SANDERSON, TEXAS, FRIDAY, NOVEMBER 19, 1954

NUMBER 40

VOLUME XLVII

LISTEN TO LUKE

Things are looking up in Terrell County. With the advent of a new company, a rock quarry in Dryden, have another outlet for some of the natural resources which will be much to the development of the area, possibly.

The Chamber of Commerce has been active in trying to get interested in developing some of the resources as well as attempting to find new mediums of industry. Now it is up to the Chamber to assist this endeavor in their own and seek new avenues for the promotion of the resources.

Mr. Williams, who is connected with this new company, is a man who has the know-how and the industry for the promotion of this worthwhile endeavor and he is a man who will be alert to the possibility for expansion into other areas. We welcome this new company to Terrell County.

The past few weeks of Senate show have been most disgusting to the people of the United States. It is a pitiful state of affairs when men who are entrusted with high office would stoop to such a low level of conduct as to publicly bludge a man who has been elected to Capitol Hill.

Those who have made such a show about censuring Senator McCarthy have been guilty of much more slander and slime than the senator from Wisconsin possibly could have committed alone.

There is no one who would be happy over a censure such as was leveled in the Watkins committee in the Kremlin itself. If there is a Senator who would do such a degrading move then Texas should see to it that he never sent back to Washington.

This column can think of only one thing for which McCarthy should be censured, and that is because he didn't bear down hard enough on the Communists and their coddling partners. The gentleman who was so "badly abused" by McCarthy should be removed from service of the U. S. Army for arrogance and disrespect for a committee who was trying to get out and get rid of such men as these and those who promoted after the disclosure of his Communist connections. When a man thinks his rank is above good of his country then it is time for his little stars to be rubbed off and give him, at least, a strong Americanism indoctrination course which will either give him an American or show up for what he is.

While the world is struggling for survival against the terrible threat of Communism is no time for our leaders to be trying to censure a man who has devoted his entire life to exposing the very things which threaten our very existence. It may prove embarrassing to those in high office if McCarthy is struck up by his heels. Alright, the chips fall where they may.

Senator Johnson and Senator Smith, we are looking to you to present us in Washington. If you in this there can be no trust in your integrity and ability as leaders in the future, in our opinion.

There was a time when, before one could qualify as a citizen, an American youth was required to take an oath that he would leave the city of Athens a better place than he found it. That would be a very noble oath for citizens of any country to take today.

We enjoy the benefits of a democracy, we should be required to attempt to make of it a better place in which to live. All of us can do that if we will devote our energies to that end. We can't dress as a town if we attempt to move along on the progress of the world.

Two Lads Ride Horses From Place Sunday; Caught In Ft. Stockton

Troy Bledsoe and W. J. Taylor, both about 15, of Houston, were picked up in Fort Stockton Sunday night after trying their hand at hitch-hiking, horseback riding over a big triangle of Southwest Texas.

The boys admitted to local officers that they had taken two horses, bridles, saddle blankets and saddles from the R. G. Stegall place just west of Sanderson and rode west about 10 miles where they unsaddled the animals and hid the saddles before hitch-hiking to Alpine and then back to Fort Stockton where they were picked up and returned here Sunday night.

The two boys were paroled to their fathers.

Miller Named As Supl. of Big Bend

Word was received here this week that George W. Miller had been named to replace Lon Garrison as superintendent of the Big Bend National Park. The appointment was made by Secretary of Interior McKay.

Miller was assistant superintendent of Glacier National Park at the time of the appointment. Garrison is the new chief of conservation and protection in the park service headquarters in Washington.

Miller is a native of Pueblo, Colorado with 29 years of experience in the park service, having served as temporary ranger at Yellowstone National Park in 1925, named to the permanent staff in 1926 and assistant chief park ranger in 1930. He was chief park ranger at Glacier for four years and transferred to Rocky Mountain National Park as assistant superintendent and held that position until being transferred to Big Bend.

The Millers have one son who is a student at Montana State University.

Judge R. S. Wilkinson Named to Board For Park Development

County Judge R. S. Wilkinson has been named to represent Terrell County along with twenty-three other prominent industrial and civic leaders who have been chosen as directors of a newly formed organization to develop plans and further working arrangements for the dedication of the Big Bend National Park and other related projects, according to Dr. Bryan Wildenthal, president of Sul Ross State College and chairman of the Big Bend National Park Development Association.

