SANDERSON, TEXAS, FRIDAY, NOVEMBER 11, 1955

NUMBER 39

LISTEN TO LUKE

Luck as if we can never get things straightened out to our satisfaction. Well, that's as it should be, otherwise, there would be no need for this column.

Things are happening in this area. The big mass meeting held here Monday night started off the week. Election of the Chamber of Commerce directors is next Monday night; and reports big plans are going forward for the Alpine park dedication.

Letters of explanation have been sent in on the latter subject, and the thing we have insisted on is an explanation for has been un-answered. It will probably be answered after the dedication. Little interest has been shown by citizens in what is called a dedication ceremony. The citizens of this county have in the past and in the future work for and to advertise the benefits of the Big Bend National Park. We try to do so in an unselfish manner. We realize that Sanderson, Marfa, Abilene, Marathon, Fort Davis, Fort Stockton, Pecos and Valence, and others, will all benefit by increasing the number of visitors to the park.

Every means of assisting in this promotion will be our aim. When a small group of citizens of one town takes over the plans of dedication and uses those plans in efforts to get all of the publicity, credit and congratulations, they have then ceased to warrant the support of this county's help, and such is the feeling of people locally at this time.

At the mass meeting Monday night there were some one hundred or more interested citizens to hear more about the proposal of incorporation of Sanderson.

Questions and answers came freely and the gentlemen from Fort Stockton answering the questions were most patient and understanding and their desire to assist us in understanding more of what might be before us, was appreciated. Those men were or are officials of the City of Fort Stockton and were able to answer a very large number of the questions asked. A very neighborly gesture was shown by their willingness to help us in this understanding.

Neighbors like ours in Fort Stockton mean a lot to our town. We appreciate them and can only thank them in their many efforts to foster good will between the two towns and try to show them our appreciation by reciprocating in any act of friendliness whenever possible.

Whether or not we are for incorporation.

(Continued to Page 2)

Area Water Needs To Be Surveyed At Seven-County Meet

Water needs of the area will be discussed at a seven-county meeting in Del Rio on Wednesday, November 23.

County judges of the seven counties will meet with representatives of the Chamber of Commerce, Diabolo Dam Committees of the area to try to agree on principal issues involved in control and distribution of the waters of Diabolo Dam and the Rio Grande.

Representatives of Presidio, Terrell, Brewster, Val Verde, Kinney, Maverick and Webb Counties will be invited to the meeting in that city on November 23 at 1 p. m.

"They will try to agree on general principals," H. M. Pettit, chairman of the C of C Diabolo Dam Committee, said, "and all have been invited to bring with them an estimate of their water needs to be included in a proposed bill.

"The group will make an effort to agree on principals, then a committee representative of the district will be named to draw up proposed legislation.

"After that, the group will try to hold a meeting with the water users in the Lower Rio Grande Valley in an effort to propose legislation agreeable to all," Pettit said.

The United States Boundary and Water Commissioner, Col. L. H. Hewitt, told Del Rioans in El Paso Tuesday that no appropriation for the Diabolo Dam will be asked until some agency has been set up for the use and distribution of the impounded water.

Meetings with Lower Valle groups earlier this year have been fruitless, according to reports.

Mrs. A. J. Hahn New Officer In O.E.S. Grand Chapter

Mrs. A. J. Hahn

At the recent meeting of the Grand Chapter of the Order of Eastern Star in San Antonio, Mrs. A. J. Hahn, Jr., was installed as deputy grand matron of District 5, Section 4. She received the appointment at the annual meeting.

The thirteen chapters which she will serve include Del Rio, Brackettville, Uvalde, Sabinal, Hondo, Utopia, LaPryor, Batesville, Rock Springs, Carrizo Springs, Crystal City, Eagle Pass and Sanderson.

Mrs. Hahn is a past worthy matron of the Sanderson Chapter.

The local chapter honored Mrs. Hahn with a dessert party Tuesday evening at seven in the home of Mr. and Mrs. M. W. Duncan.

In the receiving line with the honoree were Mrs. B. E. Carr, worthy matron, and Mrs. I. E. Rusk, who served as a page at the Grand Chapter meeting.

The refreshment table was covered with a hand-crocheted cloth over gold. The autumn colors of yellow, gold and bronze were repeated in the floral decorations of mums and chrysanthemums in brass bowls. Individual cake squares iced in white and decorated in a rosebud were served with coffee, mints and salted nuts. Mesdames Chester Boyd, Charlie Murray, Dalton Hogg and Ruel Adams were in charge of serving.

About thirty-five members were present.

Mrs. Hahn will make her official visit to the local chapter Tuesday evening, with a banquet preceding the meeting.

TURKEY SHOOTERS CAN USE SCOPES, WITH LIMITATIONS

Turkey shooters may use scopes on the local range this year, with limitations, according to W. W. Sudduth, fire chief, and head of the committee of the fire department, sponsors of the annual affair.

The limitations, according to Sudduth, are that the scopes will be on 270 calibre or larger rifles, and that the fire department will retain authority to prohibit the use of scopes on any guns when they desire.

The 270 calibre and larger calibers, said Sudduth, includes .300, .30-06, etc. rifles, and not necessarily rifles with a higher velocity. Such rifles as .218, 22-Howmet, 250-3000 and the like, will not be used with scopes, he said.

The purpose of the turkey shoot, it was brought out, was a fund-raising campaign by the fire department, and also a method of furnishing a sport and contest for local nimrods who are interested in firing their rifles just prior to the coming deer season, and at the same time afford them an opportunity to get a turkey for holiday feasts at the expense of their shooting ability. The fire department, it must be noted, is not sponsoring the shoot to give away turkeys, but to offer an opportunity for shooters to test their skill with guns, while raising money to maintain the local fire-fighting department.

Thus, they will retain the right to refuse the use of scopes, should it prove to be a money-losing venture.

There will also be a \$10 range for from two to five persons to shoot at a target with the highest score winning a live bird. This range will also be used to shoot for grown hens for \$3 per live bird and from two to five shooters.

Only 22-calibre rifles without scopes will be used on the livebird range.

Pistol shooting will follow the rifle shooting in the late afternoon.

On the 100-yard range, shooting at the turkey's head, each shooter will have an opportunity to win a \$35 basket of groceries, but the winner must be present at 5 o'clock to claim his win.

All shooters are asked to bring their own gun and ammunition, as the fire department will not be able to furnish ammunition for the guns. Parents are also urged to keep small children away from the firing line for their own protection and for the benefit of those who are shooting.

The turkey shoot will begin at 1 p. m., Sunday November 13, at the usual place, east of the old highway department barn on the east side of town.

The turkeys for this year's shoot are the largest birds the fire department has had for several years and good and lucky shooters are promised a nice bird for their marksmanship.

FIVE DIRECTORS TO BE NAMED FOR COUNTY C OF C

Five new directors will be chosen when the Terrell County Chamber of Commerce meets in monthly business session on Monday, November 14, in the court house.

Ten candidates whose names have been presented for the office of directors include: E. F. Pierson, W. W. Sudduth, C. G. Riggins, Matt F. Bader, C. C. Mitchell, Troy Druze, L. H. Gilbreath, Albert Weigand, N. M. Mitchell and Lawrence Janes.

The five directors whose terms expire include Clyde Griffith, J. R. Hodgkins, Mrs. C. P. Peavy, Rev. John W. Byrd and E. J. Hanson. The other five directors are: W. G. Downie, Greene Cooke, Julian Perez, J. T. Williams of Dryden and James Caroline.

The new directors elected will be those five men who receive the highest number of votes.

