VOLUME 55

## LISTEN TO LUKE

We are happy to call attention to the fact that the reader ads appearing in another part of the Times this week were unsolicited and were paid for at regular rates for this type of advertising.

There are so many people who are so anxious to find something to pick at, that we can forestall a little of it with this easy explanation.

How pleasant it would be if we would only take a few minutes to find out details about the things that we spend so much time griping about. The truth is so revealing, and so pleasant.

One of the most commendable acts of thoughtfulness we have noticed in a long time came out of the thinking of some young men here last week.

We are not trying to embarrass them by the use of their names, but we think that they are due some praise, and by golly, we are going to give it to them.

Joe Causey and Gary Harrell conceived the notion of having a barbecue supper and dance to try to defray the cost of the hospital bills and doctor bills for their friend, Bobby Sid Wood. They approached Mrs. J. H. Mather on the possibility of the use of the facilities at the Roadside Inn. She donated the use of the facilities for the occasion.

Mr. and Mrs. Jimmy Davis and Weldon Werneking agreed to furnish the music for the dance. Joe and Gary got busy getting goats and other food items for the supper and Mr. Mather is cooking the meat.

Everything to go into making the venture a success has been donated, and there are probably many others who are doing a lot to make a big success of the affair.

Now all that is needed is people to cooperate by buying tickets. A charge of \$1.50 for adults and 75c is being asked whether you eat or dance or both, all or either for the price of one.

You get something for your money, and there is no charity implied in the staging or attendance of the occasion.

And they say that every nickle of the proceeds will be mailed to Houston to the hospital and doctors.

You can't beat a deal like that! This project should receive the cooperation of all of the people of the county who have \$1.50 in their pocket.

These young men who fostered the idea are due the recognition that the public can give them in their unselfish efforts.

We would only hope that we could be so thoughtful of our fellow men.

We read in the papers where a man and wife with two children and an income of \$3,000 a year, will get an income tax reduction of \$18. That is what we call putting things in the right place.

We are really acting with vigah now, aren't we? Now we know what the New Frontier is like!

Thanks to the Great White Father for his benevolence and for his generosity. May he and his children live forever!

One thing is sure, a man and wife with two children can certainly use \$18 additional every year if they are making only \$3,000. But we don't know if it will do very much good.

We have read in papers recently where in other towns the school board has had to pass rules to make girls and boys dress decently before being allowed to stay in school or has had to order boys to have their hair cut to "reasonable" shortness before they could come to school. We think this is a good

## 814 Receive Drops Of Sabine Vaccine

A total of 814 Terrell County residents received Type II of the Sabin oral polio vaccine last week end.

The vaccine was made available for the pupils of the elementary schools at their school buildings Friday. In the high school building the vaccine was available to those students and to everyone in the community on Friday afternoon. Sunday afternoon the vaccine was again given at the high school, the usual two drops on a cube of sugar. The vaccine remaining was taken to the Spears-Duncan Drug Store for storage and was dispensed there through Wednesday.

Announcement was made that Type II vaccine will be available to anyone at the drug store through Saturday.

With Type I of the vaccine being given to 834 persons, the committee in charge of the project was most gratified in the response for the Type II vaccine.

No date has been set for the giving of the Type III vaccine.

The American Legion, sponsors of the project, through their members and the Auxiliary, have provided the workers, publicity and everything needed for the anti-polio campaign launched in this area several months ago. A contribution of 25c was asked of those receiving the vaccine, but it was available to everyone regardless of whether or not they made a donation.

It is noted that a large number of Terrell County residents received the vaccine before the current campaign began, and it is hoped that with the completion of the current drive, that practically all of the local residents will have complete immunization.

## Parents Urged To Report School-Age Children

Parents of children who will be six years old before September 1, and not 18 before that date are urged to get census blanks from the school superintendent and fill them in immediately.

H. L. Richardson, superintendent of the schools, says that there are many children in the county who will become of school age before the September 1 date who have not yet been registered.

Mr. Richardson stated that the blanks are available now and that his office need the full registration list in order that the plans for accommodating new pupils in the fall may be made.

## Brownie Scouts Meet Thursday

The first year Brownie Scout troop met at a regular meeting Thursday afternoon at the Scout House. The girls followed a trail marked by rock signs around the court house grounds, then returned to the Scout House for refreshments.

New officers were elected and include: Marcella Welch, chairman; Patsy Batson, secretary; Alice Goldwire, treasurer; Brenda Bolinger, song leader.

Retiring officers were Donna Kay Mathers, Sherry Goode, Sheryl Stewart, and Mary Lynn Spencer. Troop leaders are Mrs. T. J. Stewart, Mrs. Irvin Robbins, and Mrs. Cliff Wilson.

## Martin Petty Celebrates Birthday With Party Sunday

Several friends of Martin Petty gathered at his home Sunday afternoon for cake, ice cream, and punch before going to the Princess Theatre as his guests. His mother, Mrs. H. M. Petty, was hostess for the occasion, Martin's seventh birthday.

The guests were Ja and Blaine Chrisman, Chucky Hill, Jake and Bob Murrh, Glen Bob Hinkle, Herbert Holmes, and Paul Niccolla.

## Zero Weather Does Not Stay Hazing of Boys

Last Saturday morning about 5:30 a.m. 12 young men, all students of Texas A&I College in Kingsville, were taken to Uvalde after an ordeal in near-zero weather, according to information given The Times.

