## LISTEN TO LUKE

There is a lot of interest being shown by local property owners in improving their property and appearance in the project to black-topping from its edge to the property line, or ditch in front of each lot.

It is thought this is a worthwhile project and one which will do well to enter. There are many circumstances which would make it almost even undesirable for certain property owners to have this work done, and we refer to those on the west side of lots that are not improved. There is also the cost of money which will make it difficult for many to have the work done and desired work.

There will also be a lot of work done and we are sure that those who do and can will be glad they did.

Certainly, the most desirable project would be the completion of such a project along all of the streets in town. This would eliminate a lot of dust and weed-cut-

It seems to notice a few crowbars around the mouths of a lot of daily and weekly paper men's mouths. And this is certainly one time that we don't say "we told you so".

It seems that the proper thing to do is to jump on the wagon heading toward the "frontier" so that they can be the first to get some of the "meat and honey" that is expected to be found there.

Each ride-hitching — in our opinion — was the adoption of the San Rayburn Rules Committee changes, and now going with the idea of buying "stability" by going further in debt.

A recent bill proposed by our Texan Ralph Yarborough would send technical specialists to the affected areas (unemployment) to help plan needed improvements; 2. Provide low-interest rate loans for construction of new plant facilities; 3. Establish vocational retraining programs for jobless workers with assistance payment during this training period; to prepare for new jobs in the new industries requiring new skills.

As he says, will rebuild the town of that distressed town to help the local people establish and develop new industry to give new jobs in their home environment — in other words, help local people rebuild their community using their resources and strong, deep-felt "with the past." Whoopee!

Auto manufacturers can't sell cars they've already manufactured they can start building them again in another factory. The textile mills shut down because of the flooded market in Mexico they can then start flooding the market and build up a surplus in bongo drums.

In this planning and loaning federal expense, which is the way that citizens could be used to make car payments and more clothes if they didn't have to pay so many taxes, so that the sheepherders that think are frontiersmen can think excuses for people being there is more government expenditures, and thus more taxes. And the above paragraph is no messaged up than are some people who are trying to think away out of this dilemma.

Like the recent bill passed in Texas dollars to pay for employment compensation in Pennsylvania or New York.

The government spends us bankrupt and then depletes us a depressed area and gives us our money back in federal help and factories coming with industrialists who

Continued to Page 4

## Rapid Work Seen On Highway Project

Rapid progress is being shown in the highway construction work on U.S. 90 west of Sanderson to the Pecos County line, according to information available.

The reconstruction project includes the widening of some of the existing structures, widening the roadbed and moving the roadbed in some instances, and making deeper cuts into the hill at some of the curves.

The stretch of highway near the Roy Deaton ranch west of Sanderson will be widened and the small curves straightened.

Considerable dirt work will be done at that particular point, according to information available. The creekbed to the north of the highway will be straightened, and deepened and cleaned out, thus permitting a better run-off of water from the watershed of that area, in an effort to keep the highway open to traffic during or immediately following flash floods, and also to prevent washing and erosion to the road bed and damage to the ranch land adjacent to the highway.

The entire project is scheduled for completion this year.

## Wool, Mohair Clinic To Highlight Meet Of TS&GRA Friday

San Angelo — A wool and mohair clinic will highlight the 1961 spring quarter directors meeting of the Texas Sheep and Goat Raisers' Association which will be held in Mineral Wells March 24 and 25.

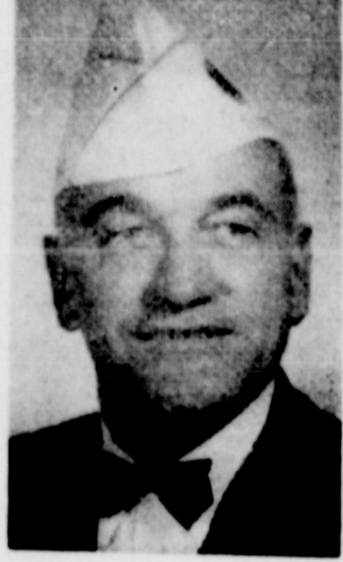

The clinic, conducted by the Texas Agricultural Extension Service personnel, will get under way at 3:00 p.m. Friday, March 24 at the National Guard Armory located east of Mineral Wells on U.S. 180. Following the clinic, which will be devoted primarily to wool and mohair preparation for market, parasite disease control, and improvement through selection of sheep and goats, a lamb and goat barbecue will be served at 5:30 p.m. According to TS&GRA President Charles Schreiner III of Kerrville, "a large number of wool and mohair growers in Palo Pinto and surrounding counties are expected to attend the clinic in addition to directors and members of the Association from West and Central Texas. The clinic should prove to be of special interest to mohair producers in the Mineral Wells area which has seen a recent marked increase in goat production."

