VOLUME 54 SANDERSON, TEXAS, FRIDAY, FEBRUARY 10, 1961 NUMBER 1

LISTEN TO LUKE

This issue of The Sanderson Times is Volume 54, Number 1, the beginning of 54 years of publication for this newspaper. We are proud to feel that the newspaper we represent and operate, roughly speaking, has served this community for more than a century. We are moved to dedicate our services to the community in greater efforts for the things which will best promote the community spirit of cooperation and fellowship and will to the end that greater things may be accomplished and peace and happiness make this West Texas town known as a desirable community of happiness and good will.

We often read of the "golden opportunities" in a community. It has been our observation that in order to get the things we want most for our communities usually takes a lot of "brass" that rub the golden glitter off so we may be able to see the things we face and get down to work and dig for the things needed.

This column has never been intended to try to kid the readers into believing that community building was an easy road to a paradise on earth. There are facts that must be faced and we should dig enough to face them head-on without the illusions of an "easy street" way. The responsibilities to be faced by a local newspaper as a voice of the people is a lot bigger than just giving in with a few would-be leaders and voicing their views — trying to understand the needs and errors and the right solution for all the community. We hope we are never condemned for bringing to light some of the faults and shortcomings that have become a detriment to the progress of the community.

There are some in every community who believe that everything else who doesn't believe exactly as they do are completely wrong. Our responsibility, as I interpret it, is to try to bring all of every question to the attention of our readers so that they might be able to reach a reasonable decision.

Right, idealistic, oratorical pop-talk, one might say. But I contend that the development, or better, development, of a greater sense of responsibility to the community will be far more a determining factor in the future of the community as well as the newspaper itself.

We want, and need to increase advertising lineage in order that we can have more pages in which more local news can reach our readers. We try to impress the business people of the community with the need for their support that way. And we don't consider advertising in a newspaper a donation or contribution, but a business-like way of doing business. We know that readers DO read the paper and that it is because of all the members of the family from day to day and that an advertisement is being read.

As we start this new year, as every year, it shall be our purpose to do our best for Terrell County. We are encouraged by nice letters from subscribers from other places as well as from local readers. We are also grateful to those who see fit to write with us on various issues that are taken editorially by this column. We hope there will be a time in the history of our country when citizens will all agree on every issue.

As we start a new year for the Sanderson Times, we ask for your cooperation and your support and your understanding. We may better serve Terrell County and Sanderson in all ways that will make for a better life in West Texas in which

Three Indicted By Grand Jury

Three persons were indicted by the grand jury which met here Monday afternoon.

Sammye Movela Romans was indicted on a charge of murder by mistake and accident while under the influence of intoxicating liquor. The charge grew out of an accident which occurred last October 15 when Ethel Marie Hallett, 29, was killed in a one car accident east of Sanderson.

Texas Highway Patrolmen and local sheriff's department officers investigated the accident.

Another indictment was written against a person for removing mortgaged property from the state.

The third indictment was for burglary.

The persons accused of the latter two crimes are not in the custody of officers and have not been placed under bond.

The bond for the first case was set at \$1,000.00 by District Judge Roger Thurmond.

District Attorney Douglas A. Newton and Court Reporter Mrs. Bell Sutherland, all of Del Rio, were here for the grand jury action.

Judge Thurmond and Mrs. Sutherland returned to Sanderson Tuesday for civil suits in the district court.

He was taken to Del Rio where he was found to have a fractured forearm, a long gash on the scalp and numerous scratches and bruises. His arm had to be reset this week.

His car was demolished. He is reported to have been thrown from the car, skidding on the black-topping on his back for about 40 feet.

Mrs. Martin and their son, Ben E. Martiq, and family visited him in Del Rio Saturday.

L. H. Lemons Has Heart Attack

L. H. Lemons was taken to an Alpine hospital about 6:00 o'clock Saturday afternoon after he had suffered a heart attack in the office at the Chevron Truck Stop where he is employed. His condition is reported to be satisfactory.

