LISTEN TO LUKE

By Albert —

There is a lot of building and building going on in Sanderson. It seems to keep an air of activity stirring locally and that is a good sign.

The Sanderson Wool Commission is planning a new warehouse in a new location, so we are told. And the Sunset Siesta Hotel is in process of being rebuilt.

The old Kerr Mercantile Co. building, which has served the business as a warehouse since the building was completed over 20 years ago, is being razed and there is a sense of nostalgia in seeing the old building go.

The once-busy Downie Street, former main drag locally, has much of its color with the appearance now of almost all the buildings that made up the business community of long ago.

There seems to be an interesting foray looming over which will be extinction first, the antelope the golden eagle.

According to a recent story in the newspaper, and according to news releases from the Texas Parks and Wildlife Commission, antelope population is suffering from the depredations of the golden eagle against the young antelope.

Commissioners Get Approval Of Neighbor Courts

Commissioners of Terrell County met with the commissioners of Pecos and Brewster Counties last Thursday to seek approval of their participation in the Sanderson Canyon Watershed Flood Control Project. The approval of the application for the project by the other commissioners' courts was necessary since much of the land of the watershed lies in those counties and some of the water-flood dams will be erected in those counties.

Some organization or political subdivision with the power of taxation and eminent domain must file the application for work to be done in their county.

County Judge R. S. Wilkinson reported that all of the commissioners and the county judge of Pecos County were present and passed a resolution immediately approving the filing of the application for the project. The commissioners court of Brewster County could not formally pass such a resolution since two of the members of that court were not present, but pledged their support to the project and promised such a resolution from the next meeting of the court, which would be August 9.

The Soil Conservation Service is in the process of preparing topography maps of the proposed watershed project and the work of filing the application and related progress is moving as fast as possible, according to Judge Wilkinson.

Mr. and Mrs. Dick Tucker of Odessa visited the Charles Smiths last Saturday. Mrs. Smith left for Amarillo Tuesday to be with her granddaughter, Debra Smith, who is in the hospital with rheumatic fever.

Mr. and Mrs. Johnny Burleson and children, Johnny Lynn, Roy Lee, and Jimmy Duane, left last week on their vacation to visit her mother in Haskell.

Mr. and Mrs. Jim Crawford also moved from Iraan to the gas plant. They have two daughters, one of whom is in the second grade.

Red Cross Tells Of Appreciation For Local People

The Times received a letter Tuesday morning from Don Byers, director of the American National Red Cross team which has been working in Sanderson since immediately after the flood on June 11.

"There are so very, very many of your readers who gave substantial assistance to the victims of the flood in cooperation with the Red Cross that it is quite impossible for us to express our appreciation individually.

"We hope that you will publish our thanks to all those who did so very much for the flood victims in cooperation with the Red Cross staff. Moreover, very many kindnesses were extended to our workers which added both to their effectiveness and to their comfort during our stay in Sanderson. All of us agree that if neighbor helped neighbor everywhere as they have here, our world would be in a little better shape.

"The Red Cross workers are glad that they were able to bring the assistance of Sanderson's neighbors throughout the United States to help in rehabilitating the lives of those affected by the June 11 flood."

Mr. and Mrs. David Mitchell are having a new home built on the corner west of the W. E. Hill home on Kerr and Third Street. It will be a two-bedroom house of concrete block construction.

Mr. and Mrs. Austin Chriesman are having a three-bedroom house built on the corner of Kerr and Fourth Street just north of Mr. and Mrs. Herbert Cates. The house will also be of concrete block construction.

Six ladies left Sanderson for Ojinaga, Mexico, Wednesday for the train trip to Las Mochis and Topolobampo. They include Mesdames Herman Couch, W. J. Ferguson, Jr., Lee Hardgrave, H. P. Boyd, O. J. Cresswell, and her daughter, Mrs. Ray deBusk of Odessa.

Mrs. W. H. Choice received her Bachelor of Arts Degree in Elementary Education after the end of the first semester of the summer session at The University of Texas. She plans to teach in the Austin area where she and her husband and son reside. Mr. Choice is doing graduate work at the University.

