SANDERSON, TEXAS, FRIDAY, APRIL 1, 1955

NUMBER 7

VOLUME 48

LISTEN TO LUKE

This is the time of year when young man's fancy starts turning lighter thoughts, and when the older people's thoughts start turning to ways to rejuvenate the frozen plants and shrubs around their houses, while the ranchman is considering the possibilities of having a continue feeding because of the loss on young plants and leaves killed by recent freezes.

And if you think that winter is over and turn out the floor furnace, take the heaters to the store-room, remember you thought the same thing about two weeks ago and you were wrong.

It's a good idea, though, to begin spring cleaning now, because it might take the rest of the winter and into spring to get it completed.

We started out with a two-tone fence and it looks like we might get up with a variegated or three-tone or mottled fence after all.

Two different times, when we look off to get some painting done, we sooner had we started than the last started blowing. It was difficult to tell which paining we were working on, and by the time the last blew a while, it didn't matter.

But one of the purposes of painting is to protect the wood, and it has protection, at least.

The protection offered by paint, however, is against decay. And the sun, wind and sand erosion will probably beat time to the rusting of the fence anyway.

But it will be pretty while it lasts, if the paint and brushes and zeal and vigor hold out.

The festivities of the 50th anniversary include the wearing of mustaches for men and sunbonnets for women.

We don't know how long these items must be worn, but we know that there is a lot of difference in taking off a sunbonnet and taking off a beard.

Of course, the bonnet is much easier to put on, too.

We haven't heard yet, whether or not false whiskers will be tolerated, but if they are not, it might prove embarrassing for some of the big husky West Texans who, after days and days of not shaving, are fined for not having a beard.

And another thing, some little liberty that is able to grow a billowing mustache might get the every devil stomped out of him by some huge fellow on account of the assumptions that the biggun could grow the facial decorations.

It poses a problem that is going to necessitate a special meeting of the Chamber of Commerce planning committee.

We catch the devil some times when we make a typographical error, or just a plain mistake, and then sometimes we get thanked for the same reasons.

Last week we ran a class ad for Mrs. R. J. Ross at Dryden who had wanted to sell, among other things, 20 pullets.

We knew it was 20 pullets she wanted to sell, but in setting the type and reading proof, the figure got by all by itself without the 0 after it. Well some people would have asked for a refund on their ad, or demanded a correction be published, or refused to pay for the ad, but not this customer.

She was well pleased because those who wanted to buy pullets, seeing there were only 2 for sale, rushed there and bought her out of pullets long before she had to go out and gather the eggs.

Such is the power of advertising!

There are laws prohibiting misleading advertising, but we were within the law as long as we were within the figure.

IT SAYS HERE:— The fact that two can live as cheaply as one is irrelevant; the question is, are they willing to?

Billy Gene Hill New County Agent Of Kinney County

BILLY GENE HILL

Billy Gene Hill has moved to Brackettville where he assumed his duties as county agent of Kinney County on March 20. He has been residing on the Van Casey ranch.

Hill, the son of Mr. and Mrs. Claude Hill, is a graduate of the Sanderson High School and was active in Pecos County 4-H work during his high school days. After graduating from the Sanderson High School, he attended A&M College, receiving his Bachelor of Science degree in 1953. While at A&M he was a member of several judging teams. After serving several months in the U.S. Army Air Force with the rank of 1st Lieutenant at Fort Benning, Georgia, he was put in the reserves following his separation and returned to Terrell County to engage in ranching.

Hill has a wife and baby daughter.

SCHOOL TRUSTEE ELECTION SATURDAY

The elections for trustees of the Terrell County Common School District and the County Trustees will be held Saturday. The polls will open at 8 a. m. and close at 7 p. m.

A. J. Hahn, Jr., announced for re-election to the post of trustee of the common school district. Other school board members are Herbert Brown and James Caroline.

The county trustees whose terms expire this year are Rufus Ross of precinct 2 and C. M. Turk of precinct 4. Neither of these men have announced for re-election.

The other two county trustees are G. E. Babb and G. K. Mitchell. Polls will be open at Dryden and Sanderson.

All of the offices at the court house will be closed Saturday on account of the election.

Phone Service To Big Bend Park Celebration Set

On April 15, at 10:30 a. m. the Big Bend National Park Development Committee, in cooperation with the Southwestern Bell Telephone Co., and the National Park Service, will hold dedication and celebration on the completion of telephone communications into the Chisos Mountains Basin.

Telephone calls will be made to important personages in Washington, D. C., and to many cities in the state.

Barbecue will be served during the noon hour.

The public is invited to attend the dedication services.

F.F.A. CHAPTER TO HAVE PANCAKE SUPPER APRIL 12

The members of the Sanderson F.F.A. Chapter are to have a pancake supper on Tuesday, April 12, in the Band Hall.

Tickets went on sale this week and the patronage of the public will be appreciated by the boys.

Local Level Solution Urged For Schools

School construction needs can be fully met at the state and local level without federal aid if annual expenditures continue to rise for just another five years at the \$200 million annual rate of the past nine years.

Lumbermen's Assn. To Finance Homes In Small Towns

Lumbermen, material dealers, and investment firms all over the nation are turning a keen eye on a new home mortgage development in Texas as the Lumbermen's Association of Texas prepares to make financing available to 682 communities which heretofore found difficulty in obtaining mortgage money.

The new "Lumbermen's Investment Corporation of Texas," formed by 235 stockholders, all members of the association, will deal in FHA Title I and Title II loans, as well as GI and VA loans, assembling choice loans in large blocks for sale to insurance companies and banks.

Boasting 519 representatives in 192 counties over the State of Texas (Association-member dealers), the new corporation feels adequately capable of servicing its accounts, something hitherto found difficult and non-profitable by large financing companies, both in or out of state.

According to W. S. Drake, Jr., of Austin, president of the Corporation, the original idea for the organization came about by the insistent demands from members of the association that something be done to make available to them and their customers adequate facilities for obtaining residential financing in the smaller communities.

The Lumbermen's Association of Texas appointed a committee of eight of its members to study the possibilities and make recommendations for relieving this situation, and the present investment corporation was the end result.