Large Group Hears Discussion On Proposed Incorporation

A large group of Sanderson residents was on hand Monday night to hear a round-table discussion of plans concerning the proposed incorporation of Sanderson. The meeting was held in the District Court room at the court house.

Ray Hodgkins introduced the guest panel members who were: Walter Buenger, mayor of Fort Stockton; Connell Ashley, district attorney and former city attorney of Fort Stockton; Shelby Blaydes, Pecos County Attorney and former city attorney of Fort Stockton; Ed Ligon, Fort Stockton city manager and C. W. Batchelor, State Highway Department official.

Buenger opened the discussion by relating a short history of the increase in the number of incorporated cities since the state of Texas was admitted to the Union. He stated that the purpose of the

group of Fort Stockton citizens was not to dictate the needs or urgency of incorporation, but to help in answering questions concerning some of the working of incorporation, its advantages and its possible disadvantages.

He explained briefly the three types of city government possible: the Mayor-city council; commission type and mayor-council-city manager type.

Under the mayor-council type, most recommended for small cities, it was stated that the government would be handled by a mayor and five councilmen, elected by the people. Following the original setup of officers, a mayor and two councilmen would be elected one year and three councilmen in alternate years. Each councilman could be given a department head such as sewage department, sanitation department, street department, etc. Other officers needed would be the tax assessor-collector and city secretary, which might be combined into one job, and could also be combined with a persons duties in the county administration with the permission of the commissioners court.

It was brought out time and again by the panel members, that a city government was not opposed to a county government, but on the other hand, should work with, in every way possible, the county commissioners, and at the same time try to assist the commissioners in every way possible.

It was stated that law enforcement under a city government could be delegated to a county deputy, subject to the approval of the

(Continued to Page 3)

BIG LAKE OWLS BEAT EAGLES 41-7; IRAAN TO BE HERE FRIDAY NIGHT

The Reagan County Owls took a district 5-A game from the Sanderson Eagles by a 41-7 score in Big Lake last Friday night. The Eagles were underdogs in the fray, but showed their usual grit and

spunk in efforts to upset the Owls.

The first quarter showed the trend of things to come when Big Lake went ahead by 20 points and never showed signs of letting up during the rest of the game. They also scored seven points in the other three frames.

The Eagle TD was in the second period on a 3-yard plunge by Gary Harrell who also kicked the extra point.

Sanderson is winless in district competition, but have thus far met some of the strongest teams in the conference, McCamey, Wink and Big Lake, plus a tie with Marfa and a loss to Fort Stockton.

Friday night, the Eagles will be hosts to the Iranu Braves and are expected to come out on top in that game. The following week will bring the Fabens Wildcats to Sanderson in the final game of the season which would be a closely contested game and would be credit to the Eagles to rack up a win.

POPPY DAY HERE FRIDAY FOR VETS

Friday, November 11, is Poppy Day in Sanderson. The poppies will be sold by a committee headed by Mrs. Tip Frazier of the local Legion Auxiliary.

As the annual day for the wearing of the little red flowers draws near, it is well to bring to our minds the significance of the poppy.

Why do we have a Poppy Day? First, we wear the poppy once a year to express the feeling of reverence that is always in our hearts for the men who died for America in the two World Wars. The poppy is their flower. It grew on the battle-fields in France and Belgium where so many of them fought and died; it grew ever-fresh on their graves — the one touch of beauty and life in all that region of destruction and death known as the front. Nothing can symbolize our remembrance of the sacrifices of the World War dead in so fitting a way as the wearing of the poppy.

Second, we wear the poppy to help lighten the burden for those who are still undergoing suffering and hardships because of the wars, the disabled veterans and the families of the dead and disabled. Making poppies gives employment to hundreds of disabled men who otherwise would be unable to earn anything toward the support of themselves or their families.

The making of poppies is one of the largest pieces of welfare work done by the American Legion Auxiliary.

The funds derived from the sale of poppies constitute the largest source of revenue for the Rehabilitation and Child Welfare Work of the Legion and Auxiliary. The dimes, quarters and collars dropped into the contribution boxes on poppy day enable the Legion Posts and Auxiliary Units to carry out a constructive program of aid to the disabled and to the dependent families of veterans during the year. Poppy Day is one day when the public is privileged to contribute toward this great work.

Local Methodists To Annual Conference

The Western District Conference of the Rio Grande Conference of the Methodist Church will hold their annual meeting at the Spanish Methodist Church in Alamogordo, N. M., on November 11-12.

Ministers and laymen from New Mexico and west of the Pecos River are expected to come, representing 22 Spanish Methodist Churches of the Western District.

Rev. O. F. Garza of El Paso is the District Superintendent and Rev. J. M. Vega is the pastor of the host church.

One of the highlights of the meeting will be the presentation of license to preach to 25 laymen.

Representing the local Latin-American Church are Rev. and Mrs. M. T. Murillo, Mr. and Mrs. Pilar Rodriguez and Mrs. Anita Flores.

Rev. M. T. Murillo is the local pastor.

Rev. and Mrs. J. W. Byrd left Monday for Los Alamos, N. M., to visit with their daughter, Mrs. H. E. Schroegler, and family for a few days. Their daughter, Mrs. Ray Vissotzky, and little son, of Tacoma, Wash., who have been visiting in Los Alamos, will accompany them home for a visit.

PeeWees Win 6-0 From Fort Stockton

The Sanderson PeeWees made a stirring comeback after their defeat by Del Rio two weeks ago and won over the Fort Stockton PeeWees by a 6-0 score last Wednesday in Fort Stockton.

Thomas Lozano was moved from left end to quarterback and played his best game of the season. A substitute quarterback, David Gilmore, was moved to left end to replace Lozano and was outstanding on both offense and defense. Gilmore, mainly, was responsible for stopping the end-sweeps by the Stockton lads around his end, according to Coach Gene Medaris, who added that all of the boys played a good game of heads-up ball, but were plagued with fumbles in the second half.

Sanderson took the ball on the opening kick-off and after picking up one first down, bogged down. They held Fort Stockton for a fourth down kick and then on the second play from scrimmage, right half back Felix Valles scampered 47 yards to the Stockton 5, to set up the only touchdown of the ball game. Lozano carried over from the 5 and a quarterback sneak failed to produce the extra point.

The game was not as close as the score might indicate, according to Medaris. Several drives were stopped by fumbles from center and on pitchouts. The backs seemed to have trouble keeping their footing, according to the coach.

The extreme cold and a strong wind prevented passing and most of the yardage was made on end sweeps. Medaris said.

The PeeWees close their season of 1955 with four wins and one loss. They were only scored on one time for 6 points and lost that game by that margin. They amassed a total of 51 points for the season.

Medaris concluded with: "The boys have made remarkable improvement since September and I am extremely proud of them. At their present rate of improvement and with the years of experience ahead of them, these boys should be a tremendous asset to the Sanderson High School Eagles in just a few years."

All of the boys on the squad saw some action during the season, the coach said.

UNIQUE WEATHER HITS THIS AREA

Some of the most unique weather since the last rain hit this area Monday night. Heavy clouds came up Monday morning and grew heavier as the day wore on. Intermittent light showers came Monday afternoon and about 7:30 light showers began falling locally.

The showers lasted until after midnight when the cold weather changed the moisture into snow flakes which fell all the rest of the night and until about noon Tuesday.

Reports of heavy snowfall covering the ground came from the west and north and it was said that the snow covered the ground west from the Roy Deaton ranch to beyond the S. L. Stumbaugh ranch.

Moisture gauges ranged upward from 7-inches in this area.