Subcommittees of the three major TS&GRA committees, wool and mohair, general affairs, and livestock, will convene Saturday at 10:00 a.m. in the Baker Hotel. Discussions will include wool and mohair marketing information, sheep and goat improvement programs, ranch labor problems, livestock theft and predatory animal control, animal health matters, and lamb marketing. The recently inaugurated Field Representative Program of the TS&GRA, designed to expand the Association's effort to curb sheep and goat theft, will be presented. Agricultural water, tax, and transportation matters also will be on the agenda for discussion. A representative of the Texas Society of Certified Public Accountants will lead the discussion on tax matters in the tax subcommittee. The general session will report the results of their meetings and other general business will be discussed.

A reception and dance will be provided for the enjoyment of the delegates Friday evening at the Baker Hotel.

Mrs. Floyd McMullan of Big Lake, TS&GRA Ladies Auxiliary President, cordially invited all ladies present to attend the coffee and general meeting of the Auxiliary at 9:00 a.m. Saturday in the Baker Hotel. Also, the ladies will be welcome at the clinic and barbecue Friday afternoon.

## Two West Texas Posts To Be Honored At 16th District Convention At McCamey

Pete Turner  
... State Legion Commander

William C. Marlow  
... District Legion Commander

Two West Texas posts will be honored at the annual Spring Convention of the 16th District of the American Legion to be held in McCamey Saturday and Sunday, March 25-26, by being presented with citations for having exceeded their 1961 membership quota by the time of the convention. Joe Stroope, post commander of the McCamey post, has announced.

The posts winning the citations and their commanders are: Marfa No. 529, Merced Cordero; and Presidio No. 176, Jack Brunson.

Registration will open on Saturday at 9:30 a.m. at the American Legion Hall. A social hour for all registered delegates and guests will begin at 5:00 p.m., followed by the annual convention dance at 9:00 p.m.

Registration will again begin at 9:30 a.m. on Sunday at the Legion hall.

The joint session of the Legion and Auxiliary will convene at 9:45 a.m. at the High School Auditorium, with 16th District Commander W. T. Marlow calling the meeting to order. The McCamey post will have charge of the Colors, followed by the invocation by 16th District Chaplain, B. W. Pressure. Mrs. James Lamothe, 16th District President of the Legion Auxiliary, will lead the Preamble. 16th Dist. Vice-Command-

er Jack Whitson will introduce guests and speakers... Dept. Commander Pete E. Turner of Midland will be the featured speaker at the convention. Others on the program will include National Executive Committeeman Joe L. Matthews of Fort Worth and 4th Division Commander Rhea Smith of Amarillo. Olin Beauchamp will have charge of the Memorial Service.

Lunch will be served at 12:00 noon at the Legion Hall.

The Legion and Auxiliary will hold their separate business sessions immediately after the noon meal.

## Red Cross Drive Opens Monday

The annual Red Cross Drive opened here Monday morning with a kick-off breakfast in the dining room of the Oasis Restaurant.

Those present were Ray Caldwell, drive chairman; M. F. Badger, chapter chairman; W. H. Savage, R. S. Wilkinson, L. H. Gilbreath, W. F. Frazor and Mesdames H. E. Ezelle, Julian Perez, C. P. Peavy, Raul Escamilla, and A. C. Garner.

All residences of the community and business houses will be solicited for donations to the drive which will be conducted this week only.

## El Buen Pastor Church Has Fourth Quarterly Conference

Rev. O. F. Garza of El Paso, district superintendent, presided at the fourth quarterly conference of El Buen Pastor Methodist Church Sunday afternoon. He was accompanied to Sanderson by aul Muniz, director of lay speakers, and Mike Avina, district lay leader, both of El Paso.

