LISTEN TO LUKE

A petition has been presented to the local school board asking that body to investigate the possibilities of beginning a building program for a new elementary school here.

We have been asked several times what we thought of such a plan.

We can say without reservation that we favor it.

We can also say without reservation that we favor a hospital for Sanderson; we favor having a private swimming pool in our back yard; we favor driving a new Cadillac automobile, with one for each member of the family, and a spare just in case.

We favor having lots of things but sometimes we don't favor them so much when we find out what it takes to get them.

We don't know that, yet, and until we do know, and maybe afterwards, we favor it.

There has to be a beginning for all things, and the beginning for this may as well be now. It will give us all a point for discussion during the long winter nights ahead, and it can't hurt to talk about it and plan.

But let's not, by all means, let the rumors and unfounded facts come into our talk nor our suggestion.

We don't claim any special talent for many things and least of all the requirements of a new school building, its plans, location, size, rooms, accommodations, etc., so we will have to listen to an authority on that subject.

We know even less about what is necessary in dollars and cents to build what we don't know is required.

We know even less about how that money is going to be raised if it is not raised by taxes.

And we don't know how much you are willing to pay in taxes for such a program.

We say "we don't know how much you are going to pay in taxes" because it is not going to be built on my taxes. My taxes are only a very small part of the figure, any figure. And it will be your taxes — dear reader — that pays for the building, as far as we know.

How is your sense of values? What do we need most in the way of a tax expenditure?

How much of a tax increase do you think you could stand?

Before anyone gets too high in the air on one particular side, let's see what happens on the present item at hand.

Let's not get this building built before we have any plans. Let's not plan any building before we do some thinking.

The petition is before the school board and they know by the petition the willingness of the signers to co-operate with any undertaking they may plan. Let's see what happens.

U.S. Senator Lyndon Johnson, Gov. Price Daniel, et al. are all in on this newly pending bill for water conservation.

We can say without reservation that we favor water conservation, too. That's why the wife and I bathe in the same water and then pour it out of our No. 1 tub on the tomato vines that are planted in a shallow pan so that the overflow will go on the grass. But sometimes we don't favor the way water is conserved.

For example, we don't bathe the dog until after we are out of the tub.

Furthermore, we don't invite the neighbors over to our house to bathe so they can conserve their water while we pay our own water bill. Furthermore, we don't water our neighbor's tomato plants with our bath water.

That's about the way we feel about the water conservation bill that's pending. We don't water to the thought of West

(Continued to page 4)

Well Planned For School Land In Gaines County

County Judge R. S. Wilkinson received word this week that the Sohio Oil Co. is planning to drill a well on the Gaines County school land. It will be the 19th venture there and there are nine producing wells on the school land.

The test is planned for the Devonian, between 12,000 and 13,000 feet.

According to Judge Wilkinson, income from the nine wells last month amounted to \$7,584.76. This was on a 13-day pumping allowable and the allowable has been cut since to 12 days by the Railroad Commission. During September of last year, the receipts from the nine wells was \$10,073.48, based on a 18-day allowable.

As has been pointed out numerous times previously, the receipts from the oil wells go into a permanent school fund which cannot be spent, but it can be invested, and the interest or income from the investment, if any, can be spent for local maintenance. State laws also control the type of investments possible by the permanent school fund.

Judge Wilkinson stated that normally, the school officials let three or four months' checks accumulate before they invested in any bonds, unless there was a high rate of interest available on a particular issue, and then they would invest smaller amounts.

Sixth Graders Give Program At P.-T.A. Meeting

The invocation given by Rev. Kelley E. Scott, pastor of the Methodist Church, opened the meeting of the Sanderson Parent-Teacher Association Thursday afternoon. The meeting was in the high school auditorium.

During the business session, with Mrs. Chester Boyd presiding, a vote was taken on the time for future meetings. The decision was for the meetings to alternate between an afternoon session, beginning at 4:15, and an evening session to open at 7:30. The November meeting will be in the evening.

The entertainment feature was presented by the sixth grade pupils from Mrs. E. E. Farley's room and Don Phillips' room. The five numbers concluded with a skit, "A Day in the Life of a Sixth Grader."