Snow began falling again locally about 2:30 p. m. Tuesday to add more moisture to the ground that had already soaked up practically all of the dampness from preceding rains and snow.

The weather Wednesday was cloudless but nippy following freezing weather Tuesday.

Moisture of near one-half inch was reported from all parts of the county.

Mr. R. G. Stogall and Charles and her mother, Mrs. M. H. Jones, visited in Marfa Sunday with her sister, Mrs. Urbie Standlee, and family.

CALENDAR OF EVENTS

Sunday, Nov. 13—Turkey shoot. Monday—Presbyterian Women of the Church, Altar Society, G.I. Forum Auxiliary, Chamber of Commerce, Baptist W.M.U., BofR T Auxiliary. Tuesday—O. E. S. banquet and meeting. Wednesday—Rotary Club, Wednesday Club, Girl Scout Training School. Thursday—Lions Club, Culture Club, Legion Auxiliary Games party.

Dryden News

By Mrs. Jimmy Merritt

On Monday Mrs. C. I. Hunn and Mrs. Fern Carmichael attended a party given by Mrs. Allen Smith at Lake Walk.

Capt. and Mrs. R. N. Hunn left Friday for New York City. En route there they will visit at Fort Hood and Fort Monroe, Va. They will leave New York on November 15 for Izmir, Turkey, and Capt. Hunn will receive a two-weeks orientation course in Naples, Italy.

James Clark is home from A & M College and has resumed his duties here as second trick operator for the T&NO.

Mrs. Jessie Briggs has gone on a business trip to Cleveland, Ohio.

Mrs. Lulu M. Smith is visiting her daughter, Mrs. John Crow, in Riviera, Texas.

Robert Kiteley of Savannah, Ga., is spending three weeks here with his mother, Mrs. Ruby Kiteley.

Mr. and Mrs. Ben F. Dawson visited briefly Tuesday with the Raymond Farleys en route to San Antonio.

The Richardson brothers of Fort Stockton, with their mother, are occupying the Chester Smith rent house.

Miss Shirley McNutt of Del Rio visited in the R. R. Clark home last week-end.

Leo Adams was a business visitor in Del Rio Tuesday.

THOUGHT FOR THE WEEK:—
"Rejoice in every good thing which the Lord thy God hath given unto thee." Deuteronomy 10:11.
Have you thought to thank Him recently? Do you feel that the good things which you enjoy are accidental and through some effort of your own? Who has given you the power and wisdom and strength to get gain? Acknowledge the hand of God in your life now, that it may be well with you in the future. "Let every thing that hath breath praise the Lord." — H. B. Dean.

BIRTHS

The daughter and first child born here Friday to Mr. and Mrs. Celario Barron was named Margarita. Her birth weight was seven pounds and four ounces.

IT SAYS HERE:—
If you are looking for a helping hand, the best place to find it is on the end of your own arm.

(Continued from page 1)

poration, we are nevertheless, grateful to our kind friends who showed no partiality but tried to clarify some of the discussions.

If we would be permitted to judge mass opinions, we would say that the sentiment expressed at the meeting was about a fifty-fifty split. There are, of course, those who failed to express an opinion, but one was able to see feelings expressed by reaction to certain of the questions that were asked. There is one mighty fine thing to consider, however, and that is that each person has a perfect right to favor or oppose any such questions that come before us. We are old-fashioned enough to believe that much good can come from "town meetings" where we can feel free to express our views. I hope the day never comes to Sanderson when a small group can do the thinking or the entire town.

Let's try more such meetings on any question that would affect the lives of our citizens.

Today we celebrate our nation's second Veteran's Day. Our American Legion urges the citizens of Terrell County to fly the flag of the United States from every place of business and from every home today, as a tribute to our veterans of all wars.

For 36 years we have observed today as Armistice Day. But to many it has lost its significance. Whatever our duties on Friday, November 11, let us pause a few minutes to think seriously of the

real significance of Armistice or Veteran's Day and give recognition to those who gave so much for our country's freedom. Let every flag fly proudly!

Ranchmen Urged To Keep Records For Social Security

Ranchmen in Terrell County are reminded by Bob King, field representative of the Odessa District Office of the Social Security Administration, that some type of record should be kept in order to help them determine the amount of their net profit. Such records will be necessary at the time income tax returns are due in order that their net profits may be reported for Social Security purposes. An important thing to remember, said King, is that a rancher must report his income for Social Security purposes if he nets at least \$400.00 during his taxable year, even though he may not be required to pay an income tax.

King suggests that at least a simple journal or ledger account be kept of sales and expenses. This will enable him to make a proper report to the Director of Internal Revenue. The report will be filed as part of his regular income tax report and the Social Security tax will be 3 per cent of his net income if he has netted \$400.00 and the tax must be paid on net incomes up to but not exceeding \$4,200.00.

Should the rancher fail to keep records and make proper reports of his earnings, he stands to lose valuable insurance protection for himself and his family, since the tax payment is for the purpose of

New Cars, Trucks For '56 Available

The showing of Chevrolet cars and pick-ups and the new Buick at McKnight Motor Co. last week finished the parade of new cars and trucks for the 1956 model to possible buyers.

James Word Motors, Dodge and Plymouth dealer, showed his new models of vehicles several weeks ago as did the Ferguson Motor Co. Ford and Mercury dealers. Frank Weigand has had his new models of Pontiac automobiles and GMC pick-ups for several weeks also.

Henry Bailey Motors in Alpine, local Cadillac and Oldsmobile franchise holder, displayed his new models of the Oldsmobile last week and this week is showing the new Cadillac.

Latest features of all of the vehicles will gladly be shown by any of the local car dealers.

MRS. LARRY HORNBAKER NAMED TO ACC CHOIR

Abilene — Mrs. Mary Lou Cargile Hornbaker, Abilene Christian College junior from Abilene, has been named to the ACC A Capella Chorus and Women's Choral Club. She is also a second soprano for the Women's Sextet.

Mrs. Hornbaker is the daughter of Mr. and Mrs. W. C. Cargile of Sanderson and is a 1953 graduate of the Sanderson High School.

She is also a member of the "W" Club, CSO, and the House of Representatives.

The A Capella Chorus sings under the direction of its blind founder, Dr. Leonard Burford, who is also head of the ACC Music Department.

providing him with an old age benefit and survivors' payments to his family if he should die, King pointed out.

Many ranchers will have specific questions about this new protection for ranch people and the Odessa office has a supply of booklets containing most information needed which will be sent free of charge to anyone requesting it, said King. Just drop a post card or letter to the Social Security Office, Odessa, Texas, and ask for Booklet OASI-25D.

D. L. Duke was in Houston last week for a medical check-up.

Power? You bet!

The fabulous Thunderbird Y-8

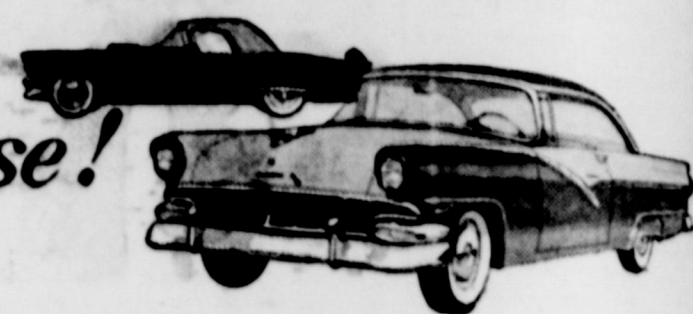

Ford goes like the Thunderbird! With this exciting new "Go"-power you can smile at hills, have new confidence in passing. The Thunderbird Y-8 engine can be yours at no extra cost, for it is the standard eight in all Ford Fairlane and Station Wagon models.

