SANDERSON, TEXAS, FRIDAY, FEBRUARY 23, 1962

NUMBER 3

## LISTEN TO LUKE

The past weeks have proved some interesting facts concerning our national government — i.e. the necessity of the proposed cabinet post of urban affairs and also the lack of necessity of the office of attorney general.

The younger brother of the President has been gone for a long time on a round-the-world trip and the cabinet post has gotten along well without him.

Of course, in our opinion, the trip of an attorney general around the world on a good-will mission is like sending a football player to a ballet school. There is something wrong with such a procedure, in our opinion. And we read also where another brother is going to make a trip to Zanzibar, or somewhere else.

If the family did not have the money to make the trip, why did they not apply for one of those go now, pay later deals?

If there are any other members of the family that need to go on a vacation, or that need a job, we hope that there will be a sufficient number of trips or jobs available for them.

We understand this younger brother is planning a race for one of the national legislative seats.

Nepotism evidently is an accepted practice in some circles.

As this is being written, Lt. Col. John Glenn is orbiting the earth and our feelings are of extreme anxiety for his safety and for the feelings of anxiety that his family must be experiencing.

The man has a courage that is typical of the men of our armed forces, and of the men who have gone into our armed forces and come out of them. They were all ready for extreme sacrifices and unlimited bravery at some time or other.

Such actions must be strongly implanted into the minds of the young men of our nation, as well as a further conditioning of the mind and body after he is selected for such a job.

Such action is not accomplished by such an attitude prevalent now of letting somebody else do it.

There are too many people who are more than willing to let somebody else do the difficult things in this life, for this nation, and for this state and county.

If there is something to be done, there should be more men willing to do the work and fewer coat holders; less chiefs and more Indians.

Instead of letting someone talk you into something, get them to talk you into helping them instead.

There has been for some time some talk of the possibility of construction of a new post office in Sanderson. We are not saying this to start stirring up a stink about why nothing has been done, we are only reminding our readers that as far as can be ascertained, there is no alteration in the plans, and there are no plans for the immediate beginning of the construction of such a facility.

Surveys have been made of the town and possible site selections made. There are also restrictions as to where the post office can be located.

Some interest is being shown in the coming-up school board election. That information can be learned more in detail in another spot in The Times. We expect some interest in this job and will predict that more interest will be shown as the time for the election draws nearer.

Oscar Bendele of Dryden was taken by ambulance to a Fort Stockton hospital Tuesday and is reported to have suffered a light heart attack.

W. T. (Ted) Attaway is shown standing beside the GMC gas-truck which has carried him over 2,000,000 miles of his more than 2,000,000 miles of driving. Times photo.

## Ted Attaway Logs Over 2,000,000 Miles In Highway Driving Without An Accident

W. T. (Ted) Attaway has chalked up over 2,000,000 miles of driving on Texas highways and has not received a scratch on the vehicles he has driven during that time.

Another fact concerning the driving record of Mr. Attaway is that he has driven the same vehicle, a 1951 GMC tractor, more than 1,250,000 miles, over 1,000,000 of which were driven with the original motor in it.

Mr. Attaway stated that the only difference between him and the truck was that the truck had a new motor and all worn parts replaced, but he was still using original equipment.

Mr. Attaway is employed by F. M. Weigand, for whom he has worked since July of 1935. He began his employment there by working in the station and began driving the truck in 1941, a job he has held since that time.

Attaway stated that for a long time he was hauling gasoline and diesel fuel out of El Paso and would go up one day and return the next, but in more recent years he would make the round trip in one day, taking about 16

hours, and often made the trip for eight or nine days consecutively.

It is just over 300 miles to El Paso, Attaway stated, and he said he considered himself well acquainted with every inch of the highway.

In most recent years, Attaway has been driving the truck to the Odessa area for gasoline and diesel, thus cutting his daily run in about half.

Sanderson led 11-10; 29-13; 40-16 at the end of the first three quarters and the game ended 56-24.

Larry Harrell led the scoring with 20 points, and was the only Eagle to hit the double figure.

Other players were Alberto Escamilla, Dee Gray, Buddie Joe Hall, Bill Stavley, Jimmy Jones, Wally Rubio, Susano Munoz, Kenneth Moses, Oscar Marquez, and John Cates.

Sanderson's only loss during district play was to Fabens during their two-night stand there.

## Sid Smith Plans Conservation

Sid Smith is in the process of revising his basic ranch conservation plan. A range site and condition class map will be made and used to help on the conservation plan which includes proper range use, deferred grazing and cutting prickly pear and lechuguilla.

