SANDERSON, TEXAS, FRIDAY, OCTOBER 17, 1958

NUMBER 36

LISTEN TO LUKE

Well, we got involved in a political contest directly. There's little to be said that the public doesn't know about the two candidates and the friends of either or both or neither should not be persuaded to believe or disbelieve what they know to be the truth about the qualifications, character or shortcomings of either, nor should any voter be lulled into believing any untruth on the basis of hearsay.

We cannot help being biased in our favoring of the junior member of this firm since we spent 37 years in close association with him. You might say we have known him since he was a baby.

We know that his parents have always tried to teach him a sense of fair play, honesty, principles and ideals of which we and he and his friends and family could be proud.

We have seen by his actions in the office of Justice of Peace since his appointment to that office, that he has shown no favoritism in upholding the law, nor prejudice in administering justice. We feel sure that any citizen, relation, friend, or stranger accused of a misdemeanor and charged in his court, would receive fair and just treatment.

We know these qualifications and truths from association and feel that it is an unbiased opinion.

We will declare our support for our son with this, lest we be accused of taking too much liberty and let the friends of the opponents and the opponents themselves attest to the points good and bad otherwise.

Interesting discussion came up at the Chamber of Commerce directors meeting last Monday night. It was pointed out that the exploration crews in Sanderson were represented by approximately 200 individuals. This is a much larger figure than most of the directors realized. The party chiefs of the four local crews were invited to the meeting and asked to give recommendations for local improvements that would benefit both the town and new citizens that might come here.

The greatest need, according to the crew chiefs, is housing facilities. They stated that they knew or some 40 to 50 families who would move to Sanderson if they could find housing here and that was usually the basic element in potential growth.

Further details of that part of the story are found in other columns of The Times.

What we would like to point out to all the readers is what can happen to a town, small, medium, or large.

Sanderson has gotten much wonderful publicity from many sources that has been valuable, but we need to capitalize, if that is the right word, on our publicity.

If the town could influence a building campaign here, there is no doubt but what the buildings would be utilized.

Sure, it's a gamble, but so is walking across the street. And since we don't have the money to invest in any financial venture, we can afford to look out across the future and make our prediction and note our observations.

According to all that we can read, Sanderson is sitting on the edge, or maybe in the middle, of a rich field of natural gas and possibly oil. A veritable giant, so to get poetic, is awaiting to be loosened. And around such giants, castles are built.

As we have said time and time again, we have no conception of the staggering reaches to which such oil and gas activity might bring us. It is a thought to ponder and if there are those who have the ability and could be induced to using that ability in Sanderson, it is a thought to ponder.

(Continued on page 6)

Rainfall This Week Totals .87 Inches Here

Rainfall all this week has totaled .87-inches in Sanderson according to W. E. Grigsby, rainfall record keeper at The Kerr Mercantile Co.

The dates of the rain were: October 11th, .16; 12th, .02; 14th, .69, and it has been showering and misting since early Wednesday morning at the time of this writing.

Every day this week has been cloudy with heavy humidity and intermittent light showers fell all day Tuesday and Tuesday night.

Area rainfall has been varied with amounts up to 1 1/2 inches reported in some areas from showers this week.

The rainfall has been general over the county.

Ranchmen report almost maximum saturation of the ground and boggy conditions exist over almost all the rangeland where there is any dirt.

Seep springs have been reported on some of the ranches where such conditions have not existed for many years.

Ranchmen continue to praise the effects of the rainfall and state that prospects were never better for an excellent feed condition for next spring.

Many of the ranchers report nearly 16 inches of rainfall since the first of the year and almost all ranchmen report about five inches of rainfall during the past six weeks with figures coming in as high as 10 inches during the same period from some areas.

There has been little or no damage to water gaps, but some damage has been reported to the areas where recent dirt work has been undertaken. There was considerable washing of the top soil in those areas, according to reports.

Boggy conditions on the range has prevented much horseback riding, ranchmen say, and time has been utilized in road repair roads, necessitated by washing.

Ozona Downs Sanderson 44-6; Eagles To Rocksprings Friday

The Ozona Lions scored in each quarter there Friday night to defeat the Sanderson Eagles 44-6 in a non-conference game.

There was one score in the first quarter, two in the second period, one in the third period, and two in the final frame for the host team.

Drilling News -

Continental No. 1 Brown-Bassett was reported Tuesday morning at 11,756 feet. Location is on section 227, Block Y.

Magnolia Petroleum Co.-Western Natural Gas Co. No. 1 Banner Estate was reported Tuesday morning to be at 12,160 and preparing to mud up. Operator had been drilling with gas. Location is on section 30, Block 161.

Great Western 1 Chapman is rigging up rotary.

Location is on section 64, Block Y.

Texas Pacific 1-A Dunlap was last reported at 11,926 feet in lime and chert. Location is on the George W. Hudson Survey in Block I.

Gulf Oil Co. INCT-A McCue was reported Monday to be at 916 feet. Location is on section 9, Block R-2 and just north of Sanderson.

1959 Plymouth Displayed Today

James Word Motors is showing the 1959 Plymouth automobile today (Thursday) and Mr. Word stated that he is anxious for all residents of this area to see the new car.

Mr. Word stated that he was well pleased with the appearance and features that are included in the motor and body of the new model Plymouth and asked that all car owners, whether or not they were prospective buyers of his products, to drop by and view the 1959 model Plymouth.

Mrs. Roy Harrell accompanied Mrs. Carlton Smith and children to Ozona Friday morning, the Smiths spending the week-end with his parents, and Mrs. Harrell visiting her daughter, Mrs. W. H. Chandler, and family.

Mrs. Austin Chriesman of Dryden had surgery in a Fort Stockton hospital last week.