Valor Award To Merechildo Ybarra For Saving Life

Merechildo Ybarra, caretaker at the Big Bend National Park, was presented with a Valor Award at the Department of the Interior's Awards Convocation in Washington, D.C., July 15.

This award is presented to employees of the Department who demonstrate unusual courage involving a high degree of personal risk.

Ybarra's award came as the result of rescuing Tommy Turner from an overturned stock truck on Highway 90 west of Sanderson several months ago. Tommy was pinned in the cab of the vehicle and rescue came when the wreckage was sighted by Ybarra who was in his pickup and driving on the highway. He stopped and pulled the unconscious young Turner from the vehicle only seconds before it caught fire.

Ditch Cleaning To Aid Drainage

The cleaning of local drainage ditches will aid in their being able to carry run-off water of future rains. The ditches had filled up with gravel after the heavy downpour of June 11.

Some ditches which normally were two or three feet deep, had filled up almost completely with gravel.

Machinery is doing much of the work of clearing the ditches, but manpower is necessary, especially under culverts, tin horns, and in areas which restrict the movement of machinery.

Keith Mitchell Jr. on Honor Roll at New Mexico State College. Keith Mitchell Jr. has been named to the honor roll of the spring semester at the College of Agriculture and Home Economics at New Mexico State University.

To be named to the dean's list, a student must maintain a grade average of 3.2 out of 4 while enrolled in 12 or more semester hours.

School Opening Date Is Set

The schools of Terrell County Independent School District will begin on Monday, August 30, Monday, September 6, is the first scheduled holiday for the school term.

Need for Time In Panning For Flood Control

It is difficult to recognize the many details involved in planning a flood control project such as that proposed for Sanderson Canyon. One might wonder why such a great amount of time and expense is needed.

It is imperative that where human life and property are at stake, the plan must be as perfect as is humanly possible. A thorough and complete job requires time. It is important to have the most highly trained specialists to do the engineering job.

In planning such a system, the most critical structure sites must be located. To do this, a complete knowledge of the watershed must be obtained. This involves a detailed study by hydrologists, engineers, economists, and possibly geologists.

After the critical sites are located, then comes the big job of pin-pointing exact locations. These are dependent on several factors. The underlying soils must be suitable to support the dam safely. The topography needs to be suitable for constructing a dam that would be economically feasible.

The many, many hours of field work, taking shots for elevation, etc., used in designs, result in days of computation, the end result of which gives the size of structures needed, yards of earth to be moved, amount of other materials needed and total cost of each structure.

And the best of planning and design is of no value unless the blueprint is followed accurately. It is therefore necessary that engineers and technicians be on hand to supervise the construction.

If the proposed project matures, Sanderson can feel assured that it has the best protection possible against flooding and the time involved will be well spent.

Street Topping, Seal Coating Is Proposed For Sanderson

County Judge R. S. Wilkinson announced this week that the Terrell County Commissioners were making plans to re-work all of the streets of Sanderson as soon as possible. The proposals are in the process of preparation at the present and it is estimated that the work will cost upwards of \$17,000.00.

'Seventeen' To Be Shown For Youth Sunday Night

A film made especially for young people, "Seventeen", will be shown Sunday night at the Baptist Church at 7:30. An urgent and cordial invitation is given to each young person in the area to see the film made by young people for young people.

It is said that "Seventeen" is the most significant youth film ever produced and pulsates with nearly 70 minutes of sheer dynamic. It is a bold clear look at today's young people. And here, just for them, is a faith they can believe in, guidance to the only kind of future which can give them security.

Youth Choir Gives Program At Baptist Church

A sparse but appreciative audience was on hand last Thursday night when the Youth Choir from the Second Baptist Church in Corpus Christi presented a program of spiritual, patriotic and inspirational songs. There were 30 voices in the choir and they were accompanied by five adults on a trip which will take them to San Francisco, Calif.