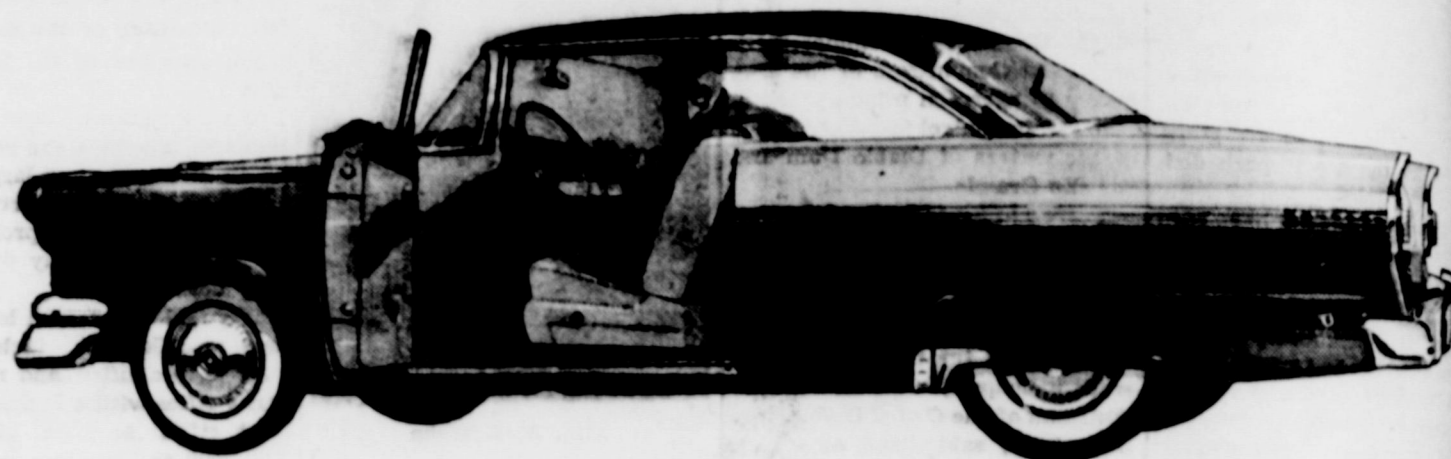

Beauty? Of course!

Inspired by the Thunderbird

The new '56 Ford and the fabulous Ford Thunderbird are really look-alikes! You can see the resemblance in every long, low line . . . every graceful contour. And you can expect to be envied no matter where you may drive in your new '56 Ford.

Safety? Only FORD gives you LIFEGUARD DESIGN

Even more important than Ford's Thunderbird looks and go is Ford's new Lifeguard Design. It gives you extra protection in accidents. To cushion you from the steering post, Ford has a deep-center Lifeguard steering wheel. To reduce possibility of doors springing open under impact, Ford has Lifeguard

guard double-grip door latches. To help lessen injuries from impact, Ford offers optional seat belts and Lifeguard cushioning for control panel and sunvisor. A new double-swivel Lifeguard rear view mirror "gives" under impact. Come in! See how safe, how beautiful, how powerful a car in Ford's field can be.

You'll be safer in a

commissioners, and that the sheriff or any deputy would still be authorized to uphold the laws of the state within the city, but not to enforce the city ordinances of a municipality.

In the matter of taxes, it was stated that if the town incorporated as a town or village, the maximum rate allowed would be 25c per \$100; and a town or city would be allowed the maximum tax rate of 50c per \$100 valuation. A board would be appointed to set the tax rate in accordance with the necessities of city administration and the proposed improvements. After the rate was determined by the board, a hearing would be called and interested taxpayers could be heard in their opinion of the rate and equality of tax assessment and valuation. The city officials, being elected would be representative of the people, the same as the taxsetting body of commissioners in county government; and the use of the ballot would, in some measure, control the rate and valuation on city property.

It was emphasized that some income from taxes would have to be available for a city government, and the income would depend entirely on the plan of work undertaken by the city council and approved bond issues by the voting property owners of the city. It was made clear that city taxes would possibly be higher than county taxes.

The salaries of the city councilmen and mayors was nil, it was stated, in most small cities and the salaries of a tax assessor-collector-assessor and secretary, and other officers as city engineer, if one was hired, city manager, if one was hired, and other such officials would have to be paid, but it was up to the people of the city to spend as much or as little as they wished, within certain limitations.

Some of the purposes or advantages of incorporation that were brought out were:

City police officers could take some of the burden from county officers, maintain and support a fire department with equal burden of cost to taxpayers; control of zoning or building, sanitary conditions, billboard and fence construction, public utility franchises, food

sanitation, public parks and buildings, slaughter houses, public nuisances, plumbing or wiring code, public utilities and other things the council might deem necessary to betterment of the city.

It was stated that the city could, with the permission of the commissioners, take over the operation and maintenance of the cemetery, they could pass an ordinance or ordinance requiring itinerant peddlers and solicitors to buy a license to operate within the city. They could include all out-of-town salesmen, other than jobbers, and might permit, with the discretion of the council, area people selling produce and vegetables without a license. It was brought out that area towns get from \$100 to \$500 for a license for itinerant solicitors.

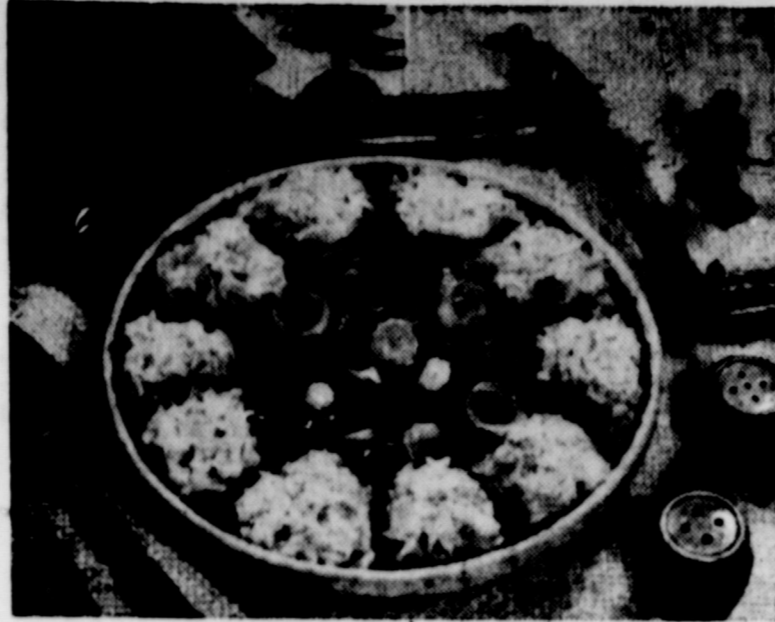

"The chief advantage of an incorporated town," according to Mr. Ligon, "is that fact the self-government gives a voice to the individual in various activities of a city and brought the power of organization to a community."

Concerning the fire department, the panel members stated that the city operation of a fire department could cause the fire insurance rate to be lowered if they brought the equipment up to specific standards not possible without incorporation. This would or could include the installation of additional fire plugs, the purchase of additional hose, the employment of a full-time attendant at or near the fire house, the sending of two firemen to the A&M firemen's course, and other details over which a county government is not authorized to improve.

Such improvements to the fire department, however, would not keep the fire insurance rate at the minimum in case of a major catastrophic fire, it was stated. These improvements would, only lower the rate and better equip the unit in handling or preventing such a catastrophe.

