George Loflin, Joe Borrego.

Stanley Sullivan is the manager of the team.

LOCAL BOY ARRIVES IN GERMANY FOR DUTY

Pvt. Roberto Z. Arredondo, son of Mr. and Mrs. P. M. Arredondo, recently arrived in Stuttgart, Germany, for duty with the 27th Anti Aircraft Artillery Battalion.

His unit is part of the Seventh Army which forms a major part of the strong cordon of American defense forces stretching across the U. S. Zone of Germany.

Arredondo, a switchboard operator in the battalion's Battery C, entered the army in August, 1953, and completed basic training at Fort Bliss, Texas.

He is a 1951 graduate of Sanderson High School and former employee of the Texas Highway department.

GUESTS IN HOME OF MR. AND MRS. CHESTER BOYD

Guests in the home of Mr. and Mrs. Chester Boyd are her son and daughter-in-law, Mr. and Mrs. Jim McQuade, and two children. Mr. McQuade was recently discharged from the Air Force in Dover, Delaware. Other guests are Mrs. McQuade's sister and husband, Mr. and Mrs. Raymond Langston, of Frankfort, Indiana.

An American's Obligation

Above the pall of gloom that hovers over our world today there is a road sign pointing to a brighter future for all mankind. The road sign says: "This way to Truth." Millions upon millions of the world's population have been shoved off the road-way to truth by Socialists and Communists who circulate propaganda falsehoods. A substantial number of our own American citizens have let themselves be led off the road-way, unaware that the attractive deceptions of the Socialists are dangerous.

The central truth we need to establish first of all is the moral "rightness" of our American principles. Secondly, we must establish in the minds of all citizens the true facts about the relatively larger degree of material welfare which our American system produces. Every American today owes a major obligation to the task of preserving the heritage that made him free and which produces his comparative abundance. In my opinion he cannot have an easy conscience unless he spends some time each week on the following duties of American citizenship:

Citizenship Duties

1. Understand the American way of life, and what makes it tick.
2. Understand Communism, its basic godless philosophy, its irrevocable goal, its insidious tactics and cunning strategy.
3. Understand Socialism, and all cunning disguises in which it presents itself to the American people.
4. Understand propaganda techniques as used by both the Communists and the Socialists.
5. Take an interest in your public schools and your private and public-financed colleges. Take an interest in what's being taught and how it's being taught. Take an interest in the welfare of the teachers who have given so much, and who have received so little of the benefits of the private enterprise system.
6. Political Action
 - a. Become active in government. Run for local, state and national office, or help select capable people of the highest integrity to serve. Be constantly vocal on all local and national political issues. Particularly, tell your Congressman and the President that you want the federal budget balanced, expenses cut gradually to a reasonable figure, and a tax system created that will not penalize success and thus smother the dynamic incentive element in our economic system.
 - b. Strive constantly for spiritual growth. There isn't a problem on

earth that cannot be cured by the practice of Christianity. When all is said and done, the Bible holds the answer. We, as individuals, can push the world along toward mankind's highest destiny if each of us makes the welfare of our fellow man our first concern.

8. And lastly, dedicate a part of your everyday life to bringing these duties of American citizenship to the attention of your fellow workers, your neighbors and your friends.

The Challenge

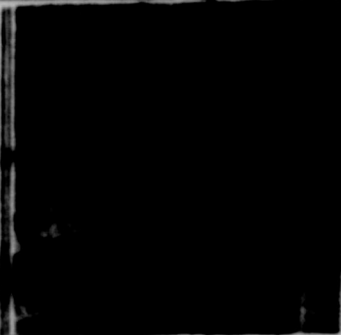

If we do these things we will be fulfilling our obligation to freedom. Is it a lot to ask that we do these things? If we think so we ought to read again the history of the founding of this nation and see and feel the hardships overcome by people who made our freedom possible. They felt that no challenge was too great, no sacrifice too severe, if freedom was at stake. That spirit carried them on. It is our heritage. We have seen it flare up and burn brightly in every national emergency, at home, and abroad.

Athlete's Foot Not Restricted To Active People

The common disease, popularly known as athlete's foot, is said to be the third most common disease seen by skin specialists during the summer months, and the fifth most common disorder in winter. It is due to a little mold-like growth or fungus which thrives where there is moisture and warmth. The foot, therefore, makes an ideal location for the growth of this germ.

To have athlete's foot, the infection must be gotten either directly or indirectly from someone else," states Dr. Henry A. Holle, State Health Officer. "The most common places to contract the infection are around shower rooms, baths or bath houses, locker rooms, and other public places where persons go barefoot. It is probable that at least one-half of all adults suffer from the infection at some time."

The following measures have been suggested for preventing and avoiding recurrent attacks of athlete's foot:

1. After bathing dry carefully and thoroughly the spaces between the toes.
2. Liberally apply a plain, un-scented talcum to those areas and sprinkle it freely in socks, stockings and shoes.
3. Wear properly fitting hose that are absorbent and not too coarse.
4. Wear shoes that are not too tight, nor too large. They should fit the foot comfortably.

