## LISTEN TO LUKE

One of the wonders of nature is brought vividly to mind this week along with the wonderfulness that have soaked this area. Sunday night just before bed we heard a frog singing his fresh voice to the night. There were no answering croaks and no occasion inspired us as we seldom inspired, to writing something about the frog.

It is phenomenal to us that it could be possible for a frog, who depends on wet habitat for his survival, could have lived during extended drought encountered here.

Ode To A Toad  
Sitting on thee, little frog,  
But there croaking in the bog,  
With your air-sac near to popping.

Old and lank, too tired for hopping;  
Croak your brag with throat and mouth —  
You alone survived the drought.

It is good to know that some of the children of Sanderson finally to see what rain looks like. We were afraid that Sunday that it might end before day, but mark goodness it continued raining all day Monday.

The rainfall received here this week was real news. Being generous the county makes everybody feel better. Of course, the rain and gas news during the past weeks have aided in keeping the spirits of many of our citizens, but when a country is as dry as Terrell County has been there is nothing that will take the place of a good rain.

We have read a lot recently of trouble in various schools and teachers insist that there be some time and place in daily routine for applying a little to some of the little an-

has not been more than 50 years when we attended school and we failed to see the then or since when a good thing was not the most effective manner of discipline. The days we didn't get a switch at school were the days either played hooky or during a holiday or week-end.

We still believe that there are times when the rod should be used, and it isn't always only another's youngster, and the parents, and students should use discretion if and when the time comes — and it will.

Sanderson students, footballers, band and pep squad themselves proud at the game in Grandfalls last Friday. A large group of boosters here also made the trek to game and we have no single act of conduct that might be detrimental to the town or to the school. Such action by adults is to be expected since they are adults.

is a wonderful spirit when we go to participate in or to attend an event and come home with a report.

Good news continues to come from the drilling and gas industry in this section.

Our understanding that the railroad commission to go to the Brown-Bassett field to get field. If this is true, it is a door of unlimited possibilities to this immediate section. It is that we are overly optimistic, but the possibilities to be a staggering thought.

estimates of the Texas Department of Public Safety concerning the probable deaths during recent holidays was extremely accurate — horribly so, in fact. People still exercise their freedom to die — but unfortunately times their freedom extends privileges of others who live. If they could, elect to live. Accidents on highways.

## Pipeline OKed For Gas From Terrell Co. Field

Word was received here this week that Trans-Western Pipeline is reported to have been granted a permit of convenience and necessity by the Texas Railroad Commission to carry gas from that and neighboring gas fields to the California line, where Los Angeles interests will connect with it to carry the vital fuel on to the coast.

According to a story in the Oil and Gas Journal "the best informed geologists now predict that Brown-Bassett will attain a size perhaps four times as large as Puckett Field is now. It's impossible to say how much gas such a giant would yield."

"Geologists have predicted, basing their assumptions on drilling and seismic data, that drilling eventually may prove up a whopping producing area of around 70 sections or nearly 45,000 acres with more thousands of acres

added if the field's pay zones should be found productive on the down-thrown side of a tremendous fault cutting from southeast to northwest across the field to the north of the present production," the Journal said.

## Del Rio Car Stolen Monday Night Is Recovered Here

A stolen car was recovered in Sanderson three hours after it was stolen from Del Rio, according to information in the Del Rio News Herald.

The car was stolen Monday at 9:45 p.m. and Sheriff Lee Billings reported the recovery at about 12:30 the same night.

Three men were in the vehicle and they were returned to Del Rio.

## TB Assn. Provides Supplies For Mantoux Tests

The regular quarterly meeting of the Terrell County Tuberculosis and Health Association was Monday evening in the courthouse. Ten members were present.

Mrs. Web Townsend, chairman of the Christmas Seal Sale, announced the sale will begin November 15. Miss Antonia Cardenas will again assist in the mailing of the seals and other clerical duties.

Dr. L. N. Sanders was asked for a report on three local persons who have been receiving treatment for tuberculosis.

A report was given on 58 preschool children who received the Mantoux test for TB at the time they had their physical check-ups with none being positive reactors. The association furnished the necessary supplies and paid the salary of a registered nurse to make the tests possible. The association voted to provide the supplies necessary to have the tests given in the future to all food handlers who apply for health certificates.

