SANDERSON, TEXAS, FRIDAY, APRIL 19, 1963

NUMBER 11

LISTEN TO LUKE

This week we received a little bit from the office of our Congressman Ed Foreman. The information was headed "Remarks by Congressman Ed Foreman on the floor of the House of Representatives," and was dated April 11, 1963. It reads as follows:

Mr. Speaker: In response to the question of the spending activities that have taken place on the floor of this House this week, I am pleased to report that I have been partially in response to a question posed to some by some of my colleagues on the other side of the aisle, including the gentleman from Tennessee (Mr. Bass). I am pleased to make a brief reply.

"Being new in this body, I am somewhat surprised at the statements made concerning the past week's legislation. This program won't cost a dime," this program will actually save money. "Don't you want to do something for the people?"

"It was amazing also that all of every program was, 'The program ever offered.'"

"Now I don't know about other parts of the United States, but I know about West Texas, and I am speaking, Mr. Speaker, I have been supposedly 'saving' much money this past week by appropriating new funds in depressed areas that I am concerned that West Texas has received such a 'savings' that we are also, very possibly become depressed area if such 'savings' programs are continued. I am afraid that we won't be 'saving' this week during the Easter recess like we did last week.

"In answer to some of my responding colleagues — Yes, I do want to do something for the people. I want to grant them a little relief from their continuing tax burden. I want them to have the freedom to make their own decisions to manage their own money and manage their own affairs, instead of a federal bureaucrat doing it for them.

"For some strange reason, I feel the folks in my district of West Texas are sick and tired of being fed up with the sort of 'savings' programs we have enacted in the past week. The folks back home in West Texas at least, are asking for a government hand-out — they want the government's hand out of their pocket.

"We give three standing cheers for this philosophy and this action."

"We can remember one time we spent so much money on money-making gadgets that we could not buy for the gadgets we bought to get so much money. That's the way it is sometimes with legislation of money-saving ideas.

"These 'good deals' that come away at times are deals that would be better if left alone. The deal that comes from them all goes to the promoter of the good deal usually, and the rest are left holding the sack.

"We don't know why some people still insist that something can be gotten for nothing. They keep saying till their dying breath that that perfect plan for getting that one big deal through where they can make the killing.

"This information and the fact that we all just recently filed an income tax report, brings us to you to you that if you made about \$4,000.00 to \$8,000.00 during that year, that you paid about one cent of 5 or 1 out of 6 dollars you made, as a tax on your income? This figure, of course, depends on whether your income was closer to the larger or smaller figure. But it flatly came out like this, in case you didn't know — over \$4,000, it was \$800 plus 20 per cent of all over \$4,000.

Court Names Committee For Hospital Data

The Terrell County Commissioners' Court, at their regular meeting April 8, named a committee to secure data and information in detail in regard to a local hospital and present it to the court for their consideration.

The committee is Troy Druse, Edward Kerr, and James Worland with County Judge R. S. Wilkinson as ex-officio member.

The group met at the court house Tuesday night of this week in their first meeting to begin laying plans for their course of action.

Ticket Sales For 'Fun Day' on May 4 Go On Sale Here

Tickets for the Eagle Boosters' Fun Day on May 4 have gone on sale in local businesses and residents are urged to buy their tickets for the barbecue as soon as possible so that the Boosters may be able to plan the meal.

Tickets are on sale in The Kerr Mercantile Co., Cooke's Food Market, C. G. Morrison Co., Spears-Duncan Drug Co., and the Oasis Restaurant.

Troy Druse, chairman of the ticket sales, is urging the cooperation of the public in this effort of the club to provide an afternoon and evening of fun for all local residents, a good meal in the late afternoon, and at the same time provide monetary assistance to the local athletic program.

Carnival-type entertainment will be on the court house square during the afternoon, the barbecue supper will be served beginning at 5 o'clock, and that night there will be a boys' calf riding and contests for young people at the football field, starting at 8:00 o'clock.

The various chairmen of the events of the day are working diligently in an effort to make a success of the program and all residents of the county are urged to join in the spirit of the "Fun Day" for the pleasure of everyone.

Tickets for the barbecue will be \$1.25 for students and adults. Small children will be given a plate free of charge. Children and students will be admitted to the calf riding and other events at the football field for 50c, and adult tickets are \$1.00.

Mrs. R. H. Martin Dies In Del Rio

Mrs. Eliza Ann Martin, 95, died in a Del Rio hospital Friday afternoon. She had been ill for three years but had been in the hospital only a few days.