The driver of the car was placed under arrest on a violation of a defective headlight charge and investigation later proved the car he was driving was stolen, according to the officers.

Authorities in Houston were notified and officers came after the prisoner and vehicle this week.

The man admitted the theft of the car, officers stated.

The car was a 1956 Chevrolet.

Eagles Win 39-32 In Non-Title Tilt Over Marfa Here

The Sanderson Eagles won a moral victory in their non-conference game with Marfa here Tuesday by defeating the Shorthorns 39-32 in a non-conference game.

The Class AA Shorthorns were touted hot-shots prior to the game and had a theoretical cinch victory on slate.

The B team suffered a crushing 51-16 loss to the Shorthorns to off-set the A team win.

In the B game, Kenneth Moses, Foster Cox, Buddie Joe Hahn, George Ewing, Glen Rowe, Haley Haynes, and Lewis Whistler saw action in the lop-sided tilt.

In the A game Bill Dunn, Dee Gray, Larry Harrell, Bill Stavley, and Herman Fuentez came from behind in the third period to take the win.

The score by quarters:

Sanderson	2	13	31	39
Marfa	8	16	24	32

The Eagles will play Wink here Friday night and will meet Rankin here Tuesday night of next week, both conference games. The final scheduled game will be in Van Horn February 17.

Kids Warned Of Kite Flying Dangers

Things are sure a lot more complicated these days for kite flyers. Time was when an eager young kite pilot didn't have to worry about much except trees, wind and the proper amount of kite tail. Nowadays, however, this traditional sport is beset by many new hazards, such as electrical power lines, television antennas, and busy highways.

"Many youngsters do not realize the dangers in this innocent pastime if safety rules are not observed." This reminder comes from Jimmy Caroline, local manager of the Community Public Service, in an appeal for caution directed to children and parents alike.

"The most important rule," Mr. Caroline declared, "is never to fly kites where there is a possibility of their getting tangled in electric power lines."

Other "don'ts" include: don't use metallic cord or wire for kite string, don't use metal in frame of kite, don't pull on the string or climb a power pole to loosen a kite snagged in electric wires, and don't fly a kite over television aerials.

To help impress children further that safety is all-important in kite-flying, Community Public Service is providing posters for school bulletin boards.

Many County Ranches Begin 1961 Conservation Work

Several ranchers in the Rio Grande-Pecos River Soil Conservation District are beginning their 1961 conservation work, according to the local officials of the local conservation district.

Many are controlling competitive shrubs such as cedar, lechuguilla, and prickly pear. Dan Riggs, F. M. Wood, and Ernest Harkins plan to grub lechuguilla this year, according to the office.

Wintry Blast Hits County

Terrell County has been experiencing real wintry weather this week. Following stormy weather Saturday night when rainfall and sleet were accompanied by thunder and lightning activity, Sunday was a bleak day with cold wind and snow falling at intervals. Monday morning the ground was covered with from three to four inches of snow.

School was dismissed Monday because of the inclement weather.

The sun began shining through the overcast Monday about noon and by nightfall most of the snow and ice had melted.

Some roads in the county were impassable Monday and dangerous conditions existed on all the roads in the county.

Tuesday morning dawned clear but cold and Wednesday the temperature had moderated to balmy conditions.

Lowest temperatures over the week end were in the low 20s and frost was noted Tuesday and Wednesday mornings.

Ranchmen received great benefits from the moisture in the sleet and the rain that preceded the snow.

Very light damage to livestock was reported from some ranchmen as a result of the freezing temperatures.

Roadrunners Idle For Two Weeks

The Sanderson Roadrunners played their last cage game on January 31 when they met the Valentine girls here for a non-conference game. They will play their next game February 14 in Sanderson when the Rankin feds visit here in a conference game. Their next and final district game will be against Van Horn on February 17 here.

Coach Y. F. Bowley has been working with the girls daily during their game-idle time, ironing out wrinkles in offensive and defensive play for the forwards and guards.

Fans who follow the girls' game possibly will see some changes in starting positions of some of the girls, but Coach Bowley stated that the switching of guards and forwards is only experimental now and may be abandoned before this gets into print.

