## LISTEN TO LUKE

By Albert: ---

We read the following recently in some publication and think it is worth printing here: ---

**MY CREED**

I do not choose to be a common man. It is my right to be uncommon -- if I can. I seek opportunity, not security. I do not wish to be kept a citizen, humbled and dulled by having the state look after me. I want to take the calculated risk; to dream and to build, to fail and to succeed. I refuse to barter incentive for a dole. I prefer the challenges of life to the stale calm of Utopia.

I will not trade freedom for beneficence nor my dignity for a handout. I will never cower before any master nor bend to any threat. It is my heritage to stand erect, proud, and unafraid; to think and act for myself, to enjoy the benefit of my creations; and to face the world boldly and say, this I have done.

And this is what it means to be an American.

-Dean Alfange.

We received a folder from a reader last week that tells about the possibilities of joining a club to support the Bureau of Outdoor Recreation.

The front of the folder says: "Operation Golden Eagle Needs Your Support". At first we didn't know if it was a cause for or against the Golden Eagle, but we found out later that it was to seek contributions to the preservation of our outdoor heritage.

The folder says that 60% goes to states and local communities for more "near home" recreation areas, and 40% goes to provide more federal recreation lands and waters.

What is unclear to me is that these "federal recreation lands and waters" are "near home" to some people, so why do they have to split it at all. Or maybe the federal recreation is for federal employees, or politicians only.

It says that the membership will admit you and members of your party to any of 7,000 federally operated (that's us) recreation areas. Even admits purchaser to such national shrines as Custis-Lee Mansion, regardless of transportation.

We think the cause would get more support in this country if it were to eliminate the golden eagle as a predator to the sheep and goats of this area.

Seems like kind of a slap in the face to name the operation after the predator, too!

## Voter Registration Certificates Ready At Tax Office

Voter registration certificates are now available at the tax office, Mrs. Tol Murrah announced this week. Mrs. Murrah, deputy tax-assessor and collector, stressed the fact that everyone must have a certificate in order to vote this year. Under the old poll tax system, those over 60 were allowed to vote without an exemption, however, under the new voter registration law, everyone must have a certificate to be eligible to vote.

There is no cost to register, although an application for the certificate must be made giving name, address, age, birthplace, information about citizenship, occupation and residency status. The application must then be turned in at the tax office and a voter registration certificate will be issued if applicant is eligible.

If applicant has resided in state for more than one year, or the county or city for more than six months, a statement of the year in which such residency began shall be sufficient. In lieu of the dates on which residency began, applicant may show the length of residency in the state, county or city; the month, day and year on which residency began must be shown if the period required for voting has not been fulfilled at the time of registration.

If applicant is under twenty-one years of age at the time of registration, the date of birth must be shown by month, day and year; if applicant is over twenty-one years of age, a statement of the year of birth is sufficient; if applicant is twenty-one years of age or over at the time of registration, age of applicant may be shown in lieu of date of birth.

Deadline for applying for a voter registration certificate is January 31, 1967.

## JUDGE ROGER THURMOND HAS MILD HEART ATTACK

District Judge Roger Thurmond of Del Rio, who suffered what his family have described as a mild heart attack, is reported to be recovering satisfactorily after being advised to "rest and take it easy". He and Mrs. Thurmond were on a vacation trip and he had the attack in Carson, Nev. He will be hospitalized for several more weeks.

Mrs. Olivia Salinas took her grandchildren, Maria Cecilia and Victor Cobos, to San Angelo Sunday and their mother, Mrs. Luis Cobos, met them there for the trip to their home in Dallas.

## Eagles To Go To Menard Friday

The Sanderson Eagles will go to Menard Friday of this week to play their third conference game.

Menard suffered a 20-8 loss to Ozona last week and the game is expected to be one of the closest in competition for the Eagles in district play.

## TS&GRA District 1 To Meet Here On October 22

There will be a meeting of District 1 of the Texas Sheep and Goat Raisers Association in Sanderson on Saturday, October 22, according to an announcement by J. T. Williams.

President G. C. Magruder and other officers will attend the meeting to which all area ranchers are invited, whether or not they are members of the Association.

A dinner featuring Mexican food will be served to all ranchers and their wives attending at noon at St. James Hall.

Mr. and Mrs. Earl Malone and children of Sheffield visited here Tuesday with her grandmother, Mrs. Roy Harrell.

Postmaster Ray Hodgkins is in Carlsbad, N.M., for a medical checkup following recent surgery.

