## LISTEN TO LUKE

By Alberts---

An interesting item we heard on TV this week — a device is available for treating heart patients immediately to add to the possibility of reduced damage to the heart and possibility of recovery after a heart attack.

Our knowledge of the machine is restricted to the paragraph above, but it seems to us that this would be a potentially worthwhile project for the community's emergency squad, or anyone else who is interested, to look into.

The local Heart Association could also get more information about the device, according to the TV program. The national heart association's bank of information and assistance could be most valuable in helping find out more.

Why bring this up publicly instead of going to the heads of the organizations involved?

The more who are interested in something, the more interest that is manifested in efforts to accomplishment.

We are always having to make decisions on what is most important. And this is an early start in evaluating something that could be a real benefit to our community.

It fits into the same group as dams, drainage, paving repairs, cleaning up, etc.

Or maybe it depends on how you look at it!

---

Football season has ended for the Sanderson Eagles and by some standards it was a very good season. Taken from the standpoint of success measured by championships, it was not so good. But if one were to measure success by "excelling," then everything short of excellence is failure, and we do not consider this to be true. This would put all of humanity in a state of complete failure in many areas of their lives, as there is little excellence to be found in the human race.

There are those who are able to excel in certain areas, and when their field of endeavor is in a respected field, then there is reason to be proud of them. (And so that we might try to be understood, those who might excel in lucrative deceptive tactics do not deserve the plaudits of society.)

Honor goes to the loser when his actions in the fray deserve honor; when he had some good gain by having participated; and when he can say that he tried to the best of his ability.

Honor is something to be had by the players, coaches, and even the fans when each participates in their respective way.

As this is written on Monday, and before the first basketball game — which was on Tuesday night, we want to make this comment, and we hope that it is taken as constructive criticism.

During 25 years of basketball games we have noticed only lately that there are efforts to distract the free-throw shooter or visiting teams, and absolute quiet during Eagle and Eaglette free-throws. Unwritten laws of propriety demand — or used to — silence during free throws and putting in golf.

## Hansons' Trip To Tokyo, Hong Kong Highlights Told

Mr. and Mrs. E. J. Hanson returned home last week from a trip to Tokyo and Hong Kong as a guest of the Chevrolet. They drove to Midland and departed there by plane for Los Angeles, leaving there on October 24 for Tokyo.

One of the highlights of the trip for Mrs. Hanson was the skipping of October 25, her birthday, as they crossed the international date line, she said.

They arrived in Tokyo on Tuesday, Oct. 26 at 7:30 a.m. and after registration, spent a leisurely day and ended the day with a cocktail reception with Miss Japan as greeter. Dinner following the reception ended the day's schedule.

The second day was in Fuji-Nakone-Izu National Park below Mt. Fuji, riding back on the "bullet train" at speeds in excess of 100 m. p. h., and then dinner and a show back at their hotel.

The next two days were spent sightseeing and shopping in Tokyo with entertainment planned for both evenings.

The fifth day included preparations for and the flight to Hong Kong, arriving there in time for shopping before dinner on a renovated ferry boat and two-hour cruise. Sightseeing occupied the sixth day with another evening meal on the ferry boat.

The seventh day was for a conducted tour of Hong Kong and the eighth day for a final shopping spree.

The party left Hong Kong after lunch for the flight back to the States. En route to Anchorage, Alaska, their plane lost cabin pressure and the pilot was forced to bring the plane down rapidly to 10,000 feet. The sudden descent and resulting build-up of air pressure inside the ear drums of the passengers, and the anxiety of the passengers when they saw the oxygen masks automatically lowered, caused some excitement, according to the Hansons. They stayed in Alaska several hours for repairs before coming back to Los Angeles.

They reported a most enjoyable trip, having seen many interesting things and places, all of which will stand out in their memory for a long time.

E. J. Hanson reported that he had the privilege of attending Rotary Club meetings in both Hong Kong and Tokyo during his visit to those places recently. He lists these as possible highlights of the trip for him.

Mr. Hanson, owner of McKnight Motor Co., is the local Chevrolet dealer.

