VOLUME 54

LISTEN TO LUKE

The Commissioner's Court took quick action this week in accepting the resignation of the sheriff effective October 1, and also in appointing a new sheriff, Bill C. Cooksey, to fill the unexpired term until the next general election.

Our reference to "quick" action was not in condemnation, but merely stating a fact.

We laud the act of the commissioners in those two steps and in the stand that our representative stated was taken at the meeting when the commissioners called for diligent work on the part of the new sheriff to re-establish law enforcement in Sanderson to a degree which would make the county the envy of neighboring counties in clean, law-abiding citizenry.

The office was accepted by Bill with that understanding.

We continue our pledge and support toward all efforts of all law enforcement agencies to bring enforcement here up to a par with any county known. The laws do not control "good" people in our opinion, but are for those who want to walk over the line to some degree or another.

And since the laws were written without distinction of any kind to any class, then we should all obey them either by desire, fear, or necessity.

We don't know anything better for the kids growing up than a good clean moral environment where all people have respect for the law and its enforcing agencies and agents.

Sanderson and Terrell County because of its remoteness to so many things, could be a "robber's nest" for the "outlaws" of the area, but with the help of the citizens and efficient law enforcement of all the laws, it could be the morally cleanest county in the state where "outlaws" would fear to tread.

It takes the cooperation of our churches, schools, parents, and law enforcement officials to make this county or any other county a decent place in which to live and the weakness of any one or more can offset all the good of all the others. Each has its place.

Sometimes we as citizens look at the young people who are reared in our town and wonder how they got that way. We do the same thing at home. But when we stop to think about it and know who all had a hand in influencing the youth, then we see the "why" in the results. And we then can either blame or praise.

Bill brings a good record of law enforcement and character to the job and a supply of school and instruction, both formal and by experience, to qualify him, in our opinion, for the office he will hold. We hope that he will also — Continued to Page 6

Men's Garden Club Meets Monday

The Men's Garden Club of Sanderson met in regular session on Monday night at the H. E. Ezelle home.

This was the third meeting of the newly-organized club and the by-laws governing the club were adopted after the committee on by-laws gave their recommendations to the club. Howard Stavley, H. Gilbreath, and T. O. Moore were members of the committee.

Greene Cooke brought a program on the work of the Men's Garden Clubs in other areas, and also about the organization of the club.

Several new members have joined the organization and much interest is being manifested. The open discussion on care of plants from setting to maturity was discussed at the Monday night meeting.

The next meeting will be at the home of the president, Marjorie Batson, on the third Monday in October.

Red Cross Chapter Starts Drive For Carl Relief Quota

Officers of the local chapter of the American Red Cross were called to a special meeting at the office of Supt. Matt Bader, chapter chairman, at the high school building Monday afternoon for the purpose of setting up the emergency relief drive for the victims of the hurricane Carla on the Texas coast.

Present for the meeting were County Judge R. S. Wilkinson, W. F. Frazor, Mrs. C. P. Peavy, L. H. Gilbreath, and the chairman.

The quota for this county in raising the state's \$1-million was only \$156.00 and it was thought that this amount could be raised immediately and rushed on the way to help in rehabilitation of the victims who lost so much in homes and furnishings as well as livestock and crops.

Donations will be received at the Peavy Insurance Agency, the County Judge's office in the courthouse, and at the Sanderson State Bank. No door-to-door canvassing will be done unless the donations fail to meet the quota.

The citizens of the county donated liberally in the emergency food and clothing drive while the evacuees were out of their homes and it is hoped that this rehabilitation drive will meet with the same response.

Three Students Get Awards For Tests at School

Three students at Sanderson High School have received certificates for their outstanding performances on the National Educational Development Tests, announced Andrew J. Riess, school principal.

The certificates were awarded by a Chicago firm serving education, industry, and government through applied behavioral sciences. The recipients include Mrs. E. L. Wagner, Miss Barbara Cates, and Miss Diane Tronson.

The certificates are provided for students scoring in the top quarter of each state's participants, by grade.

The tests provided scores in English, social studies, mathematics, natural sciences, and word usage. The evaluation of educational strengths and weaknesses is deemed particularly important at this stage of a student's scholastic career, the principal explained, so that school authorities, parents, and students themselves may make better decisions about future careers.

B. of R.T. Official Visits Here

Mrs. Ellie Lowry of Pine Bluff, Ark., made her official visit of instruction and audit to the local Auxiliary to the Brotherhood of Railroad Trainmen Monday afternoon. The meeting was in the basement of the Masonic Hall.

After adjournment, Mrs. Gene Litton served cookies and coffee and a gift was present to Mrs. Lowry.

At noon, Mmes. C. L. Surratt, W. M. Druse, Litton, and Ed Robbins honored Mrs. Lowry with a luncheon in a local cafe.

Calendar of Events

Friday, September 22—Presbyterian picnic.

Saturday — Junior Class Bake Sale.

Sunday — Beginning of special services at Methodist Church.

Monday, Sept. 25 — Presbyterian Women, Methodist W.S.C.S., Baptist W.M.U., Eagle Quarter-back Club.

Tuesday — Tuesday Club

Wednesday — Rotary Club, 51 Club, Bonhomie Club.

Thursday — Lions Club, Duplicate Bridge Club

Eddie J. Hanson, son of Mr. and Mrs. E. J. Hanson, is welcomed to Chevrolet's school of modern merchandising in Detroit by Dean T. O. McLaughlin. Admitted to the educational institution on the basis of past accomplishments and future promise in the field of retail automotive operations, Hanson was among 50 students selected for the 5-week course.

Sheriff Babb Resigns Oct. 1; Bill C. Cooksey Is Appointed

The Commissioners Court of Terrell County received a letter of resignation Monday from Coleman Babb, Jr., who had held the office of sheriff, tax assessor-collector effective October 1, 1961, until the next general election, according to the laws of the state.

In the appointment of Mr. Cooksey, as interim sheriff, the commissioners emphasized the fact strongly that it was their desire and they thought the desire of the people to bring law enforcement up to the highest level possible in the county so that it could again maintain the standard it once held of decency and integrity in the eyes of the neighboring counties and the people of West Texas. The Court pledged their cooperation to that cause in any and all actions of the incoming sheriff.

Mr. Cooksey, who has served almost 14 years with the Department of Public Safety in several capacities within the Texas Highway Patrol, stated that he felt that the experience he had gained, the schools of law enforcement and detection he had attended, and his experience with other law enforcement agencies and officers qualified him for the appointive post and he considered it an honor to him and to his family that the court would give that vote of confidence to him. He said that he considered it a challenge to fulfill the duties of the office and the wishes of the Court and that it would be his aim to so conduct himself and his assistants in the operation of all the duties of the office in such a way as to merit the acceptability of their actions by the public.

Mr. Cooksey has served as a highway patrolman here since August of 1960 and offered his resignation from that organization Tuesday.

He will continue to work as a highway patrolman until he accepts the duties of the office of sheriff, tax assessor-collector on October 2.

Carl L. Davis, Texas Highway Patrolman who has been working here with Cooksey, stated that it was not known at this time if he would receive another partner within the next few weeks, but stated that he felt sure that the Department of Public Safety would not close the Sanderson patrol station and he would continue to work alone here until a partner was assigned to him.

Mr. and Mrs. Cooksey and children are members of the local Methodist Church where he is a teacher of an intermediate class in the Sunday School. He has also been active in Boy Scout work.