The local association is one of the few in Texas to request the blood test for TB to be given in lieu of the chest X-ray survey, but as yet no time for the tests has been set. A discussion of the blood test and the Mantoux test followed with informative articles being read.

A new 2-year nursing plan, made available by the Texas Tuberculosis Assn., for tuberculosis nurses was discussed and will be presented later to the senior girls.

In the near future the pupils of the sixth and twelfth grades will be given a free Mantoux test for TB, the materials being supplied by the association. The test is valuable with the TB X-ray survey no longer available and in children, particularly valuable as the first clue to locating the source of TB.

Mrs. C. P. Peavy returned home Sunday from Deming, N. M., where she had attended the wedding of her cousin. Her parents, Mr. and Mrs. J. B. Pruett, of Marfa accompanied her on the trip.

## Coming Events

- Thursday, Sept. 11 — Legion meeting, Evening Study Club.
- Monday — Altar Society, Baptist W.M.U.
- Tuesday — Give to the Hospital Day, O.E.S.
- Wednesday — Rotary Club, Wednesday Club.
- Thursday — Lions Club, Cub Scout Club.

It won't be long before Southwest Conference football broadcasts will fill the air in Texas for the 25th year. Here two of Humble's top announcers, Kern Tips (left) and Alec Chesser, are being brought up-to-date on formations and plays by The University of Texas' Head Coach Darrell Royal.

## Eagles Stomp Grandfalls in 36-8 Score In Season Opener, Non-Conference Tilt

The Sanderson Eagles won by a 36-8 score against the Grandfalls-Royalty Cowboys Friday night in Grandfalls.

A large crowd of local people were on hand to bolster the local team.

Sanderson came from behind to gain the decisive victory, but it appeared for a while that the Eagles would not be able to find themselves and their ability.

Sanderson received the open-

ing kickoff and fumbled in their first series of downs and lost the ball. Grandfalls made a sustained drive to the 8-yard line from where the ball was carried over for the first score. The Cowboys elected to try for the two-point conversion and ran the ball over.

Following the next kickoff the Eagles took the ball to the Cowboys 9-yard line where they fumbled again.

In the second period Grandfalls was headed for pay-dirt the second time when J. T. Herring intercepted a pass. On the next play Brucks Bader went from the Sanderson 46-yard line to the goal line for the Eagles' first score. The extra points were converted on a running play, tying the score.

Also in the second quarter D-iv Graham got over from the 1-foot line after the Eagles had made a sustained drive down the field. The extra-points try was no good and the half ended 14-8 with the Eagles on top.

In the third period Graham broke loose for a 58-yard TD and the extra-points run try was no good. In the same period Bader went 36 yards for the fourth TD and Felix Valles ran the ball over for two points.

A pass from Graham to Herring in the fourth period capped the game. The pass was good for 34 yards and 6 points and the 2-point try was good to bring the final score to 36-8.

Bader and Graham shared equally in scoring honors with Bader carrying a little more of the offensive load. Quirino Alva took the brunt of a large portion of the offensive load in his position at blocking halfback.

The inexperienced line did not work defensively as well as offensively, but Dee Gray, Buddie Jo Hahn, two freshmen, were visibly adept at defensive work.

Few of the Grandfalls plays were stopped at or behind the line of scrimmage, placing a burden on linemen and linebackers and sometime on defensive backfielders. The speed, weight and elusive T-formation used by the Cowboys, gave them a good offensive showing against the Sanderson team.

The Eagle Band, with only a week's practice, turned in a good half-time performance with excellent marching ability in precision and complicated movements. The band director is W. J. Morris and Elizabeth Lopez is the drum major; with Barbara Sudduth, Darlene McDonald, Kay Williams, and Paula Hanson as majorettes.

The pep squad leaders are Anabelia Flores, Joan Wood, Mary Duncan, Linda Shurley, and Beatrice Alva. Miss Zelma Strickland is in charge of the pep squad.

The Eagles will play a non-conference game Friday night in Van Horn and all local fans who possibly can be urged to attend the game.

