SANDERSON, TEXAS, FRIDAY, JULY 3, 1959

NUMBER 21

## LISTEN TO LUKE

There has been quite a lot of talk in the past week about the president's veto of the farm bill which was designed to aid the wheat farmers.

Our entire Texas delegation to the Senate has been in hot water because of the veto. They are using all they can for political purposes. The President stood on his stand to curb benefits a few at the cost to the entire nation.

We have not forgotten the penalty imposed on a small farmer who raised wheat to feed his own cattle without getting permission to raise the wheat in the first place.

We have spent a little time in the wheat plains country of north Texas and have seen few farmers who needed help after gathering their wheat.

Time was when most Americans were content to take their chances on the farm and a little begging from the federal government.

Will you be alive on July 5?

The Governor's Texas State Highway Safety Commission, of which this columnist is a member, and all the enforcement of

MOTORCIDE

ers for the highway safety joined in an effort to encourage safe driving during the month of July holiday.

A vivid but tragic example of a car accident was brought to the people of Sanderson when the remains of a car which was wrecked east of here was brought in Sunday morning.

To see the wreckage of the car would be a visual lesson for the people of observation of all safety rules as well as the rules of common sense.

We do not intend to imply that there was any evidence of carelessness on the part of the driver of that particular car, but we do know that many such accidents are caused by carelessness and many times by the lack of common sense.

Had there been another car of people at the place of the accident that night, they might have been innocent victims of a tragic accident.

If we could write or say anything that might help to prevent another accident we would be more than glad to say or write. We are concerned when our loved ones could be victims of such an accident.

The need for more patrolling of this area is becoming more apparent every day. Law violators on the highways are dangerous to all who are traveling.

One of the best means to prevent traffic violations is to have strict law enforcement and a Highway Patrolman is the best answer to that situation.

Without enforcement there is absolutely no protection for the innocent or the general public. Let's stretch our faith too far in our ability. She has her hands full, right now.

Will you be alive on July 5?

## Over 300 Barrels Oil Per Day Flows From Shell Well

### Wildcat Set By Gulf In North Part Of Co.

#### Light Rains Fall Since Wednesday Afternoon Late

Heavy clouds and light mists continue to prevail in this area and some rainfall resulted late Wednesday afternoon and Wednesday night locally.

The light drizzle began about 4 Wednesday afternoon and lasted until about 7 and another shower fell during the night.

Monday night there was a constant rumble of thunder and a heavy display of lightning to the south.

Ranchers south of Sanderson reported no rain, but it was unofficially reported that heavy rains fell southeast of Dryden near the river.

#### Mrs. Sudduth Called To Niece

Mrs. W. W. Sudduth was called to El Paso Wednesday morning to be with her niece, Betty Brown of Monahans, who is hospitalized there and seriously ill. Barbara accompanied her mother to El Paso. Miss Brown is the daughter of Mr. and Mrs. Seals Brown.

#### Coming Events

#### Lions Club Officers Installed Thursday

Carlton Smith, new Boss Lion

New officers for the Sanderson Lions Club were installed in impressive ceremonies Thursday night of last week.

The night meeting was held on the lawn at the Greene Cooke home and the families of Lions were invited guests.

Barbecued chicken was the feature of the meal served before the installation service.

Retiring president Carlos Dunn introduced Walter Butz of Fort Stockton, zone chairman, who introduced Marvin Brown of Midland who installed the officers and spoke on Lionism.

Mr. Brown is the Deputy District Governor.

Officers installed were as follows: Carlton Smith, president; Jack Turner, 1st vice-president; Ray Hodgkins, 2nd vice-president; J. B. Samsby, 2nd vice-pres-

Gulf Oil Corporation has spudded to 25 feet and set surface casing in the scheduled 11,500-foot Terrell County wildcat eight miles southwest of Sheffield.

It is known as the No. 1 Allison Unit, 660 feet from the south and 1,446 feet from the east lines of the northeast quarter of section 17, Block B-2 of the CCSD&RG NG Survey.

The well is located on the fourth section east and third south of the Shell and Humble No. 1 Smith, recently completed.