Mr. and Mrs. Victor LaFave of El Paso are guests in the home of her brother, Ben Causey, and family.

Former Resident's Mother Dies. Funeral services were held in Corpus Christi Tuesday for Mrs. W. L. Lester, 85, who died in that city Sunday morning following a long period of failing health. She is survived by four sons and six daughters, including Mrs. F. H. Talbot of El Paso, a former resident.

Mr. and Mrs. Talbot went to Corpus Christi from Uvalde Monday morning with Mrs. Talbot's brother, Grady Lester, and her sister, Mrs. Ruth Swofford.

Mr. and Mrs. Jerry Fortune of Laurel Hill, Fla., are visiting her parents, Mr. and Mrs. W. J. Morris.

Revival Services Slated To Begin Sunday Night

Special services will begin at the Methodist Church next Sunday evening with Rev. Kelley E. Scott, a former pastor, doing the preaching. Rev. F. E. Curry, pastor, will go to Alpine to hold the Sunday evening service there in Rev. Scott's absence.

Services will be held each evening through Thursday beginning at 7:30 o'clock.

A cordial invitation is extended to everyone in the community to attend the services.

There will be a nursery provided for small children.

Drilling News -

Roden I. Hicks was testing the Fasselman without gauges out of perforations between 12,844-876 feet, which have been washed with 1,500 gallons of mud acid. The project flowed through 12-64-inch choke an unreported time, making gas at the daily rate of 900,000 cubic feet. Testing was continuing at latest report.

Location is on section 16, Block 161.

Hunt-Herbert Trusts No. 1 Spencer set 20-inch surface casing at 60 feet and was last reported drilling at 160 feet.

Location is on section 16, Block 1 in the TCRR Survey.

Shell 1-331 Mitchell is now shut in and unofficial reports that it will be completed for producing Fasselman gas. It is a whipstock project in section 331 of Block 2. It is also unofficially reported that operator plans to skid the rig and drill for an Ellenburger test.

Shell No. 1 Noelke was last reported drilling below 5,446 feet. Location is on section 2, Block A-2 in the TCRR Survey.

ASC Committee Named for County

Results of the election of the ASC County Committeemen for 1962 were released by E. E. Harkins Jr., present county committee chairman. The election was held by mail and the tabulation of the ballots was held September 15. Persons who will assume office October 1, 1961, are: Clarence Jessup, chairman; Roy Deaton, vice-chairman; Jack Harrell, regular member; E. E. Harkins Jr., first alternate; Jack Hardgrave, second alternate.

The Terrell County Agricultural Stabilization and Conservation committee is in charge of local administration of such national farm programs as the Agricultural Conservation Program, the feed grain program, the national wool program, the sugar program, acreage allotments, and marketing quotas, and any other programs which may be assigned by the Secretary of Agriculture.

SCD Supervisors Meet

The Rio Grande-Pecos River Soil Conservation District Supervisors held their monthly meeting September 11. Present were Clarence Chandler, vice-chairman; W. G. Downie, secretary; and John Harrison and Joe N. Brown, members.

The board reviewed and approved the Great Plains Soil Conservation Program contract on the S. L. Stumberg River Ranch, reviewed the plans of Lee Dudley and Charlie Gregory.

The next meeting will be October 3 at which time a new supervisor will be elected for subdivision No. 3, of which G. K. Mitchell is the present supervisor.

Mr. and Mrs. Jerry Fortune of Laurel Hill, Fla., are visiting her parents, Mr. and Mrs. W. J. Morris.

Eagles Tie San Felipe 20-20 In Thriller There Last Friday

The Sanderson High School Eagles wound up with a tie with the San Felipe Mustangs in a real thriller played in Memorial Stadium in Del Rio Friday night. The Mustangs are Class AA and were known to be capable of stiff competition.

Sanderson won the toss-up and elected to receive the opening kick-off. The kick went deep to Larry Harrell who fumbled the ball when being tackled and the Mustangs recovered deep in the Eagle territory. They worked the ball down to the 8-yard line from where Roger Blanks carried over for the first touchdown of the game.

The Mustangs controlled the entire first quarter as a result of

Wool Prices Low At Local Bid Sale

Prices were off from two to four cents per pound Tuesday at a sealed bid sale of fall wool at the Sanderson Wool Commission Co.

Of the 200,000 pounds shown, bids were accepted on 105,000 pounds. The prices were from 42 5-8 cents to 50 3-8 cents per pound, which is from two to four cents per pound lower than prices paid for comparable wool 30 days ago.

Buyers attending the sale here included Prouvost - LeVeuvre Co., Inc., Boston; Stevens & Co., Boston; Forte, Dupee, Sawyer Co., Boston; Colonial Wool Co., Boston; Huntington Wool Co., Boston, and Emery Wool Co., of Boston.

It was pointed out that fall shearing is not in full swing in this area yet, due to many circumstances, and much wool has not been shorn and brought in to the warehouse.

Sub-District Meet At Local Church

El Buen Pastor Church was host to the quarterly meeting of the Big Bend Sub-District here Sunday. Representatives from Fort Stockton and Pecos, the other two towns in the sub-district, attended the meeting which opened at 9:00 o'clock in the morning.

Rev. Noe Montez, pastor, preached at the morning worship service and Rev. Montemayor, pastor of the Pecos Latin-American Methodist Church, at the afternoon service.

A barbecued chicken dinner was served at noon.

In the afternoon there were three group meetings held. New officers were elected for the laymen and include Pilar Rodriguez, president; Mrs. Manuel Garcia, sub-district president; presided when the W.S.C.S. group met. There was also a meeting of the young people. Punch and cookies were served after adjournment at 3:00 p.m.

Dryden Man's Father Dies Last Week in Odessa

Funeral services were held last Thursday for Frank John Hogg, who died Wednesday in an Odessa hospital. Services were in the First Baptist Church of McCamey with Rev. Bill Lee of Odessa officiating.

Survivors include his wife; a daughter; two sons, Carl Hogg of Dryden, and one of Odessa; his father, three brothers, five sisters, and six grandchildren.

Herbert Holmes, son of Mr. and Mrs. Harry Holmes, who received head injuries when thrown from a horse last week at the ranch, was brought home from a Fort Stockton hospital Monday and continues to recuperate satisfactorily.

the back-breaking error early in the game.

In the second period, Al Soto, quarterback for the Mustangs, ran the ball over from the 20 for their second score.

Sanderson got its first taste of scoring in the second period when Harrell received the kick following the second Mustang touchdown and ran 95 yards for the score. The extra point try by Susano Munoz failed. The long run electrified the Sanderson fans and gave new spirit to the Eagle players.

Also in the second period, the Mustangs drove the length of the field and pushed the ball over from the 3-yard line for their third TD and final score of the game. The two-point conversion by San Felipe after their second tally brought the half-time score to 20-6 in favor of San Felipe.

Following the half-time interlude the Eagles came back strong and were breathing down the neck of the Mustangs who were threatening with each play. Harrell broke into the clear again in the third frame for a 63-yard run and converted the two points extra on a run.

In the final period Harrell threw a pass to Dee Gray in the end zone good for another six points and the go-ahead conversion try failed.

In the waning minutes of the game, as Sanderson had possession of the ball, there was a grim determination by the Eagles to score the winning points, but an equal determination by the Mustangs prevented this cause. The last play of the ball game was a completed pass from Harrell to Johnny Benavides which was complete for a long gain, but Johnny was not able to get behind the defense and carry the ball over.