The young men are all members of the same fraternity and as a part of their "fraternity training" were brought about 40 miles west of Sanderson and put out of the cars. They said their hands and eyes were taped and they had no idea where they were when they were put out of the cars. Their identification, money, matches, lighters, cigarettes, etc., were also taken from them.

They began walking in the sub-freezing weather and hailed the east-bound bus, but were refused a ride because of their appearance and the lack of funds, they said. Later a cattle-truck came by and gave them a ride to Sanderson.

One of the boys had hidden a little money in his shoe and it was used to buy coffee at a local cafe.

After inquiring about transportation out of here toward Kingsville, they decided to contact W. V. Munson, Sanderson Ambulance Service, who took the stretcher out of the ambulance and took the youths to Uvalde where the parents of one of them lived.

## 'Dimes' Drive Starts This Week End

The annual March of Dimes drive will open here the last of the week, according to an announcement made by W. W. Sudduth, chairman. It is hoped the drive may be completed in two weeks.

Letters will be mailed to the residents of the county soliciting contributions, and materials pertaining to the drive will be distributed.

Containers for contributions will be placed in local business houses and at the schools. The generous response of everyone will be appreciated.

On Saturday, January 26, the local Girl Scouts under the leadership of Mrs. Jack Turner, will sponsor the Mothers' March for Dimes.

Ronald Zink, state representative of the March of Dimes, who is from Abilene, was here last week to leave materials for the drive and was the guest speaker at the Lions Club meeting Thursday.

## LCC Sextets To Be Here Sunday, February 10

Two sextets from Lubbock Christian College will appear at the Sanderson Church of Christ at 3:00 p.m. Sunday, February 10.

They will present a program of religious and inspirational songs. The public is urged to attend.

Miss Ruthie Allen daughter of Mr. and Mrs. Bob Allen, is a member of the choral group.

## Second Semester at School Begins Next Monday

Monday will begin the second semester of the 1962-63 school term, according to an announcement made this week by Supt. H. L. Richardson.

Mid-term tests are being given this week.

Only two holiday periods are scheduled — March 7 and 8, to enable the teachers to attend the Trans-Pecos TSTA meeting and the Easter holidays April 12 through 15.

## Calendar of Events

Tuesday — Tuesday Club  
Wednesday — Rotary Club, 31 Club, Bonhomie Club  
Thursday — Lions Club, Men's Garden Club dinner, Duplicate Bridge Club

## Only 194 Paid Poll Taxes To Date

Only 194 people have paid their poll taxes to date, according to Mrs. Tol Murrh, deputy tax collector of Terrell County.

This being an off-year for a major election, or on a national scale, many people consequently neglect to pay their poll taxes.

Local citizens are reminded that several issues have been brought to a vote of the people in off-election years previously, and that action could be repeated this year.

Deadline for the payment of poll taxes is January 31.

## Self-Employment Tax Is Explained By IRS Representative

A majority of farmers and ranchers in this area must pay a federal self-employment tax for 1962, Samuel Haslam, Administrative Officer of the Internal Revenue Service, revealed this week. He said the rate of self-employment tax for the taxable year of 1962 is 4.7 per cent, and in addition to any income tax payable.

Under the federal Social Security law, the IRS representative said, Social Security taxes are paid by employees and their employers, and the self-employment tax must be paid by persons who are self-employed. These taxes are used to pay old-age, survivors, and disability benefits under the federal Social Security program, he said.

He reminded farmers they must file federal income tax returns and pay any self-employment tax due, even though they may owe no income tax.

Ordinarily, he added, no self-employment tax is due unless net earnings from self-employment amount to \$400 or more for the year.

However, he continued, farmers who have actual net earnings from the operation of their farms of less than \$400 may, under certain circumstances, elect to pay the self-employment tax and may qualify to receive benefits under the Social Security system.

## Mrs. D. R. Elrod's Father Dies

Funeral services were held in the First Baptist Church at Iraan last Wednesday for Joe McDonald, 75, who died in the home of a daughter, Mrs. H. W. Weinkauff, in McCamey Sunday night.

Born December 19, 1887, in San Saba, Mr. McDonald had resided in Iraan 22 years and was a deputy sheriff most of that time. He moved to Mertzon in 1961.

Mr. McDonald had been a frequent visitor here in the home of his daughter, Mrs. D. R. Elrod.

Survivors include his wife, two other daughters, five sons, four sisters, and five brothers, 43 grandchildren and 25 great-grandchildren.

## Pallbearers For D. O. Bosworth Funeral Are Listed

Pall bearers at funeral services for D. O. Bosworth on January 3 at the Methodist Church were Jack Hayre, R. S. Wilkinson, S. C. Harrell, Greene Cooke O. T. Sudduth, and W. W. Sudduth.

## Lee Sharp Dies Thursday

Funeral services were held in the First Baptist Church of Leaky Sunday afternoon for Lee Sharp, 77, who died Thursday. His body was taken to Fort Bliss, El Paso, for interment, following graveside services there.

Mr. and Mrs. Clarence Haynes and daughter, Sherrell June, of Marathon, came by Sanderson to take his mother, Mrs. Sadie Haynes Newman, to attend the funeral services for her brother in Leaky.

