SANDERSON, TERRELL COUNTY, TEXAS

## LISTEN TO LUKE

By Albert:---  
There is no way to put into words - since you can't show intentions, etc. - the sincerity of the appeal that is being made to all citizens of the county for their help in making contacts to others in our efforts to get a doctor for Sanderson.

This appeal is not to be taken lightly, by any means. The doctor procurement committee has found out what a job it is and is going to be and they are needing help.

We are not belittling their efforts. They know this appeal is being made because they asked for all the help they could get.

They realize and one should if there is any thinking, that they have a very difficult job, and one that requires the help of all the community.

There will be plenty of help - most certainly -- in going almost anywhere to talk with a prospective doctor for the county. But the main job is to locate a prospect.

There was some beneficial rainfall on parts of the county in recent days, but there were also some areas that did not receive any moisture.

The rains have not been so spotted as they have striped -- going along in narrow strips usually from east to west.

The coolness of the nights and days as a result of the clouds, has been most welcome, and the little bit of moisture that fell on local yards and gardens has been most welcome.

There have been two or three people we have heard remark recently about the large number of tumble weeds that are now growing in this area. It is their opinion that they are new-comers to Sanderson.

It seems to me that I can remember tumble weeds growing in Sanderson for the past 20 years at least.

Is there an authority on the tumble weed in Terrell County among our readers?

One thing that seems to me is a new-comer here is the large number of thistles. In the early spring the canyon seemed to be full of them.

Or do we have a thistle expert among our readers?

Because of the expansion of merchandise in some of our local stores, the chances of your finding what you need in the way of school supplies and needs locally have greatly increased.

May we suggest that you spend some time looking at those lines of merchandise in local business?

There were some favorable comments heard about our suggestions to get local retail employees together for a little instruction on how to deal with the travelers through Sanderson and how to answer their many questions of local as well as area interest.

It has been our observation, whether it is right or not, that some improvement could be made in tourist relations by trying to have the employees more knowledgeable about things locally and of the area so that the

## Committee Names First Choice For MC Building Site

The building committee of the Trans-Terrell Medical Center has named their first choice of sites for the proposed facility for Sanderson.

The lot on the corner of Persimmon and West Pine, just west of the First Methodist Church, is the number one choice of the committee composed of Edward Kerr, Bill Smith, and Mrs. Jimmy Davis. The lot is 140x140, and 80x140 is owned by Mrs. W. T. Bondurant of San Antonio and 60x140 is owned by Mrs. Max Bogusch of Sanderson, both of whom are willing to sell the property to the organization, according to Mr. Kerr.

The committee has decided to not buy the property immediately, because of the inaccessibility of a doctor at the present.

It was the opinion of the committee that the corner lot in this location and at the price at which it would be available, made it the most attractive to them for the needs of the building and for the community.

## Medical Center Committee Asks Help In Contacting Individuals For Doctor

The Trans-Terrell Medical Center executive committee, in a meeting with all representatives of the other committees last Thursday night, decided to appeal to all individuals of the county to offer a determined assist in securing a doctor for Sanderson.

The group pointed out that the request was in no way a means of escaping the responsibility of their duties, but a recognition of the magnitude of their problem and the realization of their need of all the help that can be mustered.

In making contacts with people out of town, the committee asks that all references for contacts be channeled back to the "doctor procurement committee" to avoid all possible misunderstandings and duplications of efforts.

The doctor procurement committee has assembled all of the facts and figures for the information of an interested doctor and will most easily be able to give this information to a prospect.

It was pointed out, also, that the local committee had made numerous contacts and that to date there had been no answers received from anyone save a doctor in Missouri who had none of the legal requirements for the practice of medicine in Texas.

Contacts had also been made with hospital administrators, at medical schools, with the Texas Medical Association and American Medical Association, and all other known sources.

There has already been some personal contacts made with a few prospects, some as far away as the Houston area, but with no results.

The manner of help that is be-

ing sought by the committee is that every person, when they are out of this immediate area, and when they are writing to a friend or relative, make known our situation and ask them to appeal to their doctor to be on the lookout for some physician who is interested in making a change and ask that he contact the local committee.

