LISTEN TO LUKE

A situation which could arise in the near future should be, in our opinion, brought to the attention of the local citizens now! This is not being done to put a scare or threat into anyone, nor by any means, but for the sole purpose of calling your attention to a possibility or probability of a pending situation which might cause real alarm in the near future.

Under the present trash hauling system, it is most unlikely that there will be 100 per cent cooperation by local residents. This is not the fault of those who are in the business and they are no way to blame. It is just one of those unfortunate circumstances.

Without 100 per cent cooperation, the conditions will not be satisfactory!

The intended and neglected trash and cans and garbage can and will be the breeding place for flies to spread to other nearby garbage areas even when others are kept as clean as possible. One neglected trash can in a neighborhood affects the entire neighborhood and makes a great portion of the work done by neighbors to maintain cleanliness.

Over town today and see the situation that exists just a few days since the cessation of trash hauling by the county. Note the absence of trash cans or generators and see how trash and debris is thrown and scattered about.

You may not be concerned at the present time, saying time will take care of it. Decency will demand that your neighbor or some other resident keep trash disposal area.

Time may prove that — and hope that it does! But let one case of a serious communicable disease break out — one that might even be easily traced to the fly or unsanitary conditions — and the button is hit immediately.

Then there will be a hue and cry for enforced sanitation, a hue and cry for town spraying, for thousands of ways and means to stop and stay rid of the fly. There will also be appeals to the person and that person to something about the unsanitary conditions that exist. There will even be an appeal again to volunteers to spray the town with borrowed sprayers, with the city furnishing the spray, or spraying with the firetrucks, seeking contributions to have town sprayed from the air.

It seems that a little thought; planning now could or might forestall such action or spraying.

Regardless of our love for and best respect for free enterprise, we wonder if a voluntary willingness on the part of the people will insure the proper necessary type of trash and garbage collection and disposal.

Can everyone who will not properly take care of their own garbage disposal afford to pay collection and disposition? We hope so!

Will everyone who starts paying for this service continue to do so to insure the availability of this service? We hope so!

We would like to see, if possible, a compulsory payment plan with as taxing, worked out and contract let for trash collection — thus insuring the proper complete collection and disposition of all trash and garbage.

We do not intend this to be a check against those who are now in the business of trash hauling, we are only trying to put over the idea that there should be 100 per cent cooperation — some way.

Water Users Urged To Make Deposit For Local Service

All local water users are urged to come by Community Public Service Co. as soon as possible to get their security deposit on the water meters straightened out. Jimmy Caroline, local manager stated this week.

He said that most all local water users had a security deposit refund due them and the company is anxious to make all refunds in order to have that portion of their bookkeeping finished.

He said that at the same time water users would be required to make a deposit of \$10 per residence to the Water District and this must be done in the very near future. Caroline stated that it would be much simpler and easier for everyone concerned to transact this particular business at the Community Public Service Co.'s office which is serving as the temporary office of the water district until such details can be accomplished.

Wildcat Slated For North County

The Humble Oil and Refining Co. has slated a wildcat to be drilled on section 68 in Block B2 about 10 miles southwest of Sheffield.

The project will be known as No. 1 Annie Spencer and will be 1,980 feet from the north and 666 feet from the west lines of 68-B2.

The project is scheduled for a depth of 14,100 feet to the Eilenburger.

Location is on the section that is southwest of an earlier effort which was abandoned and is 5 1/2 miles southwest of the Shell and Humble 1 Smith, recently shut in Devonian and Strawn gas and oil prospect.

Dates Announced For Opening Of Local Schools

Supt. Matt Bader announced this week that the 1959-60 school year will officially get under way on Tuesday, September 1. All students from the 1st through the 7th grades will register at 9 a.m. September 1. After registration, they will be grouped for instruction and will begin regular class work which will continue through the entire day.

All 1st grade students will be required to bring birth certificates when they register. They must also have been vaccinated against small pox before they will be allowed to enter school.

A fourth teacher has been employed to teach in the 1st grade. This will decrease the number of students in each section in the 1st grade and will make it possible for the teachers to give better individual attention to students.

All students in the 8th grade and high school will register on August 26, 27 and 28. Senior registration is scheduled for 1 p.m., August 26. Juniors are requested to report for registration at 9 a.m., August 27, and sophomores at 1 p.m. the same day. Eighth grade students will register at 9 a.m., August 28.