Church of Christ Revival Begins Here Monday

John McClish, Jr., of Fort Stockton will be in Sanderson on Monday to begin a gospel meeting at the Sanderson Church of Christ, according to an announcement made this week by R. B. Wood, local minister.

Mr. Wood, along with the members of the congregation, have issued a cordial invitation to all of the residents of the community to be their guests at any time during the meeting.

Services will be conducted at 7:30 p.m. each day Monday through Sunday, October 26. The services for Sunday will revert to the regular schedule of Bible classes at 9:55 a.m., morning service at 10:55, and evening services at 6 p.m.

Highway Dept. Plans Re-Doing Of U.S. 90 West

Word was received Monday that the Texas Highway Department planned widening and possible re-location of some small stretches of U.S. 90 west of Sanderson within the near future.

The construction job will be for about eight miles east of the Terrell-Pecos County line and through Pecos County.

Preliminary surveys will begin as soon as possible, it was learned.

The job will include widening the actual roadbed to the width found in Brewster County on the same highway, and widening of the right-of-way.

All structures on the road will also be widened proportionate to the width of the highway.

Carnival Play Practices Begin

Rehearsals have already begun for the stage show which will be one of the entertainment features of the Halloween Carnival sponsored by the Sanderson Parent-Teacher Association. Mrs. Emmett Young is directing the show which will be "Hollywood Stars, All of Them".

Mrs. Young has also made plans for a style-show. She is requesting the mothers of all little girls in grades one through four who would like to have their daughters in the show to contact her at home or at the Vanity Beauty Shop not later than Monday.

Local Man, Sister Re-united

Paulino Valles visited in San Angelo with his sister, Mrs. Carmen P. Garza, last week.

The visit marked the first time that Valles had seen his sister. Both were born in San Angelo but he was brought to Sanderson when he was about one year old and has lived here since. Mrs. Garza did not know that she had a brother until her father told her shortly before his death a few years ago.

J. C. Mitchell, Retired Rancher, Dies In El Paso

James C. Mitchell, 65, a retired ranchman, died last Friday in an El Paso hospital.

His body was taken to Ozona Sunday and funeral rites were in that city Monday morning in the First Methodist Church. Interment was made in Ozona.

Mr. Mitchell was well known in ranching circles and had extensive ranch holdings in Terrell and Pecos Counties. After selling the ranch northwest of town, where he and Mrs. Mitchell had made their home, to W. M. Edwards who now resides there, they moved to El Paso several years ago.

He was a member of a pioneer West Texas family. His father organized the county government of Crockett County. Mr. Mitchell was a former Terrell County Commissioner.

Survivors include his widow, Mrs. Ollie Mitchell of El Paso, a daughter, Mrs. Annah Mitchell Hoey of San Antonio a granddaughter and great-granddaughter; a sister, Mrs. Ida Mitchell Montgomery of Fort Stockton; two brothers, John M. Mitchell of Brackettville, and W. C. Mitchell of Fort Stockton.

Terrell Well Hits Gas In Unidentified Strata

The Magnolia Petroleum Co.-Western Natural Gas Co. No. 1 Bassett-Goode, located on section 228 of Block Y was reported last week-end to have hit a gas strike at 9,223 feet in a yet unidentified formation. The well flowed between 5 and 7 million cubic feet daily on a drill stem test, according to the report and operators began preparations to core for identification of the formation. It is thought that production was from the Strawn strata.

The well is an offset to the Richardson & Bass No. 1 Goode Estate which was rated as a producer from the Silurian and Ellenburger and was completed several weeks ago as a dual producer.

The well lies on the section between the Magnolia Brown-Bassett No. 1, field opener and the Richardson & Bass producer.

It was stated that there was a slight show at approximately the same level — 9,223 feet — in the Brown-Bassett No. 1 and Richardson & Bass No. 1, but in insufficient quantities for production.

Operator on the Bassett-Goode was drilling with gas at the time of the strike and no acid test has yet been made of the discovery.

Owners Urged To Report Units Available Here

Owners of all available rent property are urged to report the availability of such property to The Times for information to incoming residents. This will be done as a public service and for the accommodation of all incoming citizens.

All available units will be catalogued by the staff of The Times as they are reported by owners or managers so that newcomers may have the list for seeking accommodations locally. Those who own property are asked to report the property, with a description of the rooms available and whether or not it is furnished, and also are asked to report when such property has been rented so that it may be taken off of the available list. Prices of rent and other details may be omitted.

It was suggested at the meeting of the directors of the Terrell County Chamber of Commerce that The Times seek such information and that the owners cooperate by providing needed information for the list.

The accuracy of the list will depend entirely on the owners of such property and all listings will be available to all applicants so that they may contact the owners for details of the renting.

Owners are asked to report by telephone, letter or personally to The Times.

Crew Chiefs Advise Local Chamber Directors of Needed Housing Facilities

Chiefs of local exploration crews were invited to attend the meeting of the Terrell County Chamber of Commerce directors at their regular meeting Monday night to offer suggestions and advice for needed improvements for this area and for the town.

The party chiefs consisted of Messrs. Gibb, Tabor, Owens and Kanepak, who was a proxy for Mr. Turner of the McCollum Exploration Co. The companies represented were Magnolia Seismic Crew, Geophysical Integrators, General Geophysical and the McCollum Co.

The gentlemen offered two suggestions which were: to increase, if possible, the number of housing units in Sanderson and keep an accurate and up-to-date record of available units, and to provide if possible additional recreational facilities for the citizens here.

All of the men were in accord in praising the friendliness of the people of the town and acknowledged the many kindnesses that had been shown them by local residents. They stated that it had been much easier to become acquainted with the people of Sanderson than any other town in which they had lived.

