LISTEN TO LUKE

By Albert: ---
There seems to be a lot of talk about the plight of Cassius Clay, alias Muhammed Ali, and his facing the draft. This goes along with the draft card burning of a lot of dissenters and other categorical names.
We will go along with them in their right to disagree with the cause, and maybe even to the fact that they dislike the action taken in the cause.
But we do not sanction them thinking they have the privilege of crossing the war in which they will fight without taking the consequences of their draft evasive actions.
If they do not have a legitimate reason for staying out of the army and wish to go to prison instead of the army, then let them go!
We do not have the right to be selective in the taxes we pay, the laws we obey, or lots of other regulations without paying the penalty for being selective.

Come next Monday, we will be enjoying the privilege of getting up an hour earlier, going to work an hour earlier, and getting through whenever we get all of our work done, all as a courtesy of Uncle Sam, with the help of the state legislature.
In the times past, our opening hours were governed by the opening hours of other businesses in town, even though sometimes we were down here before other businesses were opened.
Our closing time, depended, to some extent, on when we got through with our work.
It will be the same situation now, with the exception that our opening hour will be an hour earlier.
We want to express our sincere thanks to a benevolent government that will give us an extra hour in the day to get our work done. This will deprive us of an extra hour in the evening to visit with our friends or be in the house with our family for some of our early-evening TV shows, but we will be properly grateful. It will also deprive us of our evening meal until about 9:00 o'clock, which is just an hour before bedtime for us, and will probably make us get fatter, but we don't want to be or seem ungrateful.
The main thing is don't forget to advance your clocks an hour before retiring on Sunday night so you won't be able to have the extra hour Monday.
And it just came to me --- I will either have to miss Candid Camera, Rango, and the news Sunday night, or miss an hour's sleep, one or the other.
And I don't know which is the worse --- or better.

We certainly do appreciate the consideration we are getting from our thoughtful friends during our move. It has been hectic, and we are not through yet, and it will continue to be hectic until the move is over.
We do not have our heavy machinery moved over yet, and our work will be divided between the two places until it is, and we will be working under adverse conditions until all is continued to back page

Sudduth Offered MC Bldg. Contract

At a meeting of the executive committee of the Trans-Terrell Medical Center with the building committee Monday night, it was decided to offer the contract for the construction of the medical center building to O. T. Sudduth. Sudduth had the second lowest bid of five bidders and the offering was due to the release of Paul Smetak of Fort Stockton after he failed to meet the terms of the contract.
It was stated that it had been previously agreed that certain conditions must be stipulated in the contract between the builder and the executive committee and that failure to meet all of the requirements voided the contract.
The group is expected to meet with Sudduth within the next few days to negotiate the contract.
The expected starting time for the construction will be revealed as soon as an agreement is reached between the executive committee and Sudduth.

School Board Plans Bond Discussion For New Building

The trustees of the Terrell County Independent School District plan to meet with a financial advisor to approve a bond issue budget and to determine financing arrangements for the proposed building program.
The tentative date, amount of the bond issue, and details of the plans will be given after it is determined the amount of financing available, feasible, and possible, along with the needs, according to Supt. Ken McAllister.

We received the picture below from Mrs. John L. Newton, who told us it was the newly-constructed water and electric built. The system was built by Ed McGinley and sold to Joe Kerr, who later sold to Community Public Service Co. With the picture last week showing the plant at a time later than below, the picture this week, and next week we will show a picture of what happened to the plant. Mrs. Newton is a former resident of Sanderson and now resides in El Paso.

All of Dog Law Enforcement Due, Harrell Warns

Aubry Harrell, who is responsible for the local enforcement of the law concerning dogs, has issued a warning to all dog owners that all of the responsibilities of dog ownership must be met.
Harrell stated that he had reference to that part of the law concerning the chaining or penning of dogs - even though they are tagged - between sunset and sunrise.
Several dogs that have tags have been seen loose at night and this carries a penalty of up to \$100 fine if convicted, according to Harrell, who says that he intends to file on owners of tagged but loose-at-night dogs.
Harrell stated that the purpose of the law was not to sell tags, or to tag dogs, but to establish some control over dogs that had owners and those that are strays and try to prevent the unnecessary slaughter of livestock by any dogs. The tagging of dogs, alone, does not prevent this, he said, and the establishment of ownership by the tags, makes someone liable for the actions of the dog.
The cooperation of all dog owners is urgently and sincerely requested.
Mrs. Ginette Litton reported that 223 dog tags had been issued to date.
Mr. and Mrs. Bill Binegar and Kathy visited in Lubbock last week in the home of Mr. and Mrs. Ted Humphreys.