The bus will leave Dryden at 1:30 p.m., August 28, to bring all students from the 8th grade through the 12th grade to Sanderson so they can all register that afternoon. The bus will make the return trip as soon as all students have registered. All high school classes will run on regular schedule September 1, beginning at 8:25 a.m.

A general faculty meeting will be held at 9 a.m., August 31. Following this meeting, principals will have the meetings with the teachers. General plans for the year's work will be discussed at these meetings.

Following is a list of faculty assignments:

Lamar Ward School
Miss Bessie Moore, principal; Mrs. Sylvan Walker, Mrs. Jack Hayre, Mrs. Orba Court.

Sanderson Elementary School
Mrs. Clarence Jessup, Mrs. Herbert Winston, second grade; Mrs. Lawrence James, Miss Deris Hart, third grade; Mrs. W. H. Grigsby, Mrs. Jesse Walker, fourth grade; Mrs. W. J. Morris, Mrs. J. C. Rambo, 5th grade; Mrs. W. E. Grigsby, 6th and 7th grades English; Miss Jacqueline Mcaniels, 6th and 7th grades social studies and reading; Joe Dean, 6th and 7th grades social studies, P.E., junior high coach; Jarrell McDaniels, 6th and 7th grades science and mathematics; Y. Mr. and Mrs. Marvin Drum and children of Garland arrived today for a visit with her mother, Mrs. F. G. Grigsby, and Mr. Grigsby.

Clothing Sought For Needy Family

The members of the Legion Auxiliary are making a public appeal for assistance in meeting the needs of a very needy family here. The father has deserted the family of ten children, ranging in age from two months to 12 years, and their mother, who are with local relatives.

There are four boys of school age, 6, 7, 9, 10, and a girl of 12. Anyone having outgrown clothing of any kind that may be used by the children is requested to leave the clothes at the Times office within the next two weeks in order that the children's wardrobes may be ready for the opening of school.

12 New Teachers In Local Faculty

A full faculty has been acquired for the coming school year, according to Supt. Matt Bader. There are 12 new teachers in the local system.

Mrs. Orba Court of Rockport will teach in the first grade. She is a graduate of Sul Ross College and has rented an apartment from Mrs. C. H. White.

Miss Doris Hart, a spring graduate of Sul Ross College, will teach in the third grade. She is a native of Waco.

Mr. and Mrs. Jesse Walker will both teach in the system. Mrs. Walker will teach in the fourth grade and Mr. Walker will teach high school industrial arts and 8th grade science and mathematics. They are both Sul Ross graduates. They have four children and will reside in the Kerr rent house vacated by Mr. and Mrs. A. B. Gates, moving here from Alpine.

Mr. and Mrs. Jarrell McDaniel and daughter, Miss Jacqueline McDaniel, will each fill a vacancy on the local faculty. Mr. McDaniel will teach science and mathematics in the 6th and 7th grades. Mrs. McDaniel will teach Vocational Homemaking and Miss McDaniel will teach reading and social studies in the 6th and 7th grades. All of the McDaniels are graduates of Livingston State College, Livingston, Ala. They will reside in the W. H. Savage rent house formerly occupied by Mr. and Mrs. S. R. Sorsby.

Joe Dean from Abilene and graduate of McMurray College will teach social studies and physical education in the 6th and 7th grades and will serve as junior high coach. He is married and has one son. The Deans will live in the Monte Goode residence.

Mrs. Katherine Smith of Alpine is a graduate of Sul Ross College and will teach junior high school English. She has taught in the Alpine schools for the past 14 years. She and Mr. Smith will move to Sanderson in the next few days.

Charles W. Harris has been employed to teach high school mathematics. Mr. Harris comes from Pasadena where he taught mathematics last year. He is a graduate of Stephen F. Austin State College of Nacogdoches. He is married and has four children. The family resides at the Roy Harrell apartment. He will also drive the Dryden school bus.

Billy J. McKinnerney, a native of Cisco and graduate of East Texas State College at Commerce, will teach business administration and journalism. He is married and has one child.

Mrs. Patsy Jo Payne will teach speech, history and civics in high school. She holds a degree from Sul Ross and is a native of Uvalde. Mrs. Payne and her husband will reside at the Jack Laughlin garage apartment.