The Eagle defense worked diligently and continuously to stem the drive of the Mustangs and a lot of credit is due to those stalwarts, according to the Coaches Carlton Smith and Gerald Peter sen.

Bob Fisher received an injury to his leg in the first half of the ball game and was out for the rest of the game. He is a line man on the team.

The Eagles will meet the Brackettville Eagles away from home Friday night, September 29, after an open date this weekend and the Sanderson Eagles are rated to be a favorite over that town and all fans who can make the trip are urged to go and back the Sanderson team.

Among Our Subscribers

New subscribers to The Times include Mrs. B. A. Halsey, Mathis AFB, Calif.; James Word, Stephenville; Julian Rodriguez, Lubbock; Don Harper, San Angelo; Peggie Cooke and Susan Harkins, Austin; Irma Munoz, San Antonio; Bobby Littleton, Abilene; Kathleen Robbins, El Paso; Miss Jackie McDaniel, Alice; Brucks Bader, College Station; Kay Williams and Diane Brown, San Antonio; Ana Calzada, Abilene; Tommy Wernecking, El Paso.

Renewals have come from R. N. Allen and Mrs. W. T. Bondurant, San Antonio; Abraham Grob, Washington, D.C.; Mrs. Garland Sprott, Dryden; H. C. Goldwire, Irving; Carlton Smith, Mrs. D. L. Duncan, G. C. Wilson, L. H. Fletcher, H. W. Chamberlain, and H. G. Holt of Sanderson.

Teachers To Be Feted At Supper Thursday

The teachers of the Sanderson schools are being honored at a supper to be served in the Legion Hall Thursday evening (tonight).

The affair is a joint project of the members of the Lions and Rotary Clubs.

Draft Regulations and Classifications Are Explained by Regional Boards

Austin — Since President Kennedy's announcement of increased draft calls, some men who have no legal obligation for draft registration or military service have been corresponding with Texas draft boards about their "obligation".

If you were born on or before August 30, 1922, you are not registered with a draft board and you have no legal obligation to register. Furthermore, you have no responsibility to keep a draft board advised of your current address.

If you were born after August 30, 1922, you are legally required to be registered, unless you are not yet 18 years of age.

If you are not registered and have reached the age of 35, you are no longer liable for military service under present law; but you are still obligated to keep your local board advised of your current address.

Some men are no longer liable at ages 26 and 28. At these three ages, where a man is no longer liable for service, he is classified V-A, and the little classification notice he is required to carry in his pocket is so marked.

An increasing number of people are asking draft boards for the meaning of the Selective Service classifications. These follow:

- I-A Available for military service.
- I-A-O Conscientious objector available for non-combatant military service.
- I-C Member of the armed forces, Coast and Geodetic Survey, or Public Health Service.
- I-D Qualified member of the armed forces reserve, or student taking military training, including ROTC and accepted aviation cadet applicants.
- I-O Conscientious objector available for civilian work contributing to maintenance of the national health, safety, or interest.
- I-S Student deferred by law until graduation from high school or attainment of age 20, or until the end of his academic year at a college or university.
- I-W Conscientious objector performing civilian work in the national interest, or who has completed such work.
- II-A Occupational deferment, other than agricultural and student.
- II-C Agricultural deferment.
- II-S Student deferment.

Boys Turning 18 To Register For Draft in Five Days

State Headquarters of the Selective Service System in Austin have notified the regional board of its concern about late registering of boys turning 18 years of age.

When a boy becomes 18 years old he is required by law to register within 5 days after his 18th birthday.

There will be 13 boys from this regional board, including Brewster, Terrell, Jeff Davis, and Presidio Counties, who will report for pre-induction physicals and four boys will report for induction on September 14.

III-A Extreme hardship deferment, or a man with child or children. Any man who prior to Aug. 25, 1953, had a child or children and lived with them in his home, and so advised his board, is eligible for III-A. Any man who acquired a child or children on or since August 25, 1953, is not eligible for Class III-A because of them unless military service would result in extreme hardship to them, or certain other dependents.

IV-A A man with sufficient prior or active service, or who is a sole surviving son of a family of which one or more sons or daughters already have died in line of duty in the armed forces.

IV-B Certain public officials deferred by law.

IV-C Deferment of certain aliens.

IV-D Minister of religion or divinity student.
IV-F Physically or mentally unfit or morally unacceptable.
V-A Over the age of liability for military service. If a man receives certain deferments resulting in classifications in classes I-D, I-S, II-A, II-C, II-S, III-A, IV-B, and IV-F before he is 26 years old, his liability for military service will be extended from age 26 to ages 28 or 35, depending upon the deferment received.

Irvin Robbins Jr. Weds San Antonian Monday Evening

In a quiet wedding in the home of the bride's parents, Mr. and Mrs. Gus Kaemmerling of San Antonio, Miss Vicki Kaemmerling and Irvin Robbins Jr. were united in marriage Monday in a double-ring ceremony. The bridegroom is the son of Mr. and Mrs. Irvin Robbins.

The couple visited here for a few days before going to El Paso to visit with the bride's father and will visit here again before going to Aberdeen, Md., where he will attend a school for ordnance supply clerks in the U.S. Army.

Mr. Robbins is a graduate of the Sanderson High School and completed three years of military duty in July.

Student Council Officers Are Elected Wednesday

Officers of the student council at the Sanderson High School were named Wednesday of this week, according to A. J. Riess, principal.

They are: Terry Jean Hodgkins, president; Margarita Fuentes, vice-president; Herman Carpenter, secretary-treasurer.

Bill Stavley was also elected to the council.

Miss Joan Wood Is Member of Zeta Tau Alpha at Texas Tech

Rush week activities climaxed at Texas Tech with the pledging of 290 women by 11 national Greek-letter social sororities. Miss Joan Wood, daughter of Mr. and Mrs. F. M. Wood, accepted the bid for membership in Zeta Tau Alpha.

Friends Visit in New Ranch Home of the Garners

Several friends of Mrs. J. Garner visited in her new ranch home Wednesday. They carried gifts and spent the day. Luncheon was served at noon. Conversation and the taking of pictures furnished diversion.

Those making the trip were Mmes. L. R. Hall, H. E. Fletcher, Ray Caldwell, O. J. Cresswell, J. W. Carruthers Jr., E. F. Pierson, H. P. Boyd, and Marion Batson, also Marla Kay Bell and Raylene Thompson.

Junior Class To Have Bake Sale Saturday

Members of the junior class the Sanderson High School are having a bake sale Saturday morning in the Community Public Service Company office from 9:00 a.m. to 2:00 p.m.

Anyone wishing to place special orders for cakes or pies is requested to contact Barbara Cates or any member of the junior class.

Personals . . .

Rev. and Mrs. John W. Byrd returned home Friday from Lubbock where they had visited their daughter, Mrs. Ray Vissotzky, and family. Their granddaughters, Toni Jo and Nannette Vissotzky, accompanied them home.

Mrs. Dick Sullivan and daughter, Hannah, are visiting in Houston with her parents while Hannah has a medical check-up.

Ed Wagner was in an Alpine hospital Friday to have a cyst removed from his neck.

Mrs. Santiago Rodriguez underwent surgery in an Alpine hospital Tuesday.