Smith has been a cooperator with the Rio Grande-Pecos River Soil Conservation District for several years and has carried out water, soil, and plant conservation practices.

Miss Terry Hodgkins

Miss Terry Hodgkins and her mother, Mrs. J. R. Hodgkins, attended the awards tea given by the Daughters of the American Revolution in Fort Stockton Saturday afternoon. The tea was in the social hall of the First Christian Church.

Eight senior girls of West Texas, including Miss Hodgkins, were cited for their achievements in good citizenship. Mrs. John Borden, good citizenship award chairman of the chapter, arranged for the selection of the girls by their respective schools on the basis of their personal merits.

## Girls Lose Game To Van Horn Fems

The Sanderson Roadrunners lost their final game of the regular season when Van Horn came from behind to take a 38-33 victory from an otherwise clean slate in district competition for the Roadrunners.

The Roadrunners had a 26-19 lead at half-time, after jumping out to a 16-7 lead at the end of the first frame. During the third period, the Roadrunners scored six points and Van Horn scored three to bring the score to 32-19 at the end of the third period, but in the final period, Sanderson was able to loop only one point while Van Horn made 16 to gain the win.

Coach Y. F. Bowley used all the girls during the game and they included: Linda Beckett, Marta Flores, Silvia Wood, Beth Clark, Vicki Trevino, Shella Cox and Dorothy Whistler as guards; Betty Jane Robbins, Lupe Garza, Jackie Carter, Paula Hanson, and Linda Babb as forwards.

She is the daughter of Mr. and Mrs. W. H. (Bill) Lemons and is a senior in high school.

## Eagles Lose Bi-District Basketball Game To Ozona By Single-Point 40-39 Score

The Sanderson Eagles lost the bi-district basketball game to the Ozona Lions by a 40-39 score. At only one time during the game, late in the fourth period, did the Eagles lead the Lions and then briefly and by only one point.

Sanderson got off to a first period deficit of 8-6 deficit and trailed 17-21 at the half-way mark. In the third period the Eagles had a 24-all tie going, but were un-

able to get a lead and trailed 28-30 at the end of the third frame.

Sanderson lost their lead on a tip-in by an Ozona player and a late free-throw because of a foul gave Ozona a three-point lead.

The Sanderson Roadrunners will play Ozona in McCamey next Tuesday night for the bi-district title. The game will be at 8:00 p.m.

## Three Announce For School Post

According to Dudley Harrison, secretary of the Terrell County Independent School Dist., three persons have announced their candidacy for the post of trustee on the school board. The two are: Jack Hardgrave, who is seeking re-election, Bob Norred and J. A. Mansfield.

The terms of Hardgrave and John T. Williams expire this year.

Hardgrave, a rancher of the county, has been a member of the board since it was increased to a seven-man board because of the change from a Common to an Independent district.

Norred is an employee of the El Paso Natural Gas Co. at their plant in eastern Terrell County.

Mansfield is an employee of the T&NO Railroad and has lived in Sanderson all his life.

The school board election is set for April 7 and filing deadline is March 7.

## Murray Harrell, Former Resident Buried In El Paso

Funeral services were held in El Paso Monday morning for Murray (Sut) Harrell, 68, of that city. Funeral services were held from the Kaster & Maxon Chapel in El Paso with Rev. Robert Mason, pastor of the Trowbridge Baptist Church officiating. Masonic services were conducted at the graveside and interment was in Eastlawn Cemetery in that city.

A resident of El Paso for 38 years, he was a former resident of Sanderson and a son of the late Mr. and Mrs. F. N. Harrell, pioneer residents of the county. He was an engineer for the T&NO Railroad.

He died Thursday after a long illness.

His wife preceded him in death in 1957.

Survivors include three brothers: Sam, Willis, and F. N. Harrell of Sanderson; a sister Mrs. J. S. Nance of Sierra Blanca; two sons, Herbert Harrell, Des Moines, Iowa, and E. C. Harrell, Westland, Calif.; four daughters, Mrs. W. C. Shiver, Mrs. F. A. Duval, and Mrs. E. C. Copeland of El Paso, and Mrs. L. A. Wright, Orlando, Fla.; also 20 grandchildren and one great-grandchild.

## Mrs. Conner's Brother Dies

Mr. and Mrs. Roy Conner attended funeral services in San Angelo for her brother, B. F. Allredge, 73, Friday afternoon.

