## FREEZING WEATHER HITS TUESDAY NIGHT

Freezing weather hit the local area Tuesday night with temperatures ranging in the mid-20s and continuing freezing Wednesday morning. The cold spell was heralded by a norther which blew up Tuesday afternoon from a cold wave that was gripping all of the country to the north and east. The skies have been practically free of clouds this week with light wisps noted very high.

## Flexible Rating Law For Insurance Would Benefit Careful Driver

Austin — A bill that would permit companies to charge lower automobile insurance rates has been introduced in the Texas Legislature by Senator Jarrard Seccrest of Bell County. This would be possible when, as the legislation proposes, a flexible rating system is substituted for the present antiquatedly single or uniform rating system for determining rates for surety and casualty (including automobile) insurance. "Many companies now are in a position to charge lower rates for insurance, but are not permitted to do so because the State Board of Insurance Commissioners must under the present law name the same rate for all companies," the senator explained.

## C of C Banquet Thursday Night

Committees in charge of arrangements for the Terrell County Chamber of Commerce banquet announce that plans have been completed for the annual event. The banquet will be served by Mrs. Dalton Hogg. Clyde Griffith will act as master of ceremonies for the occasion and will introduce new directors for the Chamber and will also introduce Maurice Bullock of Fort Stockton, past president of the Texas Bar Association and prominent West Texas attorney, who will deliver the after-dinner address. The Rhythm Rackers will furnish a musical interlude during the banquet. The committee is making plans for a crowd of approximately 125.

## Railroad Taxes Are \$23,908.00 for County

Texas railroads paid \$23,908.00 in taxes to Terrell County according to the Texas Railroad Association. That amount was Terrell County's share of \$9,244,570.00 the railroads paid throughout the state. The largest railroad contribution in Terrell County was for the support of education. The school tax for 1955 totaled \$13,606.00. The share of the county government's operating expenses paid for by the railroad totaled \$6,896. The road and bridge fund gained \$3,183 from the railroad in 1955. All other taxes brought the total for Terrell County to \$23,908.00. "I am glad to note that nearly half of the taxes paid by the railroads, \$4,161,052, went for the support of Texas schools," said Kenneth McCalla, general counsel for the Association. "Now, more than ever, the future of our country depends upon the education of our youth. Many of our railroads recognize this fact and, in addition to contributing toward education with tax money, have made numerous scholarships available."

## Junior Cagers Beat Alpine Teams

The Junior A and B teams won over their Alpine opponents in a twin bill here Wednesday night. The Alpine Centennial School boys were the guests. In the B game Buddy Joe Hahn was high point man with 12 points in the 31-10 score. Other boys on the team were Thomas Lozano, Billy Stavley, Felix Valles, Urbano Martinez, Gary Clay, Jimmy Jones, Silverio Villegas, Scoopie Harrell and Bobby Littleton. In the A game Sanderson won 41-24 with Bill Dunn receiving the high point honors. He was aided by Alberto Escamilla, Herman Fuentes, Celestino Fuentes, and Dee Gray. In both games the local boys held the lead continually and the defensive play of the Eagles prevented much scoring by the opponents. The Eaglets controlled the back board constantly.

## Mrs. J. Y. Bowman Dies In El Paso

Funeral services were held in El Paso last Thursday morning for Mrs. J. Y. Bowman, 75, who died in an El Paso hospital Tuesday. She had been in failing health for several months and had been hospitalized since December 11 with a heart ailment. The body was interred in El Paso. Mrs. Bowman had been a resident of El Paso for 11 years. Rev. Bowman is a former pastor of the local Methodist Church. Besides her husband, she is survived by a son, Jessie Y. Bowman, of Cocoa Beach, Fla., and a daughter, Mrs. L. S. Allen, of Grand Prairie, Texas.

