

# The SANDERSON TIMES

VOLUME XLVII

SANDERSON, TEXAS, FRIDAY, OCTOBER 8, 1954

NUMBER 34

## LISTEN TO LUKE

Another job of a newspaper and column such as this is to express ideas and wishes of the people as well as expressing personal opinions and views. Some of our readers and some of us can find a majority of readers are sympathetic with our beliefs. We have an idea that we are in the majority on this idea.

Cpl. Batchelor was railroaded! Now, don't go jumping to conclusions until you read all of this, then sit down and think it over.

We have no doubt but that Cpl. Batchelor was guilty of all of the things which he was found to be guilty. We do not, under any circumstances, have any sympathy for those who are guilty of crimes such as this or other criminal offenses, nor do we, under any circumstances, condone such actions which should be right, unpunished, or free from censure. But we don't think the sentence of "handed down by the court" is in line with other offenders, tried and untried, and the punishment they received at the hands of a jury, judge, or court.

To put it briefly and concisely Batchelor "sold out". How high was his price? What was his personal gain? Just how many people could it or would it do it possibly affect directly? How does this compare to the price others got by selling out under similar and odd circumstances?

The boys who were fellow prisoners of Batchelor's and those in the POW camps certainly do not hold his actions or intentions. They certainly should not. They should be and were ready to testify against him and should be interested in seeing him punished for his crime, and some were probably glad to see his sentence of "and others maybe would be" if the sentence had been "and". But that is an opinion this sentence, alone. That is our opinion is based on, too, this sentence alone. And it seems to stand out alone in comparison with other offenses and sentences.

People in our country have testified that others were known by name to be guilty of divulging information, or withholding the same, which could have or did help the enemy in a much greater sense than the actions of Batchelor, and those people, many of them, written in today's history books as champions of the people, defenders of truth and justice; and others are serving short sentences, or for only "contempt" or "arbitrary"; or some got off with only a reprimand, or in some cases a dishonorable discharge for offenses which, in our opinion, were directly associated with the crimes which Batchelor was found guilty and sentenced.

Not only fault-finding in this case, let it be known, is the inequality of the sentences in comparison to the charges of which they were known to be guilty. We hope that this can be rectified in some way and similar offenses can be passed out for similar offenses, not drawing the punishment in connection with the high position that a permit holder or have held in a government office, or how high an individual might hold or held in a branch of the armed forces, or what branch of service in which a person might have been connected.

Marines, Army, Navy, Force personnel, enlisted men and officers should stand before a bar of justice on an equal basis with no picture of grandeur or inequality because of the type of uniform he wears.

Now that the sentence has been passed and only the review by a superior authority can change the sentence, it is with pride in our (Continued to page 4)

## Diablo Dam Site On Rio Selected By Commission

**By Clarence J. LaRoche**  
From San Antonio Express

Austin — An area known as "Site No. 1" some 15 miles by road up-river from Del Rio has been selected as the area for the long-awaited Diablo Dam.

This was disclosed here Monday by Col. Leland H. Hewitt, commissioner of the U. S. section of the International Boundary and Water Commission.

Hewitt made his disclosure in an address before the tenth annual meeting of the Texas Water Conservation Association.

Diablo Dam, said Hewitt, will be approximately eight miles long — this is about three miles longer than Falcon Dam. It will be 280 feet high, compared to Falcon's 150 feet of height. It may be either concrete or earth-fill construction.

The I. B. W. C. commissioner said the Diablo Reservoir is planned to control completely all of the floods of record on the Rio Grande at the Diablo Site.

With Falcon Dam, the Diablo Dam will represent the harness necessary to control and store the vast amount of water that has historically poured down the Devil's River and Rio Grande.

The site apparently was decided upon at a meeting in Del Rio last week between U. S. and Mexican officials. It is one of four sites the

## Chevron Truck Stop Opened This Week

One of the most up-to-date truck stops between San Antonio and El Paso was opened for business in the eastern part of town by Albert Weigand. The place known as Chevron Truck Stop, is situated at the location of the old Highway Department warehouse near the Y east of town.

The place was open for business Monday morning.

Mr. and Mrs. Weigand and their son, Tommy, have been in Enterprise, Alabama, for the past two years, but came back to operate the business after his father, F. M. Weigand, had constructed the concrete drives and set the pumps for operation after constructing the station. The Weigands are residing in their home in the northeastern part of town which was occupied by the Marshall Cooke's during their absence.

Lots for parking room is available at the new station which is equipped with bunks for drivers as well as showers. A cafe is planned in the near future, Weigand stated.

Ice service for refrigerator trucks is being operated on the location by James Blackwelder.

## Driller Injured As Line Breaks On Keck Well Rig

Harry Cree, Odessa driller, was painfully injured on the Keck well rig south of Dryden early Monday morning when a cable being run from a reserve spool snapped and caught the man as the coil formed. He was struck below the knees by the flying line and was thrown to the ground, breaking his right thigh bone and right shoulder.

An O. T. Sudduth Co. ambulance was called and a local physician went to the scene of the accident where the man was given first aid before being taken to Odessa to be hospitalized.

Examination in Odessa revealed no internal injuries.

**LADIES BIBLE CLASS IS ORGANIZED**

A Ladies Bible Class has been organized in the Sanderson Church of Christ with L. A. Wright, minister, teaching. The class meets on Wednesday mornings at 9 in the church.

All ladies of the community who are interested, are cordially invited to attend.

## EAGLES, SAN FELIPE PLAY TO 13-13 TIE

Sanderson and Del Rio fans who were here for the football game last Friday night between the Sanderson Eagles and the San Felipe Mustangs saw what is probably as good a game as they will have a chance to witness this year.

The score ended in a 13-13 tie.

The teams were well-matched in ability and the teams were close in yardage gained, first downs, passing, etc. statistics.

The Sanderson team was again up to the top in block and tackling power and will, and the teamwork was equally as good as the week previously.

Linemen and backfielders worked very effectively against the ramming plays of Coronada, heavy ball totter for the Mustangs, who could carry tacklers for three yards, and the secondary defensive Eagles were as effective as could be expected against passes from the arms of Arredondo, a very effective passer last week.

The Sanderson line on the offensive was opening up holes for the effective plays from the T formation and blocking very well on offensive pass plays.

San Felipe drew first blood in the game by scoring early in the second quarter. The play came after three long passes which took them from deep within their end of the field to threatening range. The TD was run across by Arredondo from the 3-yard line. The try for the extra point failed.

Also in the second quarter, Sanderson retaliated with a score by Ruben Ochoa from the 6-yard line point by running the ball over, putting Sanderson out in front by a slim 1-point margin.

San Felipe's second score came in the third period when Coronada took the ball across from the 2 with the extra point being converted by a placement kick by Coronada.

Sanderson evened up the score about 4 minutes before the final whistle when Higinio Pena, quarterback, passed to Harrell, halfback, for 25 yards and the leveled score. The extra point try by Harrell failed.

