

LISTEN TO LUKE

By Albert ---
We noticed that last week in San Antonio, some 500-odd people who were gambling for what they thought was a "good cause" - to help a home for problem boys in that city - had their little fun fest broken up. According to the San Antonio paper their means consisted of crap tables, bunko, and strip dancers.

Another instance of the fact that then ends does not always justify the means - and that wrong-doing for any cause and by any other name is still wrong.

This is also another instance of the fact that we are all in the same parade, but different marchers listen to different bands. All of life seems to be like that, doesn't it? Some people seem to be out of step but it's not so much that as the fact that they are not hearing the same music as everyone else.

The dogs of Sanderson are increasing by whelps and hounds!

In case you haven't noticed recently, the canine numbers are growing and there is growing and there is going to be some trouble of some sort again, sure as shooting (dogs, that is!)

Some of the problems that come with the increase in local dog population are: Sooner or later the ranchmen get tired of sheep-killing dogs and put out more poison in their pastures to protect their property and some dogs that ordinarily are "safe" from poisoning picked up in pastures, will have joined the pack and fail to come home or come home in a shape or condition that they will not leave again; or there will be an outbreak of rabies among local animals similar to the outbreak in Marfa recently; or someone will get bitten or mauled badly by a stray dog; or there will be some poison found locally, which will raise a hue and cry for the neck of the guilty party; or God willing, there will be a continual and rapid increase of stray dogs locally with no ill effects.

Controlling dogs is like controlling a lot of other things - with purpose and aim it can be done successfully, but otherwise we will have to take the consequences of our lack of interest to the extent that we do nothing about it except regret the consequential occurrences.

It didn't take long to get last week's picture of the trash barrel identified.

There are several barrels placed around town to receive litter, and these are the result of the Sanderson Culture Club's barrel-decorating contest which went along with the clean-up campaign that was tried several weeks ago. We are using other pictures of other barrels in other locations to acquaint our people with what others are trying to do to help us all, and hope that such actions are contagious.

G. E. Babb, center, is shown receiving the 50-year Shrine membership pin from his wife and congratulations from J. W. Sanders, a fellow Shriner, who made the presentation. The presentation was made Saturday night at a supper attended by about 60 friends. The Sanderson Masonic Lodge was host for the supper and invitations were extended to friends who were not members of the lodge.

Babb received the Scottish Rite degrees and Shrine during the week of April 12, 1921, in El Paso. He has been a member of the Masonic Lodge since 1912.

The commendation from the Scottish Rite bodies of El Paso, which accompanied the certificate, noted the fact that he had been made an honorary member, and he also was awarded the 33rd Degree of Scottish Rite.

Out-of-town friends here for the occasion included Mr. and Mrs. Dom Adams, Mr. and Mrs. Jim Francois, and C. A. Francois, all of Alpine.

Mr. Babb retired several years ago after many years of employment at The Kerr Mercantile Co. He came to Sanderson from Terlingua, where he went following World War I. He is a native of Maine.

Peanuts and Snoopy have the right idea, according to the message and drawing depicted on another of the several trash barrels that are distributed over town to receive litter and keep the streets clean. The explanation of the placement of the barrels is the first item in the "Listen to Luke" column.

The Society also provides for research into the causes and cures of crippling conditions, finances public education programs, and provides scholarships for training of professional personnel to staff rehabilitation centers.

He pointed out that all these programs are important if Texas is going to continue to provide the best in rehabilitation services for its own disabled citizens.

KERR'S

An Open Letter* To President Nixon On Holiday Policies

The new Public Law 90-363, providing for Lincoln's and Washington's Birthdays and Columbus Day to always fall on Mondays is a commendable step forward not only for the general public but for the business community as well.

Those holidays that fall in the middle of the work week are wrecking production and work-schedules of most businesses. We must continue to revise the days of our holidays so that they all fall on Fridays and Mondays to permit uninterrupted four-day work schedules and three-day weekends.

Years ago, Thanksgiving was changed to Thursdays: why not change it again to Friday? As to July 4, I suggest that we reschedule that holiday as "Independence Monday."

Holidays break down broadly into two kinds: those of national significance and those of religious significance. The former may be expected to lend themselves to the suggested accommodation relatively easily; the religious holidays less so. Yet in the most sacred and solemn of Christian observances—those of Good Friday and Easter Sunday—the principle of celebrating rites on specific days rather than dates is a hallowed tradition. So there may be a good reason to hope that eventually religious holidays, too, may blend into such a reform.

