LISTEN TO LUKE

By Albert:---
We watched and listened with interest recently to an item on the tube telling of the possible effects of graffiti in generations to come. The question was: "What would some future generation think of us if they gauged their opinions on the graffiti that was found that had been written by today's generation -- if that was all that they had of this generation?"

It was an interesting question, but it posed some other interesting questions that are more realistic!
But may it depends on how you look at it!

We wonder about some of the things that we are doing today and the influence it is having on the opinions of us by those who are following! And more than that, how our actions are going to affect the generations following!

This has been a generation laboring under the indictment of saying one thing and doing another. And while this indictment has come mainly from the younger part of this generation, it is not of their origin by any means.

People talk about the need for ecology, but want others to be the ones to keep things clean or clean things up. We talk about hating war and support the ideas and philosophies that foster wars. Citizens want law and order, but only order for themselves without having to obey all of the laws. Christianity is the ideal that everybody else who professes this philosophy does not live up to -- and on, and on, and on!

We, collectively, are just plainly guilty of these hypocracies.

Waste of government spending is the hand-out to somebody else; law violations are bank-robbing, murder, rape, and armed robbery, and not those things that we want to do like trespassing, poaching, night-hunting, gambling, speeding, etc., etc., etc.

What we do is what we are! Sanderson and Terrell County is the kind of community that it is made by its citizens.

More work is being done in the securing of easements for the construction of flood control dams, according to information received. It is interesting to watch local residents -- and there is a not of sadness in the watching -- as there is an intense interest in how high the canyon runs with water after a rain. There is no mirth involved or intended by this writer in reporting this interest, and there is no mirth involved or intended by the creek watchers, according to how we see things!

To those who have been so kind to express an interest in Dad's condition repeatedly: He grows weaker continually, is unable to walk at all, and his mental alertness periods are much shorter and fewer. The doctor says "I'm just concerned about his old, tired, weak, and no-good heart".

Wildcat Staked, Oil Well Finaled In Terrell County

Texas Oil and Gas Corp. of Midland will attempt to reopen the Mesa Grande (Leonard gas) field of Terrell County with the staking of its No. 2 Allison, a 3,800-foot test 2,300 feet west of the depleted opener, 20 miles southeast of Sheffield.

Location is 2,250 feet from the south and 4,000 feet from the east lines of 8-A4-Mrs. A. Pride. Ground elevation is 2,546 feet.

The discovery, Humble Oil & Refining Co. No. 1 Allison, drilled to 11,324 feet, was plugged back and finaled on May 11, 1963, for a calculated open flow of 4.6 million cubic feet of gas per day through perforations at 3,393-387 feet. It became depleted in July 1967.

It was re-entered May 1 by Texas Oil & Gas to clean out and test at 3,550 feet and was abandoned June 1 at cleaned-out depth of 3,800 feet.

Pennsylvanian detrital oil production was opened in the Yucca Butte multipay gas field of Terrell County with the completion of Texas Oil & Gas Co., Midland, No. 1 Noelke-Smith, five miles southwest of Sheffield and 7/8-mile southeast of the current sixth Pennsylvanian detrital gas producer, to flow 43.3 barrels of 56 gravity oil with gas-oil ratio of 2,309-1.

Production was through a 16-64-inch choke and perforations at 8,348-411 feet which had been acidized with 7,500 gallons.

It was drilled to 8,910 feet where 4-1/2-inch casing was set and plugged back to 8,832 feet.

Location is 2,160 feet from south and 1,680 feet from east lines of 5-A2-TCRR.

The field, opened in Pecos County, also has one Ellenburger and two Connell gas producers.

Rain-Then Heat

Additional showers fell in Terrell County last week.

Though spotted and varying widely in benefits by measurement and placement, the showers cooled off areas hit.

Sanderson has received approximately two inches of moisture during the past two weeks.

The temperatures soared up near the 100 mark during the first days of this week and the last part of last week.

Three teachers were hired by the Terrell County Independent School District's Board of Trustees at their regular meeting Monday night.

