## STEN TO LUKE

When we read and hear about the plans to control erosion, we wonder where the plans originate and who, after all, is making those plans. Our belief is that the people interested in saving the soil are the ones who are doing the planning. We believe that the people who are doing the planning are the ones who are doing the planning. We believe that the people who are doing the planning are the ones who are doing the planning.

## SCHOOL PLANS ACTIVITIES FOR MARCH 5-10

Supt. Matt Bader announced this week the plans for the local observance of Texas Public Schools Week on March 5-10. A sincere effort will be made to obtain parents to take the place of the classroom teachers and actually teach the classes on Monday, March 5. Parents will be given the assignment for Monday's lessons on Friday afternoon when they meet with the teachers, so that they will have a full week-Monday.

All parents who will consent to teaching any of the classes or subjects are asked to contact the teacher of the room they wish to teach or will consent to teach. Those who will teach in the high school are asked to contact Prin. Norman E. Rath.

## Dog Bite Victims Told of Procedure If Rabies Suspected

Local people who may become victims of a dog bite are warned against destroying the animal and not considering the possibility of rabies. The warning came from local peace officers and state health authorities. Since the symptoms of rabies are varied, examination should be by someone who is experienced or an authority. Symptoms include frothing at the mouth, listlessness, paralysis, ferocity, glazed eyes or inflamed eyes, but any or all of the above symptoms do not necessarily signify rabies in the animal. If the animal is a pet or blooded dog that one would not want to destroy without reasonable assurance of rabies, the dog should be kept under close observation and out of contact with other animals and people for at least 14 days.

According to medical books, the animal will die within this period if he had rabies, and anti-rabies injections to the injured can begin immediately. If the dog is a mongrel and has any of the symptoms of rabies or if there is a question of its being afflicted, the animal should be destroyed and the head sent in for laboratory tests to confirm any suspicions.

The head should be packed in dry ice, if possible, and sent by quickest way to Texas State Department of Health, Austin, Texas, with requests for rabies test and return address information. Dog bites about the head or face are much more serious if rabies is contacted, than bites about the extremities, and bites through clothing are less dangerous than those on exposed areas.

Medical attention should be sought after any dog bite to lessen the possibility of rabies and to secure professional advice as to possible rabies preventive measures until diagnosis of the condition of the dog is made.

**IT SAYS HERE:**— Long hair makes a man look either dignified or ridiculous. Which, depends upon whether the hair is on his head or on his coat.

## Panther and Three Kittens Less

A mother cat and three kittens, one kitten on the ground, and the group of hunters responsible for the kill are shown above, left to right, Ruben Keys, Jess Fisher, N. W. Carroll, Ray Brotherton and Jack and Roy Deaton. The predators were taken on the S. L. Stunberg River Ranch near the mouth of San Francisco Canyon last Wednesday morning. The trail was picked up at a fresh kill and the kittens were found in a header canyon nearby. The mother was located in a cave on a bluff in the canyon and after being shot in the shoulder was roped and pulled off a bluff into the midst of 20 hounds which quickly killed her. Though wounded, she was able to knock to dogs off a bluff before being killed. The dogs were recovered. Hunters stated the mother had weaned kittens and guessed her kills to have exceeded 200 sheep since she was an old animal. She measured just under six feet long from tip to tip and was a dark red color.

## CAGE FRAY NETS \$257.35 FOR POLIO; SANDERSON LOSES

The basketball game between the Marfa Shorthorns and the local Eagles last Friday night earned \$257.35 for the local March of Dimes drive and Sanderson showed up on the short end of a 43-41 score. Local basketball fans had pledged varied amounts per point for Sanderson, Marfa or the total score, thus gaining the above sum for the local fund.

It was Sanderson's eighth loss of five wins. Sanderson went out in front in the first quarter 16-7, led by 23-17 at half time and blew their lead in the third period and were unable to stay in front in the final quarter.

Cobos scored 13 of the total points for the Eagles. Marfa swapped the Eagles in the B game 50-16. Graham, high pointer for the Eagles, netted only 6 points.

## Masons To Observe Birthday of Geo. Washington

Members of the Sanderson Masonic Lodge have planned an observance of Washington's birthday on Wednesday, February 22. All area Masons and their families and all members of the Order of Eastern Star and their families are invited to a barbecue supper in the basement of the Masonic Hall at 7:00 Wednesday night. The affair is an annual observance by Masonic bodies of the state, and all Masons are urged to attend.