This TD was set up after Harrell had intercepted a Mustang pass.

Friday night at Eagle Field the Eagles will play their first conference game against the Marfa Short-horns.

Marfa lost one game to Van Horn and tied Alpine in their second game.

The fray promises to be a good one and all local fans are urged to be on hand for the starting whistle at 8 p. m.

The band and pep squad will have a well-planned program for entertainment prior to the game and during the half-time lull, besides furnishing plenty of color during the grid game.

## Robert Bodkin In Luling Hospital After Car Wreck

Robert Bodkin, 13-year-old son of Mr. and Mrs. Martin Bodkin, received serious head injuries, including fractures and concussions, in a car wreck near Harwood Sunday afternoon. The car driven by the youth was involved in a head-on collision with another car driven by a young lady on a narrow stretch of road near his home, according to reports.

Bodkin is in a Luling hospital and his father left Sanderson to be at his bedside immediately after receiving word of the accident. The family had planned to move back to Sanderson the middle of the month.

A brain specialist from San Antonio examined the youth Monday and stated that it would be several days before anything further could be done for him. He has had several blood transfusions and remains unconscious, according to the latest reports.

## RAIN IS GENERAL OVER COUNTY

### 3 Per Cent Discount On Taxes Paid During October

Terrell County taxpayers owe a tax bill of \$122,591.39 which became due and payable on October 1. Statements have been mailed to all tax payers and they have four months to pay the taxes without penalties.

Early taxpaying emphasis is being made again this year and an added attraction or incentive is the usual discount offered for payments within the next three months.

Discounts of 3 per cent will be allowed on state, county and school taxes paid during October; 2 per cent if paid in November and 1 per cent if paid in December. The discount is on all taxes except poll taxes. A notation of the usual poll tax of \$1.75 per person was noted on the tax statements, merely as a reminder.

### FM-1217 Completion Scheduled For Early Part Of Next Summer

The Texas Highway Commission has taken the first step to inaugurate a new two-year Farm-to-Market Road Program for Texas. E. H. Thornton, Jr., chairman of the Texas Highway Commission, stated that the funds for this program are being derived from the Federal Aid Highway Act of 1954, matched with State Highway funds on a dollar-to-dollar basis.

R. L. Faltinson, District Engineer of the Texas Highway Department at Pecos, has stated that the following farm-to-market road in this area is scheduled for work under this program:

Construction of a road in Terrell County from the South end of FM 1749 South of Sheffield to the north end of FM1217, a distance of approximately 10 miles, at an estimated cost of \$160,000. This road will complete the connection between Dryden and Sheffield.

Faltinson stated that this year the Commission has authorized the development of some area roads which will serve the dual purpose of service to the adjacent land as well as aiding in the development of the entire area of the State.

It was announced that work will begin on these projects just as soon as final planning is completed and right-of-way secured. Resident Engineer J. W. Whitson will be in charge of the work in this area.

The completion of FM 1217 is a project that has long been awaited by residents in the eastern part of the county, many of whom have traveled the rough, rocky road into Dryden and Sanderson since the advent of automobiles. It will also mean a shorter and paved route for those in this area who trade in San Angelo or who are going to the northern part of the state.

It has been reported that the designation of the southern end of a north-south highway as US51 will depend on which highway — the Fort Stockton-Marathon, or the Sheffield-Dryden — road is completed first. Two alternate routes have been selected for this proposed designation and with the final stage of FM1217 having been committed for completion and several miles of the Fort Stockton-Marathon road to be completed, will do much, it is thought, toward obtaining the designation of US51 for the Dryden-Sheffield route extending northward into the Panhandle and on into Canada.

### Local Wool Sales Reported At 55c

John T. Williams, owner of the Sanderson Wool Commission Co., this week announced the sale of a considerable tonnage of fall wool at an average price of about 55c per pound, with the range being from 53.5c to 59c per pound.

The buyers were reported to be Jackson Hughes, and Ernest G. Woodward, both of San Angelo and buying for Emery, Russell & Goodrich of Boston.

Clyde Young of Lampasas, buying for Winslow & Co., Boston, is reported to have purchased 150,000 pounds of fall wool at an average price of 55c per pound.

The wool bought by Hughes and Woodward was around 100,000 pounds of 12-months wool on a "scoured basis" and 225,000 to 250,000 pounds of fall wool at an average of 55c per pound.

### New Arrivals

Mr. and Mrs. J. J. Mullins of Lafayette, La., are the parents of a third daughter who was named Michele. Her birth weight was seven pounds and eight ounces.

The Mullins family are former Sanderson residents.

### Funeral Services Held In California For Mrs. Fannie Duncan

Funeral services were held in Los Angeles, California, Thursday for Mrs. Fannie M. Duncan, 85, who died in a convalescent home in that city Tuesday morning following a stroke. Mrs. Duncan had made her home in Sanderson for most of forty years before going to California five years ago to be near her daughters.

A native of London, England, she came to the United States 66 years ago. Her husband, Robert Duncan, died in 1911. He owned a ranch in the Devil's River section and operated a mercantile store in Marathon before being in the employ of the late Ed Downie as sheep boss. Mrs. Duncan always preferred to live in Sanderson.

Her two sons, Donald and Robert Duncan, preceded her in death. She is survived by two daughters, Mrs. R. C. Gastil of Alpine, California; and Mrs. E. V. Kelsey of Los Angeles, California; six grandchildren and one great-grandchild.

George Cerslin of Pearsall visited Sunday with his mother, Mrs. Ruth Cerslin.

Coastal disturbances which sent unsettled weather inland were met by an approaching cool front in West Texas which is said to be responsible for the rains which have fallen since Tuesday in various parts of the county. The rains Tuesday fell very gently in most parts of the county to give maximum benefits to the parched soil.

Rains were reported in some sections Tuesday night and Wednesday with showers in the southern part of the county reported Wednesday night.

Big Canyon draw ran Wednesday for a lengthy period.

The entire northern section of the county was reported to have had general rains up to about two inches. Reports came in from the Clarence Jessup ranch, Albert Appel, G. K. Mitchell, Sid Harkins, Herman Couch, Bustin Canon, Herbert Brown, Willie Banner, Vic Littleton, Lee Dudley, all reporting good rainfall on their places.

To the immediate north and west of Sanderson about the same quantity of moisture was reported extending as far west as the Lemons Gap country with reports of heavy precipitation which put water across the highway in some places.

From the southwestern part of the county and extending into Brewster County, rains were reported for Charlie Gregory, Tol Murrah, the Roark country, J. Garner.

Moisture seemed to be equally spread over the ranch land eastward to and beyond Dryden, and heavy clouds indicated rains all the way south to the river along the east-west extension of the county.

The official rain gauge in Sanderson showed only one inch of rainfall. On October 1, .07 was recorded and that was the first moisture since September 10 when the gauge showed .12. Over most of Terrell County the rain has been in similar small quantities all year, keeping the entire county in the bracket of drought-stricken areas.