The repertoire consisted of solos, trios, and a sextet, besides several numbers by the entire group.

Mr. and Mrs. Frank Sosa and daughter of Artesia, Calif., visited here last week with her mother, Mrs. Matilde Marquez, and other relatives.

Mr. and Mrs. Ronnie Kight, who have been residing in San Angelo, have returned to Sanderson and he is employed by James Ward Motors.

Street Topping, Seal Coating Is Proposed For Sanderson

The work will include the repair of the base where necessary on such streets as Downie Street and Legion Street, and resurfacing those streets, and applying a seal coat to all of the other streets in Sanderson.

Bids will be asked and awarded as soon as possible, the judge stated.

Hill Home At Longfellow Is Burglarized Saturday

The home of Mr. and Mrs. Lewis Hill at Longfellow was burglarized Saturday. Items that were taken included a TV, radio, a 22-caliber rifle, electric iron and a bottle of pills.

Mr. Hill was working on the back side of the ranch all day and Mrs. Hill and her daughter, Mrs. Donna Price, and baby had gone to Alpine. When they returned home about 2:00 p.m. they found that entrance had been made to the house by cutting a screen on a back bedroom window to unlock it. Apparently the closets, drawers, and other storage places had not been ransacked and all of the items taken, except the iron, were in full view in the house. On a dresser was a ring, a credit card, and Mr. Hill's wallet, which contained some money and none of these items were bothered.

Sheriff Bill C. Cooksey made an investigation of the place immediately upon being notified and found plain tire tracks but no other evidence.

There will be a cake and pie sale Friday for the Little League baseball teams. The sale will be from 9 to 12 Friday morning at Ferguson Motor Co. Coffee will be available and will be served with cake and pie by the slice or the cakes and pies may be purchased whole.

The patronage of the public will be appreciated as funds are needed now by the teams to be able to meet their obligations.

Family Picnic For Ranch Club To Be Next Tuesday Evening. The Ranch Home Demonstration Club is having the annual picnic Tuesday evening on the courthouse lawn, beginning at 6:30 o'clock.

Guest privileges are being extended to the members and each member is requested to bring chairs, food, and table service for herself and her guests. Bread and drinks will be furnished.

To Mr. and Mrs. Humberto Pena of Fort Stockton was born a daughter, Veronica Isabel, in a hospital in that city on July 18. Her weight was eight pounds and two ounces at birth.

Mrs. Carlos Pena is the paternal grandmother of the new arrival.

Jolly Harkins left Sunday to take his daughter and grandson to Austin. Mrs. W. H. Choice and Billy had visited with her parents here for several days last week. Mr. Harkins had minor surgery while in Austin.

E. P. Bradford, who was shot in the leg by a burglar at his home at Pumpville several weeks ago, is recuperating at his home after being hospitalized in Del Rio. It was later determined that he also had a fracture in the small bone in his leg and so he is confined to his bed since a cast was not put on his leg.

Rising insurance rates continue to stir up most of the excitement in the state capital.

A Dallas attorney, Bert Bader, filed suit in the 98th District Court here, challenging legality of the State Insurance Board's order boosting insurance premiums an average of 13.4 per cent.

In asking the court to set aside the recent order, which hiked some key liability and collision rates more than 20 per cent, Bader pointed out that the state law under which premiums are set is unconstitutional.

He also criticized the Board's allowance of 37 per cent of premium income to company expenses and its failure to consider the investment income of insurance firms in fixing rates.

Bader pointed out that Texas laws virtually make it mandatory that Texans buy auto insurance. Therefore, the arbitrary increase in rates violates due process of law.

Another factor cited by Bader is that the Board failed to take into consideration the actual operating expenses of the insurance companies affected.

He also said the accident rate is decreasing.

For these and other reasons, he contends that the new rate, to become effective on August 1, is grossly excessive.

Courts Speak

Texas Supreme Court decided

to hear appeals from both the state and four Gregg County oilmen penalized \$304,800 for allegedly drilling and operating a slanted oil well (1952-62) in Wood County.