They stated they would give their support in any way possible to further closer relations between the citizens and the resident crews and wanted to be made to feel a part of all aspects of community life.

The Chamber will have a general meeting of all the members on November 10 in the county court room at the courthouse and all representative members are urged to attend. President Troy Druse stated that the meeting would be for the purpose of naming a nominating committee for the election of directors for the coming year.

The directors also ordered the secretary-manager to write to the San Angelo Standard-Times to seek recognition of the rainfall report here.

Nine directors and five visitors were present at the meeting.

Ferguson Motor Co. To Show New Ford

The 1959 model Ford automobile will go on display Friday of this week at the Ferguson Motor Co. and W. J. Ferguson, Jr., manager of the firm, asks that the people come by his place for a comparative view of his new model cars.

Ferguson stated that there were several changes in body styling, interior, motor and other mechanical features which were considered great automotive improvements and he would be glad to point out and demonstrate the features of the new model cars to any who were interested in seeing them.

He invited all residents of the area to come by and visit the showroom and see the display of new cars.

Mrs. O. T. Sudduth and Nelda Kay were in San Antonio last week-end for medical treatment. Mrs. H. D. Price, who had been visiting here with her daughter and family, accompanied them to San Antonio.

Absentee Balloting To Oct. 31; General Election To Be Nov. 4

Absentee balloting began on Tuesday, October 14 for the general election which will be on November 4.

The ballot will have four party columns with the Democratic party on the left, followed by the Republican Party, Constitution Party, Independent Party and a write-in column on the extreme right. The nine proposed constitutional amendments will be listed on the bottom part of the ballot with a "For" and "Against" statement for each of the proposed amendments.

The law went into effect this year barring the check box to the left of each candidate's name and all candidates not the choice of the voters will be marked out.

The write-in column provides a blank for each office so that a voter may write-in any candidate for any office in the state to be named this year.

Probably the greatest voter interest locally will be the write-in candidates for the office of Justice of the Peace of Precinct 1, J. A. Gilbreath, who announced last week, and C. G. Riggins, who announced in this week's Times. Gilbreath is the incumbent.

New Chevrolet Shows Thursday

E. J. Hanson, owner of McKnight Motor Co., announced the showing of the 1959 Chevrolet on Thursday of this week.

Hanson invited all local residents to his business to view the features of the new car and gave away favors to all visitors.

He said that the new model had many features which would enhance convenience, beauty and service qualities of the new cars and wanted all area residents to visit his showroom and view the new model cars.

Hanson stated that there were some drastic changes made in the body styling of the Chevrolet and he felt that these and the mechanical features would be interesting to all car drivers, whether or not they were prospective new car buyers.

L. A. Sharp of Los Angeles, Calif., and Walker Sharp of Needles, Calif., accompanied them by their sister, Mrs. Yergen Newman, and other relatives.

Greetings have come from N. E. Charlton of Del Rio who is visiting in Mobile, Ala., with Mr. and Mrs. Lee Sims. All are former Sanderson residents.

Mr. and Mrs. Henry Mansfield and Mrs. Bertha Mansfield attended the Diamond Jubilee celebration in Del Rio Saturday and visited with Mr. and Mrs. J. E. Hooten and family.

Mr. and Mrs. Bob Cooke and baby of Monahans were visitors here over the week-end with his parents, Mr. and Mrs. Greene Cooke.

Mrs. Gene McSparran and Mrs. E. W. McSparran visited in Fort Stockton last Thursday with Mr. and Mrs. Clyde Higgins.

Mr. and Mrs. W. D. O'Bryant went to San Antonio to attend a birthday dinner for her mother, Mrs. Mary Lou Kellar, who had been visiting there for two weeks. The members of her immediate family, 20 in number,

were present for the dinner. Mrs. Kellar accompanied the O'Bryants home Sunday.

Mr. and Mrs. Jim Crawford have moved to the Clark rent house vacated by Mr. and Mrs. Jeff Howard and children.

Mr. and Mrs. T. C. McCutchen and children are moving to Marfa. He is with the Immigration Service and has been transferred to that city. They were living in the old Cargile home.

Sheriff and Mrs. Lee Billings and family are moving to the Cargile home vacated by the McCutchen family.

Attending a meeting of the Rio Grande Electric Cooperative, Inc. in Brackettville last Saturday were Col. and Mrs. C. I. Hunn, Mr. and Mrs. John W. Carruthers, Jr., Mrs. J. W. Carruthers, Sr., and her daughter, Miss Eva Carruthers. Mr. and Mrs. Elie Hagelstein and son, Chris, Mr. and Mrs. C. F. Cox and son, Foster, and Mr. and Mrs. G. K. Mitchell and children, Keith Jr. and Leelee.

Mr. and Mrs. J. B. Pruett of Marfa are visiting here with her daughter, Mrs. C. P. Peavy.

Mr. and Mrs. W. H. Nessmith

President Eisenhower is given the first of 40 million civil defense emergency handbooks at the White House by 12-year-old Boy Scout Robert J. Neu, of Falls Church, Va. Copies of this booklet were distributed to every home in America on October 11 as part of a National Safety Good Turn program.

of Van Horn visited here with friends last week-end.

Mr. and Mrs. P. T. Robison of Ozona visited on the ranch with Mr. and Mrs. Alfred Bendele last Thursday.

Mr. and Mrs. Barton Robertson and sons, and Miss Nina Robertson of Uvalde, visited here last week-end in the home of Mr. Robertson's sister, Mrs. D. L. Duncan, and family.

Attending a workshop for the members of District 6 of the Texas State Teachers Association in Pecos Saturday were: Mmes Clarence Jessup, president of the local unit, E. E. Farley, Lawrence James, Lee Eggleston, and W. H. Grigsby. Mr. Jessup took the ladies to Pecos.