Another avenue of approach is to make it known to college students, or anyone who may have a contact with students in medical school or internas, so that attention may be drawn to the situation in Sanderson.

The committee has stated that they would go to almost any length to contact a doctor who is interested in the possibility of

An interesting picture shows the interior of the Henry Carmichael store which was located just west of Cooke's Food Market and just prior to being razed, served as a store building for the late Chester Smith. Through the door just to the left of the telephone was the entrance to the refreshment parlor which served soft drinks, cookies, etc. The sacks of Duke's Mixture in the case at the left are large by modern standards, as are the Mexicali cigars on the shelf above. Mr. Carmichael is behind the counter and Ed Stirman is at the extreme right, holding a fresh plum. Other recognizable items in the picture include peppers, tomatoes, beans, watermelons, and the loaves of bread in the case to the right of the telephone. The signs to the right of the phone advertise apple and orange flavored drinks. The picture was loaned by Mrs. Frank Robertson, El Paso.

Prize Contests

"COUNT THE DOTS AND WIN A COLOR TV"

So said the poster in a furniture store window. In case of a tie, duplicate prizes were to be awarded.

Sure enough, two contestants—a man and a woman—turned in answers that were exactly right. After due deliberation, the store named the woman as the winner on grounds of "neatness and legibility." The man was offered a small radio as a consolation prize.

But when the man filed suit, the court held that he too was entitled to a television set. The court said the store had no right to make new rules after the contestants, by submitting their entries, had already accepted the original offer.

For the contract created in a prize contest is just as binding, in the eyes of the law, as any other kind of contract. A winning contestant can enforce his rights in court.

But suppose the rules say: "The decision of the contest judges shall be final."

Even then, if the judges tamper with the rules or use other trickery to foil a winner, the law will still uphold his claim to whatever he has legitimately won.

On the other hand, you cannot insist on a prize if you yourself have not lived up to the rules. For example:

A car dealer offered a valuable gift certificate as first prize in a drawing. But according to the rules of the contest, ticket stubs had to be deposited "in person" at the dealer's showroom.

As it turned out, the holder of the winning number had sent his stub in by messenger. A court ruled later that, since he had not complied with the terms of the offer, he had not earned a right to the prize.

What if the contest is an illegal lottery? Then, even if you do win, you should not expect a court to

ON REFERENDUM

TS&GRA Urges Voter Approval

The Texas Sheep and Goat Raisers' Association supports a "Yes" vote in the upcoming national referendum for sheep producers September 12 - 23, says, G. C. Magruder Jr., president.

The referendum will decide whether producers wish to continue to support an industry promotion program which is financed by a deduction from their wool and lamb incentive payments. The deduction is to be increased 50 per cent; 1 1/2 cents a pound on wool and 7 1/2 cents a pound on lamb if the referendum carries.

Magruder, a Mertzon ranchman, said competitors of wool and lamb spend hundreds of millions of dollars each year in advertising and promoting their products.

The sheep producers' dollars go for national advertising in leading big-circulation publications, for education in home economics classes at both high

school and college levels, for promotional programs designed to encourage retailers and their employes to recommend wool and lamb to their customers, and for such publicity-winning campaigns as the Miss Wool of America program and the Make-It-Yourself-With-Wool contests.

Magruder pointed to encouraging signs in the sheep industry in urging producers to vote approval of the deduction boost.

Wool prices to the producer for the first six months of this year are running more than 11 per cent ahead of the first six months of 1962 — the last time a referendum was conducted. Mill consumption for apparel wool use was up 15 per cent the first four months of 1966. Lamb prices the first six months of 1966 were up 7 per cent from 1965 and 23 per cent from the average of the last four years.