It was emphasized throughout the panel discussion that bond elections were necessary for major improvements and expenditures over and above the possible income from taxes and that investment on all return improvements would have to be okayed by a vote of the property owners.

All building codes, sanitary codes and ordinances not considered essential to operation of city, could be optional with council.

See Consumer Service, Inc.

Frontier Stew Has A New Type Topping

Here's a hearty beef stew — rich in flavor — much as that of the old frontier days when a hot meal was the best part of a long hard day.

Those Davy Crockett fans will go for Frontier Stew in a big way. So how about it? When it's chow-time at your house, why not greet your active family with this savory Frontier Stew and its extra special topping?

INGREDIENTS:
 1/4 cup plus 1 tablespoon cooking fat
 Flour
 1 lb. stew beef cut in 1" cubes
 1/2 cup water
 1 No. 303 can tomatoes
 1 cup onion slices (half large slices)
 1 cup carrot slices
 2 bay leaves
 2 teaspoons salt
 1/2 teaspoon black pepper
 1 teaspoon Worcestershire sauce
 1 cup uncooked white rice
 2 teaspoons salt
 2 cups water
 2 eggs
 1 1/2 cups grated American cheese
 1/2 teaspoon black pepper
 Dash of Tabasco sauce

METHOD: Melt the fat in a skillet. Thoroughly cover the beef with flour. Brown the beef in the fat. Blend one tablespoon of flour into the fat. Slowly stir in the water. Add the tomatoes, onion, carrots, bay leaves, salt, pepper and Worcestershire sauce. Mix well. Cover and cook over a low heat 1 hour or until the meat is tender. Add more water if a thinner mixture is desired. About 20 minutes before the beef is done, put the rice, salt and water in a 2-quart saucepan. Bring to a vigorous boil. Turn the heat as low as possible. Cover and leave over this low heat 14 minutes. Remove the saucepan from the heat but leave the lid on 10 minutes. Stir in the eggs, cheese, pepper and Tabasco sauce. Pour the beef-vegetable mixture into a greased shallow baking dish about 12"x7"x2". Arrange the hot rice mixture over the stew, leaving the center uncovered. Place the baking dish under the broiler and broil 15 minutes or until the rice mixture is heated through and slightly browned. Serve immediately. This recipe makes 6 to 8 servings.

Mr. Batchelor, speaking on the relation of the Texas Highway Department and city government, stated that the maintenance of the highway through Sanderson could remain the same as at present by agreement between the State Highway Department and the city government. The city's responsibility in such a case, may include the cleaning and drainage of the highway and, in case of future

widening of Oak Street or the highway through Sanderson, the city would have to furnish right-of-way for such widening. The city must agree not to set speed limits lower than 20 miles per hour and no lights may be placed without first a survey by the highway department warranting the installation of such traffic lights.

So far as the mechanics of incorporation proceedings, it was

stated that a petition asking for a vote on such proposal must be signed by 50 qualified resident voters and petitioned to the county judge who will then call the election for a certain date. In the incorporation proposal vote, all residents within the proposed city who are qualified voters otherwise, may vote. A plat of the proposed city limits must accompany the petition before election on the proposal.

The resident voters must also qualify themselves by having been a resident within the proposed city limits for a period of six months prior to the election.

Praise of the past action by the commissioners' court in improvements and benefits to Sanderson was voiced by several present and the panel members emphasized, their apologies for any remarks that might have been made by them or caused to be made by citizens present because of the panel's discussion of the various subjects.

They also voiced gratitude and appreciation to those present for their attention and understanding of the panel members' position and reason for being here for the meeting.

The thanks of the citizens of Sanderson to the panel members was voiced by Hodgkins prior to dismissal.

O. H. McAdams was moved from a Taylor hospital to his home in Roubidoux two weeks ago and is continuing to improve, according to word received by his daughter, Mrs. Frank Warren. Mr. McAdams underwent major surgery twice last month.

O.E.S. GROUP VISITS ALPINE

Several members of the local chapter of the Order of Eastern Star attended a called meeting of the Alpine Chapter Monday evening, honoring the deputy grand matron of District 2, Section 9, on her official visit. Attending the banquet at 6 and the meeting following were Meslames Lee Grigsby, Dalton Hogg, W. E. Stavley, A. J. Hahn, Jr., S. J. Burchett, and Mr. and Mrs. Ruel Adams. Mr. and Mrs. Chester Boyd, Mrs. E. Carr and Mrs. C. P. Finley also attended the chapter meeting at 8 o'clock.

Mr. and Mrs. John Whistler visited in Alpine last week with their daughter, Mrs. Jimmie Loden, and family and in Marfa with his sister, Mrs. T. M. Sheely, who has been ill.

State Capitol NEWS

By VERN SANFORD
Texas Press Association

Austin — One thousand education-minded Texans meeting in Austin, selected "No federal aid, no federal control" as the theme they will take to the White House Conference on Education November 25-Dec. 1.

Texas is one of five states that refuses federal funds for staging state and local education conferences.

Governor Allan Shivers told the delegates to the conference that Texas did not seek federal aid to education. Further aid to the school system, he said, should come from the state, but without strings of control from the state level upon the local districts.

Rather than federal aid, one leader suggested "relief from the stupendous federal tax burden" to allow states more latitude for financing schools. A re-examination of the state's total tax structure in search of additional school revenue was proposed.

Other problems on which the Texas Conference on Education exchanged ideas were: 12-months-a-year or six-days-a-week use of buildings; attracting and holding good teachers; keeping curricula up-to-date.

A consensus of their findings will be compiled into a report to be taken to the White House Conference.

Court Re-Considers

Texas Court of Criminal Appeals is, for the second time, pondering the legality of the Duval County grand jury which returned 104 indictments against county officials.

This time it also is considering charges by Atty. Gen. John Ben Shepperd that it "misrepresented facts" on its October 5 decision nullifying the grand jury's action.

In a vigorous argument for reversal, Shepperd contended the majority opinion reflected on the "propriety and motives" of himself and Judge A. S. Broadfoot. He referred to statements concerning alleged collusion between himself and Broadfoot.

Judge Broadfoot dismissed one grand jury in Duval County and made arrangement for a new one which the high court held illegal. Shepperd's office assisted with the South Texas investigations.

Master Plan Outlined

Visitors to Austin will have new sights to see in the Capitol area before long.

Guiding factors for the creation of a "state government center" with the Capitol building at the core, have been outlined by a professional planning firm.

A new state courts building and

a state office building are to be constructed in the area soon. In locating them the planning specialists suggested:

1. That none should tower over the capitol dome.
2. That off-street parking should be provided.
3. That easy pedestrian access be provided for all buildings.
4. That further commercial development in the capitol area be controlled.

Land Sales Reopened

Requests from over 3,000 veterans were included in a drawing which officially reopened the Texas land program last week. The first 300 drawn were to receive application forms immediately. The remainder will receive notices of where they stand in line and will receive their application forms at a later date.

Land Commissioner J. Earl Rudder looked on as Charles L. Dowdy, department commander of an American Legion, drew the name of O. R. Talley of Buffalo Gap as the first on the application list.

Rudder said careful measures are being taken to prevent favoritism. This was one of the factors revealed in the investigations which caused the program to be shut down last summer.

Skelton Elected

In electing him chairman of the Texas Democratic Advisory Committee, Byron Skelton of Temple took the DAC they had, in effect, made him chairman of the Democratic party in Texas.

A resolution at the DAC meeting in Waco, was to leave the national committeeman post vacant until the May convention was rejected. In its place, the committee adopted a resolution setting forth "prime qualifications" for a national committeeman and committee woman.