It is anticipated that efforts of the organization will be devoted in large part to working with the West Texas Chamber of Commerce and the Texas Good Neighbor Commission in the establishment of an International Park consisting of rugged and picturesque areas in Mexico directly across the Rio Grande from the present Big Bend National Park.

Superintendent Lon Garrison of the Big Bend National Park and his staff are working closely with the new organization.

Costly Deer Bagged In Pecos County

Tuesday of this week an Ozona man paid a fine of \$200 and costs for killing a deer out of season. A Midland man was apprehended while hunting deer out of season and was assessed a fine of \$10 and costs.

Arrests were made by Game Warden Ed Lacy in Pecos County. The men both decided that rushing the opening of the season can prove expensive.

Pat Cooper Added To District 6 Staff As AES Agent

Pat H. Cooper

College Station — Sheep and goat producers in Agricultural Extension Service district six now have available on a seasonal basis the services of an associate agricultural agent to assist them with their improvement program. Pat H. Cooper of Fort Stockton is the new agent according to word from Extension Director G. G. Gibson.

Cooper is a native of Sonora and studied animal husbandry and agronomy at Texas A&M College. For the past several years he has been ranching in the Fort Stockton area and is well-known. His headquarters will be in Fort Stockton. Extension Animal Husbandman James A. Gray of San Angelo will direct the improvement program. Cooper will work closely with District Agent Joe Glover.

The expanded sheep and goat and wool and mohair improvement program has resulted from producer requests especially the Texas Sheep and Goat Raisers Association. Gray for some years has been conducting demonstrations with a limited number of producers over the sheep and goat area and the results of this work has formed the basis for the expansion.

The improvement program is based on rigid flock selection. The selection of breeding animals is based on getting a type of sheep or goat which will produce a fleece of good quality and in quantity. Also produce lambs and kids which will be most acceptable to the trade. Staple length of the fleece will get special attention.

The total program includes such major points as balancing sheep and goat numbers with land, feed facilities and labor; following a planned grazing and management program; selecting breeding stock for high production and quality; using sound stock management practices; making best use of supplemental feed; proper preparation of wool and mohair for market and selling on a quality basis. Selection of breeding animals and proper preparation of wool and mohair for market will be the two points getting major attention at this time, says Gibson.

Cooperating ranchers will be expected to keep a minimum amount of records on fleece weights, lamb or kid crops and lamb or kid weight.

Union Thanksgiving Service Set for Nov. 25

The churches of the community will have a union Thanksgiving service on Thursday morning, November 25, in the Presbyterian Church at 10 o'clock.

Rev. J. J. Spurlin, pastor of the Methodist Church will bring the Thanksgiving message.

The special offering which is taken each year at the Thanksgiving service will be given to the local Latin-American Methodist Church.

Mrs. Roy Bogusch left Tuesday for Corpus Christi to attend the State Parent-Teacher Association meeting. Mr. and Mrs. Max Bogusch of Del Rio are here with the Bogusch children while she is away.

NOVEMBER 25, DAY OF....

DRYDEN FIRM TO MARKET STONE FOR STATE-WIDE USE IN CONSTRUCTION

A new industry for Terrell County was inaugurated when A. D. Williams of Houston and Walter E. Bauerle of Brownsville organized the Dryden Stone Quarries, Ltd., and have started operations in the Dryden area.

The new company has some of the equipment on the ground and more on the way to the quarry site. Bulldozers and heavy equipment will be used to mine the flag and ledge building stone which is plentiful in that area. Leases have been acquired from the Barrett ranch where there is an abundance of the stone in pink, rainbow pink, gray, blue bluish, blue, and variegated building, patio, landscaping and decorative stone.

Mr. Williams, in talking to The Times, stated that he has had years of experience in building stone and has found in this area some of the finest specimens, especially in decorative stone, that he has ever seen. He has outlets for

his product in many cities with dealers in Dallas, Fort Worth, Waco, Houston, Texas City and other and expects to ship at least a car of the product every day of operation. Besides, he says, there is reason to believe that the local market should provide a sizeable outlet.

This industry is one of many which may be started in the immediate future to utilize some of the natural resources of this section of Texas, according to Mr. Williams, who stated that there seems to be possibilities for many by-products from some of the stone specimen he has observed in the short time he has been here.

Terrell County stands to profit by the discoveries being made through such explorations as is being done by this company. Untold and unheard of riches may be found in these projects, Williams stated.