## Trans-Pecos Area Abounds In New Source for Cortisone

A plant that has been found to yield substances that can be converted to cortisone is more prevalent in the Trans-Pecos and Big Bend area than any place in the United States. That fact has been established by chemists who have been devoting years of research to the project. Dr. James W. Dollahite of the West Texas Animal Disease Investigation Laboratories, says the Big Bend is the home of agave lechuguilla — a plant which has been labeled by scientists of the U.S. Department of Agriculture as the most promising native plant yet found to contain substances that can be used in cortisone, a drug widely used for the treatment of arthritis, inflammatory eye diseases, asthma, and other painful ailments. Dr. Dollahite said that the original research on the project was done by Dr. Frank Matthews, who was formerly in charge of the laboratory work in Marfa. "Ranch land in this particular area is almost solid with the plant," Dollahite said, "and the ranchers are always glad to rid their country of it as it is poisonous to sheep, goats, and cattle which are likely to feed on it especially in times of drought as it is a green plant." Chemists of the USDA's Agricultural Research Service have discovered in the plant a substance known as smilagenin — from which cortisone can be made by chemical means. Although higher yielding plant-sources of cortisone drugs have been found, this one is potentially important because it grows in such profusion within the nation's borders. The possible use for this unwanted plant is of particular interest to Texans for it covers thousands of square miles in far West Texas. The scientist said, "If agave proves to be an economical source of cortisone, harvesting it may lead to recovery of land now ruined by this weed." They pointed out that the plant may also provide an emergency source of cordage fibre — normally imported — used in making rope and cord. Plant hunters have searched remote areas of the Americas, India and parts of Africa for plants containing substances from which cortisone and other medicals can be made. More than 2,000 species of plants have been shipped for chemical analysis and trial cultivation in the United States.

## Funds Depleted In Treasury Of Fire Department

The funds for operating and maintaining the Sanderson Volunteer Fire Department are completely depleted, according to W. J. Ferguson, Jr., treasurer of the organization. The statement was made to prelude an announcement of plans of the organization for a drive for funds for maintaining and operating the fire-fighting units. Some new equipment is needed and funds are also needed to install a suitable siren-warning system that will be available 24 hours a day to alert firemen and citizens in case of fire. W. W. Sudduth, fire chief, stated that additional chemicals were needed immediately, and that the organization could use some more hose. The tires on the Dodge truck have been used since the unit was bought and should be replaced, Sudduth added.

## Hospital Births Rate Increases Over Past Decade

Austin — In 1956, the ratio of hospital births to home births has more than doubled in the past 10 years, according to Texas State Department of Health statistics. Live birth hospital deliveries increased from 42.4 per cent to 90.1 per cent during the period of Texas' greatest growth. Also, the ratio of 1956 live births to deaths in Texas was well over three to one, while statistics 15 years ago indicate the ratio was only slightly in excess of two births per death. Baby's chances of surviving the first year of life has more than doubled since 1940. Mother, too, has reaped even greater medical benefits. Fifteen years ago, the risk of death at childbirth was nine times greater than it is today. Dr. Henry A. Holle, commissioner of Health, announced that the reporting of births and deaths and the percentage completeness of registration to the Vital Statistics Division of the Health Department was greater than ever before in Texas history. In addition, Dr. Holle pointed out that the actual records received were more complete and correct than ever before. By contrast, in years gone by, birth records received in the department would often omit the name of the infant. Death records were often incomplete, especially in the early days of state record keeping. Don Carroll, director of the Division of Vital Statistics, gave much credit for the increased accuracy to local registration officials. "Without a doubt, 1956 records show that births are on the increase, death rates on the decrease and Texans are healthier than ever," Carroll said. But just in case the trend should ever reverse itself, the Vital Statistics Division's improved techniques and vigilance will serve early warning.

## Sanderson Loses To Stockton Quintet

The Sanderson Eagles lost a practice game to the Fort Stockton Panthers Saturday night in that city by the lopsided score of 54-38. Sanderson led at the end of the first quarter 13-12 but went behind during the second inning by 23-17 which was increased to a 37-29 lead by the Panthers in the third frame. Irvin Robbins led the locals in points with 12 and David Graham hit for 11 points. Fort Stockton also won a one-sided B game by 48-23. Don Little was top netter with 7 points. The next home game for the Eagles will be on January 22 with the powerful Big Lake cagers as competition. The juniors have played their last scheduled home game. The Eagle girls will meet Marfa here on February 8 in their next home game.

## Coming Events

Friday, January 18 — Official visit of Deputy Grand Matron to O.E.S. Chapter. Saturday — Annual F.F.A. livestock show. Monday — Baptist W.M.U., Altar Society Methodist W.S.C.S. Tuesday — Tuesday Club Wednesday — Rotary Club, Bonhomie Club, '51 Club. Thursday — Lions Club