### J. T. Rutherford To Speak At P.-T.A. Meeting Tonight

Announcement was made Tuesday of this week by Mrs. W. G. vice president of the Sanderson Parent-Teacher Association, that Congressman-elect J. T. Rutherford of Odessa would be the principal speaker for the meeting of that organization Thursday night.

Mrs. Sidney Bolding had been previously engaged as the speaker, but cancelled her engagement.

Rutherford recently resigned as State Representative to accept his nomination by the Democratic Party as Congressman, 16th District, comprising 19 counties of West Texas.

At 6 p. m. a barbecue supper will be served in the Masonic Hall to honor the faculty of the county schools. In case of inclement weather, notification will be made of a new location for the barbecue.

At 7:30 the P.-T.A. will meet in the high school auditorium for the regular business meeting and program at which time Congressman-elect Rutherford will speak.

All members of the P.-T.A. are invited to attend both the barbecue and program, and those who are interested in joining are invited to both occasions, also, Mrs. Downie stated.

### CY BANNER RETURNS FROM OVERSEAS DUTY

Cy Banner, who had spent eighteen months in Korea was discharged from the U. S. Army at Fort Bliss last Thursday and has returned to Sanderson.

His parents are Mr. and Mrs. Wilson Banner, Terrell County ranchers.

Mr. and Mrs. L. R. Grigby of McCamey were week end guests here with his mother, Mrs. Lee Grigby, and other relatives.

#### KENNY METHOD AIMS AT TOTAL REMEDIATION

MINNEAPOLIS, MINN. — The aim of the Kenny treatment for polio is "total rehabilitation."

Polio is a merciless disease. It strikes different individuals in different ways. With some patients its duration is short. Others require long, tender and alert care, lasting for months — for years.

The Kenny method means that there is less crippling, less deformity, less pain, less need for braces, better muscle function, and there is less surgery required.

The full Kenny treatment stresses importance of normal patterns of motion rather than merely a degree of movement, which in turn means more hours of personal care from medical and police specialists.

Follow-up care is an important phase of the Kenny Foundation's rehabilitation program. Previous to discharge, each patient and his family receive careful counseling, instructions and advice from Kenny doctors concerning future care. Patients then return for periodic check-ups and treatment, as prescribed, for periods up to five years or longer.

That policy enables the Kenny medical staff to follow the progress of each patient until the maximum degree of recovery has been attained.

The Kenny treatment is made available to polio patients, regardless of age, race, creed or financial circumstances upon request of a physician.

To make possible the continuation of its many activities, the Kenny Foundation is now conducting its annual polio fund appeal. These activities include the training of additional registered nurses and physical therapists to become Kenny Therapists who, under medical supervision, administer the famed treatment; sponsoring of medical seminars; conducting emergency Kenny Therapist assistance.

Even though a safe vaccine for polio may be developed and comes into general use, as is the hope of all individuals and agencies dealing with the disease, the rehabilitation phase of polio treatment will continue a prime factor for a period of years to come.

Polio leaves some of its victims with residues which require months and years to combat. It is only by patient and tender care and attention that many such victims can be brought to the stage of self-sufficiency which keeps them from becoming burdens on society.

Miss Charles Magill has surgery Tuesday morning in Fort Stockton hospital. Her condition is reported to be satisfactory.

Mr. and Mrs. D. W. Berry and daughter, Jennifer, returned to their home in Wink Saturday after visiting here for two days with his parents, Mr. and Mrs. C. H. Berry.

#### SALAM?

That stripe clad fellow on the ground might be calling an Allah from all appearances, but he's only one of the inmate cowboys participating in the annual Prison Rodeo who failed to ride that wild, leaping Brahma bull. Bigger, better, wilder than ever the big cowboy rodeo plays its 23rd season with five big Sunday performances, October 1, 10, 17, 24, and 31.

you had and are liable to cause a fire.

Prayed lamp and appliance cords are dangerous. Replace them.

Do not use flammable cleaning fluids.

Above all, if you do have a fire, keep calm. The fire department can get to your house in a very few minutes.

#### PERSONALS...

W. D. Casey went to Houston Monday to have a medical check-up.

Mrs. D. L. Duncan with Mary Elaine and Monty spent last week in Uvalde with her mother, Mrs. R. A. Robertson. Her granddaughter, Sherry, returned to her home in Baytown and Mrs. Duncan took Monte on to Austin to enroll for his second year in the school for exceptional children.

Mrs. H. C. Goldwire left Tuesday for San Angelo to have a medical check-up. She will visit with relatives in Christoval and Big Lake while she is away.

Mr. and Mrs. J. D. Nicholas were business visitors in Del Rio Monday.

Mr. and Mrs. J. S. Nance of Sierra Blanca were visitors here with relatives and friends the first of the week.

From where I sit... by Joe Marsh

#### "Blind Man's" Bluff

You know how Handy Turner down at the hardware store goes in for weird advertising stunts. Well, when it came to plugging his new Venetian blind department, his enthusiasm nearly landed him in trouble.

Handy painted a warning on the tailboard of his truck: "Caution—blind man driving." "Had driven about a mile," Handy says, "when a state trooper stopped me and told me that sign might cause trouble. Guess he was right. From now on I'll advertise in the Clarion."

From where I sit, I agree—the highway is no place for jokes. We all ought to be considerate of the other fellow when we're driving. In fact, let's respect our neighbor's right of way always. Then, when we have differences of opinion—say about the best route to Centerville, or whether beer or buttermilk is better with luncheon—there will be less chance of anybody developing any "blind" spots.

### State Capitol NEWS

Austin — Secretary of State C. E. Fulgham has certified names for the state's November election ballot with two contests arising over who'll be on the fall marker sheets.

Not certified by Fulgham was Gerald Weatherly of Rio Grande City. Attempting to file as an independent candidate for district attorney in the Duval-Jim Wells-Starr County empire of boss George Parr, Weatherly was turned down by Fulgham who said his petition for a place on the ballot contained numerous inaccuracies.

Other contest was between Eugene C. Williams and Adrian Spears for the Democratic nomination for judge of the Thirty-seventh District Court in Bexar County. It is set for a quick hearing by the Supreme Court.

Water Conservation Two plans calling for state financing of water conservation dams in Texas are due to be presented to the legislature in January.

One is a constitutional amendment calling for a state bond issue and a state tax to finance the building of dams by local governments.

Sen. Dorsey B. Hardeman of San Angelo said he will recommend a constitutional amendment aimed at the same purpose.

Consumers' Spending Consumers' spending over the state in August averaged above seasonal expectations with some goods establishing definite sales jumps. The Bureau of Business Research at the University of Texas also noted that sales of older

automobiles had improved while new car sales continued slow.

Garden Clubs

A "don't be a litterbug" campaign to keep highways and roadside parks clean has drawn commendation for the Texas Garden Clubs from the Texas Highway Commission.

In adopting a resolution commending the organization for the cleanliness drive, the Department stated that "expressions of praise from tourists and motorists" for attractive state road-sides resulted from the club effort.

