## LISTEN TO LUKE

By Albert:---

Every once in a while something needs to be said. Every once in a while we take a notion to say something!

Every individual needs to ask himself this question every once in a while: What business out of Terrell County gives a darn about Terrell County except for the amount of money they can get from Terrell County residents?

The story has been told before, but it bears repeating!

Local schools, churches, the county government, and all of the boosting that is done for Terrell County and Sanderson are supported primarily by Terrell County residents. All of the votes that are cast for Terrell County officials, almost all of the support given to extra-curricular activities of the school, and support of the local churches almost entirely comes from our own people.

It is local people to whom local agencies, boards, governments look for support in their various projects. It is to local people, mainly, that most local people look for support, patronage, and also to help in the everyday activities of operation of all of our organizations' projects.

Some organization or group needs something, so they sell food, clothing, services, advertising, household commodities, or whatever -- to whom? -- to local people. Who else?

Businesses that want nothing but money out of Sanderson and Terrell County are contributing absolutely nothing back into our county's economy. The only reason for the on-going on our schools, churches, county government, organizations, and county residents, as far as they are concerned, is a source of income for them without the obligation of any local support.

Maybe this is the answer: The next time a business comes in here to sell something, or there is so great a savings by going out of town, ask that merchant to make a contribution to our churches, schools, and (not or) county, and to at least three of our local organizations! See if he goes for that!

It might depend, also, on how we look at it!

We took some visitors out to the Bann-An Catfish Farm recently. It was our second trip to that facility. If you have not been there, you should go just to see that there is that much water and that many fish in Terrell County.

Cy and Sandy Banner have done a tremendous amount of work in fixing things up. The picnic area is "just something else". Try it. You'll like it!

We get all kinds of mail! One received last weekend was signed so we read it and are publishing part of the content so that you my give us sympathy and maybe information.

The writer wanted us to furnish him answers to the following questions:

"Were there any Indians around Sanderson when the town was founded?"

"Are there any oldtimers around town who might have some information?"

"Were there ever any Indian attacks on the town? By which Indians?"

"About how old are the Indian mounds around town? Did the Indians live near the mounds?"

"If the Indians were around the town site long before there was a town then why did they congregate there; was it the site of an Indian village?"

We actually got a letter one time that asked for "a sample of Terrell County".

Regarding the above, be sure you are able to prove the fact that the Indians you accuse of having attacked the town actually did or you may be in trouble. Or maybe the writer just wanted to know if they were black-haired, red-skinned, brown-eyed, and the one with the noticeable limp on the left leg; also the one with the scar on his right little finger, and one particular hippie-type that wore his hair a little longer and with a peculiar twist in his braiding.

**Local Tax Funds Match Grant For S-O Kits**

Terrell County Commissioners Court recently approved a cash match of \$3,800.00 for acquiring crime scene search kits and other technical equipment. A \$11,400.00 grant to assist small rural police agencies was approved for the Permian Basin Regional Planning Commission last week by Governor Preston Smith.

Word received from the Permian Basin Regional Planning Commission is that none of the more than 35 separate police agencies has an adequate laboratory facility. Police officers located within the 24,000 square miles of the PBRPC are often required to drive round trip distances of 100 miles or more when investigating an offense.

The money will come from the Criminal Justice Council, which oversees statewide law enforcement planning and administers funds from the U.S. Department of Justice for crime control projects in Texas, and from the Terrell County coffers.

Participating agencies are sheriff's offices of Borden, Crane, Dawson, Martin, Midland, Terrell, and Upton Counties and police departments of Crane, Fort Stockton, Lamesa, McCamey, Midland, Monahans, and Odessa.

### Student Dress Code Same as Last Year

Superintendent C.B. Card announced this week that no changes were made in the school dress policy this year from last year. Students are expected to look neat, dress in good taste, and be clean. The guideline for boys is still: no hair over the ears, no hair over the collar, no hair below eye brow, and no sideburns below the ear lobe. For girls: may wear blue-jeans, slacks, and pant suits so long as they meet with the approval of the building principal and do not create a disturbance. No Bermuda shorts, as well as conventional shorts will be worn to school by boys or girls. School dress policy will be observed during registration.