## F.F.A. Show Slated Saturday At Local Wool Warehouse

The Sanderson F.F.A. Chapter's annual livestock show plans are in readiness, according to Gene Nelson, chapter advisor and vocational agriculture teacher in the local high school. Judging will begin at 9:30 Saturday morning with breeding sheep going before the judge first. The Junior F.F.A. stock will be judged beginning at 10:30. A barbecue dinner will be served beginning at 12 noon with prices at \$1 per plate for adults and 50c per plate for children under 12. The Sanderson Lions Club members will serve the dinner and furnish the salads; F.F.A. mothers will furnish the cakes and the F.F.A. chapter will furnish the meat and other trimmings. The dinner will be served in the Sanderson Wool Commission Co. warehouse, which is also the site of the show. The Senior F.F.A. Show will begin at 1 p.m. and is the final event of the show. Tommy Tatum, Val Verde County Agent and former V.A. teacher here, will judge the show. All local residents are urged to attend the show and barbecue and view the fat lamb and breeding sheep projects of the boys of the F.F.A. Chapter. Feeding projects of chickens and pigs will also be on display. Boys who will have entries in the show are Arturo Arredondo, Homer Barrera, Celestino Barron, Eugene Barron, Ramon Cardenas, Richard Carroll, Macario Castellano, Sostenes Chalambaga, David Clay, Armando Gutierrez, J. T. Herring, Charles Holt, Andrew Marquez, Buddy Monroe, Butch Stavley, Frankie Turner, Gilbert Vasquez, Eddie Wagner, Marion Wilson. Raymond Elrod, David Graham, Pedro Hernandez, Jimmy Zepeda, Joe Causey, Philip Eggleston, Rene Esqueda, Eddie Hanson, Dennie McQuade, Malone Mitchell, Jr., Jerry Monroe, W. D. O'Bryant, Joe Pena, Willie Pena, Rojelio Rodriguez, Weldon Werneking, Bob Fisher, Charles Fletcher, G. C. Eggleston, Johnny Hogg, Bob Littleton, Billy Stavley, and Dale Turner.

## Second Semester For Local Schools Begun on Monday

Monday marked the beginning of the second semester of the current school year for the Sanderson schools. The only change in the faculty was the hiring of W. H. Goldwire to replace Miss Mary Ferguson who resigned to accept employment in Washington, D.C., in the Army Institute of Research. There has been a slight increase noted in the enrollment since the beginning of the school year with the largest increase in the second and third grades. The next scheduled holidays for the schools are March 7 and 8 when there will be a meeting of the El Paso District of the Texas State Teachers' Association. The Easter holidays are the only other holidays scheduled for this semester.

## Nance Exploration Crew Here For Gulf

The Nance Exploration Co. crew of 15 men arrived in Sanderson this week and have established offices in the Brown Building west of the Princess Theatre. The crew is headed by N. E. Stephens, party chief, and includes assistant party chief S. W. Johnson; R. C. Hawkins, surveyor; C. L. Womack, observer; L. A. Pugh, and C. F. Clame, drillers; J. S. Gilstrap, supervisor; W. J. Evans, P. Panos, W. D. Laird, J. M. Walden, M. H. Weed, Harold Griffin, J. A. Allison, and W. G. Roy. The party, a seismograph crew, is contracting for Gulf Production Co. Work was started the first of the week in the field.

## Early Tax Filing Can Aid Payer

How important is early filing of your 1956 income tax return? Sam Haslam gave several reasons in Del Rio this week why it's important to settle up early with Uncle Sam. "We have found that late filers make more mistakes on their returns than those who file early. It may be because assistance is harder to get the nearer April 15 approaches, or maybe it is just a case of haste makes waste." Mr. Haslam also said that the Revenue Service would make fewer errors if returns could be spread out over the three months of January, February, and March, rather than have them all dumped in on April 15.

## IT SAYS HERE:—

Worry kills more people than work, because more people worry than work.

## 710 Poll Taxes Paid By Local Voters

Terrell County residents are not paying their poll taxes very rapidly, according to Mrs. Tol Murray, deputy tax collector. Only 710 poll taxes have been paid to date and usually there are between 700 and 1,000 eligible voters in the county. This year is considered an off-election year, but in all probability a special election will be called in the near future to name a U.S. Senator and there is never any way of determining the number of elections that may be called aside from the regularly scheduled elections which will include the naming of a school board member this year. Anyone between the ages of 21 and 60, residing in the state of Texas, must have a poll tax receipt in order to vote. January 31 is the last day for the paying of poll taxes and citizens are urged to not wait until the last few days of the month to pay the tax.

## Eagles Lose Tilt With Iran Five

The Sanderson Eagles cagers dropped their first conference basketball game when they played in Iran Tuesday night. The score ended 60-41. Sanderson defense held the Braves to 13 points in the first period, and led 25-24 at half time. Nineteen of the 25 points for the Braves were made from the free-throw line, the Eagles' defense holding them to three field goals. The Braves broke loose in the second half and led the game the rest of the way. Roland McDonald and David Graham each hit the basket for 14 points for high point honors for the locals. Iran also took the B game in at 53-52 score. J. T. Herring and Aionzo Rodriguez were high-pointers for the Eagles in the B game.