## BRUSH FIRE EXTINGUISHED TUESDAY NIGHT EARLY

A brush fire along the right-of-way just west of the Sanderson Creek bridge west of town was extinguished early Tuesday night by local volunteer firemen. The fire barely penetrated the pasture on the north side of the highway and no damage resulted.

Mrs. Ben Causey was in Del Rio Saturday for dental work.

## Coming Events

Friday — World Day of Prayer service at Presbyterian Church.  
Monday — Baptist W.M.U., Altar Society.  
Tuesday — O.E.S.  
Wednesday — Rotary Club, 51 Club, Bonhomie Club, Masonic observance of Washington's birthday.  
Thursday — Lions Club, Thursday Club.

## SEAL COATING FOR AREA HIGHWAYS IS APPROVED

Seal coating for highways in this district have been approved and District Engineer R. L. Faltinson of Pecos will receive sealed bids for the proposed work on February 20. Scheduled seal coating in Terrell County includes: From Sanderson Creek Bridge east to 56 miles west of Mofeta; from US 90 north-west to Pecos County line. Also slated for seal coating is 19 miles southeast of Fort Stockton of US 285. The work will be completed some time this summer and is part of proposed 217,258 miles of seal coating slated for highways of this district.

## Dryden News

Mrs. Ruby Kiteley, Mrs. Leo Adams and Mrs. L. G. Hinkle assisted in entertaining the children.

**Promoted to Rank of Captain**  
Mr. and Mrs. E. F. Pierson received word this week that their son, Earl F. Pierson, Jr., of the U. S. Marines, had been promoted to the rank of captain. He is stationed in Quantico, Virginia.

## 1956 Polio Fund Insufficient For Present Expenses

The little plastic containers which have been in local businesses for several weeks to receive donations for the March of Dimes were picked up Monday. The small coins deposited in them swelled the total contributions to the local March of Dimes to \$1,053.16, according to an announcement by Jimmy Caroline, treasurer of the local chapter of the National Foundation for Infantile Paralysis. The local chapter will send half of the fund to the National Foundation and retain the other half in the local treasury. The fund on hand today will pay only a small portion of the bills in the hands of the local treasurer now, it was stated, and the expenditure of all finances in the payment of bills now due, would leave no money in the local fund to take care of any emergency, it was pointed out.

## Special Service For World Day of Prayer On Friday Afternoon

The annual World Day of Prayer will be observed this year on Friday, February 17, the first Friday in Lent. Everyone in the community is invited to attend the special service in the Presbyterian Church at 4:15 p. m. Special music will be featured by a youth choir.

The theme for the day is, "One Flock, One Shepherd," from John 10:16. The purpose is "to give all Christians an opportunity to join in prayer with other Christians around the globe." The first such day of prayer was observed in the United States in 1887. Now it is observed by Christians in 134 countries.

In America alone more than 20,000 communities will hold special services during the day. Gifts received on World Day of Prayer help to provide schools, colleges, hospitals, doctors, nurses, teachers, vacation church schools, pastors, day-care centers, adult classes, mobile clinics, scholarships, and spiritual nurture in America and many foreign lands.

## Pick-Up Returned To Del Rio After Reported Stolen

Local officers held the driver of a pick-up in Sanderson for officers from Val Verde County Wednesday morning after the vehicle was stopped here, according to arresting officers.

A report of a stolen pick-up with the description was phoned to local officers and the arrest was made at 6:00 a. m. Wednesday.

Val Verde County officers came to Sanderson to return the driver and the pick-up.

## B. O. R. T. AUXILIARY MEETS MONDAY AFTERNOON

The auxiliary to the local B. O. R. T. met in the Masonic Hall Monday afternoon in monthly business session.

After adjournment the group went to the home of Mrs. Dick Sullivan where Mrs. L. M. Wooten assisted her in serving apple and spiced cherry pie, ice cream and coffee to nine members including Mrs. A. C. Garner, Ed Robbins, F. G. Grigsby, Jack Laughlin, Irvin Robbins, H. E. Ezelle, D. R. Elrod, Marvin Allen and Weldon Cox.

## METHODISTS TO HAVE BAKE SALE SATURDAY

The Methodist Youth Fellowship is having a bake sale Saturday at the church. The members of the Woman's Society of Christian Service are assisting the young people in the sale.

Beginning at 9:30 Saturday morning, cake, pie, coffee, sandwiches and cold drinks will be available. The cakes and pies may be bought by the slice or whole to be taken home.

## C OF C DIRECTORS OUTLINE GOALS FOR YEAR'S PROJECTS

Terrell County Chamber of Commerce directors planned a full program of activity for the year when they met in regular session at the courthouse here Monday night.