Four Youths, Lool Apprehended Here

Four youths, two boys age 15 and 17, and two girls, age 15, were apprehended here last Wednesday night by local officers. A pick-up had been relayed from Del Rio by Val Verde County Sheriff A. E. Steinmetz.

The youths were in a car reportedly belonging to one of their parents. They had in their possession two rifles, a .22 calibre pistol, 2 or 3 dirks, numerous pocket knives and a purse full of jewelry which was reported to have been taken in numerous towns between Del Rio and Oklahoma, the home of the juveniles.

The youths were returned to Del Rio by Val Verde County officers.

Mrs. C. W. Cox Hired to Replace Mrs. Max Wilson

Supt. Matt Bader announced this week that Mrs. C. W. Cox had been added as a member of the Sanderson Elementary faculty to replace Mrs. Max Wilson.

16-Mile Stretch On Dryden-Sheffield Road Completed

Border Construction Company, contractors, completed the 16-mile construction on FM 1217 north of Dryden last week and the road was unofficially accepted.

Another 18-mile span of the same FM road just south of Sheffield is scheduled to be completed the latter part of this week, barring bad weather. This job is being done by Cage Brothers, contractors.

The remaining nine miles of the unpaved road is now programmed for construction and it is hoped to have the entire run from Dryden to Sheffield completely paved and opened in the near future.

With the completion of this highway traffic artery an increase in travel from Iraan and Sheffield to connect with Highway 90 will be noticeable and the shorter route will bring more travel this way.

'Thunderbird' To Be Shown Here Friday

Ford's "Thunderbird", revolutionary sports-model car, will be on display here Friday at the Ferguson Motor Co., according to an announcement by W. J. Ferguson, Jr.

Ferguson stated that the car would be on his floor all day Friday, but would not be available for demonstration purposes. The car has not yet been released to dealers of the state, he said.

Many features of the Thunderbird have been incorporated into the 1954 Ford passenger cars, according to Ferguson, and he added that he thought all motorists should see this very different type of sports car.

Lon Garrison To Fill National Post

Word was received here last week that Lon Garrison, superintendent of the Big Bend National Park, has been named by Washington Park Director Conrad Wirth, to head a new office of conservation and protection for all national parks. He will work within the National Park Service at Washington.

The appointment has not been made official by confirmation of Interior Secretary Douglas McKay and until such confirmation is received is subject to change or cancellation.

It was expected that Garrison would have no trouble securing the post since Wirth said that Garrison had been chosen for what he termed one of the most important positions around here and one that has been needed for some time.

J. T. Allen, assistant director of National Parks, would not disclose who would be Garrison's successor as superintendent in the Big Bend National Park.

Garrison has been responsible for extensive road construction, watering facilities, phone lines and other tourist advantages in the park since he took over as superintendent.

He has been in the park service for over 20 years and is thought to be well qualified for his proposed duty. He has been connected with the Sequoia National Park; Yosemite National Park; Hopewell Village National Historical Site in Pennsylvania and worked as assistant chief in the Washington National Park Service office of information.

Garrison has been working lately with officials of the Mexican and United States governments in promoting the idea of an international park which would extend into Mexico south of the Big Bend National Park. He is very optimistic of the reality of such a project within the next few months.

SANDERSON BOWS TO STRONG BADGERS BY 26-0 SCORE

The Sanderson Eagles lost their last home game of the '54 grid season to the strong McCamey Badgers who held off on points and tallied only 26 points while holding the Eagles scoreless. The Badgers scored on their first offensive play — a punt reception by Montgomery who ran 50 yards for the first score. The extra point was converted to make the first quarter end up 7-0 in favor of the visitors.

The Badgers scored again in the second period when Cole went from the 20 to pay dirt. In the same period, the McCamey team received an Eagle punt and carried the ball to the Sanderson 10 on a series of line plays ended by a TD by Montgomery from that point.

The third quarter was scoreless. In the final period the Badgers scored from the 4-yard line after a drive down field to that point.

The McCamey team gave a few exhibitions of their power for local spectators, but seemed to be holding off in their real ability that has been displayed against other district teams, such as Wink and Big Lake. The Badgers used their second stringers freely in the local game.

District championship will be decided in McCamey Friday night when the Badgers are hosts to the Fort Stockton Panthers, both undefeated teams in conference play. Tickets for standing room only have been sold out for several days for this decisive game.

Friday night the Eagles will go to Fabens for their final game of the season.

