LISTEN TO LUKE

One of the most universal failings of most any community is that of neglect. It seems the rule rather than the exception to find people depending on other fellow to do the chores necessary for the promotion of any community project.

I have noticed particularly that it is so easy to stay away from meetings of the various organizations unless we happen to have a part on the program or an important office where our name would be too noticeable.

That attitude has been very evident in meetings of the local Parent-Teacher Association. Recently, a splendid program, well presented and well rendered, it was reported that not more than ten parents of the school children were present for the program. That is of interest from parents indicating one of two conclusions: They are unwilling to leave the school premises in the hands of the school and faculty alone and trust that things will work out alright for their children; or they have no interest in the welfare of the schools.

It is very great and lasting good that come from the wonderful work done by the P-T-A in all of our schools. It has brought about the splendid cooperation of parents and teachers in some of the most necessary activities of the school program.

That neglect is not confined to the organization mentioned but is evident in most of the clubs and civic groups as well. In the two years the local C of C has been in operation, we have noticed the same lack of interest in attendance.

We appreciate the fact that the response to a call for action by the organization is usually met with haste and enthusiasm, but the attendance at directors' meetings is sometimes short of a quorum until the officers in charge get on the phone and remind a few to get on down so that a quorum may be had for the transaction of business. This column is not trying to lay the blame for this indifference on the leaders of these various groups. Instead, we believe that it just boils down to where too many think it is alright just to relax and let the other fellow do it.

CPS TO INSTALL STREET LIGHTS

The town of Sanderson received word Monday of this week that the Community Public Service Co., local utility firm, will install additional lights in Sanderson. The announcement was made by Luther Bailey, official of the firm's Fort Worth office, and Emmett Beauchamp, district manager, of Pecos.

The two officials, along with James Caroline, local manager, presented their plans to the Commissioners' Court Monday for their approval.

Plans are to install mercury-arc lamps on Oak Street from just west of the power plant west of town, to the east end of the bridge across Sanderson Canyon on the west side of the Newberry Addition north to the John Reininger home, west to the W. E. Stavley home, and then south one block, and west to the football field and south to Oak Street.

The mercury-arc lamps are rated at 21,000 lumens as compared to the 4,000 lumen rating of the present radial-type lamps. There will be one of the lights on each corner of Oak Street where previously designated.

The company also stated they would install a light on every corner in Sanderson beginning west of the bridge east of Newberry Addition north to the John Reininger home, west to the W. E. Stavley home, and then south one block, and west to the football field and south to Oak Street.

There are at present, lights on the corner at Persimmon and Downie, First and Downie and Second and Downie. The new lights, 28 in all, will put lights on every corner in Sanderson east of the first crossing of Sanderson Canyon going east.

The Community Public Service Co. agreed to furnish labor and material for the installation of the lights, and also the electricity, with the county to take care of replacements of bulbs and fixtures only. The county had been, up to this time, paying for the electricity to light the present street lights in Sanderson.

Grandfalls Girls Take Wins Here

Grandfalls girls cagers took two victories from the Sanderson girls in the local gym last Wednesday night. The senior girls won 40-33 and the B contest ended 45-26, both victories by the visitors.

Sanderson led at the half-time by 20-17 and were behind only 2 points in the 3rd period and were out-netted in the final quarter by 12-3.

Diana Duke was high scorer for the local girls with 27 points.

The local girls started out behind in the first period and never saw the big end of the score during the game. Olga Alvarado led the local girls with 15 points netted.

Layette Shower For Mrs. Marshall Cooke

Mrs. Marshall Cooke was honored with a layette shower Tuesday evening in the home of Mrs. J. L. Hatchel.

Diapers were given to the guests to embroider initials in the corner before they were presented to the honoree.

Chocolate chiffon pie was served with coffee to nine guests including Mmes. A. W. Clay, H. E. Fletcher, S. D. Harrison, Gen. McSparran, W. H. Grigsby, E. P. Halley, Greene Cooke, L. H. Lemons, and Miss Mary Ferguson.

THOUGHT FOR THE WEEK:—

"For other foundation can no man lay than that is laid, which is Jesus Christ." — 1 Corinthians 3: 11.

There is no improvement in the plan of God. Christ is all. To have Him is to have everything, to be without Him is to be without all. It's still "the way of the cross that leads home". — H. B. Dean.