## Near Zero Weather Hits This Area

Near zero weather prevailed in this area for two days last week and freezing weather each night continues. The temperature was only a few degrees above the zero mark on several local thermometers Friday, Saturday, and Sunday nights. There has been no reports of severe damage to livestock or pipelines as a result of the freeze.

During the past several years, ranchmen have buried their pipelines deeper or installed new pipelines below the freeze line, resulting in fewer breaks in the pipes.

Some local pipes did not withstand the freeze, it was reported, but less damage was noted than was anticipated from such cold weather.

Some of the older timers here stated the latest was the "coldest yet".

The skies have remained clear during the cold spell and some slightly higher temperatures have prevailed daily since Sunday.

## Men's Garden Club Plans Dinner For Thursday Night

The Men's Garden Club has planned a dinner for next Thursday evening, January 24, to honor the executive secretary of the Men's Garden Clubs of America, George C. Spader, of Morrisville, N.Y. Mrs. Spader is accompanying her husband to Sanderson.

The dinner, which will be served in Fellowship Hall of the Methodist Church, will be catered by the Woman's Society of Christian Service. The wives of the local Men's Garden Club members, several guests and out-of-town visitors are expected to be present.

## Tips Given Those Near Retirement

H. P. Thomas, social security district manager in Odessa, offered a few tips on how to get your first social security check when it is due.

If you are nearing retirement, Thomas suggests that you get in touch with your social security office, and take some proof of your age with you. Have a member of his staff examine whatever proof you may have to see if it will be acceptable when you do retire.

Should you need better evidence of your date of birth, you will be given information to help you get that additional evidence. In most cases, a census record of your date of birth is an excellent proof of your age, and is often used.

If you are within three months of retirement age, the social security office can take your application for benefits now. Go to the social security office and take with you proof of your age and your social security card.

Thomas said that even though you are still working and are 65 years old, you can apply at any time. Many people think that you have to retire completely to get any benefits. This is not true, Thomas said.

## Among Our Subscribers

New subscribers to The Times include Mrs. Wayne Sanders of Monahans; Perry Martin, Otto Hagelgans Jr. of Sanderson.

Renewals have come from Mrs. T. R. Arrington, Fort Stockton; Mrs. J. H. Loehausen, Newport Beach, Calif.; F. A. Hill, Sonora; F. P. Corder, Uvalde; Jerry Bell, San Antonio; Stanley Sullivan, Chicago; H. E. Gatlin, Clyde Whistler, J. R. Hodgkins, James Word, B. F. Martin, S. H. Underwood, and Jack Deaton, all of Sanderson.

## Evaluation Of Conservation Is Made by Ranchers

A meeting was recently held in the Soil Conservation Service office at Sanderson to determine the approximate per acre cost and returns from local livestock operations and conservation practices.

Those attending were Jack Harrell, George Turner, Sid Smith, Tol Murrh, and W. O. Ray.

The purpose of the meeting was to obtain information on the benefits of conservation. This was the second such meeting held locally, and others have been held over the state. According to the SCS officials, the results of the meetings and evaluations have shown that conservation has been very beneficial to the ranchers.

## Benefit Barbecue For Bobby Sid Wood To Be Saturday

A benefit barbecue supper and dance will be given Saturday night with all proceeds going to help defray the medical and hospital expenses of Bobby Sid Wood. The dance and supper will be at the Sanderson Drive Inn east of Sanderson and serving will begin at 6:00 p.m. The dance will start at 9:00 with music furnished by the Hometown Westerners.

The cooperation of the public is sought by those who are responsible for the occasion.

## Boys, Girls Bow To Ozona Teams

The Sanderson High School boys and girls basketball teams bowed to the Ozona teams in the first conference game of the current cage season. The games were in Ozona last Friday night.

In the girls game, the Roadrunners lost out 31-29 in an overtime, with Ozona sinking the clincher three seconds before the end of the extra period.

Pixie Mansfield was high pointer with 17. Girls making the trip, according to Coach Y. F. Bowley, included Linda Babb, Lavonne Flores, Dana Terry, and Pixie as forwards; and Beverly Bradford, Bonnie Fisher, Eloise Farley, Gigi Valdez, and Arabella Lopez, guards.

The girls are scheduled for a tournament in Alpine this week end and drew a bye for their game Saturday night. They will play their first game Saturday morning.

In the boys' game in Ozona, the Lions clobbered the Eagles 75-43. Johnny Benavides was top scorer with 18 points, with Susano Munoz scoring 11, and John Cates, 10. Also seeing action were David Hardgrave, Oscar Marquez, Jack Bogisch, Haley Haines, Bob Fisher, Danny Flammang, and Harry Harkins.

The boys will be in Ozona on Friday night for a tournament.

The junior boys will be in Del Rio Saturday for a tournament.

The next home game for the boys and girls will be January 22 when the Rankin teams will be here. Play will get under way at 6:30 with the girls' teams in the preliminary.

## Bobby Sid Wood Has Surgery For Removal of Brain Tumor

Bobby Sid Wood underwent surgery in the Methodist Hospital in Houston last Wednesday and a tumor about the size of a golf ball was removed from his brain, according to reports.

His father, Sid Wood, returned home Sunday night and Mrs. Wood has remained in Houston. The Wood's son-in-law and daughter, Mr. and Mrs. Clay Burleson, of Rocksprings, were also in Houston for several days.