Fire Losses

Texas will lose 8,000 homes to fire during 1954, an insurance industry official has estimated. It was revealed that fire ruins 20 Texas homes per day.

Other losses during the first months of 1954 averaged one

tel every two and one-half days, one school every three days, and a hospital every three weeks.

Drought

Texas drought problems continue to grow over most of the state according to the U. S. Department of Agriculture.

Prison System

Costs of maintaining the Texas Prison System increased slightly during last year because of a inmate boost in population, the Auditor C. H. Cavness has reported.

However, he noted that the average daily cost per inmate was cut from \$1.20 to 70¢ during the year.

**LOOKING AHEAD**  
by Dr. George S. Shuman

**"COEXISTENCE POSSIBLE?"**

The Congressional Committee on Communist Aggression, composed of five Republicans and four Democrats, returned recently from Europe where a series of hearings in London, Munich and Berlin led to the label of Communism for that it is. Among the 112 witnesses heard were Exiled King Michael of Rumania, Col. Grigori Stepanovich Burlitski, former top official of the Russian MVD, high ranking former officials in the government of Ukraine, Poland, and scores of citizen leaders who had lived under the Communist rule in a half dozen Iron Curtain countries, before escaping to the West.

On the basis of the testimony and investigations over a considerable period, the Congressional Committee has just published a series of far-reaching conclusions and has addressed an urgent recommendation to President Eisenhower. Highlights of the findings are:

**The Nature**  
1. Life under communism is one of ruthless and absolute tyranny. The State is god. The dignity and inherent rights of man have no place under Communism.

2. "Communism is a conspiracy which utilizes an extensive and complex international criminal mechanism. It seeks to destroy all free nations and to replace them with a system of Red colonialism."  
3. "The leaders of the international Communist conspiracy regard the United States as the main roadblock to their plan for world conquest."

4. "Communism is able to maintain control over the peoples it enslaves only by the exercise of the most brutal and inhuman methods known to mankind, such as wholesale arrests and deportations, forced famines, mass killings, and the crime genocide against all nations."

**The President**  
"Because of the foregoing findings based on testimony sworn to before the committee, we conclude," the committee said, "that peaceful coexistence is a Communist myth which can be attained only through the complete surrender of our free way of life for one

of slavery under Moscow-controlled communism." The following recommendations were addressed to Congress and the President:

"That the President of the United States take the initiative in convening an international conference of all free non-Communist nations for the following purposes:

"(a) To express formal recognition of the fact that the Communist governments, which now control over 800-million human beings, are not representative of the will of the people.

"(b) To seek agreement whereby the free non-Communist nations acting in concert will withdraw diplomatic recognition from all the Moscow-controlled Communist governments.

"(c) To reaffirm the friendship and solidarity of the people of the free world with the people and nations enslaved by communism.

"(d) To develop a program for the rapid and complete termination of all commercial treaties and trade with Communist governments and the initiation of a program of trade among all non-Communist nations which will then strengthen the security of the free world.

"(e) To develop an overall, dynamic program for the defeat of the international Communist conspiracy."

"That peaceful coexistence be clearly identified as a Communist myth. It should be rejected on the grounds that it is impossible for a civilization based on a belief in Almighty God, to coexist with an aggressive criminal conspiracy dedicated to the destruction of civilization and to the enslavement of all mankind."

The committee issuing these powerful recommendations is made up of calm, deliberative Congressmen of both parties. Their findings and recommendations deserve serious consideration.