Miss Bessie Moore's first grade and Mr. Phillips' sixth grade won the attendance prizes.

Scout Drive Begun Monday

Workers have already begun contacting possible contributors to the fund drive for the local Boy Scouts and the drive is expected to be completed within the next two weeks.

Any person who is not contacted and who would like to contribute toward the maintenance of the local Scout troop is asked to contact J. T. Williams, chairman of the drive.

Since the establishment of the Boy Scouts in 1910, the organization has touched the lives of 25,000,000 American boys and their adult leaders. There are over 3,300,000 boys enrolled in over 111,000 units.

The Scouting program seeks to promote the ability of boys "to do things for themselves and others, to teach them patriotism, courage, self-reliance and kindred virtues and by placing emphasis upon the Scout Oath and Law for character development, citizenship training, and physical fitness."

Rain and Hail Hit This Area

Light and heavy rain and hail hit this area Monday afternoon late, leaving up to 1 1/2 inches of moisture in some gauges.

The clouds approached from the west and rain fell from Alpine to Sanderson along the highway.

Some heavy hail was reported at the S. L. Stumberg ranch 30 miles west of Sanderson and severe damage to brush and cover was reported in a mile-wide strip. There was also some hail at Longfellow and on ranches north of the West-Pyle ranch.

S. L. Stumberg reported from 2 to 1 1/2 inches on his ranch and on that of S. L. Stumberg, Jr., north of the highway. W. R. Stumberg reported 1/2-inch on a part of his country and stated that it looked and sounded as though Gene Thorn had heavy hail and rain on his country.

Mrs. Mary Cox reported 1/2-inch with some hail; C. F. Cox got only 2 inch at his headquarters, and some hail; Lewis Hill gauged 1 inch at the Longfellow West-Pyle ranch.

Mrs. Bertha Mansfield reported 1.1-inches and the S. L. Stumberg river ranch had 1 1/2 inches of moisture.

The rains came on into Sanderson where 4-inch was gauged locally. Unreported amounts of rain fell on Jack and Roy Deaton, Charlie Gregory, Walter G. Downie, Austin Nance, E. E. Harkins, Jr., Ray Brotherton, John Carruthers, Jack Harrell.

No rain was reported to have fallen in the Mitchell country north of town on the Harkins ranch nor Big Canyon country.

The clouds were heaviest and darkest in the north and northwest of town, but rain was reported to have fallen only four miles north of Sanderson. There was no rain in the Dryden area, north or south, according to residents from that community.

All of the rain that fell locally fell slowly and in small drops. There was very little wind blowing during the rain. Heavy thunder and lightning flashes followed the rain, with a heavy display of flashes to the south. Jack Riggs reported 4-inch of rain on his ranch north of Dryden Tuesday night.

LOCAL LADIES TO RELATIVES' FUNERAL

Mrs. J. W. McKee and her daughter, Mrs. W. H. Savage, attended funeral services in Del Rio Sunday afternoon for Mrs. McKee's sister-in-law, Mrs. Pauline Bell Overstreet, the 74-year-old wife of H. M. Overstreet.

She died in her home early Saturday morning following a long illness.

Survivors of Mrs. Overstreet, besides her husband, include a son, two daughters, eight grandchildren and two sisters.

GRAVESIDE SERVICES FOR ODOM INFANT

Graveside services were held in Cedar Grove Cemetery Thursday afternoon for the infant son of Mr. and Mrs. Charles Odom with Rev. J. W. Byrd officiating. The infant was still-born in a Fort Stockton hospital on Wednesday, October 2.

Besides the parents, survivors include the maternal grandparents, Mr. and Mrs. Charles Hamrick of Dryden and Mr. and Mrs. J. W. Thomas of Sanderson, paternal grandparents.

Mrs. S. L. Stumberg left for Austin Thursday to attending a meeting of the Pan-American committee of the American Legion Auxiliary of the State of Texas. She was recently named as a member of the committee by Mrs. Henry Bailey of Alpine, president of the organization.

Weakened Eagles To Meet Ozona Here Friday Night

The Sanderson Eagles will host the Ozona grid team here Friday night in a non-conference game.

The Sanderson team has been weakened considerably because of injuries and illness among the players and is expected to be the weaker team against the strong Ozona group.