Realizing that few insurance companies or investment bankers will consider loan applications in towns of less than 5,000, which is the note be conventionally or federally-insured, the committee decided to explore cooperative possibilities with metropolitan dealers within their own organization.

The committee pointed out that small town dealers had been faced since the end of World War II with a problem more and more insurmountable since the time that interest rates began to soar and lending institutions were able to make well collateralized loans on a conventional basis in metropolitan areas at a rate of interest in excess of either FHA or GI guaranteed paper. The result was an immediate drop in the market for these types of loans. Discounts ranging from 5 percent to 12 percent were common. The dealer had to stand this discount which, in turn, dissipated any profit he had realized in the original sale.

The committee also recognized that rates, plans and policies of major finance companies are, for the most part, based on averages. The large metropolitan dealer who contributes large volumes of finance helps to offset the finance company's cost of servicing the account of the small town dealer who has a potential that is limited.

It proposed, therefore, that a united effort on the part of the two types of dealers through a regularly instituted organization would bring about a sound bargaining power for the institution with interested investment bankers and insurance companies.

The Lumbermen's Association of Texas quickly approved the proposals of the investigating committee, secured a charter and is now operating with headquarters in the American National Bank Building in Austin, Texas.

The initial \$500,000 of capital stock is fully subscribed and paid and C. L. Francis, formerly in charge of the Prudential Insurance Company's mortgage loan office in El Paso, has been named general manager and assumed his duties on January 1, 1955.

Figures supporting this contention have been given to the West Texas Chamber of Commerce in a study published by the Washington research office of the Council of State Chambers of Commerce. The study, which was signed by Eugene F. Rinta, research director, was prepared for the 31 state and regional chambers of commerce in the Council. The study said:

"The \$2 billion expenditure in the current year will provide 60,000 new classrooms as compared to 45,000 needed for increased enrollment plus 8,000 for annual replacement of obsolete buildings."

"If the annual expenditures for school buildings continue to rise for another five years at the \$200 million annual rate of the past nine years and if costs remain at the deficit of 300,000 classrooms will be reduced by 132,000 by September 1960."

The study pointed out that the substantial and steady increase in expenditures for school construction since World War II indicates that the need for more classrooms has been recognized and that a great job is being done at the local level, with state assistance in some cases, to meet the need.

Citing the argument of the advocates of federal aid that the states and school districts have just about reached their limit of financial capacities, the study said:

"This argument presupposes that the tax and borrowing resources of local and state governments are now being fully utilized and that the Treasury of the United States is in a better position to stand additional school construction expenditures than are the treasuries of local governments and the states."

In reply the study made these four points:

1. Statutory limitations on the borrowing capacities of school districts are too low in many states.
2. Unrealistic real property valuations should be raised.
3. More states should use tax sources which are productive of substantial revenue in others.
4. Local and state governments are in a better position than the federal government with respect to the relationship of their annual revenues to their debt.

Sheep Men Invited To Sonora May 7

Sonora — The Texas Agricultural Experiment Station at Sonora will hold its annual field day on Saturday, May 7, Dr. W. T. Hardy, superintendent has announced.

The field day climaxes a 224-day feeding period which tests rams for their rate of gain, and production of length of staple and pounds of clean wool in cooperation with sheep breeders.

An auction sale of many of the tested rams will be held during the day which also will include an inspection of the pens of rams on test, discussions of research in the sheep and goat industry and a barbecue lunch.

Dr. Clair E. Terrell, in charge of sheep research at the Western Sheep Breeding Laboratory of the U. S. Department of Agriculture in DuBois, Idaho, will be the principal speaker, Dr. Hardy concluded.

Pinky Carruthers High in Sheep Event In Alpine Show

Several local ranchers went to Alpine Thursday to attend the fourth annual Pierce Rambouillet sheep field day at the Miles Pierce Altuda ranch.

The event was held for the Clip and Brand Club of Sul Ross College. The sheep used in the judging were from show flocks which Pierce took on the spring show circuit.

In the "gentleman's" judging event, Pinky Carruthers, local Rambouillet breeder, was high with 478 points.

Attorney General John Ben Shepperd, seated right, briefs his three top assistants in the veterans land investigation. Standing left to right are Cecil E. Burney of Corpus Christi, chief of the veterans land division; T. Kellis Dibrell of San Antonio, chief of the veterans land civil section; and Bill Alcorn of Brownwood, chief of the criminal section of the new division of the Attorney General's office.

Band Rates High At Odessa Meet Last Week

The Sanderson High School Band rated second division in concert playing and third division in sight reading at the Interscholastic League Regional Band meet in Odessa last week-end. The second division rating is excellent and the third division rating is good, according to Charles Matney, band director.

It was the first time that the Sanderson band has been entered in Class A competition, and the unit made a better showing in the stiff competition than they had made many times competing with Class B units.

Diana Duke placed first division in trombone; Kenneth Shurley was first division in baritone; Irvin Robbins, second division in trumpet; Tommie Kay Parrisher, third in clarinet; a clarinet trio, composed of Peggy Cooke, Elizabeth Lopez, and Tommie Kay Parrisher placed second division; Carlene Werneking placed second division in twirling and student conducting; a twirling duet, Teresita Marquez, Estela Flores, placed second division; and Rebecca Flores placed second division in student conducting.

Forty-three band members and several parents accompanied the band to Odessa last Friday afternoon, returning home Saturday night.

Teachers Review Recent TSTA Meet

The monthly meeting of the Terrell County Teachers' Association was Monday evening in the home of Mrs. W. H. Savage, with the president, Bruce M. Spencer, presiding.

Supper was served to the teachers prior to the meeting and consisted of sandwiches, pickles, potato chips, olives, coffee, tea and cake.

A nominating committee was named to present a slate of officers for the new year. Supt. Matt Bader, Mrs. Lee Eggleston, Mrs. Clarence Jessup will comprise the committee.

The program was based on reports from the teachers on the information which they received from the sectional meetings at the recent TSTA meeting in El Paso.