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

HOUSE JOINT RESOLUTION NO. 24 proposing an amendment to Article VI of the Constitution of the State of Texas by adding a new Section thereto, Section 2a, to provide for voting on electors for President and Vice President, and on all state-wide offices, questions or propositions by persons qualified to vote in this State except for residence requirements, and to provide for voting on electors for President and Vice President by otherwise qualified United States citizens who have moved into or out of the State preceding a presidential election.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Article VI of the Constitution of the State of Texas is amended by adding a new Section thereto, Section 2a, to read:

"Section 2a. (a) Notwithstanding any other provision of this Constitution, the Legislature may enact laws and provide a method of registration, including the time of such registration, permitting any person who is qualified to vote in this State except for the residence requirements within a county or district, as set forth in Section 2 of this Article, to vote for (1) electors for President and Vice President of the United States and (2) all offices, questions

or propositions to be voted on by all electors throughout this State.

"(b) Notwithstanding any other provision of this Constitution, the Legislature may enact laws and provide for a method of registration, including the time for such registration, permitting any person (1) who is qualified to vote in this State except for the residence requirements of Section 2 of this Article, and (2) who shall have resided anywhere within this State at least thirty (30) days next preceding a General Election in a presidential election year, and (3) who shall have been a qualified elector in another state immediately prior to his removal to this State or would have been eligible to vote in such other state had he remained there until such election, to vote for electors for President and Vice President of the United States in that election.

When Do I Enroll In Medicare?

When do I enroll in Medicare if I'm going to be 65 in the near future or later years? This is a question the Social Security Office receives quite often, said H. P. Thomas, district manager.

Persons who are not yet 65 will have seven months in which to enroll for Medicare. These seven months are three months before the month they are 65, the month in which they are 65, and the three months after the month in which they are 65.

The medical insurance part of the health insurance program becomes effective on different dates depending on when application is filed in the seven-month period. It is a definite advantage to file in the three-month period before the month of reaching age 65. The medical insurance is then effective with the first day of the month of your 65th birthday. If you apply in the month you are 65 or in the following three months, your medical insurance protection will not begin immediately, although you will have hospital insurance as soon as you apply.

A person who is not yet 65 but who is working or has worked under social security and has not filed an application should get in touch with the social security office in the three months before he is 65. In this way you become entitled to the health insurance benefits, even though, because of your work, you may not receive a monthly benefit. Don't worry about your additional earnings; these will be automatically included in refiguring your benefit rate.

The Social Security Administration has always urged those persons who have not filed for benefits to get in touch with them three months before they are 65. Now with Medicare it is more important to do so, said Thomas.

For further information, phone, write, or call at the social security office, 516 First National Bank Building, FE 9423, Odessa, Texas, and don't forget the office is open each Thursday until 8:30 p.m.

such period of time as would permit a former resident of this State to meet the residence requirements for voting in his new state of residence, and in no case for more than twenty-four (24) months."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment permitting persons qualified to vote in this State except for the residence requirements in a county or district to vote for Presidential and Vice Presidential Electors and for all state-wide offices, questions or propositions, and permitting citizens of the United States recently arrived or departed from the State to vote for Presidential and Vice Presidential Electors."

### Proposed CONSTITUTIONAL AMENDMENT NUMBER THIRTEEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

HOUSE JOINT RESOLUTION NO. 69 proposing an Amendment to the Constitution of the State of Texas by adding a new Section, Section 63, to Article III; authorizing the Legislature to provide by statute for the accomplishment of governmental functions within any county having one million, two hundred thousand (1,200,000) or more inhabitants by the consolidation of the functions of government or by contract between any political subdivision(s) located within the county and any other political subdivision(s) located within the county or with the county; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new Section in Article III, to be known as Section 63, reading as follows:

"Section 63  
(1) The Legislature may by statute provide for the consolidation of some functions of government of any one or more political subdivisions comprising or located within any county in this State having one million, two hundred thousand (1,200,000) or more inhabitants. Any such statute shall require an election to be held within the political subdivisions affected thereby with approval by a majority of the voters in each of these political subdivisions, under such terms and conditions as the Legislature may require.

