LISTEN TO LUKE

According to information received from Senator Ralph Yarborough this week, Terrell County had better get some emergency funds from some source — because we are all starving to death and don't know it.

There is a sheet enclosed with the information which shows the average income of the rural families and also the average income of all families, according to census information released by the Department of Agriculture.

The figures are on the 40 counties of the state which are eligible for federal aid for projects to boost the economy of the area.

According to the chart, the average rural family income is \$1,010 per year, and the only county with a lower figure is Zapata County with an average of \$894 per year income per rural family.

The average income per year for all families in the county is said to be \$3,367, which is said to be \$20 a year lower than the state's average annual income per family.

This federal aid project is to add to funds available in starting projects to boost employment and income within the county.

With an income of this kind, how are we going to have any money to invest in anything besides beans and goat meat?

All we have to do now to qualify for some of this money is to find someone to loan the county some money so we will have some to qualify.

We do not intend to make light of this situation. We know that we are not the richest county in the state on a per capita basis.

We know that we have some indigent people here, and others who are in a low-income bracket, but we have been able to take care of our own, some way.

Certainly, the county needs a philanthropist, a benefactor, a public-spirited citizen who has the time, money and desire to be of ultimate service to the county.

But we do not have any such citizens, and that's that!

Our county commissioners have seen fit to keep the county spending down to a minimum in many ways, and this has helped to keep taxes down to a minimum, but at the same time has deprived the citizens of certain advantages, or conveniences, or improvements, which may or may not be good, depending on how you look at it.

We are not drawing a parallel to any or all recent action of the court but we notice in our own efforts at conservatism, that we will pinch a penny sometimes on one thing and then notice that we have been extravagant on some other item.

As always is the case, our hindsight is always better than our foresight and we can see where we were foolish to try and save on some things and where we were extravagant on some other things.

We do believe that if a full payment of all taxes due and payable in the county were paid, and taxes paid on all things that should be paid, that there would be a little slack in the possibilities for some expenditures without overstepping too far the bounds of reason.

The Times has been real pleased in recent weeks with words that have come back to us from some of our good customers, the advertisers.

We have felt good about the results reported by the advertisers in recent efforts to merchandise their wares.

To give an illustration of a few, the business increase attributed directly to advertising by Dudley Harrison; the excellent results of a sale reported by Edward Kerr, and the notice of our

Ex-Con Charged In Transient's Death Here Last Week

Houston Dickerson of Lubbock has been charged with the death of 59-year-old Albert Edmund Wood of San Antonio. The complaint was filed by Texas Ranger J. S. Nance and Justice of Peace J. A. Gilbreath set bond of \$5,000 after the defendant waived examining trial last Thursday.

Wood was found by members of an east-bound freight train crew and Walter Casey, conductor of the train, stated that the man was found beside the tracks with his head badly beaten and in his opinion had been thrown from the train, according to one report. The man was placed in the caboose of the train and died shortly after. The man was found at the Malverde siding, 14 miles west of Pumpville.

Del Rio officers were alerted of the possibility that the man responsible for the alleged beating of Wood might be on the train. Dickerson was taken from the train in Del Rio and returned to Sanderson by Nance and Texas Highway Patrolman Bill C. Cooksey after their investigation of the suspects. District Attorney Douglas A. Newton and Val Verde County officers aided the investigation.

Wood's mother, who lives in Dallas, claimed the body of the deceased, according to a Del Rio funeral home.

Dickerson and Wood had been seen together in Sanderson the day of Wood's death, and had also been seen riding together on a flat car on the east-bound train, according to railroad officials.

The officers also returned to Sanderson Vernard P. Navarro and Jack Palms, riders on the train and they were charged with vagrancy. Each pleaded guilty to the charge and were fined \$1.00 and costs and were held in the local jail in lieu of the fine.

Dickerson is being held in the local jail in lieu of his bond and his case is expected to be heard by the new grand jury which will be impaneled on August 21, the beginning of the new term of court.

Rummage Sale To End Aug. 19

The last of the series of rummage sales held by the members of the Legion Auxiliary will be on Friday and Saturday of this week.