Mrs. Savage reported on "Speech"; Mrs. E. E. Farley, on Spanish and English; Norman E. Rath, high school principals' luncheon; Mrs. W. H. Grigsby, intermediate social subjects; Supt. Bader, administrators' luncheon; W. H. Riley, science; Mr. Spencer, house of delegates; Mrs. W. E. Grigsby, Mrs. Clarence Jessup and Mrs. Sue B. Mosley, counseling and guidance.

Every member of the association was present.

Renovation of Local Courts Underway

Complete renovation and re-furnishing of the Cactus Courts just west of Sanderson on Highway 90 are under way according to N. C. "Tom" Sawyer, of San Antonio, who recently purchased the courts.

According to Sawyer, the new business change will bring additional first-class accommodations for Sanderson's growing transient and semi-permanent visitors.

Black-Topping Of School Ground To Begin Saturday

The black-topping of a portion of the school grounds is to start Saturday, the weather permitting.

The project was accepted by the Parent-Teacher Association at the March meeting as the outstanding project of the year and Bruce M. Spencer was named chairman of the committee.

The topping will be on the west side of the school grounds, beginning at the fence on that side and extending east from 250 to 300 feet and then beginning at the sidewalk to the west door of the school and going north toward the high school building.

The necessary equipment for the work will be furnished by the county and as large an area as possible will be black-topped to use the funds available for the project.

Basketball and volleyball courts will be erected on the new area as soon as the work is completed. The area chosen for the topping is more level than any other portion of the grounds which will make for economy as little work has to be done in leveling the area prior to beginning the topping.

The need for doing something to the school grounds to alleviate some of the dust and dirt has long been in the consideration of parents and school patrons of the community.

Freezing Weather Causes Damage To Area Range Feed

Terrell County experienced the lowest temperature of the winter Saturday when the thermometer readings were reported as 16 and 14 degrees in several sections. Below freezing temperatures were recorded every night including Sunday night, for a week, and the effects of the unseasonable weather has begun to show serious results this week.

Brush, which had put on new growth early, gave prospects of some feed to ranchers, but reports are of black curled leaves on everything, including the mesquite brush that seldom puts out green leaves until after all danger of freezing and frost are past.

It will be two or three weeks before the brush will afford any feed for livestock after the set-back.

Fruit trees could not stand the continued cold and all prospects of any fruit seem to be blasted. Tender leaves on most all vegetation including trees, flowers and small garden plants have withered after hanging limp, shriveled and blackened.

Terrell County ranchers will add their loss to the millions of dollars damage suffered in Texas last week-end by the unusually cold weather after several preceding week of Spring weather.

ANNUAL MEETING OF CEMETERY ASSOCIATION

The annual meeting of the Sanderson Cemetery Association will be on Monday evening, April 4, at seven o'clock in the county court room, according to Ervin Grigsby, president.

Coming Events

- Thursday, March 31 — P-T A meeting.
- Friday, April 1 — Last service of Methodist revival.
- Saturday, April 2 — Men's supper by Junior class.
- Monday, April 4 — Altar Society; Baptist W.M.S.; Annual meeting Cemetery Association.
- Tuesday, April 5 — Ranch Club.
- Wednesday, April 6 — Wednesday Bridge Club; Rotary club; Bonhome Club.
- Thursday, April 7 — Lions club; schools close for Easter holidays.

State Capital NEWS

Austin — Senator Jimmy Phillips battled 666 and then struck out.

He broke the national filibuster record; got himself a lot of publicity; but failed by a 14-11 Senate vote to achieve his announced goal. That was to get the John Sealy Hospital at Galveston one million dollars more per year than set out in a House-passed, general appropriations measure.

The Auguston Senator not only broke the state filibuster record but went on to take national honors by sitting the floor for a total of 100 hours and 30 minutes of continuous debate.

As many passed by the Senate, the administration-backed measure became the largest general appropriation bill in Texas history to clear both houses. After a few conference committee agreements the bill will be ready for the Governor.

TAX SWITCH — It is apparent that administration forces have capped the "omnibus" tax bill — and abandoned Gov. Allan Shivers' two single-shot tax vehicles.

This opens the door wide for increasing present taxes and perhaps adding new ones.

Governor Shivers originally asked only a 2-cent hike in the gasoline sales tax and a 1-cent increase in the cigarette tax.

There is no question as to where the money will come from — the taxpayers' pockets. The problem is how to extract it.

GILES PROBE — Investigation of veteran land deals continued.

A witness before the Senate investigating committee testified that former land commissioner Giles and Lawrence Jackson, secretary of the veterans land board, raised no objection to a block land operator buying up veterans' rights for the purchase of land by others.

Herbert Box of Georgetown, the witness, told the committee he was assured by Giles and Jackson that "it didn't make any difference to the state who made the payments."

Three Georgetown veterans testified that Box had paid them from \$35 to \$75 for signing applications with the understanding that they were not buying land, but authorizing others to buy it.

OTHER LAND ACTIVITY — Other developments in the broadening land investigation included:

1. Cecil Burney, special assistant attorney general, stated that several branches of the federal government are interested.

2. Giles, in district court here, refused to answer questions about two deals in which the state is suing him and others to recover \$171,427. Giles' attorneys said he would not talk because co-defendants had not been officially notified that oral depositions were to be taken.

3. Back to work on veteran land deals went a Travis County grand jury. A previous grand jury had been dissolved because of a legal question as to whether it was properly called.

4. Senator Phillips asked the investigating committee to subpoena all bank records of Alvis Vandgriff, Austin lawyer, who was the first executive secretary of the veterans land board. Vandgriff has testified before the House investigating committee that he was to receive \$5,000 legal fees in a Webb County deal.

5. Cuero Congressman John J.

Bell told investigators that he received more than \$20,000 in legal fees during 1952-54 from persons mentioned in land deals. Bell made the statement voluntarily, after some of his fees had been mentioned in land testimony.

INSURANCE RULES — Insurance reform bills made progress.

Finally passed by the Senate and sent to the House was one measure requiring written examinations for the licensing of legal reserve life insurance agents.

Another bill passed first readings, but didn't get enough votes for immediate final passage.