Mrs. Joe Wolff returned home Sunday night from Houston where she had been with her husband who is hospitalized there for medical treatment. She reports his condition to be improved.

CARD OF THANKS

In appreciation for every kindness shown us in our hour of sorrow for the loss of Bobby, our beloved son and brother, our heartfelt thanks are extended for the beautiful service, floral offerings, memorials, visits, cards and the food that was brought. May God bless each of you. Mr. and Mrs. William Morris and family.

Recent visitors in the home of Mrs. H. C. Goldwire were her son, Henry Goldwire, with his wife and two children of Irving. Mrs. C. E. Clymer returned home Sunday night from a visit with her children and their families in New Jersey. She was gone for six weeks. L. E. Muller brought her from San Antonio when she arrived by train. Ellis McDougal was taken to an Alpine hospital Monday night for medical treatment.

Mrs. Judith Strelger arrived here Friday from El Paso to visit with her son-in-law and daughter, Mr. and Mrs. Hugh Mose. She was accompanied by her daughter, Mrs. G. H. Mayfield, who returned to El Paso Sunday night.

COME AS YOU ARE—We're open all night for your convenience, and offer the best . . . Texaco Sky Chief Super-gasoline, supercharged with Petrox, and famous Fire Chief, the lively gasoline selling at regular price. Both are Climate-Controlled — specially blended for altitude and seasonal temperatures. Also Advanced Custom-Made Havoline Motor Oil, and long-lasting Marfak chassis lubrication, with our free under-car Safe-T check-up. Drive in, day or night!

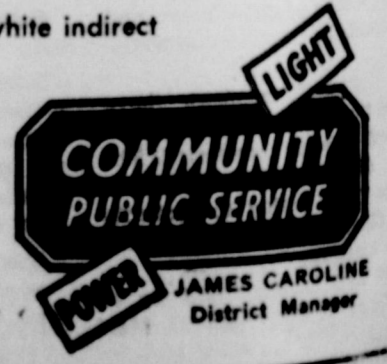

DUDLEY'S TEXACO STATION
—Your FIRESTONE Dealer—

Help make homework chores lighter...

with proper light for home study!

The young students in your home will find homework is finished faster and more accurately if you provide them with plenty of proper study light. For best light from a table lamp, use a 150-watt bulb. The lamp should be tall enough to spread light over the work area and properly shaded to conceal the light source. A diffusing bowl is recommended to soften the light and prevent glare. If the lamp has no diffusing bowl, use a 150-watt white indirect bulb. See your dealer or visit our office for the lamps and right-size bulbs your children need for proper study light.

1962 PONTIAC and TEMPEST

Thursday September 21

FRANK'S SUPER SERVICE

AUSTIN — Radioactive fallout is under close scrutiny at Texas' two testing stations in Austin and El Paso.

Resumption of nuclear testing by the Soviet Union brought on the 24-hour a-day shift atop the State Health Department building in Austin where sampling devices, working like vacuum cleaners, pull jet streams of air through a filter to measure fallout.

During the four year nuclear test ban, radioactivity got progressively lower. Before the tests were stopped, engineers said it was 50 to 100 times higher. They expect results of Russian shots to begin showing up here within the next few days.

Meanwhile, Gov. Price Daniel announced a survey is being launched in Texas to make fallout shelter space available over the state. He said Col. R. Paul West of the U.S. Army Engineers at Fort Worth, who has been assigned to survey, will work in coordination with the State Civil Defense and Disaster Relief Division and local civil defense officials.

Survey is part of a national program to locate possible fallout shelter space in existing buildings, tunnels and other protected areas.

Poultry Industry in Trouble
Texas' Agriculture Commissioner John C. White organized a conference of southern Agriculture Commissioners in Atlanta, Ga., to "seek ways and means to help save the poultry industry."

Larger V8 Engines and Diesel Debut in '62 Chevrolet Trucks

Diesel power for the first time, addition of two higher powered V8's, and lower hood lines for better road visibility highlight Chevrolet's 1962 truck line. New to most of the 198 models are directional signals as standard equipment, single

White said they will attempt to find ways to relieve the current "disastrous poultry prices" which are at the lowest point in the history of commercial broiler production.

"This is not just a local situation in Texas," White said. "The entire national broiler industry is suffering from a price depression."

He reported poultry prices dropped in the past week to as low as 10.5 cents per pound, or as much as five cents below cost for many producers.

Meanwhile, the Attorney General's Department is studying the record of a special court of inquiry to determine if anti-trust

violations are involved in the price decline.

Witnesses testified the trouble is overproduction. Actually the overproduction is not in Texas but in the 21 other broiler producing states.

Phil Friberg, manager of the Western Hatcheries in Gonzales, said 50 per cent of Texas' broiler producers will be out of business if something doesn't happen.

Atty. Gen. Will Wilson wants to determine if "there is any effort to price the Texas poultry producer out of business."

Padre Island Study Ordered

Governor Daniel has taken up Land Commissioner Jerry Sadler's recommendation that a feasibility study be made to determine whether Padre Island beaches should be turned into a state park area.

Sadler said the Governor agreed to appoint a state-wide committee with instructions to report quickly. The long, slender island, a potential playground paradise, has been the center of controversy since it was proposed that a large portion of it be turned over to the federal government for a national park area.

Loan Companies Cleared

A civil anti-trust suit alleging 31 loan companies conspired to push punitive small loan laws through the Texas Legislature has been dismissed by Federal

Judge Ben Rice, Jr., in Austin. Suit, filed by J. L. House, Jr., who operates a small loan business in Waco and other cities, charged that large Texas and out-of-state loan companies conspired to secure enactment of laws that would "destroy the small loan business of the plaintiff and all others similarly situated."

Judge Rice held the allegations did not show sufficient cause against the defendant companies to warrant a court trial.

Oil Prices Hit
Governor Daniel joined independent producers in pleas for action to stem the tide of falling Texas crude oil prices.

"In view of rising equipment and operating costs, crude purchasers should be thinking of some price increase," he said. "Domestic crude oil is long overdue for more realistic prices if needed exploration is to be stimulated. Lower prices, combined with a stringent law allowable pattern in Texas, will continue to aggravate the problem of the domestic oil producing industry. This, together with excessive foreign oil imports, some of them by the price-cutting companies, will hamstring the domestic industry and the producing states."

"I hope these and other purchasers will consider the plight of the domestic industry in their future actions," he concluded.

The president of the Texas Independent Producers and Royalty Owners Association, James F. West, said a personal appeal is being made to the heads of purchasing companies "in hope that common sense will assert itself."

Paper Backs in School?

State Board of Education has launched a study into the question of how much could be saved by using paper-back books in the schools, and whether it would be worth it.

"We can't say what the savings will be until the study is made," State Education Commissioner J. W. Edgar said, "but it appears the initial savings will be considerable." He pointed out the principal cost of some books is what's inside, rather than the materials used.

Board authorized the Texas Education Agency to start by asking bids on both soft cover and hard cover editions of one textbook—Vocal Music for seventh and eighth grades. It also authorized the agency to have a qualified laboratory test the wearability of paper backs against hard covers and submit findings.

Democrat Turns Republican

Jack Cox of Breckenridge, former member of the Texas House of Representatives who ran as a Democrat for Governor in 1930 announced he is enlisting in the Republican Party "as a buck private."

"I can no longer support nor be a part of the Democratic Party under its present leadership and political platforms," he said. "And I shall immediately exercise my constitutional privilege of pledg-

ing my efforts and dedicating whatever abilities I may have to assist the Republican Party in its fight to restore constitutional government."