Mrs. A. T. Freeman accompanied Mrs. Wood to Houston and returned home the next day.

## New License Tags To Be For Sale On February 1

New license plates for Terrell County have arrived in the office of Mrs. Tol Murrh, deputy tax assessor-collector, but will not go on sale until February 1. The 1963 plates must be on all vehicles in operation on April 1, 1963.

This year the plates will have black numbers on a white background. Passenger vehicles for Terrell County will carry the numbers DB 875 through 1774.

## State Sales Tax Deduction Tables Are Available

Taxpayers who itemize their deductions were reminded to take advantage of the amounts allowed for Texas State Sales Tax payments.

Samuel Haslam, Administrative Officer of Internal Revenue Service at Del Rio, said this week that IRS has developed a Texas Sales Tax Table designed to help the Texas taxpayer calculate his deduction at a glance without troublesome record keeping.

The Texas Sales Tax law went into effect on September 1, 1961, and the table for the 1961 taxable year covered only the period September to December. The new table covers the full taxable year 1962.

The new table is available at all IRS offices. It does not include such deductible items as the Texas State Tax on gasoline, which is five cents a gallon; the tax on cigarettes, which is eight cents a pack; or the special tax of 1.5 per cent on motor vehicle retail sales.

## N. M. Mitchell Named President Of County C. of C.

At the regular meeting of the Terrell County Chamber of Commerce Monday night at the court house, N. M. Mitchell was named president; Greene Cooke, vice president; Barton Massey, 2nd vice president; Edward Kerr re-elected treasurer, and J. A. Gilbreath, re-elected secretary-manager.

Mitchell, Terrell County rancher, is a director of the West Texas Chamber of Commerce and is president of the Sanderson State Bank.

C. C. Mitchell is the retiring president.

## Over 104,000 Feet of Pipeline Installed on County Ranches

Ranchers in the Rio Grande-Pecos River Soil Conservation District have installed more pipeline for livestock water this past year than ever before, according to the representatives of the soil conservation district.

There has been approximately 104,000 feet installed on some 30 ranches, according to figures released by the SCD.

The Soil Conservation Service reports that this is the most pipe ever installed in one year in the district. These pipelines distribute water over a larger area of the range and allow livestock to spread out more, thereby doing away with a heavy concentration of grazing near a single watering place.

## B. of R.T. Auxiliary Meets

The Brotherhood of Railroad Trainmen's Auxiliary met in the basement of the Masonic Hall Monday afternoon in regular monthly business session. After adjournment, the members went to the home of Mrs. Irvin Robbins where they were served cobbler and coffee.

Those present were Mmes. Jimmy Davis, Jack Laughlin, N. B. Bell, P. G. Harris Sr., A. C. Garner, Ed Robbins, C. E. Linton, and F. G. Grigsby.

Hot Check Bill Proposed

A bill which would help small-town merchants with the problem of bad checks has been prepared by Sen. Bruce Reagan, who wants an act authorizing justice of the peace courts to try bad check cases up to \$25.

Under the present hot-check law, a merchant must travel to a county seat to file charges in a county court for a \$10 hot check. If Reagan's bill becomes law, the merchant could file a complaint in his local justice court.

Rep. George Richardson of Fort Worth is preparing a bill which would allow justices of peace to try cases involving hot checks of less than \$50. He feels that the justice courts are closer to the people of their areas and can handle complaints quicker than district attorneys.

Sen. A. R. Schwartz hopes to find a solution to a problem that was made apparent by Hurricane Carla. After the record force hit the Texas coast, many homeowners had difficulty collecting for water damage because they had fled the scene and didn't know exactly how the damage occurred.

Schwartz' bill would require the State Board of Insurance to make insurance firms, instead of the homeowner, carry the burden of proof.

Another insurance bill is being drafted to protect persons injured in automobile accidents by uninsured motorists.

His bill calls for a special state fund to pay for personal injury costs incurred in accidents with uninsured drivers. Any car owner who couldn't prove ability to pay liability when he registers a car would have to pay \$20 into the fund.

70 Mile Speed Limit Rep. Forrest Harding of San Angelo will introduce a bill to increase the maximum speed limit on Texas highways to 70 miles per hour.

Old Folks March Texas Legislators have received a petition which says old folks will camp on the Capitol lawn until they get higher pensions.

The printed petition was signed by Russell Jack Ballard, identified himself as president of the Good Citizens' League of Texas, Wichita Falls.

Child Control A House committee seeking economy in state government has recommended stricter regulation over state aid for illegitimate dependent children.

Radiator-Magneto Service Shop

The Radiator-Magneto Shop located at 1012 East Dickinson, Fort Stockton can be depended on to give you first class radiator service. They are specialists in this line and have the equipment and experience to repair your radiator so it will stay in good condition.

The burning of gasoline creates a terrific heat in the car or tractor motor. That heat must be dissipated in order that the motor can operate efficiently. The cooling system must be kept clean if we are to expect the maximum cooling effects of the radiator. Don't be satisfied with inefficient operation of your motor because your radiator does not cool properly. Take it to Joe Schlegel at 1012 East Dickinson, Fort Stockton and have them clean and flush it properly. They are experts in repairing and re-coring radiators of any make and any size.