This second bill, by Senator Searcy Bracewell of Houston, would require legal reserve life insurance companies to have \$250,000 capital and \$125,000 surplus.

At present, the requirement is only \$25,000 to \$100,000, depending on whether a limited or full capital stock company is concerned.

GAS EVERYWHERE — Representatives from 500 Panhandle area farm families swarmed the legislature to support two bills that will make natural gas available to them.

At present, the area produces two million feet of gas a day, but the farmers can't buy the gas, companies having wells on the irrigated farm land, to sell enough gas to run pumps.

Another would give royalty owners the right to either sell their share of the gas or to use it for irrigation pumps.

WATER PROGRAM — Final Senate approval has been given a proposed constitutional amendment

INCOME TAX FACTS No. 5 Tax Eased on Dividends and Retirement Income

(This is one of a series of articles on income tax changes. The articles are based on information provided by the American Institute of Accountants and the Texas Society of Certified Public Accountants.)

A retired couple may now receive an income of \$6,730 without paying any federal income tax whatsoever, if at least \$1,425 of their income is from dividends. This is the way it works under the new tax law (omitting cents):

Subtract dividends they are allowed to exclude (\$50 each): \$100

Reduce the remaining \$6,630 by the standard deduction of 10%: \$663

Subtract their exemptions (\$1,200 each, if they are both over 65): \$2,400

Taxable income: \$2,667.

Tax at 20% (income splitting of joint returns keeps them in lowest bracket): \$533.

Subtract dividend credit, limit being 2% of \$2,667: \$53.

Remaining tax: \$480.

Subtract retirement income credit at 20% of taxable income up to \$1,200. Assuming both husband and wife are eligible total credit would be 20% of \$2,400 (\$480).

Result: no tax.

Dividend Exclusion and Credit
There are good many "ifs" and "buts" involved in the above illustration. Consider first the matter of dividends.

All taxpayers (regardless of age or retired status) are entitled under the new law to exclude from their incomes the first \$50 of dividends received in 1954. Husband and wife can each exclude up to \$50 if they both own stock. A credit of 4% of dividends beyond this amount received after July 31, 1954, may be subtracted from the tax that would otherwise be due.

The 4% dividend credit is limited to 2% of your taxable income for the calendar year 1954 (and fiscal years ending before 1955), but will go to 4% of taxable income for future years.

The dividends referred to do not include so-called dividends from mutual savings institutions and domestic building and loan associations or dividends from tax-exempt cooperatives, certain insurance companies and foreign corporations.

calling for a \$100 million state aid program for local water conservation. If the House approves it, it will go to the people September 20. A state property tax of 3 cents per \$100 valuation would finance the bill.

TIDELAND LEASES — Gov. Shivers will attend a May 4-5 conference of Democratic governors. Sponsoring the session is the Democratic National Committee. Shivers said the invitation came from Paul M. Butler.

GAS CONSERVATION — A bill to regulate natural gas prices at the wellhead is moving forward. House members voted 89 to 52

Retirement Income Credit

The computation of retirement income credit is rather complicated. You are eligible if:

1. You earned more than \$600 a year in any ten calendar years, or your deceased husband or wife did.

2. You are at least 65 or have retired under a public retirement system other than for the U. S. armed forces.

Your credit is 20% of your taxable income from any public retirement system (other than armed forces pensions)—and, if you are 65 or older 20% of your other pensions, annuities, interest, dividends and rent.

This credit is limited to 30% of \$1,200; reduced by any social security benefits, railroad retirement benefits, and (for anyone under 75) any earned income, such as wages, salaries and professional fees, above \$300.

The credit cannot be any more than the amount of your tax otherwise payable; that is, it cannot in itself produce a refund.

Taxing of Annuities

There is also a new method of taxing annuities which may result in a higher tax for some, lower for others. It is based on tables of life expectancy furnished by the Internal Revenue Service. Each year, if you qualify for this method, you may receive tax-free an amount equal to the cost of the annuity divided by the number of years of life expectancy at the time you began receiving payments from the annuity.

Additional Information

Be sure to read the official instructions. You can also get help from the Internal Revenue Service, which urges you to consult only qualified advisers.

to have the bill printed after its committee was unable to agree.

AMONG OUR SUBSCRIBERS

Renewal subscriptions to the Times have come from F. Wesley Ream of Burbank, Calif.; Jack Horner of Long Beach, Calif.; Mrs. Lawrence Seger of Del Rio; Mrs. J. R. Carta of Fort Stockton, Mrs. Gayle Mussey of San Antonio; Claude Hill of Eagle Pass; A. C. Garner and Ben Causey of Sanderson; Mrs. Mary B. Warnacut of Clarkston, Wash.; H. C. Berry Oil Co. of Fort Stockton.

Offile Supplies at The Times

NEW CHEVROLET PICKUPS IN TWO SIZES

Chevrolet's ever-popular light pickup trucks incorporated in the 1955 line. Two pickups are promised to win even greater favor this year. A long list of improvements that range from added driver convenience to beauty of design has been offered in the light-duty series, one featuring a 78-inch length box, the other a 50-inch length. Pickups are among 75 models on 15 wheelbases.

PERSONALS . . .

N. E. Charlton of Del Rio is here this week to look after business matters.

Mrs. Lee Kelly was a business visitor in Pecos Wednesday.

Mr. and Mrs. W. R. Stumberg received word Tuesday that their grandson, Rod Drake, of El Paso, had fractured both bones in his leg about half way between the knee and ankle, in a fall at his home.

Attending a district meeting of the Methodist Woman's Society of the Pecos Valley district in Fort Stockton Tuesday were Mesdames Ed Robbins, W. W. Sudduth and Chester Boyd.

Mrs. Sue B. Mosley left Tuesday night for Corpus Christi to attend the Texas Librarians' Association. Mrs. Mosley is the high school librarian.

Mr. and Mrs. D. O. Bosworth returned home Tuesday from San Antonio where he had surgery a week ago. He is reported to be recovering satisfactorily.

Mrs. K. H. Stutes received word Wednesday of the death of her sister-in-law, Mrs. J. J. Rakes, of Jacksonville, Florida. Mrs. Stutes was unable to attend the funeral services.