Dove Hunters Should Have Ample Harvest

Dove hunters of this area should have an ample harvest of birds, according to all available information and from the number of birds visible on area roads.

The season will open September 1. Hunters are required to have a license unless under 17 or over 66 and then should have an exemption. Ranchers may also get an exemption if hunting on their own ranches.

All hunters are urged to get details of bag limit and possession limit information from Jim Maynard, local game warden; also legal hunting hours.

Boat Registration To Start In October

State Highway Engineer D. C. Greer said today that registration of boats would go into effect in October. The new boating act requiring registration was recently passed by the legislature.

Greer assured boat owners that no penalties or convictions will be involved for this delayed registration date, particularly in view of the fact that the final boat registration date is March 1, 1960. Other features of the act went into effect this week.

"The Texas Highway Department deals solely with registration in this boating bill; we have nothing to do with the safety aspect," Greer said.

Public notice will be given when the registration forms are available.

Army Offers Educational Advantages To Men and Women

Young men and women: Would you like to continue your education, but are unable to do so?

Then you should investigate the educational opportunities in the U. S. Army. There are two ways to continue your education. One is through the United States Armed Forces institute correspondence and self teaching courses. The other by means of regular classroom instructions in an army education center or in a nearby college or university. As you can see, the educational opportunities open to you in the army are limitless.

Your U. S. Army Recruiter, SFC Richard W. Sims, Jr., at 243 S. Oak Street in Pecos can give you full details on the educational opportunities in the army.

A daughter, their first child, was born in a Houston hospital on Friday, August 7, to Mr. and Mrs. Robert W. (Bob) Wilkinson of that city. Her birth weight was seven pounds and one ounce and she was named Suzanne.

Judge R. S. Wilkinson, the paternal grandfather, returned Sunday from Houston where he had spent the week-end with his son and family, leaving Mrs. Wilkinson for a longer visit.

Mrs. and Mrs. R. V. Spears of San Antonio, former residents are the maternal grandparents.

Rev. and Mrs. Noe Montez are the parents of a son, their second child, born in an El Paso hospital on Monday, August 3. His birth weight was eight pounds and he was named Noe, Jr.

Rev. Montez is pastor of El Buen Pastor Methodist Church. His wife and children are with her parents in El Paso and Rev. Montez returned home Tuesday.

New Curriculum For High School

The Sanderson High School will institute a new plan of instruction this fall, according to Supt. Matt Bader. The plan was under careful study during the 1958-59 term and was given the full approval of the school board last spring, Bader stated.

"The new plan of instruction will give the high school students a more enriched program of studies to choose from and will make it possible for students to take more subjects. It will also provide for supervised study by the faculty. Regular study halls will be eliminated and part of each class period will be used as a supervised study period.

This plan would require every student to take five subjects and bend or physical education. In physical education, three days a week would be used for physical activity and two days for health education and hygiene. Band will count 1-2 credit per year and physical education 1-4 credit per year.

"Under the new plan, each class will have 60 minutes, 20 of which will be supervised study. The activity period will be for 20 minutes and the noon recess will be for 50 minutes from 12 to 12:50 p.m. School will dismiss at 4.

"Concessions for private music lessons will be made.

"The library would be used by the teachers allowing students to leave class room for research or checking out materials. Teachers may bring entire classes to the library when special work is assigned an entire class. The library will also be open before school, at noon, and during the activity period.

"As part of the new curriculum, the following new courses are being offered this year: Test as history, general shop, journalism, speech, trigonometry, solid geometry, 8th grade science. The journalism teacher will sponsor the school paper and the annual. The speech teacher will coach plays and speaking events for the Interscholastic League contests.

"The credits required for graduation under the new plan," according to Supt. Bader, "will be: eight required and eight electives for 1960 graduates, eight required and nine electives for '61 graduates; 10 required and eight electives for '62 graduates and 10 required and nine electives for '63 and later graduates."

Supt. Bader listed several advantages to the above plan, other than the advantages listed above. They are: greater choice of subjects, better academic background; elimination of time wasted in study halls; permits teachers to teach instead of keeping study halls; provide better and more comprehensive education program; strengthen the entire school program.

Austin - Quiet has settled over Texas' Capitol Hill after 200 days of hubbub.

As legislators packed to go home, directors and employees of state agencies were filling up scratch pads with figures. For most state-supported activities, the new budget which goes into effect Sept. 1 will mean more funds. Altogether, \$300,000 more.