## Best Rain in Years Leaves 4 In. Here

"The best fall rains in over 10 years" is the exclamation of many ranchmen of this area in speaking of the moisture and manner of delivery of beneficial rains Sunday and Monday. Four inches of water was left in local gauges during the two day spell of intermittent drizzles, sprinkles and downpour.

Some moisture fell late Saturday afternoon locally, with continued showers falling intermittently Saturday night, through Monday night. Tuesday morning dawned cloudy and some mist fell locally Tuesday morning and the sun shone at times through breaks in the overcast.

Some ranchmen reported lower amounts near two inches and some reports were closer to five

inches, but the rains were general in this area and little run-off was reported from this immediate vicinity.

Heavy rains in the Longfellow area put Sanderson Canyon on a rise and the watershed of Downie Draw, Independence Creek, Big Canyon and 8-Mile, north of Dryden, all ran water.

Ranchmen stated that the fall rains could do much to provide winter feed for the animals on area ranges and would be sufficient to keep seed alive for spring growth of weeds and grass.

The general consensus of elation and thankfulness is prevalent among all residents of the county who realize the need for and benefits to be received from rainfall such as was received.

Heavy overcasts continued all day Tuesday and Tuesday night, with a light mist falling intermittently early Wednesday morning, adding very little to the rain gauge, but a continuous moistening affect to the ground.

The clouds hung on Wednesday with little sunshine seen all day.

## C of C Directors Meet Monday

Directors of the Terrell County Chamber of Commerce met in regular session Monday night at the courthouse. Nine directors and the secretary-manager were called to order by the first vice-president N. M. Mitchell.

Discussion of the proposed swimming pool was the major topic and chairman Clyde Griffith reported preliminary action of the committee.

A report was made by the secretary that letters had been written concerning the possibility of obtaining a dentist for the county residents.

Greene Cooke, chairman of the local unit of the Old Spanish Trail Association, reported on a recent meeting in Tucson, Ariz., and plans for publicizing and boosting of travel over this route. He stated that the western states particularly were very interested in the possibilities of the OST Assn., and extreme interest is being shown in that area. The western states are also seeking re-designating of the U.S.80 to U.S. 90 a transcontinental route.

Plans for financing the organization in the future were also discussed and the local Chamber voted to send \$25 to the organization as per their request for immediate funds.

All Chambers of Commerce on the route are being asked for an initial sum so that the organization may begin operations and have finances until a suitable and equitable means of financing may be worked out.

Results of ASC Election Noted

## Results Of ASC Election Noted

The recent Agricultural Stabilization and Conservation Committee election resulted in Roy Deaton being elected as chairman of the committee with Jack Hardgrave as vice-chairman and Ernest Harkins, Jr., as regular member. Jack Harrell was voted as first alternate and Vic Littleton will be called on to serve in the absence of any regular member.

The 1959 committee members are well qualified and experienced, according to F. M. Wood, office manager. Mr. Deaton served as chairman of the committee in 1956 and Mr. Hardgrave and Mr. Harkins are presently members of the 1958 committee.

The election results were announced by Herbert Brown and T. A. Herring who served as the tabulation board.

Mr. and Mrs. W. D. O'Bryant and her mother, Mrs. Mary Lou Kellar, spent the week-end in Ozona with Mr. and Mrs. William Doyle O'Bryant and assisted them in the remodeling of their new home.

## College Students Leaving Town

The college students of the county have already begun their annual trek to institutions of higher learning in the state with only a few attending out-of-state colleges or universities; also a few are attending trade schools.

Texas Western College claims four students: Adolfo Flores, Armando Ochoa, Kenneth Stutes, and Tommy Wernecking.

At Sul Ross will be Julian Rodriguez, Miss Jessie Mae McDonald, Miss Clotilde Pena, Ed-die Hanson, Roland McDonald, Higinio Pena, Jr.

Miss Colleen Pierson will attend Southwest Texas State Teachers College in San Marcos. Malone Mitchell, Jr., is returning to Oklahoma State University in Stillwater.

Miss Vannah Jo Nance will go to Baylor University for the last half of her senior year.

Miss Elda Cardenas will return to Texas Women's University in Denton.

Raul Barrera will return to St. Mary's University in San Antonio.

Miss Sidney Louise Harkins will go back to Trinity University for her junior year.