The sale will be open both days from 9:00 a. m. to 12 noon and from 3:00 to 5:00 p. m. Anyone desiring any of the remaining merchandise is requested to make an offer of a price to pay for it and any reasonable offer will not be rejected.

A large selection of all items of wearing apparel, books, and odds and ends is still available.

Mrs. J. D. McDaniel Receives Master of Education Degree

Mrs. J. D. McDaniel was among 146 who received Master's and Bachelor's Degrees at Sul Ross State College August 20.

She received a Master of Education Degree.

Mrs. McDaniel is homemaking teacher in the Sanderson High School.

Greene Cooke's Home Nears Completion

The home of Mr. and Mrs. Greene Cooke on West Hackberry has most of the exterior rock work completed and work on the interior is progressing. The house will be a rock veneer low-profile dwelling when completed.

Date for completion is expected to be around September 20.

Mr. and Mrs. Pat Adeock and boys returned to their home in San Antonio Tuesday after visiting here for several days with her grandmother, Mrs. Mary Lou Kellar, and her uncle and aunt, Mr. and Mrs. W. D. O'Bryant.

Gridders Begin Work-Outs Monday

Sanderson High School Football Coaches Carlton Smith and Gerald Petersen were on hand Monday of this week to begin two-day work-outs for the football team. The report is that some of the candidates for the Eagle squad are seasoned and in good shape for the year's beginning, but some of the boys are green football-wise and it will take a lot of practice and hard work to bring them around for competition.

Smith stated that he had only four backfielders and would have to shift some of the other boys into those positions to aid or supplement those now working out for the backfield positions.

The list of candidates for the squad is: Kenneth Moses, Dee Gray, Larry Harrell, Louis Whistler, Haley Haynes, Sam Guadarrama, Al Word, Floyd McNutt, Bob Fisher, Susano Munoz, Alberto Escamilla, Johnny Benavidez, John Hogg, John Ed Robbins, Bill Stavley, Bob Little, Oscar Marquez, Charles Fletcher, Ricky Felts, John Cates, Willie Guadarrama, Rudy Arredondo, Abelardo Casillas, and Charles Morrison.

Joint Installation For Legion and Auxiliary Last Week

The officers of the American Legion and Auxiliary were installed at a joint installation service in the Legion Hall last Thursday evening.

William C. Marlow of Monahans, 16th District Commander, installed the Legion officers including: Commander, I. E. Muller; vice-commander, Cy Banner; adjutant, H. E. Ezelle; sergeant-at-arms, Gene McSparran; service officer, Monte Goode; chaplain, L. H. Gilbreath; finance officer, Dick Sullivan. The executive committee is composed of P. G. Harris Jr., J. R. Hodgkins, and E. J. Hanson.

Mrs. James Lamonthé of Monahans, past-president of the 16th District Auxiliary, installed the Auxiliary officers to include: president, Mrs. H. E. Ezelle; vice-president, Mrs. J. R. Hodgkins; secretary-treasurer, Mrs. L. W. Welch; sergeant-at-arms, Mrs. Troy Druse; chaplain, Mrs. L. H. Gilbreath; historian, Mrs. M. E. Hope.

Coffee and cake were served during the social hour.

Reserved Parking Spaces Now Are Available

Sanderson High School will again sell reserved car parking tickets for its home football games, according to Supt. Matt Bader. The parking spaces are to be sold for \$1.00 each.

Tickets are now on sale at the school secretary's office in the high school building and can be purchased for a single game or for all games.

They will be sold on a "first-come" basis. There will be no season general admission tickets sold to spectators at special prices as was done last year.

Mrs. R. M. Gant of Fort Worth Dies in That City Tuesday

Mrs. R. M. Gant of Fort Worth a former Sanderson resident, died in a hospital in that city on Tuesday following a lengthy illness. She is survived by a son, Lloyd Ray Gant, of Fort Worth.

Mr. and Mrs. W. H. Goldwire attended the funeral services.