No direct reference was made to the choice of Lt. Gov. Ben Ramsey, recently named committeeman. Ramsey's appointment had the approval of Speaker Sam Rayburn, who organized the DAC to fill the place of national committeeman after Wright Morrow was ousted from the post.

Johnson Dinner Planned

It plans materialize, a testimonial dinner for U. S. Sen. Lyndon B. Johnson will be given in Austin in December. Meantime, there have been suggestions to name Johnson, Texas "favorite son" candidate for president. Johnson said he had intentions of being proposed as a candidate. He said he had every hope of forming a legislative program in Congress which can be carried to the people. If we do our job in Congress right, the election will take care of itself.

Texas Schools Praised

A letter to Governor Shivers from Maj. Gen. John G. Van Houten, a Fort Carson, Colo., praised Texas' public school system.

Gen. Van Houten said outstanding trainees are selected from approximately 1,500 newly inducted

soldiers each month in the basic training program.

"To date the greatest number of outstanding trainees selected have come from the state of Texas," the general said. He is commanding general of the Eighth Infantry Division.

SHORT SNOTS: Miss Marie McCutcheon of Dallas has been named, assistant secretary of state by the new secretary, Tom Reavley.

Roger Tyler, former assistant secretary of state, is now chief counsel for the Brazos River Authority — Davis Grant, Bryan, has been named first assistant attorney general, replacing Robert S. Trotti who resigned to join a Dallas law firm — Texas should reach an all-time high in employment by mid-November, says the Texas Employment Commission — Texas cash from farm income dropped nine per cent in the first nine months of 1955.

AMONG OUR SUBSCRIBERS

New subscribers to The Times include Miss Betty Kean Witt of Columbus, Ohio; Catarino Veliz of Sanderson and A2C Ronald Lyons of Lackland AFB. Renewals have come from Arthur Felgren of St. Petersburg, Fla.; Mrs. R. B. Sowers of Dallas; Dr. Bertha Whistler and M. H. Goode, Jr. of Dryden; Eugene Corder of Uvalde; Mrs. R. G. Grainger of Geneva, Ohio; Mrs. W. T. Frazier, Jr. of Anaheim, Calif.; Willie Banner of Sanderson.

Drawing Held For Game Harvest On State's Preserves

Austin — Widespread interest in harvesting surplus deer on wildlife management areas is proving beneficial in several ways, reports the Director of Wildlife Restoration for the Game and Fish Commission.

He made the observation after almost three thousand seven hundred Texans participated in the drawing to determine selectees to hunt about 350 head of deer earmarked for removal because of overpopulation on three experimental-demonstration areas.

Approximately 900 names were drawn since experience has shown that a certain percentage of the first wave of hunters got their deer in the one day's allotted time.

The names were sent in from practically every one of the state's 254 counties.

"This is a heartening development," the Director said, "since these public hunts cost only the price of \$2.15 regular hunting license and generally appeal to all types of sportsmen. We find they are a pretty cooperative lot and many of them make the trip out of sheer curiosity.

"In other words, they come to see how modern game management techniques are applied. Of course, we hope some of our own enthusiasm rubs off on them and that they will help us get over the story of what we are trying to do in

wildlife restoration in Texas"

The Director said prospects are good for expanding the conducted and limited public hunts and cited the 11,500 acre Moore Plantation in the Sabine National Forests as a possible future location for controlled deer hunting. Recent surveys revealed deer numbers would justify the hunt.

The only thing preventing the Sabine shoot this fall was pending adjustment of some practices inconsistent with modern wildlife management methods in isolated East Texas areas.

PERSONALS . . .

Mrs. Carlton White is visiting in San Antonio this week with her brother, W. H. Lemons, Jr., and other relatives and from there will go to Houston to visit her daughter, Mrs. Frank Hovell, and family.

Mrs. E. D. Pipes left the first of the week for her home in San Antonio after a visit here last week with her sisters, Mrs. J. C. Halbert, Mrs. Carlton White and Mrs. Grace Wheeler, and her brother, L. H. Lemons.

CADILLAC for 1956

Top to bottom—Eldorado Sedan, Sedan de Ville, Series Special

Presenting the Most Inspiring Motor Cars the World Has Ever Seen!

You are looking at three of the most magnificent and inspiring creations ever to issue from the drawing boards of Cadillac's designers and engineers.

These spectacular new Cadillacs—in company with the other Cadillac models for 1956—introduce a standard of automotive excellence that will find no counterpart on the highways of the world.

Where, for instance, could you find anything to match them for beauty and elegance? Their long, low, sweeping lines . . . their jewel-like grille and rear-fender designs . . . their brilliant new color combinations . . . their sparkling highlights of chrome and gold . . . all combine to create a beauty that is truly unique.

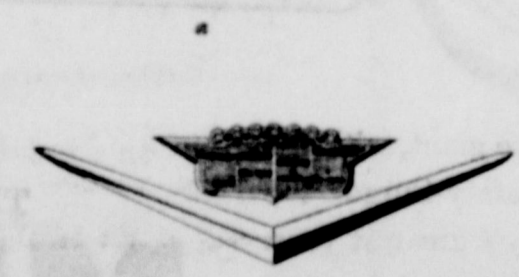

Where could you find anything to equal them in luxury? Inside are fabrics of rare richness and pattern . . . and features of comfort and convenience that will delight even the most experienced Cadillac owner.

And where could you find anything to rival them in performance? There's a completely redesigned Cadillac engine developing 285 and 305 horsepower . . . a new, controlled-coupling Hydra-Matic Drive . . . and advanced Cadillac Power Steering and Power Braking.

This extraordinary new Cadillac beauty . . . and this brilliant new Cadillac luxury . . . and this dynamic new Cadillac performance . . . have been interpreted in four separate series and in nine individual body styles.

We sincerely urge you to stop in for a personal inspection and demonstration at your earliest convenience.

We know you will agree that, in every way, they are the most inspiring motor cars the world has ever seen!

Miss JoAnn Lemons Weds W. H. Bruns Saturday Night

Mrs. William Herman Bruns

Rev. Clifford Spencer of Wink, former pastor of the First Baptist church of Sanderson, was the officiant for the marriage rites Saturday evening when Miss JoAnn Lemons of San Antonio became the bride of William Herman Bruns, son of Mr. and Mrs. John Henry Bruns of Marble Falls, Texas. The bride is the daughter of Miss H. Lemons of Sanderson. The single-ring ceremony was followed by the recitation of vows by the bride and groom. D. L. Duke sang "Because" and "Love You Truly" with his daughter, Mrs. L. D. Booker playing the piano accompaniment. She played a medley of music prior to the wedding and the traditional wedding marches. The altar was centered with a white lattice entwined with ivy, white mums and chrysanthemums arranged with huckleberry leaves in floor baskets to each side. White tapers burned in the seven-branched candelabra. White chrysanthemums and fern were placed in the white satin loops which marked the pews. Given in marriage by her father, the bride wore a beige velvet, three-quarter length dress designed in latest style with long fitted

sleeves and a high satin-trimmed neckline. Her accessories were brown and she carried a colonial bouquet of red rose buds. For "something old", she carried a white Bible which was given to the mother of her late uncle, J. C. Halbert, in 1880. For "something borrowed", she wore gold ear screws belonging to her maid of honor and the "something blue" was a handkerchief of her aunt, Mrs. Grace Wheeler.

The maid of honor, Miss Patricia Sims, of San Antonio wore a brown princess-style dress with three-quarter length sleeves and a black velvet collar. Her accessories were brown and her colonial bouquet of pink roses.