Supreme Court left standing a verdict denying a \$4,000,000 suit against the estate of the late San Antonio oilman, Tom Slick. Suit resulted from a uranium venture which never got off the ground.

Fourth Court of Civil Appeals had ordered the trial court to determine whether two corporations owned by Slick breached a contract to furnish funds for a Colorado uranium mill.

High court said it did not necessarily agree with lower court's opinion that only nominal damages may be recovered for loss of sales of uranium concentrate.

School Per Capita Set
State Board of Education set per capita fund apportionment to local school districts for 1965-66 at \$80.65 per pupil.

Well over \$200,000,000 will be distributed on the basis of 2,559,208 scholastics. This represents an increase of 15 cents each.

Meeting for the last time as the junior college supervisory board the officials approved new junior college district for Bee and McClellan Counties and denied one sought by Maverick County.

They referred to the newly named Coordinating Board for Texas Colleges and Universities applications for new institutions in Jefferson and Scurry Counties and joint petitions from Van Zandt, Kaufman, and Rains Counties.

New Coordinating Board takes over junior college jurisdiction on September 1.

WASHINGTON AND
"SMALL BUSINESS"
By C. WILSON HARDER

This year there is scheduled a full scale investigation into the differential in the price of foods paid by consumer, compared to prices farmer receives.

There is no question but what the farmer's proportion of the consumer's food dollar has been shrinking, and the problem is serious. The vociferous declaiming on this issue is attributing everything to an assertion that chain stores are rigging the meat prices to the detriment of the farmer. There may or may not be some merit to this claim, however the farmer's problem does not seem to lend itself to being neatly wrapped up into one area.

C. W. Harder

At the end of April, the U.S. Department of Labor issued reports that on their method of basing prices their index of wholesale market prices showed advances in all areas but one. Farm products declined in price, but processed foods advanced. Wholesale meat prices advanced.

The report also states that part of the decline in farm products was due to lower prices for prime steers, but on the other hand the processed food prices rose because of higher wholesale prices of beef.

Thus, if the forthcoming investigation of food prices is on the level there are many areas that should be explored.

It undoubtedly should be in

the area of growing concentration in the slaughter house and packing house industry to ferret out monopoly growth.

And if the same zeal for an honest, objective investigation is carried through without political considerations, it will probably also be found that the labor monopoly in the trucking industry and the butchering trade is also ruining the farmer.

The problem of the American farmer is serious.

Recently Senator A. Willis Robertson of Virginia stated that unless labor exercises restraint in wage and fringe demands unions will probably be put under the antitrust laws. For some time the nation's independent business proprietors, voting through the National Federation of Independent Business, have been heavily in favor of unions being made subject to antitrust laws. If this investigation is honest need for such legislation will probably be highlighted.

Obviously there is a limit to what the consumer can pay for any type of food.

Any unnecessary cost imposed between the farmer and the consumer either forces the farmer to operate at a loss or consumer to forego buying.

Obviously union feather bedding, excessive wage and fringe payments and monopolistic pricing practices both not only transcend all laws of reason, but also interfere with orderly marketing. A Great Society can never be if the producers of that society's food are either impoverished, or kept solvent by subsidies.

Poverty Programs Approved

Governor Connally has approved application of Community Council of Austin, and Travis County for a \$529,706 community action grant under the Economic Opportunity Act. Project is aimed at combatting causes of poverty in the capital.

Connally also announced ap-

proval of Neighborhood Youth Corps projects in New Braunfels, San Antonio, Pharr, Abilene, Pasadena Daingerfield, Galveston and Carthage.

He said that new teaching methods as the Gary Job Training Center near San Marcos (model installation in nation's war on poverty program) may well result in a "complete revamp of vocation and technical education in Texas".

Base soon will be offering 36 of the most modern vocational courses. A group of top industrialists working in an organization known as Opportunities Incorporated helped set up the curriculum and obtain up-to-date equipment.

Big Bisons

Research by the Texas Archeological Salvage Program — under contract with the National Park Service — reveals that the kind of buffalo which roamed Texas some 8,000 years ago were at least twice the size of the present day buffalo.