Irvin Robbins, Eagle quarterback, has been taken from the team roster because of a neck injury received in the San Felipe game two weeks ago. X-rays revealed injury to two of the neck vertebra and the cushion between. He is wearing a neck brace.

Tommy Werneking, tackle, is still bothered with a knee injury received early in the season and several of the boys have had "flu" during the past two weeks to put them under the weather.

David Graham and Julian Rodriguez, both Eagle backfielders, have been bothered with minor injuries for two weeks. Both boys have been working for the past week at the quarterback slot, replacing Robbins, and it was indefinite which would start Friday night, and both probably would be used in the game in the key position.

The lineup increased with the addition of Ramon Cardenas, 200-lb. tackle.

Mrs. V. W. King of Alpine who had visited here for several days in the home of her sister, Mrs. S. J. Burchett, took her father, Albert Overstreet, who had visited in the Burchett home for several weeks, to his home in Rocksprings Monday.

Former Resident, Mrs. L. Adame Dies, Burial Here Oct. 9

Mrs. Lorenzo Adame died at the home of her son-in-law and daughter, Mr. and Mrs. Lupe Guevara, in San Antonio Sunday following a year of failing health.

Her body arrived in Sanderson by train Tuesday evening accompanied by her daughter and a sister-in-law, Mrs. Juanita Coronado. Funeral mass was held Wednesday morning. Rev. N. Femenia officiated at funeral rites in St. James Catholic Church Wednesday afternoon and interment was made in Santa Rita Cemetery.

Mrs. Adame was born in Eagle Pass August 10, 1888. Her husband, Abram Adame, died March 27, 1956.

Besides the daughter, Mrs. Adame's survivors include four grandchildren, two brothers, and a sister in San Antonio. Mrs. Antonio Calzada of Sanderson is a niece.

Out-of-town relatives attending the funeral services were Mr. and Mrs. Jose de la Garza and daughter, Ampara, and Emeterio and Charles, cousins, all of Del Rio.

Local F.F.A. Boys Place At Show In Fort Stockton

Sanderson F.F.A. boys had livestock entered in the Pecos County Livestock Show and Fair Saturday in Fort Stockton and came home with several ribbons to attest for their ability at showing livestock and judging.

Sanderson's grass judging team, composed of Frankie Turner, Butch Stavley and Richard Carroll was third with Turner winning fifth high individual.

Sanderson won the livestock judging with 731 points out of a possible 900. The same boys that were on the grass judging team entered the livestock judging event. For their first place the group was awarded a trophy plaque and a free meal at a Fort Stockton restaurant.

In the Breeding Sheep Show, Charles Fletcher had the first place and champion Rambouillet ewe lamb and the first and second place yearling rams. His ewe lamb was bred by J. W. Carruthers & Sons, registered Rambouillet breeders of Sanderson and Carta Valley.

The Stavley brothers, Bill and Butch, showed the champion ewe and ram in the Southdown breeding class and the second place ram lamb and fourth place ewe lamb.

In the fat lamb show Bob Fisher and Johnny Hogg placed fourth and fifth in the fine wool class. In the cross-bred class, Butch Stavley placed fourth. Richard Carroll was fifth, and Bob Littleton was eighth. Butch Stavley also placed seventh in the Southdown class.

The Sanderson Chapter now has sixteen members with the addition of two new members: Homer Barrera and Press Escamilla.

The local group is making plans for their annual livestock show and barbecue to be held in December.

Coming Events

Sunday — Homecoming at the Methodist Church.

Monday — Presbyterian Women, Alter Society, Baptist W. M. U. of Rt Auxiliary.

Tuesday — O.E.S.

Wednesday — Rotary Club, Wednesday Club

Thursday — Lions Club, Culture Club, Thursday Club

IT SAYS HERE:—

Before asking for a federal hand-out, remember that anything the government gives, must first be taken away.

Positive Rabies On Fox Head Test

H. W. L. Johnson received a telegram Wednesday from the State Department of Health advising him that the fox head he had sent in Tuesday had a positive test for rabies. The fox was killed Tuesday morning in the back yard at the Johnson home just west of town.

