LISTEN TO LUKE

By Albert: ---
 Since there are more than usual candidates in the race for commissioner of precinct 1 this year we have heard more rumors than usual about why there are so many candidates. There is much more to being a county commissioner than seeing to the hauling of trash, which is one of the questionable duties, and the upkeep of the streets and drainage ditches, much more!

Some people in the county don't want to think about having to pay any more taxes, and there are those who feel that if there are any progressive developments there will have to be increased taxes. The idea of redistricting the county's precincts into the "one man, one vote" ratio is a disturbing thought to some residents and others feel that it would be a move that would be more beneficial to more people.

Some people feel that there should be a more purposeful and speedier plan for the completion of the flood control project, not only to try to get protection for lives and property locally, but also to give the economic shot in the arm to the community which would result from the beginning of the \$5-million dollar project.

The commissioners' court, being the only governing body for the county, is also responsible for the passage of laws -- all laws -- which would govern and control the actions of people within the county and would not be in conflict with or covered by existing state or national laws; for example, the local dog licensing and control, the authorization of placement of "yield" signs on local streets and the designation of placement was by the county commissioners; and there are many others.

Because of all of these potential involvements and because there are more than usual candidates, we have written a letter to each of the candidates and offered them free space so that they might individually explain their position as candidates to the potential voters of the precinct. We feel that this would be in the public interest and helpful for the voters in this precinct in making up their minds about which candidate to support. The letters were mailed Saturday and are to be returned to us Monday coming up and they will all be published at the same time so there can be no rebuttal advantages by one person over the others. If any or all of the candidates do not wish to make a statement for our free publication to the potential voters, that will be his privilege. And the lack of any statement from any candidate in the issue of *The Times* on February 24 will be because that candidate did not want to make a statement for that purpose.

And speaking of interest in a race, there is also some growing interest in the race for school board posts. That, too, is no meaningless position. There is plenty of responsibility

Lee Dudley is holding the hide and what little is left of the carcass of a lamb. Two of his ranch hands jumped an eagle and found the bloody hide and head. The men told Dudley that the eagle was unable to really fly, but ran and flapped to his get-away. The incident was Saturday about 3/4-mile from the Dudley ranch house. Dudley said his hands told him the predator was a bald eagle and such a bird had been seen on several occasions in that area previously.

Two Ask Times To Tell Of Filing For School Post

Mrs. Irvin Robbins asked the *Times* to announce her candidacy in the race for a post on the board of trustees of the Terrell County Independent School District. The balloting will be in April.

Mrs. Robbins stated that she was vitally interested in our local school system and authorized *The Times* to state that she felt "it is high-time that a woman be involved in the policy-making of the school board in Terrell County". She pledged her dedication to all of the duties and obligations of the office and her sincere desire to better the educational facility in any way she could, if she was elected to the office. She said she felt that in no way did she feel that a wife and mother could not serve efficiently in that capacity.

Don Allen has filed for re-election as trustee of the Terrell County Independent School District. Allen stated that he had been studying the many books and pamphlets which set out laws, policies and procedures of the school board and was interested in retaining the post on the board and would continue to work toward fulfilling the duties of the office to the best of his ability for the betterment of the school system.

Eagles Lose To Cagey Clint Cagers

The Sanderson Eagles lost their game against Clint for the district championship last Saturday night. The game was played in Monahans. Clint won 57-54.

The much shorter and much faster Clint players played a deliberate and consistent game to eat continually at the deficit they had at the end of the first period and before the end of the game obviously were in control. The Eagles were conceded most of their offensive rebounds by the shorter Clint boys who were very aggressive for retaining possession under their own basket. The Lions' defensive effort prevented any lay-ups by Eagles as well as any fast-breaking plays that normally are a part of the Eagle offense.

The Eagle scoring was: Blain Chriesman 4, Pat Mott 6, Bill Mott 7, Steve Litton 6, Randy Louwien 8, Ike Billings 19, Bob Murrah 4, and James Druse and Bobby Kline also saw some action.

The scoring by quarters:
 Sanderson 14 11 12 17
 Clint 7 15 19 16

A large crowd of Sanderson fans supported the Eagles by their attendance at the game.

Mr. and Mrs. Ronnie Kight visited in Brownwood with relatives the first of the week and also in Brooksmith with her grandmother, Mrs. Jim Chamberlain. Mr. and Mrs. Howard Chamberlain will spend this weekend in Brooksmith with his mother and other relatives as his mother celebrates her 93rd birthday.

The Sanderson Eagle football team in 1944 included the following: front row - Joe Mussey, Budgy Talbot, Bosco Yeates, Al Dishman, Willie Grigsby, --- Voorhees; second row - Sammy Tinney, Will J. ty connected with that office and nothing but responsibility of the most dedicated kind should accompany the candidate AND the voter.