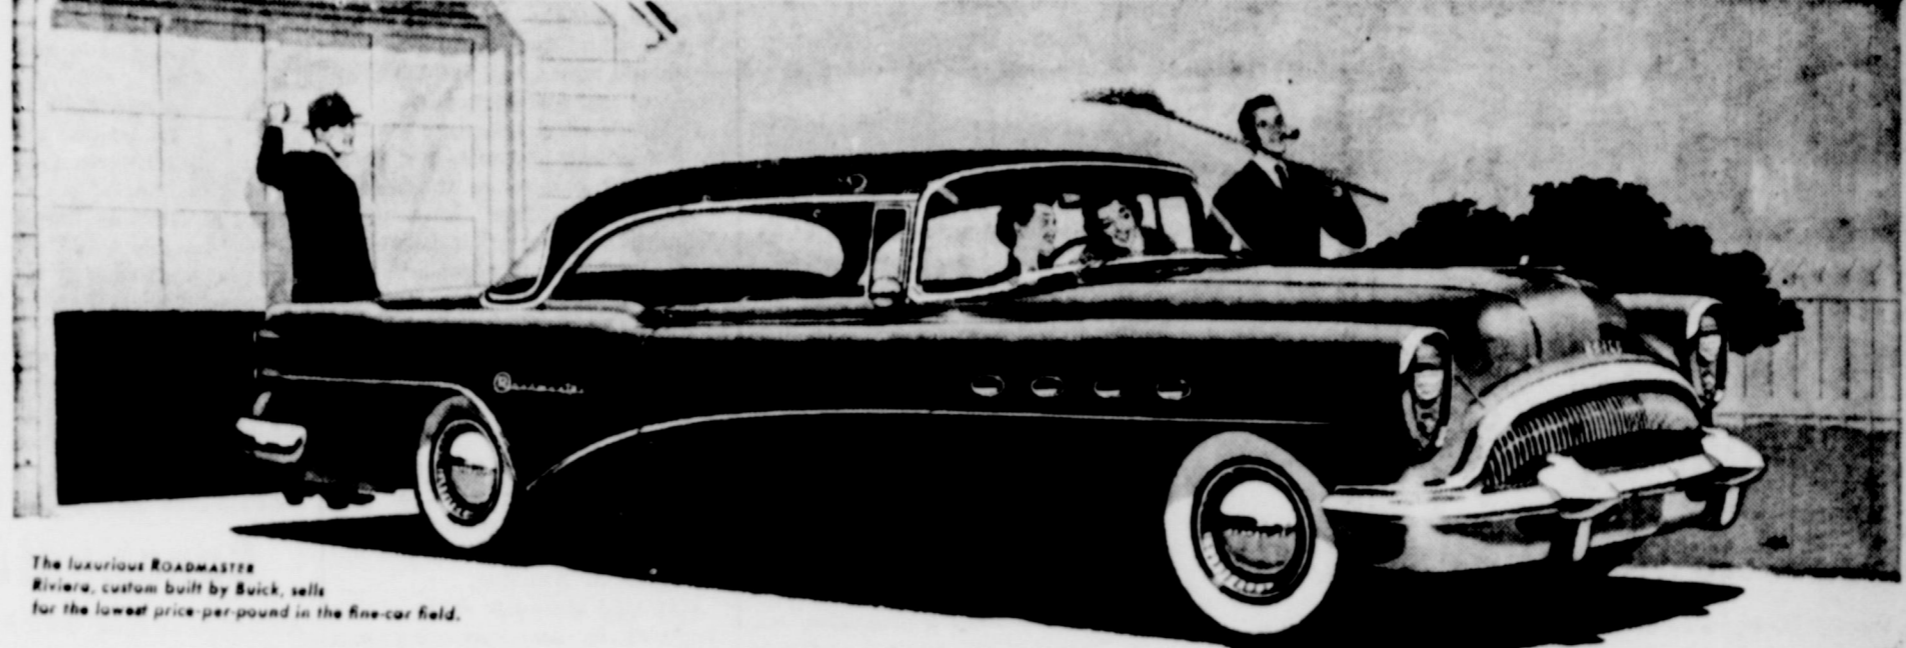

Mrs. Ed Lacy, accompanied by her son, Fitchey Magill and daughter, Miss Ginger Magill, arrived Sunday night from Tucson, Arizona, where they had visited for two days with her son, Bill Magill, Fitchey Magill, who has been in Japan for two years, received his discharge from the U. S. Air Force as a staff-sergeant. Mrs. Lacy met him in San Francisco when the transport put into port and Miss Magill came by plane from San Antonio where she is employed, to Tucson, to join her family.

Mr. and Mrs. Bert Bell visited in Valentine last week end with his mother, Mrs. J. O. Bell, Sr.

Mr. and Mrs. Ralph Givens have moved to Mrs. E. McSparrans' rent house.

**We're out to break a record in October!**

The luxurious ROADMASTER Riviera, custom built by Buick, sells for the lowest price per pound in the fine-car field.

THERE'S a mighty good chance that October 1954 will be the biggest October in Buick history.

In fact, we know it will—if we can keep Buick sales rolling as they've been rolling thus far this year.

This is the car that has romped ahead of competition—climbed up into the circle of America's three top sales leaders.

It's the car that has been winning customers because it has the power, the ride, the room, and the styling that make it the buy of the year.

So we're in the mood to talk turkey, if you are in the market. Come in today for a car — and a deal — too good to miss.

**THIS IS THE 3-WAY BONUS WE OFFER IN BUICK TODAY**

**1. Tomorrow's Styling**

True year-ahead beauty with long, low glamor lines, keynoted by that spectacular new panoramic windshield that most other cars won't have till 1955 or later.

Now's the time to make your buy because —

**2. Higher Resale Value in the years to come**

From the far-in-advance styling that will keep your Buick new and modern-looking well into the future, as other cars catch up.

**3. Bigger Allowance from our volume business**

For the huge sales success that has moved Buick into the circle of the "Big 3" means we can offer you a higher trade-in on your present car. Come in and see for yourself that we can make you a better deal.

## STATE FAIR PACESETTER HOUSE

The House Beautiful Pacesetter House for 1955 will be one of the top attractions at the 1954 State Fair of Texas, Oct. 9-24. The luxurious, completely furnished, redwood-and-stone home is all-electric, has kitchen and laundry equipment so advanced it is scarcely off the drawing board. The house was built by the Dallas Home Builders Association and sponsored by the State Fair, The University of Texas, General Electric, Dallas Power and Light Co., and House Beautiful magazine, which will feature the home in an issue this winter.

## Brief Summary of Proposed Constitutional Amendments

By Dorsey B. Hardeman, State Senator, San Angelo, Texas

Important amendments to the Constitution of Texas are to be voted on November 2. Such election may result in fundamental alterations in our basic law.

It is hoped that this brief analysis will invite further study thereof. The proposals will be summarized without regard to the order of their appearance on the ballot.

SJR 10 involves the transfer of about \$6,000,000 from the constitutional Confederate Pension Fund for the erection of state office buildings. This fund has accumulated in excess of the needs of the original purpose and may only be disturbed by a constitutional authorization.

The annual outlay of about \$213,000 for rent by the State suggested in this proposal and the State Bar Association is supporting a movement to erect a courts building from this fund.

This amendment, if adopted, will not change the present 2c tax, but will "freeze" it as a permanent source of funds for additional buildings. Some \$1,250,000 was realized from this tax during the last fiscal year with an expenditure of about one-half thereof.

SJR 7 proposes an increase of \$7,000,000 in the amount of money that may be appropriated for old age assistance, aid to needy blind and aid to dependent children. It does not purport to increase the monthly benefits of recipients. It can only mean the addition of more people to the rolls. The present limit is \$35,000,000 annually for such purposes.

The proposal also provides that the Legislature shall enact laws relating to the public inspection of lists of those receiving aid or assistance thereunder. Some 28 states now so provide.

HJR 16 relates to jury service for women. Unlike the milder proposal of 1949 which was defeated, this one contains the mandatory feature. If adopted, such service by women will be required as in the case of male citizens. SJR 4 deals with 4-year terms for specified county and district offices. It contains a blanket provision, however, which appears to embrace all "elective district, county and precinct offices, which have heretofore had terms of two years." This may be construed to include all other such offices even though not specifically designated. If so, then school trustees, State Representatives, officers of various type district, such as irrigation, soil conservation, water

conservation, etc. would be affected.

The proposal preserves the biennial elections by staggering the offices. Thus a part would be elected each two years to serve 4-year terms, with those of County Judge, County Clerk, District Clerk, County Treasurer, Commissioners No. 2 and No. 4, Justices of the Peace and County Surveyor receiving a four-year term, while those elected to the offices of Sheriff, District Attorney, County Attorney, Assessors and Collectors of Texas, Commissioners No. 1 and No. 3 and Constables election would serve only two years until following the general election in 1956.

This amendment is extremely vital. All of its importations are not readily discernible. It takes away the right of the people to vote on certain officials each two years as at present, although elections will continue to be held each two years.

SJR 5 would authorize the Legislature to fix salaries of certain constitutional officers at not less than the salaries presently prescribed by the Constitution. It would also set the per diem of the members of the Legislature—Representatives and Senators and Senators alike—at \$25 for the first 120 days of a session and nothing thereafter. The present compensation is \$10 per day for the first 120 days and \$5 for each day thereafter that the session continues. Neither the present constitution nor the proposed amendment contemplates any payments to the members between sessions.

HJR 10 is designed to permit any member of the armed forces of the U. S. or of their component branches to vote, provided, such person is otherwise qualified as to residence, payment of poll taxes, etc.

SJR 14 proposes to prohibit the State from lending its credit in any manner towards the building and maintenance of toll roads and turnpikes constructed by private industry or political subdivisions of the State. It is intended to pre-

clude the State from engaging in the toll road or turnpike business and to prevent such from ever becoming a charge upon tax money now levied and collected to construct and maintain a state highway system.

The remaining 3 proposals are of little general interest and with rather limited scope, for all practical purposes. Such does not lessen their importance, however. Of these, SJR 6 would permit members of the Teachers Retirement system and the State Employees Retirement system to receive credit for services rendered in other capacity in the other. HJR 37 proposes to empower the Legislature to provide for coverage of "occupational" employees of the State's political subdivisions under Federal Old Age and Survivor's Insurance. At present, only "governmental" employees are so qualified.