Mrs. S. L. Stumberg left Monday for Arkansas to visit relatives.

Mr. and Mrs. W. R. Stumberg are going to Beeville Friday to

visit her brother-in-law and sister, Dr. and Mrs. Will Edmondson.

Mr. and Mrs. H. E. Fletcher were in San Antonio last week for her to have medical treatment.

Mr. and Mrs. F. A. Weigand returned home Sunday from a trip to Las Vegas, Nev., to attend the annual round-up of the Best Western Motels.

Mr. and Mrs. Grady Wilson, who operated Jimmie's Steak House for about six weeks, have closed the cafe.

Mrs. D. O. Bosworth has been moved from the hospital where she underwent surgery, to the home of relatives in Houston and her condition continues to improve.

Mr. and Mrs. Joe F. Brown of Uvalde were week-end visitors in the home of Mr. and Mrs. W. H. Savage.

POLITICAL ANNOUNCEMENT

I wish to take this method of announcing to my friends of Precinct One that I would very much appreciate your support in writing in my name as Justice of the Peace in the coming November election.

My decision to make the race for the office was made after a number of friends and supporters wrote my name on the second primary ballot, and after several citizens have asked that I make the race. As is generally known, no candidate's name will appear on the ballot for the office of Justice of the Peace for Precinct One I will therefore certainly appreciate any and all support that I may receive as a write-in candidate for the office.

I can assure you that if I am elected to fill the office for the coming term I will devote the time and attention that the office requires, I will carry out the duties of the office to the very best of my ability. I would deem it an honor to have the opportunity of serving the people of this precinct and Terrell County, for I feel that an elected official should always bear in mind that he has been named to the office by those who respect and trust him, and who have placed their confidence in him.

I feel that my qualifications for the office can best be judged by my friends and neighbors who have seen in what manner I conduct my business, how much effort I have expended in the furtherance of civic and community affairs, and how I have lived as neighbor and friend among you.

If you see fit to write in my name as your choice for Justice of the Peace for Precinct One, in the November 4th election, I will strive to see that your confidence in me is not misplaced.

CHARLES G. RIGGINS
Candidate for the office of Justice of the Peace, Precinct One
—Pol. Adv.

Mr. and Mrs. L. E. Dunbar of San Antonio arrived Friday and Mr. and Mrs. H. A. Mullings and Mr. and Mrs. C. A. Golden left with them on a two-weeks elk and deer hunt near Montrose, Colo.

Mr. and Mrs. Troy Druse and Mr. and Mrs. Edward Kerr spent last week-end in San Antonio on business.

ANTIQUE PLANE STILL FLIES AND SHINES

It was way back in 1938 when the above "Sea Bird" first took off into the blue. And the proud craft still appears pristine while flying in today's air shows. Her lightweight stainless steel skin has remained durable despite 20 years of amphibious service and exposure to all kinds of weather and fuel exhausts. The metal itself has retained its original brightness. These same qualities of stainless steel are being put to use today in modern planes, missiles and satellites of the space age.

State Capital NEWS
By Vern Sanford

Austin — More dust is being stirred up over issues than over candidates, in the build-up to the General Election on November 4. Texans will vote on nine proposed amendments to the Constitution. One of them, providing for annual sessions and salaries in the Legislature, is the subject of hot debate.

A condensed outline of the amendments and arguments being presented for and against follows: (Numbers correspond to the order in which amendments will appear on the ballot.)

1. Would provide for annual sessions of the Legislature. Odd-year sessions would be devoted to all matters, as before, and even-year sessions would attend to

budgeting and emergency matters. Legislators would receive an annual salary of \$7,500 (instead of \$25 a day for a 120-day session) and unspecified amount for "expenses of office".

PRO: Supporters say annual sessions will allow more time for consideration of important matters. State financial planning could be done for one year at a time. No more having to "guesstimate" financial needs for two years ahead. Better pay would be a step toward attracting the best qualified persons to lawmaking. Such influential and hard-working groups as the Texas Junior Chamber of Commerce are pushing this amendment.

CON: Equally outspoken are

the opponents who say it would cause needless expense when money is already short. More time in session means more chances to spend money. Proposed salary still is not enough to attract top-notch talent, but "expenses of office" could open the door to "fat-cattin'" with the public funds.

2. Would allow counties to extend participation in their retirement, disability and death compensation plans to elective officials of the county and precinct. Present arrangement covers only appointive officials and employees of the county.

PRO: It is a permissive law. No county has to do it unless the voters say so. It would give the elective officials the same privi-

lege as appointees, be an attraction to office.

CON: Sets no requirement for length of service. An official might serve one term — or less — and receive benefits.

3. Would allow the County Commissioners Court to fill vacancies in the office of County Judge and Justices of the Peace only until the next general election. Presently such appointment is for the remainder of the unexpired term, up to four years.

PRO: It would give voters the right to choose their own replacement to office as soon as possible.

CON: Since campaigns are so costly, there would be less incentive to run for the office for only a two-year term.

HERE TODAY!
Ford brings Thunderbird elegance to the low-price field with

THE WORLD'S MOST BEAUTIFULLY PROPORTIONED CARS

These Fords you've got to try! Far left is the new Thunderbird... center, the new Custom 300 Tudor Sedan... and above, the 9-passenger Country Sedan.

The elegant new Fairlane 500 Town Victoria

AWARDED THE GOLD MEDAL for beautiful proportions by the Comité Français de l'Élégance at the Brussels World's Fair

Styled, powered and priced for today's driving! There never was a Ford like this before! Its classic new design was awarded the Gold Medal of the Comité Français de l'Élégance at the Brussels World's Fair! With new Thunderbird flavor in each lively line and tastefully new interiors, these '59 Fords are beautifully proportioned for elegant driving.