There were some disappointments, of course, in the appropriations bill. Many programs got less than had been asked for. Some salaries were cut, and there were riders and restrictions in other activities.

But overall, there was more relief and rejoicing than tears and complaining. Most seemed to regard the new budget as the best that could be hoped for in such a "hard year".

For their parts, lawmakers were eager to get home and "mingle with the folks." Ahead lie probable showdowns on new spending for welfare and public schools, and, always, the inching up every two years in general spending.

Budget Breakdown

Texas' new record high budget of \$2,418,000,000 was reported out after 95 days of haggling in conference committee.

But once out, it zipped through both houses, with only 8 dissenting votes in the Senate and a 108 to 30 vote in the House.

Spending from the general revenue fund, the state's multi-purpose housekeeping kitty, totals \$322,800,000. This is up \$42,000,000 from the present biennium.

To show how hard up the state was, more than 56 per cent of total general revenue spending - or \$185,000,000 - will have to come from the new tax bill passed this session.

Here's how the pie was finally sliced on major items:

Public schools received an appropriation of \$774,904,500, an increase of about \$85,000,000, mostly because school spending has an "escalator clause" which ties it to enrollment.

Higher education got the biggest increase from the general revenue fund of any program. It

was boosted by more than \$2,000,000 to a total of \$130,333,424 for the state's 18 tax-supported colleges and universities. Increases were only about half what was asked by the Commission on Higher Education.

University of Texas officials saw one of their fondest dreams come true in that the "available fund" (income from the University's permanent fund) was left free for buildings and "excellence" programs.

Hospitals, special schools, youth council was allotted a total of \$10,456,554; an increase of \$6,348,252.

This is to be used to improve medical care in state hospitals and to build a new mental hospital at Denton, a new dormitory for delinquent boys at the Gatesville school and a new building at the Gainesville School for Girls. It will also cover some salary increases and cost of some repair and remodeling in the vast hospital and school systems. It does not allow for setting up the juvenile parole system ardently desired by the Youth Council and recommended by Gov. Price Daniel.

State Employees, lower-bracket employees, from \$2,400 to \$6,000 annually, will get a \$180 a year raise. It's not a lot - \$15 a month more in the employees' pay envelopes - but it will cost the state about \$14,000,000 for the two years.

Judiciary will receive \$9,336,769 from general revenue, a \$312,773 increase. Most of this goes for new district courts plus briefing attorneys and secretaries for the Supreme Court.

Prison system operating budget was increased by \$2,800,000 plus \$7,720,000 to provide additional buildings for a prison population soaring toward 11,000.

Livestock Disease - a new program to control brucellosis was tabbed for \$239,960, considered

ably under the \$2,170,000 request.

State Advertising - State Highway Department was authorized to use \$100,000 to lure tourists and the Texas Industrial Commission \$20,000 to seek new industries.

Constitution - Texas Legislative Council was given \$50,000 for a study of the State Constitution with a view to revising it.

Insurance Department - all the furor over top officials' salaries brought little change. Commissioner of Insurance William Harrison was cut from \$29,000 to \$15,000 a year; the three board members from \$15,000 to \$14,000.

Building program - To further the Capitol expansion program, \$2,753,000 was appropriated for buying land, \$2,294,000 for a second state office building.

Water Planning - Board of Water Engineers was allotted \$2,037,000, an increase of \$200,000 but nearly \$800,000 less than requested. It will allow for some salary increases for board members and engineers and mapping to locate future damsites.

Rio Grande Navy - Sen. Abraham Kazen, Jr., of Laredo, Texas' fourth "governor for a day" this year, used his time in the spotlight to call attention to needs of his South Texas border country district.

As Senate president pro tempore, Kazen served as chief executive in the absence of the governor and lieutenant governor. He proclaimed Good Neighbor Day, created the Navy of the Rio Grande and urged Congressional approval of Diablo Dam west of Del Rio.

Relieve for Church - St. Martin's Lutheran Church a beautiful, classically designed building one block north of the Capitol, was to be destroyed to make way for the state building program.

Texas Employment Commission's new building has already gone up within a few feet of it. But the Senate, in a resolution

sponsored by Sen. Charles Herring of Austin, has asked TEC to study the possibility of putting the church to some use, such as a non-denominational chapel, before deciding to level it.