He said he will gladly serve the (Continued to Page 4)

NOW! A NEW WORLD OF WORTH!

NEW FROM DIESEL TO DAZZLE!

'62 CHEVROLET JOBMASTER TRUCKS!

WITH NEW High Torque Power

Here they are—handsome, functional '62 Chevrolet trucks powered to work harder in every weight class with the highest torque in Chevrolet history.

Meet the eagerest, earningest crew of new trucks that ever shouldered a load!

There's a wider choice of power, a wider choice of torque, across the board. For heavies, there's the new High Torque 409 V8*, with 16½ per cent more torque than ever before available from Chevrolet. Big news in the middleweight class is the new Chevy-GM 4-53 Diesel, backed by years of GM Diesel experience. In the light-duty line-up, the High Torque 261 Six* adds new sock in extra-tough applications. All told, you can pick from nine rarin'-to-work, ready-to-save '62 Chevrolet truck engines.

Handsome new work-styling includes forward-sloping hoods that allow drivers to see as much as 10½ feet more of the road. Chevrolet's famous Independent Front Suspension gives you a smoother riding, easier working, longer lasting truck. New heavier duty, smoother hypoid rear axles add new beef and brawn in the middleweight class. Rugged new I-beam front axles* of 9,000- or 11,000-lb. capacity are available on Series 80 heavyweights. Mufflers are longer lived on all models.

You'll find a total of 198 models in the new '62 Chevy line—including three work-proved, versatile Corvair 95's. Every model is built to out-haul, out-last and out-value any other truck at anywhere near the price. See your Chevrolet dealer!

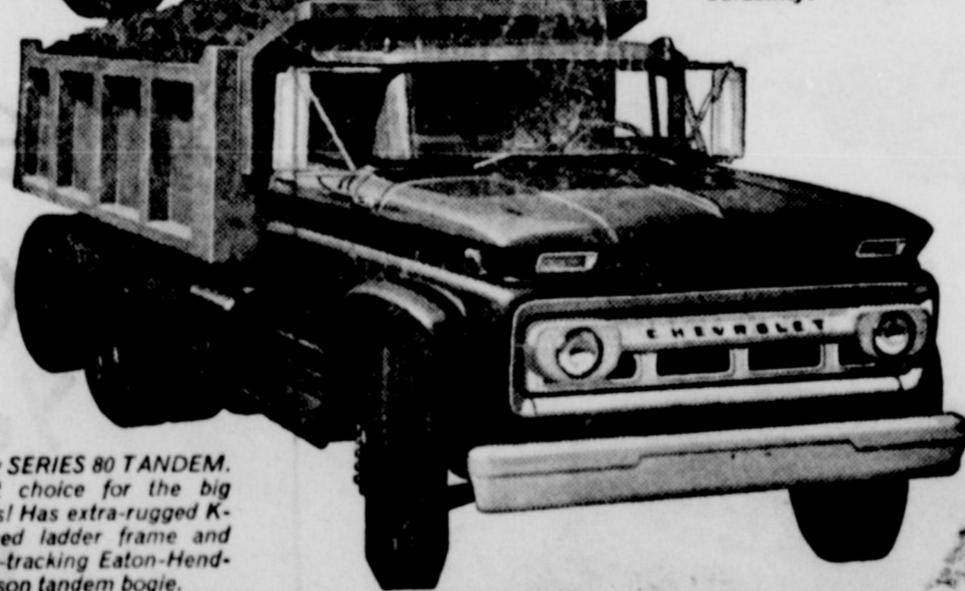

*Optional at extra cost

New FLEETSIDE PICK-UP. Most modern version of America's most popular pickup.

New SERIES 60 DIESEL. Diesel savings and Chevy durability.

New SERIES 80 TANDEM. Best choice for the big ones! Has extra-rugged K-braced ladder frame and true-tracking Eaton-Hendrickson tandem bogie.

Fly Eradication To Be Talked At TS&GRA Meet

San Angelo — Discussion of a program to rid the Southwest of the costly screw-worm fly and a report on progress in curbing salt water pollution of range fresh water in oil field areas will receive the primary attention of Texas Sheep and Goat Raisers Association directors in Abilene September 22-23. The TS&GRA directors representing the wool and mohair industry from all sections of the state, will be convening in quarterly meeting to consider these and other matters of importance to growers.

The meeting will get under way Friday afternoon in the Windsor Hotel with committee sessions at 2:00 and 4:00 p.m. The general business meeting of the board will begin at 9:30 Saturday morning in the hotel ballroom. Registration for the two-day meet will start on Friday at 10:00 p.m. on the hotel mezzanine.

Directors will hear a full report on the newly chartered Southwest Animal Health Research Foundation, a unit with the initial objective of securing funds to launch a screw-worm fly eradication program employing the sterile male fly technique conducted successfully in Florida and the southeastern states. The Foundation, originated by the Texas Animal Health Council composed of 31 Texas livestock organizations, hopes to get voluntary contributions from the industry and then ask for matching government funds to finance the program.

Representatives of the Colorado River Municipal Water District will make a presentation with pictures to illustrate the method used by the Colorado Water District in locating the source of salt water pollution in the Colorado River. The TS&GRA is urging all interested ranchmen to attend this discus-

NOTICE

The State of Texas County of Terrell No. 143

NOTICE is hereby given that a hearing will be held on the 23rd day of September, 1961 at 10:00 a. m. in the County Court at the County Courthouse of the above named County in Sanderson, Texas on the application of the hereinafter named owner for a license to sell beer at retail at a location not heretofore licensed. The substance of said application is as follows:

1. Type of license or permit Beer Retailer's Off-Premises License
2. Exact location of business Lot 16, Block 3, Cargile Addition
3. Name of owner or owners Violet M. Corie
4. Assumed or trade name Circle C Drive-In Grocery

Any person shall be permitted to contest the facts stated in said application and the applicant's right to secure said license or permit upon giving security for costs as provided by law.

WITNESS MY HAND this the 9th day of September, 1961.

Ruel Adams County Clerk Terrell County, Texas. 32-2c

Women Scientists Vitally Needed, March of Dimes Grantee Warns

Increasing numbers of young women must be encouraged to become medical research scientists. They are needed to make up the loss of men researchers who more and more are turning to electronics and other technical fields unrelated to the nation's health.

This is the view of Dr. Virginia Tennyson, a medical scientist herself, who sees the day near when there will be an acute and dangerous shortage of science laboratory talent unless hundreds of girls—now in high school or entering college—can be won over to science as a career.

Dr. Tennyson is an anatomist and electronmicroscopist at Columbia University College of Physicians and Surgeons, New York City. Under a National Foundation-March of Dimes grant, she is working today to determine what causes excess fluid in the brain of infants, one of the major birth defects (hydrocephalus) with which thousands of babies are born every year in the United States.

This dread disease leads to gross enlargement of the head, wasting away of the brain, loss of mental powers—often death. Dr. Tennyson has suggested that there is an advantage in having women in some laboratory studies.

"I think it fair to say that in some fields of scientific inquiry, women are better equipped by nature than are men. For instance, few will argue that women aren't more intuitive. In the laboratory, they are more inclined to respect a hunch, which is just another word for disciplined imagination and deduction. We women 'hunch' because we are determined to get a realistic answer.