Dudley Harrison, vice-president, of the Chamber, officiated at the beginning of the meeting until the president, Jimmie Caroline, who was delayed several minutes because of business, could arrive.

Ray Hodgkins, secretary-manager, gave a detailed explanation of the revised Workers' Unemployment Insurance Compensation Act and how it affects the employer.

Various committees for the year were named by the president and were approved by the directors present.

Projects listed for the group to plan and work for included: (1) Try to acquire a piece of railroad equipment for permanent erection in Sanderson to depict the closeness of the railroad industry to the town and county and to preserve a relic of railroading for posterity. (2) Investigate the possibility of acquiring additional recreational facilities for Sanderson; make every effort to boost an access road into the southwestern part of the county; and (3) investigate procedure necessary for making application for flood control system in this area.

An intensive membership drive is being planned by the membership committee in the next few weeks.

## Carruthers' Sheep Second In El Paso

The J. W. Carruthers and Sons flock of Rambouillet sheep were bested by the Pierce flock in the El Paso show last week. This is the same outcome as was noted in judging events of the Fort Worth show two weeks ago.

The Pierce and Carruthers stock dominated all places in the Rambouillet judging in both shows.

Places won by the Carruthers' animals were: four to six tooth ram, first; two tooth ram, fourth and fifth; ram lamb, third, fifth and sixth; our to six tooth ewe, second and third; two tooth ewe, third, fifth and sixth; ewe lamb, fourth, fifth and sixth; exhibitors' flock, second; pen of lambs, second; get-of-sire, second.

## Sanderson Wins 53-30 Over Marathon

The Eagles took a non-conference game from the Class B Marathon cagers Tuesday night by a 53-30 score. Roland McDonald led the Eagles in scoring 14 points.

The B game was 27-14 in favor of the locals and the Sanderson girls won 40-37.

## DOG BITES THREE HERE TUESDAY AFTERNOON

Two stray dogs which were roaming the downtown streets on Tuesday afternoon were the cause of some excitement this week.

One of the dogs bit Rev. J. J. Spurlin on the ankle, E. F. Pierson just above the ankle and an itinerant on the ankle. Neither of the victims had severe wounds.

The dogs were caught and killed before the thought of possible rabies in the animals occurred and the heads were then shipped to Austin to see if a trace of rabies could be found.

## Mrs. Kerr Back to Stockton

Mrs. James R. Kerr, who has been undergoing post-polio therapy at the Warm Springs Foundation in Gonzales for the past four months, arrived in Fort Stockton last week-end and is with her parents, Mr. and Mrs. Douglas Adams, and her daughter, Katherine. Mr. Kerr is a student in St. Mary's University School of Law in San Antonio.

**New Truck Station Wagon Has Many Uses**

After a busy work week in normal use, the new Dodge Town Wagon—a truck station wagon—will be used by many owners for hunting, fishing and other recreation on week-ends. It hauls a payload of 1650 pounds or carries eight persons in three seats or six passengers in two seats. Ground clearance permits its use where cars cannot travel.

**Second Graders Give  
P-T.A. Program**

The Sanderson Parent-Teacher Association met Thursday evening in the high school auditorium.

To open the meeting, the Cub Scouts of Pack No. 60 led the audience in the Pledge of Allegiance to the flag, commemorating the 64th birthday of the Boy Scouts of America.

During the business meeting, Mesdames Clarence Jessup, Jack Turner and J. J. Harkins were elected as members of a nominating committee to present a slate of officers for the coming year at the next P-TA meeting.

The pupils of the second grades in the rooms of Mrs. Clarence Jessup and Mrs. H. M. Winston presented the program for the evening. Attention was called to all of the holidays of February in the skits, dances, songs, etc. that made up the forty-five minute program.

The attendance prize was won by Mrs. Jessup's room.

Mr. and Mrs. James R. Harris and baby returned home last week from Peru, Indiana, where they had been with his father who was critically ill for several weeks. Mr. Harris had major surgery and was much improved when they left Peru.

Mr. and Mrs. Charles Matney attended a meeting of the Texas Music Educators Association in Dallas last week-end. Mr. Matney is the local band instructor.

AUSTIN — US Trust and Guaranty creditors can expect first payments about mid-July. Liquidator J. D. Wheeler told the Senate investigating committee.

Liquidation process was set in motion when a Temple firm was appointed to collect notes owed US Automotive Service, a US Trust affiliate.