Dog-owners are warned to be alert to the actions of their pets to possibly detect any strange action on their part since so many rabid animals have been killed close to town and in town.

Stray dogs in the town as well as the pets could contract the disease from rabid foxes or other varmints and cause a serious outbreak of rabies in the community.

Local dogs have been causing much sheep damage to surrounding ranchers, an unusual occurrence for this time of year, and with the dogs straying out into the domain of the varmints and with the varmints invading the town, there is a great probability that the disease could be spread to the domestic pets.

At least five dogs have been killed on surrounding ranches within the past two weeks. Two dogs were killed out of a pack of three on one ranch and three of a pack of six were killed on another ranch about two days later, according to reports.

There was no supposition that the dogs had rabies, they were shot while in the act of killing sheep, according to the ranchmen.

Legion Dance For Saturday Night At Dryden Airport

The American Legion is sponsoring a dance Saturday night at the old Dryden airport. The time has been set for 9 p.m.

The Cook Brothers — W. Furry Boys of Marathon will furnish music for the occasion.

The public is urged to attend the occasion.

Local Methodists' Homecoming Sun.

Local Methodists have completed plans for their homecoming Sunday and a large crowd is expected to attend.

Invitations have been sent to all former pastors and members.

Following the worship service Sunday morning, dinner will be served to all members and guests in Fellowship Hall.

A meeting of all committees was held Monday afternoon to complete the plans.

A registration desk will be set up at the church Sunday morning so that all who attend may register.

All local friends of the church who are not planning to attend another church are invited to the services Sunday.

JULIAN PEREZ, SR.'S SISTER DIES IN SAN DIEGO, TEXAS

Julian Perez, Sr., went to San Diego, Texas, the first of the week to attend funeral services Wednesday for his sister, Mrs. Refugia Valdez, of that city. She died Monday following a long illness.

Survivors include another brother, Dario Perez, of Robstown; and a sister, Mrs. Juanita Garcia of Corpus Christi.

Julian Perez, Jr., took his father to San Diego.

Mrs. Hugh Rose and daughter, Miss Mary Landon Rose, left Friday for Fort Worth to visit for a week with her sister, Mrs. Claude Gibson, and family. They will also visit in Dallas with Mrs. Rose's fiancé, John H. Silverthorne, and his mother, Mrs. J. Dixon Silverthorne of San Francisco, who is visiting in Dallas.

EPNG At 7,362 Feet, Magnolia Drills After Fishing Job

The El Paso Natural Gas No. 1 Chandler was reported to be drilling at 7,362 feet in sand and shale the first of the week. The location of the wildcat is in Sec. 74 of Block 2, about 1 1/2 miles from the Pecos River in Terrell County. It is also almost due east of the Hunt No. 1 Bustin Canon, scheduled to spud in soon on Section 5, Block 1.

Magnolia and Western Natural Gas No. 1 Brown-Bassett had run 7 5-8 inch casing to 13,175, bottom-hole depth and in going back into the hole, dropped about 6,000 feet of drillstem into the hole from the derrick floor.

The fishing job began Sunday and was completed Monday with the recovery of all drillstem and drill and drilling began immediately.

Latest type blow-out preventers have been installed at the rig with remote controls installed away from the rig and pressure relief pipe, pilot and auxiliary installations completed to take care of excessive gas pressure and any emergency procedure necessary.

The hole is scheduled to go to 15,000 feet, according to information received.

The Hunt No. 1 Canon, three miles north of Brown-Bassett and three miles west of EPNG's Chandler venture, began erection of the tower Saturday and is scheduled to spud in soon. The tower is less than a mile from the ranch house of Mr. and Mrs. Bustin Canon.

The Canon wildcat is scheduled to go to the Ellenburger.

Donna Hill Has Reserve Steers In Stockton Show

Donna Hill, daughter of Mr. and Mrs. Lewis Hill of Longfellow, had the top prime medium-weight steer, top prime heavy-weight steer and top medium steer in the Pecos County Show last week end. She also had the second-place medium steer. The first two places were in the Pecos County Steers division and the second two ribbons were in the West of the Pecos Steers class.

She had the reserve champion steer in each of the two classes.

