## ISTEN TO LUKE

The fact that more and better nt units are needed in Sander is noticed every time a crew es here in search or living

do not know the We still wer to alleviate this situation we do know the situation sts and we know that we wish at everyone who wanted to e here could find a place tive that was suitable to them Just this week a drelling crew twenty men was here searchg for living quarters.

These people would be here out 18 months, we were told. What change would be noticed our schools and churches and ch during that time, plus the et that there would be an addimal payroll here for that long; We do not know how many dren would be involved in move of that group here, but average of three per family ans sixty new people in San-

We would like to see such an

Especially would we like to see on the heels of news that the obil Oil Seismic Crew is leav g here Tuesday of next week Fecos

We think that these families e, indeed, been a credit to community and to the comfor which they work. They taken their places in the ous activities of the communlife and the town will miss

We take the liberty of expres what we think is the opinion e entire community and for them good luck and ness in their new location thank you for being good cus among us and we will

## **Fire Department Nets \$616.50** From Only 50 Contributors

The Sanderson Fire Department's drive for funds netted \$616.50 from approximately 50 contributors, according to Dudley Harrison, treasurer. There were 550 letters sent out for do-

Wildcat To Begin **On Corder Ranch** 

nations

Socony Mobil Oil Co., Inc., of Dallas will drill a 17,000-foot wildcat on the J. M. Corder ranch approximately 27 miles northeast of Sanderson.

The well will be known as the No. 1 Alfred A. Drummond and will be 1,320 feet from the north and west lines of section 5. Block 2 CCSD&RGNG Survey.

More specifically, the well will be about 2 miles north of the Corder ranch headquarters. It is about 4 miles south of the Ethel Corder No. 1 drilled by Pan American and abanadoned.

The rig was moved in the first of the week and will be set up for drilling operations to begin immediately.

The drilling crew was in Sanderson the first of the week looking for houses and at this writing it was not known whether they would live in Sanderson or Fort Stockton

### Eugene Upshaw, Juvenile Officar, To Speak Sunday

Harrison reported that of the \$616.50 collected, there were payments of \$9.27 for an overdraft; \$60.30 a bill outstanding to James Word Motors; \$87.75 for chemicals; \$13.50 for books of instructions needed by the fire department; \$238.75 insurance; leaving a balance on hand of \$200.93.

The

Car Callances Stre

The executive committee stat ed that they thought the response to the drive was very poor in regard to the number of persons contributing. It was noted that if the amount collected could possibly be figured as average, then the contributions would have amounted to over

\$6.000.00. All persons who have not sent in their contributions are asked to do so immediately so that the drive may be culminated.

### Wayne Ewing Draws \$500 Fine Here In Assault Case

Wayne Ewing drew a fine of \$5500 in county court Monday on charges of aggravated assault.

The case was tried before R S. Wilkinson, county judge, with Jack Hayre, county attorney as the prosecutor. Ewing asked for a jury trial and a panei of 12 jurors was summoned by Deputy Sheriff Buster Babb. The six selected for jury duty were Don Anderson, Daltor Hogg. Charles Stegall, Dudley Harrison, M. G. Northcut, Sr

Dr. R. C. Bushland (center) of the U. S. Department of Agriculture Animal Insect Laboratory at Kerrville, Texas, received the Texas and Southwestern Cattle Raisers Association's Distinguished Service Award Friday from TSCRA vice president Dolph Briscoe, Jr., Norman Moser (left), Association president, presided at the award luncheon at the State Fair of Texas. Dr. Bushland's research led to the first proven method of eradicating one of the cattle industry's oldest problems, the screwworm infestation.

## Water District **Reports Finances**

James Caroline, manager of the Terrell County Water Control and Improvement District No. 1 reported this week the financial condition of the district. He stated that the figures were not written up in an auditor-type report but that they mirrored the operation of the district for one and one-third months since

## **Tree Project By C of C Begins**

The Terrell County Chamber of Commerce tree-planting promotion project has begun and all local and area citizens are asked to begin thinking now about their needs or wants in the way of pecan trees and other nursery stock

An order blank is printed elsewhere in The Times and prices of pecan trees are listed on the

# **Eagles Hit Rocksprings 39-20;** Have Open Date This Week

The Sanderson Eagles hit the Rocksprings Angoras by a 39-20 score here Friday night of last week

It was the last non-conference game of the season for the Eagles.

During the first half it was a back and-forth ball game with Rocksprings making the first tally and the Eagles alternating TDs after that to end the first half in

## **Drilling News** -

Socony Mobil Oil Co., Inc., J. M. Corder wildcai, has been revised to 16,000 foot depth and fee name changed from No. 1 Alfred A. Drummond.

Humble No. 1 Spencer is drilling and and deepening after setting 9 5-8-inch casing at 4,414 feet, total depth. Location is on section 68, Block B-2.

Gulf No. 1 McCue is bottomed at 18,550, but preparing to set whipstock, according to reliable information after failing to recover all of fish. Location is on section 5, Block R 2.

#### Accidents Down In This Area, Patrol Report Says

Accidents have decreased in number by six, according to a ter three quarters. report sent out by Sgt. R. W. Howie of the Pecos Sub-Station TD was by John Massie from the of the Texas Highway Patrol, but G-yard line. deaths increased by one duri September, 1959, over last year The report shows that Patrolmen in the area, including eight counties, made 337 arrests and there were three fatal accidents with a damage of \$20,315.00 and 11 persons were injured.

back of a 20-14 score

The Angoras scored first from the 5 when Ellis went over. The TD was set up by a pass from Mc. Coy, the quarterback, to Mineca good for 30 yards and another pass from McCoy to Geuea for 15 yards.