He apparently suffered a heart attack Thursday morning while working in the yard at his home in that city. He had been a resident of San Angelo for 12 years and was a retired ranchman.

He is survived by his wife three sons, two daughters, five brothers, and five sisters, including Mrs. Conner.

Mrs. Jack Harrell took the Conners to San Angelo, returning home Saturday.

With only four seconds to go Ozona backed off and permitted the Eagles to make a lay-up and by staying back, prevented a possible foul and extra point or points to put the game into overtime or give the Eagles the win.

Larry Harrell, high scorer for the Eagles during the season, was sidelined during most of the first half because of a stomach disorder and was scoreless during the first half. His usual 12 to 20 points and several steals during defensive play were sorely missed by the Eagles.

Both teams did some excellent defensive work, as demonstrated by the low scoring, but both teams also were playing cautious basketball because of the bi-district jitters.

Bill Stavley and Buddie Joe Hahn each had 11 points, with Alberto Escamilla scoring 10, Harrell five, and Dee Gray two. Jimmy Jones also played during the first half in place of Harrell.

Coach Gerald Petersen wound up the season with the boys making a high mark in their showing in the season's play. They won the Ozona tournament and had a 3A-team win in the process. They lost one game in conference play in traveling almost 300 miles for the game, and demonstrated a keen sense of teamwork and competitive spirit during the entire season. Their sportsmanship was never questioned at any time during the season, according to reports of out-of-town games and local games witnessed.

All five of the starting team will be lost because of graduation which will also dip deeply into the reserve ranks.

The bi-district game was played in McCamey Tuesday night and a large crowd of Sanderson fans were on hand to give their support to the team.

AUSTIN — Texas newsmen quizzed seven candidates for governor at a session of Sigma Delta Chi, professional journalism society, and fanned early-season campaign sparks.

Gov. Price Daniel took the center position, weathering attacks from nearly all the other candidates, both Democratic and Republican. All candidates took part except John Connally and Edwin Walker.

A little fire even developed between the three Republican candidates. Harry Diehl of Houston said Jack Cox of Breckenridge was "not a Republican—just a conservative candidate."

But two days later, Diehl withdrew from the race, leaving Roy Whittenburg as the only Republican primary opponent for Cox.

Don Yarborough and Marshall Formby attacked the Daniel administration as "tired" and "lacking vigor". Daniel came back with a recital of his five-year accomplishments in education, industrialization and other fields.

Will Wilson's approach was that Daniel's entry collapsed the Connally bandwagon by splitting Vice Pres. Lyndon Johnson's organization, and that the only way to get an uncontrolled candidate was to elect Wilson.

Candidates got in more punches in answering tough questions posed by nine newsmen. All of Daniel's opponents made the Governor's unprecedented four-term try a central issue. In the course of questions, Daniel came out for a two-term limit, but with four-year terms for governor instead of the present two.

Friendless Insect  
 A big-battled crowd of ranchers gathered at an Austin hotel to get more facts on the stockman's dream—the elimination of the screwworm.

There was no one there to defend the insects.

Ranchers learned from Floridians how that state was swept free of this costly scourge by a dramatic program. Florida ranchers covered the state with sterile male screwworm flies thus wasting the female flies' single mating period. First airplane distribution of flies in South Texas started the day of the Austin meeting.

Texas stockmen are raising \$3,000,000 by voluntary contributions to match an equal amount of federal money put up by the U.S. Department of Agriculture. The screwworms cost Southwestern ranchers an estimated \$40-

**Evening Programs Feature Sights In Big Bend Park**

Big Bend National Park—The scenic and historic points of interest in Big Bend National Park are featured nightly except Sunday at evening programs conducted by Naturalists and Rangers. These programs are extremely popular among visitors to the park. Last year more than 18,000 people attended them in Big Bend and an increasing number of visitors is expected to take advantage of this source of information about the park during 1962. The programs are illustrated with colored slides of animals, flowers, scenic vistas, geology and other outstanding photographic subjects.

At the present time one of the talks is made each week on Thursday evening at the free public campground in the Rio Grande Village. The other talks are conducted at the ranger station in the Chisos Mountains Basin.

Accommodations and facilities for visitors are open every day of the year in Big Bend.

The park is reached by three state routes—No. 385, No. 118 and No. 170. Route No. 170 is now known as Camino del Rio and traverses an outstanding scenic area between the park and Presidio, Texas, which is just across the river from Ojinaga, Mexico.

In making his announcement, Stroman stated that he was admitted to practice law in 1923, served as county attorney of Tom Green County, as district attorney of the 119th Judicial District of Texas, as legislator to fill out an unexpired term and won re-election to that post for four terms. He stated that he would devote his full time to the duties of the job if elected.