Civil Service Tells Candidates' Names For Postmaster Exam

The United States Civil Service Commission announced the candidates for the examinations for the office of postmaster of Sanderson. They are, in the order as listed by the Commission: Jolly J. Harkins, Patrick G. Harris Jr., John R. Hodgkins, Willis W. Sudduth, and Harold E. Thompson.

The date of the examination has not been set.

It has not yet been determined if the nature of the examination will in any way reflect the applicant's knowledge of the operation of the postoffice, but some recent information received indicates that the examination will be based on that information.

Deadline for applying for the examination was August 1, 1961.

Pornography Is Found Here

Pornography is being circulated here and parents of local youths are warned to be on the alert to intercept any and all such things.

This discovery was made after the arrest of youths recently on other charges and their surrender of their personal possessions prior to being placed in jail to await trial, according to local officers.

The pornography is coming out of Mexico, according to those questioned, and is of the most vulgar nature.

Any reports of the circulation of such material should be made to local officers and recent legislation has increased the penalty for circulation, sale, or possession of such items, officers state.

ASC Committee Duties Listed

ASC Committeemen, who will soon be elected by their neighbors for the coming year, have important program responsibilities, according to E. E. Harkins Jr., chairman of the County ASC committee.

"This makes it all the more important that representative ranchers be elected to the job," he declared.

ASC committees have charge of the local field administration of such national farm programs as acreage allotments, marketing quotas, commodity loans, the feed grain program, the Sugar Act program, the national wool program, the Agricultural Conservation program, the Conservation Reserve program, and farm storage facility loans. Other duties are assigned to the committees as the Secretary of Agriculture as the need arises.

The chairman explained that each year ranchers who are taking part in one or more of the ranch programs which the committees administer elect a county committee from among their own number. In Terrell County, the ranchers who are eligible to vote for the county committee will cast their ballots by mail not later than September 11, 1961. Petitions signed by at least 10 eligible voters to have names placed on the ballot must be in the ASCS office by August 22.

Men's Garden Club To Meet Next Monday Night

Organizational meeting for the Terrell County Men's Garden Club will be Monday night in the home of L. H. Gilbreath. Completing the election of officers and other business of the club will be attended to at the meeting.

President Marion Batson stated this week that increased interest is being shown in various projects to beautify the gardens of the town.

All men interested in this work will be welcomed and are urged to be present Monday night.

Tax Rate Remains At 77c per \$100

The tax rate for Terrell County was left at 77c per \$100 valuation by the Terrell County Commissioners' Court in regular session Monday morning here.

The court recently reviewed the delinquent tax roll, and also reviewed the report of the audit of the county's books prior to setting the tax rate for the new year.

Other business of the Court included the naming of C. H. Spencer, M.D., as county health officer.

Routine business and approving the bills of the county occupied the balance of the Court's session Monday morning.

Boys Ranch Work Is Explained For Donors of County

The work of the Boys Ranch of West Texas is given some explanation by F. M. Wood, foreman of the fall round up for the organization. Wood last week in The Times and by other methods is soliciting donations of stock or other contributions for the support of the ranch.

Wood stated that livestock would be received at the stockpens Monday, August 21 prior to 4:00 p. m. and he or County Judge R. S. Wilkinson would receive cash contributions.

In explaining the work of the ranch, Wood stated that it is a home for "hard luck kids". They are not "outlaws", but good boys that need a break in life. They are boys whose families cannot provide necessities of a growing boy, either in material things or educational and moral teachings. There are 58 boys at the ranch presently and there has been 500 boys cared for since 1947.

The main objectives of the ranch are to teach the boys respect for God and country, for his fellow man, for work, and for himself.

The ranch has a chapel for religious services based on an all-denominational-type of worship. However, if a boy has a particular preference of religious worship, he is given a chance and encouraged to attend the church of his choice.

Some Band Students May Register On August 21

All band students in grades 9-12 who are going to attend the band clinic in Alpine the last of the month may report to A. J. Riess, high school principal, for registration on Monday, August 21 at 9:00 a. m. Only those high school students who are going to Alpine to the band clinic may register at this time, Mr. Riess stated.