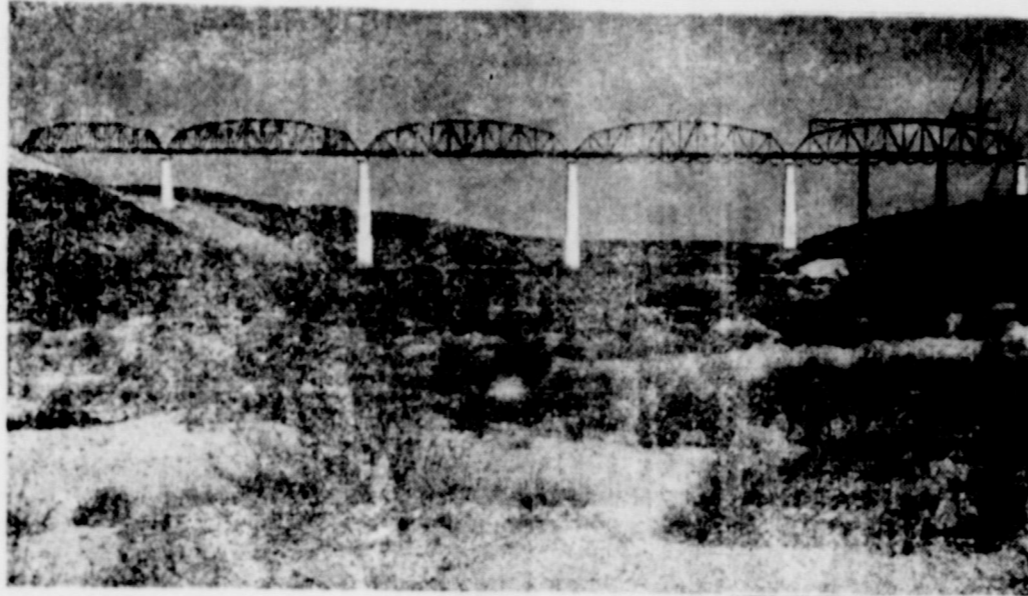

Funeral services were held in that city Saturday afternoon.

Mrs. Martin was the widow of R. H. (Bob) Martin, prominent in the ranch industry in that area for years. He died in 1940. She was a native of Menard and had lived in Del Rio for 45 years.

Survivors include four sons, Joe Bradford and B. F. Martin of Sanderson; Russell Martin of Del Rio, and Jesse Martin of Eagle Pass; four daughters, Mrs. Fred Turner of Del Rio, Mrs. Arthur Simmons of Sonora, Mrs. Clyde Kelso of Eagle Pass, and Mrs. W. F. Hodges of Uvalde; also 14 grandchildren, 34 great-grandchildren, and 15 great-great-grandchildren.

Mr. and Mrs. B. F. Martin, Mr. Bradford, Mr. and Mrs. J. R. Hodgkins and children, Mr. and Mrs. Ben E. Martin of Marathon were among those attending the funeral rites.

The pallbearers were Jim Bob Altizer, James Martin, Worth Mathis, Clyde Sellers Jr., Martin Rose Jr., and Bob Garley.

The Southern Pacific Railroad span which will carry the trains over the Devil's River arm of the projected Amistad Reservoir

completed. It soars 234 feet above the Rio Grande, has been above the river bed and is 2,230 feet in length. It is dwarfed by the SP bridge upstream which is 321 feet above normal water level.

Questions, Answers On Hospital Are Offered By Group

The following questions and answers were supplied to The Times by a group backing the move for a hospital for Terrell County. All of the copy is theirs. The information is printed as a public service and the columns of this newspaper are available to present any pertinent information about the hospital, pro or con, in an effort to inform our readers.

1. How would we care for sick indigents at our hospital?

A hospital board of directors would make policies for the management of the hospital under the administrator. Our present policy is to send wards of our county to neighboring hospitals and to pay the bill. However, the county only assumes responsibility for the indigent cases approved by it. In 1961, a very heavy year for us, we paid doctor bills of \$1,269.75; hospital bills of \$1,260.70; ambulance bills of \$127.00; and drug bills of \$166.85. Total 1961, \$2,824.30. These funds except \$480.00 for local doctors, the ambulance costs and drug bills, were spent outside of our community. Administrators of small community hospitals urge us to promote in our community a campaign for sickness-accident insurance for our people. One small community has enrolled 85 per cent of its citizens in this type of helpful insurance. This plan of course reduces the financial load for our county by facilitating collections.

2. Will we be able to staff a hospital here?

This is a real question for many of our people. Discussions of this vital question with small hospital administrators and checking their records of operation, they seem to have experienced no problem in this area of hospital management. They have been able to obtain an R.N. for nursing service supervisor and one small hospital trains its own aids. At present time there are 26 R.N.s living in Fort Stockton. Of course, we have a few R.N.s in the Sanderson area, too. Some small hospitals use either their technician or an R.N. for administrator, too.