## Pvt. Ramon Escamilla Training In Germany

U.S. Forces, Germany — Army Pvt. Ramon P. Escamilla, son of Mr. and Mrs. Manuel Postas, Sanderson, recently participated with the 8th Infantry Division in "War Hawk", a two-week field training exercise in Germany. Escamilla, a rifleman in Co. F. of the division's 13th regiment, entered the army in February, 1956, and received basic training at Ft. Carson, Colorado. He arrived in Europe in August, 1956. The 22-year-old soldier attended Sanderson High School.

THE SANDERSON TIMES

Entered at Post Office in Sanderson, Texas, July 22, 1908, as second class mailing matter, under Act of Congress March 8, 1879. Published Every Thursday at Sanderson, Terrell County, Texas.

Subscription Rates (To be paid in advance) One Year - \$2.50 Six Months - \$1.50

By VERN SANFORD Texas Press Association

Austin - Texas' 55th Legislature is down to business with a "first things first" agenda.

House members agreed to Speaker Waggoner Carr's plea to give top priority to appropriations. A \$2,000,000,000 appropriation bill is proposed by the Legislative Budget Board. It would require no new taxes. But it does not include such strongly-backed items as the pay raise for teachers.

A host of other controversial problems will be pushing for attention. Among them:

1. Long-range, state-wide water conservation. Sen. George Park-

Dessert-Bridge in Griffith Home For Wednesday Club

The meeting of the Wednesday Bridge Club, which was postponed to Thursday of last week, was in the home of Mrs. Clyde Griffith.

A dessert plate was served with tea and coffee before the card games. Siam prizes were held by Mrs. Herbert Brown and Mrs. J. T. Williams, with the latter also winning second high prize. Mrs. James Kerr was high and Mrs. W. R. Stumberg was low.

Additional guests were Misses W. W. Sudduth, Bustin Canon, E. J. Hanson, and F. M. Wood.

Junior GAs Meet Tuesday

The Junior GAs of the First Baptist Church met Tuesday afternoon. Francie Wilson called the meeting to order. Barbara Cater called the roll and read the minutes.

The regular meeting was followed by "Forward Steps".

Those present were Mrs. Carlton Smith, Gerry Brown, Barbara Cates, Francie Wilson, Nancy Eggleston, and Linda Babb.

Up from \$9 to \$10 a day in the House, and from \$12 to \$14 in the Senate. Both are paid seven days a week.

Citizen Shivers

Gov. Allan Shivers stepped out of the Capitol into multiple private business activities.

He will continue to live in Austin where he will serve as chairman of the board of Western Pipe-Lines, Inc. and will also oversee his farm and ranch property at Woodville and the Shary Estate in the Valley.

His family moved from the mansion to a large rental home while remodeling of their next home, the 100-year-old Pease Mansion, is completed.

In his farewell address to the Legislature, Gov. Shivers urged an unemotional approach to segregation problems. He gave his backing to a primary in the special senatorial election.

Methodist W.S.C.S. Meets for Study

Fourteen members of the Methodist Woman's Society of Christian Service met in Fellowship Hall Monday afternoon for the second lesson in the current mission study book, "Youth in a Responsible Society". The course is being taught by Mrs. L. G. Hinkle.

Those present were Mrs. J. A. Willshire, Clyde Higgins, A. B. Guter, H. C. Goldwire, L. H. Gilbreath, John Neal, C. H. White, W. T. Attaway, H. E. Ezone, M. W. Duncan, Lewis Hill, Ida Bodkin, and Miss Eva Billings.

Office Supplies at The Times.

PERSONALS

Mrs. L. A. Rippey of Glenwood Springs, Colo., arrived Tuesday to visit with her cousin, Mrs. H. C. Goldwire, and family.

Mr. and Mrs. Otto Hagelgans, Jr., have returned to Sanderson from San Antonio and are residing at the Muller Courts.

Mrs. S. J. Burchett returned home Monday from Alpine where she had major surgery nine days ago. She is recovering satisfactorily at her home.

Word was received Tuesday from M. B. Wilson, who has been visiting relatives in Houston, that he had been hospitalized there with a stomach disorder. He is recovering satisfactorily and is expected home soon.

Mr. and Mrs. Robert C. Ham and two sons have moved from the Laughlin garage apartment to the Johnson garage apartment.

Mr. and Mrs. A. A. Shelton returned home Tuesday from San Antonio where they had their eyes checked.