New Buick Showing Friday by Hanson

"Friday is the day all automobile fanciers have been waiting for," says E. J. Hanson, owner of McKnight Motor Co., early this week as final preparations were made for his showing of the new 1955 Buick automobile. The company will have open house all day Friday and all area citizens are cordially invited to come by and see the automobile.

Hanson stated that there have been many changes made in the new models that should appeal to even the most discriminating person.

"The Buick line of automobiles has nothing new in quality to offer to new car buyers this year," Hanson stated, "because of the fact that Buick has been known for many to have said and stayed with their claim that "when better cars are built, Buick will build them."

Safe Driver Pin Awarded Sanderson Butane Truck Driver

A. G. Calzada, driver for the Pierson Butane Company of Sanderson, was the recipient last week of a Safe Driver Award pin from the Pan-American Casualty Company of Houston.

The award given Calzada is for his record of three years' driving for the butane dealer without a chargeable accident.

The record of this driver shows that Mr. Calzada has been careful, courteous, efficient and cooperative. E. F. Pierson, owner of the butane company which bears his name, made the presentation to the driver and congratulated him for his fine record.

Mr. Pierson plans to make similar awards each year to deserving drivers in his employ, he said.

Sgt. and Mrs. R. R. Brooks of Fort Leonard Wood, Missouri, arrived Thursday to visit with her parents, Mr. and Mrs. A. L. Pappert.

From know-how gained in building
50 MILLION CARS

comes an all-new General Motors masterpiece
PONTIAC FOR '55

The 1955 Pontiac is getting a royal welcome. "It's hot," they're saying, "the hot car of the year." And no wonder! With its Vogue Two-Tone styling and Strato-Streak V-8 engine, Pontiac wraps up more beauty, luxury, size and power than a like amount of money ever bought before. The price is near the lowest, but the car is way out front in everything that makes an automobile great.

The reason lies in the achievement General Motors is now celebrating—the vast experience gained in building 50 million cars. Research experience that uncovers what you want and need. Design experience that creates new trends. Engineering experience producing more dollar-for-dollar quality year after year.

That's the background of this All-New General Motors Masterpiece. Come in, drive it, and find out what it means to you. Let your own eyes tell you that here is the smartest car on the highway. Let your own hands report the new handling perfection brought about by recirculating ball steering and other advancements in the all-new shock-proof chassis. And let the great new Strato-Streak V-8 whisper its tale of getaway, response and compelling power that make driving a brand-new experience.

Then let us tell you about Pontiac's new thrift and reliability—and how little it costs to buy this future-fashioned beauty. Come in soon and get the exciting facts!

GRICE-FRAZOR MARRIAGE RITES READ NOV. 6

Mr. and Mrs. David R. Grice are at home in Dallas following their return from a wedding trip to Lake Murray, Oklahoma. The wedding was in the Dickerson Chapel of the First Methodist Church of Dallas Saturday evening, November 6. Dr. Robert E. Goodrich, Jr., pastor, officiated at the double-ring ceremony by candlelight. The chapel was decorated with white mums. The candles were lighted by Regina Tierce, niece of the bridegroom.

Music was presented by Mrs. George Soderstrom and Miss Phyllis Nelson.

Given in marriage by her father, the bride wore an ankle-length dress of sky blue silk fashioned with a round collar of lace embroidered with seed pearls, long sleeves and bouffant skirt. Her matching hat was trimmed with lace and seed pearls and she wore blue satin pumps. On her white Testament she carried a bouquet of yellow roses centered with a white orchid.

Mrs. Frank Hovell of Houston was the matron of honor. Alfred E. Grice of Topeka, Kansas, was his brother's best man.

Ushers were Guy B. Nolan of Amarillo, cousin of the bride, and Ed Womble of Port Arthur, Texas.

Following the ceremony, supper was served in the home of the bride with Mrs. Don R. Frazor of Amarillo, sister-in-law of the bride, registering the guests. Mrs. Dorothy Tierce presided at the silver coffee service and Miss Sylvia Morgan of San Antonio served the three-tiered bride's cake which was decorated in clusters of chrysanthemums. Also assisting in serving were Mrs. Ed Womble and Mrs. Dorothy Scott. The table, covered in a cloth of hand-crocheted lace and linen, had a centerpiece of white mums.