#### Mrs. Cooke's Mother Dies at Camp Wood

Mrs. T. B. Hutcherson, 73, a retired grocery store operator, was found dead in her home at Camp Wood early Monday morning. Funeral services were held Tuesday afternoon in the First Baptist Church in Barksdale with burial in Barksdale.

Mrs. Hutcherson, the former Miss Sarah Smith, was a native of Teague, Texas, coming to Barksdale with her parents when she was 12 years of age. She was married to T. B. Hutcherson in 1903 in Barksdale.

Survivors include a daughter Mrs. Greene Cooke of Sanderson; four sons, Carl Hutcherson of Brackettville, Guy, Roy and Horace Hutcherson of Camp Wood; 13 grandchildren and 8 great-grandchildren.

Mr. and Mrs. Marshall Cooke Mr. and Mrs. Dudley Harrison and Mr. and Mrs. Bob Cooke of Monahans attended the funeral services.

Carlos Dunn, retiring Prexy

ident; John Huey, tall twister; Don Vickers, Lion tamer; C. G. Riggins, secretary-treasurer; and Carlton White, A. J. Riess, Don Anderson and Greene Cooke, directors.

Miss Peggie Cooke, outgoing Lions sweetheart, was presented with a gift and Miss Judy Denison, newly-elected sweetheart was introduced.

Out-of-town guests besides Mr. Brown and Mr. Butz were: Arthur O'Neill of Midland and Mrs. Butz of Fort Stockton.

Mr. Dunn was presented with a membership achievement certificate for last year.

He stated that he appreciated the cooperation of the members and officers during the time he was president and expressed special appreciation to Mr. and Mrs. Cooke for the use of their lawn for the meeting.

#### Evaluations Set By School Board Of Equalization

The members of the board of equalization for the Terrell County Independent School District met Thursday and Friday of last week to set evaluations on personal and real property in the county for taxing purposes.

The new evaluation of all property in the county for school taxing purposes is \$6,676,360.00, an increase of \$2,169,150 over last year's figures.

Most of the increase, it was noted, came from shut-in gas wells in the county and from non-producing or "dry lease" acreage.

The evaluations of the county were accepted on all ranch property, livestock, real estate, personal property, utilities and railroad.

There was some increase in valuation from drilling rigs, mud stock and buildings, seismograph equipment.

Local county and school equalization board members expressed their gratitude to all property owners and representatives for their understanding and cooperation at the equalization board meetings.

#### Two Cars Derailed, No Serious Injuries, On Work Train West

Two cars were derailed on a work train about six miles west of Sanderson Monday afternoon in a freak accident. One railroad official was heard to have said it was the first time he had ever heard of such an accident.

The work train was unloading slag on a curve west of Sanderson, and the weight shifted in the car next to the caboose, causing those two cars to overturn off the track.

One of the burro operators in the caboose received a bruised leg and another occupant of the caboose received bruises and facial scratches.

Local crews soon had the track cleared and there was little delay in train movements.

#### Governor Asks Law Obedience And Enforcement

Governor Price Daniel said this week that the official prediction of 26 traffic deaths during the 72-hour month of July holiday "represents all over again the tragedies which are continuing daily on our streets and highways."

The Governor asks that all Texas motorists adhere strictly to the law in driving and that all law enforcement officers apprehend all traffic violators in an effort to reduce injuries, fatalities and property loss during the coming holidays.

The Governor stated that he has appealed to every law enforcement agency in Texas, and to every radio and TV station every newspaper, every traffic safety committee, and every member of the Governor's Highway Safety Commission to do their utmost to help warn the people about highway dangers on this major holiday.

In information received from the Texas Highway Safety Commission, it was stated that speed and drivers without licenses was getting to be one of the greatest causes of accident on Texas highways and streets and the Commission urged rigid enforcement and prosecution of such delinquents.

## FPC To Have Pipeline Hearing On July 14

The Times received a telephone call from Washington, D. C., Wednesday afternoon stating that the Federal Power Commission had set July 14 as the date to hear the oral arguments for the application of Trans-Western Pipeline Co. to construct a pipeline from the Brown-Bassett gas field in Terrell County.

#### Drilling News -

Gulf's No. 1 Prosser flowed gas for three minutes at an undisclosed estimated rate while operator was making a trip with drillpipe at 14,450 feet. Drilling now is below 15,000 feet in sand and shale. Location is on section 45, Block 1 of the TC Survey.