Mr. and Mrs. Hill and Donna and her two steers will leave Saturday for Dallas where the two animals will be entered in the livestock show at the State Fair.

A daughter, their first child, was born in Jackson, Miss., on September 26 to Mr. and Mrs. John C. Scruggs. She was given the name, Melinda Leigh.

Mrs. Scruggs is the former Mary Allen, daughter of Mr. and Mrs. R. N. Allen of Comfort, former Terrell County residents.

TRAINING SCHOOL FOR GIRL SCOUT LEADERS

Mrs. Deryl Bishop of Fort Stockton held a leader training school here for two days this week. The school was for leaders and prospective leaders of Girl Scout troops.

Mrs. Bishop is the district director of Girl Scouts.

Mesdames Billy Hibbert, G. K. Mitchell, J. F. Tronson, L. V. Rosenquist, J. A. Gilbreath, W. H. Dishman, Jack Riggs, Don Allen, E. E. Farley and Carlos Dunn.

By VERN SANFORD
Texas Press Association

Austin — Gov. Price Daniel apparently is going all out to get the balance of his 1957-58 program adopted into law.

Special legislative session begins October 14.

In recent speeches over the state Daniel has plugged for lobby control and a crime commission. More talks were scheduled — one on water conservation in San Antonio and another in Liberty.

In addition, the governor has made some outspoken statements on federal-state relationships. Excerpts from his busy round:

Crime — Present criminal code, says the governor, "is so antiquated that it protects the convicted criminal more than it protects the public."

He asked for a new state law enforcement study commission that would make recommendations to the next regular Legislature on how crime and highway accidents can be reduced.

Texas crime rate is rising faster than its population, 46 per cent of it by juveniles, said Daniel. (A recent FBI survey showed that during the first half of 1957 Texas has had an increase, up to nearly 10 per cent over 1956, in every type of major crime.)

Lobby Control — Opponents of this bill are trying to "picture it as a struggle between business and labor," said the governor.

"This is ridiculous — the bill would require registration of those employed by both labor and industry to influence legislation.

"Vast majority of Austin lobbyists are legitimate operators who identify themselves and honestly perform their work. They have nothing to fear from this bill."

Opponents of the bill, said Daniel, are "modern-day carpetbaggers who hide their identity and improper expenditures."

Federal School Aid — "Full responsibility for the operating and financing of public schools should be exercised by the state and its political subdivisions."

Gov. Daniel sent a resolution to this effect to the Federal State Action Committee meeting in Chicago.

"With federal dollars comes federal controls," commented Daniel. As a single exception, Daniel favored federal aid for schools with a heavy enrollment

from U.S. military installations.

Little Rock Controversy

Gov. Daniel suggested both President Eisenhower and Arkansas Gov. Orval Faubus had fumbled in handling the school integration problems there. Neither, he said, had "exhausted every means at their command" to avoid a violent showdown.

"Of course, here in Texas," said the governor, "we would have sent a couple of Texas Rangers to handle the situation."

Business Year Uncertain

Despite its present high level, Texas business faces uncertainties in ending the year.

There is little evidence pointing to any substantial rise, observes Dr. John R. Stockton, director of the University of Texas Bureau of Business Research.

Causes for concern: softening of the building outlook, the lapsed expenditures by the federal government and business concerns. Bright hopes: expanding expenditures by state and local governments, high level consumer spending, continuing population increases.

School Panel Named

Way is clear for a new study into needs of the public school system. Six appointments by Gov. Price Daniel completed membership of a new commission created by the last legislature to do the job.

Six appointments each were made earlier by the Speaker of the House, the Lieutenant Governor and the department of education.

Bright Future

Texans can look forward to more money, but a little less elbow room in the next few years.

So says U.S. Senator Lyndon Johnson in predicting a population of 12 million for the state by 1975 with a total personal income of \$24,000,000,000. This compares with an income of \$9,000,000,000 for some 9,500,000 people in the past few years.

Senator Johnson forecast a 1975 farm output of \$2,900,000,000, up a billion from now, and factory production worth \$8-

600,000,000, nearly three times present production.

But, said Johnson, we cannot operate a \$24,000,000,000 state on the basis of our present water use. The rosy prospects for the future will quickly banish unless we act to control our water resources.