"I do not have now, nor will I have, any outside interests or entangling alliances that might tend to influence my decisions adversely to the best interests of the people or interests of this district or to Texas.

The 25th Senatorial District, of which Terrell County is a part, embraces 19 other counties and a combined population of about 200,000. He stated that as your public servant, he would always welcome and give close attention to all suggestions, requests, and information communicated to me either by letter or personal calls — all of which would be welcome."

"As your State Senator I would give the utmost attention and study to all legislation coming before the Senate in order that I might be able to cast a vote thereon that would be in the interest of good and honest government of the people, by the people, and for the people.

He concluded that he would appreciate the vote and influence of the voters of the district.

Miss Judy Denson was honored with a miscellaneous bridal shower Friday afternoon in the home of Mrs. J. L. Hatchel.

The honoree is the bride-elect of William Frank (Frankie) Turner. The couple will be married Saturday evening in the home of the bride's parents, Mr. and Mrs. J. H. Denson.

Hostesses for the bridal fete were Mmes. Hatchel, H. P. Boyd, J. Garner, W. R. Stumberg, Ray Caldwell, W. L. Kessler, H. W. Chamberlain, and F. M. Wood.

A pink and white color scheme was noted in the decorations. The oval tea table was covered in a cloth of pink net over pink. The floor-length gathered ruffle on the cloth was draped at intervals with a spray of pink roses. The centerpiece arranged in a silver epergne on a reflector was of pink roses and pink carnations flanked by pink papers in silver holders. Similar pottery holders, edged in gold, on the buffet, "Judie and Frankie" was inscribed on the white napkins.

Mrs. L. W. Welch, Mrs. Gene Thompson and Mrs. Jack Turner alternated at the silver coffee service. Miss Terry Jean Hodgkins directed the guests to the gift display arranged in the three bedrooms. Miss Pat Chamberlain presided at the bride's book.

In the receiving line with Miss Denson and her mother were Mrs. Hatchel and Mrs. George Turner, mother of the bridegroom-elect. All wore shoulder corsages of pink and white carnations.

Eighty-five guests called during the tea hours from three to six o'clock.

### Miss Marquez Weds Ramon Cerda On February 11

Miss Teresita Marquez and Pfc. Ramon Cerda were united in marriage in St. James Catholic Church on Sunday, February 11. Rev. N. Femenia officiated at the double-ring ceremony at 9:30 in the morning.

Bouquets of white carnations decorated the altars.

The bride was escorted by her father, Andres Marquez, who gave her in marriage. Her gown of Chantilly lace over white satin was fashioned with a sculptured bodice which had a scalloped neckline and petal-pointed sleeves.

Ruffles of the lace were on the back of the full-gathered skirt which had a chapel train. Her finger-tip veil of illusion edged in lace was attached to a pearl and lace-trimmed coronet. A small bouquet of white carnations was atop the white prayer book and rosary which she carried.

The wedding attendants were Mr. and Mrs. Alejandro Marquez, Jr., Leoncio Garza, Alberto Escamilla Jr., Mario Hernandez, Abelardo Casillas, Misses Gloria Gutierrez, Mary Lou Vasquez, Josie Postel, and Vicki Trevino; also Miss Arabella Lopez, maid of honor; Humberto Salazar, ring bearer; Virginia Falcon and Maria Luisa Garcia, flower girls.

### Bonhomie Club Meets Wednesday

The Bonhomie Club met last Wednesday afternoon in the ranch home of Mrs. Alfred Be-

dele. To observe the recent birthdays of two members, Mrs. Ray Caldwell and Mrs. James Caroline, the hostess had made a beautiful birthday cake in colors of pink, white, and chocolate which she served with Neopolitan ice cream for refreshments.

Also present were Mmes. E. F. Pierson, F. G. Grigsby, C. F. Cox, Marion Batson, J. W. Carruthers Jr., B. F. Dawson, J. Garner, and Mrs. Bendele's mother, Mrs. Elma Riley.

gloves, and turquoise shoes. Their shoulder corsages were of white carnations and their hats were a circle and bow of turquoise satin to which a short starched veil in the same color was attached.

Following the wedding there was a reception in the V.F.W. Hall. A miniature bride and groom was atop the three-tiered wedding cake, iced in white and decorated in pink roses and encircled with a pink net ruffle. Cookies, hot chocolate and punch were also served.