The girls have a good chance to cop the district crown and are working hard to repeat the performance of the girls' teams of years past.

Mrs. A. L. Petty's Mother Dies

Mrs. A. L. Petty and son, Gene, returned home last week from Jacksonville where they had attended funeral services for her mother, Mrs. Mary Smith, 79, who died in her home in that city after a long illness. They had been in Jacksonville for several days prior to Mrs. Smith's death.

Following graveside rites, burial was made in Dallas last Monday with grandsons serving as pallbearers. Mrs. Smith was a former long-time resident of Dallas.

Other survivors include a son, five daughters, 14 grandchildren, and nine great-grandchildren, also two sisters.

Man Fined \$100 For Carrying Pistol

Daniel Galvan of Pecos was fined \$100.00 and costs of court here Monday morning by County Judge R. S. Wilkinson. Galvan pleaded guilty to the charge and waived a trial by jury.

The charge grew out of an altercation in a local street between Galvan and another man.

The other man, Mauricio Gonzales of Andrews, was charged with cursing and swearing in a public place and, after pleading guilty to the charge in Justice of the Peace Court, was fined \$25 and costs of court by J. A. Gilbreath.

Vets Dividends To Be Paid Soon On GI Insurance

In response to instruction by the President, the Veterans Administration said today it is taking immediate steps to speed the payments of more than a quarter billion dollars in insurance dividends to veterans.

Total of \$258,500,000 will be distributed to some 4,800,000 World War II veterans holding National Service Life Insurance, and to about 260,000 World War I veterans who have U.S. Government Life Insurance Policies. Of the total, \$240,000,000 will be paid on NSLI policies, and \$18,500,000 on USGLI policies.

The Veterans Administration said the agency would use every resource in an all-out effort to place as many of the dividend checks as possible in the mails before the end of winter.

Since many veterans hold more than one policy, although the aggregate may not exceed \$10,000 of insurance in force; dividends will be paid on nearly 5,560,000 separate policies.

Setting June 30, 1961, as an outside limit for having all the policy dividends paid, Veterans Administration officials said even this date would cut the payment timetable prevailing in other years by exactly one-half. They expressed the hope, however, that concentrated effort would result in total payment well in advance of the June 30 date. Normally, yearly dividends are paid over a full 12-month period.

The Veterans Administration explained that dividends such as will be paid on World War I and World War II policies are primarily a refund to the veteran policyholders of part of their premium payments. The refunds are made possible principally because the death rate among GI policy holders continues to be lower than the rate upon which the premiums were established by law.

Veterans who currently have in force either term or permanent plan participation National Service Life Insurance and U.S. Government Life Insurance policies will receive dividends.

The agency emphasized that veterans could aid the speed-up of payments by not making advance individual inquiries about dividends. The answering of inquiries, it is explained, would divert personnel from processing the dividends, and thus create a delay in payments.

A Terrell County multipay prospect flowed Ellenburger gas on production tests this week.

Rutherford Named For Mexican Talks

Washington, D.C. — Congressman J. T. Rutherford has been appointed as one of 24 United States lawmakers to serve as a delegate to a Mexico-United Interparliamentary Conference.

Speaker Sam Rayburn in making the announcement, said the U. S. Interparliamentary Committee will be a permanent committee and will meet "at least annually" with representatives of the Chamber of Deputies and Chamber of Senators of the Mexican Congress for discussion of common problems in the interest of relations between the United States and Mexico.

Rutherford is joined on the U. S. group by 11 other House members and 12 United States Senators, all of whom are in Mexico this week for the initial Interparliamentary Conference. The group will hold its next meeting in the United States presumably a year from now, although it is possible that special sessions may be called at any time.

Congressman Rutherford, the only Texan appointed to the Interparliamentary Conference said he felt the appointment "is a great opportunity for service." He added: "We have many common problems with Mexico. We have water and flood control problems along the borders; we have narcotics and other crime problems; and we have security problems. Most of all, this is an opportunity for the United States and Mexico to establish effective cordial relations on which to base a common opposition to the Communist threat in the Western Hemisphere brought on by Castro's Red Cuba."