Since my proposal is of great benefit to business, I believe business leaders would not object to a long-range program of adding more holidays to increase the number of three-day long holiday weekends. Over a period of many years we may achieve the four-day work week everyone talks about. We all are aware of the inflationary problems the shorter work week can create if it's thrust upon us. My plan is non-inflationary, since we will work toward the four-day week by adding one new holiday each year.

In five years, we will have 12 four-day work weeks. In ten years, 17. Under my proposal of adding one holiday per year, the change is gradual and will not add any stress to the over-burdened businessman.

I further suggest that you can begin your "generation of peace" by creating on the Friday nearest Christmas a new national holiday called "Peace Friday." I am confident all Americans would participate in this celebration and approve its exporting as well. Peace Friday can become the first world-wide celebration. Every religious faith, and every atheist, would for the

LISTEN TO LURE

Like the dog situation, we can either clean up or be covered up by our own trash!

One of the unique happenings recently was the purchase of sirloin steaks at a local market with food stamps, no less!

Makes it kinda difficult to figure out lots of things, doesn't it?

It.-Gov. Ben Barnes pulled a good one recently if what we read in daily papers is correct. He has called on a group of Baptists to write a "liquor-by-the-drink bill that will be acceptable - and one that he hopes will pass, probably!

We think that if the name of the Baptists is to be attached in any way to anything, it should come out of the official Baptist organization in Texas. Then, and then only is it a Baptist action.

Too often there are things done in the name of some organization, particularly in the name of churches, when the church has not taken action. And anything done by any of the members within the organization will never be the action of the organization itself!

We sincerely believe we know the kind of statement that would come from the Baptist General Convention of Texas - it would be about the same kind of statement that would come from the College of Cardinals on the fallibility of the Pope. The statements have both been repeated time and time again!

Mr. and Mrs. Jack Kilpatrick and children have moved to the Grigsby rent house on Highway 285. They had been residing in Mr. and Mrs. Cruz Marquez' home and the Marquezes were in the home of Mr. and Mrs. Pres Escamilla on Highway 90. The Marquez family has moved back to their home and the Escamillas will return here in the near future from Monahans.

Miss Marsha Monroe, daughter of Mr. and Mrs. Reg Monroe, was a weekend visitor here and had as her guest Miss Joy Eubanks of McKinney; Miss Barbara Brown, daughter of Mr. and Mrs. Herbert Brown, brought Miss Jan Abel of Brady; Miss Candace Cooksey, daughter of Mr. and Mrs. Bill C. Cooksey, brought Miss Jackye Avants of Brady. All of the young ladies attend Angelo State University.

"Section 49-d-1. (a) The Texas Water Development Board shall upon direction of the Texas Water Quality Board, or any successor agency designated by the Legislature, issue additional Texas Water Development Bonds up to an additional aggregate principal amount of One Hundred Million Dollars (\$100,000,000) to provide grants, loans, or any combination of grants and loans for water quality enhancement purposes as established by the Legislature. The Texas Water Quality Board or any successor agency designated by the Legislature may make such grants and loans to political subdivisions or bodies politic and corporate of the State of Texas, including municipal corporations, river authorities, conservation and reclamation districts, and districts created or organized or authorized to be created or organized under Article XVI, Section 59, or Article III, Section 52, of this Constitu-

tion, State agencies, and interstate agencies and compact commissions to which the State of Texas is a party, and upon such terms and conditions as the Legislature may authorize by general law. The bonds shall be issued for such terms, in such denominations, form and installments, and upon such conditions as the Legislature may authorize.

"(b) The proceeds from the sale of such bonds shall be deposited in the Texas Water Development Fund to be invested and administered as prescribed by law.

"(c) The bonds authorized in this Section 49-d-1 and all bonds authorized by Sections 49-c and 49-d of Article III shall bear interest at not more than 6% per annum and mature as the Texas Water Development Board shall prescribe, subject to the limitations as may be imposed by the Legislature.