(2) The county government, or any political subdivision(s) comprising or located therein, may contract one with another for the performance of governmental functions re-

quired or authorized by this Constitution or the Laws of this State, under such terms and conditions as the Legislature may prescribe. The term 'governmental functions,' as it relates to counties, includes all duties, activities and operations of state-wide importance in which the county acts for the State, as well as of local importance, whether required or authorized by this Constitution or the Laws of this State."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1966, at which time the ballot shall have printed thereon the following:

"FOR the Amendment to the Constitution authorizing the Legislature to provide by statute for any county having one million, two hundred thousand (1,200,000) or more inhabitants to consolidate the functions of government and for such counties or any political subdivision(s) located therein to contract for the performance of functions of government.

"AGAINST the Amendment to the Constitution authorizing the Legislature to provide by statute for any county having one million, two hundred thousand (1,200,000) or more inhabitants to consolidate the functions of government and for such counties or any political subdivision(s) located therein to contract for the performance of functions of government."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and Laws of this State.

AMENDMENTS SUPPLEMENT FOR AUGUST 15, 1966

taxpaying voters of the county which chooses to elect the Directors to represent that county, such Directors shall serve without compensation for a term fixed by the Legislature not to exceed six (6) years, and shall be selected on the basis of the proportionate population of each county based upon the last preceding Federal Census, and shall be a resident or residents of such county; provide that no county shall have less than one (1) member on the Board of Directors; provide for the holding of an election in each county proposing the creation of an Authority to be called by the Commissioners Court or Commissioners Courts, as the case may be, upon petition of five per cent (5%) of the qualified taxpaying voters within the county or counties, said elections to be held on the same day if more than one county is included, provided that no more than one (1) such election may be called in a county until after the expiration of one (1) year; in the event such an election has failed, and thereafter only upon a petition of ten per cent (10%) of the qualified taxpaying voters being presented to the Commissioners Court or Commissioners Courts of the county or counties in which such an election has failed, and in the event that two or more counties vote on the proposition of the creation of an Authority therein, the proposition shall not be deemed to carry unless the majority of the qualified taxpaying voters in each county voting thereon vote in favor thereof; provided, however, that an Airport Authority may be created and be composed of the county or counties that vote in favor of its creation if separate propositions are submitted to the voters of each county so that they may vote for a two or more county Authority or a single county Authority; provide for the appointment by the Board of Directors of an Assessor and Collector of Taxes in the Authority, whether constituted of one or more counties, whose duty it shall be to assess all taxable property, both real and personal, and collect the taxes thereon, based upon the tax rolls approved by the Board of Directors, the tax to be levied not to exceed Seventy-Five Cents (75c) per One Hundred Dollars (\$100) assessed valuation of the property, provided, however, that the property of state regulated common carriers required by law to pay a tax upon intangible assets shall not be subject to taxation by the Authority, said taxable property shall be assessed on a valuation not to exceed the market value and shall be equal and uniform throughout the Authority as is otherwise provided by the Constitution; the Legislature shall authorize the purchase or acquisition by the Authority of any existing airport facility publicly owned and financed and served by certificated airlines, in fee or of any interest therein, or to enter into any lease agreement therefor, upon such terms and conditions as may be mutually agreeable to the Authority and the owner of such facilities, or authorize the acquisition of same through the exercise of the power of eminent domain, and in the event of such acquisition, if there are any general obligation bonds that the owner of the publicly owned airport facility has outstanding, the same shall be fully assumed by the Authority and sufficient taxes levied by the Authority to discharge said outstanding indebtedness; and likewise any city or owner that has outstanding revenue bonds where the revenues of the airport have been pledged or said bonds constitute a lien against the airport facilities,

the Authority shall assume and discharge all the obligations of the city under the ordinances and bond indentures under which said revenue bonds have been issued and sold. Any city which owns airport facilities not serving certificated airlines which are not purchased or acquired or taken over as herein provided by such Authority, shall have the power to operate the same under the existing laws or as the same may hereafter be amended. Any such Authority when created may be granted the power and authority to promulgate, adopt and enforce appropriate zoning regulations to protect the airport from hazards and obstructions which would interfere with the use of the airport and its facilities for landing and take-off; an additional county or counties may be added to an existing Authority if a petition of five per cent (5%) of the qualified taxpaying voters is filed with and an election is called by the Commissioners Court of the county or counties seeking admission to an Authority and the vote is favorable, then admission may be granted to such county or counties by the Board of Directors of the then existing Authority upon such terms and conditions as they may agree upon and evidenced by a resolution approved by two-thirds (2/3rds) of the then existing Board of Directors, provided, however, the county or counties that may be so added to the then existing Authority shall be given representation on the Board of Directors by adding additional directors in proportion to their population according to the last preceding Federal Census."