Barney Pyle will be in Texas Tech for his junior year, and Bruce McElroy for his sophomore year.

The University of Texas will have three local students: Carroll and Philip Eggleston and Darrell Cox.

Three boys, Bob Beckett, Jerry Monroe, and Ramsey Melugin, will be in Texas A&M for their freshman year.

Miss Elodia Garcia is returning to Eastern New Mexico University at Portales, N.M.

Miss Irma Martinez will attend San Antonio Junior College and Ramon Martinez will be in San Angelo College.

Miss Diana Duke will be in Baylor University at Waco.

Miss Betty Flores will be in Incarnate Word College in San Antonio.

W. J. Vaughn will return to John Tarleton College at Stephenville.

Susana and Virginia Barron are attending a beautician's school in San Angelo. Rosendo Silvas and Manuel Escamilla are attending a barber college in San Antonio.

Miss Sylvia Littleton is continuing her student nurse training at Shannon School of Nursing in San Angelo and Miss Elodia Garcia at Hotel Dieu in El Paso.

Austin — Texas' 56th Legislature, though not yet sworn in, already casts a long shadow over Statehouse activities.

Its membership was settled — or virtually settled — with the counting of the Democratic second primary votes. A few will have Republican opponents in November.

Of more interest now is how the 56th will lean on key issues. Political prophets already are taking pulse readings and pronounce it likely to be more liberal than its predecessor. But not predominately liberal. A big influx of newly-elected liberals from Houston is expected to be offset by Dallas conservatives, plus others from small towns.

On next session's crucial issue — finance — everyone's crystal ball seems a bit cloudy. Next Legislature will have to grapple with a financial deficit which the Legislative Budget Board has predicted may call for as much as \$140,000,000 in additional tax revenue.

Winning candidates, in both their speeches and newspaper announcements, were understandably skittish and unspecific in making specific proposals for dealing with this gigantic problem. Many came out flatly against a general sales tax or state income tax. Numerous suggestions were made to balance the budget through economy in government, elimination of waste and duplication, etc.

Such statements are like the breeze off an iceberg to state departments, many of whom have said they'll be asking for more, not less money, next session.

When the showdown comes, decisions will be made largely by the same group who pushed the voting buttons in '57. All told, there'll be 49 new faces among the 181 lawmakers.

Replacing the three retiring senators, Ottis Lock of Lufkin, Searey Bracewell of Houston and Carlos Ashby of Llano will be Martin Dies, Jr., of Lufkin, Robert W. Baker of Houston, and Louis Crump of San Saba.

House will have 46 freshmen slightly less than the normal one-third turn-over of its 150 members. Changes result from the retirement of 23 representatives, defeat of 13 others.

Mangled Math  
When the next speaker of the house of Representatives takes office in January, some confused arithmetic will be cleared up.

A speaker is elected at the beginning of each regular session

by the 150 House members. Support, in the form of signed pledges, is lined up well in advance of the session's start.

This year, when the dust settled from the run-off primary, 15th contenders claimed victory. Roy Waggoner Carr of Lubbock predicted speaker, said he had 80 pledges. Rep. Joe Burkett of Kerrville claimed 77 pledges. In addition, Burkett said he knew of 15 House members who had made no pledges.

All the claims added to 172 representatives — 22 more than the people elected.

Faculty Raises Asked  
Salary raises for faculty members are the principal item in a \$12,515,000 budget increase being sought by Texas' 18 state colleges and universities.

Texas Commission on Higher Education said the \$4,000,000 being asked by college officials would allow for average raises of \$500 per year per prof.

Altogether the colleges budget requests to the Commission total \$68,721,975 for the 1960-61 biennium.

Commission's task is to screen these requests and make up a recommended budget to present to the Legislature.