3. Would we provide for major surgery cases here?

We would certainly favor providing the necessary equipment for major surgery, of course, referring any difficult elective surgery to the qualified specialist, or in an emergency to bring in any needed specialist to work with a local doctor or doctors. Of course, this matter is always a medical decision, not a lay decision at all. We know of no small hospital in our area that does not have the necessary equipment for doing major surgery when the doctor needs it. We do not think that our community could have adequate medical care for our people without the equipment

Baptist Revival To Be April 14-21

The First Baptist Church of Sanderson will hold revival services from April 21 through Sunday, April 28.

The evangelist is Rev. Harry D. Truelove, pastor of the First Baptist Church in Fort Stockton. He is now in the Japan Baptist "New Life Campaign" in Okinawa. Dewayne Clawson, music director of the Northside Baptist Church, Fort Stockton, will be the song leader.

Services will be held weekdays at 7:15 a.m. and 7:30 p.m. Sunday services will be at 11:00 a.m. and 7:30 p.m.

The Sunday school department and classes will meet nightly at 7:00 p.m. Prayers will be offered and plans made to visit and reach all prospects for Sunday school and for soul-winning.

Sunday, April 28, will be high attendance Sunday for the Sunday school and a noon-day dinner will be enjoyed by everyone.

The deacons and men of the church will serve breakfast each weekday at 7:00 a.m., preceding the morning services.

Cottage prayer meetings will be in homes during the week preceding the revival services.

Rev. Irl R. Richardson is pastor of the church. Greene Cooke is chairman of deacons, O. D. Gray is general superintendent of Sunday school. Mrs. Orba Court, general director of training unions; Mrs. R. A. Turner Jr., president of Woman's Missionary Union; Mrs. H. W. Cole, pianist; W. J. Morris, director of music; Mrs. Greene Cooke, chairman of entertainment.

Legion Dance Slated for May 15

The American Legion is sponsoring a dance on the slab at the Legion Hall on Wednesday, May 15, from 9:00 p.m. to 1:00 a.m.

Tommy Allen and his orchestra of New York will furnish the music and admission will be \$5 per couple.

The famous orchestra was in Sanderson recently for a previous dance.

Mr. and Mrs. Eddie Crump of Las Vegas, Nev., are visiting here with her parents, Mr. and Mrs. Clyde Carter. They visited in Del Rio the first of the week with her sister, Mrs. Jones Black, and husband.

our staff needs to do its work.

Any questions you may have concerning a hospital may be directed to us through this newspaper. We feel that an exchange of opinions about our having a hospital here would be beneficial. This would give the local committee the opportunity to know your thoughts and share information with you.

We feel the over-all big question is simply this? How can we secure adequate medical care for our loved ones in Terrell County. Our past efforts have not provided this for us.

School Board Reveals Plans For Improvements

The Terrell County Independent School District board of Trustees last week revealed plans for improvement and repairing existing facilities. Supt. H. L. Richardson stated that these plans were not something that had been brought before the board in only recent days, but rather something that had been under consideration by the board for some time, some of the items for several months.

It was stated that the list had been compiled as the needs came to the attention of the board and the need for action grew with the list of needs.

It was also stated that there was no action taken as a means or method of furnishing the items in the list, but that the board, rather, was considering ways and means of accomplishing the needs and expediting the necessary repairs.

This information is given at the present time only to call attention of the facts to the patrons and interested citizens.

The list of essential repairs include: (1) replacement of the steam pipe to high school building from the junior high school building, where the boiler is located. This need is due to the leaks in the existing pipe; (2) repairing the north front doors on the high school building; (3) renovation of homemaking department, deemed necessary to maintain eligibility for state aid affiliation in this department. The need is said to include more modern equipment and expansion of facilities; (4) wood seat boards on band area of football seating. This need, it is said, is to reduce wear on band uniforms caused by band members sitting on rough concrete; (5) desks and lockers for Junior High Building. The need is said to be most apparent only by visual inspection of existing desks.

In the list of needed improvements are: (1) auditorium repairs, including painting, window curtains, etc.; (2) additional room in band hall for both storage and in the main room. As was stated in a related story in last week's Times, consideration is being given to moving the band hall to the present Lamar Building and making a home making cottage out of the present band hall. The other consideration is enlarging the present band hall to fit the needs; (3) additional science facilities, particularly for use by freshman students studying general science who have now no laboratory facilities to use in connection with their subject; (4) mathematics laboratory, which includes blow-up models of certain mathematics teaching aids charts, etc.; (5) seating for gym would move basketball court over to one side of gym and put all seating on one side; (6) laundry facilities for P.E. and athletics, which, it is stated, will increase the life of sports equipment and apparel; (7) painting and lighting in high school, a need seen by a visual inspection of the building and realization of the fact that no related improvements had been undertaken since the building was completed.