Out-of-town guests included the parents of the bridegroom and bride, Mr. and Mrs. A. E. Grice and Mrs. Dorothy Tierce and daughter, Regina, all of Topeka,

MRS. DAVID R. GRICE

Kansas; Mr. and Mrs. S. P. Peterson, uncle and aunt of the bride, and their son, Paul, of San Antonio; Mr. and Mrs. Frank Hovell of Houston; Mr. and Mrs. C. D. Frazor, uncle and aunt of the bride, of San Antonio.

Mrs. Grice is the daughter of Mr. and Mrs. Wilbur F. Frazor of Sanderson. After receiving her nursing education at Baylor University, she received her Bachelor of Science Degree in Nursing from Incarnate Word College, San Antonio. She is employed at Parkland Hospital in Dallas.

Mr. Grice, the son of Mr. and Mrs. R. A. Grice, of Topeka, Kansas,

is a graduate of the University of Kansas with a degree in architectural engineering. He is employed by the Chance Vought Aircraft Corporation in Dallas.

BONHOMIE CLUB MEETS WEDNESDAY

The Bonhomie Club met in the home of Mrs. Charlie Rogers Wednesday afternoon.

Following the period devoted to conversation and fancy work, the hostess served O-S-Good pie with coffee to her guests including Mesdames F. H. Talbot, H. W. Halsell, L. A. Wright, E. F. Pierson, James Caroline, B. E. Carr and Chester Boyd.

MRS. JAMES KERR HOSTESS TUESDAY FOR BRIDGE PARTY

Mrs. James Kerr was hostess for a bridge party in her home Tuesday afternoon. The party rooms were decorated in beautiful arrangements of roses and mums.

The three tables of guests included Mmes. I. B. Rusk, J. D. Swanson, W. H. Riley, A. J. Hahn, W. E. Stavley, J. A. Glibreath, R. R. Ellison of Fort Davis, John Reininger, Bustin Canon Tol Murrab S. H. Underwood and Notley Scott of San Angelo.

Mrs. Hahn was winner of the high score prize and slam prize. Mrs. Riley was second high and slam and Mrs. Stavley was low.

The hostess served apple pie topped with whipped cream, tea and coffee to her guests.

Mrs. Kathryn Keck and Mrs. Bernie Kerr were tea guests.

See the new electric bed covering at your appliance dealer's or our office today. Double bed electric blankets as low as \$39.95; electric sheets, \$24.95.

We bring you
THE 1955 BUICK

New thriller in *Style - Power - Performance*

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

A BRIGHT NEW FRESHNESS greets your eyes and tells you: *Buick's done it again.*

You see it in the bold distinction of that gleaming Wide-Screen Grille. You see it in the rakish sweep of the rear-end contours. You see it in the whole fore-and-aft newness of fleet-lined grace that marks Buick the beauty thrill of 1955.

New horsepower — up to 236

You learn more when you get the power story. Up to new peaks go the horsepowers of every Buick V8 engine—a whopping 188 hp in the low-price SPECIAL—a mighty 236 hp in the CENTURY, SUPER and ROADMASTER.

And it's new, more responsive, far abler power you can literally feel as you go.

But even bigger Buick news for

1955 is something more than style and power. It's what the "variable pitch propeller" now has done for Dynaflo Drive.*

Up goes performance — and gas mileage too

When you find it necessary to push the pedal to the floor board, you do more than call on the greatest high-compression V8 power in Buick history.

You do what a pilot does when he heads his plane down a runway.

You do in oil what he does in air—you cut down take-off time by using "variable pitch propellers."

In this case, the propeller blades are inside the Dynaflo unit. But they're engineered to swivel or change their "pitch" just like plane propellers—and with the same

result: one pitch for getaway, another pitch for gas-saving fuel efficiency.

And what you get in the way of instantaneous safety—surge with absolute smoothness, you can only believe when you feel it.

This you have to try

Of course, we want you to come and see the trend-setting new Buicks—lock into the betterments in gasoline mileage that add new thrills to these spectacular cars.

But this year, "seeing" is only the beginning. So—while you join the crowds viewing the new Buicks this week end, make a date to get behind the wheel as soon as you possibly can. We promise you the thrill of the year.

*Standard on Roadmaster, optional at extra cost on other Series.

Mrs. O. D. Gray Leads Royal Service Program For W. M. U.

The Baptist Womens Missionary Union met Monday afternoon in the home of Mrs. S. D. Thompson. "New Roads in Rhodesia" was the subject of the program led by Mrs. O. D. Gray after she had given the devotional. Assisting with parts on the program were Mesdames A. D. Brown, Maude Sullivan, L. H. Lemons, J. L. Blackwelder, H. G. Cates, James Word, Ralph Givens, Burt Scrivner, B. E. Carr and F. A. Weigand.