March of Dimes Drive Opens In County With Exceptionally Large Deficit

The Terrell County Chapter for Infantile Paralysis, W. W. Sudduth is the local chairman.

The urgency for the appeal, according to Jimmie Caroline, treasurer, is the large deficit in local funds and our obligation to the patients of the county who have received treatment.

Since 1953 Terrell County has kept \$923.39 in March of Dimes Funds and sent an equal amount to the National Foundation.

In 1955 the County Chapter began the year with a balance of \$246.31. It received \$317.63 from the 1955 drive and received from the National Foundation the sum of \$1,400.00, all of which has been spent in polio patient care and the chapter still has bills outstanding in the amount of \$1,337.75, most of which is due the Gonzales Warm Springs Foundation.

The containers have been put out in local businesses to receive contributions and residents are urged to give all they feel they can afford to the fund so that the local chapter can pay off its indebtedness and still have some money to take care of possible future cases of polio.

Anyone wishing to send in a contribution is asked to mail it to Jimmie Caroline, treasurer of the Terrell County Chapter for Infantile Paralysis.

The two cases of polio reported in Terrell County during 1955 were L. T. Mills, who died December 10, 1955, in Alexandria, La., and Mrs. James R. Kerr, who is currently a patient in the Gonzales Warm Springs Foundation.

Mr. and Mrs. Druse plan to continue their residence in Sanderson.

GIRL SCOUTS NAME OFFICERS

The Girl Scouts of Troop 2 elected officers at their regular meeting Monday. They are as follows: Dotty Gravell, president; Melinda Gilbreath, vice-president; Diane Brown, secretary; Susan Harkins, reporter.

The girls wrote letters of gratitude to all who had contributed to the local Girl Scout drive.

Mrs. J. A. Gilbreath and Mrs. Gordon Harmon are leaders of Troop 2.

Mrs. A. A. Shelton, who is in the Providence Memorial Hospital in El Paso for medical treatment is reported to be improving.

Mrs. Max Bogusch of Del Rio is visiting here with her son, Roy Bogusch, and family.

Former Resident, Max Bogusch, 66, Buried in Mason

Funeral services were held in Mason Friday afternoon for Max Bogusch, 66, who died suddenly of a heart attack at his home on Lake Walk at noon Thursday.

Mr. Bogusch, a retired jeweler, was in business in Sanderson for many years prior to his retirement in 1947. He was a member and past master of the Sanderson Masonic Lodge and was a member of the First Presbyterian Church in Del Rio.

Survivors include his widow, Mrs. Gladys Bogusch; a son, Roy Bogusch and two grandsons, Jack and Mike Bogusch of Sanderson; two brothers, Paul Bogusch of Brenham and Charles Bogusch of Fort Worth. Another son, Jack Bogusch, was killed overseas in World War II when he was serving as a pilot in the Air Force.

PERSONALS . . .

Sgt. and Mrs. Charles Landry and son, Charles Allen, of Putnam, Conn., accompanied her grandmother, Mrs. Mary Lou Kellar, to Sanderson last week and visited for two days with her uncle and aunt, Mr. and Mrs. W. D. O'Bryant, Mrs. Kellar's daughter, Mrs. A. A. Jenschke, of San Antonio, with whom she had been visiting for several weeks, also accompanied them here.

Attending the sub-district meeting of the MYF in Odessa Sunday afternoon were Tommy Kay Parrisher, Don Little, Jerry Spurlin, Marion Wilson and William Doyle O'Bryant, Mrs. Grady Wilson and Mrs. J. J. Spurlin accompanied the youths to the meeting which was in St. Paul's Methodist Church.

Mr. and Mrs. J. B. Pruett returned to their home in Marfa on Wednesday after visiting here for several days with their daughter, Mrs. C. P. Peavy.

MRS. LILLIAN O'NEILL NOW IN ANCHORAGE

Mrs. Lillian O'Neill who has been in Hawaii for several months with her son-in-law and daughter, Maj. and Mrs. L. E. Holen, has accompanied the Holen family to Alaska to the major's new assignment.

She left Hawaii on December 26 by plane and, upon arriving at Anchorage at noon of the following day, she was greeted with a 40-inch snow. The snow had been falling for three days and was reported to be the worst snow storm there in history.

Laden with leis when she left Hawaii, she put all of them on and had her picture made against a snow bank in Anchorage.