Short Shorts

Penalties up to \$200 and court costs can be assessed against operators of dual-wheeled vehicles without protective mud flaps after August 9. Previously the law required the use of mud flaps only when the pavement was wet. Now they must be used at all times.

Beginning October 14, parents' consent and a three-day wait will be required between the application for a marriage license and the wedding if the groom is under 21 or the bride is under 18. Changes in the law to slow down quickie weddings were voted by the legislature in recent call session.

Salk vaccine still hasn't put an end to all polio in Texas. Total cases in the state this year had climbed to 231 as of July 25, the State Health Department reported.

Mr. and Mrs. C. Matteson, San Antonio, were with Mr. and Mrs. C. E. Clymer for a short visit on Wednesday en route to Marfa where they will establish residence.

Personals . . .

Mr. and Mrs. W. N. Bowden and two sons, Billy and Bobby, of San Antonio, visited here last week-end with his mother, Mrs. O. J. Cresswell, and Mr. Cresswell.

Maj. and Mrs. Ray deBusk and sons left Wednesday for their home in Mt. Holly, N.J., after a visit here with her mother, Mrs. O. J. Cresswell, and Mr. Cresswell. The deBusks will leave about December 1 for the Azores where Maj. deBusk of the U. S. Air Force, will serve a tour of foreign duty.

Mr. and Mrs. W. E. Hill and family returned home Tuesday from a trip to St. Paul, Minn., where he attended a railroad firemen's convention.

Mr. and Mrs. Bill Wincer and children of Wichita, Kansas, were week-end visitors with his aunt, Mrs. Clyde Higgins, and family.

Mr. and Mrs. Troy Cates and son, David, of Menard spent last week here visiting with his brother, H. G. Cates, and family. John and Barbara Cates accompanied Mr. Cates and David to El Paso Wednesday and Thursday the H. G. Cates family took their guests on a sight-seeing trip in the Davis Mountains.

Karol Phillips of El Paso arrived Wednesday for a visit with

her grandmother, Mrs. Lizzie Williams, and her aunt, Miss Eva Williams.

Presbyterian Ladies Plan Annual Picnic

The Presbyterian Women of the Church met Monday afternoon in Fellowship Hall in an executive board session preceding the circle meeting. Mrs. C. C. Mitchell, president, read the devotional "You Are The Light of the World" from the Presbyterian Woman. The devotional was based on Matthew 4:4-14 and was written by a woman in northern India and closed with a prayer.

The group sang the hymn "What A Friend" to open the meeting. Plans were made for the annual picnic to be served on the church patio on Thursday, September 3.

Mrs. G. K. Mitchell led the program on "The Life of Subordination", which was based on 1 Peter 2:1-12. The Lord's Prayer was repeated in unison to close the meeting.

Mrs. E. E. Farley and her daughters, Eloise and Beverly served peppermint ice cream pie and iced tea during the social hour.

Those present were: Mmes. J.

D. Nichols, John W. Byrd, Sid Harkins, Lawrence James, N. M. Mitchell, E. F. Pierson, G. K. Mitchell, W. H. Savage and C. C. Mitchell.

Legion Auxiliary Meets Tuesday Night

The American Legion Auxiliary met in the Legion Hall Tuesday evening in the regular monthly business session.

Mrs. E. E. Farley read a few excerpts from the Legislative Bulletin.

Plans were made for the Auxiliary's participation with the Legion in a joint installation service on Thursday, August 20, in the Legion Hall. Mrs. Winnie Magill is chairman of the refreshment committee.

The group voted to provide a case of milk for a needy family with several small children. Several members will also contribute clothing for the five school children in the family and make a public appeal for outgrown clothing for all of the children.

Mrs. Magill and Mrs. Lawrence James served home-made ice

cream, coffee and cake after adjournment. There were three guests present: Mmes. A. J. Riess, Novis McElroy and L. W. Welch; also Miss Elodia Garza, who was the first recipient of the 16th District's nursing scholarship and who graduated Sunday from the Hotel Dieu School of Nursing.

B. of R.T. Auxiliary Has Picnic Monday For Their Families

Members of the Auxiliary to the Brotherhood of Railroad Trainmen had their annual picnic Monday evening, inviting their husbands and children to join them. Fried chicken and the trimmings were featured for the picnic supper on the lawn at the home of Mr. and Mrs. F. G. Grigsby.