The couple went on a short wedding trip to El Paso and Carlsbad, N.M., and have established residence in San Antonio where the bride is employed as a beauty operator. The bridegroom is in the U.S. Army at Fort Hood and will be discharged in the near future.

### Culture Club Plans Program By Park Supt.

The Sanderson Culture Club met Thursday afternoon in the home of Mrs. John W. Byrd with Mrs. N. M. Mitchell as co-hostess.

Prayer by Mrs. C. F. Cox, president, opened the meeting and the National Anthem was sung. In the business meeting, announcement was made that Stanley Joseph, superintendent of the Big Bend Park, would lecture and show films on the park at the March meeting to which the public is being invited. The meeting will be on Thursday, March 15, in observation of Texas Day and will be at 7:30 p.m. in the auditorium of the new elementary school. There will be no admission charge.

Mrs. Will J. Murrain, chairman of the Vogue sewing contest, announced that the members who are participating in the contest will have a style show at the Oasis Restaurant on Saturday, March 10, at which time the winner will be chosen to enter district competition.

A contribution was made to Radio Free Europe.

Mrs. W. H. Savage directed the program on "Education". Mrs. E. E. Farley, in discussing "Federal Aid to Education", outlined the many benefits from this source over the past years.

She stated that federal aid was first instituted by the Ordinance of 1785 when, in developing the western lands, lot 16 in every township was to be set aside for the maintenance of the public schools. The Smith-Hughes Act of 1917 is regarded as the beginning of the modern federal grant period.

Supt. Matt F. Bader presented facts and figures concerning the budget of the Terrell County Independent School District, showing the sources from which the money is obtained and also how the expenditures are budgeted.

His talk not only was informative, but also revealed the fact that the operation of the local school system is big business.

The hostess served cherry-nut cake, ice cream, salted nuts, chocolate-covered mints, coffee, and tea.

Also present were Mmes. A. D. Brown, H. E. Ezelle, L. H. Gilbreath, E. H. Jessup, R. A. Gatlin, and F. E. Curry.

Mrs. Bascom is the former Miss Elaine Cunningham, a teacher in the Sanderson Elementary School. Her husband is the son of Mr. and Mrs. George Bascom of Iraan. The couple were married in December.

A Valentine motif was used in the decor. The tea table was covered with red net over white satin. A three-tiered white heart-edged in red net ruffles and pictures of the bride and groom framed in fluted red ribbon, centered the table. Silver and crystal appointments were used to serve small white cakes, spiced tea, coffee, nuts, and fruit slices.

In the receiving line with the honoree were her mother, Mrs. Sam Cunningham of Alpine and Mrs. George Bascom, mother of the groom. Mrs. Lee Butler reg-

istered the guests. One hundred guests attended and sent gifts.

Like your driving sporty, with quicksilver steering, flat-as-a-pancake cornering, sure-footed traction? Then a Corvaire Monza's for you.

Or maybe the new-size Chevy II is more to your liking. Built for big families and still slips neatly into small parking places. And, with this, the kind of ingenious engineering (new easy-riding Mono-Plate rear springs, for example) that

won this year's coveted Car Life Magazine Award for Engineering Excellence.

But say you want to go all out—to get the full treatment in space, spirit and splendor. Then there's nothing like a Jet-smooth Chevrolet. Makes paying more pointless.

Heard the word? We were third in sales in '61. Third!

It's nice to be loved.

Like we've said: "When people like a car they show it." All you have to do is put together a car that's sharper looking, smoother running and a bigger value. That's why Pontiac and Tempest stormed into third place. Why don't you see your Pontiac dealer (a very happy man these days) and go with a winner?

**NOTICE**

Rumors and confidences have reached me that due to ill health I will be unable to fulfill the duties of the office of County Clerk. I feel that the voters of Terrell County should know the facts. For those who want the truth: I have been ill and under the care of a doctor for about four months. The only time I did not continue working was three days in hospital with strep throat. I have worked ninety-two hours with seven hours rest. That was expected of me. It is not unusual for me to work thirty-six hours (without rest) in the flower business. I have witnessed to prove this. However, those who know me know that I don't tell lies. I have been a widow seventeen years. It has been necessary for me to work to support my family. I still have two children to support, one of them deaf, who attends the School for the Deaf in Austin. As a mother first, it is my business to see that my children are taken care of. I feel sure that I can take care of any duty that presents itself in public life as well as at home. The voters can be assured that if elected, I will spend the required eight hours per day in office and not out working for someone else. You be the judge! signed — Ruby Duncan.