Sec. 2. The foregoing Constitutional Amendment shall

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Section 49-d of Article III of the Constitution of the State of Texas be amended to read as follows:

"Section 49-d. It is hereby declared to be the policy of the State of Texas to encourage the optimum development of the limited number of feasible sites available for the construction or enlargement of dams and reservoirs for conservation of the public waters of the state, which waters are held in trust for the use and benefit of the public. The proceeds from the sale of the additional bonds authorized hereunder deposited in the Texas Water Development Fund and the proceeds of bonds previously authorized by Article III, Section 49-c of this Constitution, may be used by the Texas Water Development Board, under such provisions as the Legislature may prescribe by General Law, including the requirement of a permit for storage or beneficial use, for the additional purposes of acquiring and developing storage facilities, and any system or works necessary for the filtration, treatment and transportation of water from storage to points of treatment, filtration and/or distribution, including facilities for transporting water therefrom to wholesale purchasers, or for any one or more of such purposes or methods; provided, however, the Texas Water Development Fund or any other state fund provided for water development, transmission, transfer or filtration shall not be used to finance any project which contemplates or results in the removal from the basin of origin of any surface water necessary to supply the reasonably foreseeable future water requirements for the next ensuing fifty-year period within the river basin of origin, except on a temporary, interim basis.

"Under such provisions as the Legislature may prescribe by General Law the Texas Water Development Fund may be used for the conservation and development of water for useful purposes by construction or reconstruction or enlargement of reservoirs constructed or to be constructed or enlarged within the State of Texas or on any stream constituting a boundary of the State of Texas, together with any system or works necessary for the filtration, treatment and/or transportation of water, by any one or more of the following governmental agencies: by the United States of America or any agency, department or instrumentality thereof; by the State of Texas or any agency, department or instrumentality thereof; by political subdivisions or bodies politic and corporate of the state; by interstate compact commissions to which the State of Texas is a party; and by municipal corporations. The Legislature shall provide terms and conditions under which the Texas Water Development Board may sell, transfer or lease, in whole or in part, any reservoir and associated system or works which the Texas Water Development Board has financed in whole or in part.

"Under such provisions as the Legislature may prescribe by General Law, the Texas Water Development Board may also execute long-term contracts with the United States or any of its agencies for the acquisition and development of storage facilities in reservoirs constructed or to be constructed by the Federal Government. Such contracts when executed shall constitute general obligations of the State of Texas in the same manner and with the same effect as state bonds issued un-

der the authority of the preceding Section 49-c of this Constitution, and the provisions in said Section 49-c with respect to payment of principal and interest on state bonds issued shall likewise apply with respect to payment of principal and interest required to be paid by such contracts. If storage facilities are acquired for a term of years, such contracts shall contain provisions for renewal that will protect the state's investment.

"The aggregate of the bonds authorized hereunder shall not exceed \$200,000,000 and shall be in addition to the aggregate of the bonds previously authorized by said Section 49-c of Article III of this Constitution. "The Legislature shall provide terms and conditions for the Texas Water Development Board to sell, transfer or lease, in whole or in part, any acquired storage facilities or the right to use such storage facilities together with any associated system or works necessary for the filtration, treatment or transportation of water at a price not less than the direct cost of the Board in acquiring same; and the Legislature may provide terms and conditions for the Board to sell any unappropriated public waters of the state that might be stored in such facilities. As a prerequisite to the purchase of such storage or water, the applicant therefor shall have secured a valid permit from the Texas Water Commission or its successor authorizing the acquisition of such storage facilities or the water impounded therein. Mrs. Thomas Fobert Hagan ... nee Miss Shella Lynn Cox

Miss Shella Lynn Cox, daughter of Mr. and Mrs. Weldon Cox, became the bride of Thomas Robert Hagan Saturday evening at 7:30 in a formal wedding ceremony in the First Methodist Church with Rev. Melvin A. Walker, pastor, officiating at the double-ring ceremony when the couple pledged their vows.