Austin Chriesman, David Mitchell, commissioners of precincts 2 and 3 and Jim Turner, who has been hired to oversee local county work, have been pretty busy during recent days. If you don't think so, look around!

Every effort is being made to systematically pick up and dispose of local trash from every residence. If your trash is not being picked up, they assured The Times that it was because they didn't know about it, so let them know.

This kind of effort calls for some kind of effort on the part of us citizens. It calls for an effort on our part to cooperate any way we can to help to keep our town clean, and that includes paying the \$1 per month fee for having our trash hauled. If they are trying to do their job, we should try to do ours!

Let's all try to be real citizens instead of just residents. There is a difference -- or maybe it's just the way you look at it.

Many Chevrolet dealers are announcing the most complete warranty ever put on a used car. Count your blessings.

First, you're protected where it counts most: on the major mechanical parts of the car you buy. And that lasts a healthy 30 days or 2000 miles, whichever comes first.

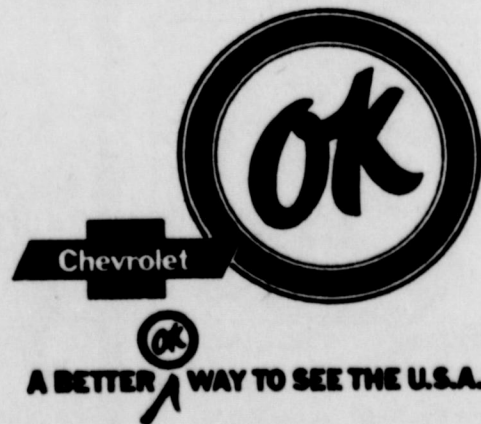

Second, you get special savings on any parts or labor you need. From the day you buy for

24 months.

Third, the special savings are good all across the country at most Chevrolet dealers. Say you're on a vacation trip and find you need service. You just get in touch with a participating Chevrolet dealership.

All you do is show an OK warranty identification card you receive when you buy your used car.

Your Chevrolet dealers' new OK warranty. It takes the guesswork out of used car buying.

TWO HEARTS WITH NEW LIVES

THEY HAVE NEW LEASES ON LIFE thanks to medical science. Louis B. Russell, Jr., the world's longest-living heart transplant recipient, is pictured with four-year-old Betty Wills of Noblesville, Ind., who has undergone heart surgery five times, and now wears her third pacemaker, a battery-charged power source attached to her heart to keep it beating regularly. Russell, an Indianapolis school teacher and leading Heart Fund volunteer, received his new heart three and one-half years ago.

*Circle I W.O.C.
 Meets on Monday*

Mrs. David Mitchell gave the "Least Coin Fellowship" devotional after reading Matthew 12:20 and Luke 21:1-4 and led in prayer when Circle I of the Presbyterian Women of the Church met Monday afternoon in the fellowship hall.

Announcement was made of the Presbyterial meeting in Big Spring on March 15-16.

There will be an all-day meeting Monday when Mrs. R. A. Gatlin will present the book "The Developing Nations of Africa". The meeting from 10:00 a.m. to 3:00 p.m. will be in the church with the members bringing sack lunches. This will climax the Week of Prayer and Self-Denial which is February 13-20.

The hymn, "He Hideth My Soul" was sung and Mrs. Sid Harkins closed a series of sentence prayers about "our circle, our church, our community, and our world" before presenting the program on "The Rod of His Anger" based on Isaiah 10:5-19. To close the meeting, the devotional from "These Days" was read.

Mrs. David Mitchell, hostess, arranged a tea table in the Valentine motif for the serving of refreshments of sandwiches, chocolate lady fingers, stuffed eggs, tea, and coffee. The table covered in a green cloth, was tied with white ribbons to resemble a package and the centerpiece was a cupid entwined in ivy with Valentine hearts around the base. When the guests unwrapped their napkins, they found a Valentine in each.

Also present were Mmes. E. F. Pierson, H.A. Couch, G.K. Mitchell, E.H. Jessup, R.A. Gatlin, Tommy Hayre, Monty Corder, A.H. Zuberbueller, W. H. Savage, E.E. Farley, C.C. Mitchell, and J.D. Nichols.

Business visitors in Fort Stockton last Wednesday were Mr. and Mrs. N.M. Mitchell, Mr. and Mrs. T.O. Moore, Sylvia and Rosa Olivares, Mmes. H. P. Boyd, Ben Martin, L.H. Gilbreath, Joe N. Brown, Ray Clifford.

Students at Angelo State University who were here for the weekend included Misses Candace Cooksey, Nancy Har-
