## STEN TO LUKE

It wouldn't be fair to my readers if I were to tell them that I had been on my mind for the past week.

I have had the trouble of suffering from a tooth extraction, and after a tooth extraction, many other conflicting incidents to occupy what little thinking might normally be capable of.

Nevertheless, space has to be made and this column is part of the newspaper and something must be done to give up the job.

I was inclined to discuss the politics of the office of the mayor of Texas.

I have thought for some time that the present governor has done a good job in Austin. We are willing to admit that he had our support for the office on three occasions.

But we feel that if he answers this year for re-election he will be terribly disappointed in the final count of votes. Not votes for him nor his past administration, but the people will feel that he does seek re-election.

Year it will be for only one year, and that is to show the position that he can win again.

When there is an Austin attorney who has been defeated on two occasions for the office, and he might be persuaded to run again. If people of Texas told him "no" we see no good reason for chattering up the mess by putting his name on the ballot for a try.

My columnist has no intention of trying to pick the man for the job as a starter let's have some votes on there that will be a little different for a change. We believe there are many good men in Texas who are well qualified for the office of governor.

When we have all this talk about the position. Some of the talk is on the streets would lead to believe that to consider such a man would be next to treason or rebellion. Of course the word has a meaning unless study is made of the significance and intent of the doctrine.

Some say that the doctrine is old and outmoded. It is then our Constitution is of date also.

At the time has come when the states must protect their sovereignty or else yield the right to sovereign states and submit to rapid encroachment on states by the Federal government.

Centralized government, with recognizing the sovereign rights is as much against American way of life as is a complete Socialistic form of government.

Attorney General John B. Egan has said: "Interposition is an action on behalf of a state to protect the state and its people from invasion of a federal power of the State by the federal government. The people of the States as States created a federal government and delegated its powers. All others were reserved to the States.

To preserve this system certain checks and balances were established. Interposition serves as a check and balance of reserved powers."

Are we trying anything that curbs the centralized power of the federal government?

HALT BLAZE DOES LITTLE DAMAGE MONDAY

Bobby Hatchel held the birthday cake.

Various important people in our history who were born in February were impersonated by the Scouts of Mrs. W. E. Stavley's den, including Clyde Whistler, David Hardgrave, Jon Stavley, Larry Thompson and Buddy Moore.

An automotive charade was presented by the boys in Mrs. I. B. Rusk's den including Tommy Turner, David Rusk, Don Cowan, Tommy Hodgkins, and John Cates assisted by Mrs. W. R. Turner and Mrs. Floyd Cowan.

Two hatchets were crossed on lemon leaves and with red, white and blue ribbons formed the centerpiece on the serving table. Coffee, red punch and cookies were served to the 37 guests present, including the relatives of the Cub Scouts, five den mothers, and members of the Lions Club. The birthday cake was in the traditional colors of blue and gold.

Marion Batson, Lions Club president, presented the awards as follows: Wolf Badge to Leslie Thompson, Gold Arrow to Tommy Hodgkins, Gold and Silver Arrows to Tommy Turner, Silver Arrows to Jack Bogusch, Bobby Hatchel, David Rusk, Lewis Welch, Don Cowan, Larry Thompson, Mike Wood, Jon Stavley, Buddy Moore, Clyde Whistler, Roy Deaton, Al Word, Ed Robbins and Charles Fletcher in the den of Mrs. James Word are now Lion Scouts.

THOUGHT FOR THE WEEK: "Therefore all things whatsoever ye would that men should do to you, do ye even so to them: for this is the law and the prophets." —Matt. 7:12

No man can be a real man and disrespect the feelings and rights of his neighbor. The measure of a truly great man is the courtesy with which he treats those who are under him. There is a law of kindness that is contagious.

—H. B. DEAN

Visitors will be able to observe test pens of cattle and their records and hear outstanding beef cattle research men headed by Dr. Charles Kincaid of Knoxville, Tennessee during the morning, said A. A. Melton, acting superintendent of the experiment station.

The sale sponsored by the Highland Hereford Breeders Association will begin at 1:30 p. m.

The first performance tests of cattle by an experiment station in cooperation with ranchmen is credited with having begun at the Balmorhea station. From the tests a new phase of beef production has begun.