The group sang "Love Lifted Me" to open the meeting which was closed with prayer by Mrs. W. D. Martin, Jr.

During the social hour, Mrs. Scrivner was given a pink and blue shower. Mrs. Ray Thompson assisted the hostess in serving refreshments of pumpkin pie, tea and coffee.

Those present were Mesdames F. A. Weigand, J. W. Carruthers, Sr., W. D. Martin, Jr., Ralph Givens, Annie Nance, James Word, H. G. Cates, J. L. Blackwelder, Burt Scrivner, B. E. Carr, Maude Sullivan, A. D. Brown, Claude Bridges, L. H. Lemons, O. D. Gray, and W. O. Belcher and Miss Eva Carruthers.

METHODIST W.S.C.S. TO MEET MONDAY

The Methodist W.S.C.S. will meet Monday afternoon in Fellowship Hall with Mrs. Irvin Robbins and Mrs. Harry Newton as hostesses. Mrs. L. G. Hinkle will lead the program.

Members are reminded of the Thanksgiving offering which will go to an Albuquerque hospital.

Mrs. J. D. Swanson Is '51 Club Hostess

The '51 Bridge Club was entertained in the home of Mrs. J. D. Swanson last Wednesday afternoon. The party rooms were decorated in white mums and roses.

Coffee and cold drinks were served to the guests before the card games in which twelve members participated.

Mrs. Clyde Griffith was winner of high score prize, Mrs. Herbert Brown, second high, and Mrs. O. T. Sudduth, low. Slam prizes were held by Mrs. Griffith and Mrs. Brown.

Additional guests were Mesdames A. J. Hahn, Robert Carle, J. A. Gilbreath, Vic Littleton, E. J. Hanson, I. B. Rusk, F. M. Wood, James R. Kerr, and J. O. Little, Jr.

Thursday Bridge Club Meets In Rusk Home

Arrangements of pyracanthus berries and roses, decorated the party rooms in the home of Mrs. I. B. Rusk when she was hostess for the meeting of the Thursday Bridge Club.

After coffee and cold drinks had been served to the guests, three tables were arranged for the games. High score was held by Mrs. S. H. Underwood, second high by Mrs. Hugh Rose and low by Mrs. C. H. Stavley. Slam prizes were held by Mrs. Stavley and Mrs. J. O. Little, Jr.

The other guests included Mesdames O. J. Cresswell, Jack Riggs, Vic Littleton, J. D. Swanson, M. H. Goode, Jr., A. J. Hahn, M. W. Duncan and John Reininger. Pumpkin pie topped with whipped cream, tea and coffee were served by the hostess.

Mrs. Hugh Rose Talks on 'Art' For Study Club

The Evening Study Club met in regular session Tuesday evening in the home of Mrs. W. H. Grigsby with Mrs. Dick Sullivan as co-hostess.

Following the business session, Mrs. Hugh Rose presented a program on "Art." She had a large number of her paintings on display. Some pictures which she had started were also exhibited to indicate the various steps in painting.

Refreshments of tea, coffee and raspberry squares were served. An autumn scene with fruits and leaves were arranged on the dining table and yellow mums were on the mantle in the living room.

Members present were Mesdames Bruce M. Spencer, W. E. Lea, Jr., Weldon Cox, Roy Deaton, J. A. Gilbreath, Irvin Robbins, vic Littleton, Austin Nance, Norman Rath, A. T. Wilhite, Jr., W. W. Sudduth, Max Wilson, M. F. Bader and Carlton Smith.

Beta Iota Chapter Meeting In Marfa

The Beta Iota chapter of Delta Kappa Gamma met in the home of Miss Ruth Livingston, immediate past president, in Marfa Saturday afternoon. Co-hostesses were other Marfa members of the chapter.

Dr. Virginia Link of Sul Ross College spoke on the subject, "Uniting Women Educators."

A tea followed the program. Local members attending the meeting were Mesdames W. H. Grigsby, E. E. Farley, R. A. Gatlin and M. F. Bader.

Guests were Mrs. C. H. Stavley, Mrs. Sue B. Mosley and Mrs. Charles Matney.

From where I sit... by Joe Marsh

Granny Drives But Won't "Shift"

Saw Grandma Taylor parking her 1924 Franklin out front the other day. Neat as a pin, radiator and hub caps gleaming—the whole car is as shiny as the day she bought it 30 years ago.