SJR2, applicable to counties having a population in excess of 190,000 and to Galveston County, authorizes the creation of county-wide hospital districts therein and the levy of ad valorem taxes for support, etc., upon vote of the qualified property taxpaying voters therein. Such counties will then have a direct source of income for the support, etc., of such institutions as may be acquired by such districts.

highest type Americanism that we can commend the attitude taken by the mother of this boy.

Bless her heart, that mother came through with an expression of the finest spirit I have ever witnessed. She is a true American. How many mothers would we find who would, in the face of a life sentence handed down to her offspring, say what Mrs. Batchelor

EYES EXAMINED —

Foster Bldg. - - Losoya St.  
DEL RIO, TEXAS

has said: "I think it will be good for all of us. I think it will teach us to train our children better in the home and in the schools. I am not worried about Claude. I am sure he is going to be alright. But I am concerned that the army did not recognize this fact of beam-washing," she said.

And further she said: "I hope people will not get disgusted with our government over this thing. That is exactly what the Communists want us to do. If people think a mistake has been made they should let it be known, but we should never criticize the principles of our government."

Compare what this dear woman, mother of eight, who in her deep-seated sorrow can make these calm observations without any semblance of malice, against recent expressions from a former first lady who said: "People who believe in Communism are not to be censured for their beliefs and they should not, on those grounds, be restricted from holding public office." With mothers like Mrs. Batchelor to come through with the true American spirit of sacrifice, we need have no fear of Communism ever getting the upper hand in America.

May God bless her spirit of motherhood in her sorrowing moments.

The high school library has been the recipient of many fine books. These books add considerably to the library facilities. Mrs. Sue R. Huxley, school librarian, said: "There is always a need for more books of the right kind for the children of Terrell County and the citizens are urged to remember when they have books to give that there is no better way of disposing of them."

Several organizations in town are subscribing to various magazines for the library and these add considerably to the available reading matter placed before the stu-

dents. You will make Mrs. Mosley happy and be rendering a good service by contributing worthwhile literature to the schools.

In other columns of The Times this week there are opinions of the proposed constitutional amendments to be voted in November.

The opinions are by State Senator Dorsey B. Hardeman of San Angelo.

We appreciate Senator Hardeman's interest in the proposed changes, but would like to go a little farther in explaining one or two opinions of ours as to what will be the law when and if the amendments are accepted by the voters.

In SJR 4, dealing with four-year terms for certain officers, it would seem that if the voters are careful in selecting the right people for the job, a four-year term would be best, since it would give an office-holder more time for politicking, and more time to tend to

the affairs of their office, and also would give new candidates more time to learn the duties of the office and give proper attention to them before it was time to start campaigning again.

In HJR 10 proposing the eligibility of armed forces members as voters, it is our opinion that the proposed amendment reads that the member of the armed forces who is eligible to vote must cast his ballot in the county from which he entered the armed forces.

These two items will add a little light possibly to that already put forth by Hardeman.

This week being Fire Prevention Week we should say something

about fire and their prevention, but instead we are going to say something here about the support—financially—of the fire department. Those boys do their best to serve the town and area in that capacity and they need money for equipment and maintenance. Now, there's no point in putting it off. Just sit down and make out your check for that now and get it over with.

## Miss Totsie Adams Bride of James Kerr In Saturday Ceremony

In a double-ring ceremony in the Agnes Catholic Church in Fort Stockton Saturday morning at 9 o'clock, Miss Douglas Lorene Adams became the bride of James Richmond Kerr. Rev. Thomas Kennedy of Midland was the officiant for the marriage rites.

The bride is the daughter of Mr. and Mrs. Douglas Adams of Fort Stockton and the bridegroom is the son of Mrs. Joe Kerr, Sr., and the late Joe Kerr, Sr., of Sanderson.

The altar was decorated in white Fuji mums and ivy and flanked by baskets of jade greenery and carnations. Pews were marked with white satin ribbons.

Mrs. Fred Jones, organist, played a program of wedding music and the wedding marches. She also accompanied Miss Doris Owen, violinist, who played "Panis Angelicus" and Bach-Gounod's "Ave Maria."

The bride chose for her wedding gown of hand-clipped Chantilly lace over pleated nylon ruffles. The fitted bodice was fashioned with a sweetheart neckline and long sleeves. The full skirt ended in a sweep train. Her finger-tip veil of French illusion fell from a gathered Chantilly lace bonnet. Feathered carnations and a white orchid were atop the white prayer book which she carried.

Mrs. John R. Foster of Dallas was matron of honor. She wore a floor-length gown of emerald green nylon tulle, full-skirted, with velvet fichu and crushed girdle. Her bridesmaid was a velvet bandeau with jeweled veil and she carried a cascade bouquet of yellow Fuji mums with croton foliage and yellow satin ribbons.

Other attendants were Mrs. G. Moberly of Midland, sister of the bridegroom, and Mrs. Harry Gant of Houston. They wore gowns and carried bouquets identical to those of the matron of honor.

Junior bridesmaid was Miss Victoria Tracy. Junior groomsmen were Mart and Jim Adams, twin brothers of the bride, who also lighted the candles.

Edward Kerr, brother of the bridegroom, was best man. The groomsmen were Joe Kerr, Jr., of Del Rio, brother of the bridegroom, and W. C. Mitchell, Jr., of Fort Stockton.

A reception in the Presbyterian hall followed the wedding. White papers and ivy were on the mantle with baskets of white Fuji mums and greenery banked at the base.

The bridesmaids' bouquets decorated the table covered in a hand crocheted cloth where coffee and punch were served. On a small round table covered with a white linen cloth was the four-tiered wedding cake on a base of yellow tulle ruffles and decorated with pale yellow mums.

Serving the cake were Mrs. Harrison Dyche and Mrs. Thomas Brewster of Fort Stockton. Presiding at the tea and coffee service were Mrs. Paul W. King of Houston, aunt of the bride, Mrs. Joe Kerr, Jr., of Del Rio, sister-in-law of the bridegroom; Mrs. Marvin Butz, Mrs. Fred Jones and Ms. H. H. Tracy, Jr., all of Fort Stockton.

Following a wedding trip to Mexico City, the couple will reside in Sanderson where Mr. Kerr is

associated with The Kerr Mercantile Co. For her going-away costume, the bride wore a beige wool suit and matching hat with tangerine scarf and brown accessories. Her corsage was a white orchid.

Mrs. Kerr is a graduate of the Radford School for Girls, El Paso, and the University of Arizona where she was a member of Kappa Kappa Gamma.

After graduating from the Sanderson High School and the University of Texas, Mr. Kerr had four years of service with the U.S. Air Force, including Korean duty and recently received his discharge at Bergstrom AFB, Austin.

Out-of-town guests were Mr. and Mrs. Paul W. King and son, John Berl, and Harry D. Grant, all of Houston; Mr. and Mrs. Joe Kerr, Jr., and children of Del Rio; Mrs. J. Beidler of Brackettville; Mr. and Mrs. John R. Hunnicutt of Ozona; Mrs. T. C. Schiffers, Mrs. Rosa Dewees, San Antonio; Mrs. Joe Camp of Pecos; Mr. and Mrs.