The school officials stated that all of the items listed would not necessarily be accomplished in one effort, nor would they necessarily be scattered out over a long period of time. Rather, they stated, the board was looking into all angles of the needs, ways and means of financing, consideration of priority of the needs and availability of funds.

It was pointed out that the needs would be accomplished as soon as possible commensurate with all of the existing circumstances.

Terrell County To Stay In 16th Cong. District

Terrell County, along with seven other counties scheduled to have been transferred to another district, 21st, will remain in the 16th District, according to the latest reports.

Rep. Gene Hendryx of Alpine and Dick Slack of Pecos sponsored an amendment last week that was passed by the House. It virtually assures our remaining in the same far-western district.

Hendryx, who has led the fight to keep Crane, Upton, Pecos, Terrell, Brewster, Presidio, Ward, and Jeff Davis Counties in Congressman Ed Foreman's 16th District, said he was "highly pleased" with the passage of the announcement, when asked for his comment.

Coffee Kicks Off Cancer Drive Here

A coffee at the Oasis Restaurant Tuesday morning kicked off the Cancer Fund Drive in Sanderson and Terrell County.

Mrs. K. H. Stutes, the general chairman of the drive, and who held the office of educational chairman last year, had resigned that post and Mrs. Web Townsend was named to fill the vacancy. Other local workers present included Mmes. L. W. Welch, P. G. Harris Sr., J. F. Tronson, T. O. Moore, Cruz Marquez, Armando Flores, Eva Andrade, Elvira Chalmabaga, Rosa Chalmabaga, Jimmy Davis, Ira Moses, Gene Litton, Jim Turner, M. G. Northeast Jr., H. W. Johnson, C. M. Murray.

RR Brotherhood Week April 22-27

Governor John Connally has proclaimed the week of April 22-27 as "Railroad Brotherhood Week". This proclamation is in connection with the observance of the 60th anniversary of the founding of the Texas Joint Railway Labor Legislative Board.

The Board is composed of representatives of the Brotherhood of Railroad Trainmen, the Order of Railroad Conductors and Brakemen, the Brotherhood of Locomotive Firemen and Engineers, Brotherhood of Locomotive Engineers, Brotherhood of Maintenance of Way Employees, Brotherhood of Railway Clerks, Order of Railroad Telegraphers, and Brotherhood of Railroad Signalmen.

The first joint Board was set up in Austin in 1903 for the purpose of coordinating the activities of the Brotherhoods. At present, the Board represents some 39,000 railroad employees.

Scandal has struck again in Texas. This time on the Railroad Commission.

Revelation by the Dallas Morning News that Commissioner William J. Murray had grossed some \$285,000 from oil investments in earnings from a Throckmorton County lease caused the commissioner to resign his post.

Question was a matter of ethics—whether or not it was proper for a public official to make investment in an industry over which he exercised control, in whole or in part.

Murray's answer was that he grew up in the oil fields, was educated in petroleum engineering and it was the only business in which he had any practical experience.

He admitted his investments and pointed out that they were a matter of record, in his own name, and he had nothing to hide. He stated that he resigned his post as a commissioner because he felt that "harmful publicity" might lessen his effectiveness.

Murray hinted that the investigation into his past investments was prompted by his refusal to call off the East Texas slant-hole, well drilling investigations, in which he played an active part.

Murray's attorney, Les Proctor, submitted the former RR Commissioner's personal financial records to Travis County District Attorney Tom Blackwell for checking. They are being examined by Blackwell, Atty. Gen. Waggoner Carr, and State Auditor C. H. Cavness.

State law provides for removal from office of any public official violating the Code of Ethics. Since Murray resigned that question now has become moot. All that remains is the matter of determining whether any civil or

criminal statute has been violated.

Proctor says none has been. Governor John Connally accepted Murray's resignation with the comment that "It is regrettable for all of Texas that documented facts made public within the past few days indicated a question of propriety of legality of his outside business transactions in view of his position of authority on the commission."

"Public officials have a sacred public trust. It is imperative to continued confidence in our form of government that their conduct in office be beyond a shadow of a doubt. Anything else undermines the confidence of the people in responsibility and integrity in government."