Since this is Rev. Garza's last year as district superintendent, he was honored at a dinner served in the dining room at the Oasis Restaurant Sunday. Rev. Noe Montez is pastor of the local church.

## Calendar of Events

Monday, March 27 — Baptist W.M.U., Presbyterian Women, Methodist W.S.C.S.

Tuesday — Tuesday Club

Wednesday — Rotary Club

Thursday — Lions Club, school dismissal for Easter holidays.

## Street-to-Curb Work Has Interest Of Local People

The street-to-curb blacktopping proposal is receiving a great amount of interest by local property owners, according to County Judge R. S. Wilkinson and local Chamber of Commerce officials who are assisting in pushing the project.

Efforts are being made to complete the gathering of money for the black-topping before April 1. Under the proposal, property owners are given an opportunity to have the black-topping extended to their curb or property line or to the ditch — if there is one — in front of their property at a price of 50¢ per square yard. Efforts are being made to promote the black-topping in as many blocks as possible to improve the appearance of the streets, prevent washing of present black-topping and to also prevent damage of breakdown to the shoulders of the existing improvements.

The Commissioners' Court is expected to let the contract for seal-coating all existing black-topping at its next meeting on April 10, and the widening of the black-top to the curb lines will be done at the same time, they say.

Individuals interested in some black-top work on their property not between the present street and curb — such as drive-ways, etc., are asked to measure that area and turn the figure in to J. A. Gilbreath at the Sanderson Times, or to County Judge R. S. Wilkinson who will give the information to the contractor in an effort to secure as cheap a price as possible for the landowners by getting a bulk deal. No price is available or possible until a contractor is contacted.

As soon as each property owner decides that he desires the extension of the street over to his curb line he is asked to turn in the money on the 50¢ per square yard basis, to Judge Wilkinson. It was stressed that under no conditions would any such work be done unless it was paid for prior to the work as the county is not authorized to extend credit to property owners for improvements.

Judge Wilkinson stated that the proposal was only a means of obtaining such improvements for the property owners at the lowest possible price, if they wanted such improvements.

## Absentee Voting Is Light Locally

Absentee voting has been light in two political races scheduled for balloting on April 1 and April 4.

Wednesday afternoon only 13 had voted absentee in the school board race and only 11 had voted in the U.S. Senate race.

The school board election will be on Saturday April 1, and the U. S. Senate special election will be on Tuesday, April 4.

## Del Rio Youth Convicted of DWI

Nicolas Cantu, a Del Rio youth, pleaded guilty to a charge of driving a motor vehicle upon a public road while under the influence of alcoholic beverages. The hearing was in county court Monday morning here and the defendant was represented by Joe Gonzales, a Del Rio attorney.

County Judge R. S. Wilkinson gave the minimum fine, jail sentence, and license suspension after the plea and waiving of a trial by jury.

Cantu was arrested here by Texas Highway Patrolmen and charged with the violation. He was released on \$250.00 bond after a preliminary hearing before Justice of Peace J. A. Gilbreath.

## MOD Funds Total \$573.62

March of Dimes receipts for Terrell County totaled \$573.62, according to James Caroline, local treasurer.

Of the total amount, Caroline stated that \$143.40 was mailed to the Medical Research Fund; \$215.11 to the National Headquarters, and \$215.11 was to remain in the treasury of the local Chapter.

W. W. Sudduth, local chairman for the drive, and other officials expressed their appreciation to all who contributed to the drive.

## Scouts Make Hike to McCamey

Eighteen Boy Scouts, accompanied by their leaders: Walter Kessler, B. L. Hunt, and Y. F. Bowley, went on a hike to the Pecos River near McCamey last week end. The purpose of the hike was to permit the boys to make camp and conduct themselves as Indians might.

High wind, rain, and hail interrupted the camp the first night and the group returned to Sanderson Sunday.

C. J. McLaughan, formerly of Los Angeles, Calif., visited here Monday. With his mother, Mrs. Irma McLaughan, and his sister, Mrs. John B. Quinn, both of Houston, he was en route to that city and will join his wife there for an indefinite stay.