"(d) The Texas Water Development Fund shall be used for the purposes heretofore permitted by, and subject to the limitations in Sections 49-c, 49-d and 49-d-1; provided, however, that the financial assistance may be made pursuant to the provisions of Sections 49-c, 49-d and 49-d-1 subject only to the availability

of funds and without regard to the provisions in Section 49-c that such financial assistance shall terminate after December 31, 1982.

"(e) Texas Water Development Bonds are secured by the general credit of the State and shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

"(f) Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be void by reason of their anticipatory character."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on Tuesday, May 18, 1971, at which election all ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment to authorize the issuance of One Hundred Million Dollars (\$100,000,000) bonds to provide financial assistance to cities and other public agencies for water quality enhancement purposes, providing for the improvement and continuance of the water resources program, and establishing an interest ceiling on Water Development Bonds at 6% per annum."

NUMBER ONE ON THE BALLOT (SJR 15)
Special Election May 18, 1971

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III, Section 24, of the Texas Constitution, be amended to read as follows:

"Section 24. (1) The State Ethics Commission is created as an agency of the State. The commission consists of nine members. Three members shall be appointed by the Chief Justice of the Supreme Court of Texas with the advice and consent of the Associate Justices serving on the Court, three members shall be appointed by the Presiding Judge of the Court of Criminal Appeals of Texas with the advice and consent of the other Judges serving on the Court, and three members shall be appointed by the Chairman of the State Judicial Qualifications Commission with the advice and consent of the other members of the commission, of each group of three appointees no more than two shall be attorneys engaged in the active practice of law. In addition thereto there shall be two ex officio members, one from the House of Representatives and one from the Senate to be elected on the first day of each Regular Session of the Legislature by a majority of the membership of each House for a term ending on the first day of the next Regular Session.

"(2) With the exception of the initial appointees, each member shall hold office for a term of six (6) years and until his successor is appointed and has qualified. In making the initial appointments, each appointing officer shall designate one (1) appointee to serve a term of two (2) years, one (1) appointee to serve a term of four (4) years, and one (1) appointee to serve a term of six (6) years. Interim vacancies shall be filled in the same manner as vacancies due to expiration of a full term, but only for the unexpired portion of the term in question. The membership shall designate one of its members to serve as chairman for a period of two (2) years.

"(3) The members of the commission shall be reimbursed for actual and necessary expenses incurred in the performance of their duties.

"(4) The commission shall recommend the compensation, per diem, and mileage allowance of members of the Legislature, and may recommend the salary of the Speaker of the House of Representatives and the Lieutenant Governor

at an amount higher than that of other members notwithstanding any provisions to the contrary of Article IV, Section 17, of the Texas Constitution.

"(5) The commission shall promulgate rules of ethics to govern the conduct of all legislators, legislative officers and all officeholders, appointive or elective, of any office, department, district agency, commission, board or any governmental unit or branch established by or under the authority of the constitution and laws of the State of Texas and all persons who shall use any privilege of the floor in either House of the Legislature. The Texas State Ethics Commission shall further promulgate rules providing that each member of the Legislature and each of the hereinabove named officeholders upon election and any appointee to any of these offices shall file with the State Ethics Commission a statement under oath setting out a complete financial statement in detail within 10 days after being elected or receiving an appointment. This information shall be privileged information to the State Ethics Commission to be used only by them to determine if there exists a conflict of interests or if there is or has been a violation of any of the rules of ethics promulgated by the Texas State Ethics Commission or any laws of the State of Texas. The Legislature shall enact statutes dealing with unauthorized disclosure or misuse of said privileged information.

"(6) The commission may hold its meetings, hearings and other proceedings at such times and places as it shall determine but shall meet in Austin at least once each year to review existing rules of ethics, Legislative compensation rates, mileage allowances and per diem rates, and to make any changes deemed necessary.

"(7) All rules of ethics, compensation rates, mileage allowances or per diem rates currently in force, as well as all changes and recommendations by the State Ethics Commission shall be promulgated before the convening of any session of the Legislature by filing a certified copy of the proclamation with the Secretary of State.

"(a) Each rule of ethics or change thereof made by the commission shall take effect on the 15th day of the legislative session following the proclamation unless disap-

proved before that day by resolution of either House of the Legislature.

"(b) All rates of compensation, mileage allowances or per diem rates and all changes and recommendations made by the commission shall not take effect until approved section by section by resolution of both Houses of the Legislature.

"All votes on these resolutions or parts thereof shall show the individual votes in the respective journals of both Houses.