The picture right shows the old Pecos River Bridge on US 90 at the official opening in 1927. The bridge was washed out in July of 1954 when heavy rains fell in the eastern part of Terrell County and western Val Verde County, putting water considerably over the road level of the bridge pictured. A low-water crossing at the river level served motorists until the present bridge was built. Nets can be seen suspended under the bridge to protect the workmen and the people under the bridge give an idea of the height of the structure above the water. The picture was loaned by Mrs. W. J. Ferguson Jr.

## Eldorado Swamps Sanderson 36-0

The Eldorado Eagles came to Sanderson Friday night of last week and swamped their district cousins 36-0.

It was the second district win for the visitors and the second loss for the host team.

All of the scoring in the game was in the first half, with a liberal use of reserves in the second half by the Eldoradoans.

Eldorado received the opening kickoff and on their first offensive, scored with the final 55 yards coming from a pass play from the quarterback J. Halbert, to the end, Rogers. Childers put the ball through the uprights on a place kick to furnish the extra point.

Sanderson was forced to punt on their first 4th down and again Eldorado marched goalward, the final 33 yards coming on another pass play duplicating the first. The extra point try this time was no good.

Following three offensive plays Sanderson punted again and on the fourth ensuing play Eldorado had another TD, this one on a 24-yard run by J. Halbert. The extra points were added by a pass from Halbert to Rogers.

In the second period, on the first play Davidson ran 34 yards for a score and Halbert threw to Rogers for the extra two points.

Later in the same period, Halbert threw to Bosman from the 30-yard line to get six points and a kick by Childers gave the Eldorado Eagles the 36th point.

During the second half, Sanderson was able to move the ball well, but lacked the final punch necessary to put it over the goal line.

Eldorado tried a field goal in the third period but failed in this effort.

**Marathon Plans Homecoming On Friday, Oct. 21**

Friday, October 21, is the date set for the homecoming for ex-students of the Marathon High School for the classes of 1916, 1926, 1936, 1946, 1956, and 1966.

All ex-students in these classes are asked to register in the high school before 2:00 p. m.

There will be a parade at 2:30 p. m. and the highlight of the day will be a football game between Marathon and Fort Davis starting at 3:30 p. m. and the crowning of the football and band sweethearts at the half-time. Recognition will also be given the earliest ex-student of the Marathon school.

Following the game, there will be a reception in the auditorium of the elementary school and a chili supper will be served in the Club House from 5:30 to 7:30.

There will be a dance in the elementary school starting at 8:00 o'clock.

Mr. and Mrs. Jolly Harkins and Mr. and Mrs. Dudley Harrison went to Midland Saturday for a picnic to honor a Texaco employee who has gotten a promotion to the Houston echelon.

Mr. and Mrs. John C. Cole are residing in the Farley rent house vacated by Mr. and Mrs. W. B. Burk. The Coles came here from Del Rio and he is a mechanic at James Word Motors.

**Ranch Club Plans 'County Fair' For November 1 Here**

The Ranch Home Demonstration Club is having a Country Fair on Tuesday, November 1, in the Sanderson Wool Commission Co. Building on US 285. The exhibits will be from 2:00 to 6:00 p. m. and door prizes will be given.

Local merchants and clubs are being asked to arrange exhibits.

There will be a gift table with many items displayed and for sale, including Christmas gifts, Christmas decorations, handwork, and baked items.

There will also be displayed on tables: handwork, homemade jelly, jam, and preserves, cake, bread, cookies, candy, and other food items. The cooperation of the public is sought in providing things of interest to add to the displays as it is not being limited to club members.

The Country Fair has drawn good attendance and interest in other years and the members are hoping that even many more items will be displayed this year to add to the interest.

**Student Draft Tests Available Soon**

Around 60,000 bulletins of information about an upcoming draft test for students, plus application blanks for taking it, are scheduled to be mailed to draft boards soon.

The test will be administered November 18 and 19. Applications for taking it must be postmarked no later than Friday, October 21.

Col Morris S. Schwartz, state Selective Service director, said students could get the bulletins and blanks by writing their local boards, or calling at any board.

To be eligible to take the test a student must, on the testing date, be registered with a draft board, intend to request occupational deferment as a student, and not previously have taken the test.

Taking the test is entirely optional with the students and full details of the test will be found in the bulletins.

**FIRST AID CLASS TO BEGIN NEXT TUESDAY NIGHT**

A first aid class is to be held on Tuesday and Wednesday nights of next week, October 18 and 19. Sheriff Carl Williams of Alpine will teach the class to be in the county court room at the court house from 7 to 10 p. m. each night. Those who attend both classes will get enough information to get a standard First Aid card from the American Red Cross.