## R. D. Treloar, 41, Gunshot Victim Last Sunday

Robert Douglas Treloar, 41, died instantly as a result of the accidental discharge of a .44 magnum rifle he was cleaning at his home shortly after noon Sunday. His two sons, Doug, and Pat were at his side and his wife and her sister, Miss Rita McMannis, who is visiting here from Rivers, Manitouba, Canada, were in the kitchen preparing lunch. Treloar was in the dining area when the accident occurred.

He is reported to have been at the local rifle range earlier in the day shooting the weapon.

Treloar was born in Rivers, Manitouba, Canada November 25, 1929. He came to Sanderson in 1954 and began working on the Southern Pacific Railroad. He was in the U.S. Navy Air Force from 1956-59 and returned to Sanderson following his military duty and continued working for the railroad as a brakeman. Mr. Treloar was married to Miss Molly McMannis of Rivers, Manitouba, on November 13, 1962, in Las Cruces, N.M. Three children were born to the union, the two sons who survive, and a daughter, Michele Anne, who died as an infant.

Treloar had an interest in a local television cable company and television sales. He was a past master of the Sanderson Masonic Lodge, and he and his wife served as patron and matron of the local Order of Eastern Star Chapter.

The body was taken to the Owens Funeral Home in Fort Stockton and then to Midland and flown to Canada for burial, accompanied by his family and Miss McMannis. Services were at the United Church in Rivers, Manitouba, Canada, and burial in Roseville Cemetery there.

Besides the widow and two sons, he is also survived by his mother, Mrs. George Treloar of Rivers; sisters: Mrs. Sheila Burton, Brandon, Man.; Mrs. Mary Magee, British Columbia; Mrs. Ethel Campbell, St. John's, N.B.; and brothers: Albert Treloar and Harold Treloar of Rivers, and William Treloar of Minnedosa, Man.

Mrs. Treloar and boys and her sister, Miss McMannis, plan to return to Sanderson in a few days.

## Eagles Lose To Rankin 6-17 In Season's Final Football Game

The Sanderson Eagles closed the 1971 football season in Rankin Friday night of last week, losing the game 17-6.

The first half ended with a 0-0 tie, but Rankin found some fire during the interlude and returned to the field to score twice on the Eagles during the third period, converting both extra points with kicks, and then scoring a field goal in the final frame to conclude their scoring. The Red Devil touchdowns were scored by Tom Blockson on runs of 14 and 11 yards and Barry Gholson kicked the extra points, with Tom Collins kicking the field goal from 4 yards back.

Sanderson's score was by the quarterback, James Druse, on a 4-yard run and the running play effort for two extra points was no good.

In statistics, Sanderson trailed 9-15 in first downs, 17-229 in yards rushing. The Eagles in the passing department by completing 10 of 25 aeriels for 113 yards and Rankin had 5 of 12 complete for 47 yards. Rankin intercepted 1 Sanderson pass and the Eagles intercepted two. Sanderson lost 1 fumble and Rankin 2. Sanderson received two penalties for 20 yards and Rankin had only one 5-yard penalty. The Eagle punts were 8 for 32-yards average, Rankins four punts averaged 36 yards.

## Predator Control Referendum Set

Control of predators is considered one of the prime needs of the ranch industry, according to action taken by members and directors of the Texas Sheep and Goat Raisers' Association in San Angelo last week. They voted to sponsor a proposed referendum which would involve 16,704 producers and 5,578,000 head of sheep and goats in 73 counties including Terrell County, and would, if accepted, raise revenue needed to go into a predator control program.

The proposed program calls for the maximum deduction of 20¢ a head on sheep and 10¢ a head on goats, and would be expected to raise over \$400,000 from which 32 new trappers would be hired to help combat predators by coordinating with the county trappers to assist them in some problem areas.

The proposed program is not meant to take the place of any predator control work now being done in counties but to add to their present control work. Assessment in the program, if the referendum is passed, will be made on all sheep and goats coming off pasture and/or producer-raised lambs going into feedlots. Assessments will be collected and forwarded to the Commodity Board at the end of each month. Collections will be made by any firm or individual who purchases sheep or goats off pasture.

The referendum which now must be petitioned to the Commissioner of Agriculture for his certification, would be conducted by mail ballot sent together with a self-addressed, postage-paid envelope to all sheep and goat producers in the 73-county area. Producers would then vote for or against the referendum and elect one director from each of the six districts which comprise the 73 counties. Three directors at large will also be elected, and these directors will make up the producer board of nine directors.