**MARGARET LEA HOUSTON**

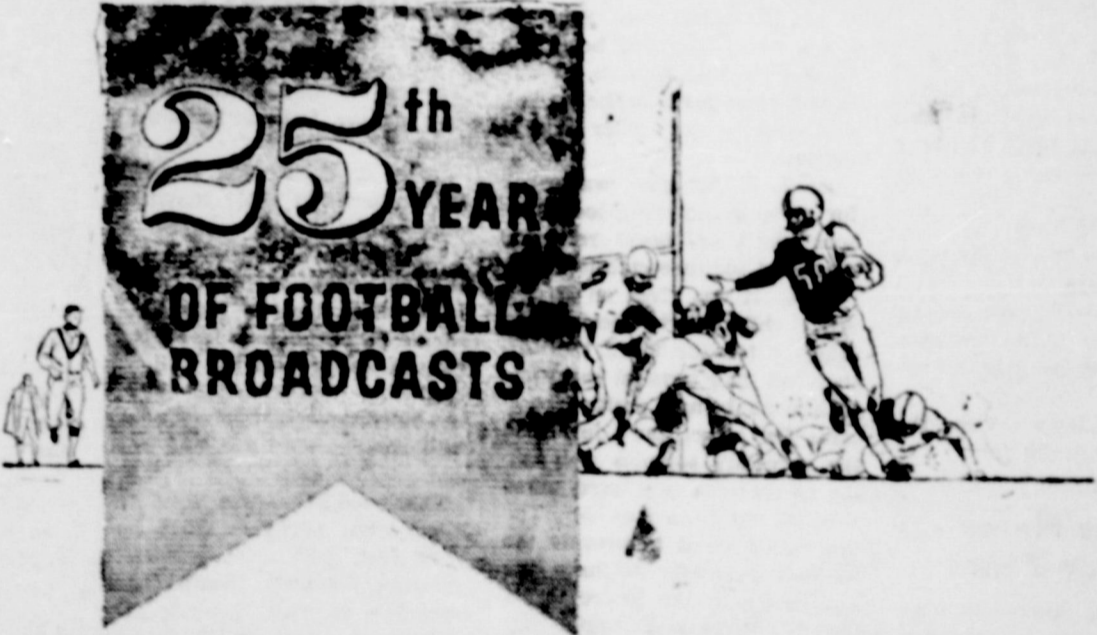

*First Lady of Texas Independence*

So much has been written of Sam Houston, the magnificent Texan, and so little of the woman who comforted and strengthened him, his wife. Well born, well mannered and charming, Margaret Lea of Alabama was a typical magnolia blossom of the old South when she met the hero of San Jacinto. It was love at first sight, although she was but 20 years old and he had lived more than twice her lifetime in a harsh and dangerous frontier world.

They were married shortly before General Houston became President of the Republic of Texas for the second time. A contemporary biographer says, "From then on her life was writing poems and love letters to her husband, playing the harp and piano, managing an overflowing household, bearing and raising eight children. She also supervised two large farms and loaned the surplus profits, always seeking and finding sound security."

Today Texans still demand and get their right to choose the way they want to live. In this vigorous and freedom-minded homeland, "Beer Belongs" and this is why the United States Brewers' Foundation works constantly in conjunction with brewers, wholesalers and retailers to assure the sale of beer and ale under pleasant, orderly conditions. Believing that strict law enforcement serves the best interests of Texans, the Foundation stresses close co-operation with Armed Forces, law enforcement and governing officials in its continuing Self-Regulation program.

### PTA Honors Faculty After First Meeting

The first meeting of the Parent-Teacher Association for the current school year was held on Thursday afternoon of last week in the high school auditorium. Mrs. Jack Turner, president, presided.

The invocation was given by John W. Byrd. The president welcomed the teachers, new members, and parents.

The executive board recommended the Halloween Carnival money-making project for the current year and the recommendation was accepted. A tentative budget was read and approved.

Miss Moore's first grade and Mrs. Savage's twelfth grade tied for the room attendance prize. Announcement of the Texas State Convention of the Texas Congress of Parents and Teachers in El Paso on November 12-14, also of the PTA work in Odessa on October 16.

The time of meetings for this year will be alternated as last year with the October meeting in the evening at 7:30.

The merits of the Parent-Teacher magazine were discussed. Mrs. Roy Bogusch presented a tea honoring the teachers which was held in the band hall, was arranged by the hospitality committee consisting of Mrs. D. I. Duncan, Mrs. J. T. Williams, and Mrs. W. W. Sudduth.

The table, covered in a white cloth, was centered with an arrangement of mums and statice in a blue vase, emphasizing the PTA colors of gold and blue. Individual cake squares iced in yellow and decorated in a yellow rose with a blue accent further emphasized the color theme.