According to an announcement by Gene Nelson, F.F.A. advisor and local vocational agriculture teacher, all committees have been functioning properly and have worked up plans for the 6th annual F.F.A. livestock show here next

Lee Billings Asks For Re-Election as Sheriff

"In making my announcement to the people that I am seeking re-election to the office of sheriff and tax-collector of Terrell County, I would like first to express to you and all my sincere thanks for the full support I have received from you since assuming the duties of this office. I believe that you know without my saying that I have, during the time I have held office, dispensed with the duties in a fair and just manner to all and with special privileges to none." Lee Billings stated, in announcing his candidacy for re-election this week.

He continued: "I would like for you to consider that I own my home in Sanderson and plan to make my residence here as long as is possible. That I have spent four years in the U.S. Navy, with 28 months of foreign service. That I have had six years of service as a peace officer in this section of Texas during which time I have become familiar with most of the problems confronting our citizens."

"I would like you to consider that I am not obligated to any individual or individuals, in any way other than my obligation to fulfill the duties of the office I seek to the very best of my ability. I believe in equal rights and fair and impartial treatment for all, and will do my best to so conduct myself in the performance of my duties as your sheriff and tax collector for the balance of my present term, and next term, if you see fit to return me to that office by your vote and confidence."

"My office is open to the public at all times, and any person or persons who so desire may make inspection of any and all records. I have on hand auditors reports as to conditions of the tax office and in these reports have been commended on keeping the records up and in better condition than the average tax office over the state."

"In consideration of the above-mentioned matters, together with your own knowledge of my conduct during my past service in office, I am asking that you consider me when you go to the polls in July to cast your ballot. I feel that my past experience will qualify me to do an even better job in the future."

Less Than Half Poll Taxes Are Paid

By noon Wednesday of this week there had been less than half of the potential number of voters in Terrell County in possession of poll tax receipts, according to the tax collector's deputy, Miss Sue Burchett.

Of the approximately 1,000 voters in the county there had been only 236 qualified themselves with poll tax receipts and with the deadline set for January 31, there will be little time left for payment.

Miss Burchett urged that citizens not wait for the last minute if they intend to qualify themselves as voters in this year's contests.

EAGLES LOSE DIST. CAGE BATTLE IN DEFEAT BY OWLS IN 55-30 GAME

The Sanderson Eagles lost out in possible district cage honors Tuesday night in Big Lake when the Owls downed the Eagles by a score of 55-30. The two teams were tied for first place in district standing prior to the game.

Darrell Cox led the Eagles in scoring with 10 points. The local boys tried throughout the game. The Owls are undefeated in dis-

trict play and have a good opportunity to go to a district championship with the defeat of Sanderson.

Sanderson will have a return engagement with the Owls later in the season on the local hardwood.

In the B game, the Owls won by 54-20. Adolfo Flores was high-pointed for the locals with nine points.

There will be a one-hour intermission at noon when the Sanderson Lions Club will serve a barbecue dinner to all ticket holders. The F.F.A. chapter is furnishing the meat and extras for the dinner with the Lions' wives furnishing the cakes. Tickets for the dinner will be \$1.

Plenty of competition is foreseen by the F.F.A. members and the advisor, as well as the F.F.A. Dads who are working toward the success of the show.

A record number of boys will have a record number of animals in the judging events and class competition is expected to be very keen.

Local and area residents are urged to attend the show and barbecue and no admission will be charge for seeing livestock exhibits or witnessing the judging.

Commissioners Okay Seal Coat for Streets

The commissioners of Terrell County Monday authorized the advertising for bids for topping all of the paved streets of Sanderson.

The work is expected to be done this Spring.

Since the original surfacing of local streets several years ago, only necessary repair work has been done, and local commissioners were advised to seal-coat the streets to protect the investment of the original surfacing and save future deterioration and much greater expense later on.

The court plans to have repair work done to the streets before topping and some work will be done in widening the corner radii, surfacing from curb to curb on Persimmon, between Oak and Downie Streets, as well as other improvements.

No effort will be made at this time to surface any of the unpaved streets of Sanderson.

The work will be paid for out of county funds. It was noted, and there will be no additional cost to the taxpayers or property owners since the county has the money on hand at this time to pay for the job.

Bids on the work will be received on Saturday, January 28, and if the court accepts any of the bids submitted, it is expected that work will begin soon after that date.