Mr. and Mrs. Robert C. Ham and two sons have moved from the Laughlin garage apartment to the Johnson garage apartment. Mr. Cunningham, assistant trainmaster for the T. R. Arrington left Wednesday for Houston where he will have a medical check-up.

Polio Vaccinations By Adults Lag

Austin — Quickening concern over lagging polio vaccinations was in evidence this week as state health authorities reported just slightly over 10 per cent of the Texas population under 20 years of age has received the full course of three shots.

"And the start of the 1957 season is just a brief three months away," the state health commissioner said.

The polio season usually begins in mid-April in Texas.

Dr. Henry A. Holle predicted the relative number of cases in teenagers and young adults would steadily increase because many persons in these age groups discount the possibility of falling victim to the disease and thereby fail to take the protective shots.

"The facts are that about 29 per cent of all polio cases last year occurred among persons over 15 years old," the commissioner said. "Moreover polio among persons of these ages is more highly fatal than it is in younger cases."

Dr. Holle said "fair" progress

has been made in vaccinating infants and youngsters of grade school age, but that unless high school and college students quickly avail themselves of protection through vaccination, "the heaviest percentages of future cases will affect them."

He said the vaccine is now in plentiful supply, "but it doesn't do any good in the bottle." National vaccine supply sources have indicated that enough of the protective fluid is on hand to vaccinate everyone desiring it, regardless of age.

As the year ended, a total of 732 cases of polio in its paralytic form had been registered in Texas for 1956. Of that number only 48 cases were reported as having received at least one shot. Only two had received all three shots.

Dr. Holle also appealed to parents of children who had received one or two shots to be sure the youngsters completed the third shot on schedule.

"The vaccine may give over 90 per cent protection when all three shots are administered as recommended,"

The recommended sequence calls

for the second shot to be given a month after the first, and the third shot seven months after the second.

The commissioner called for a concerted drive throughout the state to get "all Texans — from infancy to maturity and beyond" to begin the three-shot series at once.

"It is a major medical miracle that so many people have been vaccinated in such a short time, but we cannot rest on that laurel with less than 10 per cent of the job done and with another polio season coming up," the commissioner concluded.

Aliens Reminded Of Registration Deadline

Marcus T. Neely, District Director of the Immigration and Naturalization Service, said this week that aliens in West Texas have only two more weeks in which to comply with the Federal law requiring that aliens report their address to the government during January of each year.

The Immigration official urged all aliens who have not yet complied with the law to go as soon as possible to the nearest post office or Immigration Service office to file the report.

Parents or guardians must file the report for alien children under 14 years of age, or those incompetent, or under custodial care.

Mr. Neely said the address report is required each year from all aliens except those in diplomatic status, foreign representatives assigned to the United Nations, and Mexican national contract laborers.

He pointed out willful failure to comply carries penalties including fine and deportation.

Mr. and Mrs. W. G. Downie and children were in San Angelo Monday to see President Eisenhower when he stopped in that city on his drouth inspection tour.

Ray Caldwell Moving Here

Mr. and Mrs. Ray Caldwell are in the process of moving their household goods from El Paso to Sanderson. Mr. Caldwell is on sick leave and will take his retirement later in the year.

They have added a utility room to the west side of their home at 509 E. Richard and the remodeling and interior decorating is expected to be finished this week.

Mrs. Carlton White and Mrs. J. Halbert have returned home from San Antonio where they have been with their sister, Mrs. E. D. Pipes, who had surgery and remains in a hospital in that city. Her condition is improving.

Mrs. Jack Turner took her son, Bill, to El Paso last week-end for a medical check-up.

SAFE DRIVERS
SAVE
\$...if
a bill now before the Legislature is passed. That bill is a flexible rating law for casualty (including automobile insurance).

Many economically-operated insurance companies are in a position to charge rates substantially lower than those of companies with more expensive types of operation.

Thus, it will mean that the insurance buyer can shop around and get the best buy for his insurance dollar—something he cannot now do.

More importantly, it will mean that the careful drivers will no longer have to subsidize the careless driver.

MERCURY BOOSTS PRODUCTION TO A MERCURY A MINUTE TO MEET DEMAND

A record 40,000 Big M's being built in January... a 43% increase over December. A Mercury a minute, every minute of the day and night! All Mercury assembly plants are working overtime with the largest work force in Mercury history to meet the tremendous buyer demand. The landslide swing to Mercury is solid evidence that the new Big M is the most exciting car value of 1957. Never before has so much bigness and luxury cost so little. Prices for America's most beautiful and advanced car are just an easy step above the low-price three.