Rutherford said that the annual conference "is almost certain to prove effective as when men of good will sit together to talk over problems and how best to solve them, friendship respect and results will likely accrue." He added he feels the Interparliamentary Conference will be a great help to the Kennedy Administration's announced goal of combating Communism in the Latin-American nations with positive new programs.

The West Texas Congressman is one of three who introduced a bill in Congress some two years ago to establish the Interparliamentary Conference, and this fact, coupled with the 592 miles of U.S.-Mexican border Rutherford has in his Congressional District, played a part in Speaker Rayburn choosing him for the assignment.

Austin — Organized, but in some quarters, highly disgruntled, the Texas House of Representatives is down to business.

Speaker James Turman did what comes naturally. He gave committee chairmanships, down the line, to those who supported him in his race for speaker. Key committees have a solid majority of Turman men.

Supporters of Turman's opponent, Rep. Wade Spilman of McAllen, are not happy with their assignments. Mostly experienced legislative hands, they can be expected to do some land mining along the path of the slim Turman majority.

Among chairmen of major house committees are these: Revenue and taxation, Rep. Charles Ballman of Borger; Appropriations, Rep. James M. Cotten of Weatherford; State Affairs, Rep. Bill Hollowell of Grand Saline; Constitutional Amendments, Rep. Charles Sandahl Jr. of Austin; Education, Rep. Malcolm McGregor of El Paso; Agriculture, Rep. Grainger McIlhenny of Wheeler; Livestock and Stock Raising, Rep. Steve Burgess of Nacogdoches; Rep. C. W. Pearcy of Temple; Highways and Roads, Rep. Alonzo Jamison of Denton; Judiciary, Rep. L. DeWitt Hale of Corpus Christi; Banks and Banking, Rep. Ben Lewis of Dallas; and Game and Fisheries, Rep. D. Roy Harrington of Port Arthur.

Lt. Gov. Ben Ramsey of San Augustine had named his Senate committees several weeks ago.

Sen. Wardlow Lane of Center heads the Senate's State Affairs Committee. It's a post he held four years ago for the 35th Legislature.

This is the committee that will consider new tax bills after they have passed the House. Money raising measures must originate in the House.

Appropriations, the other half of the money raising - money spending puzzle, will be handled in the Senate by the Finance Committee, headed by Sen. Ray Roberts of McKinney.

Other Senate committee chairmen are: Sen. George Moffett of Chillicothe, Agriculture and Livestock; Sen. Robert W. Baker of Houston, Banking; Sen. Charles Herring of Austin, Claims; Sen.

Louis Crump of San Saba, Constitutional Amendments; Sen. Crawford Martin of Hillsboro, Contingent Expenses; Sen. A. M. Aikin Jr. of Paris, Counties, Cities, and Towns; Sen. Andy Rogers of Childress, Education; Sen. Culp Krueger of El Campo, Game and Fish; Sen. Bruce Reagan of Corpus Christi, Insurance; Sen. Preston Smith of Lubbock, Interstate Cooperation; Sen. Dorsey Hardeman of San Angelo, Jurisprudence; Sen. David Ratliff of Stamford, Labor and Management Relations; Sen. Abraham Kazen Jr. of Laredo, Legislative, Congressional, and Judicial Districts.

Tax Referendum Pushed
Two bills have been introduced to allow voters to express their tax likes and dislikes directly in a referendum at the April 4 Senatorial election.

Rep. Wesley Roberts of Lamesa introduced a measure which would allow voters to make a choice between a sales tax, income tax, or payroll tax. Rep. Henry Fletcher of Luling introduced a similar bill with the additional choice of selective sales taxes.