Then I stopped and looked again—for there, hanging on the spare tire was a sign: "This car NOT for sale."

Asked Granny what was going on, "Joe," she says, "It's this craze for old cars. Everybody wants to buy my Franklin. But it has served for years and it's not for sale at any price."

From where I sit, it's strictly the new cars for me—but Grandma Taylor, and others, are certainly welcome to their "old faithfuls." It's simply a question of preference. Same with a choice of beverages. For instance, I like a temperate glass of beer with supper. You may prefer coffee. Fine! The important thing is that we respect each other's choice—and "ride along smoothly" together.

The new Series 60 Special, representing the standard 1955 models, features a new Florentine-curved roof line, a new slender center post, and a great new 300-h.p. engine.

CADILLAC for 1955

Presents the Most Beautiful and Finest Performing Motor Cars in Its History!

The spectacular new Eldorado, a dramatic interpretation of the new Cadillac styling, offers many unique features, including a new 270-h.p. Cadillac engine.

This is one of the most significant new-car announcements in Cadillac history. For it introduces to the world's motorists the most magnificent creations in Cadillac's fifty-three years of motor car production. Three new Cadillac series are offered for your consideration in 1955—the famous Series Sixty Special, the beautiful Series Sixty-Two, and the distinguished Series Seventy-Five... in addition to the spectacular new Eldorado. They are, as you can readily see, magnificent

in beauty—with a new, jewel-like grille and front-end assembly... with dramatic and graceful new sculptured side styling... and with added dignity and bearing in every detail. They are magnificent, too, in performance. There is a new Cadillac engine, the most powerful ever offered in a production motor car... an improved Hydra-Matic Drive... advanced Cadillac Power Steering... and, as an option at extra cost, refined Cadillac Power Braking. And they are magnificent in luxury... to a

degree unusual even for Cadillac. Their interiors are almost unbelievably beautiful... and they are offered in a remarkably wide selection of gorgeous new fabrics and leathers. Beyond any question, these new Cadillac creations represent a new Standard of the World—and we urge you to see and inspect them today in our showroom. You will be most welcome—and we know you will find your visit one of the most interesting experiences of your motoring life!

Thanksgiving Motif For Bridge-Luncheon In Williams' Home

The Thanksgiving motif was retained when Mrs. J. T. Williams entertained the Wednesday Bridge Club in her home this week. Turkey was featured in the menu for the luncheon which was served at 1 o'clock.

The four tables of bridge players included Misses Herbert Brown, R. S. Wilkinson, Bustin Canon, W. R. Stumberg, James Kerr, S. H. Underwood, Clyde Griffith, Tol Murdock, S. L. Stumberg, Web Townsend, F. M. Wood, Jack Riggs, John Reisinger, Notley Scott of San Angelo, R. R. Ellison and Worth Evans of Fort Davis.

High score was held by Mr. Griffith, second high by Mrs. Canon and low by Mrs. Scott.

Bonhomie Club Meets In F. H. Talbot Home

Mrs. F. H. Talbot was hostess this week for the meeting of the Bonhomie Club in her home on Wednesday afternoon.

A beautiful arrangement of autumn leaves and berries was on the dining table and yellow chrysanthemums in the living room.

The members present included Mesdames L. A. Wright, H. W. Haisell, E. F. Pierson, Charlie Rogers, B. E. Carr and M. W. Duncan.

Cranberry salad, white nut bread spread with Philadelphia cheese, tea and coffee were served after adjournment.

The Christmas party will be on Tuesday, December 15, in the home of Mrs. H. W. Haisell.

Good taste and quality go hand in hand. You'll see this right away when you come in for a look at the new Hamilton Illinois watches now being featured at Riggins Jewel & Gift Shop.

Girl Scouts Have Party Last Saturday Night

The Girl Scouts had a party Saturday evening in the C.A.C. Hall.

Twelve Scouts were present, also eighteen parents and ten invited guests. After a period of folk dancing, refreshments of sandwiches, cookies, punch, and coffee were served.

The table, which was covered in a white cloth, was centered with an arrangement of roses in a crystal bowl which was flanked by candles in crystal candleholders. The Thanksgiving motif was noted in the plates, cups and napkins which were used in serving.

Let Us Give Thanks . . .

Thanksgiving Day is here again. So let us check the score and list the many, many things we should be thankful for.