Those facts, covered over and obliterated by centuries of deposited earth, are coming to light in an ever-broadening program of archeological field and laboratory work concentrated mainly in areas soon to be covered by reservoirs.

Contracts for such salvage programs have been negotiated with archeologists at the University of Texas, Texas Tech, and Texas Western. Southern Methodist University will start a program this fall.

Beginning September 1, a \$12,000-a-year salary will be available for an archeologist to be a member of the staff of the reconstituted Building Commission.

State draft quota for August is for 891 men, compared to 908 for July.

A Texas Highway Department survey shows that a total of 11,700,000 tourists came to Texas by auto last year for an all-time record. They added \$524,700,000 to Texas' economy.

A list of 321 textbooks offered for Texas public school adoption has been mailed to superintendents of all county and independent school districts. State Textbook Committee will hold a public meeting on October 12 to hear the citizen's views on the books.

SCIENCE ON DISPLAY — Dr. B. H. Amstead, right, assistant dean of the College of Engineering at the University of Texas, explains the workings of a "magnetic bottle" to two participants attending the Texas Nuclear Science Symposium, held last June 6-9 at the University. Listening attentively are Alton Miihlhouse, left, spring graduate of Clifton High School, and Kent Appleby, superintendent of schools at Clifton. Miihlhouse will enter the university this fall to study electrical engineering.

ACCENT ON YOUTH

Alton Miihlhouse is typical of the youths who attend the Texas Nuclear Science Symposium each year under the sponsorship of Community Public Service Company. Designed to interest youngsters in science careers and to inform them of the progress being made by investor-owned utilities in developing a nuclear-fusion method of generating electricity, the Symposium is co-

sponsored by member companies of the Texas Atomic Energy Research Foundation (TAERF) and the University of Texas. TAERF's research in controlled nuclear fusion is privately financed by Community Public Service and nine other electric companies in Texas. This long-range project eventually may result in a more economical method of generating electric power.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER EIGHT ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. HOUSE JOINT RESOLUTION NO. 57 proposing an Amendment to Section 1-a of Article V of the Constitution of the State of Texas, by adding to said Section as presently written, the following provisions: requiring automatic retirement of certain District and Appellate Judges at age seventy-five (75) or such earlier age, not under seventy (70), as may be provided by law; creating a State Judicial Qualifications Commission and providing for its composition and the qualifications, methods of selection and terms of office of its members; defining the functions and procedures of said Commission, including the duty to investigate, and hold hearings in respect of, disability and misconduct of District and Appellate Judges and to make recommendations to the Supreme Court of Texas as to removal or retirement of such Judges; empowering the Supreme Court of Texas, in its discretion, to retire such Judges for disability and to remove them for misconduct; upon recommendation of the Commission and consideration of the record made before it; defining misconduct for which said Judges may be so removed; providing that the proceedings of said Commission shall be confidential until filed in the Supreme Court with recommendation for retirement or removal; and providing that the removal provisions hereby established shall be alternative to and cumulative of those provided elsewhere in the Constitution. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding a new Section to read as follows: "Section 50b. STUDENT LOANS. (a) The Legislature may provide that the Coordinating Board, Texas College and University System, or its successor or successors, shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Eighty-five Million Dollars (\$85,000,000). The bonds authorized herein shall be called "Texas College Student Loan Bonds" and shall be executed in such form, denominations and upon such terms as may be prescribed by law, provided, however, that the bonds shall not bear more than four per cent (4%) interest per annum; they may be issued in such installments as the Board finds feasible and practical in accomplishing the purposes of this Section. (b) All moneys received from the sale of such bonds shall be deposited in a fund hereby created in the State Treasury to be known as the Texas Opportunity Plan Fund to be administered by the Coordinating Board, Texas College and University System, or its successor or successors to make loans to students who have been admitted to attend any institution of higher education within the State of Texas, public or private, including Junior Colleges, which are recognized or accredited under terms and conditions prescribed by the Legislature, and to pay interest and principal on such bonds and provide a sinking fund therefor under such conditions as the Legislature may prescribe. (c) While any of the bonds, or interest on said bonds authorized by this Section is outstanding and un-