The committee on Saving Taxes adopted a sub-committee report bearing this recommendation, after argument over whether such aid encourages illegitimacy.

Securities Record State Securities Board says Texas made significant gains as a source of public investment funds in 1962.

In its annual report to Governor Daniel, the Board said the sharp decline in the stock market was no deterrent to public investment in funds which it regulates.

During the year the Board granted 695 permits for the sale in Texas of securities valued at \$357,340,707.

On the policing side of the Board's activities, it reported that three applications, for permits to sell to the public securities value at a total of \$745,000, were denied.

Report also noted that 22 applications representing \$22,417,826 were withdrawn.

More than \$445,000 in fees were collected during the year. Deficit at \$53,300,000

State Treasurer Jesse James reported the State General Fund at a \$53,300,000 deficit on December 31, 1962.

This figure was \$18,400,000 more than that reported in November, James said.

Draft Quota 173 Texas' quota for draft boards in February calls for 173 men.

Col. Morris S. Schwartz said the February call of 173 men compares with a quota of 163 for January and 225 in December.

The State Selective Service Director also announced that local boards would send 1,450 men for pre-induction physical and mental examinations.

Legion Plans Joint Meeting With Auxiliary in February

At the monthly meeting of the American Legion Thursday night, the group planned to have a joint meeting with the Legion Auxiliary for the February meeting and have a supper at 7:00 p. m., at the hall. The members of the Legion and Auxiliary and their families will be invited to attend.

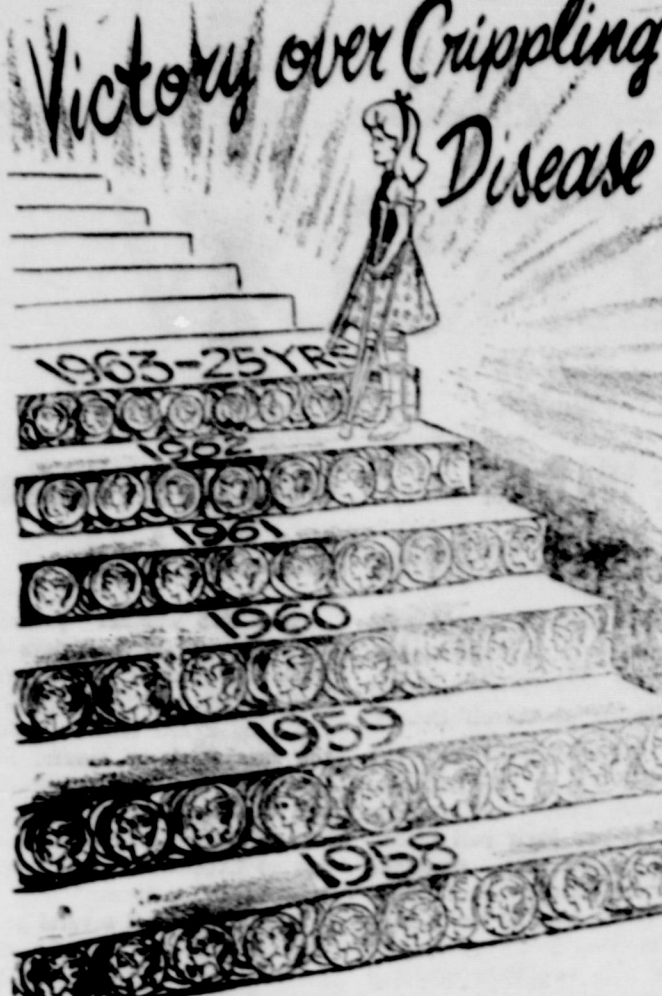

Mr. and Mrs. C. F. Cox left Wednesday for Lubbock where he will attend the annual meeting of the Texas Association of Soil Conservation District Supervisors. Cox is chairman of the board of supervisors of the Big Bend Soil Conservation District.

Good Neighbor Review

PECOS COUNTY STATE BANK The understanding and personal interest in each customer to cope. The Pecos County State Bank in Fort Stockton has long been recognized as one of the outstanding banks by folks in our area. Through their untiring efforts this section has continued to progress through the years. They offer the farmer and the public in general every convenience of a large city bank plus your particular problems. A great amount of praise is due to the officers and directors of the Pecos County State Bank for their foresight and judgment. Through their outstanding service they have contributed materially to the strength of our area's economic structure. The Pecos County State Bank located at 500 N. Main in Fort Stockton has encouraged every family to secure the future with a sound, intelligent savings plan. Every account is insured up to \$10,000.00 by the Federal Deposit Insurance Corporation - and the Pecos County State Bank is now paying the full maximum interest rate of four per cent.

MODERN MOTORS FOR BODY WORK 24-HOUR WRECKER SERVICE Modern Motors is located on Highway 290 West near the Fort Stockton city limit. Phone ED 6-2432. Give your car a new look by bringing it to Modern Motors for a paint job. They have extensive equipment and wide experience in automobile painting. They are also noted for excellent work in repairing damaged cars. For many miles around experienced motorists and garage-men have learned to call upon this concern for services on wrecked cars. In many cases they have completely restored wrecked cars which the owners thought were beyond the aid of even expert service. A small scratch upon your car can be taken care of in just few minutes. A bent fender crushed body can be repaired very short order. The policy of this establishment is to employ only the most competent men. Do not fail to call Edison 6-2432 when your car is in need of body repairs. expert paint job or replacement of any automobile glass.