Mrs. J. D. Nichols Leads Program For Presbyterian Women

The Presbyterian Women of the Church met in the Fellowship Hall Monday afternoon. Mrs. J. D. Nichols was leader of the program on "What is Distinctive About the Presbyterian Church". Mrs. H. C. Rock read the Bible passage, Ephesians 1:35-21. Mrs. G. K. Mitchell discussed "The Task".

Announcement was made of the intensified Bible study on Monday and Tuesday at 4 p. m. Mrs. R. E. Corder will lead the study.

The meeting opened with prayer by Mrs. J. W. Byrd after the singing of the hymn, "The Church's One Foundation." A quotation

from Dr. Norman Vincent Peary was read after the reading of Mrs. Sid Harkins.

During the social hour, Mrs. C. Mitchell served chocolate cake topped with whipped cream, tea and coffee.

Those present were Mesdames E. Farley, J. D. Nichols, R. E. Corder, G. K. Mitchell, J. W. Byrd, H. C. Rock, W. H. Savage, E. J. Jessup, Sue B. Mosley, C. C. Mitchell, E. J. Hanson, E. F. Pierre, Sid Harkins and J. W. McKee.

Attends Reunion

Mrs. P. V. Corcoran returned home Wednesday from Bridgeport where she attended a family reunion. She also visited with her sisters and other relatives in Fort Worth while on the trip.

Mrs. Zuberbueler Gives Book Review for Culture Club

The Sanderson Culture Club met Tuesday afternoon in the ranch home of Mrs. W. G. Downie with Mrs. H. C. Goldwire as co-hostess. During the business meeting, club members agreed for the club to serve as co-ordinator for exhibits during the anniversary celebration of Terrell County July 16. The club will sponsor an American Heritage exhibit. Plans were completed for a tea at open house the latter part of April, definite plans to be announced later. Mrs. James Caroline is general chairman of the tea and Mrs. T. R. Arrington and Mrs. E. Jessup are on the food committee.

Mrs. A. H. Zuberbueler gave a review of the book, "Not As A Stranger", and passed around photos taken from the film which recently been made from the book.

The guests were invited into the dining table for refreshments served from a tea table centered with beautiful floral arrangement in red and purple shades in a new container.

Mrs. T. R. Arrington served the chocolate box cake from a brass tray and Mrs. H. A. Smith presided at the antique samovar to serve tea and coffee. Open-faced sandwiches, salted nuts and mints were also served.

Besides the sixteen club members, there were twelve invited guests present, including: Mesdames Carlos Dunn, J. J. Spurlin, James Kerr, Sylvan Walker, J. W. Rusk, R. S. Wilkinson, J. J. Harrison and Clyde Higgins and W. T. Sturman of San Antonio. Also present were G. E. Wade, Bessie Moore and Mary Ferguson.

Ferguson-Pearson Wedding Vows Read Friday in Pecos

In a candlelight service, Mrs. Edna Ferguson became the bride of William J. Ferguson, Jr., of Sanderson, at 7:00 o'clock Friday evening in the First Methodist church sanctuary in Pecos. The Rev. Bob Houston, pastor officiated in the double-ring ceremony. Attendants were Mrs. Hulien Hawkins, matron of honor, and Mr. Hawkins, best man. Candles were lit by Billy and Susan Pearson, sisters of the bride.

The bride wore a beige afternoon dress with accessories of pale pink and a corsage of pink rosebuds. Those attending the wedding included Ellen, Billy and Susan Pearson, children of Mrs. Ferguson; Mrs. W. J. Ferguson, Sr., and Miss Edna Ferguson, mother and sister of the bridegroom, and Mrs. Bob Houston.

Mrs. Ferguson was a resident of Mahans and Mr. Ferguson is a resident of Sanderson where he operates the Ferguson Motor Co. After a wedding trip to South Texas, Mr. and Mrs. Ferguson will return to Sanderson the latter part of this week.

GARDEN CLUB MEETS SATURDAY IN FARLEY HOME

Methodist W.S.C.S. Meets Monday for Program and Social

The Sanderson Garden Club met Saturday afternoon in the home of Mrs. E. E. Farley. Eight members were present, including Mesdames Ray Hodgkins, Jimmy Hatchel, W. H. Goldwire, H. E. Ezelle, O. T. Sudduth, J. W. Pate, R. S. Wilkinson and T. R. Arrington. Three guests attending the meeting were Mrs. Don Allen, Mrs. Val J. LaForge and Mrs. Bob Allen.

The club members voted to enter a float for the parade at the time of Terrell County's birthday celebration and also to serve as co-ordinator for the parade on that day. The float committee named consists of Mesdames W. G. Downie, Jimmy Hatchel, Ray Hodgkins, H. E. Ezelle and W. T. Bonduant.

Mrs. H. E. Ezelle gave a report of the recent meeting of District 9 of Texas Garden Clubs, Inc., in Alpine. She also gave a talk on "Geraniums."

Mrs. O. T. Sudduth discussed "The Vegetable Garden" and displayed ten varieties of produce from her deepfreeze which had come from her garden and fruit trees.

The hostess served a dessert plate with tea and coffee.

Mrs. Willie Banner Hostess Thursday For Bridge Party

Mrs. Willie Banner entertained the Thursday Bridge Club last week, inviting the members and guests to the Legion Hall for the party. The hall was decorated in arrangements of snapdragons and stock.

The guests included Mesdames C. H. Stavley, O. J. Cresswell, H. E. Fletcher, Jack Riggs, I. B. Rusk, M. W. Duncan, O. T. Sudduth, W. E. Stavley, M. F. Bader, A. J. Hahn, Vic Littleton and Bustin Canon.

The high score prize was presented to Mrs. Fletcher, second high to Mrs. Sudduth and low to Mrs. W. E. Stavley. Slam prizes were held by Mrs. Sudduth and Mrs. Cresswell.

The hostess served a frozen dessert of angel food cake with strawberries and whipped cream, tea and coffee.