"Then I also think," she said, "that women workers in science are inclined to be more patient than men researchers. Perhaps it's debatable, but I seem to find, too, that women are more likely to persevere, less prone to give up because of boredom and tedium."

Dr. Tennyson mentioned that The National Foundation offers

Dr. Virginia Tennyson beside electron microscope at Columbia University College of Physicians and Surgeons, New York City, where she is seeking cause of excess fluid in the brain, a condition known as hydrocephalus, under National Foundation-March of Dimes research grant.

today post-doctoral fellowships to promising young individuals preparing for careers in science. In addition to offering aid to prospective research scientists, The National Foundation is taking steps to interest young persons in entering the allied health professions. Under this program, the health organization has awarded almost 1,300 scholarships (each worth \$2,000 if maintained for the full period of four years) in the fields of medicine, nursing, physical and occupational therapy, and medical social work.

The National Foundation offers 515 of these health scholarships each year to students in every state in the nation. Since Dr. Tennyson is dedicated to the serious task of determining the "why" of hydrocephalus, a person might conceive of her as a granite-faced zealot, oblivious to all save laboratory test tubes, re-

torts and microscopes. Instead, this slim, auburn-haired and blue-eyed scientist looks like nothing so much as a professional model or dancer, and one endowed with humor. Her chief interests and training all relate to medical science, but when the occasion arises she can whip up the most epicurean crepes suzette one

and daughter-in-law, Mr. and Mrs. Douglas Attaway, and in Slaton with her mother and other relatives.

Mrs. Charles Cargill and children left last week for their home in Angleton after visiting here with her parents, Rev. and Mrs. Irl Richardson for several days to escape the hurricane. Mrs. Richardson accompanied her daughter to Houston Dr. and Mrs. Gene Richardson of La Marque, who also visited here for a few days, returned to their home to find no damage although severe damage was done to adjoining property.

Mrs. L. G. Hinkle took her father, Clyde Higgins, to San Angelo last Friday for him to have a medical check-up.

Buddy McDaniel and Buddy Monroe left Sunday for San Marcos where they will be sophomores at Southwest Texas State College.

Mrs. Gene Litton and son, Steve, spent the weekend in El Paso with relatives.

Last weekend Mrs. J. J. Harkins took her daughter, Susan, to Austin where she will be a freshman in the University of Texas. She also visited relatives in Bertram before returning home.

Larry Heinatz visited here last weekend in the home of his parents-in-law, Mr. and Mrs. T. O. Moore, and returned his wife and two sons who had been visiting here for several weeks to their home in San Marcos Sunday.

party of his new choice "in any capacity, no matter how small."

But he left the door open to run for Governor again. He polled some 620,000 votes in a two-man race that Governor Daniel won with 909,000 votes in 1960.

Road Maintenance Funds Needed
State Highway Commission is asking more flexibility in use of funds for maintenance of Farm-to-Market roads.

Problem today is adequate maintenance, improvement and reconstruction of roads already built. Therefore, a portion of the total F-M earmarked funds must be set for maintenance.

Governor Daniel vetoed the earmarked construction funds for the second year of the new biennium as a step in this direction. The Highway Department expects legislation to be introduced at the coming special session to finish the job.

Short Snorts
About a nickel a day — that's what tax experts figure the new sales tax will cost the average Texan whose income is figured in the three-to-four-thousand-dollar bracket.

State Treasurer Jesse James reports a slump of \$57,746 in August sales of cigarette tax stamps.

H. S. (Hank) Brown, president of the Texas AFL-CIO, predicts the Texas sales tax "will retire more legislators than ever before in history." He predicted "Texas will not take this tax."

State draft quota for October calling for 911 men, is 201 less than September call. State Selective Service Director Morris Schwartz reports 6,002 men will be given pre-induction examinations in October.

"School Traffic Safety Week" has been designated as September 18-22 by Governor Daniel, who appeals for "vigorous traffic safety programs" throughout the state.

Labor Day week-end was the safest since 1946 with only 19 fatalities recorded by Department of Public Safety against expected 30. There were 17 for comparable period in 1946.

You can buy artificial baits at Eagle Alamo Lumber Co. at one-half price. adv

Mrs. D. A. Halsey and daughters, Linda and Brenda, left Sunday for their home at Mathis AFB, Calif., after a visit here with her father, Lolo Flores, and family.

Mrs. Virgil Franks, who had received medical treatment and observation in a Fort Stockton hospital for a week, was taken to an Odessa hospital Monday for further treatment.

Mrs. C. P. Peavy attended an all-day insurance meeting and workshop in San Angelo last Wednesday. The meeting pertained to the new Texas farm and ranch owner policies. Mrs.

Tol Murrah accompanied her on the trip.

Mrs. Lee Berry Leads Program For Baptist W.M.U.

The Baptist W.M.U. met Monday evening in the home of Mrs. O. D. Gray for a Royal Service program and business meeting. Mrs. Lee Berry was the program leader and assisting her in presenting the program on "We Bring Our Gifts of Love" were Mmes. Orba Court, H. G. Cates, James Word, and Jim Turner.

Mrs. Harold Cole played quiet music to open the meeting and Mrs. Gray gave the devotional after reading I John 4:7 and 5:2. The names on the missionary birthday calendar were read before a period of special prayer for the missionaries.

Announcement was made of the service next Monday evening at 7:00 o'clock to observe the Week of Prayer for State Missions. New officers were elected to include: president, Mrs. Gray; vice-president, Mrs. A. N. Farley; secretary-treasurer, Mrs. T. O. Moore; chairman of various committees are: community missions, Mrs. Jams Word; program, Mrs. Lee Berry; prayer, Mrs. C. O. Cash; mission study, Mrs. H. G. Cates; stewardship, Mrs. A. N. Farley; pianist, Mrs. H. W. Cole. Mrs. Cole was surprised with a pink and blue shower after Mrs. Cash had led the dismissal prayer.

Refreshments of angel food cake, pink and white ice cream, and pink punch were served. Also present were Mmes. Guy Wilmon, W. G. Shoemaker, H. T. Looney, and W. A. Nunley of Marathon.

Mrs. A. J. Riess Is Hostess For Duplicate Club

Mrs. A. J. Riess entertained the Duplicate Bridge Club last Thursday afternoon in the dining room at the Oasis Restaurant.

Chocolate and coconut cream pies were served with tea and coffee for refreshments. French fried sweet potatoes sprinkled with sugar were served during the card games.

Mrs. Cariton Smith and Mrs. Riess tied for high score with nine and one-half points and Mrs. M. W. Duncan was second high.

Also present were Mmes. John Huey, A. C. Garner, H. E. Ezelle, S. H. Underwood, and James Caroline.

Skipper Harris Honored at Party

Mrs. P. G. Harris Jr. honored her son, Skipper, on his seventh birthday last Wednesday when she entertained with a weiner roast in the back yard at the Harris home.

The guests included Peggy, Rhonda and Randall Louwiea, Chuckie Hill, Glenda Rae Searcy, Nelson Cooke, Glenda Shoemaker, Buddy Smith, Steve Litton James and Debra Druse, Howard and Patricia Dishman, Dane and Lea Elrod, Clifton McSparran, also Mmes. P. G. Harris Sr., Peggy Sullivan, Troy Druse, W. H. Dishman, and E. R. Searcy.