## Terrell Well Indicates Sixth Producing Zone

The Texas Crude Oil Co. and Superior Oil Co. No. 1-22 Allison in section 22 of Block B2 in the CCSD&RGNG Survey, has indicated production in its sixth zone. The well is 10 miles south of Sheffield and about 10 miles north of the Brown-Bassett Field.

The project flowed gas, oil and water from the Strawn.

Tested for 12 hours through a 24-64-inch choke and perforations between 10,241-254 feet, it made 46 barrels of new oil and 110 barrels of water, plus gas at the daily rate of 1.45 million cubic feet. Tubing pressure was 600 pounds.

Perforations had been acidized with 2,000 gallons and fractured with 42,000 pounds of sand plus an unreported amount of water and was then re-acidized with 3,000 gallons.

Earlier the project had assured production of gas-distillate in the Pennsylvanian detrital and gas production in the Fusselman, Mississippian, and Devonian. It gas production in the Fusselman, daily rate of 376,000 cubic feet through Ellenbruger perforations.

## Work Started On Street Project

Work has started on preparing local streets prior to the project considered by the Terrell County Commissioners' Court.

The county is buying caliche and stockpiling it on the court house block while other crews are working with spreading caliche adjacent to the present black-topping so that the seal-coat and black-top widening can be done with a minimum effort and time.

Water will later be applied to the caliche and it will be rolled to condition the streets for the proposed improvements, the commissioners stated.

County employees are also blading the shoulders where necessary prior to the distribution of the caliche.

On the north side of the intersection of Persimmon and Pine Streets, county crews have torn out an old culvert which had rotted out, causing a large hole in the street and are constructing a new concrete and steel culvert to replace the old one.

## Mrs. N. Martinez Dies Thursday In Ft. Stockton Hospital

Mrs. Nicasia Martinez, 64, died in a Fort Stockton hospital at 6:00 a.m. Thursday. She had been in ill health for the past three months and had been hospitalized for several days for medical treatment.

She was the former Nicasia Castro and was born in Fort Stockton. Her husband, Luciano Martinez, preceded her in death in January 1958.

Survivors include two sons, Luciano Martinez Jr., of Philadelphia, Penn., and Armando Martinez of Sanderson; three daughters, Mrs. Amelia Ramos and Miss Naty Martinez of Sanderson, Mrs. Adela Barnett of Churchhill, Tenn. Two nephews and two nieces were also reared by Mr. and Mrs. Martinez: T-Sgt. J. C. Alaniz who is stationed in France, Manuel Alaniz of Sanderson, Mrs. Lillie Brown of Sonora and Mrs. Alelia Moore of Sanderson.

Funeral plans were incomplete as we go to press.

## Only 781 Vehicles Inspected Locally

Only 781 vehicles have been inspected in compliance with state laws, according to information received here Wednesday afternoon.

This is only a little more than half of the vehicles registered in the county, according to reports, and means that some vehicle owners may not get their vehicles inspected in time to beat the April 15 deadline.

Tol Dawson, Texas Highway Patrolman of the Motor Vehicle Inspection branch of the Texas Department of Public Safety, on his regular trip to Sanderson from Del Rio, stated that all vehicles without a valid sticker after April 15 would subject the driver of the vehicle to a possible fine.

To Mr. and Mrs. Benjamin Carillo was born a son, their eighth child, on Wednesday, March 15. He was given the name Benjamin and his birth weight was six pounds and 12 ounces.

Dora Luz was the name given to the daughter and fourth child born here on March 16 to Mr. and Mrs. Juan Escalante. Her birth weight was six and one-half pounds.

To Mr. and Mrs. Sylvestre G. Silvas was born a son, their fourth child, on March 16. His birth weight was seven pounds and he was named Sylvestre Pena Silvas.

Gary Daniel Cox was born on Friday, March 17, and is the first child for Mr. and Mrs. Gary Cox. His birth weight was nine and one-half pounds.

To Sgt. and Mrs. Victor Parada was born their third child and daughter last week in Elgin, Fla., where Sgt. Parada is stationed with the U. S. Air Force. The baby was named Lola Jean.