"Texas," he said, "is a fast growing giant wearing last year's shirt. It's going to struggle, he said, unless there is fast action."

Weather Toll

Cost of Texas' natural disasters in 1957 would be \$12 for every man, woman and child in the state.

Latest Civil Defense Department reports put the year's toll from blizzards, floods, tornadoes and hurricanes at 61 dead, 638 injured and \$100,000,000 in property damage.

Once again, said Department Director William L. McGill, Texas holds the "dubious distinction of being first in the nation of major disasters."

TB in Texas

Startling facts revealed about tuberculosis in Texas came from Dr. Patrick McShane, head of the state's TB hospitals.

In a twin-panel session composed of newsmen and doctors, Dr. McShane reported that 22,000 Texans have active tuberculosis. One out of three persons has TB germs in his body.

"Texans spend \$6 per patient on its TB hospitals," Dr. McShane advised. "And we rank in

the bottom fourth on what is spent in trying to get them well."

PERSONALS . . .

Mrs. Clarence Chandler has returned home from Alpine after visiting with her daughter, Mrs. Keesey Kimball, and family.

Mrs. A. B. Gates returned home Tuesday from Waco where she visited for a week with her son, A. B. Gates, Jr., and family.

M. L. Robertson returned home Thursday from Chattanooga, Tenn., where he attended the funeral services for his brother and visited with relatives.

Mr. and Mrs. W. E. Stavley returned home Sunday from St. Louis where he attended a meet-

ing of the Southwest Union of the Brotherhood of Locomotive Engineers.

Paul C. Berning, pharmacist, is occupying Mrs. Shelton's garage apartment.

Mr. and Mrs. Carl Womack have moved to Mrs. Roy Harrell's apartment vacated by the Thomas O'Bryant family that has moved to a trailer court in their new trailer house.

Mrs. C. A. Adams accompanied her daughter, Mrs. Tom Yarbro of Marathon, to San Angelo last week to visit with Mr. Adams who is in a nursing home there.

Mrs. J. W. Hayn's has been in Marathon with her granddaughter Mrs. Bill McKinney and infant twin daughters who were born on September 27 in an Alpine hospital.

Mrs. Fay Pirtle and daughter, Deborah Fay, of Roswell, N.M.,

will return home Friday after visiting for a week with her mother, Mrs. Marion Batson, and Mr. Batson.

Betsy Blaydes of Fort Stockton is a visitor in the home of her aunt Mrs. W. W. Sudduth.

Mr. and Mrs. P. G. Harris are visiting in Odessa with her brother, John Scannell, and family.

COMMUNITY PUBLIC SERVICE

"Me letting my kids down?"

You give your children the best of everything — you advise them; protect them; and share their fun. Can a parent do more?

Yes, there is one other responsibility, easy to overlook. In these years of educational crisis, if you haven't taken an active part in school affairs . . . it's possible you are letting your children down.

Today, we are faced with local variations of a single nation-wide problem: How to cope with the rapid and continuing increase in school enrollments. In some places, the problem takes the form of overcrowded classrooms . . . in others, a shortage of teachers, or equipment.

One excellent way you can help insure good schools is by joining your neighbors in community educational conferences. Across the nation, such conferences have found solutions for a wide variety of local school problems — such as financing new equipment . . . adding qualified teachers . . . consolidating schools.

It can be done! Enlightening "case histories" of local school improvement campaigns that worked are yours for the asking. Please indicate the nature of your local school objectives so that we may send you the material that best fits your needs. Write: Better Schools, 9 East 40th Street, New York 16, N. Y.

Legion Auxiliary Plans Gifts for VA Hospitals

The Legion Auxiliary met Tuesday evening in the Legion Hall in regular monthly business session.

Plans were discussed for the Poppy Sale on Armistice Day, November 11.

Mrs. S. L. Stumberg gave a report on her recent trip to Austin as a member of the Pan-American Committee of the state organization.

The members made plans to participate in the annual Christmas Gift Shop project. Girl Scouts will call on all local citizens Saturday to secure gifts for the project, with gifts to go to the VA hospital at McKinney, Texas. The cooperation of the public in this project will be greatly appreciated and the gifts will be sent to the hospital by November 1.