Fishermen, get your artificial baits at Eagle Alamo Lumber Co. at half price while they last. adv

LUXURIOUS STYLING of Pontiac's 1962 sports coupe models is graphically illustrated by these views of the sparkling new Bonneville. A smaller rear window and a lower roof design give this two-door hardtop the rakish look of a softtop convertible. A divided V-shaped grille of horizontal bars exemplifies the smooth flowing lines and the Bonneville's generous full-length side moulding accentuates the car's long, low and sleek appearance. This same new look in hardtops is found in the Catalina sports coupe.

Beta Iota Chapter Has First Meet Of Club's New Year

The Beta Iota Chapter of Delta Kappa Gamma held its first meeting of the new year Saturday at Kokernot Lodge in Alpine. The new president, Mrs. Ada Medlin, presided.

Preceding the business session the executive board served refreshments to about 35 members. Those attending from Sanderson were Mmes. M. F. Bader, W. H. Grigsby, E. E. Farley, J. L. Smith, and W. H. Savage.

Chevrolet Features Shown To Group Wednesday Night

An interesting and instructive film and display was shown to 22 invited guests at the Oasis Restaurant Wednesday evening.

Mechanics and service station attendants and parts men were shown the new features and improvements on the construction of the various types of cars and trucks being shown here next week by McKnight Motor Company.

M. S. "Bud" Allen of Odessa, accompanied by his small son, Bobby, brought the film and descriptive charts for the showing. The guests enjoyed a chicken dinner as well as the entertaining film and lecture.

Mrs. Ruben Hernandez and infant son returned to their home in Odessa Sunday. Her sister,

Mrs. Olivia Salinas, and her mother, Mrs. Jesus Calzada, took them to Odessa.

Margot Alva Weds Luis Pena Jr.

On Saturday, September 2, Miss Margot Saenz Alva became the bride of Luis Pena Jr. Judge R. S. Wilkinson was the officiant for the double-ring ceremony in the home of the bride's mother, Mrs. Louisa Muller, in the presence of only relatives and a few friends of the two families.

The bride entered the living room on the arm of her uncle, Juan Enrique Saenz, who gave her in marriage. She was preceded by her sister, Faye Muller who was the ring-bearer.

Mr. and Mrs. Valentine Barrera of Port Stockton were the only attendants.

The bride's floor-length wedding gown was of Chantilly lace with sculptured bodice, fingertip length sleeves, and full skirt. Her shoulder-length veil was held in place by a crown of pearls. For something old she wore her mother's pearls and for good luck she carried an old penny in her shoe.

The reception and dinner following the wedding was in the home of the bridegroom's parents, Mr. and Mrs. Luis Pena Sr.

The four-tiered cake, iced in white and decorated in pink flowers, and topped with a miniature bride and groom, was the centerpiece on the bride's table.

Miss Beatrice Alva of San Antonio, sister of the bride, presided at the bride's book to register the guests.

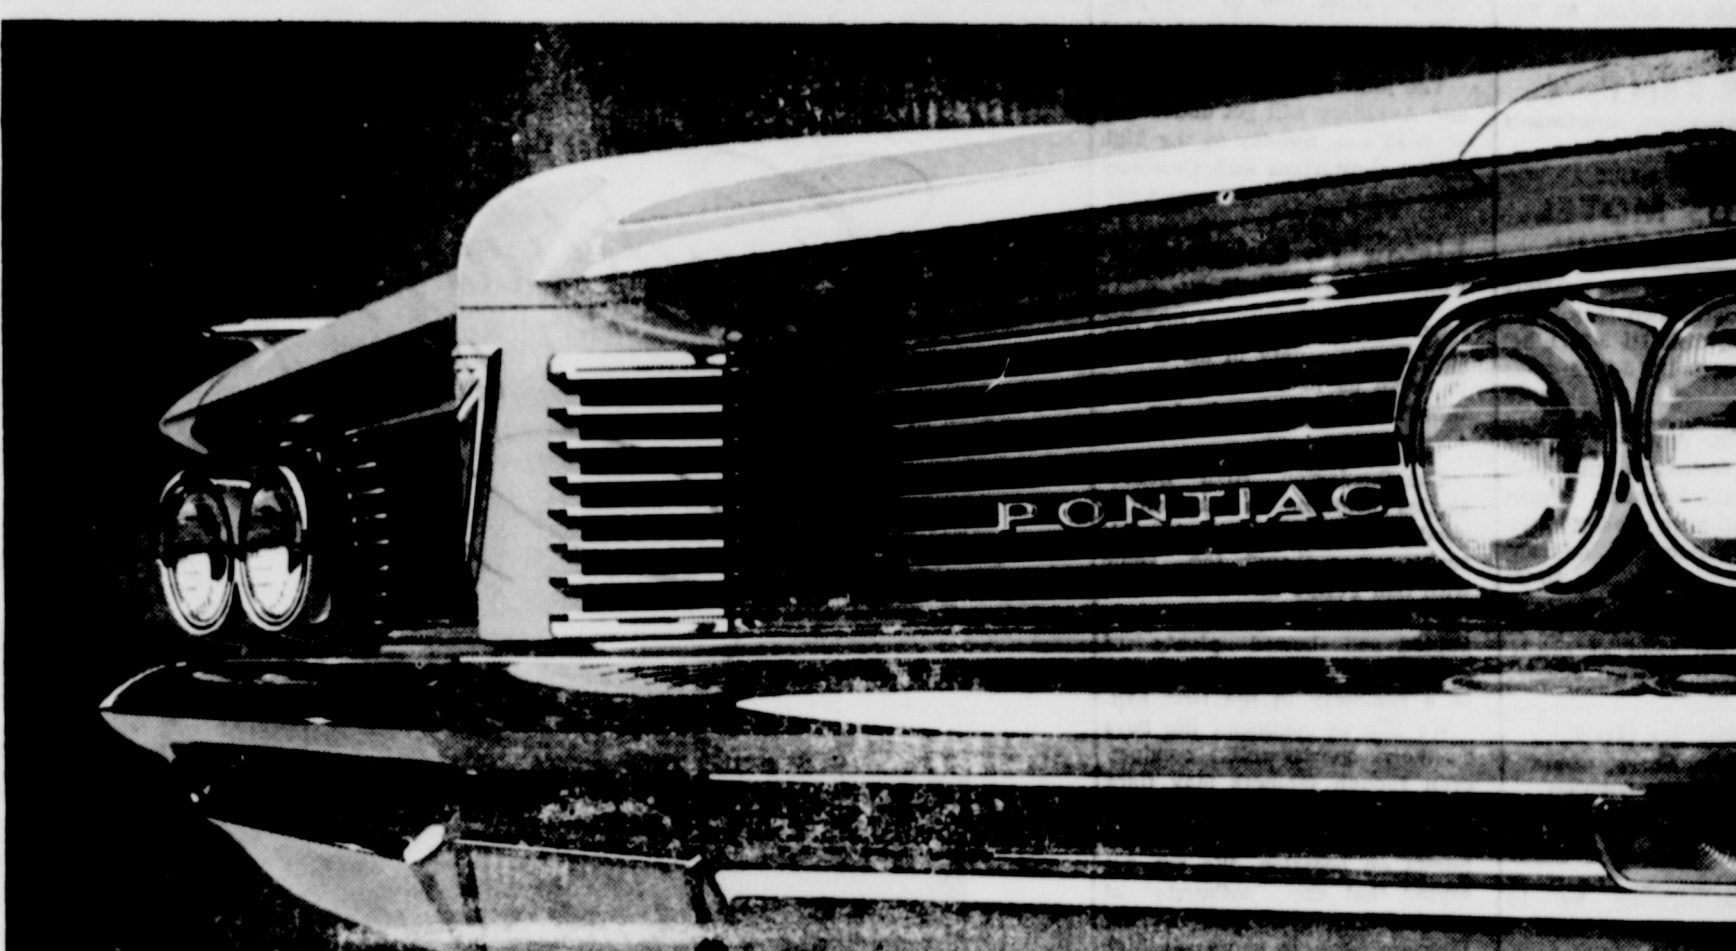

Mr. and Mrs. Pena have returned to Sanderson to reside after a wedding trip to Denver, Colo. He is custodian of the gymnasium, football field, and Lamar Ward School.