Insurance Com. Chmn. J. Byron Saunders would not say that Texas is "over the hill" yet with insurance problems. But he did say that companies which pass the solvency test and get licenses after May 31 "will be entitled to public confidence."

If sound management had been instituted, US Trust might have been saved as late as last fall, according to a Dallas CPA who made a partial audit. Felix Elmsohn said he found inadequately trained clerks handling million-dollar operations. He quit his work after refusing to prepare for A. B. Shoemaker, president, a "certified financial statement inconsistent with my evaluation of facts."

Continuing its "clean-up" drive,

**the Insurance Commission:**

1. Granted leaves of absence to four examiners named in a suit alleging conspiracy to commit fraud but indicated they would not be re-employed.
2. Ordered the following companies to "show cause" why their permits should not be revoked: Trans-Mutual Life Insurance Co. of Dallas; American Home Mutual Life Insurance Co. of Dallas; Texas Union County Mutual Insurance Co. of San Antonio; and Merchants National Life Insurance Co. of Denton.
3. Announced plans to cut rates for insuring crops against hail damage.
4. Reminded companies that all advertising of insurance securities must be approved by the commission before publication.

**Hart Back With Governor**

Return of Weldon Hart to his old job as Gov. Shivers' first assistant is causing much speculation.

Hart has been serving as chairman of the Texas Employment Commission since 1953. Before that he was the governor's top political and public relations strategist.

His return to the capitol is variously interpreted as (1) girding for the battle to control the Democratic state convention, (2) priming for new political campaigns, or (3) an aid in clearing up criticism resulting from insurance developments.

**Demo Leaders Exchange Fire**  
Early skirmishes by rival leaders in the Texas Democratic party

indicate a real brawl for state convention control in May.

Executive Committee Chairman George Sandlin charged the Liberals are planning to bolt the convention if they don't win out. He proposed a "winner-take-all" agreement to avoid sending competing delegations to Chicago as in 1952.

Liberals Byron Skelton and Tom Moore Jr. countered with predictions that the "Shivers Executive Committee will control the party machinery, in particular the credentials committee — depriving legally elected delegations of their votes."

As each faction held schools and sent out literature to bolster its strength, the sniping continued. Samples: Conservatives said Liberals were bringing in out-of-state union organizers; Liberals said Conservatives would use machine tactics and tricks.

**Amendments Listed**  
A drawing for positions on the November 6 ballot gives first place to the constitutional amendment providing for financial compensation to prisoners later found innocent of a crime.

Tom Reavley, Secretary of State, conducted the drawing, assisted by Sibyl Dickinson of the same office.

Second on the ballot will be the amendment relating to re-allocation of county funds; third, an amendment broadening the University of Texas investments and the college building program; fourth, one expanding teacher retirement; fifth, a \$1000,000,000 veterans' land bond issue; sixth, revising the constitutional oath of office; seventh, providing waiver of jury trial in lunacy cases; and eighth, authorizing a judge to deny bail in a felony case to a person twice previously convicted of felony.

Because of a legislative error in the context of the ninth amendment, authorizing state aid to the totally disabled, it will have to be voted upon at a special election on November 13.

**'Right-to-Work' Decision Due**  
Texas Supreme Court reports it will make a decision soon on the

validity of Texas "right-to-work" law. Previously the court had set the case aside pending U.S. Supreme Court action on a similar Nebraska case.

An early decision by Texas high court might permit the issues involved to be considered by the federal tribunal before it rules on the Nebraska case.

**Short Skirts**

Gov. Allan Shivers has designated, Feb. 19-25 as Advertising Week in Texas; and Feb. 22 as U.S. Army Reserve Day. . . . Ralph Yarborough took another step toward official announcement of his third-time candidacy for governor. He appointed Roger I. Daily, Houston oil and gas attorney, as his state campaign manager. . . . Atty Gen. John Ben Shepperd asks Congressional enactment of a law limiting appeal of state criminal cases to federal courts. Texas U. S. Senators and the organizations for attorneys general and chief justices, back the plan on the grounds it would save money, prevent appeals for "frivolous" reasons. . . . A statewide drive to get the legislature to adopt an interposition resolution, to preserve segregation.

has been launched by the Association of Texas Citizens Councils. Attorney General Shepperd gave cautious encouragement to a delegation which sought his help. He termed interposition the state's "last line of defense" against federal encroachment. . . . D. Wheeler, state insurance liquidator, reports that money collected, plus money previously on hand, for insurance firms in liquidation, totaled \$1,474,921 in 1955. Payments to creditors of these firms amounted to \$844,320. Expenses of liquidation were \$367,850. Cash on hand at the end of the year was \$639,600. . . . An unlicensed driver is two and one half times as likely to cause an accident as one with a license, says Homer Garrison, Jr., director of the Department of Public Safety. "Chances are strong that he is an irresponsible person if he is driving without a license," Garrison added. . . . Rep. Waggoner Carr of Lubbock, with pledges of a clear majority of present members of the House, has no opponent for Speaker of the 55th Legislature.