Fan American No. 1 Corder was last reported to be preparing to vibrate through Devonian perforations between 11,965-12,052 feet. Operator set 5 1/2-inch casing to 14,700 feet. Location is on section 30, Block 2 CCSD&RG NG Survey.

Gulf's No. 1A Beulah McCue was drilling 11,596 feet in sand shale and lime at last report. Location is on section 9, Block R2.

#### Wreck Kills Man At Lozier Canyon

Charles Raymond Turner of McCamey was killed in a one-car wreck on U.S. 90 just west of the Lozier Canyon bridge, 40 miles east of Sanderson Saturday night.

The 26-year-old man was killed instantly, officers who investigated the accident, stated.

Also in the car and the victim of a fractured skull and brain concussion was George Taylor of McCamey, who was hospitalized in Fort Stockton.

The car, a 1958 Impala, with 4-speed transmission, triple carburetor, was completely demolished in the crash, which according to local observers, was the worst-smashed-up car they had ever seen.

The car stopped about 50 yards up an incline from where it left the highway, according to those who were at the site, indicating that the vehicle probably was traveling at an extremely high rate of speed at the time of the accident.

Taylor was taken to Fort Stockton by the Lawrence Jones Co. ambulance. Dr. John Starkley of Galveston, who was here to relieve Dr. Gene Richardson over the week-end, went to the site of the wreck with the ambulance and accompanied the injured man to Fort Stockton also.

#### Area Ranchers Buy Bucks at Sale

Among local ranchers attending the annual Rambouillet ram sale in San Angelo last week were Roger Rose, Pinky Carruthers, Mr. and Mrs. N. M. Mitchell and Malone, Jr., Mr. and Mrs. G. K. Mitchell and Keith, Jr., H. E. Gatlin and S. L. Stumberg.

Mr. Rose paid the top price of \$950 for a pen of 5 rams consigned by Nielson Sheep Co. of Ephraim, Utah.

Keith Mitchell, Jr., bought 5 bucks and paid \$220 for one. Mr. Stumberg bought one ram for \$210. Mr. Gatlin was also among the buyers.

The source of information is reliable and stated that official information to this effect would be released Friday.

It was also stated that the examiner had recommended to the commission that the certificate be granted, which, according to the source, would go a long way in expediting and assuring the approval of the certificate.

The Washington source also stated that it was almost certain that a decision would be reached by the commission before August 1, and the outcome of the decision released before that time as August 1 is the date set for adjournment of the commission.

The pipeline as planned would take gas from the Brown-Bassett area to Puckett Field in Pecos County. The use of the pipeline will also call for the construction of a carbon dioxide extraction plant at the Brown-Bassett site.

#### Festivities Planned For 4th Celebration

The Legion Auxiliary is sponsoring two events here for Saturday, July 4th, which will be observed as a local holiday.

There will be a parade through the business district Saturday afternoon starting from the corner of Alamo Lumber Co. at 4:30 and disbanding at the courthouse. Individuals, clubs and business firms are entering decorated cars and floats in the parade.

All junior and senior band members, including graduates, are requested to meet at the band hall Saturday at 3 p.m. to march in the parade. They are to wear blue jeans or shorts and white shirts.

Saturday evening at 8 there will be a bathing beauty revue in the high school auditorium. Admission prices will be 50c for adults and 25c for children.

There will be a rehearsal for the bathing beauty contest Friday at 7:30 p.m. in the high school auditorium. All who wish to enter the contest must register at the rehearsal. There will be no entrance fee required.

The contest is open to girls from 2 years of age up. There will be several divisions and two prizes in each division. The winner of the senior division, 16 and over, will be crowned Miss Sanderson following the revue.

Local organizations and businesses will sponsor bathing beauties of the junior age group 12-15 and the senior age group, 16 and over. Younger girls will be entered by their parents.