Bible Study For Baptist WMU Monday

Rev. Claude Bridges, pastor, of the First Baptist Church, taught the second lesson from the Bible study taken from the book, "Rightly Dividing the Word of Truth", when the Baptist W.M.U. met on Monday afternoon in the church. Members present included Mesdames Ray Thompson, Maude Sullivan, B. J. Pettis, B. E. Carr, W. D. Martin, Jr., Bert Serivner and Claude Bridges.

Methodist W.S.C.S. Meets Monday for Program and Social

The Methodist Woman's Society of Christian Service met in Fellowship Hall Monday afternoon.

Mrs. W. W. Sudduth led the program on "A Young Woman Moves to the City."

Following the reading of the scripture passage by Mrs. H. E. Ezelle, Mrs. Chester Boyd, Mrs. M. W. Duncan, Mrs. L. H. Gilbreath and Mrs. I. B. Rusk related the responsibilities of the W.S.C.S., the home, church, Wesleyan Service Guilds and other agencies in helping to meet the problems of the young women going to cities to work and take up residence.

During the business meeting, an offering was brought for Overseas Relief. Announcement was made of the district meeting in Fort Stockton Tuesday with some of the members planning to attend. Mrs. Clyde Higgins, secretary of local work, displayed the new light fixtures which the society had provided for the sanctuary. Mrs. W. T. Attaway, secretary of supplies, asked for a freewill offering for the Houchen Center in El Paso to be brought to the April meeting.

The hostesses, Mrs. Clyde Higgins and Mrs. Ida Bodkin, served lime sherbet, angelfood cake, coffee and tea during the social hour. Those present included Mesdames Landon Rose, J. O. Little, Jr.,

Martin Bodkin, I. B. Rusk, H. E. Ezelle, W. T. Attaway, L. H. Gilbreath, Ed Robbings, M. W. Duncan, Chester Boyd, Harry Newton, J. J. Spurlin and W. W. Sudduth, and Miss Eva Billings.

Local Ladies Attend Bridge Party In Ft. Davis Tuesday

Mrs. Worth Evans of Fort Davis invited the members of the Wednesday Bridge Club and additional guests to her home Tuesday for a bridge party.

Luncheon was served at the Indian Lodge before the card games. Mrs. G. K. Mitchell and Mrs. Herman Couch were luncheon guests.

Others attending the party were Mmes. Tol Murrach, W. R. Stumberg, E. J. Hanson, Herbert Brown, Landon Rose, James Kerr, Bustin Canon, J. T. Williams, Edward Kerr, J. W. Pate, S. H. Underwood and J. R. Kerr.

Mrs. Pate was the winner of the high score prize. Mrs. Murrach, Mrs. James Kerr, slam, and Mrs. Stumberg, bingo.

GARDEN CLUB TO MEET TUESDAY, APRIL 3

The Ranch Home Demonstration Club will meet Tuesday, April 3, in the ranch home of Mrs. J. J. Downie at 10:30 a. m. All members are asked to bring school-girl lunch.