### Absences Explained For Parents

Terrell County Independent School District issues three types of excuses for absences, according to Supt. C.B. Card. They are:  
Excused makeup - given for the following reasons - personal sickness, sickness or death in the family, quarantine, severe storm which makes travel dangerous, unusual causes acceptable to school authorities. Excuses to be in writing and signed by parent or guardian.  
Unexcused - given when a student deliberately misses school and/or fails to bring an excuse or the parents fail to notify the school. Students will have three points deducted from each subject missed. Included in this category are taking children on out-of-town shopping trips, banking, etc., on school days.  
Absence Accounted For - this type of an excuse will be given when a parent takes the child from school for personal reasons. The teacher is not required to give any makeup. It is also recommended that the parent notify the school prior to the child's absence. Any work for the time missed must be done before the absence. This does not apply during six-week tests, when the student must be at school unless he is sick or an emergency exists. Hunting, fishing, etc., absences are not excused and will cost three points per subject per day.

### Joint VBS Ends Last Friday

Last Friday marked the close of the Daily Vacation Bible School sponsored jointly by the Presbyterian and Methodist Churches last week. The classes were in both churches and there was an enrollment of 30. Five evening classes were held for junior high pupils.

Mrs. Dudley Harrison was general superintendent of the school and she was assisted by Mrs. Jerry Wenmohs, Mrs. Irvin Robbins, Hanna Sullivan, Susi Robbins, and Mrs. Billy Golden in the kindergarten; Mrs. Richard White, Tana Clark and Sheryl Stewart in pre-school and grades 1 and 2; Mrs. Harrison, Marsha Monroe, Maie Harrison, in grades 3 and 4; Mrs. Eddie Hanson and Mrs. Roland McDonald in grades 5 and 6; Rev. White was assisted by Miss Candace Cooksey in the classes for junior high school students which were in the Presbyterian Church.

Refreshments of punch and cookies were provided by the women of both churches with Mrs. Bert Bell as refreshments chairman.

### \$20-Million Need Foreseen By Some In Texas Taxes

According to information received from the Texas Press Association this week, James McGrew, Texas Research League director, told the Texas House Revenue and Taxation Committee that spending from general revenue and other key state funds will jump \$700 million over the present level next biennium. But he figured an additional \$375-million to \$400-million in revenue is anticipated from present "growth" taxes, and a \$100-million federal welfare windfall is foreseeable.

McGrew advised the committee that they may be looking at a \$200-million money shortage for the next biennium when it reports next year.

Governor Preston Smith strongly disagreed with McGrew's forecast and said there was a strong possibility no new taxes at all will be needed next year, according to the TPA story.

### Tower Supports Screwworm Fund

Senator John Tower last week supported programs for screwworm eradication, insect control, foreign meat inspection, rural electrification and rural environmental assistance, and opposed a reduction in farm payment limitations, as the Senate considered this year's Agricultural Appropriations Bill.

Tower stressed approval of the committee-recommended increase of \$3,116,000.00 in the screwworm control program. "The outbreak of screwworms in Texas this year, one of the more severe ever recorded, could possibly have been contained with proper funding. Further, it is an indication of what can happen next year. This additional funding and the prospect of a cooperative program with Mexico now being negotiated, should be effective in preventing the costly losses which occurred in Texas this year."

Mrs. Sandra Gokey and daughter, Charlotte, of Livingston were weekend visitors with Mr. and Mrs. Tommy Arthur.

Wayland Taliaferro was taken to a Fort Stockton hospital Sunday for a check-up and remained for examination.

Joe Chandler is in an Odessa hospital for treatment following a heart attack, according to information received by friends. He and Mrs. Chandler were in Odessa on business when he became ill.

"Section 2. (a) When the legislature convenes in regular session in January, 1973, it shall provide by concurrent resolution for the establishment of a constitutional revision commission. The legislature shall appropriate money to provide an adequate staff, office space, equipment, and supplies for the commission.

"(b) The commission shall study the need for constitutional change and shall report its recommendations to the members of the legislature not later than November 1, 1973.

"(c) The members of the 63rd Legislature shall be convened as a constitutional convention at noon on the second Tuesday in January, 1974.