The classes will be open to anyone in the community who cares to attend but a special effort will be made to get those who have volunteered to help to drive the ambulance, as the training will be valuable to them in that capacity.

Mr. and Mrs. M. L. Slover and children have moved back to Alpine, their former home.

Mr. and Mrs. George Crane of Wichita, Kansas, and her father, F. E. Warfield of Wichita Falls, visited here Wednesday night with Mr. and Mrs. J. A. Gilbreath.

Mr. and Mrs. Frank Arredondo, Mrs. Reynaldo Garza, and Christine Ochoa were in Alpine and El Paso last week. Mr. and Mrs. Arredondo visited their son, Pvt. Prejedes Arredondo, before he left for Missouri Saturday. They all visited Mrs. Garza's son and family and other friends.

**JUDGE SUTTON NAMED TO FILL 63rd JUDICIAL BENCH**

Judge Sutton of Uvalde has been appointed by Judge Roger Thurmond to fill his place while he recuperates from a recent heart attack. He is in the Tahoe Hospital in Carson, Nev.

The grand jury will be in session here on Monday, October 31, according to information received today.

Mrs. Carlos Villarreal received medical treatment in an Alpine hospital for several days last week.

INTERNATIONAL PROJECT—Engineer L. H. Henderson points out features on scale model of Amistad Dam under construction across the Rio Grande in cooperation with Mexico. When completed, the six-mile dam will impound water covering up to 88,200 acres. It will cost about \$78 million with completion in late 1968.

**Postoffice To Aid Giving ZIP Codes**

Beginning today, postal clerks in Sanderson will deliver a card to every post office box, Postmaster J. R. Hodgkins reported.

Each card will have spaces for addresses the householder wishes ZIPped.

After placing their uncoded addresses on the cards, preferable printed legibly, they may be dropped into the mail slot at the post office or in the letter collection box in front of the postoffice. The local postal clerks will add the appropriate ZIP Codes and return the cards to the mailer.

"No postage is needed," Mr. Hodgkins said.

The project is part of Postmaster General Lawrence F. O'Brien's program to make ZIP codes more accessible to the mailing public.

In addition to the cards for addresses, a special notice advising each resident of his local ZIP code number will be delivered.

The cards will carry a message from the Postmaster General advising that ZIP coded mail helps provide better service.

In completing the cards, only street address and city and state are required. Individual names should not be listed.

Postmaster Hodgkins emphasized the importance of including a return address on the front of the cards so they may be returned after addresses have been coded.

Incomplete addresses which are submitted but cannot be ZIP coded by the local post office, such as those in a city like Washington, D. C., which has the same street names and numbers in the northeast, northwest, southeast, and southwest sections, will be sent to the appropriate city and the codes will be added there.

Additional cards are available at your post office if they are needed.

**Completed Amistad Reservoir To Be King-Size Water Hole**

By JAMES E. VANCE  
Star-Telegram Ranch and Farm Writer  
DEL RIO—When Amistad Dam is completed and the reservoir fills it will become a waterhole bigger than early settlers ever dreamed of in the hot and generally dry country along the Rio Grande. Chances are good there'll not be as many arguments or gunfights over who uses the water as history, hearsay and television have recorded.

Even the proposed name of Diablo (Spanish for devil) was changed to Amistad (friendship) when it became a joint project of the United States and Mexico.

THE \$78 MILLION "air-conditioned" giant of engineering will tower 254 feet high and stretch for six miles to impound water which will cover up to 88,200 acres. The dam site is 12 miles

northwest of Del Rio and a mile downstream from where the Devil's River junctions with the Rio Grande.

L. H. Henderson, principal supervising engineer, described the project as threefold — encompassing flood control, conservation and domestic use for hydroelectric power and agricultural irrigation.

More than 600 miles of shoreline will provide access

to recreation, in addition to four big public recreation areas.

"The Fish and Wildlife Service tells us Amistad will offer better fishing than Falcon," Henderson said, "primarily because Amistad's water will come from runoff on sheep country."

Henderson said water would be 100 feet deeper at the dam and the reservoir would be a fourth larger than Falcon.

**BETA IOTA MEETS IN FORT DAVIS SATURDAY**

Beta Iota Chapter of Delta Kappa Gamma met in the public library in Fort Davis last Saturday afternoon.

The program entitled "Dilemmas of Creativity" was presented by a panel consisting of Sul Ross faculty members. Preceding the program, Miss Ellen Boyd of

the music faculty, presented two piano numbers.

Orange-date cake, nuts, coffee, and tea were served by the hostess group.

Sanderson members attending were Mmes. W. H. Savage, W. J. Morris, and E. E. Farley.