Austin — Foes of a general sales tax are pushing to get it before the Legislature. Friends of the tax are trying to hold it back.

At a hearing before the House Revenue and Taxation Committee, representatives of regional Chambers of Commerce, generally favorable to a sales tax, asked that the matter be delayed. Committee members opposed to the tax insisted on going ahead.

Rep. George Hinson, who is against the sales tax, charged backers with dragging their feet in hopes their plan would finally be accepted in last-minute desperation.

Hearing was on a general sales tax measure by Rep. Charles N. Wilson of Trinity. Wilson introduced the bill and asked for immediate hearing to out-manuever those who wanted to delay. After hearing, the bill was, by the usual procedure, sent to subcommittee.

Awaiting consideration is just about every type of tax bill imaginable. Among them:

A temporary (1 year) 20 per cent increase in the omnibus tax (a collection of existing taxes on many items) by Rep. Hinson. Estimated yield: \$40,000,000.

A one per cent corporate income tax by Rep. Charles Ballman and a three per cent corporate income tax by Rep. Tony Koriath.

A 10 per cent levy on petrochemicals by Rep. Lloyd Guffy. A six per cent tax on income from dividends and interest by Rep. Bob Eckhardt.

A two per cent Texas business invoice tax by Rep. Maco Stewart.

A graduated production tax on oil, a corporate income tax to replace the franchise tax and an excise tax on utilities by Rep. Stewart.

An increase in state college tuition from \$50 to 100 per semester by Rep. Frank McGregor.

A three per cent tax on furniture and household equipment by Rep. John C. Alaniz.

A five per cent tax on gross receipts of highway contractors by Rep. K. T. Dungan.

A five per cent tax on gross receipts from marine products by Rep. Jake Johnson.

Firemen's Bill Held Legal  
 Atty. Gen. Will Wilson has ruled that a proposed bill to set up machinery to arbitrate firemen's wage and hour problems would be constitutional.

Rep. Robert Hughes of Dallas is sponsor of the bill which would set up an arbitration board to work out disputes between firemen and city governments. Disputes not settled by the board could be taken to the people in an election once each year.

Auto Rate Bill Moves  
 A bill directing the State Board of Insurance to make drastic changes in the merit rating auto insurance plans has been approved by the Senate Insurance Committee.

Passage came after a lengthy hassle in committee. More heated debate and attempts to amend are expected when the bill is taken up by the entire Senate.

As approved by committee, the plan would still assess insurance

premium penalties for speeding but not for running red lights or stop signs, making illegal turns, illegal passing or negligent collision. It would still assess penalties for accidents with damage of more than \$25, and it would still be retroactive for three years.

"Flexible" Rating Killed  
 House, meantime, killed by a decision of 125-21 a bill that would have provided a complete new approach for auto insurance in Texas.

Called "flexible" rating, it would allow each insurance company to set its own insurance rates. Rep. C. W. Pearce sponsored the bill which has been defeated by previous legislatures. He argued for it on the basis of free competition rather than state-controlled rates.

Opponents successfully argued that it would allow large out-of-state concerns to take over the market, and eventually set much higher rates.

Milk Is Boiling Topic  
 Milk continues to stir up arguments in this legislative session.

Senate passed a bill placing restrictions on the importing of milk from other states, but the House postponed floor debate after tempers flared to the shouting point.

Sen. Grady Hazelwood of Amarrillo sponsored the Senate bill, and Rep. Steve Burgess of Nacogdoches is the House sponsor. Their measure would bar out-of-state milk from Texas unless a health inspector could certify that he had "personal knowledge" that the milk had been produced under the same standards as Texas milk.

Dairymen supporters contend that it is a health standards protection and will prevent "unfair competition" from out of the state. It is opposed by milk processors who declare it will limit the supply unnecessarily and force prices upward.

Garnish Bills Studied  
 Proposals that would allow for the garnishment (taking over) of wages for payment of debts, are being considered by the House Constitutional Amendments Committee.

Rep. Henry Fletcher of Luling is sponsor of a proposed constitutional amendment that would permit the Legislature to pass a broad garnishment act.

Rep. Ben Jarvis of Tyler is the sponsor of another that would allow for attachment of wages only to make child support payments.