**She Knew It All The Time**

Chances are, long ago your grandma knew how to keep you from catching cold. Mine did. "Stay out of drafts," she'd warn. "Bundle up. Don't get wet."

Then, maybe, when you grew up you found that the old lady's theories were considered old-fashioned. Germs were the thing — and the way to avoid a cold was to avoid infection by somebody who already had one.

Now I read where scientists aren't so sure. Germs carry a cold, of course, but they now believe something else "sets it off" — something like drafts, wet feet

or going without your muffler. Grandma, take a bow!

From where I sit, there's liable to be sound reasoning behind the old customs people believe in. "Early to bed, early to rise," for instance — or the practice of drinking hot milk or a glass of beer at bedtime. I'm not saying you ought to hold with these beliefs yourself . . . but you'd better get the facts before giving them the "chill."

## PROJECT IN CITIZENSHIP

The Junior Chamber of Commerce in Arkansas is one of the outstanding young men's organizations in the nation. There are Jaycee groups in most Arkansas cities, and their community, state-wide and national projects have added much to the progress and welfare of our people. Several of their projects have brought national honors. A few years ago, William Shepherd, an Arkansas Jaycee, was president of the U. S. Junior Chamber of Commerce. Other Arkansas Jaycees are perennially holding high national offices.

For the year 1936, the Arkansas Jaycees have selected as a state-wide project a study of the Hoover Commission report on the operation of our federal government, and the active support of all the report's recommendations which the Jaycees find to be good for the nation. They couldn't have picked a more worthwhile project. If they follow through on it as intelligently and conscientiously as they have carried out other projects, they will have made a valuable contribution to the nation's welfare.

**Disruptive Forces Identified**  
There are many forces working today for the destruction of our government and our way of life. Communism is one force, with an expanding empire already enslaving 40 per cent of the world's people, with its Fifth Column in America, its hordes of fellow travelers, and its unwitting dupes who run into the millions when we count ignorance as a betrayal of citizenship. Socialism is another force dedicated to the destruction of our Republic. It is a twin with Communism. It is much more attractive to ignorance than is Communism; for with its false face on, it holds up a potent appeal to those seeking something for nothing in a "decent" way.

A third force, working somewhat blindly but leading nevertheless toward destruction, is political demagoguery. In some ways it is the worst. It is native in character and the intelligent people of America, because of their apathy, have permitted it to grow up and spellbind millions. It is degrading to the whole nation's morality.

## Political Announcements

Wherever demagoguery prevails ignorance becomes frozen and individual freedom ultimately is killed. Demagoguery has as its appeal to ignorance the pipe-dream — "We can get you something for nothing."

## Ignorance Begets Slavery

Thomas Jefferson was not distinguished as a poet, but occasionally he put some of his greatest wisdom into rhyme. He felt strongly about the liability of ignorance on freedom. Here is the way Jefferson put it: "If a nation expects to be ignorant and free, it expects what never was and never will be." And Emerson, the writer-philosopher, wrote: "A nation never falls but by suicide."

And, you may ask, what has all this to do with the Hoover report on governmental reorganization and the Jaycees? Just this: In our world today it is suicidal to be ignorant of the philosophy and the menace of Communism; suicidal to be ignorant of the record of Socialism and of its cunning masquerades; suicidal to be ignorant of the true character of demagoguery; and, lastly, suicidal for our American citizenry to be ignorant of what's going on in their government — at local state and national level.

## The Challenge

Unless a sufficient number of informed citizens begin taking a more active part in the formation and operation of their government, that government will fall prey to, first, the demagogues; and then the dictators. On the other hand, if enough of us will adequately inform ourselves on the political and economic facts of life today — worldwide and at home — and strengthen our government by intelligent and unselfish participation in it, the American nation will not be destroyed; and Socialism, Communism and demagoguery will suffer defeat.

Any citizen can intelligently and unselfishly participate in his government by spending two cents for a post card and telling his representative in Congress, in the State legislature and in the county courthouse why he should take this or that action. But first he must know why.