Miss Paula Pierson of Fort Stockton visited here last week with Miss Donna Hill.

New Arrivals

To Mr. and Mrs. Charles M. Vater was born a son, their first child, on Thursday, August 10. His birth weight was eight and one-half pounds and he was named James Edward.

The Vaters have been visiting relatives in Mason and Fredericksburg and will return here to reside in the house vacated by the Carlton Smith family. Mr. Vater will be on the high school faculty again this year.

A son, their fifth child, was born here Saturday, August 12, to Mr. and Mrs. Espiridion Ruiz Montalvo. His birth weight was seven and one-half pounds and he was named Ricardo.

Ellenburger Tests To Be Drilled In Terrell County

Shell Oil Co., Midland, will drill the No. 1 Noelke, a 12,000-foot Ellenburger wildcat in Terrell County, three miles south of Sheffield, and a 2 5-8-mile extension to the Devonian gas pay open in the Yucca Butte multipay field.

Location of the hole will be 513 feet from the south and 809 feet from the west lines of section 2, Block A2 in the TCRR Survey.

Location is also on the section just south of the Terrell-Pecos County lines and is four miles west of the Pecos River.

Lyda Hunt-Herbert Trusts, Dallas, will drill the No. 1 Annie Spencer 3-4 mile east of Sinclair Oil & Gas Co. No. 1 Alma H. Poulter, dual Wolfcamp discovery and Ellenburger extender to the Brown-Bassett multipay field of Terrell County.

Location is 1,980 feet from the south and west lines of section 16 in Block 1 of the TCRR Survey.

Scheduled depth is 15,000 feet. Sinclair's No. 1 Poulter was finished May 2 for a calculated absolute open flow of 4.85 million cubic feet of gas per day through Wolfcamp perforations between 6,221-272 feet; it was dually completed May 8 as a 3 3-8-mile extender to Ellenburger production for a calculated absolute open flow of 10.5 million cubic feet of gas per day through perforations between 14,174-596 feet.

Apalosa Found After Seven Years

An Apalosa gelding belonging to Herman Chandler has been found after seven years. Texas Ranger J. S. Nance is responsible for the finding of the horse.

The horse disappeared immediately after the flood on Independence Creek and the Pecos River in June of 1954.

The horse was found on a ranch south of Sabinas, Mexico, about 100 air miles south of Del Rio.

The owner of the ranch, who lives in Piedras Negras, identified the horse from pictures shown him by Chandler and Nance and stated that he had purchased the horse, probably soon after it was missed, from a Mexican. The horse had remained his personal mount since that time and was reported to be in excellent condition, according to Nance.

Chandler and Nance went to Sabinas and Chandler flew from there to the ranch where the horse was to make positive identification.

The animal will be trucked to Ciudad Acuna where necessary steps will be taken for the legal transportation of the horse across the border to return it to the Chandler.

Nance stated that friends in Mexico aided him in a continual search for the whereabouts of the animal, which acts were ultimately responsible for the recovery of the horse.

Ranger Nance stated that the possessor of the horse would be glad to relinquish his possession of the horse to its rightful owner, and would effect transportation of the animal to the border city as soon as possible.

Band Rehearsals To Begin Monday, August 21 at 7:00 p.m.

W. J. Morris, band director of Sanderson High School, has announced that senior band rehearsal will begin at 7:00 p. m. on Monday, August 21, and all prospective members are asked to be present for the daily rehearsals during the week.

The band will also attend a clinic at Sul Ross College the week of August 27-September 1.

AUSTIN — Texas has crossed the great divide of controversy and entered the field of general sales taxation.

To the central collection point for the operation of the state's business, this means some \$320,000,000 in the next two-year period.

To the individual taxpayer, the cost is unknown, but educated guesses already are being made. James McGrew, research director for the Texas Research League, has estimated it will cost the average Texas family \$25 to \$30 a year.

With some exceptions, the general sales tax will be two per cent on purchases of 25c or more. Passage of the tax bill and the attending publicity caused many a man—and woman—on the street to suddenly realize that there already was a state sales tax on such things as cosmetics and appliances.

