

## LISTEN TO LUKE

By Albert ---

Some mullings over the past Thanksgiving season left us with the following thoughts about the season and its purposes:

I realized Thanksgiving night that I was thankful that I had the sense of hearing and that I had lived during the same time that Kate Smith had lived so that I had been able to hear her sing.

Then I was conscious of a thankfulness for the fact of her being able to sing.

Then on another program on the weekend we heard Bing Crosby sing and we had the same thankfulness.

Another thought we had then was the realization of the fact that we seldom considered our other senses: seeing, feeling, smelling, and tasting.

Sometimes, in our thankfulness, we remember some of the material blessings we have, but fail to realize the blessings of the senses that make it possible for us to enjoy the material.

And then, it becomes clear that with the material things and the senses, that we still need an active mind before the senses can register and have a meaning. And we are thankful for a mind.

Deer hunting is occupying the time and thoughts of lots of our citizens during these times.

There are just gobs of hunters coming and going and there will be until after December 10, when the season ends.

Hunters in this area have had good luck in spite of the warm weather the first weekend of the season, and mainly it is attributed to the number of deer that we have in the area.

The hunters spend a lot of money both in their preparation for the hunt, and making the trip, such as gas, oil, last-minute items, such as one more box of shells, just in case, etc.

We expect to see a renewal of the harness for small children now that mothers' skirts are too high for them to reach.

Time was when it was fun to wonder about some things.

More rains - even though they were light in some areas, came to the area the first of the week and helped to make some good ranges even better.

Some parts of the county are in as good condition as they have been in many years, according to some who have been here for longer than we.

## Joe E. Hill Dies Of Gunshot Wound

Joe E. Hill Jr. died about 8:00 p. m. in an Alpine hospital as a result of a gunshot wound in the right temple.

Hill was found in the cab of his pickup shortly after noon on Monday by Mr. and Mrs. Tom Smith of Langtry who were hunting on the Catherine Morgan ranch south of Sanderson. Hill had been trapping on the ranch and Sunday afternoon had stuck the pickup in a canyon and had walked back to the ranch house and Monday morning called his wife to tell her why he had not come home. He then returned to the pickup, about eight miles from the house, it was reported.

Dr. J. M. Flowers was called to the scene and reported that Hill had been shot in the right temple and a pistol was on the pickup seat.

All of the men have their plates and are eating. A child is just in front of the door of the shed on the concrete dock. Tommy Mansfield of San Antonio, who loaned us the picture, said the second man from the right - in the white shirt - was a Mr. Hall; and the second man seated from the left, was probably Mr. Corder.

## Comstock Girls Beat Eaglettes Here Last Week

The Comstock girls gave the Sanderson Eaglettes a lesson in basketball Tuesday night of last week before a local crowd. The A team lost 28-54, and the B team fared better with a 20-27 loss. Sandra Rogers was high pointer in the opening game with 11, and Rhonda Louwien hit 14 for the Eaglettes in the finale.

In the B game, Sanderson never caught up with their opponents and trailed only 7-10 at the half-time. The visitors jumped out with a seven point lead at the end of the third frame which they held on to until the last whistle.

Other guards in the game were Marsha Monroe, who had five points, and Clelia Silvas, who scored four, Donna Petty, and Rosa Linda Martinez, who also played most of the game as a guard. Other guards were Marilyn Sanchez, Nancy Harkins, and Lali Munoz.

In the main event, other forwards included Brenda Carter, four points; Christine Downie, seven points; Mary Jonas three; and Gina Hardgrave. The guards were Sherry Stavley, Gwyn Mansfield, Susy McSparan, Nancy Yeary, and Mitzi Cash. The score was 8-8 at the end of the first quarter, and 13-22 at half-time with Comstock leading.

Both Eaglette teams showed more team spirit than earlier teams at this time in the season, and their ball handling seemed to indicate that there would be some interesting basketball games ahead for local fans. ## Mohair Interest Higher At Mills, Ranchmen Told

Mohair is drawing attention in the Boston and East Coast textile trade, Al Dishman of Uvalde told the Mohair Council of America executive committee in San Angelo. Dishman, Council vice-president, had just returned from a fact-finding trip to mills and fashion centers.

"Mohair is in the clothing lines for fall and winter of 1968, and practically every mill that can use mohair is attempting to do so," he said.

He found many users "cautiously optimistic" about mohair's possible resurgence from a low-price situation that has brought economic difficulties to mohair producers. A large tonnage of Texas mohair has been sold in recent weeks, but at prices most growers would consider greatly depressed. Dishman said the Council's promotional activities have helped call attention to the quantity and competitive prices available.

The Council's executive committee approved a second \$25,000 allocation to Prodesco, Inc., of Perkasi, Penna., for continued work on two principal product development lines: draperies and floor coverings. It recently entered into a \$39,000 contract with Chilton Research Services of Philadelphia for a major survey to determine best prospects for new or expanded uses of mohair. Other contracts in force include one with Kairalla Agency of New York to help promote mohair use among style-setters.

The Council's funds come from mohair producers themselves through a 1 1/2¢-a-pound deduction from their mohair incentive payments.

## God's Purpose

*"We know that in everything God works for good with those who love him, who are called according to his purpose."*  
— Romans 8:28

Faith in God will lead us to see things as they are, not as we would like them to be. There is strength in faith to meet the challenges of life, to accept that which we cannot change and to understand that it is not God's purpose to seek our admiration or approval through the exercise of miracles.

We know, through faith, that God shall not forsake us. We know that in a life of Christian purpose there is an ultimate reward.

going to sell  
**12 months' worth of  
Fords in 10 months**  
...and here are 4  
ways we're  
going to do it!

**1. LTD and XL priced lower than last year!** We did it by changing what comes as standard equipment... and made it even easier to get what you want. Now LTD comes with a bigger V-8-302 cu. in.; XL has a 240-cu. in. Six and a choice of 5 V-8's. Last year you could choose V-8's only. On LTD and XL, 3-speed manual transmission is standard, instead of SelectShift Cruise-O-Matic—now optional. Vinyl roof on 2-door LTD's and Comfort-Stream Ventilation are optional this year. Choose them now only if you want them. And hidden headlamps, strong die-cast grille are all standard for '68.

**2. Fastbacks priced the same as hardtops!** Take your choice of full-sized or intermediate models, with no extra charge for fastback styling. See the handsome Torino GT Fastback with the luxury ride of a 116-in. wheelbase (longer than 38 competing intermediate models). Choice of bucket seats or full-width seats for six.

**3. Wagons in three sizes—all available with Ford's two-way Magic Doorgate!** Only Ford offers so wide a choice—and only Ford offers its Magic Doorgate with every model. It opens down for cargo—opens out for passengers—and it's only one of the many better ideas that make Ford first in wagon sales.

**4. Mustang—the one car on the road you can't mistake for any other!** The only one to offer you wall-to-wall carpeting, bucket seats, floor-mounted stick shift, functional hood louvers with turn indicators, and sport steering wheel—all standard. And only Mustang makes it happen at such an economical price! No wonder it's America's favorite sporty car.