The Gifts Shops, now nationwide Christmas hospital projects of the Auxiliary, were begun in the 1930s in the Legion VA Hospital at Kerrville. From these shops the hospitalized veterans select gifts to send to the members of their immediate families. The gifts are Christmas wrapped and mailed for the veterans by Auxiliary members at the hospital. It is one of the Auxiliary ways in trying to make a cheerier, happier Christmas for those veterans and their families.

The gifts may include anything that a veteran might select for his family.

Mr. and Mrs. F. A. Weaver left Friday on their vacation trip, going to Pecos to visit their daughter and family and from there to El Paso. Mrs. Weaver had spent two weeks with her sister who is seriously ill in an El Paso hospital following major surgery.

Mrs. J. A. Gilbreath Has Dessert-Bridge For Tuesday Club

Mrs. J. A. Gilbreath was hostess for the meeting of the Tuesday Bridge Club this week. Arrangements of roses from the garden of Mrs. Clyde Griffith decorated the living room.

Pecan pie à la mode and coffee were served to the guests upon arrival with lemonade, coffee and cold drinks served during the card games which followed.

Those present were Mmes. E. J. Hanson, Jack Riggs, R. S. Wilkinson, A. J. Hahn, Herbert Brown, Clyde Griffith, G. E. Babb, S. H. Underwood, John Harrison, Thurman White, Jack Sexton, and Bustin Canon.

High score prize went to Mrs. Babb, second high to Mrs. Brown and Mrs. Sexton was low.

Girl Scouts Have Get-Acquainted Tea Monday Afternoon

The Girl Scouts entertained with a tea Monday afternoon in Fellowship Hall at the Methodist Church. The tea, an annual affair, is a Mother-Daughter Get-Acquainted Tea.

Mrs. W. H. Dishman, chairman of the neighborhood association, introduced the new Brownie troop and their leaders and the other members of the association, including Mrs. Carlos Dunn, troop organizer; Mrs. J. A. Gilbreath, troop consultant; Mrs. W. W. Sudduth, secretary; Herbert Brown, treasurer.

Miss Eddie Wilhite of Odesa, assistant director of Scouting in Ector County, gave an interesting discussion of the meaning of the Girl Scout program.

Mr. G. K. Mitchell's troop of Brownies sang a group of songs.

An orange and yellow scheme was noted in the centerpiece on the tea table and the refreshments of cookies and orange punch.

There are four troops of Girl Scouts. Mrs. Billy Hibbert is the leader of the new troop and Mrs. J. R. Blackwelder is her assistant. Mrs. L. A. McBee is the assistant for Mr. Mitchell's troop. Mrs. J. F. Tronson and her assistant, Mrs. L. V. Rosenquist, are in charge of Troop 3.

Mrs. Don Allen is the leader of the intermediate troop with Mrs. E. E. Farley, assisting.

Mr. and Mrs. Carl Werneking returned home last Friday from Pasadena, Calif., where they took their daughter, Miss Carlene Werneking, to enroll in the Pasadena Playhouse College for her sophomore year.

Mrs. Hugh Rose Hostess Thursday To Bridge Club

Three tables of bridge players were entertained in the home of Mrs. Hugh Rose last Thursday afternoon in compliment to the Thursday Club and additional guests including Mmes. G. E. Babb, Roger Rose, A. J. Hahn, Jack Riggs, Don Barber of Andrews, M. W. Duncan, H. E. Fletcher, Vic Littleton, Clyde Griffith, E. J. Hanson, and S. H. Underwood.

Mrs. Rose held high score, second high was by Mrs. Underwood, and Mrs. Littleton was low. The traveling prizes were held by Mrs. Duncan and Mrs. Fletcher.

Pecan pie topped with whipped cream was served with coffee. Miss Mary Landon Rose was a tea guest.

Mr. and Mrs. Alfred Bendele and her mother, Mrs. Elma Riley, made a business trip to Alpine Friday.

Mr. and Mrs. Charles Golden and children, who have been residing at Turner's Trailer Courts, have moved to the Happy rent house on W. Hackberry.