Power, performance and economy are served up in new proportions, too. All standard Ford engines—Six or Thunderbird V-8—thrive on regular gasoline at regular prices. You save up to 5 cents on each gallon! There's a new aluminum muffler that normally will last twice as long as conventional mufflers used on other cars... full-flow oil filtration that lets you change oil at 4000 miles instead of the 1000 often recommended... new Tyrex cord tires for greater economy and safety... a brilliant new Diamond Lustre Baked Enamel Finish that's so durable you won't have to wax it ever... and two new economy power transmission teams that will bring you savings automatically. That's why we say, for '59, Ford is truly a masterpiece of underpricing!

NEW economy team Number One! Get all the high performance of a completely new Fordomatic Drive teamed with a Six or Thunderbird V-8—at a price that puts automatic driving within everyone's car budget. It's a simplified Fordomatic with nearly 1/3 fewer parts.

NEW economy team Number Two! Take Ford's versatile new Cruise-O-Matic Drive, add the responsiveness of Thunderbird Special V-8 power and you have the last word in automatic driving plus the "built-in" overdrive savings of an economy-gear axle.

Altogether NEW in everything you can see, feel or touch!

State Capitol NEWS

(continued from page 3)

aigning for some other office.
CON: It would discriminate against district, county, and precinct officials since other officials — U.S. Senators, state senators, railroad commissioners and others with more than two-year terms — can run for another office in mid-term.
 5. Would allow Home Rule cities to extend terms of their elected up citizen interest in government for two to four years.

PRO: It is permissive, each city can make its own decision. Two-year terms hardly allow an official time to get a program started before he has to get out and run again.

CON: Elections every two years give voters more control, build up citizen interest in government.

6. Would provide pensions, not to exceed \$80 a month, for retired Texas Rangers and widows of Rangers who retired before the 1947 State Employees Retirement System was established. Money could come from the Confederate Pension Fund.

PRO: Since funds are available it would put no extra burden on taxpayers. Protective dating

New Accessories Make Parties Easier

The buffet party has been rising in popularity for some years, and this trend seems destined to continue and grow. Guests like them for the relaxed, casual atmosphere they create. They're a great favorite with the hostess because they require only a minimum of fuss, and she has the chance to enjoy her own party.

The recent development of oven-to-table ware in stainless steel is making these parties even more easy and pleasurable to give. Fashioned like fine hollowware, these pieces are providing convenient all-in-one vessels in which to cook, serve and even store leftovers in the refrigerator later on. The new designs are available in casserole, covered dish or cooker form and bring with them stainless' famed easy-cleaning features as well as today's top-preference material for cooking ware.

The table above is set for a buffet supper using four elegant new covered casseroles in solid stainless.

clause would prevent marrying for pensions.

CON: It would allow ex-Rangers to receive pensions for as little as two years' service and with no payments on their part, a more generous arrangement than is provided for other state employees.

7. Would allow Legislature to appropriate money for advertising the advantages of Texas in nationally-circulated publications and the use of the name or picture of any living state official would be prohibited. Public fund sources would be matched by private funds.

PRO: Texas is one of only 3 states without a state program to attract tourists and industry. Proponents say it would pay for itself many times by bringing new money into the state.

CON: This should be handled by the business men who would benefit through their trade associations, chambers of commerce, etc.

8. Would allow the Legislature to appropriate money to pay for medical care for people who receive old age assistance, aid to the blind, and aid to dependent children.

PRO: It would provide help for people whose small monthly in-

come cannot possibly cover medical emergencies. Since payment would be made only to the vendor (doctor, hospital, or what not), the money could be used for its intended purpose.

CON: It would cost the state an estimated \$9,000,000 with no limit on how much it could drain from the treasury. It would mean double taxation for cities and counties already providing medical care for the needy.

9. Would allow the Legislature to authorize creation of hospital districts in Amarillo, Wichita County, and Jefferson County.

PRO: It is permissive. People in the affected areas could decide what they want to do with it.

CON: Proposed amendment is long (1,000 words), detailed and so complicated that few voters can even understand it. If such provisions are needed, they should be made in statutes rather than by adding to our already-long Constitution.

Rough Road Ahead
 Latest reports by the State Tax Study Commission list several possibilities for new tax sources which the Legislature could turn to for additional revenue.

They include (1) new selective sales taxes (2) a general retail sales tax (3) a personal income tax (4) a "value added" tax levied on difference between selling price and cost to seller (5) a gross income and receipts tax on

business and (6) a corporation net income tax.

Word has been received from S. D. Thompson of Yoakum that after two weeks in the hospital and resting at home, he is feeling fine after suffering a heart attack. He expressed his appreciation for cards and notes and the sympathetic interest expressed by Sanderson friends.

Mr. and Mrs. Delma Walters have moved to the Happel rent house at 109 W. Hackberry.

Mr. and Mrs. F. M. Wood made a business trip to San Angelo the first of the week.

Mr. and Mrs. Billy C. Hill and children have moved to Ferguson rent house at 200 Pine Street. The Kenneth M. Nance house vacated by the Hillberts. They have been residing in Ozona and he is now employed by the Magnolia Co.

An ELECTRIC Heater

For quick warmth when you need it, just plug in a portable electric heater. It's the handy way to have extra heat where you want it. Ideal for between-season use or for supplementary heat in bathroom, sickroom, nursery and hard-to-heat areas anywhere in your home. Plugs in anywhere. See your local appliance dealer for a portable electric heater now!