Supt. C.B. Card reported that Mrs. Tommy Arthur had been hired as girls' physical education instructor in high school, junior high school girls' basketball coach, and high school girls' track coach. Tommy Gray has been hired as boys' basketball coach, B-team football coach, and tennis coach. Mrs. Gray has been hired as reading teacher under the Title I program.

Other action of the Board included acceptance of the resignation of Mrs. W.J. Morris, who has retired; approved participation in Title I program during the coming year, and considered the proposed budget for the coming year.

The Board voted to authorize bids for two tennis courts west of the existing courts, the bids to call for dirt work, construction of the courts, and fencing, according to Mr. Card.

Other bids to be called for by the Board include for the gasoline and service for the buses, diesel fuel, butane fuel, and milk for the elementary children.

Mrs. Gonzales Buried Monday

Funeral services were in El Buen Pastor Methodist Church Monday morning for Mrs. Manuela Ramirez Gonzales, 87, who died Friday morning in a San Angelo hospital where she had been taken by ambulance from Sanderson two weeks previously.

Her daughter Mrs. G.G. Esqueda, went with her and had remained with her, Mr. Esqueda joining her in San Angelo.

Rev. Amado Elias officiated at the rites and burial was in Santa Rita Cemetery.

She was born in Mexico and had lived in San Angelo for 17 years. She was visiting here when she became ill.

Besides Mrs. Esqueda, she is survived by three other daughters, Mrs. Ruth Gomez of San Antonio, Mrs. Ester Gonzalez of Houston, and Mrs. Hope Andrade of El Paso; two sons, Eliacim Gonzalez and Benjamin Gonzalez of San Angelo; also 45 grandchildren, and eight great-grandchildren.

Mr. and Mrs. Grover King, soon after their marriage "a long time ago". We thought the picture interesting because of the clothing worn by the Kings, the typical pose of the wife standing beside her husband, who was always seated, and the rug thrown on the ground for the picture. The Kings were residents of Terrell County prior to their death and the picture belongs to Mrs. Wilson Banner, whose late husband was a cousin of Mr. King.

Partin-Clifford Vows Read June 13

Miss Beth Clifford and Ernie Partin were united in marriage Tuesday, June 13, in the First United Methodist Church. Rev. Alber Peak, a former pastor here, now living in Grandfalls, directed the exchange of wedding vows in a double-ring ceremony.

The bride is the daughter of Mr. and Mrs. Ray Clifford. The bridegroom is the son of Mrs. Erma Grace Green of Silsbee and the late George E. Partin of Kirbyville.

Two vases filled with white and yellow carnations and greenery decorated the altar.

Mrs. T.J. Stewart played "Dream" for pre-nuptial music and also played the traditional wedding marches.

The bride entered on the arm of her father who gave her in marriage. Her semi-A-line gown was of white chiffon over taffeta with pearl-trimmed braid around the neck, the edge of the bell sleeves and the hemline. Her fingertip-length veil was attached to a coronet of flowers of lace and chiffon trimmed with pearls and rhinestones. With her Bible she carried an heirloom handkerchief, belonging to her great-grandmother. It had a linen center and hand-made lace formed each corner. Atop the Bible was a small bouquet of white carnations centered with an orchid.

Miss Vicki Randolph of Midland was the maid of honor and only attendant. She wore a yellow dress and carried a single yellow carnation with a long stem.

Glen Bob Hinkle was best man. Ushers were Randy Louwien and Marty Petty. A reception in the fellow-

ship hall of the church followed the wedding. An antique white pineapple lace circle was on the table where Miss Cindy Montgomery of Midland presided at the bride's book.

The bride's table, covered in a white net cloth over yellow, was centered with an arrangement of yellow and white carnations and yellow candles in a crystal bowl.

The bride's cake with the three tiers separated by colonnades, was decorated in white with a pair of shoes on the first layer, a small bouquet on the second, and a miniature bride and groom on the third. Golden punch was served with the cake, Misses Nancy Harkins, Rhonda Louwien, and Vicki Randolph, and Mrs. Mack Turner alternating at serving.

After a short wedding trip to Fort Davis, the couple returned to Sanderson for a few days before going to Beaumont to reside. He is employed there and she is attending a business college.