BERRY OIL AND BUTANE COMPANY and irrigation pumps to Propane fuel by installation of a carburetion unit which permits the use of propane. The result? More economy for the farmer. Berry Oil and Butane is noted for fast delivery of butane, propane, and a complete line of Phillips 66 petroleum products. Through their straightforward establishment and nothing but the best is stocked here. You can buy with confidence at Bob's Boot Shop in Fort Stockton. They carry belts, buckles and expert repair to boots, shoes, saddles, harness, and all leather goods. Also re-loading and gun repairs. New and used guns and equipment. Bob is a licensed gunsmith.

BOB'S BOOT SHOP firm are best. They know their customers want the best that can be obtained and they stock a complete line from which to choose. Leather goods are becoming more popular every year. Their beauty and durability set them in a class by themselves. Inferior grades of leather are quickly detected by the owner of this establishment and nothing but the best is stocked here. You can buy with confidence at Bob's Boot Shop in Fort Stockton. They carry belts, buckles and expert repair to boots, shoes, saddles, harness, and all leather goods. Also re-loading and gun repairs. New and used guns and equipment. Bob is a licensed gunsmith.

HILLGER MACHINE SHOP This machine shop in Fort Stockton is located at 1200 N. Nelson, phone ED 6-3402. It is one of your leading firms specializing in a complete machine shop and welding service, including portable field equipment for all outside work. They are keeping the wheels of industry moving and render the best of service. It is one of the best equipped machine shops in this part of the country. With the increasing demands on farms and oil industry, the services of this well known shop becomes more and more necessary each day and they are in a position to give you that expert workmanship on any part that is broken and have your shop or machine in working order in a very short time.

FIRST SAVINGS & LOAN ASSOCIATION The First Savings and Loan Association is located in Fort Stockton at 612 N. Main. This institution is one of the corner stones of the financial structure of this community. If you have money to save or invest you should investigate the advantages this Savings and Loan Association can offer you. It is well known in this area for reliability and many have found their desired method of saving through them. You can always borrow on your savings at low interest rates. They offer a way for reliable parties to secure loans in a business like manner without being imposed upon in any way. You will be more than pleased with this efficient and modern establishment. Through this well known institution many people have prospered. Its service is indispensable to the comfort, success, and progress of this section. If you plan to build, purchase or repair in the near future see the First Savings & Loan Association in Fort Stockton.

PFIESTER MOTOR COMPANY The new 1963 Dodge and Plymouths are now on display at 315 N. Main St. in Fort Stockton. These cars are universally recognized as the greatest motor value of this age. This is not only the opinion of the casual buyer but of the expert as well. For service and reasonable price these cars continue to reign supreme. The Pfiester Motor Co. maintains a garage to take care of all makes of cars. They have parts for all cars so they are able to render a complete service. You will find here only experienced mechanics who will do everything to guarantee satisfaction. The management is courteous and accommodating and will be pleased to show you the advantages of having one of these Dodge or Plymouths. We are happy to compliment the Pfiester Motor Co. on the efficiency of their operation and the service to the people of this section. Stop by anytime for a complete station ride.

LEM SMITH MACHINERY CO. This firm is located at 809 W. Dickinson in Fort Stockton, phone ED 6-2258. Featuring International Harvester equipment. They operate an establishment which is known far and wide for they are one of the foremost dealers in machinery in this section. They carry a complete line of International Trucks from 1-2 ton pick-ups to V195 and V200 series which are the most used for hauling cattle than any other trucks in the country. They have built a wonderful trade from this and adjoining communities and it is safe to assert that the name and business is probably better known among the farmers of this section of the state than that of any other similar establishment in the nearby towns. All farm machinery is of the latest pattern and includes all of the recently improved inventions and improvements. The stock is composed of machinery known throughout the world as the best on the market. This is the day and age when it is the duty of every man to see that he gets a maximum from every acre of his land and in order to do this it is necessary to use modern and scientific methods. Call or see the Lem Smith Machinery Co. for any information about their excellent machines.

# March of Dimes Pioneers Plan To Improve Child Medical Care

Top-quality medical care, though often capable of changing the whole life prospects of infants and children with crippling disorders, is unavailable to the majority of these patients.

That is why The National Foundation-March of Dimes is pioneering with a project designed to remedy this situation by financing a network of more than 50 treatment centers across the nation for birth defects, arthritis and polio.

But fully twice this number of centers is needed because of the magnitude of the problem. This urgent need is one of the chief reasons for the current March of Dimes campaign here this month.

"No other health organization in the United States, or for that matter not even the federal government, has attempted any such comprehensive network of special treatment centers," Basil O'Connor, president of The National Foundation-March of Dimes, said recently.

"We invested a great deal of study and thought in this project before we began in 1960 with the three pilot units patterned after our polio respiratory centers," he added.

"But even with all this planning and preparation—which included medical conferences across the country—we did not foresee the full magnitude nor the urgency of the needs that these special treatment centers very soon brought to light."

**Some Headway Made**

"The thoughtful and compassionate generosity of the American public has permitted the March of Dimes to make some headway in meeting the research and medical care problems posed by 250,000 infants born each year in our country with major birth defects; and the 42,000 children and adolescents crippled by some form of arthritis or rheumatic disease."