TEXAS CHAMPIONS OF FREEDOM

DAVID CROCKETT

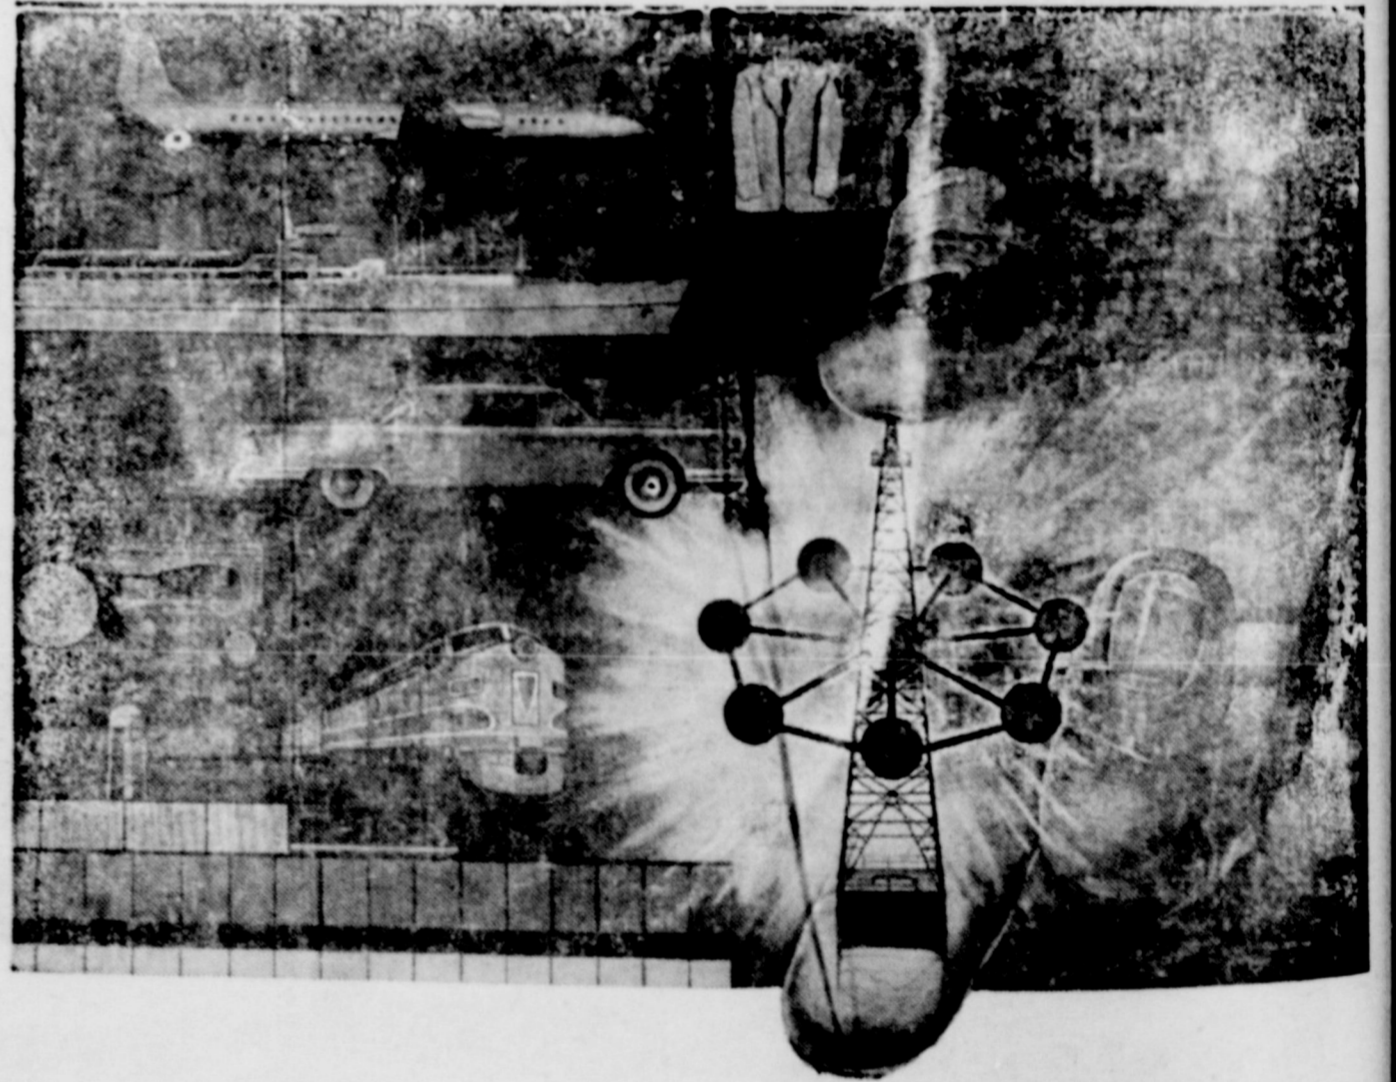

Fighter Without Fear in the Cause of Liberty

From the days he played hookey from school to the moment he fell mortally wounded in the Alamo, Davy Crockett placed freedom first. Born in northeast Tennessee in 1786, Davy was a runaway from home discipline at 13, and back at 15... for schooling which he earned by working for the schoolmaster. Later, marriage and children... then freedom beckoned again. He was off to join the army of General Andrew Jackson. When food failed the army, Crockett proved himself a superb hunter, with special attention to "Bears." Then... the years in which he lived successfully the life of magistrate, colonel of militia, Tennessee legislator and U. S. Congressman.

When beaten in a later race for Congress, Crockett felt he had been the victim of corruption and took off for Texas... "to fight for my rights." From San Augustine, January 8, 1836, he wrote to his daughter, "I would rather be in my present situation than to be elected to Congress for life." Almost immediately Davy Crockett and a few of his "Tennessee boys" joined Wm. B. Travis, to defend the Alamo. On March 6, 1836, the tall, broad-shouldered, black-haired Crockett gave his life for freedom and Texas.