Mrs. Turner and Mrs. W. B. Savage presided at the tea table.

### College Set Guests at Barbecue Supper

Mrs. D. L. Duke and Mrs. H. Beckett entertained the college set with a picnic supper last Wednesday evening at the Duke home.

Supper was served in the backyard and the guests visited until a late hour. Barbecued chicken, beans, salad, pickles, hot rolls, tea, and cake comprised the menu.

The guests list included Darrell Cox, Bruce McElroy, Bobby Beckett, Sidney Louise Harkins, Mary Harrell, Tommy Werneck, Jerry Monroe, Eddie Hanson, Ramsey Melugin, Malone Mitchell, Jr., Stanley Sullivan, W. J. Laughlin, Jessie Mae McDonald, George Edwards, Colleen Pierce, Roland McDonald, Kenneth Whites, Vannah Jo Nance, Diana Duke, Linda Beckett, Glynn Chandler and H. M. Beckett.

Mrs. Charlie Cash and daughter, Charlene, of San Antonio arrived Sunday to visit with her father, Mrs. Elma Riley, and her mother-in-law and sister, Mrs. Alfred Bendele.

### Miss Peggy Dale Brown Becomes Bride of Edward N. Glass In El Paso August 29

Miss PEGGY Dale Brown, daughter of Mr. and Mrs. Paul C. Brown of Fort Stockton and formerly of Sanderson, and Edward Nelson Glass, son of Mrs. Molly M. Glass and Lewis N. Glass of Charlottesville, Va., were married on Friday, Aug. 29 at Temple Baptist Church in El Paso. Dr. Harold J. Fuggian read the marriage lines.

Given in marriage by her father, the bride wore a gown of lace and net with fitted lace bodice featuring a scooped neckline and long sleeves ending in points at her wrists. The wide ballerina skirt of net was marked with deep assertions of lace. Her waist-length veil of illusion was edged in lace and fell from a tarray of rhinestones and pearls. She carried an orchid encircled with stephanotis.

Miss Mary Carter of El Paso was the maid of honor. The bridesmaids were Misses Gerry

Lea and Lorena Brown of Fort Stockton, sisters of the bride. They wore frocks of white chiffon over varying tones of lavender with feathered neckbands. They carried bouquets of white carnations accented with showers of lavender.

Lawrence B. Buchanan served as best man and the groomsmen were John O'Masters and Charlie Gray Brown, brother of the bride. Miss Ruthie Smith sang traditional selection as the pre-nuptial music. She was accompanied at the organ by John Robinson who also played the wedding marches.

White and lavender gladioli formed the background at the altar lighted by candles.

A reception in the church parlors followed the wedding. After a wedding trip to New Mexico, Mr. and Mrs. Glass are at home in El Paso.

### Club Members' Husband Prove Cooking Ability

The husbands of the members of the Bonhomie Club entertained with a skillet and lid supper last Friday evening at the ranch home of Mr. and Mrs. C. F. Cox, honoring their wives and several invited guests.

The men prepared the supper around the camp fire in skillets and lids. After supper had been served on the spacious lawn, chuck-wagon style, the group gathered around the camp fire for conversation and visiting.

The menu consisted of barbecued goat, beans, chile, fried potatoes and onions, Spanish rice, onions, camp bread, molasses, butter, coffee, and iced tea.

The members and guests present were Messrs. and Mmes. Ben F. Dawson, H. P. Boyd, J. Garner, J. W. Carruthers, Jr., A. B. Gates, Marion Batson, Alfred Bendele, L. H. Gilbreath, C. W. Cox of Monahans, A. A. Shelton, Ernest Haass, Pinky Carruthers, Mmes. James Caroline, H. E. Fletcher, Mary Cox, and Elma Riley; Foster Cox and Jimmy Caroline.

### Mrs. G. K. Mitchell Leads Program For Presbyterian Ladies

The circle meeting of the Presbyterian Women of the Church was Monday afternoon in the Fellowship Hall of the church.

### BOB AND PAT DUNNING'S DREAM CAR COMES TRUE IN PLYMOUTH'S END-OF-MODEL CLEARANCE SALE

Canny young local couple takes advantage of year's lowest prices

Bob and Pat Dunning had put off buying a car. Budget. Wanted to see what would happen.