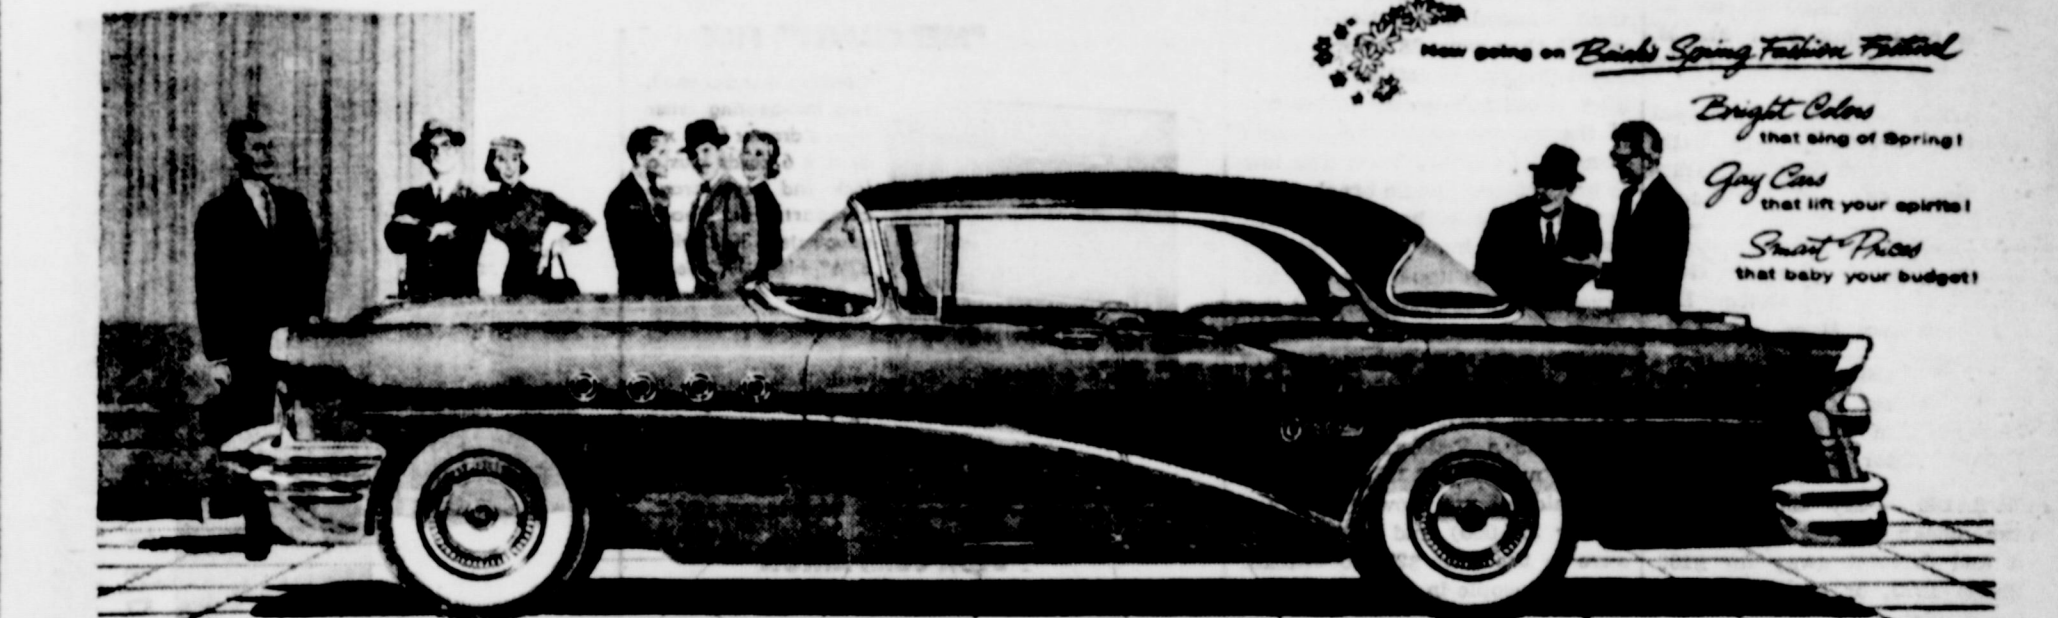

WELDON BRIGHT, popular radio star of KGNC says, "My wife always used light Karo for cooking... and on the table..."

It's Karo for me, the best-tasting waffle syrup of 'em all!

Yes, indeed... biscuits go like hot cakes when you pour on plenty of delicious Karo waffle syrup. There's nothing like it for good eating. Satisfyin' flavor. So rich it stands right up on top of biscuits (keeps 'em light and fluffy). Keep Karo on your table morning, noon and night... it tops anything!

Keep your grocer for Karo waffle syrup, in pints and quarts

Big news about Buick's 4-Door Riviera

THIS brand-new kind of automobile — the sensation of all the Auto Shows this year — is now rolling off the Buick assembly lines in volume numbers. That's the first news.

And the second is just as wonderful — this dramatic new model is very definitely everything that eager buyers hoped it would be.

For the 4-Door Riviera is the first "hardtop" ever available with separate doors for rear-seat passengers — plus rear-compartment room big as a Buick-size family sedan.

It comes breezing in with all the low-lined sweep and wide open visibility of Buick's original 2-Door Riviera — and with luxurious new spaciousness in its sizeable and full-length 4-door body.

With windows down, no posts appear for the rear doors, and you get a completely unobstructed view at both sides.

You find rear doors are hinged at their front edges to swing wide and free, and assure easy entrance and exit.

And you'll find legroom, headroom and hiproom extra-generous both front and rear — with interiors tailored in fabrics and patterns specially reserved for the 4-Door Riviera.

Best of all, this new Buick beauty comes off the line in both the low-price SPECIAL Series and the high-powered CENTURY Series.

So you can pick your 4-Door Riviera with the potent performance of a 188-hp or 236-hp Buick V8 engine — the swift get-away and gas saving of Variable Pitch Dynaflow* — the velvet stride of the Million Dollar Ride — the long list of Buick bonus features at no extra cost — and all at "great buy" prices that have helped move Buick into America's "Big Three" of best sellers.

But — better come see us about the 4-Door Riviera now.

With all-out production — and a prompt order — this newest excitement in cars will be yours that much sooner.

*Dynaflow Drive is standard on Roadmaster, optional at extra cost on other Series.

Thrill of the year is Buick

Mr. and Mrs. Claude Hill left this week for Eagle Pass to reside. Mr. Hill has been in the employ of the West-Pyle Cattle Company for the past fourteen years, residing first in Fort Stockton and then at Longfellow for the past eleven years.

Mr. Hill will be employed on a ranch in that area.

LITTLE DAMAGE IN FIRE AT ERNESTO LOPEZ HOME

A fire in the home of Ernesto Lopez Monday afternoon about 4 did little damage to the dwelling. The fire was reported to have started from a flue pipe which was too hot and ignited the roof of the house.

Local firemen extinguished the blaze.

LOOKING AHEAD

Did you ever pause while scanning the front page of your newspaper to check on how many of the articles were reporting on economic facts directly or indirectly affecting your standard of living? Try it today or tomorrow. Chances are that many of the news articles on Page 1 concern something in which you have an economic interest. This is especially true at a time when Congress and most of the state legislatures are in session fixing budgets and debating new taxes.

CARD OF THANKS
The Sanderson Lions Club wishes to express their sincere thanks to the people of the community for their support of the broom sale last week-end.

FACTS YOU SHOULD KNOW

The Tax Foundation, a private non-profit organization doing research in governmental finance has just published a valuable statistical book to help people understand what's going on in our economic world. It is entitled "Facts and Figures on Governmental Finance, 1954-1955." It sells for \$2.00 per copy at The Tax Foundation, 30 Rockefeller Plaza, New York City. Every one of its 229 pages contains a table or graph of information of importance to your pocketbook.

Why Pay Taxes?
For instance, Chart No. 1 shows that since 1940 America's industrial production has increased 125 per cent and the national income by 319 per cent while the cost of government was soaring more than 500 per cent! Another yardstick of the cost of government is provided in Table 35 which shows that in 1940 governmental expenditures were 18.4 per cent of the gross national product (roughly, the total of all financial transactions), while in 1953 they were 28.1 per cent.

Government is getting too big when it controls nearly 30 per cent of the volume of all the financial transactions in the nation. The lower bracket and middle bracket tax payers actually have a greater stake in this high cost of government than the upper bracket tax payers do, in spite of the fact that the upper brackets pay a bigger percentage of their income in taxes.

U. S. Treasury figures show that in a recent year, 42,316,000 Americans paid a Federal income tax. Of this number, 42,316,000 were in the middle and lower brackets (under \$25,000) and only 333,000 were in the over \$25,000 bracket. And the people in the lower and middle income brackets accounted for more than 90 per cent of the national income. That's where the big lump of taxes must come from.

Encouraging Facts
Good news for taxpayers is found in Table 37 which shows that over-all governmental expenses decreased in the fiscal year 1954 by nearly \$4.5 billion. This was the first such decline since 1948. It was due largely to an approximately \$7 billion cut in Federal government expenditures. State government expenditures were up only \$600 million; while local government expenditures went up more than \$2 billion.