Today Texans still demand and get their right to choose the way they want to live. In this vigorous and freedom-minded homeland... "Beer Belongs" and this is why the United States Brewers Foundation works constantly, in conjunction with brewers, wholesalers and retailers, to assure the sale of beer and ale under pleasant, orderly conditions. Believing that strict law enforcement serves the best interest of Texans, the Foundation stresses close cooperation with the Armed Forces, law enforcement and governing officials in its continuing Self-Regulation program.

PETROLEUM—basic to the needs of our time

Oil and natural gas have powered most of the great technological advances of modern times; petroleum hydrocarbons have transformed the dreams of inventors into the realities of engineers... Today, in the United States, oil and natural gas provide about 75% of the country's energy requirements; and large quantities of oil, available for production beyond immediate need, are necessary to the national security.

An obvious example is the gasoline that powers our automobiles; another is the diesel fuel burned by post-war railway engines. But do not overlook electric power plants, the airplane, whether jet or propeller driven, factory power plants, farm mechanization, and the revolution since World War II in home heating devices. Oil provides the energy that moves the trucks, airplanes, ships and tanks of our Armed Forces.

But petroleum as a source of energy is only part of the story. In the past two decades, the petrochemicals have supplied the country with a vigorous new industry; already most of our rubber is made from petrochemicals... the ubiquitous plastics derive from petroleum products... paraxylene, a petrochemical, is the raw material for one of the most useful of the new fabrics. In this area, wonders never cease; the petrochemicals contribute more each year to the efficiency, comfort, and convenience of modern living.

Thus, oil's progress has made other progress possible all along the front of American industry... Petroleum is the American resource that is

basic to the needs of our time... that is essential to our national security.

The Humble Company, established in 1917, has developed with the industry.

Humble's exploration activities extend from Florida around the rim of the country to California, Oregon and Washington, and beyond to the new State of Alaska... The Company is a leader in the production of oil and gas in the United States... Humble Pipe Line Company is a public carrier transporting not only Humble's oil but that of many other companies and independent producers to Gulf Coast terminals... Baytown refinery is one of the nation's great manufacturing plants... And Humble is a marketer in the Southwest, supplying the needs of motorists in modern service stations.

The Humble Company believes strongly in research, maintains two outstanding research facilities, and annually budgets considerable sums for this activity... Humble research has made substantial contributions to the discovery, production, and utilization of petroleum.

Mrs. Sid Harkins Leads Program At Presbyterian Meet

Mrs. C. C. Mitchell read II Corinthians 13:5-13 after calling the meeting of the Presbyterian Women of the Church to order Tuesday afternoon.

Mrs. J. D. Nichols led in prayer after the hymn, "Love Divine" had been sung.

Mrs. N. M. Mitchell gave the report of the nominating committee and the following officers were elected: vice-president, Mrs. G. K. Mitchell; treasurer, Mrs. R. S. Wilkinson; secretary, Mrs. N. M. Mitchell; secretary of church extension, Mrs. Sid Harkins; assistant and relief, Mrs. J. L. Whistler; world missions, Mrs. E. H. Jessup; stewardship, Mrs. E. F. Pierson; Christian education, Mrs. W. G. Downie.

The circle meeting which followed opened with the singing of the hymn, "There's a Wilderness in God's Mercy". Mrs. Sid Harkins led the program on "A Serving Church" with the members reading scriptures and joining in the discussion.

Mrs. J. W. McKee led the prayer to dismiss the members present.

Baptist W.M.U. Meets For Study Of Philippines

The Baptist W.M.U. met Monday afternoon for a continuation of the mission study course on the book "Into A New World". Discussing the subject "Philippine Beachhead" were Meses. A. D. Brown, R. T. Key, Jr., Clyde Whistler, L. H. Lemons, and James Word.

To open the meeting the group sang the hymn "O, For A Thousand Tongues to Sing" and Mrs. Lemons read Acts 10:1-5. Mrs. H. G. Cates led the dismissal prayer.

Also present were Meses. Doyal Strange, O. D. Gray, M. A. Bunn, T. O. Moore, and Laura Wallace of San Antonio.

Present including Meses. J. W. Byrd, E. E. Farley, R. S. Wilkinson, Sid Harkins, C. C. Mitchell, J. D. Nichols, G. K. Mitchell, E. F. Pierson, J. W. McKee, and N. M. Mitchell.

Mrs. John W. Pate of Alpine spent the week-end here with friends.

Future Plans Of P.-T.A. Group Told at Meeting

The Sanderson Parent-Teacher Association met Thursday evening in the high school auditorium with Mrs. Jack Turner, president, opening the meeting with the Parent-Teacher Prayer.

Mrs. Turner announced the annual meeting of the Texas Congress of Parents and Teachers in El Paso on November 12 and the educational development congress in Odessa on October 16. She also distributed the new yearbooks.

Plans have been completed for the annual Halloween Carnival sponsored by the organization and the date of the carnival set for Thursday, October 30.

Mrs. Turner gave a brief history of the Texas Congress of Parents and Teachers organized in October of 1909, since the birthday of the organization now numbering 600,000 members is celebrated this month.

Peggie Cooke gave a humorous reading, "Secretary's Song". David and Gina Hardgrave sang "Some Sunny Morning" with Mrs. L. D. Booker, Jr., playing piano accompaniment and later playing two piano solos.

The room attendance prize was won by the pupils of the sixth grade with Donald Vickers as teacher.

Study Club Meets Thursday Evening

The Evening Study Club met in the home of Mrs. W. H. Grigsby Thursday evening for the monthly business and program.