These treatment centers for birth defects, arthritis and polio, whose costs are borne directly by about 500 March of Dimes chapters as well as national headquarters, are affiliated with more than one-half

March of Dimes-financed treatment centers in great medical institutions like these care for hundreds of afflicted children.

of the medical schools in the United States. They are located from the Atlantic to the Pacific, from the Canadian to the Mexican borders.

**'Health Teams' Used**

Each provides continuous and comprehensive care for inpatients or outpatients by specialist members of "health teams." In the case of birth defects, this would often mean a pediatrician, a pediatric neurosurgeon, urologist, orthopedist, physical therapist, medical social worker, psychologist or psychiatrist, and others. Similarly, all of the special medical and other skills needed for the research study and the treatment of arthritis are enlisted in the "health teams" at the arthritis centers sponsored by the March of Dimes.

These March of Dimes-financed centers are the setting sometimes for family dramas where emotions range from despair to jubilation. More than once have parents given up hope for their child only to find that early treatment has made it possible for their youngster to escape seri-

ous disability or death. It is so often a matter of prompt action and expert treatment that makes the difference.

In a review of the progress in scarcely two years of these special treatment centers, Dr. William S. Clark, director of the medical department of The National Foundation-March of Dimes, reported:

**The Guiding Principle**

"What we have been achieving through our centers may seem breathtaking and miraculous to some people. But the underlying principle involved here is really very simple. It has been the guiding principle of The National Foundation-March of Dimes throughout its first quarter century, the anniversary of which we observe this month. It is this:

"Do something to prove that the best care can be brought out of our great medical centers and hospitals to America's doorstep in every town and village, and the American public, seeing that it can be done, will demand that it must be done. That's the March of Dimes in a nutshell."

## Mrs. J. T. Williams Is Hostess For Wednesday Club

Mrs. J. T. Williams was hostess to the Wednesday Bridge Club this week. The card games followed a luncheon served to the guests upon their arrival.

Mrs. Web Townsend won high score prize and slam prize with Mrs. Bustin Canon. Mrs. Tol Murrah held second high score.

Others present were Mmes. C. P. Peavy, Jim Kerr, Jack Riggs, S. L. Stumberg, W. W. Sudduth, R. S. Wilkinson, F. M. Wood, and Paul Hatem.

## Danger - In Your Medicine Cabinet

Medicine cabinets seem to have a way of becoming crowded with an endless variety of useless junk, and unless they are cleaned out periodically they soon become too messy to be of any use at all, according to a news release received this week.

But overcrowded medicine cabinets are more than just a nuisance. They are dangerous. Old medicines, illegible labels, and cracked or broken bottles can injure or kill a member of your family who gropes for an aspirin in the dark or a child who wants to "play with the pretty stuff".

Listed below are the suggestions of a practicing physician to help you make your medicine cabinet useful and safe.

Throw away: (1) Any medicine which has not been used for six months. It has probably lost its strength, and you've probably forgotten the proper dosage.

(2) Any bottle or package whose label is not distinctly legible.

(3) Any package or bottle with a poison label. If your doctor prescribes use of a poison for any purpose, use it for that purpose only and then throw it away. It's too risky to leave lying around.

(4) All bottles with less than a single dose left. If you still

need the medicine, order a refill of the prescription.

Keep or Purchase:

(1) Simple eye wash.

(2) Simple headache remedy, such as aspirin, or a well-known powdered powder or tablet.

(3) Boric acid in granular instead of powdered form. The powdered form is too easily mistaken for other medicines, and could be very uncomfortable, or even fatal for a baby, if taken internally.

(4) Burn ointment.

(5) A recognized laxative for occasional use.

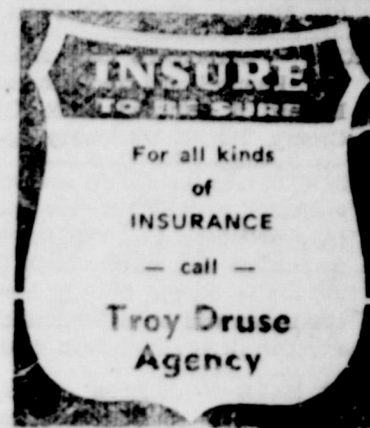

Remember, laxatives should not be taken to relieve a severe abdominal pain. Consult your physician immediately.

(6) Bicarbonate of soda, or preferably chalk tablets, for the relief of acid indigestion or heartburn. Chalk tablets can also be used as a dentifrice.

(7) A small bottle of about 5 per cent mercurochrome in water. Only 2 per cent is available in drug stores unless you ask for the stronger solution.

(8) Bandages, adhesive tape.

Office Supplies at The Times.

## Mrs. A. J. Hahn Is Bridge Hostess Friday Afternoon

Mrs. A. J. Hahn was hostess for the meeting of the Thursday Bridge Club which was postponed to Friday afternoon.

In the card games, high score prize went to Mrs. Dan Riggs, second high to Mrs. B. F. Martin with Mrs. Riggs and Mrs. H. E. Fletcher holding the slam prizes. Mrs. W. H. Goldwire was low.

Also present were Mmes. C. H. Spencer, G. E. Babb, F. J. Barrett, Jack Riggs, Weldon Cox, M. W. Duncan, Will J. Murrah, and Jim Kerr.