We're prone to take for granted much that comes to us each day. It may seem sort of natural. Good things should come our way—

The air we breathe, the gentle rain, The sun's life-giving ray, And this good earth that is our home, The strength for work and play.

For our dear land, our home and friends, For those whose paths we've trod, And all the bounty left to us — Let us give thanks to God.

—FRED MORLEY

Winter Grazing Depends On More Than Just Rainfall

College Station — Rain alone will not provide the grass needed for winter grazing. A. H. Walker, range management expert, said planning and management of the range may be just about as important as the supply of moisture in determining how much grass will be available for livestock feed during the winter period.

Walker points out that many areas of the state received heavy rains only a short time ago but because the soil was bare much of it was lost to run-off. Planning and management would have helped the situation.

Now that winter is at hand, the specialist says livestock producers should save all of the feed they possibly can as bundles, hay or silage. If feed must be purchased, buy it now, he says. Plant annual grazing crops and here he points out that producers who dusted in small grains and legumes are far ahead of those who waited for rain.

He says that pastures which have been deferred should not be grazed until after frost because livestock will graze off the seed before they have a chance to fall on the ground. He suggests that a protein supplement of one to two pounds for cattle and an eighth to a quarter pound for

ewes be fed each day where the livestock is running on dry grass. Finally, the specialist points out, droughts are not new to Texas and urges livestock producers to plan their operations and manage them to take care of the drought years.

From fine custom tailored, self-winding watches for men to richly designed diamond watches for ladies, there's the right style to suit your taste. Stop in at Riggins Jewel & Gift Shop and receive a liberal allowance for your old watch.

L. B. Welch of San Antonio was a week end visitor in the home of his son, L. W. Welch.

INTERESTING FACTS ABOUT TEXAS

SAN ANTONIO RIVER

The San Antonio River flows through the very heart of the business district of San Antonio. A colorful and unique theatre has been set on the banks of this beautiful river in the downtown section. Tropical plants, shrubbery and palms are found along the river banks and colored lights make a picturesque scene of the river by night.

DEER HUNTERS TO TAKE TO FIELD FOR 6-DAY SEASON

The roads will be full of deer hunters working their way westward for this week end's beginning of the search for Texas' biggest game animal, black tail deer. The season opens Saturday and continues through Thanksgiving Day.

There have been some reports of fat deer in the northeast and central portion of the county where many white tail deer are to be found, but few reports of fat black tail have come in from any ranches in the county that have any sizable number of the big-eared deer.

Local and area hunters have been advised during the big deer season enough to know to observe the caution rules of the books, but they are also cautioned this year to be observant of their targets and of others who might wander into an adjoining pasture and in range of the high-calibre rifles.

The lawful limit west of the Pecos River is one deer per season. Game Warden Ed Lacy has specified that the tag on the hunting license for big game should be attached to the animal as soon as possible after the kill and that a carcass brought in without the tag is an illegal deer.

Rev. and Mrs. J. J. Spurlin spent last week in Melrose, New Mexico, attending to business matters.

CORRECTION

In The Times last week, the financial statement of the P.T.A. carnival should have shown a finer breakdown of items of expense as follows: — Stage show \$12.90 Prizes for booths 36.10 Prizes for floats and costumes 11.00

It's got a "V" in its bonnet — or your choice of two new sixes!

The motoramic Chevrolet for '55

Great new 8

Two new 6's 6

It's the valve-in-head V8 as only the valve-in-head leader can build it!

Chevrolet's new "Turbo-Fire V8" puts a brand-new kind of excitement under your foot. The excitement of 162 horsepower! The excitement of an 8 to 1 ultra-high compression ratio! The new "Turbo-Fire V8" is so efficient that it requires only four quarts of oil instead of the usual five or more. And it has the shortest piston stroke in the low-price field, for longer engine life. Come in and let the new "Turbo-Fire V8" speak for itself!

With enough new advances to fill a book!

There's the new "Blue-Flame 136" (teamed with Power-glide as an extra-cost option) and the new "Blue-Flame 125." Both bring you new, high-rated power—the zippy, thrifty high-compression kind. Both have new, more efficient cooling and lubrication systems... new engine mounts that result in almost unbelievable smoothness. And, like the new "Turbo-Fire V8," both are sparked by a new 12-volt electrical system. They're the liveliest, smoothest sixes Chevrolet ever put into a passenger car!

The Big Air 2-Door Sedan

More than a new car... a new CONCEPT of low-cost motoring (and much too good to miss driving!)