The bridegroom is the son of Mr. and Mrs. Frank A. Hagan of San Antonio.

The altar was decorated in sprays of English ivy which was also arranged in the brass vases. The brass cross and single candles gleamed in the candlelight of gold-tipped candles burning in seven-branched candelabra arranged to each side. The candles were lighted by Brad and Barry Watson of Monahans.

Mrs. R. S. Wilkinson was the organist and played a medley of wedding music prior to the service and also the traditional wedding marches.

Given in marriage by her father, the bride wore a gown of antique white peau do soie in empire style with an Alencon lace bodice and long fitted sleeves. The A-line skirt billowed into a chapel-length train. Her headpiece was a finger-tip length mantilla of illusion bordered in scallops of the Alencon lace matching the bodice. For something old she wore the ring of her late maternal grandmother sewed to a blue garter, a gift of Mrs. Jim Neal's and a six-pence provided by Miss Joan Wood. Her bridal bouquet was of phalaenopsis, stephanotis, and English ivy.

Mrs. Jim Neal was the matron of honor and Miss Suzanne Forester of Austin the maid of honor. Bridesmaids were Mrs. Darrell G. Cox of Huntsville, Ala., sister-in-law of the bride, and Mrs. John Crawford of Austin. They wore formal gowns of antique gold in empire style with a band of lace joining the amber bodice to the fitted skirts with a train. Gold shoes and headpieces completed their ensembles and they carried bouquets of amber mums and English ivy.

Dru Ann Perry of Midland, a cousin of the bride, was the flower girl and her dress was of gold silk organza trimmed with amber.

Frank A. Hagan Jr., of Huntsville, Ala., was the best man. Groomsman were Billy Lynum, San Marcos, Jim Holden, Denver, Colo., and Ken Rhinehardt of Cibolo. Gerald Grogan of San Antonio, Darrell G. Cox, Huntsville, Ala., brother of the bride, and Lloyd Schlamaus of San Antonio were the ushers.

The reception following the wedding was in the Legion Hall where the mantelpiece was of

carnations and ivy. Bambi Watson of Monahans and Nancy Merritt of Fort Worth, cousins of the bride, were at the bride's book to register the guests.

The serving table, in the shape of a cross, was covered in a white net cloth over satin and the floor-length ruffle was caught at intervals with white wedding bells. An arrangement of white carnations and English ivy formed the centerpiece flanked by white tapers in silver candleholders. The three-tiered bride's cake iced in white was decorated in white flowers and encircled with a white net ruffle. The groom's cake was a spice cake with gold and amber decorations. Golden celebration punch was served and sugared pecans were also on the table.

Alternating at serving were Miss Joan Wood; Mrs. A. E. Monroe, and Mrs. Kenneth Andrews of El Paso; Mrs. Billy Lynum, Mrs. Stanley Pfeil of San Marcos; Miss Janie Forester of Austin, and Mrs. Frank Ligon.

The couple will be at home in San Antonio where both will be on the faculty of the school system.

Rice bags of amber net tied in gold were passed out to the guests before the couple left on their wedding trip to Corpus Christi.

The bride, a graduate of the Sanderson High School, is also a graduate of Southwest Texas State College where she was the sweetheart of Kappa Sigma fraternity.

The bridegroom, a graduate of Edison High School, San Antonio, is also a graduate of SWTSC where his fraternity was Kappa Sigma. He has been employed in San Marcos as Gary Job Corps dormitory manager.

Sixty guests, including the members of the wedding party and out-of-town guests attended the rehearsal dinner given by the parents of the bridegroom on Friday evening in the St. James Parish Hall. White carnations were used for decorations. The bride and groom presented gifts to their attendants.