Local, state and federal governments in the fiscal year 1954 cost tax paying citizens \$103,247,000, 000. The federal government spent \$71,547,000,000; state governments \$14,700,000,000; and local governments \$17,700,000,000. Altogether the per capita expenditure for government in the U.S.A. was \$652.20 on a per capita income of \$1,708.

We citizens don't realize such a heavy percentage of government cost is being assessed because much of the tax take is in indirect taxes which are added into the production cost of goods and services.

Our Advantages
Table 24 in the Tax Foundation's new book should be studied by every citizen especially our youngsters in high schools and colleges. It shows the minutes of working time required by industrial workers to buy selected foods in 11 countries of the world. The food items listed are bread, beef, fish, butter, cheese, milk, potatoes, tea,

coffee, lard, sugar and eggs. Here are samples of the comparative advantages which our American economic system gives American industrial workers (U. S. Labor Department figures for the period 1901-52):

American industrial employees work 31 minutes to buy a pound of beef; French workers, 126 minutes; Italians, 128 minutes; Russians, 132 minutes. Americans work 18 minutes to buy a pound of fish; French workers, 33 minutes; Italians, 65 minutes; Russians, 130 minutes. Americans work 2 minutes to buy a pound of potatoes; French workers, 3 minutes; Italians, 5 minutes; Russians, 9 minutes. Americans work 32 minutes for a dozen eggs; French workers, 118 minutes; Italians, 126; Russians, 187.

Who's system is best?

HAROLD HAYNES RECEIVES DEGREE
Harold Haynes, son of Mrs. J. W. Haynes of Sanderson, was one of 29 members of the Collegiate Chapter of Future Farmers of America at Sam Houston State College, in Huntsville, to receive their FFA collegiate degrees recently.

To be qualified for this degree, the candidate must be an agriculturist major who is an active member of the Sam Houston Collegiate chapter for one semester and must have completed at least six hours in vocational agriculture with a minimum grade average of C in all subjects.

The candidates must pass a comprehensive test of FFA and receive a majority vote of the members present at a regular meeting of the chapter.

Haynes is graduate student taking agriculture at Sam Houston State College.

MRS. ELMA RILEY'S MOTHER DIES SATURDAY
Mrs. Alfred Bendle and her mother, Mrs. Elma Riley, returned home Tuesday from Devine, Texas where they had attended funeral services for Mrs. Riley's mother, Mrs. Golden B. Grant.

Mrs. Grant, 86, was a life-long resident of Devine and died there Saturday after being in failing health for over three years.

Survivors include three sons, three daughters, and several grand children.

BIRTHS

A girl weighing six pounds and seven ounces was born here Tuesday to Mr. and Mrs. L. T. Lee. The Lees have four other children, two boys and two girls.
Lee is a T&NO engineer.

A daughter, Karen, was born to Mr. and Mrs. John L. Delaney Sunday night in a Fort Stockton hospital. The baby's birth weight was seven pounds and three ounces. She is the second child for the couple.

Delaney is employed by the Magnolia Petroleum Company.

The daughter, weighing six pounds and ten ounces, born here Wednesday night to Mr. and Mrs. M. G. Northcut, Jr., was given the name, Andrea Gaye. She is the fifth child for the couple.

Mr. and Mrs. M. G. Northcut, Sr., are the paternal grandparents and Mr. and Mrs. W. R. Turner, the maternal grandparents.

LOCALS
Mr. and Mrs. Sam Harrell and her mother, Mrs. John Neal, went to El Paso Friday to visit in the home of the Harrell's daughter, Mrs. W. P. Pendleton, and family.

Mrs. Hollis Haley and daughter, Pat, are in El Paso for Pat to receive medical treatment for the next two months.

Watch our windows all next week beginning April 4, for a big Dutch auction. Riggins Jewel & Gift Shop.
Miles Sullivan went to Odessa Friday to visit with his uncle and aunt, Mr. and Mrs. John Scannell, and family.

Mr. and Mrs. Herbert Brown went to San Antonio Friday to take his mother, Mrs. A. D. Brown.

My Neighbors
By BILL PAULSON
"You can't say the 'Welfare Staters' haven't got their feet on the ground because they have... in quicksand up to their knees!"

who will visit there with her sister for several days.

Mrs. W. T. Bondurant arrived last week from San Antonio to spend several days on the ranch with her sons, Jack Downie, and W. G. Downie, and family.

Douglas Attaway and Kip Gattlin, Texas Tech students, spent the week end here with their parents, Mr. and Mrs. W. T. Attaway and Mr. and Mrs. R. A. Gattlin.

Mr. and Mrs. L. H. Glibreath visited over the week-end in Grand Falls with Mr. and Mrs. C. H. Berry, former residents, and with her brother, C. N. Word, and family in Odessa.

Col. and Mrs. H. G. Woodward who have ranching interests in the Dryden area are moving to San Antonio the middle of April.

Tommy Mansfield, Sul Ross freshman, spent the week end here with his parents, Mr. and Mrs. Francis Mansfield.

M. L. Slade spent the week-end here with his sister, Mrs. H. G. Holt, and Mr. Holt, returning home Monday.

Mrs. Ruth Geaslin visited in Sheffield several days last week with her mother, Mrs. Mamie Holmes and other relatives.

Charles Stegall spent the week end here with his parents, Mr. and Mrs. R. G. Stegall. Charles is a Sul Ross freshman.

Mrs. G. N. Evans of San Antonio arrived Sunday to visit with her daughter, Mrs. W. G. Downie, and family for several days.

SCHOOLS TO CLOSE FOR EASTER HOLIDAYS

The schools of Terrell County will dismiss classes on Thursday, April 7, for the Easter holidays, according to an announcement made this week by Supt. M. F. Bader.

Classes will be resumed on Tuesday, April 12. Many of the teachers and pupils will take advantage of the four holidays to visit with relatives and friends out of town.

MRS. ROY BOGUSCH TO P.-T.A. MEET
Mrs. Roy Bogusch, Parent-Teacher Association president, left Tuesday morning for Del Rio to attend the district P.-T.A. meeting. The sixth district includes P.-T. A.s in fourteen counties and 150 delegates attended the meeting.
