By Albert ---
According to information released last week by the postal service, price increases for that service are scheduled to go up in May.

First class mail is expected to be 8¢ instead of 6¢, post cards 7¢, and air mail 11¢. All these prices are for the first ounce of mail weight.

And get this shocker! - Second-class mail, such as newspapers and magazines will go up an average of 142%, while third-class mail, which includes such items as advertising circulars and other "junk" mail will be increased one-third.

The figures we have say the increase will be about 3¢ or 4¢ per newspaper or magazine.

Being conservative - as we naturally are - and guessing the increase for our paper will be only 2¢ per copy, this will be \$1.04 per year per subscriber, average, increase in newspaper mailings.

By the time that we spend an average of 20¢ per customer in collecting the amount of the subscription, this would make the cost of collecting and dispatching the paper at \$1.24 per customer out of the country.

One good friend suggested we print in big red letters across the top of page 1 "JUNK MAIL"! This would put it in the third-class handling - what it gets anyway away from Sanderson, and would be maybe cheaper to mail.

There are some considerations which we must make before we do this, but it is food for thought!

Another idea followed the labelling the Times as "junk mail", the friend said that it might also increase our circulation.

We have noticed recently the dust is boiling more and more around town. It has come to our minds that possibly the reason for this is the lack of rain that this country has endured for the past several months.

And it's no consolation by any means, but there are some places that are much drier than Sanderson and Terrell County, believe it or not.

The registration of voters deadline was extended 30 more days by the legislature. We doubt the results of this will be worth the effort, but seldom does anyone ask for our opinion on looming legislation. One might surmise that some of the powers that be presumed they might not get enough votes with the number registered and favored the extension so they could get out and be sure their "bushes" were properly beaten prior to the new deadline.

If you haven't registered, you may now with the new 30-day extension, and who knows, there may be another one!

Among the nice compliments we received last week was a personal message from Gov. Preston Smith thanking us for all the things we have said and efforts we have made to promote traffic safety. Our efforts were relayed to the Gov.

Large Venire Called For District Court

Sixty veniremen were called for duty in the 63rd District Court here Monday. Judge Geo. M. Thurmond was here to preside over civil and criminal cases that were planned for this particular session.

A civil case in which Joe N. Brown is the plaintiff, was begun Monday following the selection of a jury. The case was the outcome of an accident at the intersection or junction of US285 and US90 about four years ago. The case was completed Tuesday with the jury ruling in favor of the plaintiff in damages amounting to \$30,000.00.

A family of St. Louis, Mo., were the defendants in the civil action.

Another civil case was slated for court action this week, but was cancelled since a criminal case, which was also called for this week, had to be postponed due to illness of a witness.

The veniremen were dismissed by Judge Thurmond for the present.

SCIENCE, MATH STUDENTS GO TO ANDREWS MEET

A group of Sanderson High School students went to Andrews last weekend to participate in an invitational math and science meet.

Buddy Patrick, Jake Murrah, Emma Silvas, Vangie Calzada, Jackie Bob Riggs, Ronnie Stewart, Randy Louwein, Clelia Silvis, Brad Harrison were the math competitors.

OVER \$300 NETTED BY BAND BOOSTERS

Over \$300.00 was realized as profit by the Band Boosters at their chili supper last Thursday night at the St. James Hall. The supper is an annual money-raising project of the club.

The three bands under the direction of Glen Wren played at intervals during the supper and entertainment also included a collection of old pictures of the bands of Sanderson High School and a style show of old band, majorette, and pep squad uniforms.

Mrs. Irvin Robbins was the general chairman of the supper; Mrs. G. W. Kyle supervised the decorations, and Mrs. David Mitchell was in charge of the stage show "Down Memory Lane".

The band presented Mr. Wren with a gold-colored jacket in appreciation for his work with the musicians.

Weed Fires Bring Warnings To All

The Sanderson Volunteer Fire Department has been called out twice in recent weeks to extinguish weed and grass fires in Sanderson.

Local residents are warned of the dangers that exist from the collections of weeds and trash and the high winds that are predominant this time of the year, and the associated dangers of burning trash.

Another hazard that exists on many vacant lots in town and in areas near houses are junk car bodies that have growths of weeds and collections of trash under and around the old car bodies.

A fact that was noticed by the firemen at the grass and weed blaze Monday was that there was considerable smoldering of small pieces of wood that were on the lot and these had to be extinguished individually to prevent a later outbreak of a spark re-igniting the high weed growth over the entire lot.

If residents who have weed-covered lots would like for the local firemen to supervise the burning of the lots and help in containing the blaze, they are asked to contact some member of the fire department so that they can work this service into their individual business schedules.

JUNIOR HIGH STUDENTS TRIP TO FORT STOCKTON

Mrs. Gilberto Salinas and daughter, Annette, of Del Rio were weekend visitors with her mother, Mrs. Jesus Calzada, and family.

Mr. and Mrs. Bob Allen took their son, Bobby Allen, to Abilene last week and he will be employed by the West Central Texas Council of Government.

1971 Registration Plates Available

Registration plates for vehicles for 1971 are available at the office of the tax collector assessor until March 31 of this year without a penalty.

All vehicle owners should have received a notice of registration sent out by the Department of Public Safety and these notices should be brought to the office of the tax assessor-collector to facilitate and speed up the issuance of the new registration plates.

Mrs. A. J. Hahn asked The Times to repeat that no special number will be issued to any person without that person depositing \$1.00 to cover handling and postage of the number requested and it will be mailed when the number comes up in sequence of issuance. The special numbers will be selected only from a certain group of possibilities as it is unlawful to issue a number out of sequence.

Any person who has not received the notice of registration from the state is asked to be sure and bring their old registration receipt and certificate of title to the vehicle as this information is required before registration plates may be lawfully issued.