## REMINDER TO RANCHMEN FOR BOYS' RANCH STOCK

Gilbert Bell asked The Times to remind all ranchers of this area that there will be a pick-up of stock contributions to the West Texas Boys' Ranch at any time during the year. Bell stated that if anyone has any stock and will let him know, he will arrange a pick-up date so that the Ranch will benefit from the contribution.

In the top panel of pictures, the forwards, Sheryl Stewart, Susi Robbins, and Peggy Louwien are in the shot at the left and guards Alice Goldwire, Janet Harrell, and Jackie Bob Riggs in the picture at the right, during the game against Ozona Tuesday night. In the lower panels, forward Wynne Massey went to the floor after trying at a rebound and Elaine Brown and Debra Druse are going for the ball. At the right, forwards Wynne, Maris, and Glenda Shoemaker are shown. Our efforts to get pictures of the B-team guards were unsuccessful during this game.

The Sanderson High School Eaglettes, girls' cage team, began their season's play on Tuesday night when they met the Ozona girls' A and B teams. Norman Gladson is coaching the girls.

The B-team girls had more than their match with their Ozona foes and lost 17-50. The difference was noticeable on both ends of the court. Glenda Shoemaker led scoring with 7, Wynne Massey had 5, Maris Babb and Elaine Brown 2 each, Glenna Couch scored 1, and Debra Druse was also a forward.

The guards were Debbie Carson, Nancy Ortiz, Darlene Vawter, Vonda Wallace, Sheri Hanson, Delma Montalvo.

The scoring by quarters was:  
Sanderson 1 9 15 17  
Ozona 9 25 36 50

In the A-team game, the Eaglettes held on to a slight lead during the first three periods, then edged out to a 45-36 win over their foes from Ozona. Eaglette guards were able to do well in controlling the backboard and getting the ball to their forwards who shot with good early-season accuracy, mixing up the scoring between the two taller forwards, Sheryl Stewart with 13 and Peggy Louwien with 14, while Susi Robbins, the play-maker was effective with 7 points and also good accuracy for the first tilt. Janice Carter who saw limited action as a forward in place of Susi, hit for 4 points. Some good hook shots by Peggy and Sheryl, and also under-the-basket control and shooting by these two helped in the win.

The guards were Jackie Bob Riggs, Alice Goldwire, Vangie Calzada, and Janet Harrell.

The score by quarters was:  
Sanderson 10 23 32 45  
Ozona 11 19 29 36

Other members of the Eaglette team who did not see action in the game against Ozona are Linda Hagelgans and Maje Harrison.

A covered-dish luncheon was enjoyed by all during the noon hour and Harvey Rogers, Rev. E. H. Carson, and children of the members were guests.

Mrs. Black led the closing prayer.

Also present were Mmes. P. F. Eggleston, A. D. Brown, E. H. Jessup, Harvey Rogers, and A. N. Farley.

Mrs. Edubijes Escamilla and her daughter, Miss Margarita Pena, visited in Odessa last weekend with another daughter, Miss Lupe Pena, who had surgery and will remain in the Medical Center Hospital there for possibly another two weeks, according to the family.

Mr. and Mrs. Carlton White were in San Antonio for several days for her to have a medical check-up.

D. C. Greer of Houston has come to Sanderson to recuperate from an illness and is living in the Austin Nance rent house.

Rev. and Mrs. Melvin Walker were in Carlsbad, N. M., last week to attend a meeting of the Methodist pastors of the Carlsbad District.

Word has been received by Mr. and Mrs. J. T. Williams that their son, Travis Williams, has been promoted to 1st Lieutenant and is stationed at Cameron Bay, north of Saigon, in Vietnam. He is with the Quartermaster Corps.

Mr. and Mrs. Guss Ross of Rocksprings visited on the ranch with Mr. and Mrs. Clyde Smith last week.

Mrs. Dorothy Cunningham and Mrs. Wilson of Sheffield

were business visitors here last Thursday.

Mr. and Mrs. P. G. Harris Jr. have gone to El Paso to visit her son, Tommy Werneking, and family for a few days.