Roy Bruns of Fort Worth, cousin of the bridegroom, was the best man, Ushers were Edward Wheeler and J. A. Mansfield of Sanderson, cousins of the bride.

A reception in the Legion Hall, which was decorated in white mums, followed the wedding. The bride's table was covered with a white linen cutwork cloth and centered with an arrangement of white mums and gladioli. The three-tiered cake, topped with a miniature bride and groom, was served by Mrs. James Wood and Mrs. Greene Cooke served the punch. Mrs. J. C. Halbert, an aunt of the bride, was at the bride's book near the entrance and the bouquets of the bride and her attendant decorated the table.

Upon their return from a wedding trip, the couple will be at home in San Antonio next week where Mr. Bruns is employed by the Cage Construction Co. He is a graduate of the Marble Falls High School and has served two years in the U.S. Army.

Mrs. Bruns is a graduate of the Sanderson High School and after attending a business school in San Antonio, has been employed by an insurance firm in that city for two years.

Mr. and Mrs. Carlton White, uncle and aunt of the bride, were hosts for an informal reception in their home Friday evening following the rehearsal for the wedding.

Out-of-town relatives here for the wedding includes: Mrs. E. D. Pipes of San Antonio, aunt of the

Third Grade Program Enjoyed At P.T.A.

Mrs. Charles Matney's third grade presented the program for the October meeting of the Sanderson P.T.A. when that group met last Thursday evening in the high school auditorium.

The president, Mrs. R. M. Bogusch, opened the meeting with the Parent-Teacher prayer. After the report of the treasurer, Matt Bader, superintendent, introduced the teachers of the Terrell County school system.

Mrs. H. E. Ezelle was the principal speaker for the evening and gave a talk on "driver education." She also passed out pamphlets to those present on the advantages of a driver education course in high school.

Mrs. Matney's room won the attendance prize.

Mrs. Troy Druse Entertains '51 Club

Mrs. Troy Druse entertained the '51 Bridge Club in her home Wednesday afternoon.

The two tables of players included Mmes. E. J. Hanson, J. A. Glibreath, R. S. Wilkinson, Jack Riggs, Herbert Brown, Robert Carle, Vic Littleton and Hugh Rose.

Mrs. Wilkinson was winner of the high score prize, Mrs. Rose was second high and Mrs. Glibreath was low.

Pumpkin chiffon pie, tea and coffee were served by the hostess. Arrangements of yellow mums decorated the living room.

bride; L. S. Dickson of Marathon, great-uncle of the bride; Mr. and Mrs. John H. Bruns of Marble Falls, parents of the bridegroom; Clarence Bruns of Marble Falls and Miss Viola Bruns of San Antonio, brother and sister of the bridegroom; Mr. and Mrs. Henry Mollenburg of Blanco, uncle and aunt of the bridegroom; Mrs. Helen Louise Mueller of San Antonio, cousin of the bridegroom.

Office supplies at The Times.

Mrs. Bernie Kerr Tuesday Club Hostess

Mrs. Bernie Kerr assisted the Tuesday Bridge Club in her home this week, decorating the party rooms in arrangements of chrysanthemums.

The high score prize went to Mrs. Hugh Rose, second high to Mrs. Tol Murrah and low to Mrs. James Kerr.

The hostess served apple pie with tea and coffee to twelve guests including Mmes. John Reininger, Jack Riggs, R. S. Wilkinson, Tol Murrah, J. A. Glibreath, Roger Rose, Carlos Dunn, W. H. Riley, Herbert Brown, S. H. Underwood, James Kerr and Hugh Rose.

Bonhomie Club Meets At Halsell Home

The Bonhomie Club met in the home of Mrs. H. W. Halsell Wednesday afternoon. The birthday of Mrs. A. B. Gates was observed after the business session and the fancywork period.

For refreshments, the hostess served pumpkin pie topped with whipped cream, coffee and iced tea.

Members present included Mmes. James Caroline, E. F. Pierson, Alfred Bendele, Marvin Robertson, F. H. Talbot, Roy Haley, and A. B. Gates; also three guests, Mrs. Curtis Letton, Mrs. Gene Litton and Mrs. Elma Riley.

BAPTIST W.M.U. MEETS FOR BUSINESS SESSION

The Baptist W.M.U. met Monday afternoon in the church for a business session with Mrs. B. E. Cole, president presiding.

Mrs. Ray Thompson led the opening prayer after the group had sung a hymn. The devotional was given by Mrs. O. D. Gray.

Mrs. Lloyd Cowan gave the dismissal prayer for the eight members present.

Mr. and Mrs. P. G. Harris, Jr., made a business trip to San Antonio last week. His father, P. G. Harris, accompanied them on the trip.

Legion Auxiliary Plans Games Party

The Legion Auxiliary met Tuesday evening in the Legion Hall in regular monthly business session.

Mrs. S. L. Stumberg, president, gave a report of the recent district convention in McCamey. Routine business matters were disposed of and the new business included a cash donation to be used for the Christmas cheer of veterans in a Waco hospital, announcement of plans for Poppy Day, and the purchase of some dishes for use in the hall.

A games party was planned for Thursday, November 17, in the Legion Hall, beginning at 7 p. m. Dominoes, canasta, forty-two and bridge will be available for both young people and adults with a charge of 50c for each admission. Refreshments will be served and a cordial invitation is extended to everyone in the community to attend the party.

Linda Belcher Honored At Party

A group of Girl Scouts honored Linda Belcher, who is moving to El Paso, with a party in the home of Mrs. Irvin Robbins, their leader Tuesday afternoon.

Gifts were presented to the honoree.

Mrs. H. M. Beckett assisted Mrs. Robbins in serving refreshments of chocolate and cookies to the guests including Ruth Allen, Linda Beckett, Shella Lynn Cox, Paula Hanson, Sheryl Rath, Betty Jane Robbins, Sylvia Lee Woods, and Linda Belcher.

Mrs. Jerry Bell and her daughter, Mayne Sue, have returned to their home in San Antonio after visiting here with relatives and friends for a few days. Mrs. Bell's mother, Mrs. Maggie Banner, accompanied them home and will visit for several weeks.

PERSONALS

Mr. and Mrs. J. B. Pruett of Marfa spent the week-end here with their daughter, Mrs. C. P. Peavy. Mrs. C. P. Peavy returned home Thursday of last week from Durham, N. C., where she had visited with her daughter, Mrs. Elliott Mendenhall, Jr., and family including a new son.

Mrs. R. T. Key, Sr., is visiting in Alpine with her mother, Mrs. Isabel Sturmen, who is recuperating from an injured back.

Mr. and Mrs. E. E. Harkins, Jr., and children spent the week-end in Fort Stockton to have dental work and to visit with their parents, Mr. and Mrs. Carl Cochran.

Herbert Brown, Sid Harkins, J. T. Williams, E. E. Harkins, Reg. Monroe and Jack Hayre attended the roping in San Angelo Sunday.

Mr. and Mrs. R. A. Gatlin spent Tuesday with Mr. and Mrs. A. H. Zubertueler on their ranch near Alpine.

Mr. and Mrs. A. B. Gates visited in De Rio the first of the week with their daughter, Mrs. Lynn Hise, and family.

Mr. and Mrs. N. E. Hufford and children left today for El Paso to reside. He is a T&NO engineer. Mr. and Mrs. Don Allen and children, who have been residing in the Church of Christ parsonage, will occupy the house vacated by the Huffords.