Actually, the sales tax bill was only part of the tax package handed down by the lawmakers. In addition to the \$320,000,000 estimated to come from this source, they passed a corporate franchise tax worth \$20,500,000. They increased drivers' license fees by \$7,250,000. They made a book-

keeping transfer of motor fuel tax funds totaling \$4,000,000. They also taxed dedicated gas reserves \$3,330,000. And they passed a bill designed to bring in some \$3,000,000 from abandoned property.

In addition, the Legislature previously had passed a tax on private clubs, calculated to raise some \$4,000,000.

Roughly, it is figured that all these things will cover the state's needs for the next two-year period, and provide for a school teachers' pay raise of \$810 per year.

Gov. Price Daniel won a partial victory in his long fight to tighten the state's escheat law. It's the law under which abandoned cash and property held by private business and industry is supposed to revert to the state.

After several attempts the Legislature passed a bill requiring institutions holding such property to report it to the state. Banks, however, were exempt from the provisions of the bill, much to the dismay of Governor Daniel.

"With everyone else covered," he said, "the banks cannot hold out much longer. The enforcement procedures should include banks and I shall continue to fight for this, both as a principle and as a means for the state to obtain property it already owns under the present escheat law."

Recent breaks at the Gatesville School for Boys, and the death of an attendant beaten with a baseball bat, have focused attention on that institution which is without walls or barricades of any kind. A delegation of attendants came to Austin, talked with Governor

Daniel and complained that measures which they are allowed to take are too indefinite. They said no attendant is allowed to "discipline" inmates of the school. Sometimes the boys will mind and sometimes they will not.

Dr. James A. (Jack) Turman, Executive Director of the Texas Youth Council, told the men that changes were being made which would help. A maximum security unit is in the works for the worst offenders.

The Texas Legislative Council has been requested by the Legislature to look into a host of things which may require new laws.

One request asks a study of the adequacy of the present cattle brand inspection laws. It was pointed out that Texas, unlike many other western states, has no state-wide brand registration system, relying on county by county registration which permits duplication of brands.

TLC also has been asked to look into the problem of job discrimination because of age; problems of urban mass transportation; and the feasibility of using state parks as evacuation centers in the event of enemy attack.

The House of Representatives has voted to do away with more than a third of its committees in order to streamline its operations. House's 43 committees will be reduced in the 1963 session to 25 by combining several groups. Seniority would determine the membership of one fourth of each committee.

Business activity in Texas dropped three per cent in June, from an all-time high in May, reports the UT Bureau of Business Research. But it still was seven per cent above the level of one year ago.

June activity also was the second highest for any month since the bureau began computing in 1935.

Prospects are fine for good business conditions to extend well into 1962. This partially as a result of the expanded arms program, resulting from the Berlin situation.

However, the agency said there is a possibility of inflation plaguing the economy again.

With the possibility of calling up the National Guard for active duty, Adjutant General James E. Taylor has been furnished a report on the active strength of the Texas State Guard—1,504 officers and enlisted men in active reserve units, and 218 officers in the ready reserve unassigned.

Corps has a total authorized strength of 10,000, when mobilized to full table of organization.

THE BIGGEST BABY OF 'EM ALL

"Never invite trouble—because it will always accept!"

All officers and men in this service serve without compensation and provide their own uniforms. The State Guard is subject to being called by the Governor for internal security service.

Dr. Robert W. Strain has resigned as a member of the State Board of Insurance. He is to become executive secretary of the National Association of Insurance Agents. With 100,000 members it is one of the largest trade organizations in the country.

Governor Daniel said of Strain's work on the board: "Dr. Strain's term on the board has been marked by fine progress in the administration of the insurance laws, and he has made lasting contributions to the State of Texas in

this field. He has served with distinction and great ability in a highly important position."

Strain joined the board in March of 1958. Formerly he was an associate professor of insurance at the University of Texas. Collegians Urged to Stay With It Colonel Morris Schwartz, State Director of Selective Service, has advised college students to stay with their studies and not be disturbed by increasing draft calls.