Minimum Wage Argued  
 Proposal for a 75-cent-an-hour minimum wage for Texas workers, including farm labor, was argued before the House State Affairs Committee.

Employers of fewer than four persons would be exempt. A spokesman for the AFL-CIO testified in favor of the bill, declaring that migrant farm laborers are often paid only 30 cents an hour. A Texas Restaurant Association official said that restaurant workers average \$1 cents an hour, but that many "marginal workers", such as the handicapped, would lose out under a minimum wage.

 doing the dishes...

...with an automatic electric dishwasher

You'll spend less time in the kitchen, have more time for other things, when you have an Electric Dishwasher. It cuts dishwashing time in half. All you do is scrape off the scraps, load the dishes into your dishwasher and set the controls. Your dishes are washed in water hotter than hands can stand, then dried sparkling bright automatically. Your hands stay lovely, protected from harsh soaps and detergents. And your kitchen stays neater because you can stack dishes out of sight in your dishwasher as fast as you use them. See your local electric appliance dealer soon for a time-saving, work-saving electric dishwasher.

### Roadrunners Are Honored at Banquet By Study Club

The Roadrunners, girls' basketball team of the Sanderson High School, were honored at a banquet in Fellowship Hall of the Methodist Church Tuesday evening. The affair is an annual courtesy of the members of the Evening Study Club who, with their husbands, attended the banquet.

The Easter motif and pastel colors featured the decorations. On the wall behind the U-shaped table were silhouettes of six basketball players in action. On the head table was a centerpiece of red ranunculus and redbud. Roadrunners (chaparral birds), in life-size pecked at small Easter eggs arranged in multi-colored grass in gold-sprayed boxes placed at intervals on the table. Small cacti sprayed in orchid color with eggs and grass were alternate table decorations.

There were 45 present for the banquet, including Mrs. Bowley, wife of the coach, and Miss Petra Valdez, team manager.

### Four Seniors Honored At Party

Honoring four May graduates of the Sanderson High School, Linda Morris, Susan Harkins, Shirley Williams, and Bob Littleton, there was a St. Patrick's Day Party Saturday evening in the home of Mr. and Mrs. Vic Littleton. Assisting hosts and hostesses were Mr. and Mrs. Jolly Harkins, Mr. and Mrs. W. J. Morris, and Mrs. M. J. Williams. About 40 invited guests attended the party.

The large glassed-in porch at the Littleton home was decorated in vari-colored balloons. Card games, bingo, and dancing furnished diversion for the party hours.

Refreshments of sandwiches, dips, cookies, and punch were served. To further emphasize the St. Patrick's motif, the table was covered in a green cloth and milk glass appointments were used. The centerpiece was a large styrafoam shamrock on which was inscribed in glitter the names of the honored youths and "Seniors '61". White tapers in green holders flanked the centerpiece.

Alamo Lumber Co.

grass nest indicated the places.

Crepe paper, flowers, and ribbons were given to each guest to make an Easter hat which they wore during the evening. Mrs. Ben Causey judged the hats with Linda Morris given first prize for the most original hat; Ada Lee Riggs for the most beautiful hat; Olga Chalambaga for the most comical hat; Gerald Petersen, the booby prize.

The invocation was given by L. R. Hall. The group sang "April Showers" and "Easter Parade" with Betty Jane Robbins playing the piano accompaniment.

On behalf of the team, Susan Harkins, Linda Morris, and Kathleen Robbins, presented Coach Y. F. Bowley with a rod and reel and a set of dominoes.

Mr. Bowley introduced the members of the team. Mrs. W. H. Grigsby, in original verse, gave a history of the roadrunner, applying it to the members of the team. She also paid tribute to the team in an original poem.

The banquet menu consisted of cranberry juice cocktail, chicken loaf with mushroom sauce, potatoes-au-gratin, green beans, congealed vegetable salad, hot rolls, individual cake squares decorated in spring flowers, iced tea, and coffee.

### Mrs. H. E. Fletcher Hostess Last Week For Bridge Party

Mrs. H. E. Fletcher entertained the Thursday Bridge Club and several guests in the dining room of the Oasis Restaurant last week. Easter decorations were featured.