Mrs. Roy Bogusch left Tuesday for Detroit, Mich., and will drive a new car from there to Fort Worth, where she will attend to

annual meeting of the Texas Congress of Parents and Teachers. Mr. and Mrs. Max Bogusch arrived Monday to stay with her sons in their daughter-in-law's absence. Mrs. Lula Downey of Van Horn who has been visiting here with her daughter, Mrs. Joe Thomas, and family, became ill this week and is hospitalized in Fort Stockton.

Test the tremendous GO of the fabulous

'56 Pontiac

Introducing a Big and Vital General Motors "Automotive First!"

A new Strato-Flight Hydra-Matic—coupled with Pontiac's 227-H.P. Strato-Streak V-8—results in performance so new and dramatic it must be experienced to be believed!

IT'S THE GREATEST THRILL IN HIGHWAY HISTORY!

If you've come to think of driving as just routine, it's high time you tried the tremendous "go" of this masterful new monarch of the highway.

Here's a car with such exhilarating drive—eager oil-smooth response and safe, secure handling—that even monotonous home-to-work driving becomes your finest hour!

And out on the open highway, the fabulous '56 Pontiac comes alive with all the eager, heads-up alertness of a thoroughbred.

Its blazing 227-h.p. Strato-Streak V-8, coupled with silken smooth Strato-Flight Hydra-Matic, thrives on challenges. The hill you see looming up virtually disappears before your eyes.

And at any legal speed, there's such a reserve of power that your engine literally loafs—ready at a touch to spring into the most thrilling, satisfying action that ever shortened a country mile.

Of course, this is only a hint of what's awaiting you. The difference in performance—in driving, smoothness, ride and control—is so terrific that it can only be appreciated at the wheel.

So come in and take charge of one of these glamorous new beauties yourself. Choose your own test route and sample the greatest "go"—and enjoy the greatest safety ever built into a car. Then you'll know why the world's spreading—"They'll be a long time catching up to this one!"

Girl Scout Leaders Plan Two-Day School

The Girl Scout Leaders Training School will be held here Wednesday and Thursday of next week, according to an announcement made by Mrs. C. C. Mitchell, training chairman, this week.

The first meeting will be at 9 a. m. Wednesday in the Scout Hut. The school will be conducted by Miss Frances Sewell of Monahans, field director of the Permian Basin Area of Girl Scouts.

All Scout leaders, troop committee members and anyone interested in working with the Girl Scouts is urged to attend the school. Those attending are requested to bring their handbooks, leaders' guide and records and a note book and pencil.

LOCAL ROPERS ENTER SONORA WEEK-END EVENTS

Jack Riggs and Bud Smith will participate in the championship matched calf roping events in Sonora Saturday and Sunday.

Purses will total about \$3,000 with each roper putting up \$100 in entrance fees.

Practically all of the Southwest well-known ropers are on the state of entrants. The twenty-two ropers are to rope eight calves each during the two-day event.

FREE PHOTOS FOR KIDS AT LOCAL STORE MONDAY

A photographer will be at the Janes & Magill store Monday afternoon to make photos of children of the community up to 12 years of age. The photos will be made from 1 to 6 p. m. and will be with the compliments of the store, with each child receiving a 5x7 photo free.

NO PUBLIC OBSERVANCE OF VETERAN'S DAY HERE

There will be no public observance of Veteran's Day here on November 11 this year. The schools will not observe the holiday and no special program has been planned by any veterans' organization.

The postoffice is the only local institution which will be closed on Friday.

The condition of I. B. Rusk and H. E. Fletcher, who are hospitalized in Houston, is reported to be improving but both are expected to remain in the hospital for several weeks.

Rev. John W. Byrd Named To Group For Refugee Relief

The appointment of Rev. John W. Byrd as local representative for the Governor's Committee for Refugee Relief Program has been announced by John H. Winters, committee chairman. Rev. Byrd will act on behalf of the State Committee in Terrell County.

The committee was appointed by Gov. Allan Shivers at the request of President Eisenhower to inform the people of Texas on the Refugee Relief Program.

Under the Refugee Relief Act of 1953, 214,000 displaced persons were declared admissible to this country. Recent figures slightly over 43,000 have obtained sponsors and have migrated to the United States.

Of this number it is estimated that less than 500 have been brought to Texas.

A sponsor is required to give assurance that the refugee will be provided with employment and housing and will not become a public charge.

Any employer or citizen interested in providing a new opportunity for a refugee is advised to contact Rev. Byrd for information and details.

SHE KEPT A DIARY OF TELEPHONE CALLS

Mrs. Martha Chance — homemaker, church worker, bowler, and keeper of a telephone diary that revealed an important fact.

Mrs. Chance finds the telephone a young homemaker's best friend

What one service helps the homemaker through busy days more different ways than any other?

Mrs. Martha Chance is sure she knows the answer. Her telephone. Mrs. Chance recently kept a week-long diary of telephone calls made and received in her home. The results surprised her.

Mrs. Chance listed 95 calls during the week. Not only did her calls save time and energy in managing her home, but many were actually the start of a pleasant afternoon or evening out.

In Mrs. Chance's own words, "It's so easy to take your telephone for granted. You just don't realize how much it means to you until you stop and think about it as I have."

Mrs. Chance is right. Telephone service is a busy homemaker's best friend.

SOUTHWESTERN BELL TELEPHONE COMPANY

Typical calls from Mrs. Chance's diary

- "Called the Millers about going to the civic play tonight."
- "Called Lee (my husband) about plans for family reunion."
- "My bowling partner called about a change in league schedule."
- "Our minister called to remind me of Sunday School meeting."
- "Called a friend in the country. Asked her to put aside four dozen eggs for me."

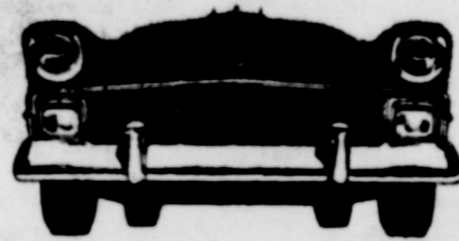

The hottest features for '56 are in the new Chevrolet

Chevrolet never had it so good for you before . . . and no other car in its field even comes close. See if Chevrolet doesn't feature everything you want for '56.

All New! The Bel Air Sport Sedan with 4 doors and no sidepint

Bold new Motoramic Styling

Just look it over—the lower, longer hood . . . the wider grille . . . the big bold parking lights and the sweeping new speedline chrome treatment.

V8 Horsepower Zooms to 205

That's the power the new "Super Turbo-Fire V8" pours out (optional at extra cost in all models).

Chevrolet's left-side taillight holds a stylish secret. It's hinged at the bottom . . . swings down to uncover the gas cap. Closed up, the cap's concealed!

12-volt Electrical System

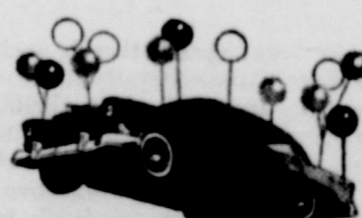

Packs twice the punch of ordinary 6-volt systems . . . spins the engine up to one-third faster when you turn the key. You get surer starting in all weather. And you have a greater electrical reserve.

Steering made easy
Ball bearings greatly reduce friction and steering effort in Chevrolet's Ball-Race Steering.

Everything in Automatic Power Features
Chevrolet offers everything you could wish for in the way of power servants! All are available as extra-cost options.

Floats over the bumps

Roads seem newly paved with Glide-Ride front suspension and outrigger rear springs soaking up the jolts. And Chevrolet performance puts your safety first!

THE HOT ONE'S EVEN HOTTER

It's the Pikes Peak Record Breaker!
That's how the '56 Chevrolet proved its championship road-action . . . its surer, safer driving control!