Mrs. J. C. Halbert and her sister, Mrs. E. D. Pipes of San

Antonio, went to El Paso Saturday to visit with their sister, Mrs. P. F. Robertson, and family.

Texans paying for Brazos River Dams or vice-versa.

Neither do we cater to having such a plan available for getting votes for some politician who is ready to give a dam only in the areas where the most votes are. We have enough politicians who don't give a dam for us out here now.

This Water Board would have the right to issue and sell \$100,000,000 in bonds to preserve and conserve water, and if that were not enough then the Legislature

could authorize another \$100,000,000 to finish up the job. And if that wasn't enough etc., etc.

If they — in the Brazos and Guadalupe River bottoms, will get a dam for us and help us to save the water that runs down our canyons, then we might be willing to pitch in and help them conserve some of their water.

Mrs. Josephine Martinez who is employed in San Antonio and Miss Minerva Martinez, who attends a business school in that city visited here last week-end with their parents, Mr. and Mrs. Carlos Villarreal.

Judge Wilkinson To Head Seal Sale For TB Association

The quarterly meeting of the Terrell County Tuberculosis and Health Association, postponed from September, was held in the Turner Hotel Monday evening with Mrs. Web Townsend presiding.

A contribution of \$100 from the association to the All-Faith Chapel to be constructed at the McKnight Sanatorium was announced.

Judge R. S. Wilkinson was named to head the 1957 Christmas Seal Sale with Miss Antonia Cardenas to serve as clerk for the sale.

County Health Officer Dr. J. M. Sexton, has been treating two adult patients who showed symptoms of tuberculosis after the recent mass chest X-ray survey and one patient has been admitted to the tuberculosis sanatorium.

Of the 72 children who received the Mantoux Intracutaneous test before the opening of school only two showed positive reaction and only one of those had symptoms indicating further X-ray studies. It is thought that in the near future this test may take the place of the chest X-rays for adults, too, according to Mrs. Townsend.

The matter of having a Mobile Blood Unit available for this area was discussed and action will be taken pending further information.

Two films are to be made available to the public soon. One of the films, "Are You Positive?" a 14-minute color film, attempts to correct some misconceptions of tuberculosis by the public.

Elvis Presley Star In Coming Film

"Loving You", starring Elvis Presley, opens Wednesday and will show for two days at the Princess Theatre next week. It is a musical in technicolor and is said to be solid entertainment.

The show is jam-packed with the songs that kept the coolest cats of yesterday's audience rocking, and has enough catchy ballad and folk type numbers, as well as absorbing action and romance in its story, to appeal to every member of the family.

The plot, briefly, concerns the small-town singer, Presley, who has the ability to bring a once-famous band back to the big-time. On the way, romantic complications, backfiring publicity stunts and the problems accompanying a youngster's too-quick rise to fame make for an exciting story.

Lizabeth Scott is an ambitious press-agent, Wendell Corey, the band leader, gives fine co-starring performances.

Elvis himself has seven numbers in the film.

Mrs. W. R. Stumberg went to San Antonio Thursday to visit with her daughter, Mrs. Marshall Miller, and children. Mrs. Mary Lou Kellar accompanied her on the trip to visit with her daughter, Mrs. A. A. Jenschke and family in San Antonio.

Mr. and Mrs. F. M. Wood attended a reunion of the A&M football team of 1939 at Camp Stewart near Hunt, last weekend.

Mrs. J. W. Carruthers and daughter, Miss Eva Carruthers, spent last week in Wink with her daughter, Mrs. Virgil Ogle, and Mr. Ogle.

E. B. Litton was brought home Tuesday from a Fort Stockton hospital where he had received treatment for a week for a heart ailment. He will accompany his daughter, Mrs. H. W. Halsell, to her home in El Paso Saturday.

Your Hometown Newspaper
brings shared family enjoyment..

In our modern world, activities that appeal to the whole family are too few and far between. But reading your hometown newspaper is one enjoyable pastime your whole family can share. For it has features for every member of the family—comics and cartoons for the children; sports news and features for growing boys; fashions and human interest stories for teenage girls; international and local news, society, sports, ads, and schedules of events for mother and dad. Emphasizing the family-wide scope of interest of the local newspaper is the liberal space set aside for church and school news of every community.