Tea guests were Meses. R. A. Kornegay, B. L. Hunt, and H. P. Boyd. The other guests were Meses. G. E. Babb, M. F. Bader, Weldon Cox, A. J. Hahn, Vic Littleton, Roger Rose, W. E. Stavley, Mary Lou Kellar, S. H. Underwood, Hugh Rose, Will J. Murrah, O. T. Sudduth, John Huey, C. H. Stavley, and J. O. Little.

High score prize went to Mrs. Murrah, second high to Mrs. Underwood, and Mrs. Littleton was low. Mrs. Kellar and Mrs. Underwood held the slam prizes. A salad plate, tea, and coffee were served after the card games.

Small selection of pretty cotton dresses from which to make your Easter selection. Sizes 9 to 18, \$6.95. Chandler's Store, 320 W. Oak. 7-1c

### Pineapple-Strawberry Cheesecake

Here's an exciting party dessert. Cheesecake has the well-earned reputation of being a classic in many lands. Elegant cheesecakes are also the specialties in many famous restaurants.

Here's a home-made version combining cottage cheese and cream cheese in a graham-cracker crust, topped with a luscious glaze of golden pineapple tidbits and ruby red strawberries.

#### PINEAPPLE-STRAWBERRY CHEESE CAKE

2 envelopes unflavored gelatin  
1/2 cup sugar  
1/4 teaspoon salt  
2 cups pineapple juice or syrup  
1 tablespoon grated lemon rind  
1 cup fine-curd cottage cheese  
1 (8-ounce) package cream cheese  
3 tablespoons lemon juice  
1/2 cup whipping cream  
1 #211 can (1 1/2 cups) pineapple tidbits

Graham-cracker crust: Mix 1 1/2 cups fine graham-cracker crumbs with 1/2 cup melted butter or margarine. Press into bottom and around sides 2-inches deep in 8-inch spring form. Bake 10 minutes at 350° F. Cool.

Mix gelatin, sugar, salt, pineapple juice and lemon rind in saucepan. Stir over low heat until gelatin is melted. Cool slightly. Force cottage cheese through sieve and mix with cream cheese. Work with a fork until soft then blend in a little of the melted gelatin. Gradually blend in all the gelatin and lemon juice, a small portion at a time. Beat until it is smooth and creamy. Set in freezer or refrigerator to quick-chill, till it will mound but is not set. Whip cream until stiff but not dry. Drain pineapple and fold half the pineapple and whipped cream into gelatin. Spoon carefully into crumb crust. Chill several hours.

Pineapple-Strawberry Glaze: Slice 1 cup strawberries, sprinkle with 2 tablespoons sugar. Crush 1 cup strawberries and force through sieve. Blend 2 teaspoons gelatin and 1/4 cup sugar with lemon juice. Cool till syrupy. Arrange sliced berries and rest of pineapple tidbits on top of cheesecake in an attractive pattern. Spoon glaze over to cover. Chill till glaze sets. Makes 8 to 12 servings.

### Local T.S.T.A. Unit Hears Reports On District Meeting

The local unit of Texas State Teachers Association met in the homemaking room of the high school last Thursday evening. A. J. Riess presided and gave a general report of the district meeting of T.S.T.A. in El Paso on March 2-3, which he attended as a delegate. The speaker for the evening was Supt. Floyd Parsons, of the Big Spring schools. His subject was "Professional Standards". Others who were out-of-town visitors were Supt. D. E. Jones of Marathon, and Supt. H. G. Adams of Marfa.

### Mrs. R. A. Kornegay Hostess Thursday For Study Club

Mrs. R. A. Kornegay was hostess when the Evening Study Club met Thursday evening in the dining room at the Oasis Restaurant. The St. Patrick's Day motif was noted in decorations of leprecons, shamrocks, and other emblems of the holiday.

During the business meeting, plans were completed for the banquet to be served to the members of the girls' basketball team Tuesday evening in Fellowship Hall of the Methodist church.

Mrs. Kornegay presented the program on "Pilate's Wife". Refreshments of pie and coffee were served.

Those present were Meses. W. H. Grigsby, Dick Sullivan, Weldon Cox, C. G. Riggins, Gerald Petersen, Irvin Robbins, L. R. Hall, and T. J. Stewart, a new member.