Saturday at noon, the bridesmaids luncheon was served at the home of Mrs. Herbert Brown with Mmes. J. T. Williams, G. W. Kyle, and Kenneth Andrews of El Paso as assisting hostesses.

White carnations and white candles centered the tables covered in white linen cutwork cloths.

Among out-of-town relatives and friends here for the wedding were the bride's grandparents, Mr. and Mrs. J. F. Cox, Mrs. T. B. Merritt and granddaughter, Nancy Merritt, all of Fort Worth; Mrs. T. A. Simons, Kingsville; Mr. and Mrs. E. H. McCright of

Sweetwater; Mr. and Mrs. B. R. Watson, Brad, Barry, and Bambi, Monahans; Mrs. Russell Forester and daughters, Janie and Suzanne of Austin; Mr. and Mrs. Tommy Bacher, Mr. and Mrs. Stanley Pfeil, Mr. and Mrs. Billy Lynum, and Mr. and Mrs. Douglas Hale, all of San Marcos; Mr. and Mrs. Wes Perry, Dora and Dru of Midland.

Also Mr. and Mrs. Kenneth Andrews, Mr. and Mrs. H. W. Halsell, Mr. and Mrs. A. E. Monroe of El Paso, Mr. and Mrs.

coming to Sanderson to practice and they said they sincerely feel that there is a doctor who needs Sanderson as much as the town and county needs him.

Sid Harkins, chairman of the executive committee, said that up to now the people of the area had worked hard and well on this project and everything went so well in the money-raising stage that there was some let-down after a few weeks rolled by and no doctor was immediately available.

"What we didn't realize was the fact that doctors were scarce all over the nation and there is keen competition in some areas to get and hold doctors. We feel that there are those of us who do not like city life and had rather put up with some of the so-called "inconveniences" or rural living. Our way of life is bound to be appealing to some physician and his family and we would like very much to sit down and talk to someone about moving here," Harkins said.

ship that is enjoyed even if the information is not used.

Just in case you may not have had cause to notice it, the summer is just about over and it is about time for the beginning of another school year.

School seems to have an effect on the entire community in that things are rather disjointed during the summer and it is difficult to get a group together for this meeting or that occasion on account of so many are gone or are doubling up in their efforts to take up slack of others' vacation time off.

When school begins, everyone is just as busy it seems, but there is more orderliness to things, or it appears so.

In the opinion of all of the people we talked to the school year just past was successful in so many ways and there were so many accomplishments and so few detractions and draw-backs that there had to be a label of "success" attached.

This is not to imply — so we were told and so we knew — that everything that could have been accomplished was or that there was absolutely nothing that went

awry. It was just a good year.

We doubt that football coach Clay Barrow, and the boys and other coaches who were working with him, would make such a statement, but maybe things will improve a bit this year. Maybe the size and ability of the teams of the district will increase a little and the playability of the Eagles will increase sufficiently to put the team back in contention.

Sanderson football fans are glad when the season begins and can be counted on for support.

**SOUND-PROOF HEADS**  
 by Virgil R. Trout

"My son, if you receive my words and treasure up my commandments with you, making your ear attentive to wisdom and inclining your heart to understanding; yes, if you cry out for insight and raise your voice for understanding, if you seek it like silver and search for it as for hidden treasures; then you will understand the fear of the Lord and find the knowledge of God." Proverbs 2:1-5.

Quite often we never learn because we understand everything too soon. We develop "sound-proof heads". We read just enough to keep ourselves "well misinformed". Therefore our minds become like concrete: all mixed up but very thoroughly set.

The Wise Man admonishes a spirit of humility which produces both an open mind and an understanding heart. Note his use of the words: "receive, treasure, attentive, inclining, cry out, seek, and search." Jesus worded it like this, "Blessed are the meek, for they shall inherit the earth. Blessed are those who hunger and thirst for righteousness, for they shall be satisfied." Matthew 5:6,7.

**WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER**

It is doubtful that anyone, following a heated argument with the wife at the breakfast table, rushes out and throws rocks through the windows of all the houses down the block.

\*\*\*

This would be considered as quite an unwarranted action, and would lead to some grave consequences. The judge would undoubtedly hold that your domestic problem is not one that is shared by the neighbors.