paid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the sinking fund at the close of the prior fiscal year. (d) The Legislature may provide for the investment of moneys available in the Texas Opportunity Plan Fund, and the interest and sinking funds established for the payment of bonds issued by the Coordinating Board, Texas College and University System, or its successor or successors, from such investment shall be used for the purposes prescribed by the Legislature. (e) All bonds issued hereunder shall, after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under this Constitution. (f) Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such acts shall not be void because of their anticipatory nature."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Monday in November, 1965, at which election all ballots shall have printed thereon the following: "FOR the Constitutional Amendment providing for the automatic retirement of District and Appellate Judges for old age, creating the State Judicial Qualifications Commission, defining its functions; and empowering the Supreme Court, upon recommendation of said Commission, to remove District and Appellate Judges for misconduct and to retire such judges in cases of disability. "AGAINST the Constitutional Amendment providing for the automatic retirement of District and Appellate Judges for old age, creating the State Judicial Qualifications Commission, defining its functions; and empowering the Supreme Court, upon recommendation of said Commission, to remove District and Appellate Judges for misconduct and to retire such judges in cases of disability."

Sec. 3. The Governor shall issue the necessary proclamation for the election and this Amendment shall be published as required by the Constitution and laws of this State.

"(1) The Supreme Court shall by rule provide for the procedure before the Commission, Masters and the Supreme Court in the same manner that any person whose property rights are in jeopardy in an adjudicatory proceeding is entitled to due process of law, regardless of whether or not the interest of the judge in remaining in active status is considered to be a right or a privilege. Due process shall include the right to notice, counsel, hearing, confrontation of his accusers, and all such other incidents of due process as are ordinarily available in proceedings whether or not misfeasance is charged, upon proof of which a penalty may be imposed. (12) No Justice or Judge shall sit as a member of the Commission or Supreme Court in any proceeding involving his own retirement or removal. (13) This Section 1-a is alternative to, and cumulative of, the methods of removal of Justices and Judges provided elsewhere in this Constitution. Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State at an election to be held on the first Monday in November, 1965, at which election all ballots shall have printed thereon the following: "FOR the Constitutional Amendment providing for the automatic retirement of District and Appellate Judges for old age, creating the State Judicial Qualifications Commission, defining its functions; and empowering the Supreme Court, upon recommendation of said Commission, to remove District and Appellate Judges for misconduct and to retire such judges in cases of disability. "AGAINST the Constitutional Amendment providing for the automatic retirement of District and Appellate Judges for old age, creating the State Judicial Qualifications Commission, defining its functions; and empowering the Supreme Court, upon recommendation of said Commission, to remove District and Appellate Judges for misconduct and to retire such judges in cases of disability."

"(9) The Supreme Court shall review the record of the proceedings on the law and facts and in its discretion may, for good cause shown, permit the introduction of additional evidence and shall order removal or retirement, as it finds just and proper, or wholly reject the recommendation. Upon an order for involuntary retirement for disability or an order for removal, the office in question shall become vacant. The rights of an incumbent so retired to retirement benefits shall be the same as if his retirement had been voluntary. (10) All papers filed with and proceedings before the Commission or a Master shall be confidential, and the filing of papers with, and the giv-

ing of testimony before, the Commission, Master, or the Supreme Court shall be privileged; provided that upon being filed in the Supreme Court the record loses its confidential character. (11) The Supreme Court shall by rule provide for the procedure before the Commission, Masters and the Supreme Court in the same manner that any person whose property rights are in jeopardy in an adjudicatory proceeding is entitled to due process of law, regardless of whether or not the interest of the judge in remaining in active status is considered to be a right or a privilege. In the brief course of the day, we can experience all of God's good that we are willing to accept. We can appreciate the beauty that surrounds us and sing a song of thanksgiving for it.