Forty bulls and five heifers have been consigned to the sale, added J. W. White, Jr., of Marfa, and president of the Highland Hereford Breeders Association. They have been fed a bulky growing ration and are ready for range use.

Ability to grow rapidly is one of the important characteristics in beef cattle, Mr. White continued. Animals to be sold represent the outgrowth of years of breeding and improvement. Among the breeders with cattle on test is N. M. Mitchell of Sanderson.

Premium Prices Paid For Two Local Wool Clips

Premium prices were paid for two choice Terrell County wool clips last week by buyers for Emery, Russell, and Goodrich of Boston.

The wool sold by the Sanderson Wool and Mohair Company and the Western Wool and Mohair Company of Menard brought from 50c to 55 1/2c per pound. It was described as 10 to 12-month fleeces, light shrinking, and far above the average.

The Emery buyers in Texas, Jackson Hughes and Earnest G. Woodward of San Angelo and Alister Dishman of Del Rio, paid the top price of 55 1/2c for the Rambouillet clip of 22,000 pounds owned by Sid Harkins.

Herman Couch's Big Canyon ranch clip of around 32,000 pounds of 10-month wool, sold in a sealed bid sale at Menard to E. G. Woodward, brought 58 1-8 cents per pound. It was a similar type wool called "very nice."

At a meeting of the Band Boosters club this week, it was decided that the trip will be financed in part by the school, by the Band Boosters, and by contributions from interested persons. Anyone desiring to contribute to the fund is requested to contact Supt. Matt Eader, band director Charles Matney, or Mrs. Herbert Brown, president of the Band Boosters.

There will be approximately fifty band students making the three day trip.

AUSTIN — Texans will hear a lot about "interposition" during the next few months.

Gov. Allan Shivers has asked the Democratic State Executive Committee to consider placing on the July ballot a referendum on "interposition."

"Interposition" as it is being used in this case means "to stand between." And the Federal Government's interference with States Rights is what Governor Shivers refers to. He seeks to place the Texas Legislature between the people of Texas and "the abnormal extension of power by the Federal Government in all its branches Legislative, Executive and Judicial."

Shivers contends that certain rulings are beyond the power of the court. Therefore the referendum to be voted on in July would be a declaration by the people of Texas that US Supreme Court de-

isions on such matters as the Tidelands, integration and the Federal Power Commission's control over gas are inapplicable because they go beyond Federal jurisdiction.

If approved by the people, the referendum would be a mandate to the Legislature for them to vote for submission of a federal constitutional amendment firming up and defining State Sovereignty.

While other states are using interposition in a negative fashion, Shivers plans to use it in a positive way to protect the state's rights. He is strongly opposed to the extension of power by the Federal Government at the expense of state and local governments.

"Interposition" will be an often used word during the coming months. People who do not like the idea say it is "nullification." Shivers contends he is opposed to nullification as being contrary to truly constitutional government.

VETERANS' LAND SALES will be courthouse news again in Austin, come March 6. That's when the trial scheduled for B. R. Sheffield, Brady land promoter and one time business associate of former Land Commissioner Bascom Giles, will be held.

Sheffield has summoned 131 witnesses, including Governor Shivers, Atty. Gen. John Ben Shepperd, and Land Commissioner J. Earl Ruder. Also John Osorio, aide to Shiv-

ers; Robert S. Trotti, former first assistant attorney general; and Homer Garrison, director of public safety.

Sheffield is charged with theft of state funds in connection with a Kinney County land deal.

TEXAS POLITICS heated up ahead of season when Governor Shivers announced that he might run for a fourth term. It is the closest he has come to saying yes. This news quickly eclipsed an earlier statement by Sen. Jimmy Phillips of Angleton that he was withdrawing from the race for governor for lack of campaign funds. A later announcement by Shivers was that he would reveal his political plans for 1956 on March 1.

U.S. Sen. Price Daniel said that Shivers' decision, which ever way it went, would in no way affect his own decision about becoming a gubernatorial candidate. His announcement awaits disposal of farm legislation now pending in Congress, and is expected by mid-March.

MORRIS BROWNLEE of Houston is replacing Garland Smith on the insurance commission. Until a few weeks ago Brownlee was executive vice president of Continental American Life Insurance Co. of Houston.