Mr. Pena attended the Sanderson schools and she was a freshman in the Sanderson High School.

When a car is this beautiful, you know Pontiac built it!

Who else but the builder of those front-running Wide-Track Pontiacs could bring out a car so freshly and finely styled! It's longer, with a crisp, low silhouette. It's distinctly Pontiac, with a new twin-scoop grille you can recognize a block away. Powered by the potent Trophy V-8, with 215 to 348 h.p. Beautifully poised on Pontiac's famous Wide-Track stance. We've even cut the turning radius as much as 3½ feet to make handling easier. The result is a pride-pleasing new version of America's Number One Road Car. Come on in—and let a Pontiac show you its stuff while it's showing you off!

The '62 Wide-Tracks are here!

American Legion and Auxiliary To Convene In Crane Saturday and Sunday of This Week

Aubrey Bullard
... Department Commander

William T. Marlow
... District Commander

Legionnaires and Auxiliary members from the 16th Congressional District will convene in Crane Saturday and Sunday of this week for their annual fall convention, Ken G. Spencer, commander of the Crane post announced.

The American Legion Hall will be open for registration Saturday afternoon. Other activities Saturday will include a rehabilitation meeting from 3:00 to 4:00 p.m., a smoker from 5:00 to 6:00 p.m., and the annual convention dance at 9:00 p.m.

The joint session of the Legion and Auxiliary will get under way at 10:30 a.m. Sunday in the high school auditorium with Commander Spencer calling the meeting to order. Dist. Commander William T. Marlow of Pecos will introduce the speakers and guests.

The principal speaker for the joint session will be Department Commander Aubrey Bullard of Gainesville. The memorial service will be held at the conclusion of the joint session.

Following lunch the organizations will hold their separate business sessions.

Listen To Luke - Continued from Page 1-
have the cooperation of the citizens of the county in his efforts to serve us in the capacity as sheriff, tax assessor-collector.

The Sanderson High School Eagles continue to maintain a good football record so far this season, even though the game with San Felipe last week ended in a tie. Sanderson came from behind and showed plenty of second-half zip to pull a tie out of a run-away in the first half. We like to commend the boys on their sportsmanlike conduct, even though tempers may flare on occasion, they are still immature and subject to such outbursts on occasion. We are not saying that any outbursts of temper are to be praised, but they are likely to happen in high school games.

The Eagles made a proud showing of their ability and they are worthy of all of the backing we can give them as fans.

Local automobile dealers will appreciate your going by and looking at their new model cars when they are shown or afterward. You know there is no obligation for the look-see and they are proud of their companies' products and like to show them to interested viewers.

Go by and see the new models as they come out and tell them, "Luke sent me".

Mr. and Mrs. J. Garner left Thursday morning for San Angelo after receiving word of the death of his uncle, W. C. Kemp, in that city. They expect to return Friday afternoon.

Ranch Club Elects Officers for Year

The Ranch Home Demonstration Club met on Tuesday morning, September 5, in the Legion Hall. During the business meeting the group voted to make a contribution of \$5.00 to the Abilene State School. Mrs. H. E. Ezelle gave a report on the recent THDA meeting in San Angelo which she attended as a delegate.

For the October meeting, each member is requested to bring a gift and directions for making it so that the club members may get some suggestions for Christmas gifts.

The annual Christmas party will be at the Oasis Restaurant. On the menu committee are Mesdames Charles Stegall, Ray Caldwell, and C. F. Cox; decorations, Mesdames H. B. Louwien, F. G. Grigsby, and Jack Hardgrave; gift committee, Mrs. E. F. Pierson and Mrs. N. M. Mitchell.

New officers were elected and include: president, Mrs. Charles Stegall; vice-president, Mrs. R. A. Gatlin; secretary-treasurer, Mrs. M. W. Duncan; reporter, Mrs. James Caroline; council delegates, Mrs. N. M. Mitchell and Mrs. John W. Byrd; parliamentarian Mrs. C. C. Mitchell; Triple E chairman, Mrs. J. Garner; recreation chairman, Mrs. H. B. Louwien.

Mrs. Cliff Wilson discussed the

work of the State Conservation officer.

At noon, a vegetable salad, ambrosia, potato chips, olives, pickles, spice cake, chocolate cake, iced tea, and coffee were added to the sandwiches which the members had brought for the lunch. Mrs. W. W. Sudduth and Mrs. Gene Litton were hostesses.

Mrs. Louwien directed the recreation period when the members participated in a contest in making words from the letters in the word "Home Demonstration." Miss Lucille Watson, home demonstration agent, gave a demonstration on sewing machine attachments.

The guests attending the meeting were Mesdames Sid Slaughter, C. P. Peavy, Herman Couch, and Sid Harkins.

Members present were Mesdames A. C. Garner, C. F. Cox, John W. Byrd, H. P. Boyd, J. Garner, J. D. Nichols, E. F. Pierson, C. C. Mitchell, Charles Stegall, Ray Caldwell, O. J. Cresswell, N. M. Mitchell, H. B. Louwien, H. E. Ezelle, Mary Cox, F. G. Grigsby, R. A. Gatlin, F. E. Curry, and Jack Hardgrave.

Rev. F. E. Curry left Monday for Sacramento, N.M., to attend a ministers' retreat for two days. The retreat is for the pastors of the Carlsbad district. Mrs. Curry accompanied him to Artesia to visit with her parents.

El Paso Gas Plant Village News - -

Cadillac presents for 1962
the Masterwork of the Motoring Age

Fleetwood Sixty Special, above; Sedan de Ville, below.

You have had your first look at the new "car of cars". Its name is Cadillac—and its destiny is a place among the most renowned automobiles of our time. Its new styling is remarkably clean and crisp and graceful—with a look of "rightness" in every line and contour and detail. Cadillac's new Fleetwood interiors beckon with a jewel-like beauty. There are marvelous new fabrics and leathers . . . and new conveniences on every hand. Engineering triumphs include independent front and rear braking . . . exclusive new cornering lamps that light your way around turns . . . a revolutionary three-phase rear lighting system . . . and many other important advances.

Yet, some of the noblest advances cannot be seen. They must be felt and sensed—performance that is incredibly quiet and smooth and nimble . . . handling ease so great that the mere weight of your hand puts you in command of the road . . . craftsmanship that is so practiced and so precise that the car has become a marvel of construction and a paragon of dependability. These new Cadillac wonders are evident in each of twelve new body styles—and are available with the widest selection of interiors in Cadillac history. Even if you have never before considered a Cadillac—you should take a journey in this one. It's Cadillac for 1962. You'll be hearing a lot about it.