NUMBER 37

Sanderson worked downfield after the kickoff and from the 5 Vailes went over with the two extra points run across by Harrell.

In the second period Ellis tallied again from the 1 and the try for the extra point again failed Valles countered with a 59-yard

run withe the try for the conversion no good. Rocksprings bounced back and

again it was Ellis from the 1 and the two-extra was on a pass from McCoy to Geuea.

The Sanderson team came out for the second half and looked like a different bunch of bali players. Their tackles were sure and strong and their ball carry ing was with strong effort behind effective blocking.

Valles secored first in the second half from the 24 and the extra points try was no good. Valles scored again from the 4 and the conversion attempt again failed Valles broke loose on a 72-yard run and Marion Wilson kicked the extra point to bring the Sanderson leam out in front 33-20 af

on at 3 o'clock.

nd Mrs. Winnie Magill, Ewing defended his own case

The charges grew out of ar assault on Alfredo Espinosa Trevino a Mexican national, who was working on the ranch on September 18. Trevino was assaulted with a knife, according to the testimony, and was beaten by Ewing with his fists, according to evidence submitted in the case. Trevino left the ranch af ter dark and went to a neighbor ing ranch where ne asked for help. He was brought in to San derson and later taken to Ma.1a where he was held as a witness in the case. There has been little or no upkeep or maintenance expense to any of the existing facilities nor any new facilities added. The figure also represents income from one of the peak seasons of the year, he said, and does not represent an

average. Caroline stated that the board of directors for the district were well pleased with the operation thus far and continued to have high hopes for its future success

#### also address an assembly of all Personals . . . .

Mrs. J. W. Carruthers and her daughters, Mrs. J. V. Ogle of Wink and Miss Eva Carruthers and Mrs. J. W. Carruthers, Jr. returned home Tuesday from Carta Valley where they visited with Mr. and Mrs. Walter Carruthers and in Uvalde with Mrs Carruthers' brother, Levi Duncan, and family. They attended a layette shower for Mrs. Walter Carruthers Saturday.

Mrs. W. R. Stumberg has been visiting in San Antonio with her daughter, Mrs. Marshall Miller and family and with other relatives in Beeville with her sister. Mrs. Will Edmondson, and family, and with friends in San An gelo. She returned home Wed-

order blank. These prices are quantity prices and makes them available at a greatly-reduced price.

Other nursery items may be ordered at catalogue prices but a savings on freight will be available to the purchaser.

Catalogues will be in the hands of order takers soon so that anyone may pick out items desired. Any questions concerning the project in any way may be directed to J. A. Gilbreath, secretary-manager of the Chamber of Commerce.

#### Local SCD Receives Application For G.P.C.P. Participation

Four applications for participation in the Great Plains Conservation Program have been received from ranchers in the Rio Grande-Pecos River Soil Conservation District. The G.P.C.P is available to ranchers in Terrell and Pecos Counties. The program is well suited to rangeland. G.P.C.P. guarantees cost-shar ing for carrying out permanent type practices in a long range conservation plan developed by the rancher and approved by the Secretary of Agriculture.

# **RAILROAD FEATHERBEDDING:** \$500,000,000 LOSS TO THE NATION-INCLUDING YOU-EVERY YEAR

Featherbedding on the railroads - pay for work not done or not needed - is costing the American people the shocking total of more than \$500,000,000 a year.

You pay for it every time you shop, because featherbedding costs are hidden in the price of everything you buy.

Obsolete union work rules, involving the railroad operating employees, are responsible for this gigantic burden. Right now, for instance, these rules require every diesel locomotive to carry a fireman - even though diesels have no fires to stoke, no boilers to tend.

The forthcoming negotiations between the railroads and the unions are urgently important to the whole nation.

In asking the unions to drop these featherbedding rules, all the railroads ask for is a fair day's work for a fair day's pay.

### Freese-Meeks Wedding Oct. 17 In San Angelo

Miss Patricia Meeks and Staff Sergeant James Frederick De Freese were united in marriage Saturday afternoon in San Angelo. Rev. Henderson, pastor, officiated at the double-ring ceremony in the Temple Baptist Church in that city.

The bride wore a street-length dress with a tucked midriff in Empire style and full pleated skirt. A waist-length veil was attached to her white hat. She wore a single strand of pearls and white accessories. On her white Bible was a bouquet of glamellias.

Attending the couple were Miss Kay Pullin of San Angelo. maid of honor, and R. D. Mc Gaughey of San Angelo, the bride's cousin, who was best

The bride is a May graduate of the Sanderson High School and is attending the Shannor School of Nursing in San Angelo. She had made her home here for the past two and a half years with her uncle and aun! Mr. and Mrs. N. W. Carroll, who with their son, Elton, attended the wedding.

Sgt. De Freese is a son of Mr and Mrs. G. W. De Freese of Birmingham, Ala. He is stationed at Kelly AFB, San Antonio, af ter recently being transferred there from Goodfellow AFB, San Angelo.

# ELECTRIC range

# ... because it's ACCURATE

An electric range takes the guesswork out of cooking. Measured heat electric surface units give you exactly the same heat from the same switch setting every time. The electric oven is precision controlled to provide the precise temperature and cooking time your recipe calls for. There's no need for pot-watching and oven-peeking. With accurately measured and controlled electric heat, you can expect cook-

book results every time. See your local appliance dealer soon for a modern electric range.