Ed Wlaughter, San Angelo; Mr. and Mrs. George A. Moberly of Midland; Mr. and Mrs. Austin Chriesman, Dryden; Mr. and Mrs. Frank Warren, Mrs. Collins Coates, Mr. and Mrs. Henry Scruggs, Mr. and Mrs. Ross Underwood, Mrs. Doris Duke McCullar and Miss Diana Duke all of Sanderson.

The rehearsal dinner was given Friday night in Fort Stockton in Taylor's Dining Room by Mr. and Mrs. Moberly, and Mr. and Mrs. Edward Kerr, of Sanderson. Guests were members of the wedding party. Table decorations were white carnations, white gladioli and white candles. The bride's gifts to her attendants were hand-painted powder boxes and pin trays and the bridegroom's gifts to the groomsmen were billfolds.

## Mrs. F. M. Wood Hostess For Bridge Luncheon Wednesday

Mrs. F. M. Wood was hostess for the Wednesday Bridge Club this week. Following the luncheon which was served at 1 o'clock, three tables of players participated in the card games when high score prize was presented to Mrs. Bustin Canon, second high to Mrs. Mary Lou Keller and low to Mrs. Clyde Griffith.

Other guests were Mmes. Web Townsend, S. L. Stumberg, Jack Riggs, John Reiningger, Tol Murrah, James Kerr, Herbert Brown and J. D. Swanson.

Arrangements of roses decorated Mrs. Wood's home for the party.

Mr. and Mrs. W. R. Stumberg returned home last week from San Antonio where they had visited with their daughter, Mrs. Marshall Miller, and children and with other relatives. Their granddaughter, Mary Elsie Miller, accompanied them home.

## New Officers Elected For Ranch Club

The Ranch Home Demonstration Club met Tuesday morning in the home of Mrs. Bob Allen with Mrs. H. L. Surratt as co-hostess.

The annual election of officers was held during the business session and the newly-elected officers include: Mrs. Lewis A. Wright, president; Mrs. L. G. Hinkle, vice president; Mrs. James Caroline, secretary-treasurer; Mrs. M. W. Duncan, reporter; Mrs. Carl Cochran, council delegate. The group decided to have an achievement display in October instead of the camp meeting originally planned in Fort Stockton.

After roll call Miss Vera Thormann, demonstration agent, gave a demonstration program on the buying and making of plaid materials.

The school girl lunches brought by the members provided the noon-day meal with the hostesses adding a vegetable salad, a congealed salad, pickles, olives, tea and coffee. There was a beautiful centerpiece of cosmos on the lace-covered table.

In the afternoon, members made tid-bit trays, waste baskets and letter holders.

Before adjournment, cakes brought by Mrs. E. B. Holland and Mrs. I. B. Rusk were served with coffee.

Members present were Mmes. N. M. Mitchell, J. W. Byrd, J. D. Nichols, Carl Cochran, James Caroline, E. B. Holland, M. W. Duncan, E. F. Pierson, L. G. Hinkle, Don Allen, Aubrey Harrell, L. A. Wright, Lee Grigsby, I. B. Rusk, Chester Boyd and W. F. Frazier. Guests were Mrs. Jack Hayre, Mrs. Leola Hill and Miss Vera Thormann.

Mr. and Mrs. P. J. Harris returned home last week from Bryan where they had visited for two weeks with their son Pat Harris, Jr., and family.

## SISTER KENNY POLIO FOUNDATION NON-SECTARIAN ORGANIZATION

MINNEAPOLIS, MINN. — The Sister Elizabeth Kenny Foundation, with national headquarters here, is a non-sectarian, non-profit organization.

Among major objectives of the organization are:

1. Providing the famed Kenny treatment for polio to victims of the disease, without regard to race, color, creed or financial circumstances.

2. Training of registered nurses and physical therapists under scholarship arrangements to become Kenny Therapists, who administer the Kenny treatment.

"Sister" in the organization name has no religious significance.

The Sister Elizabeth Kenny Foundation, which currently is conducting its annual fund appeal, is named for the late Sister Elizabeth Kenny whose treatment for polio is being perpetuated by this organization. "Sister," preceding her name, is the title given Australian Army nurses with rank equivalent to First Lieutenant in the Nurse Corps of the United States Army. Sister Kenny was promoted to this rank while serving as an Australian Army nurse during World War I.

## Susan Harkins Has Birthday Party Friday Afternoon

Mrs. J. J. Harkins invited a group of friends of her daughter, Susan, to her home Friday afternoon to celebrate Susan's eleventh birthday.

After the guests had played canasta, Mrs. Harkins served sandwiches and punch with the birthday cake.

Those present were Vicki Littleton, Diane Brown, Melinda Gilbreath, Terry Hodgkins, Peggy Armstrong and Kay Williams.

## EVENING STUDY CLUB TO MEET TUESDAY

The Evening Study Club will meet Tuesday, October 12, in the home of Mrs. Weldon Cox at 7:30 p. m.

The meeting was set up from Thursday, October 14.

## Mrs. James Caroline Is Bonhomie Club Hostess Thursday

Mrs. James Caroline was hostess last Thursday afternoon when the Bonhomie Club met in her home.

Refreshments of pumpkin pie topped with whipped cream, tea and coffee were served after the guests had their usual period of fancywork and conversation.

Those present were Mmes. A. B. Gates, F. H. Talbot, M. W. Duncan, L. A. Wright, E. F. Pierson, Charlie Rogers, H. W. Halsell and W. F. Frazier.

## Staff-Sergeant Victor Parada of the US Air Force, left Thursday for Memphis, Tenn., for his new assignment after foreign service in France. His wife and baby accompanied him to Memphis.

IT'S *So Easy* TO ENJOY  
BETTER LIGHT FOR BETTER LIVING

See your home in a new light. This FREE BOOKLET tells you how.

Get YOUR copy at our office TODAY!

Contains 22 tested recipes for better light for every room in your home. Tells you how you can improve your lighting inexpensively with a tape measure as your only tool. Shows you the recommended bulbs and lamps for every seeing task... and for decorating your home with light. An invaluable guide to any homemaker... and it's yours for the asking!

## Happiest Homecoming of the Year!

The longed-for day has come at last. He has taken delivery of the car of his dreams... he has enjoyed his first wonderful ride behind the wheel... and now — he's coming home!

And what a proud and happy man he is as he turns into that familiar driveway and presses against the horn rim to signal his arrival!

For this—as any Cadillac owner can testify—is a very happy homecoming!

It would be difficult to imagine a more thrilling or a more delightful family gathering than that which heralds the arrival of a new Cadillac. It is a truly memorable and exciting and joy-filled occasion.

And then, there are those admiring friends and neighbors who usually drop by to welcome a new Cadillac to its new home—and to get a personally conducted "tour" of the car from its owner.