Investigation Proposed
In the House of Representatives, Rep. George Hinson of Mineola introduced a resolution asking for a thorough study of the sweeping powers of the Railroad Commission by the Texas Legislative Council.

Resolution received prompt committee approval and was sent immediately to the House floor.

Rep. Bob Eckhardt of Houston gained permission of the House to introduce a bill to tighten regulations prohibiting public officials from participating in any private enterprises which might be in conflict with their public duty.

Eckhardt said his bill would amend the Code of Ethics and clarify it. It also would include a section providing that no public official or member of the Legislature could appear before any state board or commission where the office-holder had private interests that might be affected by the agency's action.

House Probers
House State Affairs Committee recommended adoption of a resolution by Rep. Rufus Kilpatrick of Beaumont that would establish a general investigating committee. Normally one acts only between sessions of the Legislature.

Rep. Ben Jarvis of Tyler said Speaker Byron Tunnell is interested in fast action on the Kilpatrick resolution, which would give the investigating committee broad authority.

Rep. Horace Houston, Republican member from Dallas, opposed the resolution and asked for a

postponement to study it. He said he once served on such a committee, and "no good has come from general committee investigations." Later Houston changed this statement and agreed that investigating committees do "throw a white light into some dark shadows."

Appropriations
A record \$3,100,000,000 spending program—the general appropriation for the next biennium—went to a conference committee following rejection by the House of Senate amendments.

Motion not to concur changes was made by Rep. W. S. Heatley of Paducah, chairman of the House Appropriations Committee.

More Taxes
Some \$43,000,000 in additional revenue would be gained during the next two years by adoption of a House Revenue and Taxation Committee substitute for House Bill 106.

Rep. R. H. Cory of Victoria, chairman of the subcommittee that revised the proposed tax law to comply with Gov. Connally's program, said the bill as now drawn would incorporate a one-year extension of the state franchise tax to April 30, 1965. This would net the state \$11,200,000. Repeal of the exemption of outer clothing under \$10 would get \$20,400,000. Bringing motor vehicles under the sales tax would provide \$6,100,000. Other minor changes would round up additional millions.

Women's Rights
Legislation to provide equal rights for women is in this status Senate Joint Resolution No. 2 which is what the women want, has passed the Senate. It was heard by the House Constitutional Amendments Committee and sent to a subcommittee.

If the resolution gets through the Legislature, it will have cleared perhaps its biggest hurdle. Next step calls for passage of a constitutional amendment by vote of the people. Amendments usually receive public approval.

However, after that, all questions of women's rights would not be defined. A good bit of legislation still would be required.

Former Attorney General Will Wilson, in testimony before the House committee, said that if the

COOK COOL THIS SUMMER...

...change to a 1963 ELECTRIC RANGE

In summer heat, old-fashioned cooking methods mean one of two things . . . cold cuts for supper or a slightly parboiled cook. But with flameless electric cooking, your kitchen stays cool . . . lets you bake, roast, or even prepare complete oven meals in comfort. Since the electric oven is flameless and needs no flow of air through it, heat stays inside. Surface elements fit snugly against pan bottoms for direct, efficient heat transfer . . . less waste around the sides of utensils. And, electric cooking is fast, clean, and automatic, too. See your dealer soon. Ask about his free pressure cooker offer for electric range purchasers.

TOTAL PERFORMANCE:

YOU'LL KNOW WHY SHE DOESN'T FEEL THE BUMPS...WHEN YOU TEST-DRIVE FORD'S NEW \$10,000,000 RIDE

The 1963 Ford gives you a ride every bit as smooth as cars costing hundreds more, and for two reasons: a revolutionary new suspension system... and added road-hugging weight. It took ten million dollars to develop the new Ford ride. We designed a revolutionary new suspension system for the '63 Ford. Where ordinary suspensions move only up and down to absorb road shock, the Ford suspension moves backward as well. In this double-action suspension system, coil springs up front and leaf springs in the rear combine to give you firmness in cornering and a special smoothness over the road. We added weight, strength and stability. The new Ford is now actually hundreds of pounds more car than any other car in its class. This remarkable weight advantage is in the suspension, frame, and body. And, as you know, this added weight means a more stable ride. But a solid, road-smoothing ride is only part of Ford's total performance story for 1963. Look how Ford swept the field this year in the grueling Daytona, Riverside and Atlanta 500's and in the demanding Pure Oil Performance Trials. Only a car with total performance—the best combination of strength, balance, precision control, braking power and road-clinging suspension—could roll up so many wins. Before you buy any new car, test-drive a Super Torque Ford. If you haven't driven one lately, you can't really know what a new Ford is like. Make this important discovery—if it's built by Ford, it's built for performance... total performance.