Composing a panel for discussion of "Interior Decorations" were Meses. L. N. Sanders, W. H. Goldwire, H. M. Beckett, and W. H. Grigsby.

After adjournment, Mrs. Goldwire and Mrs. Grigsby served raspberry angel-ring, tea and coffee.

Members present were Meses. Newt Harper, Weldon Cox, W. W. Sudduth, Carlton Smith, W. H. Grigsby, H. M. Beckett, E. R. Searcy, Monte Goode, Roy Deaton, Irvin Robbins, L. N. Sanders, and four guests, Meses. H. M. Petty, Gerald Petersen, C. G. Riggins, and J. R. Sorsby.

Phone Your News To The Times

Legion Auxiliary Meets Tuesday In Brown Home

The Legion Auxiliary met in the home of Mrs. Herbert Brown Tuesday evening in regular monthly business session.

Mrs. W. H. Savage opened the meeting with prayer and the group repeated the Preamble to the Constitution.

Mrs. J. R. Hodgkins was named chairman of the '57 Club activities, the teen-agers having already resumed their weekly meetings.

Mrs. W. H. Dishman was named on the committee to assist in collecting gifts for the Veterans' Gift Shop in the near future. The local unit will also pay \$22.50 to the fund for personal Christmas gifts for the hospitalized veterans.

Mrs. R. B. Dyer and Mrs. P. G. Harris, Jr., will assist with the committee on poppy sales. The group decided to sell poppies from 3 p.m. Monday, Nov. 10, to 3 p.m. Tuesday, Armistice Day.

Two new members were announced, Mrs. Gene Thompson and Mrs. P. G. Harris.

After adjournment, Mrs. Jack Turner assisted Mrs. Brown in serving frozen whipped cream cake with tea and coffee.

Those present were Meses. Reg Monroe, W. H. Savage, R. B. Dyer, Winnie Magill, Troy Druse, W. H. Dishman, P. G. Harris, Jr., Monte Goode, L. H. Gilbreath, M. W. Duncan, and Willie Banner.

Spanish Club Meets

The Spanish Club at the high school had their second meeting of the year Tuesday night.

The meeting was to initiate new members.

Following the initiation, Brucks Bader, the president, read the club's oath and Urbano Martinez, the secretary, read the constitution.

Refreshments of cookies and punch were served by the new members and the initiates had salted crackers and water.

Office supplies at The Times.

Mrs. W. A. Banner Hostess Tuesday At Bridge-Luncheon

Mrs. W. A. Banner invited the members of the Tuesday Bridge Club to the Orchid Cafe for lunch this week and then took them to her home for the card games. Beautiful arrangements of gladioli decorated the living room.

High score prize went to Mrs. Hugh Rose, second high to Mrs. Herbert Brown, and Mrs. Gene Litton was low.

Also present were Meses. Jack Riggs, S. H. Underwood, J. A. Gilbreath, and Mary Lou Kellar.

B. of R.T. Auxiliary Meets Monday Afternoon

The Auxiliary to the Brotherhood of Railroad Trainmen met Monday afternoon in the home of Mrs. A. C. Garner with five members present: Meses. Ed Robbins, F. G. Grigsby, C. H. Stavley, H. E. Ezelle, and Irvin Robbins.

Mrs. Garner served pie and coffee after adjournment.

Mrs. R. S. Wilkinson Hostess Wednesday At Bidge Luncheon

Bouquets of regina corona vine decorated the living room in the home of Mrs. R. S. Wilkinson when she entertained the Wednesday Bridge Club and additional guests this week, serving luncheon at 1 o'clock.

In the card games which followed, high score prize went to Mrs. W. W. Sudduth, second high to Mrs. John Reininger, and slam prizes going to Meses. Web Townsend and James Kerr.

Also present were Meses. Worth Evans of Fort Davis, John Reininger, Bustin Canon, Jack Riggs, J. T. Williams, J. A. Gilbreath, F. M. Wood, and E. J. Hanson.

Clyde Higgins, who has been hospitalized in Fort Stockton for two weeks while he underwent medical treatment following a heart attack, was brought home by ambulance Thursday and will be confined to his bed for several more weeks. He is permitted to have visitors.

Newman Haynes Wedding Saturday in Alpine

Mrs. Sadie Haynes of Sanderson and Yergen Newman of Monroe, Utah, were united in marriage Saturday morning in Alpine in the office of Brewster County Judge Felix McGaughey. They plan to reside in Sanderson at 316 W. Oak.

Now... all America sees the one that's truly new!

Like all '59 Chevis, the Impala Sport Sedan has Safety Plate Glass all around.

'59 CHEVROLET

It's shaped to the new American taste. It brings you more spaciousness and comfort with a new Body by Fisher. It has a new kind of finish. New bigger brakes. Vast new areas of visibility. New Hi-Thrift 6. It's new right down to the tires!

Chevy's all new for the second straight year! Here with a fresh Slimline design that brings entirely new poise and proportion to automobile styling. Inside the new and roomier Body by Fisher you'll find truly tasteful elegance. And you'll have clear seeing from every seat. The new Vista-Panoramic windshield curves overhead—windows are bigger, too.

When you take the wheel, you find Chevy's newness goes down deep. A new steering ratio makes handling easier than ever. New suspension engineering gives you a smoother, more stable ride. There's a new Hi-Thrift 6 that goes and goes on a gallon of gas. Vim-packed V8's. New and bigger brakes. Even tougher, safer Tyrex cord tires.

There's still more! A new finish that keeps its shine without waxing or polishing for up to three years. Impressive new Impala models. Wonderful new wagons—including one with a rear-facing rear seat. And, with all that's new, you'll find those fine Chevrolet virtues of economy and practicality. Stop in now and see the '59 Chevrolet.

ALL NEW ALL OVER AGAIN!