Dates Set For New Inspection Of Motor Vehicles

Austin — Homer Garrison, Jr., Director of the Texas Department of Public Safety, said this week that the Public Safety Commission has officially set the dates for the new inspection period for autos under the provision of the State's Motor Vehicle Inspection Act.

Texas motorists must secure the annual inspection of their cars between September 15, 1954, and April 15, 1955, according to the Commission Order.

At the same time George Busby, Chief of the DPS Motor Vehicle Inspection Division, said that the inspectors from his office

have filed 104 cases against car owners who failed to have their cars checked during the current inspection period. These, he said, are in addition to those cases filed by members of the Texas Highway Patrol and by various local police departments throughout the state.

Unable to give an estimation of the actual number of violations for which arrests have been made during the 1953-54 period, Busby said that he "believed the figure to be comparatively low" due to the fact that frequent spot checks indicate that Texans have conformed to the law "almost 100 per cent."

Mr. and Mrs. Will J. Murrain and baby went to Fort Worth last week to visit with her sister, Miss Claudia Gibson, who had an appendectomy three weeks ago and with her parents, Mr. and Mrs. Claude Gibson. Mr. Murrain returned home last Friday with his uncle and aunt, Mr. and Mrs. G. H. Mayfield, who had been visiting there, and his family remained for a longer visit.

**HOW TO MAKE
HOMEWORK**

Lighter

IN THREE EASY STEPS

Back to school means back to home study for the youngsters. Plenty of good light is needed to prevent eye-strain and fatigue that lead to poor grades.

Give your children the advantage of good light for home study this easy three-step way. Then watch how their attitude toward their homework improves.

1 Get a table lamp measuring 15" from bottom of shade to top of table. Shade should be wide enough to spread light over work area and deep enough to conceal bulb from eyes.

2 Equip the lamp with a 150-watt inside frosted bulb (left) if lamp has a diffusing bowl; with a 150-watt white indirect bulb (right) if it has not.

3 Place the lamp 12" from front of desk or table and 15 inches to left of work center. For a left-handed student, place lamp at right.

BATTLESHIP TEXAS

Months of hard work by the Battleship Texas Commission culminated April 21, 1948, when the U. S. Navy decommissioned the Battleship Texas and ceded her to the Texas Navy. Laid down in 1911, 34 years ago, as a coal burning 29,500 ton battleship the Texas came to sea in 1914 with a crew of 850 men and officers. The Texas served in World War I, and World War II, and after 34 years of brilliant service, the old battleship has dropped anchor at San Jacinto.

LIONS RAID GAME AT BLACK GAP

The Assistant Director of Wildlife Restoration for the Game and Fish Commission reported that mountain lions are cutting down some of the big game transplanted in the Black Gap Management Area in the Dead Horse Mountain country.

Returning from an inspection trip West of the Pecos, he said the big cats have been moving into the Brewster County refuge from nearby Mexico and the Big Bend National Park.

One reason that the invasion is taking place, according to officials, is because the Black Gap area is being stocked and water has been impounded, both being attractive to the predators of nearby areas.

He said: "It is the old story of having to take the bad with the good" and then added: "Whenever you have wildlife, you have predators. We expected the raiders sooner or later, but frankly they seem to have shown up in surprisingly large numbers."

Resident Manager Fred Moore reported that deer were the main targets of the lions. The deer prefer the foothills and that is where the cats prowl most, he said. The antelope prefer the open plains and are more or less out of range.

Moore has been trapping in an effort to curb the invaders. His last catch was a big female which had been dunned up with two kittens. Moore said he believed the young ones either perished or left the area. This lion had killed at least three doe deer, two of them bearing fawns.

DOVE SEASON OPENED WED.

Opening of the north zone mourning dove season at noon on September 1 marks what could be one of the best shoots in recent years, according to the executive secretary of the Game and Fish Commission.

He said the showers that preceded the opener restored water tanks in many parts of the state at a time when the early migration of the fleet birds was underway.

"Reports from scattered areas," said the executive secretary, "indicate there are plenty of native birds and that thousands of others have moved into the state en route to their wintering grounds in Mexico and Central America.

The dove limit is ten birds. Possession limit is the same. Daily shooting ends at sunset. Shotguns must be plugged to three shots. Rifles are prohibited.

Mr. and Mrs. R. A. Gatlin transacted business in Del Rio for two days this week.

MRS. SMITH RETURNS FROM BROTHER'S BEDSIDE

Mrs. Carlton Smith has returned home from San Angelo where she had been with her brother, Leon Cox of San Juan, Texas, who is a victim of bulbar polio. He is receiving therapy treatments and, so far has shown no paralysis.

The 18-year-old youth was stricken after returning here with his parents and the Smiths who had been on a trip to visit with relatives in New Mexico. After being taken to a Fort Stockton hospital for diagnosis, he was flown to the polio ward of a San Angelo hospital. An iron lung was made available but it was never necessary to place him in it.

The Smiths were inoculated with the polio vaccine.

Cotton Pullers Needed