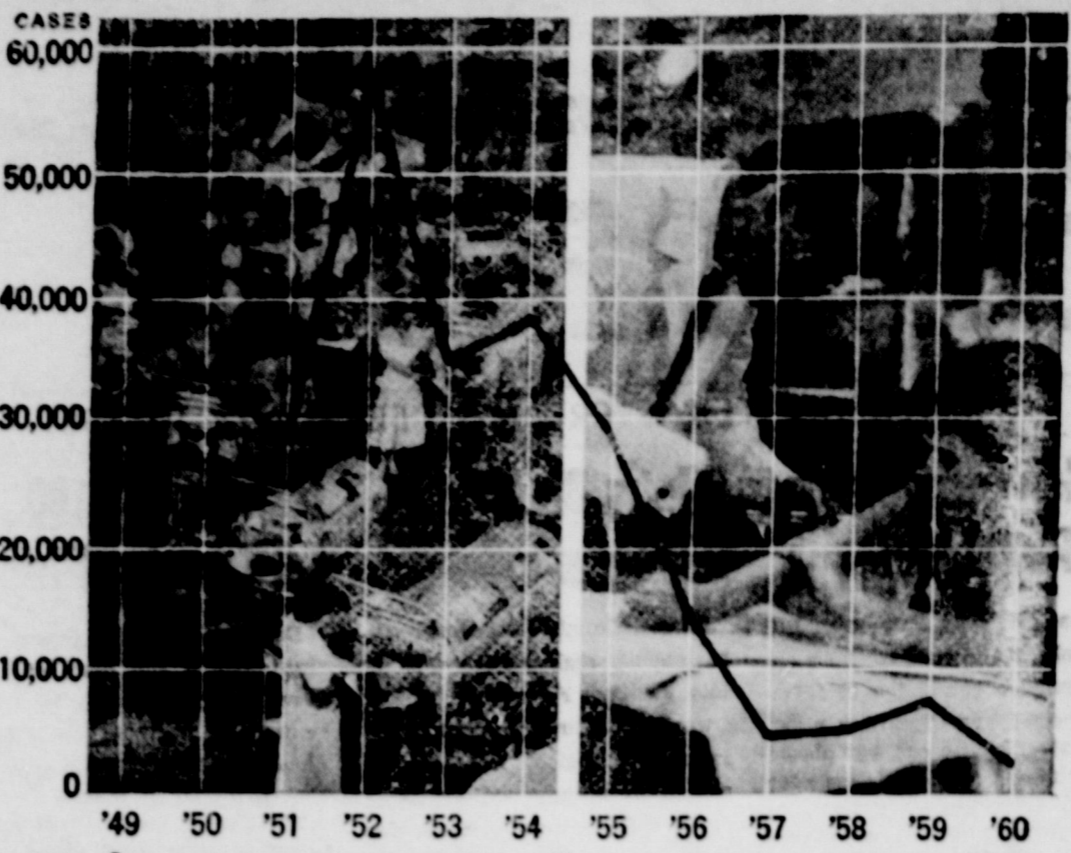

Meanwhile, these have been added to the money-raising measures introduced in the House:
A 2 per cent general sales tax, exempting groceries, school lunches, prescription drugs, farm machinery, seed, and fertilizer, by Rep. John Allen of Longview. Estimated yield: \$80,000,000 a year.

A revised formula for franchise taxes on interstate corporations, by Rep. Franklin Spears Jr. of San Antonio. Estimated yield: \$22,500,000.
A temporary (one year) increase in the gas production tax from 7 to 10 per cent by Rep. George T. Hinson of Mineola. Estimate yield: \$22,500,000.

\$5 for Lawmakers
Social Security deductions from Legislators' salaries will be paid by the state under a bill finally passed by both Houses.

This bill stirred up fireworks in the House where it finally passed only 76-65. Rep. R. A. Bartram of New Braunfels was

Campaign continues through January.

spokesman for those who deplored the legislators' spending more money on themselves in the face of the recent salary raise and the state's need for more money.

Speakership Plan Proposed
New ground rules are being pushed for one of the hardest-fought, most trouble-causing races in Texas politics.

A proposed constitutional amendment would allow newly elected House members to meet and elect their speaker at least a month before the regular session opening day. Reps. W. T. Dungan of McKinney and Ben Lewis of Dallas are sponsors.