#### Mrs. W. H. Savage At Home

Mrs. W. H. Savage has returned home after attending a workshop on "Current Trends in English" at Texas Womens University in Denton for three weeks. While there she spent one week-end in Greenville with Mr. and Mrs. J. F. Nichols and another in Garland with her son, W. H. Savage, Jr., and family. En route home she visited with relatives and Mr. and Mrs. C. G. Bradford in Abilene and in El Paso with her son, Lt. Jack Savage, and family to have several check-ups. Then she went to San Antonio to visit with her sister, Mrs. T. Maxey Hart, and family and her mother, Mrs. J. W. McKee, returning home Monday.

Terrell County's first oil producer is still being gauged but it is known, according to all tests thus far, that the Shell and Humble No. 1 J. E. Smith, will produce over 300 barrels of oil per day on a natural flow.

The well is located on section 5 of block A-2, TCRR Survey. The production was from the Strawn sand.

Operator washed through the Pennsylvanian perforations between 8,108-117 feet, 8,124-129 feet and 8,144-149 feet with 250 gallons of mud acid and swabbed an unreported time, recovering 32 barrels of oil and 12 barrels of water.

The project kicked off on a 34-64-inch choke and flowed four hours, making 36 barrels of oil and 12 barrels of water. The project flowed for 13 hours through a 1-4-inch choke and made 132 barrels of oil, cut 2 per cent basic sediment; then flowed for 24 hours through a 10-64 choke and made 80 barrels of oil plus 1 per cent basic sediment, with gas-oil ratio of 2.474-1; and then flowed for 24 hours through a 12-64-inch choke and made 37 barrels of oil plus 1 per cent basic sediment.

Operators have recovered 252 barrels of new oil. None of the water was formation water. The project was drilled to 10,292 feet in the Ellenburger, assured Devonian gas production earlier with the flowing of gas at the maximum daily rate of 2,270, 000 cubic feet through perforations between 8,586-695 feet.

#### Braves Lose To Piedras Negras In Sunday Game

The Sanderson Braves lost a 1-0 game here Sunday afternoon when they met the tough Piedras Negras aggregation in one of the best games ever witnessed on the local field.

Both teams played hard and well and few errors were tallied against either team. Only six scattered hits were garnered by the locals while the visitors got only five. The five hits of the opponents came at a time when the one run was scored.

Celestino Fuentes did the mound duty for the Braves and had eight strikeouts to his credit. Kenneth Stutes was the catcher.

The Braves will meet the Alpine team here next Saturday July 4, at the local field at 1:30. The public is urged to come out for a real good ball game, which starts early in order to end in time for the parade.

#### Scouts Return Form Camp With Trophies

Four Boy Scouts from the local troop returned from Camp Sol Mayer at Menard Sunday bringing with them honors that were won while there.

The Scouts were Charles Fletcher, Jon Stavley, Danny and Tonny Hodgkins. They were taken to camp last Saturday by Ben Causey and were returned by Marvin Allen who drove down and brought them home Sunday evening. Larry Kight, assistant Scoutmaster, accompanied the boys on the week-long camp trip.

The local Scouts won first in the canoe race and first in camping and were awarded a rating of 300, which is the highest award for the entire camp activities. They brought home banners for their wins and will proudly display them in the Scout Hut.

Clyde Whistler is Scoutmaster, but was unable to attend camp with the boys.

Individual awards received were: Jon Stavley, medal for marksmanship with 22 rifle and a swimming merit badge.

Charles Fletcher was admitted to the "Order of the Arrow".

to hold their frequent meetings since the board of equalization met and they have some idea of how much money they may have—pending the payment of taxes—with which to operate the local schools next year.

Will you be alive on July 3?

It was called to our attention the other day, again, how local people react to the sound of a siren. Everybody driving on all other streets usually drive to the street on which the vehicle with the siren is so they can see what is going on. Drivers on the street with the siren vehicle speed up to stay out of the way if they are in front, and if behind, they speed up to catch up.

Monday afternoon when the ambulance made a run through town we saw only one driver pull over to the curb. There may have been more, we saw but one.

It would be tragic if an accident here was the result of such a foolish thing as getting in the way of an ambulance. People in need of an ambulance are usually in bad need of an ambulance and the driver of an ambulance usually is trying to do all he can for someone who is sick or injured.

Please give ambulances, fire trucks, and police officers room when they turn on their sirens.

Will you be alive on July 3?