This improvement will add considerably to the county's investment in local streets and also add to the value of the property of local real estate owners.

Sanderson has long boasted of the largest percentage of paved streets of any town of comparable size or larger in this area, and now can raise their boast to the best-kept and most-improved streets of any town of equal or larger size.

Joe Dishman of San Antonio spent Tuesday here with his grandmother, Mrs. H. W. Halsell, and returned to Del Rio with his uncle, Al Dishman, in whose home he is visiting.

THE BEL AIR SPORT COUPE—one of 19 high-priced-looking Chevrolets, all with Body by Fisher.

Soft-spoken, yes. (One reason is the hydraulic-hushed valve lifters now in all Chevrolet engines—V8 or 6.) And this handsome traveler packs a horsepower wallop that ranges up to 205! It's charged with sheer, concentrated action.

Action that can save you precious seconds for safer passing! Action that lets you take steep hills in ef-

fortless stride! Action that helps you zoom out of trouble spots!

And action isn't all. Chevy holds the road like part of the pavement!

Of course, Chevrolet brings you the security of safety door latches. Instrument panel padding and seat belts, with or without shoulder harness, are offered at extra cost.

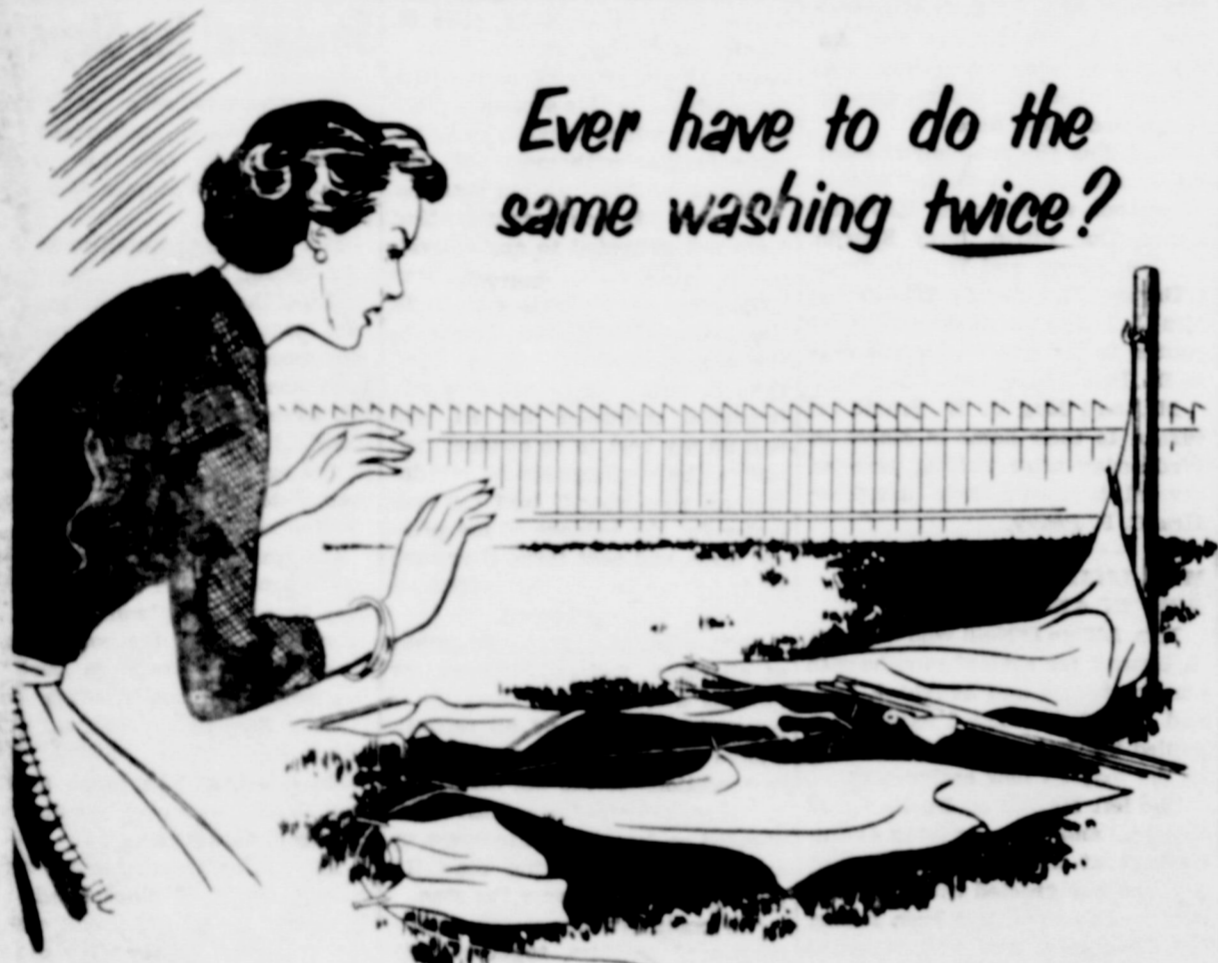

Come in and highway-test it.

Ever have to do the same washing twice?

Clothes stay clean while drying in an ELECTRIC DRYER

Many a fresh, clean washing has been soiled by broken clotheslines, children at play, romping pets, or airborne dust and soot. With an electric dryer, outdoor drying hazards are eliminated. Your clothes are dried right on schedule by gentle electric heat... cleaner, softer, fluffier and even sweeter-smelling than when dried outdoors.

Save time, save work, save clothes... select an automatic electric dryer soon.

The car says 60 and the price won't stop you!

Invest in Dependability... get a Bonus in Go!

You can buy it on its name alone—this big, high-powered '56 Pontiac—and be safe in the knowledge that you couldn't have made a better investment in years of dependable, carefree motoring.

The good things you've been hearing about Pontiac for years assure you that.

But "go" is the word for '56! Performance so new and dramatic it must be experienced to be believed!

A short spell behind the wheel will nail that statement down as a fact. Come along for a drive and see.

Waiting for the light to change, you can't hear the engine. But touch your toe to the accelerator and in a split second there's a torrent of power, sparked by the most advanced engine of them all—the blazing 227-h.p. Strato-Streak V-8.