But, perhaps best of all, there's the deep personal

thrill that comes to a man when he first contemplates his own Cadillac in his own driveway.

It gives him a genuine sense of satisfaction to realize that he possesses one of the world's most sought-after products—and a feeling of gratitude to know he has been able to provide his family with Cadillac's great comfort and luxury and safety.

Yes, it's a unique and wonderful experience to bring a new Cadillac home.

And we honestly feel that the motorist who is privileged to enjoy this experience in 1954 is in for a very special treat. For the car is now more wonderful to drive... and more beautiful to behold... and more inspiring to own than ever before.

Why not stop in soon—and let us show you what we mean? One hour behind the wheel, and we think you'll be looking forward, with great anticipation, to your own "Cadillac homecoming"!

INTERESTING FACTS ABOUT TEXAS

### SAN JACINTO MONUMENT

This memorial is 570 feet high, the tallest stone monument in the world. On these hallowed grounds, Texas won her final battle for Independence from Mexico on April 21-1836. The Texans rushed to battle with the cry, "Remember the Alamo, Remember Goliad" and won a complete victory in less than thirty minutes. The Mexican army was routed with a loss of 630 killed, 280 wounded, and 730 captured. The Texans sustained a loss of two killed and twenty-three wounded. Among the Mexicans captured was General Santa Anna.

## 'Cattleman' Will Promote Beef Eating In Current Issue

Fort Worth — The Cattleman, official publication of the Texas and Southwestern Cattle Raisers Association with headquarters here, has dedicated its October issue to telling its readers what beef producers are doing to promote beef consumption in Texas and throughout the nation.

Beef promotion is being pushed by the industry, the magazine points out, because cattlemen want to solve the problem of beef surpluses by encouraging people to eat more beef instead of letting beef surpluses pile up in warehouses.

The magazine will be in the hands of its 30,000 readers during the first week in October. A four-color cover featuring a picture of a choice hunk of rich, red beef is indicative of the theme of the publication, according to editor Henry Biederman.

## TWO F.F.A. MEMBERS TO ANNUAL MEET

Jimmy Talbot and Lewis A. Wright, Jr., left Thursday for Kansas City to attend the 27th national convention of the Future Farmers of America.

The convention will be in session from Monday through Thursday of next week. The boys went to Dallas with Pinky Carruthers and will join the Texas delegation there for the trip to Kansas City by train.

Talbot is president of the local chapter and attended the annual meet in Kansas City last year.

The program will include conducted tours to points of interest, addresses by Henry Ford, president of the Ford Motor Co., and by His Excellency A. D. P. Healey, the Canadian Ambassador. Also on the agenda are a national public speaking contest, the F. F. A. Amateur Hour, awarding of the American Farmer Degrees, and the election and installation of 1964-65 National F. F. A. officers.

## SPECIAL SERVICES AT LOCAL CHURCH OF CHRIST

Sunday will mark the concluding services for the week of gospel services at the Sanderson Church of Christ.

Bob Wood of Alpine, minister of the Church of Christ, is doing the preaching this week, and Lewis A. Wright, local minister, is leading the song services.

Services are at seven-thirty each evening with Sunday services at 10 a. m. and 5 p. m.

The services Friday night will begin at 6:30, instead of 7:30, so that members and friends of the church will have an opportunity to go to the football game. Sunday services are at 10:55 and at 5 p. m.

## LOCAL WOMEN DISTRIBUTE CLOTHES TO FLOOD VICTIMS

Mrs. M. Fuentes, Mrs. Pablo Ochoa and Mrs. Carlos Pena were in Ciudad Acuna last Friday to distribute clothing to flood victims of that city.

Fourteen boxes of clothes and shoes were collected in Sanderson and taken to Acuna by the ladies. They have requested that anyone having clothing or shoes which they would like to contribute to this worthy project to contact them as they plan to make other trips if sufficient supplies can be collected. Outgrown and discarded clothing for men, women and children will be accepted.

## LOCAL YOUTH JAILED FOR MISDEMEANOR THEFT

A local youth was given 30 days in jail in a charge of misdemeanor theft tried here in county court last Saturday morning.

The charge grew out of the theft of a watch in a local retail establishment and was tried before County Judge R. S. Wilkinson.

## F. E. PYLE, JR., IS SENIOR AT SEWANEE, TENN.

## Cause of Disease In Valley Still Is Not Known

Austin — The epidemic of encephalitis which struck some 400 persons in the Rio Grande Valley during August and September has been declared at an end, but exhaustive studies by state and federal laboratory experts still have failed to show the specific agent which caused it.

"We are still conducting tests here and at the U. S. Public Health Service Laboratory in Montgomery, Alabama," State Health Officer Dr. Henry A. Holle said.

Dr. J. V. Irons, director of the State Health Department's laboratory activities, said the epidemic "may have been due to an entirely new type of virus or to a known virus appearing in epidemic form for the first time in this country."

When it first took shape, county, state and federal public health officials took immediate steps to curb it. Insect control experts reduced mosquito populations to practically zero.

Most known types of primary encephalitis are transmitted by mosquitoes. But Hidalgo County's mosquito populations were below normal due to intensive spraying operations after heavy rains last April.

The "reservoir of the three most common types of encephalitis in the United States is in wild birds and the hosts of these same types are man and horses. Thus, if a mosquito feeds on an infected wild bird and later feeds on a horse or human, the infection is passed on.

But Valley veterinarians say that they haven't seen any horse involvement which ordinarily would be concurrent with the human epidemics.

The distinction between non-paralytic polio and mild encephalitis is a difficult one to make which adds to the uncertainty.

Dr. Irons said laboratory attempts to identify the causative agent would be continued indefinitely.

## NOTICE

Hot tamales will be sold at the parsonage of the Latin-American Methodist Church on Friday, October 15, afternoon and evening, 50c per dozen. Your patronage will be appreciated.

Mr. and Mrs. Carlton White left Saturday on a vacation trip to San Antonio and San Angelo to visit with relatives. Mrs. C. H. White, his mother, accompanied them on the trip. They will also attend to business matters incident to the remodeling and repairs on the Princess Theatre which are now in progress.

## Many Violations Listed in Season Opened September 1

Austin — The Director of Law Enforcement for the Game and Fish Commission said, "It took a pretty strong stomach for some Texas game wardens to keep working during the month covered in the new field report."

Here are some of the cases filed:

Poisoners killed every living fish over a two-mile Colorado River area just below Austin, exterminating an estimated 15,000 pounds of game fish, including great catfish running up to 75 pounds in size. The Hays-Travis County Game Protective Association has offered a \$200 reward for the apprehension of the perpetrator.

One hunter had 150 mourning doves. The limit is ten.

One dove hunter was arrested with seven quail.

One man was taken after shooting a turkey hen or which there is no open season.

Seven different motor vehicles charged with shooting fawn deer which are protected at all times in Texas. Thirty-seven different cases were filed for illegally taking game fish, the majority being for poisoning waters or shocking fish with electricity.