This plan would give the winning speaker time to name committees and be ready to begin work on an organized basis at the start of the session.

Proposed amendment would also limit a presiding officer to one term, bar campaigning in the House and require monthly reports on campaign contributions.

Also proposed is that the post be an elective one the same as the Lieutenant Governor's office. That would let the people decide and settle the matter early in November.

Crowded Calendar Ahead
Hundreds of bills on almost every conceivable subject have

been launched on the legislative waters.

Some never will be heard of again. Some may change your way of living. Among these are proposals to: Up minimum retirement pay for teachers with 20 years' experience to \$1,800 a year; Remove the constitutional ceiling on state payments for the needy aged and increase the ceiling for payments to the disabled; Abolish the requirement for a wife's separate acknowledgement on property transactions; Allow a woman owning property before marriage to continue to manage it without her husband's consent after marriage; Set penalties for giving false testimony under oath to a legislative committee; Set a state minimum wage of 75 cents an hour.

Day of Prayer To Be Observed On February 17

World Day of Prayer will be observed here with a special service on Friday afternoon, February 17. The service to which everyone in the community is invited regardless of faith or creed, will begin at 4:15 p.m. in the Methodist Church.

World Day of Prayer, sponsored in the United States by the United Church Women of the National Council of Churches, will have people in 145 countries take part in the observance of the Diamond Jubilee this year. From that day set aside in 1887 at the suggestion of one woman to pray for the success of its home missions, the World Day of Prayer has grown into a giant interdenominational and international prayer service.

One of the goals this year is the offering of \$750,000 for the regular on-going projects and for anniversary specials.

"Forward Through the Ages" will be the theme of the anniversary service. As prayers rise around the world in sixty languages and more than a thousand dialects, there will be a complete day of prayer encircling the globe. Some who will pray cannot read; some will be hungry and cold; others will have all the comforts that material wealth provides. Everyone can be a part of this fellowship, wherever he is on Friday, February 17.

The Sanderson Culture Club will meet Thursday afternoon, February 16, in the home of Mrs. John W. Byrd at 3:30 p.m.

Six of America's most chic women have been awarded the 1960 coveted Golden Hat Award!

Irene Dunne, Mrs. William Randolph Hearst, Jr., Loretta Young, Roberta Peters, Arlene Dahl, and Joan Fontaine were the winners chosen by the votes of hundreds of women's page fashion editors from all over the country.

Arlene Dahl, a military charmer, reasons why the hat has become the outstanding symbol of the well-dressed and attractive woman.

Irene Dunne, representing women in Business and Government, believes that a pretty hat keeps a woman working in a predominantly male field looking feminine and charming. Said Miss Dunne: "I can never have enough hats. It seems there's always one more I just can't live without."

Mrs. Hearst, an outstanding leader of American and International society, said: "No outfit is chic without a hat. A hat becomes a personal signature more than anything else that you wear."

Loretta Young, whose clothes on camera are the talk of the feminine world, was the winner for Television. Said Miss Young: "The Golden Hat Award is a wonderful honor. Hats have always been lucky for me."

The singer voted as best-hatted was Roberta Peters, who finds hats particularly delightful when she goes on tour. Commented Miss Peters: "One of the nicest things about winning this award is that my husband is so pleased too. He always likes to see me in pretty hats."

Beautiful Arlene Dahl was the winner for Motion Pictures, in acknowledgement of her choice of hats as glamorous accents to her costumes. Stated Miss Dahl: "I'm really thrilled. I've written about the Golden Hat Award in my column, but I never thought I would win one."

From the Theater comes the sixth winner, Joan Fontaine, who has over thirty hats in her wardrobe. Stated Miss Fontaine: "I love all hats but my special love is evening hats because they make me feel glamorous during the most glamorous time of a woman's day."

Here's the fastest and easiest way

FIRST, give the operator the Area Code for the city you want to call.

It's easy and fast. For example, just say, "Area Code 214, RI 2-1432," and then when the operator asks your number, say, "KL 5-2368." You'll not only save time yourself, but help speed along your call as well.