Team this terrific power plant with Pontiac's all-new Strato-Flight Hydra-Matic* and you've got the smoothest take-off that ever brightened a highway.

And remember—this easy handling dream is actually among the biggest, huskiest cars built!

Now for the final test—head for the open road and some landmarks you can challenge. Wipe out a hill. Straighten a curve. Smooth out a stretch of rough road that's bothered you for years.

Now see why they're calling this the greatest "go" on wheels?

More than that—it's the greatest buy on wheels! And that too, is easy to prove.

Then take a look at the price tag—a check on our deal.

Nothing will stop this powerful beauty from being yours!

You can actually have a big, glamorous Pontiac 860 for less than you would pay for 44 models of the low-priced three!

BECOME A DOCTOR OF CHIROPRACTIC

More than 32,000,000 American people have been assisted in their health problems through the science of Chiropractic.

There is a great demand for Chiropractic in England and Europe. One of Germany's greatest surgeons is now devoting almost his entire energy in Chiropractic practice.

Requirements for Chiropractic licenses in the State of Texas are two (2) years of Basic Sciences and four (4) years of Chiropractic training or a total of six (6) years of College work, of course, you must pass your State Board Examination for License.

These requirements are not easy, but if you have a true desire to help suffering humanity in spite of prejudice and other ignorance which is lessening each day, it is worth the effort you exert to attain a goal in which you walk the path of your own choice.

ONE 5-MILE DRIVE WILL PROVE IT

Your driving is easier — you feel safer — in THE BIG M

The stunning Mercury Montclair 2-door hardtop with distinctive low profile and Flo-Tone color styling.

Easier riding and handling on sharp turns — new comfort on bumpy roads — widest choice of safety features in its field help explain why THE BIG M is the big buy for 1956.

Riding is so much better than reading. That's why we invite you to take a demonstration drive in our BIG M.
Then you'll feel THE BIG M's reflex action firsthand — how ball-joint front suspension adjusts itself instantly to rough roads, ruts, and curves.
And you'll experience the reflex-action response of THE BIG M's new SAFETY-SURGE V-8 engine — how it takes the tension out of passing, makes hill-climbing as effortless as breathing.
You'll discover the new peace of mind provided by THE BIG M's new Safety-First Design. For this year Mercury offers 10 new safety features, including the only impact-absorbing steering wheel in its field.
So see us for a test ride. Compare our prices and you'll find that THE BIG M is as easy to own as it is to drive.