Deep-dish cherry pie, ice cream, tea, coffee, and homemade candy were served.

"Fashion note—little change in men's pockets in '62."

## Personals . . .

Mrs. Lee Grigsby has returned home from San Antonio where she had visited with Mr. and Mrs. D. L. Scott for a week.

Mr. and Mrs. Grim Taylor of Rankin have been visitors in the home of her brother, M. G. Northcut, and family.

Word has been received from

Mrs. H. A. Smith this week that her husband remains in a San Antonio hospital where he has been receiving medical treatment for several weeks.

Mrs. J. C. Green, who has been hospitalized in Fort Stockton for several weeks for medical treatment, continues to improve and may be brought home the last of the week.

For your convenience on these days — supplies for something hot to drink and hot meals. Also washers and dryers for your laundry.

## NOT OF WORKS LEST ANY MAN SHOULD BOAST

"For by grace are ye saved through faith; and that not of yourselves: it is the gift of God: not of works, lest any should boast." (Eph. 2:8, 9)

A man is not saved by works — not the works of darkness (Eph. 5:11) not the works of the flesh (Gal. 5:19-21), not the works of the devil (1 John 3:8), not the works of the law of Moses (Gal. 2:16), not the works of man's own righteousness (Tit. 3:5). The works Paul speaks of are the sort that provide man something in which he can boast — as if he kept the law of Moses perfectly. All works are not ruled out, however, for James teaches that faith will not justify and is dead if it is not accompanied by works (Jas. 2:14-26). James calls simple obedience to the commands of God works. Christ tells people that faith itself is a work of God — a work that God authorizes (Jno. 6:28, 29). That the work of God is not a work that God does is obvious from other passages. Christ said he was here to do the work of God — " . . . wist ye not that I must be about my Father's business?" (Lk. 2:49). "My meat is to do the will of him that sent me, and to finish his work." (Jno. 4:34) "I must work the works of him that sent me, while it is day . . ." (Jno. 9:4) Christ was doing the work, but it was called God's work because he authorized it.

Faith comes by hearing the revelation of God (Rom. 10:17). Faith naturally excludes anything that man devises for his righteousness (works in which man could boast) and it includes every command of God. Consider these:

- Preaching to the lost (Rom. 10:13-17)
- Belief in the truth (Mk. 16:16, Jno. 8:24)
- Repentance of sins (Lk. 24:46, 47, Acts 17:31)
- Baptism for the remission of sins (Mk. 16:16, Acts 2:38)

There is no room for man to boast in any of the above, but rather he will be humbled in submission to the commands and authority of God. Faith (divine revelation) gives us all of the above commands. There is no such thing as a non-essential command of God.

To be a criminal, one need only break one of the laws. To be a sinner and refused of God, man need only rebel against and refuse to obey one of his commands. Beware of the man who teaches you that you need not obey one of the commandments Christ gave. To take away one command is to take away your part from the eternal things of heaven (Rev. 22:18, 19). Christ could become the Savior of the world only by obedience to the commands of death (Jno. 10:17, 18), and he only promises to save people who obey him. " . . . he became the author of eternal salvation to all them that obey him." (Heb. 5:8, 9).

JOE FITCH 909 Dorothea Crane, Texas

## Mrs. W. H. Savage Is Hostess For Circle 1 Meeting

Mrs. W. H. Savage, hostess, served coconut cake, tea, and coffee to the members of Circle 1 of the Presbyterian Women of the Church before the program started when they met in Fellowship Hall Monday afternoon.

Mrs. L. W. Welch presided and led the opening prayer after the hymn "My Faith Looks Up to Thee" had been sung.

For the devotional, Mrs. E. H. Jessup read "The Light That Never Fails" by David Lawrence which was taken from a current magazine.

For Christian Action, Mrs. Welch suggested that a church family night be held at intervals. The group voted for such a project in March with arrangements to be made by Mrs. Welch and Mrs. F. E. Cautrell.

"Christian Activity in the Community", an article taken from the Presbyterian Woman, was discussed.

Mrs. Sid Harkins led the Bible study on "The King Demonstrates His Power", based on Matthew 8:1-17, and led the closing prayer.

Also present were Mmes. J. D. Nichols, J. W. Byrd, C. C. Mitchell, Leola Hill, E. E. Harkins Jr., N. M. Mitchell, E. E. Farley, and E. F. Pierson.

Sheriff Bill C. Cooksey, and office deputies Mrs. Tol Murrah and Mrs. A. J. Hahn were in Alpine one evening this week to attend a school for deputy tax assessors-collectors.

Mr. and Mrs. S. L. Stumberg were in San Angelo last week for him to have medical treatment.

**GREAT PERFORMERS**

**BUILT FOR THE GREAT SOUTHWEST**

**FORD GALAXIE** - luxury plus Thunderbird ride and power  
**FORD FAIRLANE 500** - a lot of Ford for little money  
**FALCON** - 200 cc. of the economy storm

These cars really short-cut wide open spaces. Galaxie - big, bold and beautiful - offers power plants up to 405 blistering horsepower! All Fairlanes are available with lustrous 260 Challenger V-8's. And Falcon boasts a snappy 170 Special Six that's standard on 'converts,' optional on other models. So before buying any car, action-test a new Ford.