J. Byron Saunders, chairman of the insurance commission, reports that one of the largest insurance firms, Lloyds of London, has agreed to pay the state an estimated \$1,500,000 in premium taxes.

Although not admitted to do business directly in Texas, Lloyds writes surplus insurance where amounts involved are too big for any admitted company to handle alone. Bills to tax such surplus insurance have repeatedly failed to pass the legislature.

Two mutual companies were placed in receivership after their permits were revoked by the insurance commission. They were American Home Mutual and Trans-County Mutual, both of Dallas.

STATE AUDITOR C. H. CAVNESS reports errors and irregularities in the records of Texas Southern University at Houston. TSU is

a state-supported college for negroes.

Cavness said there was a shortage of more than \$5,000 in the bookstore inventory which "may or may not" be connected with a \$2,976 overage in the general store-room inventory.

"Texas Southern is among the most crowded of Texas' state-supported institutions of higher learning," according to the auditor's report. He said he did not believe the staff was adequate to keep proper records.

RESIGNATION of Federal Attorney Lonny F. Zweiner to join the state attorney general's staff leaves Austin without a federal prosecutor. U.S. District Attorney Russell Wine of San Antonio said Zweiner would not be replaced.

APPEAL of the Upshur Co. Rural Electric Cooperative, from a Travis County court decision in favor of the state "on relation of Southwestern Gas & Electric Co." was argued in Third Civil Appeals Court. Former Gov. Dan Moody was among counsel for the cooperative. Spokesmen for the co-op said the trial decision, unless reversed, would destroy all electric cooperatives.

At issue was the right of the Upshur County co-op to continue serving customers taken into the city of Gilmer by annexation. A controversial point is application of the law that co-ops may not serve rural customers where private utilities have facilities available to furnish the service.

AN AFL TEAMSTERS UNION official, Raymond C. Shafer, business manager for the Union's Local 657, was arrested by Texas Rangers and charged with playing a role in the August, 1954 bombing

of an Austin warehouse during a labor dispute. The Austin Fireproof Warehouse was being picketed by the Teamsters Union at the time of the explosion. Shafer also faces charges in connection with a bombing in San Antonio in 1955.

PAUL K. WAKEFIELD, former state selective service director, has been promoted to major general in the Texas National Guard by Gov. Shivers. Wakefield also was presented the U.S. Army citation of Merit. This by Major Douglas C. Fritchett, personal representative of Major General Lewis B. Hershey, national director of Selective Service. Wakefield resigned from the selective service post last September.

R. L. WHELOCK, Corsicana independent oil and gas producer and rancher, has been appointed to the Good Neighbor Commission. Governor Shivers named Wheelock to succeed Neville G. Penrose of Fort Worth who resigned a term that was to run until June 19, 1957, to become a member of the International Good Neighbor Council.

WILLIAM J. HARDING is the new public relations director for the Texas Insurance Advisory Association. He was editor of the

Texas State Teachers Association magazine. He succeeds Jack Maguire, now executive secretary of the UT Ex-Students Association.

Mrs. S. J. Burchett returned home Friday from Kerrville where she had spent several days with her father who is hospitalized in that city for treatment for the relief of arthritis.

Mr. and Mrs. Wayland Myers and children of San Angelo spent the week-end on the ranch with her sister, Mrs. F. M. Wood, and family.

Mike Wood sprained his arm in a fall from his horse Sunday while riding at the ranch.

Mr. and Mrs. Mueller and of Minnesota and Mrs. J. R. M. ten of Crowley, La., visited Mr. and Mrs. K. H. Stutes family Wednesday when they came through Sanderson en route to their homes.

Bustin Canon is reported to continue to improve this week and postponed his trip to Houston for a medical check-up for the present.

**Do-It-Whose-Self?**

Monk McCarthy's almost as good at publicity stunts as he is at servicing and repairing cars—which is pretty darned good.

His latest gimmick is a hand-bill titled: "Do-It-Yourselfers! Why Not Grease Your Own Car?"

Then he follows with two paragraphs about all the greases you'll need—the full set of wrenches, spray gun, grease gun, four jacks—the ability to work flat on your back with a face full of goo. And at the very end there's this line: "Or, if that's too much trouble, we'll do the job for 75¢."