Those present were Mr. and Mrs. Ed Robbins and two children, Mr. and Mrs. Dick Sullivan and Hannah, Mrs. C. H. Stavley and two sons, Mr. and Mrs. Irvin Robbins and two children, A. C. Garner, Mr. and Mrs. H. E. Ezelle, Mr. and Mrs. Jack Laughlin, Mr. and Mrs. Grigsby.

TEXAS CHAMPIONS OF FREEDOM

Lucy Holcombe Pickens

Ambassador of Goodwill and Sponsor of Liberty

A hundred years ago a beautiful and spirited Texas girl so fascinated the rulers of Czarist Russia that she was an honored guest in St. Petersburg's imperial palace for the birth of her first child. The Czar and Czarina stood as godparents and named the baby "Douschka." Translation: "little darling." That Texas girl was Lucy Holcombe Pickens, of Marshall and the East Texas piney-woods, and wife of the American ambassador to Russia.

Home again, with her husband then Governor of South Carolina, romantic legend says that when General Pierre Beauregard was about to begin the bombardment of Fort Sumter, he handed a taper to little Douschka—who touched off the first cannon shot of the Civil War.

But the lovely Texan, Lucy Holcombe Pickens, was to make more history. She sold the magnificent jewels given to her by Russian royalty to equip a Confederate army unit, known as the

Lucy Holcombe Legion. And as a tribute to this remarkable young woman, her beauty was immortalized on Confederate currency—\$1 to \$100 bills. Many Texans have championed freedom in many kinds of battles, but Lucy matched their achievements with no weapons but kindness, intelligence and charm.

Today Texans still demand and get their right to choose the way they want to live. In this vigorous and freedom-minded homeland . . . "Beer Belongs" and this is why the United States Brewers Foundation works constantly, in conjunction with brewers, wholesalers and retailers, to assure the sale of beer and ale under pleasant, orderly conditions. Believing that strict law enforcement serves the best interest of Texans, the Foundation stresses close co-operation with the Armed Forces, law enforcement and governing officials in its continuing Self-Regulation program.

STRENGTH FOR THESE DAYS

from the Bible

Have mercy upon me, O Lord, for I am weak; O Lord, heal me . . . (Psalm 6:2)

The great Abraham Lincoln spoke often of the many times he had fallen to his knees because he had no place else to go. The realization of our human weakness and insufficiency is the first step toward God's mercy and help—so freely granted to heal us and save us, through devout prayer and faith.

Notice . . .

I will be in Sanderson from 8 a.m. to noon Aug. 15 to vaccinate dogs and do other veterinary work. Please call the Sanderson Wool Commission Co., DI 5-2544, for appointments.

Improve your home and stay within your Budget

with a TITLE I LOAN

from \$50 to \$3500 with up to five years to re-pay

Any improvement adding to the basic condition of the existing home is eligible for this type of loan. The home does not necessarily have to be paid for. Your first payment is due two months after work is completed and you are allowed up to two months to complete the improvements covered by the loan. Most loans are processed in four days and there is no shortage of money for this type of loan.

Light the way to nighttime safety

Unlighted steps and walks invite accidents like a slip or a fall. Modern outdoor lighting minimizes this hazard and at the same time adds to the charm and beauty of your home. A well-lighted yard is a protection against prowlers, too, and it permits you to perform nighttime chores with daytime ease. Your dealer or electrician will be glad to show you how economically you can light your yard for safety and convenience.

See him about it soon.

so that we all know that all the trash in town will be collected regularly and disposed of properly.

It might be said — the way to do that is to incorporate the town. And that might work. But whatever means is used to accomplish that end by incorporation can be accomplished with out it and it should be done.

We think that it is a serious matter and one which deserves the thought and consideration of some good thinkers.

If there are any readers with what they consider a sound and workable idea, we would be glad to publish them and would be glad to get any ideas from our readers.

PLANNED HUMBLE BUILDING IN HOUSTON — The model shows Humble Oil & Refinery Company's proposed 14-story office building to be located in downtown Houston. Morgan J. Hays, president of Humble, said the building will enable the company to bring its 3200 home office employees together in one central location. Present plans call for a building with approximately a million square feet of usable space. Initially, Humble expects to use more than half of the building for its offices and to sub-let the remaining space to other tenants.