He predicted no change in the present policy of not drafting anyone under the age of 22, "at least in the foreseeable future," and said college students will be considered for scholastic deferment and likely will be deferred

if they are full-time students making passing grades.

He reported Texas draft boards currently have more than 8,000 college students deferred on the basis of education.

Teachers Honor Newspapers Ten Texas newspapers were honored for public service by the Vocational Agriculture Teachers Association at a meeting in Austin.

Awards went to the Marshall News-Messenger, the Bovina Blade, The Midland Reporter-Telegram, the Colorado County Citizen at Columbus, the Clay County Leader at Henrietta, the Weatherford Daily Herald, the Fredericksburg Standard, the Clifton Record, the Dayton News and the Raymondville Chronicle.

State Highway Department says glass bottles are triple threat in the litterbug department—hardest to pick up by highway workers, often break and cut up tires, can cause fires. State Highway Engineer D. C. Greer says solution is to stow trash, not throw it.

Increase applies only to birth certificates requested from the State Health Department section on records and statistics.

Presbyterian Circle Meets Monday

The members of Circle I of the Presbyterian Women of the Church met in the ranch home of Mrs. G. K. Mitchell Monday afternoon. Mrs. E. F. Pierson presided and read the 90th Psalm for the devotional.

Mrs. C. C. Mitchell led the opening prayer after the hymn "Path of Our Fathers" had been announced.

Announcement was made of the annual church picnic on September 22 at 6:30 p.m. Mrs. Mitchell discussed an argument "Let's Learn About Evangelism."

Mrs. Sid Harkins presented the Bible lesson on "I Have Learned the Secret" based on Philippians 4:8-12.

The Lord's Prayer was recited in unison for dismissal. The hostess served a congealed chicken salad, crackers, potato chips, pound cake, iced tea, and coffee.

Also present were Meses. John W. Byrd, Herman Couch, N. M. Mitchell, W. H. Savage, Cliff Wilson, Carl Tudor, and Mrs. Jack Seaton and two daughters of San Antonio.

Betrothal Of Margot Alva Told
Mrs. Louisa Muller announces the betrothal of her daughter, Margot Alva, to Louis Pena Jr. The wedding is planned for early in September.

Pena is the son of Mr. and Mrs. Luis Pena of Sanderson. Both of the young people are lifelong residents of Sanderson.

Changes Constant In SS Benefits

By H. P. Thomas
Mgr. Odessa SS Dist. Office

There was one recent change in the social security law that, while minor, directly or indirectly affects everybody under 72 receiving old-age or survivors insurance benefits. This was a change in the so-called "retirement test."

Under the old law, a person could earn \$1,200 and receive all of his monthly social security benefits, \$1 in benefits was withheld, however, for each \$2 he received from \$1,200 to \$1,500, and \$1 for each \$1 earned over \$1,500. Under the new law, only \$1 is withheld for each \$2 earned from \$1,200 to \$1,700, with an additional dollar withheld for each dollar earned over \$1,700.

This means that under the new law a person eligible for social security benefits may earn up to \$1,700 and receive more in total earnings and benefits than under the old law. Of course, for each \$1 earned over \$1,700, \$1 is withheld in benefits.

An important part of this change, too, is that it applies to earnings for this year. People who are receiving benefits and earning \$1,500 or more may get more information about this by inquiring at the Odessa social security office, at 1428 E. 8th St.

There is no change in the provision that regardless of how much a beneficiary earns in a year, he will get a benefit check for any month in which he is over 72, or in which he neither earns more than \$100 in wages nor performs substantial services in self employment.

Of course, Chevrolet, Buick, Pontiac, Ford, and other automobiles have long been a steady advertising account of ours and we are glad to recognize them as friends of long standing.

These advertisers, besides the regular advertisers in our columns, are due our sincere appreciation for their business, but they are also to be congratulated in their efforts to boost their business by the advertising of their products.

We are glad to state the fact that we know that a large number of our readers do read the ads in our paper and they have had their effect.

We recall to your attention a story of last week about the seeking of contributions for Boys Ranch of West Texas, and to a story this week which tells a little about the ranch. We should not have to say more!