\*\*\*

In essence, this explains the resolution before the Congress by Rep. Craig Hosmer of California which is supported by the nation's independent business proprietors by a majority of 72 per cent in a poll by the National Federation of Independent Business.

\*\*\*

Congressman Hosmer's resolution would put the Congress on record as asserting that the right of society in general, and the individual in particular, has a right to protection of property and life that is paramount to all other rights.

\*\*\*

Unless this basic right is reaffirmed, the Great Society could well turn into the Disastrous Society.

\*\*\*

So far, mankind has found no substitute for law and order, and it has been the experience of history that whenever law and order breaks down, no mat-

C. W. Harder

ter how the reason for such infringement is rationalized, chaos and anarchy results.

\*\*\*

One of the grave manifestations of the times is the reported fact that in the localities around Watts, Rochester, and other places where riots have occurred, there has been a phenomenal jump in the sale of firearms.

\*\*\*

No one can blame any person for taking such precautions for protecting life and property. But it is quite significant, and not pleasantly so, that hundreds and perhaps thousands of people who would not normally have a gun in the house now feel it is essential.

\*\*\*

Thus, the Great Society is transforming into the Shaky Society, where decent, law abiding citizens feel they can no longer depend on forces of law and order to protect them.

\*\*\*

This is, without doubt, one of the most serious problems, if not the most serious, to ever face the American Republic.

\*\*\*

In the storied old West, the principle of every man for himself was the law. One only has to visit the "Boot Hill" cemetery in Tucson, Arizona, where there was buried the losers in countless altercations, to note that justice depended on who could draw fastest and shoot the straightest.

\*\*\*

It seems high time that the Congress recognize Congressman Hosmer's effort to establish that there are no excuses for violating law and order.

**Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT**

**PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.**

HOUSE JOINT RESOLUTION NO. 79 proposing an amendment to Article VIII, Constitution of the State of Texas, by adding Section 1-d to provide that all land owned, by natural persons designated for agricultural use shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Article VIII, Constitution of the State of Texas, be amended by adding Section 1-d to read as follows: "Section 1-d. (a) All land owned by natural persons which is designated for agricultural use in accordance with the provisions of this Section shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use. 'Agricultural use' means the raising of livestock or growing of crops, fruit, flowers, and other products of the soil under natural conditions as a business venture for profit, which business is the primary occupation and source of income of the owner.

"(b) For each assessment year the owner wishes to qualify his land under provisions of this Section as designated for agricultural use he shall file with the local tax assessor a sworn statement in writing describing the use to which the land is devoted.

"(c) Upon receipt of the sworn statement in writing the local tax assessor shall determine whether or not such land qualifies for the designation as to agricultural use as defined herein and in the event it so qualifies he shall designate such land as being for agricultural use and assess the land accordingly.

"(d) Such local tax assessor may inspect the land and require such evidence of use and source of income as may be necessary or useful in determining whether or not the agricultural use provision of this article applies.

"(e) No land may qualify for the designation provided for in this Act unless for at least three (3) successive years immediately preceding the assessment date the land has been devoted exclusively for agricultural use, or unless the land has been continuously developed for agriculture during such time.

"(f) Each year during which the land is designated for agricultural use, the local tax assessor shall note on his records the valuation which would have been made had the land not qualified for such designation under this Section. If designated land is subsequently diverted to a purpose other than that of agricultural use, or is sold, the land shall be subject to an additional tax. The additional tax shall equal the difference between taxes paid or payable, hereunder, and the amount of tax payable for the preceding three years had the land been otherwise assessed. Until paid, there shall be a lien for additional taxes and interest on land assessed under the provisions of this Section.

"(g) The valuation and assessment of any minerals or subsurface rights to minerals shall not come within the provisions of this Section."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed on them the following:

**"FOR the Constitutional Amendment to provide that all land owned by natural persons designated for agricultural use shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use.**

**"AGAINST the Constitutional Amendment to provide that all land owned by natural persons designated for agricultural use shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use."**

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the constitution and laws of this state.