### Baptist W.M.U. Has Circle Meeting

The Baptist W.M.U. met Monday afternoon in the church in circle meeting. Mrs. Harold Cole led the program on "Alcohol and Narcotic Education". After members had answered questions she had prepared pertaining to narcotics, the program was presented with the assistance of Meses. A. N. Farley, H. G. Cates, James Word, O. D. Gray, Irl Richardson, A. D. Brown, and T. O. Moore.

Mrs. Brown led the dismissal prayer.

### Personals . . . .

Mrs. Bertice Huey and her daughter, Miss Allen Huey of Austin, visited here last week with her son, John Huey, and family. Mr. and Mrs. C. E. Clymer went to San Antonio Monday for him to be hospitalized for medical treatment. L. E. Muller took them in his car.

Refreshments were served after the meeting.

A3C Raymond Elrod is On Locomotive Crew A3C Raymond Elrod is one of a crew of five in the locomotive section of Hamilton AFB, Calif. All are thoroughly trained in the various operations of a diesel locomotive such as driving, switching, shunting, and minor maintenance.

Their job is to operate old 7198, a diesel locomotive built in 1941 at a cost of \$49,198 and used in previous military service before it was recalled to service at Hamilton in 1950 to handle general Air Force freight, heavy equipment, household goods, oils and lubricants. Traveling over 3 1/2 miles of track at a speed of 10 to 12 miles per hour and pulling usually only two or three cars, the locomotive hauls more than 50 tons of goods from the interchange to the various base warehouses.

Elrod had 13 months of service here with the T&NO Railroad before enlisting in the service. He is one of the engineers for the diesel.

Pvt. Rojelio Rodriguez left Wednesday for Fort Leonard Wood, Mo., after spending his two weeks' furlough here with his parents, Mr. and Mrs. Santiago Rodriguez.

And, lo, the angel said unto them, Fear not: for, behold, I bring you good tidings of great joy, which shall be to all people.—(St. Luke 2:10) For nineteen centuries uncounted generations have been repeating the glad tidings of the Child born in Bethlehem. Yet the message remains always new, always joyful... ever more welcome in the troubled world of mankind.

spent their own money in starting their own plants. All of this brings us further and further under government control. We should be spending money to keep us a free people and not a group of people dependent upon our government in every realm of life.

There are many newspaper editors now editorializing their heads off against socialized medicine, federal aid to education, mandatory increased social security benefits, increased and seemingly unlimited expenditures of tax money in many efforts to get to the new frontier when so short a time ago they were blazing their pages with praises for the initiation of this spending spree.

Individual, community, state and national freedom is not purchased with tax money, but rather with every segment of our government working for the protection of that freedom by decreased government controls. We have a little black dog who sees life as a routine of dependence upon us for her daily bread, and who, in her devotion and ignorance, does all that she can to be compatible and companionable. Yet in her inherent instincts, she burys a new-found bone in the event of her benefactors' failure to provide those things which she depends upon for her few and meager needs. She is appreciative to the utmost at any hand-out she is given and will wag her tail to show it. She will even beg generously at the prospect of a morsel of some of the finer things in her life - like a piece of chocolate candy.

Long ago her breed lost the instinct of self-preservation in the obtaining of the necessities of the dog's life in hunting and making shift on her own ability and depending only on nature for her sustenance. But she is a dog! Are we to become sons of a bureaucrat through the continued and extended dependence upon all our necessities and beg for a "bit of chocolate" from our benefactors in Washington?

CARD OF THANKS Thanks to all that sent letters, cards, and newspapers to me during my absence from home. I appreciated each of them. O. D. Gray.

CARD OF THANKS My sincere appreciation to all those who sent cards and letters and other expressions of your good will during the time that I was in the hospital. My wife joins me in expressing our most appreciative thanks. Greene Cooke.

CARD OF THANKS We take this way of trying to express our deep gratitude to the good people who remembered us with prayers, cards, notes, and flowers while we were in the hospital. Those kind gestures meant so very much to us. May God bless each one of you and give you good health. Mr. and Mrs. Lewis Lemons.
