By Albert:---
 This is the first year that our efforts to get all subscriptions expiring in June has been in effect, and we are about to find out how successful it is. We are asking for the cooperation of all of our subscribers in helping us cut out the expense of mailing statements, sometimes several, in an effort to get in all of our renewal subscriptions.

There is a list of names in other columns of the paper showing who DOES NOT OWE for their subscriptions. If your name is not on this list, or if the name of someone to whom you are sending the paper, is not on the list, then your subscription is due before June 1.

If you live out of the county, the subscription rate is \$3, and if you live in Terrell County, the rate is \$2.50 for a year.

We surely would appreciate your helping to make this a success.

If you plan to move, the first thing you should do after you get a new address is to let all publishers of all periodicals you receive know of your new address. All of us appreciate your help in this, too, as this can be quite an expense, also.

Recently Jo Lynn Haynes, daughter of Mr. and Mrs. Bill Haynes, was on a Girl Scout trip with the troop's leader, Mrs. Charles Stegall. Jo Lynn was twirling a baton and fell over a bicycle onto a carpet grass lawn and broke her arm just above the elbow. It was a nasty break, in a bad place, and one of those freak accidents that happens once in a bunch of lifetimes, but it happened just that way!

Jo Lynn, a Girl Scout on an authorized Girl Scout outing, was fully insured for \$2,000 against accidents, but here's the catch!---

Jo Lynn, because of the nature of her accident, is slated for three weeks' hospitalization in Odessa with her arm in traction, and because of her age and discomfort, her mother is there with her all of the time, and because she wants to be, which is as it should be!

Certainly, the insurance does not take care of Mrs. Haynes' expenses, and it appears that it is not going to take care of all of the expense of her hospitalization and treatment. An unusual case, for sure, but that's the way things are!

Nancy Stegall, the GS leader, may have a suggestion for a way you may help, if you want to help in any way. You might ask!

We thought that maybe if everyone ignored it, that Daylight Savings Time would not occur. But such is not the case. It appears that it is here to stay - at least until fall.

We think that most all of the voters of the state should be aware of all of the many

shady acts that have been attributed to so many office-holders on the state level, and it appears that this is really the time to eliminate some of them from the temptations which might be too great for some of them.

In other words, we are interested in the men who have held office so long and the fact that they are in danger of yielding to too many temptations. If they have to "make it" in the private business world they may not have so many temptations to fall to, and they will be able to enjoy some of the many things they accumulated through their honest efforts, even though their salaries were meager and their expenses great.

Friends of the Library Has Quarterly Meet

The quarterly meeting of the "Friends of the Terrell County Public Library" was last Tuesday evening in the library with Mrs. Irvin Robbins, president, presiding and opening the meeting with the group reciting the Pledge of Allegiance to the Flag.

A report was given of \$160 made at the bazaar last Saturday. New shelves for the books are being made and \$60.00 is being spent for new books including all of the latest "best sellers".

Mrs. M.E. Hope, librarian, reported 215 adults and 327 children had visited the library during the first quarter of the year, checking out 891 books of fiction, 231 non-fiction, 41 Spanish books, and 23 magazines.

Mrs. Robbins announced that the summer reading program would start on June 2. Mrs. E.E. Farley also announced that the story hour for children would begin about the same time and that the girls who are members of the FTA chapter are going to assist with the story hour.

A discussion arose as to a long-range plan to acquire a building in a good location where the library might be moved to a street-level floor and be more accessible to library patrons. The group voted for the president to begin to look into the matter.

After adjournment, the group was invited to the section of the library where a gun case, which was recently given as a memorial to Mrs. Bertha Mansfield, will be located. Mrs. N.M. Mitchell Jr., stained the case and varnished it after adjustable shelves had been added by W.W. Sudduth and it will be used to store the very old and several valuable books. Mrs. Joe N. Brown attended the meeting, representing the Mansfield family for the display. Mrs. Mitchell also provided lemon pound cake and iced tea for refreshments during the social hour.

Also present were Ray Hodgkins and Mmes. L.H. Gilbreath, R.A. Gatlin, W.H. Savage, and W.W. Sudduth.

Tuesday Bridge Club

Mrs. Gilbert Bell served a dessert to her guests before the card games when she invited the members of the Tuesday Bridge Club and several guests to her ranch home last week. Spring flowers decorated the party rooms.