Local Youth Tries Summer Program Of Self-Help

The young people of the community have undertaken the project of trying to provide some new activities and recreation for themselves for the summer months. Local ministers, law enforcement officers, and invited representatives from each church to a meeting recently when plans were set in motion after several possibilities and suggestions were advanced. All students from the 8th grade through high school were invited to take an interest in the project.
On April 23, another meeting of the representatives and ministers was held in the Presbyterian Church. The name "Sanderson Youth Council" was chosen for the group and the following officers were chosen: Vernon Thompson, president; continued to back page

Culture Club Tours Four Local Homes

The Sanderson Culture Club met Thursday afternoon in Fellowship Hall of the Methodist Church.

The hostesses, Mrs. H. C. Goldwire and Mrs. L. G. Hinkle, served refreshments before the meeting. A centerpiece of Peace roses in a crystal bowl was on the lace-covered table. Crystal appointments were used when pink fruit punch, finger sandwiches, salted nuts, pickles, olives, and cookies were served.

In the brief business meeting which followed, Mrs. C. F. Cox was elected to associate membership after she had resigned as an active member. Mrs. R. A. Gatlin was named vice-president and Mrs. L. G. Hinkle as historian in an exchange of the offices to which they had been elected for the next club year.

The last meeting of the club year will be a luncheon on Saturday, May 13, plans to be announced later by Mrs. W. H. Savage, chairman, and her committee.

A tour was made of four homes in the community to see the creative talents of the owners. The garden at the home of Mrs. Ruel Adams showed a very unusual variety of flowers. At the home of Mrs. O. J. Cresswell, the garden and patio were very unusual in planning and planting and she also showed the visitors through her ceramics shop.

The ranch home of Mrs. W. G. Downie, not yet completed after extensive repairs, additions, and remodeling, was the last stop on the tour. The antique furnishings and accessories used extensively throughout the house were the outstanding feature. The massive mahogany doors complete with all of the hardware, and several fireplaces complete, all from her great-grandfather's old home in San Antonio, have proven an unusual feature of the remodeling.

Come to Church Sunday

God's Armor

"Put on the whole armor of God, that you may be able to stand against the wishes of the devil."

— *Ephesians 6:11*

The armor of God is faith and through faith we are constant and of straight purpose.

Temptation surrounds us. It is not always easy to recognize. It is often in the form of a promise. It may present an idea or an opportunity that speaks of great personal gain, with "none the wiser."

There is great strength in the love of God. It is not a strength of caution, but a strength of awareness. God's way is the right way; faith in this simple concept is strength to meet any need.

Postal Savings Cease Earnings On April 27th

"United States Postal Savings Certificates which are on deposit at post offices will cease to earn interest for depositors on April 27, 1967," Postmaster J. R. Hodgkins said this week.

Nationwide, the Post Office Department is holding more than \$90 Million in the now obsolete program which was discontinued by the Congress on March 28, 1966.

As of April 27, a year ago no deposits were accepted by the Department. Certificates whose anniversary dates have been reached since last April 26 have earned their final interest payment. Postmaster Hodgkins said.

On June 30, all remaining funds in the program will be turned over to the Treasury Department to be held in a trust fund until liquidated. There they will remain available for payment without time limitation whenever proper claims are received.

Postmaster Hodgkins urged that all Postal Savings depositors close out their accounts and invest their funds in United States Savings Bonds or the new Freedom Shares, which on May 1, will pay 4.75% interest.

Holdes of Postal Savings certificates can arrange to redeem them simply by applying at the postoffice where the certificates were issued. The postmaster there will provide guidance and necessary forms to assist in cashing certificates. All transactions can be handled by mail and certificates issued to persons now deceased can be cashed by legal heirs in accordance with state laws governing such distributions. Again, the postmaster at the issuing office will give authorized assistance.