"(8) The commission shall investigate any alleged violation of any rule of ethics promulgated by it and report its findings to the appropriate State agency, official, legislative body, grand jury or district attorney.

"(9) Until otherwise provided by the commission, each member of the Legislature shall receive from the public treasury an annual salary of Four Thousand, Eight Hundred Dollars (\$4,800) per year and per diem not exceeding Twelve Dollars (\$12) per day for the first 120 days only of each Regular Session and for 30 days of each Special Session of the Legislature. No Regular Session shall be of longer duration than 140 days. In addition to the per diem, the members of each House shall be entitled to mileage in going to and returning from the seat of government, which mileage shall not exceed Two Dollars and fifty cents (\$2.50) for every twenty-five (25) miles, the distance to be computed by the nearest and most direct route of travel, from a table of distances prepared by the Comptroller to each county seat now or hereafter established; no member to be entitled to mileage for any extra session that may be called within one day after adjournment of the Regular or Called session.

"(10) The commission is further authorized to recommend to each Legislature changes which will update, improve, and effect economy in the legislative process."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the 18th day of May, 1971, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment to create a State Ethics Commission empowered to set rules of ethics for members of the Legislature, State officers and legislative officers, to investigate violations thereof, and to recommend compensation for members of the Legislature and the Lieutenant Governor and recommend improvements and economy in the legislative process."

An American flag, placed on the lawn of First United Methodist Church, proudly waved in the breeze on the afternoon of February 20 as guests of the Comanche Springs Chapter, Daughters of the American Revolution, attended the DAR's annual Good Citizens Tea. The tea was given to honor Fort Stockton High School's Good Citizen, Betsy Blaydes, daughter of Mr. and Mrs. Shelby Blaydes.

Mrs. Bruce Hinsey and Mrs. W. W. Vickrey greeted guests at the church parlor door.

The receiving line included Mrs. Frances Blaydes Ball, regent of the chapter; Miss Blaydes and her mother; Clelia Silvas, Good Citizen of Sanderson High School; and Mrs. W. C. Mitchell Jr., chapter chairman of the Good Citizen committee.

Mrs. Kyle Slover, regent-elect, presided at the guest registry, which was presented to Miss Blaydes following the tea for her use in registering friends who call during her time of graduation from FSHS.

The meeting was opened by Mrs. Ball with those attending singing the National Anthem, accompanied by Mrs. E. L. Howard at the piano. Mrs. R. L. Walker led the Pledge of Allegiance to the flag of the United States of America, and Mrs. Slover gave the devotional.

Mrs. Ball welcomed the members and guests and introduced the speakers and their mothers. Miss Blaydes responded to the chapter's greeting.

"In our nation and in our own city, there are many Good Citizens who are never recognized. These outstanding young people are in the majority and by no means, the silent majority. They are constantly striving to better our nation and keep our patriotism alive. Organizations such as the Texas Youth Conference, Girls' State and Boys' State have set their goals toward making this nation a better place to live. Yes, there is the minority which gets the publicity, but their goals are rarely achieved.

"Most of the credit for the countless young people who are recognized as good citizens must go to their parents, churches, schools

and organizations such as the Daughters of the American Revolution, who are constantly striving to instill in them a love of God and a responsibility to their country.

"I feel that it is our responsibility as young people, to express our gratitude to the many adults who believe in us and urge them to continue their efforts by constantly reminding us of our great heritage."

Mrs. Mitchell presented the Good Citizens pins and certificates of recognition. She then related the history of the Good Citizen committee and how the girls are chosen.

Mrs. Hart Johnson spoke on "Square," comparing various principles of a square and types of squares to patriotism. At the conclusion of her talk, she was presented a water color sketch, "Lofty Yuccas," by the artist Willie Reed Rowe in appreciation of Mrs. Johnson's work and interest in patriotism and citizenship.

The tea table placed in the foyer was laid with a white embroidered linen cloth and was centered with an arrangement of red and white carnations and blue iris. Silver candlesticks held red tapers.

Mrs. Ball poured punch and Mrs. Rowe served cake squares which were decorated with miniature American flags. Other refreshments were salted pecans and mints.

Approximately 50 guests registered. Members of the Tunas Creek Chapter, Daughters of the Republic of Texas, and the wives of Fort Stockton ministers were special guests.