CORRECTION

In reporting the outcome of junior high school UIL winners last week, we did not have the second place winner in oral reading for grades 5 and 6. It was Terry Harrell. It was also Terry who presented the gift to Band Director Joe Blatchford at the concert.

It was Carlos Galvan who played the feature solo part in the band concert and not Carlos Munoz as reported last week. We regret the error and are glad to make the correction.

Mrs. Ronnie Kight and baby son have been brought to Sanderson from a Fort Stockton hospital where they baby was born on April 21. They are staying with her parents, Mr. and Mrs. H.W. Chamberlain, for the present.

Junior-Senior Banquet On Monday Night Has 'Western' Theme

The seniors of Sanderson High School were honored at a banquet served Monday evening by the members of the junior class in St. James Parish Hall.

Using the theme "The Last Round-up", a western note was employed in the attractive decorations in the hall. Mannequins dressed as a rancher and his wife were near the door to greet the guests and a realistic corral was in one corner, complete with saddled horse, saddles on the fence, etc.

Native plants, including lechuguilla, sotol, and tumbleweeds were arranged around the hall interspersed with wool sacks, wagon wheels, etc. On the walls were banners of paper, burlap, and cardboard on which were western scenes.

In one corner was the "Long Branch" bar with appropriate signs on the walls and liquor bottles and a large mirror in the background. Relics typical of the old West were displayed on shelves around the bar. Large bowls of mixed nuts were available on the bar and bottled cold drinks were served during the social hour which preceded the banquet. Mrs. J.M. Davis played piano selections typical of old saloon days.

Miss Madge Harrison gave the invocation for the banquet. Chago Flores, junior class president, gave the welcome and James Druse gave the response for the seniors.

The tables were decorated with spring flowers in varied containers and the tables were centered with a kerosene lamp. Place mats weremade of blue denim bound in red with a red bandana handkerchief in a pocket and served as place cards and favors. The programs were red western hats tied with brown cords.

There were 108 present at the banquet including the superintendent, principals, members of the board of trustees, the high school faculty, school secretary, and class sponsors: Norman Gladson, Mrs. E.E. Farley, and Mrs. Ike Billings Jr., and their spouses. Serving the banquet were Grace Castro, Delma Montalvo, Maris Babb, Peggy

Baptist Youth Conference May 11

The 1972 statewide missions thrust projected by the 1.9 million member Baptist General Convention of Texas will be felt locally when the churches of the Big Bend Baptist Association come together Thursday night, May 11, for their Missions Stewardship Youth Conference.

The conference will begin at 6:45 p.m. in the First Baptist church in Fort Stockton.

We Believe In Ben Barnes

Ben Barnes has served this state with honor and distinction. We personally know him to be a man of honesty and integrity and we stand proudly behind him without reservation. We deeply resent the attempts at character assassination against him which have marked this campaign and we urge you to reject such tactics resoundingly at the ballot box. Ben Barnes has the qualities of leadership and integrity to make Texas an outstanding governor. Let's give him our overwhelming support on May 6th!

"Are we getting anywhere against cancer?" That's the question most often asked of the American Cancer Society. The answer is a very definite "yes". And here's why.

The earlier you find cancer, the better your chances of cure. In the 1940's, if colon-rectum cancer was treated early before it had spread, 51% of the patients were saved - only about one half. Today this figure has risen to 69% - more than two thirds. Among lung cancer patients, early treatment before the cancer had spread lead to only 12% survival. Now it is 29% - an improvement, yes. But we have an even better weapon against lung cancer - not smoking cigarettes.

Uterine cancer patients were saved in 68% of the cases when treated while the cancer was

localized. That was in the forties. Today the figure is 81% and could be close to 100% if every woman had a Pap test and was treated promptly and properly.

Yes, we are getting somewhere. Longer life with earlier detection and prompt treatment. That's the word from your American Cancer Society. Support the Society so they can spread the word.

Mrs. C.E. Litton and Mrs. B. F. Martin were business visitors in Fort Stockton Saturday afternoon.

"I am opposed to a state income tax in Texas."

"Revenues from current tax sources, together with reasonable economic growth, should provide adequate financing for state programs provided we stop wasting the taxpayers' money and apply sound management principles to the operation of government. By setting up efficient budgetary and accounting procedures and requiring reviews for the budgets of state departments and agencies, we will save enough money to help provide the governmental services needed now."

Dolph Briscoe believes state government must be kinder to your pocketbook.