Last week as Bob, a commercial artist, was driving to work he noted a sign in a Plymouth dealership reading, "End-of-Model Clearance Sale. Lowest Prices of the Year." "Just," as he says, "for the fun of it," he stopped his car and went in. Chatted with a Plymouth salesman. Couldn't believe his ears.

Bob and Pat own their new Plymouth

now—made the best deal of their lives.

You can, too, if you hurry. This End-of-Model Clearance Sale will be on at your Plymouth dealer's until the last 1958 is sold. All models included, and all at the year's lowest prices. All come equipped with Plymouth's luxurious Torsion-Aire Ride at no extra cost. All feature sleek Silver Dart Styling, Total-Contact Brakes, thrilling sports-car "feel," other Plymouth exclusives. Engine options even include the breath-taking Golden Commanda V-8.

Better stop in at your Plymouth dealer's today. If you've been waiting to "see what happens" ... it's happening right now!

### FOR BETTER GRADES...

## MORE LIGHT ON THE SUBJECT

Homework is finished faster and more accurately when there is plenty of light for easy seeing. For best light from a table lamp, use a 150-watt bulb. The lamp should be tall enough to spread light evenly over the work area and should be equipped with a diffusing bowl to soften the light and prevent glare. If the lamp has no diffusing bowl, use a 150-watt white indirect lamp, which has its own built-in diffusor. Better light means a better student!

**Listen to Luke**

Continued from Page 1  
usually involve two cars, one of which usually is the only one at fault. Driving safety more often than not is merely common sense and common courtesy. Mechanical failures are another thing. The newspapers of the state have entered into a crusade to promote traffic safety and to try to save unnecessary cost of lives and property damage. We wonder if we are doing our job in informing the public of the necessity for safe driving, or if the public merely wants to exercise its freedom of the right to die.

J. Evetts Haley, Jr., and his father, who operate an Oklahoma ranch and some farm and ranch country around Canyon, Texas, made history this week when they won the right to operate their own farm and ranch without government interference.

**TELEPHONE TALK**  
by Rudy Cooper, Manager

How long is a second? Well, not very long, almost too short to even measure. Well, here's a problem for you. Do you think you could look down seven listings in a telephone directory, find a name you're looking for and note the telephone number of that person in one second? Or do you suppose you could repeat a 2-letter-5-digit telephone number that had been flashed on a screen for just 1-25 of a second?

Well, you probably couldn't do it now, but it's likely you'll be able to after you finished a Rapid Reading Course for Information Operators. The course was pioneered by the New York Telephone Company and was designed to help information operators spot requested names and telephone numbers quickly for telephone subscribers. The training plan will be introduced at the Southwestern Company soon. Kansas City, Missouri, will be the test city and if the course proves successful, company-wide training for all of our information operators will follow.

According to people who have taken the course — it's fascinating and it really works. After completing the rapid reading course many information operators can give the requested information in almost less time than it takes for the customer's ask for it.

Of course, one of the fastest ways for you to call is to make a note of telephone numbers you call frequently. This is especially true with Long Distance since your out-of-town calls go through twice as fast when you know the number in the district city and give it to the operator when you place the call.

**Prescription For Pleasure**  
The telephone by your side can be pretty good medicine — all by itself. It's one of the best cures for loneliness. I'm thinking especially of those long distance calls to loved ones and old friends away from home.

And how about those easy-going conversations waxes on joy during the day? When you're tired of looking at the ironing board, or when the mop starts to get a little heavy, a short "phone break" — just a few minutes chat with a friend or neighbor — really brings you back smiling.

Your telephone is more than just a convenience. There's plenty of pleasure and relaxation built into it, too. So use it often as the mood strikes you. That's what it's there for.

**Up-To-Date Ideas About Telephones**  
Where is the telephone in your home? Is it where you can always reach it easily when it rings — or when you want to make a call?

Or is it in a central hall or in the middle of the house — not really close to any place where members of your family can find when they want to use it?

With your home equipped with handy extension telephones you can "reach" rather than "run" for the phone.

Why not order more telephones for your home today? You'll find the cost of extensions will add very little to what you pay, but will add a great deal to your comfort and convenience.
